IN THIS ISSUE:

Washington's printers' strike continued as this issue started to press. Again, a magazine is printed by hand. While most of the body type was set by Linotype some of the headlines are Variotype. Full editorial coverage of the week's news is provided as usual. The strike was settled last Wednesday night. Next week's issue will be produced under normal conditions. Thanks to all of you for bearing with us.

RESULTS!
CONTINENTAL BAKING COMPANY DOES A COMPLETE JOB...

From New York to California and from Minnesota to Louisiana the great modern bakeries of the Continental Baking Company each day turn out millions of loaves of Wonder Bread and Hostess Cup Cakes. The combination of skilled bakers and quality ingredients has resulted in leadership for Continental Baking Company—its two fine products are favorites in far more American homes than any other brand of bread or cup cakes.

Skill and experience have brought leadership to another fine firm—the Havens & Martin, Inc. Stations. Virginians in the rich markets around Richmond have long proven their favoritism for WTVR, WMBG and WCOD—they're a loyal audience and they're a responsive audience. What more could an advertiser ask?

WMBG AM WCOD FM WTVR TV

Havens & Martin Inc. Stations are the only complete broadcasting institution in Richmond. Pioneer NBC outlets for Virginia's first market. WTVR represented nationally by Blair TV, Inc. WMBG represented nationally by The Bolling Co.
You can’t play basketball with a cannon ball . . . .

. . . NOR CAN YOU SELL ERIE, PA. WITHOUT WICU-TV
CHANNEL 12

WHO ever heard of a cannon ball being substituted for a basketball — Foolish eh? Same as trying to sell Erie, one of the nation’s top test markets, without WICU-TV! Some 200,000 TV sets in this rich area watch Channel 12 only. WICU-TV carries all four networks.
IOWA PEOPLE
Work-Play-Live
BY RADIO!

Iowa Radio Users Spend More Than Twice
As Much Time With Radio As With All Other Media Combined!

Gag-writers' humor to the contrary, we all know that the American housewife is a very hard-working individual. Much as she might like it, there's relatively little time for "chaise longues, bonbons and novels" (or for television, magazines and newspapers). What a plus this is for advertisers who use radio!

The 1952 Iowa Radio-Television Audience Survey shows that Iowa women use radio 44.6% of all the weekday time they are "at home and awake". 48.8% of this time they are also "working in the home"—cooking, washing dishes, etc., etc. They average 5.75 hours per day listening, as compared with 1.56 hours watching TV, thirty-four minutes reading newspapers, and twenty-three minutes reading magazines!

WHO is the favorite radio station in Iowa — is "heard regularly" by 68.5% of all Iowa families, as compared with 31.9% for Station "B".

Write for your copy of the Survey, today. It's one of the industry's most highly-respected audience analyses. You will find it intensely interesting.

WHO
+ for Iowa PLUS +
Des Moines . . . 50,000 Watts
Col. B. J. Palmer, President
P. A. Loyet, Resident Manager
FREE & PETERS, INC.
National Representatives
WHENEVER FCC is ready to name its new secretary, T. J. Slowie, Democratic incumbent in that office since April 1937, will step out.

That much has been conveyed to Chairman Rosel H. Hyde. Still no decision on successor but front runner is Col. William B. Campbell, veteran communications executive now on active duty with Signal Corps.

FIRST GLIMPSE of what color TV equipment they will need for color-casting will be afforded TV station operators and CP holders by list now being prepared by engineering products division of RCA Victor. Expectation is it will be mailed this week. Although prices may be omitted for present best guess is average station must spend around $15,000 [B&T, June 1].

PROJECTED Radio and TV Rating Methods Study of Advertising Research Foundation may be called off unless $10,000 contribution is forthcoming from telecasters. NARTB TV Board twice has deferred action on pitch for contribution made by Ed Kobak, ARF president and also member of NARTB Radio Board. BAB has pledged $15,000 contingent upon TV contribution of $10,000, with balance of cost from ARF.

PORTENTS of another broadside against FCC by Wisconsin's militant Sen. McCarthy are seen as result of Commission action last week gadgeting Broadcasters (WOKY) vhf Ch. 19 in Milwaukee. Previously, same group comprising Berne brothers, had been granted Ch. 33 in Madison. They're on McCarthy's list and his staff investigators already have been on job.

THERE'S a fuss in some Capitol Hill quarters over letters received from few broadcasters who reportedly disagree with NARTB's statement against Sen. Johnson's baseball bill. Letters, said to favor such legislation, will be released soon along with baseball hearing record.

VIVID example of how new FCC TV expediting procedure works given in grants last week to KCMI Kansas City (Ch. 5) and Capper's WIBB Topeka (Ch. 13). Both were slated for hearing because of competing application of KCKN Kansas City, Kan. for Ch. 5 and KJAY Topeka for Ch. 13. KJAY got off WIBB's back through reimbursement of out-of-pocket expenses to owner S. H. Patterson. Thereafter Capper's KCKN dismissed its application for Ch. 5. That paved way for quick action, which came without advance notice.

TO ANSWER ad placed by CBS-TV claiming seven-way leadership, NBC has prepared six-page bulletin of "facts vs. fancies" slated for affiliates this week. It accuses CBS-TV of "violation of one of the basic principles of responsible media advertising" for not showing source of six of ad's seven claims; contends NBC actually is ahead on five of seven points; says of other two that CBS-TV's claim of more sponsored time will be met by NBC-TV expansion of daytime schedule, and that while CBS-TV's April gross billings exceeded NBC-TV's, this lead was only by 3.2% and "we have every reason to believe that NBC will be in the No. 1 spot in gross billings in May and again in June."

WHILE fall plans have not been revealed, Greyhound Bus Lines will spend at least $900,000 on television this year—sharp increase since 1951 when it siphoned $250,000 into spot. Greyhound also has been one of multiple sponsors of CBS-TV's Omnibus.

TO GET fresh approach, Commission's newest member, John C. Doerffer, has been assigned by Chairman Rosel H. Hyde to announce Commission procedures. Among projects Mr. Doerffer is studying is one whereby city priorities in TV would be calculated on mathematical formula, taking into account existing service, fringe service from outside stations, population and similar weighted factors.

LEADING contender for manager of engineering, NARTB, to succeed Neal McNaughten, is A. Prose Walker, veteran FCC engineer, now assigned to Stewart Air Force Base, Newburgh, N. Y. in charge of area Conelrad project. Mr. McNaughten left June 1 to join RCA as administrative head of broadcast market planning section of Engineering Products Dept.

FULL FCC met with 11 of 12 hearing examiners in off-record session 10 days ago to prod them on speed-up drive in TV. They were told to cut-to-bone on testimony and on their initial decisions. Theme was to "get tough" with lawyers and witnesses who persist in padding records with unnecessary and inconsequential stuff.

NAME of Samuel Rosenbaum, trustee of AFM Music Fund and former president of WFIIL Philadelphia, cropped up at Vitapix Corp. board meeting last week. Evidently some Vitapix officers have conferred informally with him relative to firm's cooperative TV station owner plan.

IN THIS ISSUE

LEAD STORY

In its first direct action against an alleged "strike" TV application, FCC asks Arkansas TV Co. to justify its application for vhf Ch. 7 at Pine Bluff. After investigating claim, the firm seeks to delay decision of TV others. Piedmont Radio Co.'s bid for vhf Ch. 17 at Spartanburg, S. C., comes under second FCC investigation. Page 35.

ADVERTISERS & AGENCIES

As network TV station clearances become an ever-growing problem, TV agencies are turning to regional and spot film shows. Six advertisers reveal regional film plans during week. Page 36.

FILM

Vitapix Corp. breeze ahead with plans to produce film to owning stations in 40 markets with an exploratory meeting in Chicago at which three more directors are elected, an executive committee named to make policy and a vice president added. Page 38.

GOVERNMENT

FCC's new hurry-up policy in making TV channel grants to sole surviving applicants slides into high gear as eight grants are made during week. Six are to applicants whose competitors have withdrawn. Highlight is second vhf grant in Kansas City, to KCMO. Page 43.

In a TV version of FDR's radio fireside chats, President Eisenhower reports informally to the nation on 22 weeks of GOP rule. Flanked by four Cabinet members and backed by agency staging know-how, the President employs a simulcast to reach 50 million TV viewers and a large radio audience. Page 44.

STATIONS

Five more TV stations go on the air to bring total post-freeze starters to 70. Page 46.

NETWORKS

Although solid old radio still outdistances newcomer TV, the television age's first British Coronation sees NBC-TV and CBS-TV trumping for "bras" in getting BBC films of the event to the U. S. While the favorites jockey for position, darkhorse ABC-TV makes it a dead heat by taking a "fect" from CBC in Montreal. Page 56.

ABC, in Chicago and New York shifts, moves John H. Mitchell from WBKB (TV) to ABC vice presidency at WABC-TV as Paul Mowrey resigns from the latter and John Norton Jr. quits ABC's Central Div. James Storton, Don Roberts and Sterling Quinn make up move. Page 60.

UPCOMING

June 11-12: Kentucky Broadcasters Assn., Seelbach Hotel, Louisville.

June 14-17: Advertising Federation of America Convention, Hotel Statler, Cleveland.

June 15-18: RTMA Convention, Chicago.

June 8, 1953 Page 5
Like pork goes with beans

That's the way successful advertising goes with W-I-T-H in Baltimore! And how the local merchants do know it! W-I-T-H regularly carries the advertising of twice as many of them as any other station in town.

Here's why: W-I-T-H delivers more listeners-per-dollar than any other radio or TV station in Baltimore. And this BIG audience, at such LOW rates, produces low-cost results!

W-I-T-H can do it for you too. Get in on this natural combination—low-cost, resultful advertising and W-I-T-H. Your Forjoe man will give you all the details.

IN BALTIMORE

TOM TINSLEY, PRESIDENT  •  REPRESENTED BY FORJOE AND COMPANY
Excess Profits Tax Relief
To Be Urged at Hearing

COMPLAINT of TV stations covering inequities in Revenue Bureau rules applying to excess profits tax relief legislation enacted last year will be made Friday by special NARTB tax committee spokesmen at hearing before House Ways & Means Committee. Rep. Daniel A. Reed (R-N.Y.) is committee chairman.

Part of new regulations announced Thursday with more to come. Lovell Parker, legislative consultant to NARTB committee, to appear before Ways & Means group, which is conducting inquiry into excess profits tax.

NARTB's tax group met Thursday to consider problem, members feeling new regulations do not carry out intent of relief legislation. Among those attending meeting were Dwight W. Martin, General Teleradio, chairman; Mr. Parker; Earl S. Gammons, Meric Jones, Kenneth Hoehn, A. S. Padgett, CBS; Randolph Peterson, CBS and General Electric Co.; John H. Poole, Storer Broadcasting Co.; George Wheeler, NBC; Vernon Wilkinson and Harry J. Wright, ABC; Peter King, WTMI-TV Milwaukee; Thad H. Brown Jr., NARTB.

Meanwhile some major advertising agencies are working to be included under television broadcasters' provision of 1951 Revenue Act. They claim they spent substantial amounts working up TV programs during 1946-49 base year and should be given relief to better their EPT base credit. Topic came up at meeting two weeks ago of Joint Senate-House Tax Committee at a closed session.

Radio-TV Habits on Farm Shown in Meredith Study

SURVEY of its 100-farm family consumer panel by Successful Farming (Meredith Pub. Co.) shows: No more than 14.8% are TV viewers in any one quarter-hour; I Love Lucy, top-rated program, viewed by 14.9% of families in fortnight test: maximum viewing between 8-9 p.m., with Wednesday best day; not over 47% of families listen to radio during any quarter-hour; Arthur Godfrey, top-rated radio program, heard by only 27.8% during fortnight; maximum listening between 6-7 p.m.

Meredith Pub. Co. operates WOW-AM-TV Omaha; WHEN (TV) Syracuse and KPHO-AM-TV Phoenix, Ariz. Survey conducted last December.

Analysis of survey findings shows TV ownership of 22% in October, 1952, with one of four TV owners using booster; average ownership period was 18 months; four of 10 families live over 50 miles from nearest TV station.

Radio listening ranges from 2.5 hours on Sunday to 4.5 hours on Monday, according to survey. With 22% TV ownership, survey shows 16% to 19% of panel families watch TV every evening. Hours of listening range from 2.9 on Tuesday to 3.5 on Sunday.

CBS-TV Spot Sales Changes

SERIES of promotions among personnel of CBS-TV Spot Sales being announced today (Monday) by General Sales Manager Sam Broadcaster. Includes advertisement by the following for the upcoming period:

-これがというエピソードは、 Broadway TV によって制作されたものです。
-このラジオ番組は、ABCによって制作されたものです。
-このニュース番組は、NBCによって制作されたものです。

Printers' Strike Ends
After 2 1/2 Tough Weeks

The printers' strike is over. It has ended with both sides agreeing to continue their efforts to reach a settlement.

The strike was called on June 3, 1953, after negotiations broke down. Both sides have made several offers, including a proposal by the printers for a new contract.

WHEELER MAY MOVE - Clinton Wheeler, director of radio and television for Hewitt, Ogilvy & Mather, N. Y., expects to return shortly to join Poyson & Eckhardt, N. Y., in executive capacity.

SPOT CAMPAIGN - Simoniz Hilite, Chicago, through Sullivan, Stauffer, Colwell & Bayles, N. Y., preparing eight-week spot announcement campaign starting June 15 in about 75 radio markets.

RECOMMEND NEWS FOR GULF - Young & Rubicam, N. Y., agency for Gulf Oil, will recommend that client buy news programs in radio to replace Counterspy on NBC radio. Counterspy goes off air at end of this season.

BARCLAY-GRAZ CAMPAIGN - Barclay-Grant, N. Y. (sewing kits and other products), planning radio campaign using spot announcements and ten-minute segments of shows, effective after Labor Day. Product is mail-order account and expects to use about 35 markets. Agency: H. W. Fairfax, N. Y.

ALL-STAR FOR GILLETTE - Gillette Co., Boston, will sponsor 1953 All-Star baseball game from Cincinnati, July 14 over MBS, starting at 2:15 p.m. EDT, as another of Gillette Cavalcade of Sports features. Agency: Maxon Inc., N. Y.
WAGA is FIRST in out-of-home Listening in Atlanta*

WAGA has more out-of-home listeners day and night, seven days a week than any other station.

Of the 72 quarter-hour periods 6 a.m. to midnight Monday through Friday WAGA had 40 firsts, station “A” 8 firsts, station “B” 8 firsts, station “C” 2 firsts and station “D” one first. There were 13 ties.

Out-of-home or in-the-home, WAGA gives you more listeners per dollar than any other Atlanta station.

*According to the Pulse of Atlanta survey of out-of-home listening, February, 1953.

Light and lively music, baseball, Perry’s kitchen with menus and recipes emphasizing outdoor living — when the first warm days roll around WAGA listeners will find our programs designed for summertime listening and living.

Alert advertisers who want to keep summer sales high will take advantage of this special summertime programming.
PEACE ALERT

IMMINENCE of peace in Korea over weekend led radio networks Friday to alert news correspondents in Far East and U. S., and television networks to prepare special background film programming. ABC-TV said it was sending special film unit to Panmunjom.

PEACE ALERT

Merchandising Analysis Planned by BAB

BAB is planning "first detailed analysis of concept and function of merchandising as it relates to radio advertising." BAB President William B. Ryan revealed in Philadelphia Thursday at 10th in series of 44 area sales clinics. Mr. Ryan said subject will be surveyed by BAB with plans committee, advisory to BAB president, with view toward ascertaining "reasonable" definition of merchandising in radio and determining yardsticks which local stations can use in measuring need and method of merchandising for advertisers. He added that he "personally" recommended merchandising service be offered to radio stations only when station gains "definite" promotion at some time, or when scheme is tied to specific sale of station.

Changes in Film Pact

TV Film commercial contract includes new clauses agreed on since Screen Actors Guild-Film Producers Assn. of New York pact was adopted in March, John Wheeler, FFA general counsel, told National Television Film Council at New York luncheon. Additions agreed on, he said, include right by producer to edit commercial to smaller length with another soundtrack track at no additional re-use payment; right of arbitration reserved for producers and SAG only and not for actors as was original pact; right by producers to use commercials for four seasons rather than one year or 18 months; right to use program commercial 13 weeks out of 17-week period, instead of strictly 13-week period, in event stations cannot be cleared.

Hearing on Information Plan

HEARING on President's plan to create U. S. Information Agency which includes Voice of America can be expected to be held by House Government Operations Committee as result of actions taken late in week by committee's chairman, Clare E. Hoffman (R-Mich.). Rep. Hoffman was introducing resolutions to disapprove all reorganization plans to ensure hearings early within 60-day period during which Congress must take negative action to veto them, otherwise approval is automatic (see early story this issue).

KiWW Representative

NATIONAL Time Sales has been appointed national representative for KiWW San Antonio, which is said to broadcast exclusively in Spanish to some 300,000 Spanish-speaking persons in Bexar and adjoining counties.

LOUIS HAUSMAN, administrative vice president of CBS Radio until his transfer to CBS-Columbia Inc., as vice president in May (B+T, May 18), last week elected to board of directors of CBS-Columbia, radio-TV set manufacturing subsidiary of CBS.

LEE WHITE, Procter & Gamble account supervisor for the Blow Co., N. Y., has been named vice president of agency.

JOHN K. CHURCHILL, A. C. Nielsen Co. vice president, appointed assistant to president.

HAZEL MARKEL, MBS women's news commentator, elected president of Women's National Press Club for 1953-54.

Private services were to be held in New York Saturday for LARRY NIXON, 57, public relations director of Hewitt, Ogilvy, Benson & Mather, who died Wednesday at his home in New York following heart attack.

DAVID WEAR, production assistant and story editor of Heeb Shinner Show and previously head of programming department at William Morris Agency on West Coast, to Ely Landau Inc., N. Y., TV film producers, as director story department.

Ike Simulcast Brings Praise and Criticism

SIMULCAST of President Eisenhower and four Cabinet members Wednesday (see early story) drew widespread newspaper comment on this innovation in government-citizen relations. While most columnists commented format effective, some pointed to what they considered obvious flaws. Here are excerpts:

Washington Post—"The innovation may turn out to be as epoch-making in its way as the inauguration of the Roosevelt fireside chats 20 years ago . . . . What the Administration must guard against is any inclination to use TV merely to popularize the superficial."

Harold E. Fellers, NARTB president (in telegram)—"Your expert use of broadcast facilities . . . has ushered in a new era of enlightenment."

New York Times—"Not because of its content but because of its method, this was a historic occasion." . . . The procedure "leads to a new technique of winning consent."

David Lawrence—"As a novelty it was interesting—as a regular technique, it raises doubts. . . . The concept of TV seemed to be that it was a means of creating a virtual impression of a favorable nature rather than a medium for disseminating complete information on political issues."

Wall Street Journal—"He and his team told us what they were trying to do."

Marquis Childs—"There are hazards in presenting serious issues wrapped up in professional production. The tendency is always to oversimplify. . . ."

New York Herald-Tribune—"Because it carried vividly the impression which the people already sensed to be true, this unprecedented broadcast was a success. . . . As a way of conveying the atmosphere of the White House by getting the highest officials into closer contact with the people, it has, however, genuine usefulness."

Sen. Wrayt Morse (Ind.-Ore.—"I've seen better vaudeville shows."

Sen. Paul H. Douglas (D-IIL)—"A very interesting and effective innovation."

LeVertt Saltonstall (R-Mass)—"Excellently rehearsed and carried out."

Telegrams from public were "virtually unanimous in praise," according to James C. Haggerty, Presidential press radio secretary.

June 8, 1953  Page 9
On July 1st 1933, we started as national sales representatives of WCSH, the 5000 watt NBC outlet for Portland, Maine. These have been 20 happy and profitable years selling WCSH, Maine's first and leading station. WCSH, we are proud to serve you.
at deadline

WPTZ (TV) Seeks Power Boost; Other FCC Actions

WPTZ (TV) Philadelphia, whose purchase from Philip Westinghouse Radio Sta-
tions Inc. for $85,3 million was approved by FCC forthnight ago (B&T, June 1), filed application for increase in ERP from 16 kw visual and 8 kw audio to 100 kw visual and 50 kw audio. New RCA 6-bay antenna would be installed, with present 3-bay antenna being used on emergency basis at mid-point of tower pending completion of modifications.

Recommend Worcester Grant

SECOND initial decision to stem from FCC's new policy to retain survivor TV applicants in hearing status when competitors withdraw, was issued Friday by Examiner William G. Butts, recommending grant of uhf Ch. 14 at Worcester, Mass., to Salisbury Broadcasting Corp., headed by comb manufacturer William B. Smith. Initial decision made possible by dismissal of WNEB bid. Earlier in week, ini-
tial decision was issued to grant uhf Ch. 62 at Evansville, Ind., to Premier TV Inc. also sole survivor there (see early story).

WSAL Seeks Channel 10

WSAL Logansport, Ind., late Friday or today (Monday) was to petition FCC to allocate uhf Ch. 10 thereby removing it from Terre Haute. WSAL would swap Ch. 10 for Ch. 7 at Evans-
ville, putting Ch. 7 at Sullivan, 24 miles from Terre Haute. WSAL also proposes additional uhf channel for Terre Haute.

WHIS Bluefield, W. Va., petitioned FCC to amend TV rules to allocate uhf Ch. 6 to Blue-
field, subject of Ch. 4 for Ch. 6 at Beckley (see early story).

WTTC Petitions Waiver

WTTC Savannah, Ga., petitioned for waiver of proposed findings and requested immediate grant of its application for uhf Ch. 11. FCC earlier in week approved dismissal of comp-
petitive bid of Martin & Minard and directed that WTTC's application be retained in hearing status.

Cascade TV Co. Denied

Commission affirmed ruling of Examiner Elizabeth C. Smith to deny petition of Cascade TV Co. for amendment of its uhf Ch. 8 ap-
plication at Portland, Ore., after hearing com-
mented. Lack of good cause for amendment was cited. Ch. 8 contest also includes bids of KEX, Phiblvd TV Inc. and North Pacific TV Inc.

Record closed Friday in uhf Ch. 10 hearing for Sacramento, Calif. Proposed findings due July 20. Contestants: KFBK and Sacramento Telecasters Inc.

Two Channels in Conflict

Two TV channels went into conflict last week with late filings of new applications, uhf Ch. 12 at Winston-Salem, N. C., and uhf Ch. 34 at Goldsboro, N. C.

WAAA Winston-Salem filed for Ch. 12, going into competition with bid of Triangle Broadcasting Corp. owned by WJSJ Triangle

RESIST CHANGE

HELP in resisting requests to change edu-
cational reservation to commercial status voted last Wednesday by board of Joint Committee on Educa-
tional Television, in Washington. Board will lend assistance to any educational in-
stitution where channel reservation may be in question. Action taken since FCC
was issued two petitions asking changes in TV table of allocations.

JCTC board also wrote letter thanking NARTB President Harold E. Petlow for broadcasters aid in getting educa-
tional TV stations on air, referring to gift of Storer Broadcasting Co. (B&T, May 18) and others.

Educational TV grants have been made to 17 applicants; there are 30 still pending. Only educational station on air is KUTV (TV) Houston.

was freed of conflict a few days earlier with dis-

Missal of Ch. 12 application by Mary Pickford Rogers, latter gaining option for one-third interest in Triangle (B&T, June 1).

WGBR Goldsboro entered into competition for Ch. 34, application for which has been pendng by Goldsboro TV Corp., headed by New York investment executive Albin May. Other new TV applications included:

Buffalo, N. Y., for Ch. 2, haded by retail furniture merchant Arthur Victor Jr. and five other Buffalo businessmen. Other Ch. 2 bid pending would WGR Buffalo and WHDL Niagara Falls.

Chicago, Ill.—Chicago Educational Tele-
vision Assn., reserved uhf Ch. 11. Million dol-
lar fund drive is underway. Directors of ap-
plications included Leonard R. Lohr, president of NBC from 1936-1940, now head of Chicago Museum of Science & Industry.

Dorothy, Mich.—Detroit Educational Tele-
vision Foundation, reserved uhf Ch. 36.

In moves to strengthen competitive positions, two Seattle TV applicants amended their bids to request other facilities. KJR gave up Ch. 7 contest to enter competition with KMO for Ch. 4. KIRO amended from Ch. 4 to enter Ch. 7 contest with KVI and KKA.

Record Closed on Lancaster Contest

Record was closed late Thursday in contest for uhf Ch. 8 at Lancaster, Pa., as Examiner J. D. Bond, upon motion of FCC and WAGL-
TV counsel, declared competitive application of WLAN to be in default for failure to have complete case prepared and not sufficient good cause for further continuance. WLAN has bat	
led WAGL-TV for Ch. 8 since last year. WAGL-TV has been on Ch. 8 conditionally pending outcome of comparative hearings. WLAN presented engineering evidence, includ-
ing alleged overlap of Steinman AM. FM and TV stations. but failed to present lay testimony.

Austln Loses Two Uhfs

Deletion of two uhf stations at Austin, Tex., reported by FCC Friday. They are Charles Henry Coffeld's KCTV (TV) on Ch. 18 and Tom Porter's KTVA (TV) on Ch. 24 (B&T, May 25). Post-war deletions now total five, others being KGGK-TV San Angelo, Tex., uhf Ch. 3; Jacob A. Newborn Jr.'s WTVS (TV) Gadsden, Ala., on uhf Ch. 21, and Permian Basin TV Co.'s KMID-TV Midland, Tex., on uhf Ch. 2.

Scope of Protest Enlarged

Scope of protest hearing on Versuiss Radio & TV Inc.'s uhf Ch. 35 grant at Muskegon, Mich., was enlarged by FCC Friday in order granting appeal of WGRD Grand Rapids, protest-
tant, from ex-mon's interpretation of issues. FCC amended hearing order to include following issues: To determine if use of Ch. 35 as proposed by Versuiss meets needs and interests of communities "which might be served by a fair and efficient use of Ch. 35 as contemplated by the Commission's TV as-

Assignment table," whether proposed TV station is to be located "in fact at Muskegon," and whether program service proposed is primarily for Muskegon or Grand Rapids. Burden of proof rests with WGRD, FCC said.

In another protest case, that of KICU (TV) (uhf Ch. 28) Salinas, Calif., against uhf Ch. 8 share-time grants to KMBY Monterey and KSBS Salinas, FCC ordered oral argument "hearing" June 23 at Washington. Burden of proof rests with KICU (TV), FCC ruled.

Proposition for conditional pending outcome of comparative hearing was denied by FCC to WEOX Elery-Lorain, Ohio, contest for Ch. 31 there with UHF station. Hearing issues include inquiry into Journal's qualifications in light of past activities in viola-
tion of federal antitrust laws. FCC also dis-

misled request of Tri-State Telecasting Corp. for conditional grant on uhf Ch. 12 at Chat-
tanooga pending outcome of comparative hear-
ing with Southern TV Inc. and WDEF.

U. S.-Mexico Allocation Agreement

TV allocation agreement between U. S. and Mexico, as revised June 1952 and covering vhf channels, issued by FCC Friday. ERP on Chs. 2-6 100 kw; Chs. 7-13, 225 kw. Affects assignments 350 miles either side of border.

San Diego Without Applicant

San Diego, Calif., uhf Ch. 21 now without pending applicant as FCC Friday dismissed bid of Vista Broadcasting Co., owned by Robert and June Raisbeck, co-partners in Television Productions, Hollywood.

TV Target Dates

Of New Grantees

TWO of week's eight new TV grantees hope for Labor Day commencement while nearly all others plan starting dates later in fall.

Working for Sept. 1 starts are WEAR-TV Pensacola, Fla., uhf Ch. 3 grantee, and WOKY-
TV Milwaukee, assigned Ch. 19.

WTOK-TV Meridian, Miss., uhf Ch. 11, sets Sept. 27 target date. WACA-TV Camden, S. C., uhf Ch. 14, picks Nov. 1. Planning commencement sometime in fall are KCMO-
TV Kansas City, uhf Ch. 5; WIBW-TV Topeka, Kan., uhf Ch. 13; WJHP-TVJacksonville, Fla., uhf Ch. 36. WTRC-TV Elkhart, Ind., uhf Ch. 52, expects to get on air within year.

WBTW (TV) Increases Power

MAXIMUM power of 100 kw placed in opera-
tion Friday evening by WBTW (TV) Charlotte, N. C. Switch as Spruce Mountain transmitter scheduled during Easo Reporter program.

Charles H. Crutschfeld, WBTW general man-
ger, said power increase project, including RCA gear, involves investment of $125,000.

June 8, 1953 Page 11
KWFT-TV GOES ON THE AIR AS 100th CBS AFFILIATE

Wichita Falls, Texas, Station Opened March 1, 1953

Station KWFT-TV in Wichita Falls, Tex., became the 100th television station to join the CBS TV network when it went on the air March 1. Some hectic events were involved in getting this station on the air by its scheduled deadline.

A construction permit was received by Station KWFT-TV on Jan. 22. Eleven days later General Electric had sent 90% of the station’s necessary equipment in one shipment. Remaining pieces were expressed or air freighted subsequently. The station’s personnel installed the transmitter, control, film gear, and studio camera in a building previously used as an FM transmitter building. In the interest of speed, they had fabricated a 100 ft. oil pipe tower to support a one-bay, Channel 6 antenna.

The equipment was ready to operate within three weeks but at that point it was determined a diplexer was required. Following General Electric’s reputation for “extra effort,” orders were then issued to hand fabricate one when it was determined such a unit could not be obtained through normal production channels. After a series of hopes by truck, plane and car—and after being delayed by bad weather conditions—the diplexer arrived.

One hour after its arrival in Wichita Falls, Station KWFT-TV was on the air with a test pattern. KWFT had set March 1 as their on-the-air date. The station kept to this schedule and the entire inaugural program was carried out. G-E field engineers, Sam Peasch and Richard Tullius were largely responsible for making certain the General Electric equipment operated according to specifications.

Kenyon Brown, owner, of the Wichita Falls TV station, who also has ownership interests in KRTV, Little Rock, KMBY, Monterey, Cal., KGLC, Miami, Oklahoma, and KZTV, Reno, Nev., recently wrote to Jim Douglas, G-E sales rep in charge of the KWFT-TV equipment sale, “Now that KWFT-TV is successfully operating I would like to extend our sincere thanks for the ‘extra’ that you and General Electric Company put forth in our behalf. We appreciate the fine service received in making it possible for us to meet our on-air schedule. Do you realize that 38 days after receipt of C.P. we were on the air? This beat our own March 1 schedule by two days.”

...Jim, we are proud of our operation and are looking forward to expanding it as promptly as space is available. In the meantime, please consider us a most satisfied General Electric television equipment user.”

Mountain-top TV Installation Covers Altoona Market Area

WFBG-TV Installs G-E 12-Bay Antenna 980 Ft. Above Average Terrain

Up to the time when WFBG-TV made its debut, the city of Altoona borrowed fringe signal reception from Johnstown, Pa. Its populace thereby sampled television’s wonders and clamored all the more for a local broadcast outlet. WFBG-TV’s owners answered that demand on March 1, the new area’s station opening date.

G-E Equipment Transmitting Site on Mt. Wopsy

Equipment installation was particularly notable not for having established a construction time record or the solution of difficult engineering problems as much as for the orderly completion of all details without a single hitch in their plans. One of General Electric’s giant 12-bay VHF antennas was erected on the top of Mount Wopsy, 990 feet above average terrain, at a tower height of 174 feet. Near the mountain base a G-E 5-kilowatt transmitter powers the WFBG signal throughout Altoona’s market area.

Chief Engineer Spotlights Equipment Performance

George R. Burgoon, Chief Engineer at WFBG, said, after nearly three months of successful broadcasting: “The performance of our station equipment must be recognized as the main reason behind excellent reception reports that constantly come in to us.” WFBG-TV operates on Channel 10 and is a basic ABC affiliate.
Put your product on the map!
Trying to get your bearings on the Pacific Coast? The Coast's terrain—mountains, valleys and deserts—has naturally defined the habitable areas. Most of the 15,831,400 population is centered in the metropolitan areas or dispersed throughout the broad valleys and coastal plains.

Spread out as the people are, only RADIO can reach all of them at one time. Fact is, only Columbia Pacific—with its combination of strategically-located high-power stations balanced with moderate-power stations in the few compact markets—can blanket the entire populated area...city, suburban and rural alike!

And Columbia Pacific delivers more potential West Coast customers per average quarter hour than any other regional network on the Coast!

Let us map out a campaign for you that will sell your product up and down the Coast...WHEREVER the people are!

THE COLUMBIA PACIFIC RADIO NETWORK
Represented by CBS Radio Spot Sales
THANKS to television, the average American today knows more about the Coronation of a British monarch and the ceremony's historical and religious significance than he does about the Presidency of his own nation. Everyone who saw the Coronation films—and who didn't?—must have been impressed by the solemnity of the occasion. This reviewer, previously unacquainted with the procedures of crowning a queen, was surprised to find it so much a matter of church and state. The bishops continually reminding the new monarch that her power stems from God and pledging her to use it as He would have her do, pledges which had more direct purport in the days when a ruler literally held life and death power over his subjects.

The BBC films of the occasion could have been improved by better lighting and more close-ups, but considering the circumstances of their making they merit high praise for their success in capturing the events in the Abbey so successfully that they told the story with the aid of only a minimum of explanatory commentary from the BBC reporter.

Since BBC was the only broadcasting company allowed to place its cameras and microphones inside the Abbey, its coverage provided the heart of the presentations of the American networks.

ABC played it straight, taking the two-hour-and-ten-minute film in full from CBC in Montreal and sending it to U. S. viewers simultaneously with CBC's transmission in Canada. NBC and CBS edited their prints of the BBC films to shorter running times and added their own camera coverage of Coronation Day events outside the Abbey, the progress of the royal coach carrying Elizabeth and Philip past rain-soaked but cheering crowds from Buckingham Palace to the ceremony. etc.

NBC added footage taken after the Coronation of the royal family on the palace balcony, waving to the people below as a squadron of RAF planes flew in formation above.

Attempts of the motor sponsors of the CBS and NBC Coronation programs to integrate their commercials were more annoying than adroit. On CBS-TV Willys overdid shots of its cars in the London streets to prove how popular the Aero Willys is in England; General Motors, on NBC-TV, followed the Coronation scenes with the declaration that its products are the crowning glories of American industry.

NBC itself was guilty of bad showmanship in devoting too much footage to depicting the elaborate preparations it had made to get the Coronation pictures to the American public as soon as possible, continuing its self-back-patting long after the viewer at home had lost interest.

When speed is important and an ocean must be crossed, radio still has TV beat hands down. Bedside and breakfast table radios from 5:15 a.m. EDT on in the East, and still earlier across the land, brought American listeners the minute-by-minute account of what was going on in London, the vivid word-pictures of skilled radio reporters depicting the scene so well that TV was not even missed.

To American radio, then, our hearty tribute for the fine job of on-the-scene, at-the-moment reporting to which we have long been accustomed. To American TV, full credit for a full pictorial report delivered with incredible promptness.

A BIG GUN OF AMERICAN INDUSTRY

Emplaced on the towel rocks of the nation, the friendly firing piece of Cannon Mills symbolizes the national significance of the Carolina textile industry. Every fifth American textile mill is located in the Carolinas and Charlotte is the geographical center of the industry. It's an industry that's small-town but big-time — and a major reason why Charlotte — 73rd U. S. city, ranks in the nation's first 25 markets.зи

Jefferson Standard Broadcasting Company, Charlotte, N. C.

on all accounts

WILLIAM H. LEWIS JR., vice president, Benton & Bowles, New York, is a Harvard man who made the grade by first making the grades.

While still in college, in 1935, Mr. Lewis, on the basis of aptitude and scholarship, was selected by Lord & Thomas to serve that agency for a year as an apprentice writer. Surprisingly soon he was turning out professional radio and black-and-white copy, and in a short time was named assistant to Sheldon B. Coons, head of the Lord & Thomas New York office.

By the time he left L&T five years later he had advanced to the position of account executive on Cubs cereal for National Biscuit Co. and Rol-Tan cigars for the American Tobacco Co.

Next, Mr. Lewis moved to the Biow Co. as account executive, variously, for Hygrade Sylvania Corp., the Englander Co. and the printed portion of the Bulova watch account. He also was assistant to Milton Biow on Lava soap for Procter & Gamble.

One year later he joined Dancer-Fitzgerald-Sample, New York, where he served as account executive for several Whitehall Pharmacal products, and for various products of American Home.

In 1947 he accepted an offer from Kasior, Farrell, Chesley & Clifford as an account man on Drene shampoo for P&G.

When the account switched to Compton Adv., Mr. Lewis went along as account executive on Drene.

In 1950 he accepted a position with Harry B. Cohen Adv., as account executive for Fitch shampoo and Ennons chlorophyll tablets. And in 1951 he joined Benton & Bowles in his present capacity as account executive on Instant Maxwell House coffee.

Mr. Lewis has been married to the former Victoria Potter 15 years. They have two daughters, Evelyn Forbes, 13, and Victoria Ann, 11. The family lives in Lawrence, L.I., in a house which Mr. Lewis helped design, his hobbies being architectural planning and carpentry as well as swimming and tennis.

In Which Algy writes to ...

Mr. Kelly Taeger
McCann-Erickson, Inc.
Detroit, Michigan

Dere Kelly:

This here Summertime is sure good down here in th' beautiful hills. Whin folks is out drivin', they're usin' Chrysler fire power just like they hear all th' time on WCHS with 5,000 on 580. It sure gits them up th' hills in a hurry. We get heavy fire power here at WCHS for all of our advertisins 'cause we got more WVs. Listeners hear th' boss say th' advertisers is spendin' more money with WCHS this year then last and I know Fred Weber told you how in 1952 we was up 25.2% over 1951. Thet sure must mean our fire power is gettin' results for Chrysler as well as a whole lot of other folks. Fer a cool summer, come on down to WV on your vacation.

Yrs. fer more fire power, Algy

Centralized Control...
"tailored" switching and monitoring

TC-4A Control Console combines Audio-Video Switching with Transmitter Control—makes it possible to centralize all operations at one position

Now you can do all (or any desired part) of your audio-video switching right in your transmitter room...

And you do not have to take a fixed group of units to do it. You can have whatever group of audio and video facilities you need to fit your particular requirements. Moreover, you can add further audio and video facilities as needed.

You get this economy and flexibility by building your equipment layout around the new TC-4A Control Console. The TC-4A is a two-section unit containing basic switching facilities for handling up to 8 audio and 8 video signals (remote or local). It can fade to black and "program-switch" network, remote, film, and local studio signals. Up to twelve signals can be monitored including transmitter operation.

To this two-section unit you can add as many console sections (for "on-air" monitor, preview monitor, individual camera monitors) as you need to take care of your individual requirements. In this way you can build up a "centralized" control position from which one man can (if necessary) perform all operations.

Moreover, you do all of this with standard RCA units exactly like those used by the largest stations and the networks. Thus, if you decide later to expand to a multiple studio layout you can very easily rearrange these same units for that type of setup.

Remember...in TV it's good business to buy the best to begin with.
You catch 'em easier with RADIO, in Kentucky!

Take Louisville and Jefferson County, add about 20 surrounding counties and you've got the real sales heart of Kentucky — the Louisville Trading Area with 35.3% of the State's total retail sales!

5000-watt WAVE (with 5000-watt rates) covers the important Louisville Trading Area like a blanket, without waste. In addition to the Area's 313,700 radio homes, WAVE delivers tremendous extra audience that listens to the Area's 277,200 portable and car radios!

YOU NEED THE FETZER STATIONS TO “GO OVER”, IN WESTERN MICHIGAN!

TELEVISION: WKZO-TV, Channel 3, is the Official Basic CBS Television Outlet for Kalamazoo-Grand Rapids—America's 25th television market! There are more television homes in the WKZO-TV coverage area than there are in Houston, New Orleans, Seattle or Denver, which rank 14th, 16th, 19th and 25th respectively, in population. And how WKZO-TV dominates this two-billion-dollar market! March 1953 Videodex Report credits WKZO-TV with 140.7% more afternoon viewers than the next station—153.2% more evening viewers!

RADIO: The Fetzer Stations offer wonderful radio values, too — WKZO, Kalamazoo, and WJEF, Grand Rapids. The February 1952 Pulse shows WKZO gets more listeners — morning, noon and night — than all other stations combined! For Total Rated Time Periods (Feb.-Mar. 1952 Hoopers) WJEF gets 15.4% more listeners than its nearest competition. Use both WKZO and WJEF, and you get 62.6% more listeners than the next-best two-station combination in Kalamazoo and Grand Rapids — yet actually pay less money for the bargain!

Get the whole Fetzer radio and television story. Ask Avery-Knodel, or write direct.

Get the facts from BLAIR
whatever
Despite the frequent forecast of heavy weather, clear skies continue to prevail for radio advertisers—especially those using Mutual. After all, we’ve got 560 stations... and 413 of them keep our clients basking in the backyard of *Non-TV America*. (This, as you must know by now, is the 45-state market of 16,000,000 radio-only homes, where listeners prefer Mutual by 2 to 1.)

But *whatever* the weather in time to come, our unique radio dominance beyond reach of TV is only one umbrella in the PLUS stand. For the sure protection of anybody who wants to keep on doing business with the most people at the least cost, we’ve also got a patented, torrent-proof device for use in covering *TV-America* too.

Mutual alone applies a new, 50% discount to evening time costs for all affiliates in TV markets—and the same evening discount will apply in the future to all our stations within range of new TV towers, six months after telecasting begins.

Nowhere else in all advertising can you find all-weather insurance to match Mutual’s. So—*whatever your* barometer reading—the one place to keep your sales-powder dry is right here.
THE BUSINESS of broadcasting is considered by most of its prime movers to be a job for older men and many present day successes hail from the era of the crystal set. In this field of electronic economics, they will tell you, there is little chance for the "boy wonder."

But such a one, nevertheless, is David M. Segal, who went forth 12 years ago to slay this Goliathic myth. Today, at 29, he owns or controls six stations in Texas, Mississippi, Arkansas and Missouri and expects to have a seventh in operation by September.

Mr. Segal managed to restrain himself from entering his chosen trade until the age of 18, when in the spring of 1941 he joined the now-defunct KCRJ Jerome, Ariz., for $20 per week, as "announcer-program director-librarian-janitor-salesman." He had been born at Winnipeg, Man., July 10, 1928, moved with his family to Los Angeles in 1939 and stayed there through high school and one term in Los Angeles City College.

At KCRJ, Mr. Segal's pronouncement sketch relates, "was only man on board from 8 a.m.-6 p.m., six days per week." That fall he went to Albuquerque, N.M., and hired out to KGGM as program director and announcer, while attending the U. of New Mexico.

In January 1942 he entered the Army Signal Corps attached to the Air Corps, and remained until February 1944, "mostly in Florida." He forthwith headed for WCBT Roanoke Rapids, N.C., where he was announcer-program director until June 1944, when he became an announcer at KTHS Hot Springs, Ark.

In August, freshly 21, he took over as manager of WROX Clarksdale, Miss., and doubled the stations billing in 90 days.

Given $9,000 by his mother in the spring of 1946, Mr. Segal joined a WROX engineer, who had inherited $5,000 from his grandmother, filed for Texarkana, Tex. They were granted KTFS in seven weeks by the FCC. KTFS was on the air in November and a year later Mr. Segal bought out his partner's 30% for about $17,000.

Then Mr. Segal began building as follows: 1948, WGVM Greenville, Miss. (1 kw D 1260 kc); 1940, KDMS El Dorado, Ark. (1 kw D 1280 kc); May 1951, KDKD Clinton, Mo. (1 kw D 1280 kc); August 1951, KDAS Malvern, Ark. (1 kw D 1420 kc); May 1953, KUDL Kansas City, Mo. (1 kw D 1380 kw) [B.T, May 11]. In September he expects to go on the air with KOKO Warrensburg, Mo. (250 w 1450 kc).

Mr. Segal's stations, called the Cotton Belt group, are operated as independents and as separate corporations, with stress on news and on music, depending on locality. A bachelor, Mr. Segal oversees operations of his stations' local managers from headquarters at 1013 Baltimore Bldg, Kansas City.

Some Segal recipes for success: (1) Get good men and pay them well, working salesmen on percentage of gross volume, not individual sales (Mr. Segal gave key employees of KDAS 40% interest and they got back 100% of their investments in 12 months); (2) program for needs and wants of the community—not for prestige of owner or management ("no heavy classical music—the music-lover potential is too small—cater to the masses"); (3) do some promoting (he recently contracted with his agency to spend 20% of his gross income for exploitation), and (4) be a realist (when business needs "pumping up" at one of his stations he flies his four-place plane to the scene, "grabs a handful of rate cards and gets out on the street").
Day after day ... Week after week ... Month after month ... Year after year ...

Help for Bookkeepers

EDITOR:
I read with interest your article in the issue of May 11 entitled "Bookkeeping—Key to Better Management".

As you probably know, the radio and television industry is sadly lacking in aids, be they books, pamphlets, or articles, for the accountant. As a result, every bookkeeper or accountant has to go into the business "cold."...

So this "pencil-pusher" thanks you. If you have any reprint of this article, I would certainly appreciate a couple of copies.

B. M. Files Jr.
Comptroller
WSLI Jackson, Miss.

'GRANDMA' ON TOUR

EDITOR:
... I am leaving Brownsville, Tex. ... on June first to take a trip with "Grandma", a home made houseboat, propelled by 25 h.p. Johnson outboard motors... for what is believed to be "the longest cruise ever attempted with outboard power; the longest cruise ever attempted in a houseboat, and the first pleasure cruise from the southmost tip of the continental United States to New York." If completed as planned, the cruise will cover approximately 3500 miles (from New York to England is only 3,080 miles) along the Intercoastal Waterway, touching nine States...

... I intend to make stopovers in each City along the route and invite the public aboard (no charge) to inspect this unusual craft. ... I expect some of the boys at the stations along this route may want some news about the trip... tell the boys along the coast, in Texas, Louisiana, Mississippi, Alabama, Florida, Georgia, North and South Carolina, Virginia, Maryland, Delaware and New Jersey... that I'll be available upon arrival... If some of the commercial managers wish, I'll go out with their boys, contact the dealers of all items being used on the trip and put on, for them, one or more one-half hour, co-sponsored shows that can easily be sold... I'll make no charges, want no talent fee, and there is no "gimmick"...

Robert V. Tabler
Formerly announcer on WROD Daytona Beach, WGIV Charlotte, KBOR Brownsville

The Ploughman Weary Plods No More

There was this farm lady, listening to WMT's 5:45 A.M. recorded music program while her husband was out milking. The commercial came on and said that Leo Kelly of Marengo had a tractor, plow and cultivator for sale. She hollered to her husband and they drove 60 miles to the store. The place wasn't open yet — some town folks don't start 'til 8. They waited; looked; jawed; and bought $3,000 worth of equipment without twitching a muscle.

**Moral:** Some tractors are irresistible
Fingertip control of your broadcast tube inventory

Here's a program that places vital ordering and inventory information right at your fingertips. With just one glance you can quickly estimate the status of your reserve tube stock.

Here's all you have to do...

Get in touch with your RCA Tube Distributor. Tell him you would like to take advantage of the free RCA Tube Requirement Analysis Program.

Your RCA Tube Distributor will survey your station equipment, analyze your tube requirements, and prepare a suggested inventory control system for your spare tube stock...tailored specifically to your equipment and your operation. There is no charge or obligation for this service.

RESULT: No shortages. No "overstocks." Your spare tube inventory will be in correct balance at all times.

RCA's new Tube Requirement Analysis is available exclusively through your local RCA Tube Distributor.

Call or write him today. No charge or obligation.

Notre Dame Blood Marathon Aired

SO-CALLED Blood Marathon was held by WNDU, radio station on the U. of Notre Dame's campus, to boost the school's campaign to break college records in donating blood. According to the station, several records were broken as the result of the drive. Notre Dame students gave 702 pints a day, 3,119 pints in five days, each count a record breaker, the station said.

KOBK's Assist for Shoppers

OWATONNA, Minn.'s Chamber of Commerce reports that the local KOBK considerably aided a plan to stimulate Friday night retail trade in the town. KOBK organized Friday Night Jamboree, which featured band concerts playing in midtown. The second Friday night, the station added free bus rides to and from downtown. The next week, the station changed the local wrestling matches from Thursday night to Friday night, starting at 9 p.m. The fourth Friday night, May 22, according to the town promoters, showed the promotion really paying off. President of KOBK is Myles Johns.

WLEC Helps Collect Scrap

BELLEVUE, Ohio's Fire Chief A. W. Boehler said that when a rain storm clogged the community's paper, rag and scrap drive, "a thought came to us of that famous Radio Invention of telling the world." That led to a call to Eunice Foster, WLEC's correspondent in Bellevue—and subsequently WLEC Sandusky aired appeals. Result: "WLEC...with the finest cooperation broadcast our message to the people."

CBA Queries Stations

CATHOLIC Broadcasters Association members are being sent questionnaires with the request they distribute them to local stations on which members present programs. CBA plans to present these comments at its convention June 19-21 at Hollywood's Hollywood-Roosevelt Hotel. They ask the broadcaster what criteria he uses in granting a Catholic group public service time, what he dislikes most about such shows and what he likes best about them.

FCC SHAPES FIRST BLOWS TO STEM ‘STRIKE’ BIDS

What approach the Commission takes on Arkansas Television Co.’s request for Ch. 7 in Pine Bluff, Ark., might well indicate FCC’s future course on alleged “strike” applications.

MOVING cautiously but firmly, FCC last week took the first direct action against an alleged TV “strike” application. It questioned the application of Arkansas Television Co. for vhf Ch. 7 in Pine Bluff, Ark.

The Commission’s action came after extensive investigation of allegations that the Arkansas Television Co. application was filed in order to delay the coming of television to the 40,000 people in the Arkansas city.

It asked the applicant to justify his application.

Simultaneously, the Commission continued a second investigation into the application of Piedmont Radio Co. for uhf Ch. 17 in Spartanburg, S. C.

Unless the Commission receives a satisfactory answer from Arkansas Television, it is believed it may take one of these three steps:

1. Grant competing Central-South Sales Co. application and dismiss the Arkansas Television application.

2. Set the Arkansas Television application for immediate hearing before the Commission en banc.

3. Issue a show cause order requiring Arkansas Television to tell the Commission why the application should not be dismissed.

The Commission considers these moves as the first thrusts against hinder and delay applications, or worse.

These are the allegations against Arkansas Television:

First competing application to Central-South Sales came early in January from Pine Bluff Television Co., owned by Burnett Estes. This was withdrawn in February.

Second competing Pine Bluff application came from Arkansas Television Co., headed by Gaylord Shaw. This was filed early in February.

Messrs. Shaw and Estes are partners in the contracting business.

In the Spartanburg case, Piedmont is opposed by Sterling Television Co., whose principals include Sterling W. Wright, Robert M. Carlisle and Fred W. Symmes. The latter has interests in WBCU Union City and WMRC Greenville, S. C. Piedmont principals are T. Julian Skinner, W. E. Benns Sr. (20% owner of WVOK Birmingham, Ala.), Virginia Mason and Rowland Shepard Oliver.

The Commission avowedly is seeking to discourage strike applications in every possible manner. There are about two dozen complaints before the FCC which allege such improper tactics. Moreover, there has been criticism of some attorneys, who purportedly have in readiness applications to be filed on short notice in desirable locations where a serious applicant might find his position clear and ready for grant.

In practice, this is the way the “strike” application method works:

An applicant files at the FCC for a TV frequency. After a routine period of time, with the application unopposed, the application approaches the final stages leading to a grant. Just before final action the “strike” application is filed.

This throws the case into a hearing. It can be many months, or even years, before a hearing is held and one of the two applicants chosen.

Purpose of the “strike” application may be twofold: Either to shake down the original applicant for pay-off in cash or in stock, or to delay a grant for competitive reasons.

Of course, late-filed applications in most cases are purely legitimate. The FCC faces a difficult job of proving blackmail or illegitimate delaying action.

Should the Commission decide it has a good case, it must figure out which was to proceed.

One of the FCC’s regulations (Sec. 1.385) permits it to issue a conditional grant to one applicant pending a hearing on the good faith of the competitor. This has seldom been used.

Outright dismissal of a “suspect” application is considered legally dangerous in view of the long-established principle that no application may be dismissed or denied without a hearing.

Setting the presumed offending application for hearing also is not considered the ideal way to deal with the situation, in the light of the McFarland Amendments’ provision requiring a letter of notification to be sent when an application must be set for hearing.

One suggestion, made by Sen. Edwin C. Johnson (D-Colo.) early this year when his attention was called to the “strike” situation, was that all applicants be required to post a bond in a substantial amount. This would prove good faith and weed out rackets, it was said.

Charges of nuisance and delay applications are not new. In the early days of AM the allegations were freely, but unofficially, aired by many in the industry. Following the close of World War II, the logjam on AM applications gave rise to similar charges. Since the TV freeze of last year, the same cries have arisen.

Page 35
MORE ADVERTISERS TURN TO REGIONAL, SPOT FILM

Confronted with the mounting problem of getting network TV station clearances, advertisers are turning increasingly to filmed shows on a regional or spot basis. Six more major advertisers set regional film TV plans.

IN a flanking movement to elude the growing problem of network station clearance in television, major advertisers are turning more and more to filmed properties placed on a regional or spot basis.

In some cases, sponsors are supplementing their network shows with additional purchases of spot markets for the same program.

Among the national advertisers currently planning to use the regional film technique are E. I. du Pont de Nemours & Co., Chesebrough Mfg. Co., Hawley & Hoops, Hamilton Watch Co., Pacific Coast Borax, and Ethyl Corp.

"Clearance of network TV stations in selected markets is an increasing problem," one executive told B & T. "and the only way to solve it intelligently at present is to buy on a spot or regional basis, assuring yourself at the same time of

titled Johnny Jupiter. The half-hour filmed series will be placed in 50 to 75 markets starting early in September.

The Johnny Jupiter series will be produced by its originator, Martin Stone, president of Kagran Corp., which also owns Author Meets the Critics, the Gabby Hayes series, and Howdy Doody, among others.

Johnny Jupiter started as a live series on Du Mont TV Network 10 weeks ago and will continue to run there for the completion of a 13-week contract.

Joining in the growing trend to filmed supplementation, E. I. du Pont will place its half-hour network television show, Cavalcade of America, in 25 markets in addition to its ABC-TV weekly half-hour time (Tues., 7:30-8 p.m. EDT). BBDO, New York, is the agency.

Chesebrough Mfg. Co. (Vase-

York, is the agency.

Ethyl Corp. of America has launched a weekly TV sports program, The Big Playback, on 44 television stations throughout the country. The show is being produced by Screen Gems Inc. in association with Telenews Inc. Bill Stern is the sportscaster on the show. BBDO, New York, is the agency.

Meanwhile, two other advertisers are planning TV spot announcement campaigns. They are Artra Cosmetics and General Electric Tube Div.

Artra Cosmetics (Imra Diplotory) this week launches a four-month campaign using six one-minute commercials a week, on both the NBC and CBS owned and operated stations in New York, Chicago and Los Angeles. Grey Adv., New York, is the agency.

General Electric Tube Div., through Maxon Inc., New York, currently is contemplating a fall spot TV campaign. One station probably will be used during the summer as a guide in determining the extent and nature of the fall plans.

K&E Merchandising Study

MORE than 800 stations returned completed questionnaires to Kenyon & Eckhardt concerning their merchandising practices by the first of last week, Hal Davis, K&E, has reported.

With the deadline date June 15, K&E promotion department executives are confident that most stations will be heard from at that time, Mr. Davis said. He reported that an "amazing proportion of stations are carrying varied and extensive merchandising procedures for local and network advertisers. However," he added, "many of the stations are anxious for some simple and inexpensive solution to the problems now being posed by advertisers."

Hunt Agency Moves

W. H. HUNT & ASSOC., Los Angeles advertising agency, has moved to its own building at 1044 S. Robertson Blvd. Telephone number is Bradshaw 2-8233.

a tailor-made network in the markets you need.

"However," he added, "as soon as more network TV markets open up, giving us greater access to more outlets, the need for this kind of programming will decrease."

The latest national advertiser to enlist for a filmed series on a spot basis is Hawley & Hoops, Newark, manufacturers of M & M candies. Early last week the firm named Roy S. Durstine, New York, as its advertising agency and on Thursday signed to sponsor a program line, which sponsors the filmed Fights of the Century on NBC-TV on Friday nights after the Madison Square Garden bouts, also will increase its list of 22 network stations with a 37-market lineup placed on a spot basis. Cayton Inc., New York, is the agency.

Hamilton Watch Co., which has been sponsoring the half-hour filmed series, Jewelers Showcase, on alternate weeks in 24 markets, goes off the air for a summer hiatus but will return in the fall with an increased station list. BBDO, New York, is the agency.

Pacific Coast Borax, sponsors of Death Valley Days, also will take a hiatus on some of its stations during the summer but will return to its alternate-week half-hour schedule in 60 markets on a spot basis, effective early in the fall. The agency is McCann-Erickson, New York.

In a flank ing movement to elude the growing problem of network station clearance in television, major advertisers are turning more and more to filmed properties placed on a regional or spot basis.

In some cases, sponsors are supplementing their network shows with additional purchases of spot markets for the same program.

Among the national advertisers currently planning to use the regional film technique are E. I. du Pont de Nemours & Co., Chesebrough Mfg. Co., Hawley & Hoops, Hamilton Watch Co., Pacific Coast Borax, and Ethyl Corp.

Hunt Agency Moves

W. H. HUNT & ASSOC., Los Angeles advertising agency, has moved to its own building at 1044 S. Robertson Blvd. Telephone number is Bradshaw 2-8233.
WITH-FM, MAY CO. IN RADIO DRIVE

MAY Co., large Baltimore department store, has started one of radio's largest campaigns—an all-day Sunday musical program on WITH-FM Baltimore. The program is designed to bring "a still larger share of the higher-income family purchasing dollars" according to Sam Kravetz, WITH-FM manager. The 52-week contract involves an estimated $200,000 in time costs and carries a renewal option.

After the opening program May 24, May Co. found wide interest in the program and its Monday sales in the record department were described as setting a new high mark. The store held a sales meeting for all employees prior to the debut. Copies of a full page newspaper ad promoting the series were sent to every large agency in the nation.

According to Robert Welsh, May Co. advertising director, the program features good music, live and recorded, along with a complete opera each week. A full page newspaper ad on the campaign will be used every month. Commercial announcements are institutional, featuring merchandise appealing to the discriminating buyer and emphasizing the "everything-for-the-home" angle.

WITH-FM and May Co. are cooperating in providing public service facilities for Baltimore organizations. The Sunday series is described as having a potential audience of 125,000 FM sets in Baltimore alone. A series of luncheons will be held, starting this month, with Baltimore Symphony, Assn. of Music Clubs, Peabody Institute, Chamber Music Society and other organizations. WITH-FM has been programmed separately since Oct. 29, 1952. It picks up music programs of WGMS Washington.

Turner Smith Co. Names Dowd, Redfield & Johnstone

TURNER SMITH Co. (Poundex pharmaceuticals) has named Dowd, Redfield & Johnstone Inc., New York, and John C. Dowd Inc., Boston, effective June 1 to handle its advertising, which includes about $200,000 monthly in radio.

The firm plans to continue its 300-station radio campaign plus a limited—about five stations—television schedule, and a comparable newspaper list.

Ruthrauff & Ryan, New York, had serviced the account for the past 30 days. Prior to that, St. George & Keyes, New York, was its agency.

ONE OF RADIO'S LARGEST RETAIL TIME CONTRACTS SIGNED ON WITH-FM BALTIMORE BY MAY Co., DEPARTMENT STORE, WHICH BROADCASTS MUSIC-PUBLIC SERVICE SERIES EACH WEEK. THE 52-WEEK CONTRACT INVOLVES AN ESTIMATED $200,000 IN TIME COSTS AND CARRIES A RENEWAL OPTION.

Radio-TV Would Get 26% Of Proposed Citrus Fund

TELEVISION and radio would receive $485,435 (17%) and $240,851 (9%), respectively, of the Florida Citrus Commission's proposed $2,800,000 budget for advertising during the 1953-54 season, according to J. Walter Thompson Co., agency for the commission. Uncommitted reserves total $300,000 (11%) and $165,564 (6%) has been set aside for "advertisement preparation and possible rate increases." This was revealed as Thompson Co. representatives met with the Citrus Commission Wednesday at Lakeland. Adoption of the budget probably will not come until the commission's Budget and Advertising committees meet Wednesday and make recommendations to a commission meeting June 17.

Grant Names Vogel N.Y. Head

IN LINE with a planned expansion of the New York office of Grant Adv. Inc., Chicago, Hugo C. R. Vogel, vice president in charge of the agency's international division, has been named vice president in charge of the New York office, firm announced last week. He is succeeded in the international division post by Sanford S. Clark, who now becomes the division's ranking vice president.

NEW BUSINESS

Spots

Consolidated Cosmetics, Chicago, announces advertising promotion campaign for Lanolin Plus suntan lotion, using national radio spots in 120 cities and local radio shows in nine cities. Agency: BBDO.

Birdseye Frozen Chicken is buying daytime minutes and station breaks in major cities along Eastern Seaboard, starting July 1 for 13 weeks. Agency: Young & Rubican, N. Y.

Corn Products Sales Co. (Mazola Oil Co.), N. Y., is placing half-hour Gwy Lombardo transcribed show on eight California stations, once-a-week, starting June 16, for 13 weeks.

Networks

Minute Maid Corp., N. Y. (Fresh Frozen Lemonade and Pure Lemon Juice) is sponsoring Thurs. telecasts of Gabby Hayes Show (NBC-TV, Mon.-Fri., 5:15-5:30 p.m. EDT). Agency: Ted Bates & Co., N. Y.

Speniel Watch Bands and Crosley Div. of Avco will test program called Name the Tune on NBC-TV this summer (Mon., 8-8:30 p.m.) for possible fall retention. Starting July 6, show replaces What's My Name? Agencies: Sullivan, Stauffer, Colwell & Bayles, N. Y., and Benton & Bowles, N. Y., respectively.

Gospel Broadcasting Assn., Pasadena, renews sponsorship of The Old Fashioned Revival Hour on ABC Radio, Sun., 4-5 p.m. EDT, for 52 weeks, effective June 21. Agency: R. H. Alber Co., L. A.

Toni Co., Chicago (From Home Per- manent), signs to sponsor Tues. and Thurs. broadcasts of Whispering Streets over full ABC Radio network, 10:25-10:45 a.m. EDT, beginning June 2 for 52 weeks. Toni also sponsors Breakfast Club and Turn To A Friend, both heard Tues. and Thurs. over ABC Radio. Agency: Leo Burnett Co., Chicago.

Griffin Manufacturing Co., Bendix Home Appliance Div., Avco Mfg. Co., Benrus Watch Co. and S.O.S. Co. (Kitchenware) will each sponsor 10-minute segment of 9:30-10 p.m. EDT portion of Hoagy Carmichael Show, NBC, Sat., all 13 weeks. Agencies: Birmingham, Castleman & Pierce (Griffin), Cecil & Fresby (Benrus), McCann-Erickson (S.O.S.) and Earle Ludgin (Bendix).

June 8, 1953
VITAPIX DIRECTORS-STOCKHOLDERS
HOLD CHICAGO EXPLORATORY TALKS

With President Frank Mullen presiding, board also forms executive committee and elects new directors Kenyon Brown, KWFT-TV Wichita Falls and KRTV (TV) Little Rock; Stanley Hubbard, KSTP-TV Minneapolis-St. Paul, and Payson Hall of Meredith Publishing Co.'s KPHO-TV Phoenix, WHEN (TV) Syracuse and WOW-TV Omaha. Jerome (Ted) Reeves of WBNS-TV Columbus, Ohio, is named a vice president.

DIRECTORS and stockholders of the $1 million Vitapix Corp., film rental and distribution syndicate, met in Chicago last week and wrestled with preliminary problems looking toward the eventual saturation of 40 key U. S. markets with film features for as many TV station owners who are expected to subscribe to the cooperative plan.

The meeting was held at Chicago Drake Motel Wednesday and Thursday, with Frank E. Mullen, new Vitapix president, presiding over exploratory discussions.

Officers and directors cut a wide swath through routine matters Wednesday morning at the stockholders meeting, electing three new directors and one officer and setting up an executive committee to administer policy of the corporation.

It was understood that policy and procedure of the Vitapix board had not crystallized sufficiently Wednesday, with afternoon sessions devoted mostly to film product availability. But officers and directors alike were obviously gratified with progress thus far on discussions of the plan, calling for stock participation of television stations in some 40 major TV areas.

The board elected new directors, raising the total from nine to 12. Elected were the following broadcast industry executives: Kenyon Brown, president, KWFT-TV Wichita Falls, Texas, and KRTV (TV) Little Rock, Ark.; Stanley Hubbard, president, KSTP-TV Minneapolis-St. Paul, and Payson Hall, radiotelevision director, Meredith Publishing Co., which owns KPHO-TV Phoenix, Ariz.; WHEN (TV) Syracuse, N. Y., and WOW-TV Omaha, Neb.

Additionally, Jerome (Ted) Reeves, program director of WBNS-TV Columbus, Ohio, was elected a vice president of Vitapix.

Top alignment of the new executive committee is substantially the same as that of the officer slate of Vitapix. Mr. Mullen will serve as chairman, with other members including John E. Petzer, owner of WKZO-TV Kalamazoo-Grand Rap-

UTP 'Basic' Station

THE TERM "Basic Station" has long been a familiar one in network circles. Last week Harry L. Nace Jr., president of KYTL-TV Phoenix was quoted as giving it a new application, in the film field. United Television Programs Inc., distributors, reported that KYTL-TV bought the entire block of films handled by UTP and that Mr. Nace then publicly announced that, in its viewing area, the station was a "UTP basic station," a classification which UTP said "a large number" of other stations subsequently have joined.

It was understood that 26 stations thus far have "committed themselves" to the Vitapix cooperative TV station owner venture, of which 22 have actually accepted terms or signed contracts.

Among the newer stations in this category are: KSTP-TV Minneap-

lies: J. Leonard Reinsch, WSF-TV Atlanta and WHIO-TV Dayton, Ohio, the Cox stations; G. Richard Shafto, WIS-TV Columbia, S. C.; Richard A. Borel, WBNS-TV Columbus, and Joseph A. Baudino, WBZ-TV Boston, Westinghouse Radio Stations Inc.

All committee members also are directors of the cooperative firm. The executive group will be directed to "execute" policy as determined by the corporation's board of directors, which also includes, in addition to three new executives, the following: Horace L. Lohnes, Dow, Lohnes & Albertson, who is Vitapix secretary; O. L. Taylor, station representative, and Howard Lane, KOIN Portland and KJR Seattle. Messrs. Taylor and Lane, who were not present at last Wednesday's meeting, are TV applicants. Paul A. O'Bryan, of the Washington law firm of Dow, Lohnes & Albertson, also attended the conference.

Other directors are expected to be named in succeeding weeks, representing stations who also will subscribe to the film rental and distribution plan. At least two well-known broadcast executives have been tendered invitations to take part as directors, subject to election by the board.

ADOLPHE MENJOU (center) was fall guy at the May 22 Circus Saints & Sinner lunch in New York's Waldorf-Astoria. Theme of the program was Mr. Menjou's Ziv TV series, "Favorite Story". Also highlighted during the luncheon were R. J. Schaef er (1), president of Schaef er's Beer, sponsor of "Favorite Story" in New York, and John L. Sinn, Ziv Television Programs Inc. president.

(TV) Syracuse, KPHO-TV Phoenix, WBTX (TV) Charlotte, KING-TV Seattle, KOIN Portland, KWFT-TV Wichita Falls, KGNC-TV Amarillo.

This partial list supplements others which have indicated they wish to subscribe, namely: WBZ-TV Boston, WSF-TV Atlanta, WHIO-TV Dayton, WIS-TV Columbia, WPIX (TV) New York, and WDSU-TV New Orleans.

It is known that invitations have also been sent to stations in Chicago, Los Angeles, Louisville, Detroit, San Francisco, Denver, Providence, Baltimore, Dallas, Houston, San Antonio, Lubbock, Rock Island and Peoria. Perhaps 10 other cities are involved, on the basis of the plan for 40 major markets.

Vitapix was formed three years ago and last fall began operation [B & T, Nov. 3, 1952]. The slate of officers and directors was chosen during the NAB convention in Los Angeles.

Aside from Messrs. Mullen, Petzer, and Lohnes, other Vitapix officers are Robert H. Wormhoudt, former Vitapix president, who is executive vice president; William F. Brody, president of William F. Brody Productions, vice president; and Don G. Campbell, treasurer.
INTEGREX SHOWS NEW TV FILMINGS

INTEGREX Corp., Amsterdam, Holland, organized by a number of film producers of Western Europe who have pooled their resources to make films for TV, has a number of films ready for the American market. Joseph Brandel, international sales development manager, announced on Wednesday in New York. Films, he said, are available in both 16mm and 35mm of 15-minute and half-hour length, with time allowance for end and middle commercials, with English narration.

Mr. Brandel, Carlo Buedi, managing partner of Integrex, and Jean Luc, former head of French TV and now Integrex's creative director, are in the U.S. to show sample films to TV broadcasters, advertising agencies, and large advertisers. Four Integrex films, shown Wednesday at a news preview, included three documentaries and one romantic Christmas Eve in Paris story.

**Film Sales**

Kling Studios, Chicago, is producing what may be the first commercial in three dimensions. The color motion picture is being produced for the Admiral Corp., Chicago, and features the 1954 line of Admiral TV sets. The film will be shown at Admiral sales meetings in New York, Chicago, and San Francisco.

Meanwhile, Kling announced that Victor Borge, pianist-satirist, has been signed to appear (presumably in only two dimensions) in a film to be produced for the Crosley Div. of Avco Mfg. Corp. Besides Mr. Borge, the film will show 1954 Crosley TV sets for use at the various Crosley sales conventions.

Alexander Film Co., Colorado Springs, Colo., has completed telerecords for Peter Pan and the Union Pacific Railroad both in Omaha. Peter Pan bought one 20-second film through Allen & Reynolds. Union Pacific bought ten 60-second and ten 20-second films through The Capes Co.

KYTL-TV Phoenix-Mesa, Ariz., has signed for Interstate Television Corp.'s Ethel Barrymore Theatre and The Amazing Tales of Hans Christian Andersen, both on a 13-week basis.

**Production**

Bob Hope and J. Hugh E. Davis, former vice president of Foote, Cone & Belding, Hollywood, plan July production on Police Hall of Fame, one of the first programs to be produced by Messrs. Hope and Davis through their recently-formed J. Hugh E. Davis Co., Hollywood.

The Police Hall of Fame, which will be a series of half-hour programs, is to be filmed at Motion Picture Center. Each program will dramatize an outstanding case, and the policeman who cracked the case will get $500, a trophy and "National Grand Award" trophies which will provide prizes up to $2,500.

Executive producers are William Rowland, motion picture producer-director, and Monte Brice, writer on NBC radio's Bob Hope Show who also is with Paramount Pictures. Joseph Justman is the producer.

Bob Nye, who is another Foote, Cone & Belding man, having been radio-TV producer for the agency in its Hollywood office, has joined Mr. Davis as an associate. The company's new offices are at 1650 Vine St.; telephone is Hollywood 9-7195.

Asia Television Service not only is the name of a new TV film and production company but also describes the scope of the organization. The firm will have offices in Tokyo and Hollywood and will supply TV outlets with weekly news and feature material from the Far East on a syndicated basis.

Douglas Jenkins, Hollywood television producer who was in the Far East Command during his recent recalled tour of duty with the Army, is co-owner and manager of the Hollywood office, 5087 Sunset Blvd.

Larry Tighe, chief of ABC radio's Pacific Ocean Area Bureau during World War II, is in charge of Tokyo operations. He also will include a weekly commentary or report from the Far East in the news-and-feature package.

Don Sharpe Enterprises, Culver City, Calif., has started production on a half-hour pilot film for a television version of CBC Radio's Night Beat.

PROGRAM SERVICES

**TRANSIT RADIO REMAINS ACTIVE**

Five cities still feature the service in 1,000 public transport vehicles. Washington, St. Louis and Cincinnati have dropped it.

Transit radio service continues active in five scattered cities, with approximately 1,000 vehicles still providing news and music for riders. Transit suffered a loss of 500 vehicles at 10 p.m. May 30 when WWDF-FM Washington and Capital Transit Co. discontinued the four-year-old service.

Cities still having transit are Kansas City, KCMO-FM, about 450 vehicles; Bradbury Heights, Md., Washington suburb, WBZU (FM), 15 vehicles; Trenton, N. J., WTAO (FM), about 150 vehicles; Worcester, Mass., WQTR (FM), about 150 vehicles.

Operation of Transit Radio Inc., special representative for transit stations, is not affected by recent demise of service in St. Louis and Cincinnati, as well as Washington. R. C. Crisler continues as president of TR and of R. C. Crisler & Co., station brokerage firm.

While service in Washington provided an estimated $28,000 annual income for Capital Transit, and an indicated profit for WWDF-FM, the nation's capital was the focal point for organized and highly vocal opposition led by Transit Riders Assn. The opposition involved a long and costly legal battle that transit radio finally won in the U. S. Supreme Court.

Many local success stories were

SOME of the promotion material for World Broadcasting System's new You Win show is checked by Pierre Weis (r), WBS general manager, and Dick Lawrence, sales manager. It is described as the first telephone quiz show ever made available to radio stations by a transcription service as a regular release at no extra cost.

June 8, 1953 Page 39
compiled by transit broadcasters around the country. National advertisers were taking to the medium but concededly were influenced by the vigorous campaign waged by transit opponents.

Riders of WM&A Motor Lines, serving a Washington suburban area around Bradley Heights, Md., will continue to receive service, according to Walter C. Ward, WBUZ sales manager. He said the service has been profitable and that WBUZ is seeking increased power.

WBUZ officials would not comment on reports the company is planning to extend transit service to all 90 of the buses it operates.

While Capital Transit Co. has indicated it has no intention of removing speakers from its buses and trolleys, there appeared little indication that Washington service would be revived in the near future. WWDC-FM's regular program service, including music for business places, is not affected.

**BMI-AMP Lease Space**

SEVENTH and eighth floors of new 16-story-and-penthouse office building at 589 Fifth Ave., New York, and part of the eighth floor in the twin building at 579 Fifth Ave.—now in the excavation stages—have been leased by Broadcast Music Inc. and Associated Music Publishers Inc., wholly owned subsidiary of BMI, marking the first time both organizations have been housed under one roof, it has been announced jointly by BMI President Carl Haverlin and Ivro B. Clark, owner of the two properties.

**Ziv Predicts Radio Sales Up**

PREDICTION that the Frederic W. Ziv Co.'s radio business for the first six months of 1953 will be 24% over the same period last year has been made by Alvin E. Unger, Ziv radio sales president. He said Ziv's latest radio program, Movietown Radio Theatre, has been sold "in 21 markets."

**Keystone Adds 14 Affiliates**

KEYSTONE Broadcasting System has announced addition of 14 affiliates, bringing its total to 665. New affiliates, as reported by Blanche Stein, KBS station relations director, are these: WEIR Roanoke, Ala.; KRIZ Phoenix, Ariz.; WARN Fort Pierce, Fla.; WFMF Marietta, Ga.; WMDC Hazelhurst, Miss.; KCHR Charleston, Mo.; KALG Alamogordo, N. M.; KBIM Roswell, N. M.; WCSS Amsterdam, N. Y.; WWST Wooster, Ohio; WPAM Pottsville, Pa.; WKY Keyser, W. Va.; KLUK Evanston, Wyo., and KABQ Albuquerque, N. M.

---

**NARTB TRADE ASSNS.**

**WASHINGTON RADIO-TV BOARDS SET MEET**

Washington headquarters meetings June 17-19 will air several problems, with 11 new directors attending. Ethical codes set for discussion.

NINE new members of the NARTB Radio Board, who assumed directorships at the annual convention in Los Angeles this spring, will attend the combined board sessions June 17-19 at NARTB Washington headquarters. Two TV directors will sit for the first time at the TV Board's meetings.

A series of problems affecting broadcast and television operations will confront the directors next week but none are of overwhelming importance. The Radio Board meets Wednesday, the TV Board Thursday and the combined boards will meet Friday. A number of committee meetings will be held.

New TV directors are Ward L. Quaal, WLWT (TV) Cincinnati, elected at Los Angeles April 23; and Merle S. Jones, who succeeds Herbert V. Akersberg as appointed director representing CBS-Television.

Among items on the agenda will be the two ethical documents of NARTB—Radio Standards of Practice and the Television Code.

The 1948 radio code has been revised and will be submitted to the board by Mr. Meagher, chairman of a special committee that has been working on the job since last autumn. The new version is designed to modernize the document.

Meeting of the NARTB Television Code Review Board will be held June 10 at Hot Springs, Va., with John E. Fetzer, WKZO-TV Kalamazoo, Mich., presiding as chairman. The board has worked out many enforcement problems in the 15 1/4 months the code has been in operation but all have been solved quietly. Thus far only minor changes have been adopted in the text approved late in 1951.

Principal TV interest will be centered on the proposal to set up a million-dollar-plus circulation project, possibly resembling the Broadcast Measurement Bureau surveys for radio. Dr. Franklin R. Cawl, Philadelphia consultant who has submitted a circulation plan, is expected to attend the TV Board meeting. He will be flanked by Richard...
GIVE RADIO TIME SELLING AIDS

Further meetings are held by BAB and BMI in key cities in Midwest and East. Idea is to present helpful sales techniques for the broadcaster with emphasis on the retailer.

TECHNIQUES designed to help broadcasters sell radio-time especially to retailers, and to improve program service are being explored at a series of nationwide meetings being conducted by Broadcast Advertising Bureau and Broadcast Music Inc.

Last week meetings were held at Des Moines, Omaha and Wichita, in the Midwest, and Rochester, Philadelphia and Baltimore in the East. The previous week meetings had been held at Milwaukee, Chicago, St. Louis, Portland (Me.), Boston and Hartford.

Hundreds of broadcasters are taking part in the conferences, which include an opening program clinic by BMI and a second-day session conducted by BAB. Both organizations have teams on the road. Carl Haverlin, BMI president and other BMI officials, have disclosed the copyright organization is arranging rights to a substantial catalog of modern literary works and besides is preparing lists of works now in the public domain.

BAB speakers are reviewing ways broadcasters can capitalize on radio's effectiveness as a sales tool, utilizing visual techniques to point up the presentations. BMI speakers, including many station operators, are reviewing local and specialized programming techniques.

Meetings are scheduled this week in Oklahoma City, Houston, New Orleans, Pittsburgh, Detroit and Columbus.

At the BAB clinic in Des Moines, held Tuesday, Kevin Sweeney, vice president of the Bureau, emphasized retail business fluctuates widely by weeks and months and that broadcasters, accordingly should sell retailers at times when demand for merchandise is high.

Nighttime radio's effectiveness, the controversial question of "shorty" commercial announcements, how to meet competition from trading stamps, and how long a piece of commercial copy can be used effectively were subjects aired.

INFORMAL SALES discussion during BAB-BMI clinic at Milwaukee. Hugh Boice, WEMP Milwaukee (seated), explains problem to (l to r) Don Wirth, WNAM Neenah, Wis.; Harry Peck, WISN Milwaukee, and Ben Laird, WDUZ Green Bay, Wis.

by a panel composed of Lew van Nostrand, WMT Cedar Rapids; E M. Horning, KSIB Creston; Paul Elliott, KRNT Des Moines, and Bernard Jacobson, KROS Clinton.

BMI reported total attendance of 874 broadcasters at its first 12 clinics.

Improved radio programming as a bulwark against TV competition, and the wider use of music in "its full scope," were among the chief topics at many of the sessions to date, BMI authorities reported.

Discussing local programming as

PANEL MEMBERS at BAB clinic held in Portland, Me., included (l to r): Jack S. Atwood, WRDO August, Me.; Lee Gorman Jr., WABI Bangor, Me.; William H. Rines, WCHS Portland, Me.; Ted Coffin, WABM Houlton, Me., and Harold H. Meyer, WPOR Portland, Me.

June 8, 1953 Page 41
“radio’s best offensive,” Earl Glade Jr., KDHS Boise, Ida., told last Monday’s clinic at Des Moines that stations should “dramatize local people, local events, and local history.” Kari Jansen of KTUL Tulsa stressed “the what, when and why of news” and said his station had found concert music to be “a strong programming ingredient and fully commercial.” Allen Embury, KPIG Cedar Rapids, used tape recording to demonstrate successful commercial copy, while G. LaVerne Flambo, WQUA Moine, cited music, news, specials, and play-by-play sports as strong points which radio can handle better, faster, and more economically than TV.

Making music “attract and hold listeners and sponsors” was emphasized at another clinic Monday, at Rochester, N. Y., by Frank Schroeder, WDJ Decatur, Ill. Other Rochester talks were by M. Wayland Fullington, WIRE Indianapolis; Stephen W. Ryder, WENK Endicott, N. Y.; Don J. Curran, WWHG Hornell, N. Y., and Harry Goodwin, WJNR Newark.

NARFD Meeting Slated In Houston This Week
SPRING meeting of the National Asn. of Radio Farm Directors will be held today (Monday) through Wednesday, with various activities scheduled at Houston’s Rice Hotel and Galveston’s Galvez Hotel, according to George Roosen, KTRH Houston, convention chairman.

Several firms and organizations are sponsoring luncheons, dinners and tours, while others are furnishing equipment for use by the farm directors. Talks are scheduled Monday. The farm directors on Tuesday will visit a ranch, observe rice farming and airplane fertilization and spraying, and will take a boat trip on the Houston Ship Channel. A deep sea fishing trip is set for Wednesday morning and a ladies style show is scheduled Monday by KPRC-TV Houston.

HARTB Names Hollinger
FIN HOLLINGER, KULA Honolulu, has been elected president of Hawaiian Assn. of Radio & Television Broadcasters. He succeeds Jack A. Burnett, KULA. Other officers elected were: Ezra Crane, KMVI Walla Walla, vice president; Ira G. Mercer, KNON Honolulu, secretary-treasurer. Mr. Burnett and Robert Denison, KIKI Honolulu, were elected directors.

NCTCE Names Chipp
ELECTION of Rodney D. Chipp, director of engineering for the DuMont Television Network, as president of the Technical Societies Council of New York, Inc., was announced last week.
Mr. Chipp, who served as director and treasurer during the past year, represents the Institute of Radio Engineers, one of the Council’s 18 member societies in the Greater New York area. Other officers elected were J. V. N. Dorr of Dorr Co., vice president; John B. Hewett of John B. Hewett Co., secretary, and Robert M. Edmiston of American Optical Co., treasurer.

ABC Claims Bigger Slice
ABC claimed last week it was the only radio network to show an increase in the share of total minutes its radio programs were listened to by the nationwide audience during the comparative period of March 1962 and March 1963. Oliver Treyz, director of research and sales development for the network, reported that a recent Nielsen study revealed that listenership to ABC radio programs increased an average 6% over the period last year.
FCC POLICY SWITCH SPEEDS EIGHT NEW TELEVISION GRANTS

Commission's new policy (to act quickly on TV applications after they are free of competition) accounts for six of the authorizations. TV grants in U.S. now total 477, of which 369 are post freeze.

FCC's CHANGE of policy to act on TV applications as soon as practical after they become free of competition [B.T., May 25] began to take effect last week as the Commission on Wednesday announced grants for eight new stations. Six of these permits resulted from withdrawals by competitors. New TV station grants issued since lifting of the freeze last year total 373, but four permits have been returned. Including the 108 stations on the air at the end of the freeze, TV authorizations in the U.S. now total 477.

Highlight authorization was permit for vhf Ch. 5 to KCMO Kansas City, putting second vhf station into an area served for 3½ years by a single outlet, WDAF-TV on Ch. 4. The Kansas City Star, licensee of WDAF-TV and its radio affiliate, is defendant in a pending government antitrust suit which noted the paper owned the only TV station there [B.T., Jan. 12]. Empire Coin Co., earlier this year was granted uhf Ch. 25 at Kansas City for KCTV (TV), not yet on the air.

The new station grants include:

Kanass City, Mo.—KCMO Bestg. Co. (KCMO) granted vhf Ch. 5, ERP 100 kw visual and 60.3 kw aural, antenna 800 ft. Grant made possible by amendment of KCMO's application on Tuesday.

Jacksonville, Fla.—Jacksonville Journal Co. (WJHP) granted uhf Ch. 36, effective radiated power 120 kw visual and 61.7 kw aural, antenna height above average terrain 350 ft. Grant became possible when WEAR Pensacola dropped its competitive bid for Ch. 36 at Jacksonville in return for withdrawal by WCOA Pensacola of its application for vhf Ch. 3 at Pensacola [B.T., June 1]. WJHP and WCOA are under common ownership.

Pensacola, Fla.—Gulfport Bestg. Co. (WEAR) granted vhf Ch. 3, ERP 47.9 kw visual and 24 kw aural, antenna 420 ft. Grant made possible by withdrawal of WCOA's Ch. 3 bid (see Jacksonville grant).

Eklhart, Ind.—Truth Pub. Co. (WTRC) granted uhf Ch. 52, ERP 215 kw visual and 115 kw aural, antenna 410 ft. A principal in firm is Walter R. Beardsley, president of Miles Labs.

Topeka, Kan.—Topkea Bestg. Assn. Inc. (WIBW) granted vhf Ch. 15, ERP 35.5 kw visual and 56.2 kw aural, antenna 700 ft. Grant made possible by dismissal of competitive bid of KJAY there on Tuesday.

Meridian, Miss.—Southern TV Corp. (WOTC) granted vhf Ch. 11, ERP 31 kw visual and 15.5 kw aural, antenna 580 ft. Grant made possible by dismissal of competitive bid of WMOX there. W T O K proposes to purchase WMOX building for combined radio-TV facilities.

Camden, S. C.—Camden Bestg. Corp. (WACA) granted uhf Ch. 14, ERP 78 kw visual and 45 kw aural, antenna 650 ft.

M il wau kee, Wis.—Bartell Bstns. Inc. (WCKY) granted vhf Ch. 19, ERP 17.4 kw visual and 9.55 kw aural, antenna 530 ft. Grant made possible by amendment of WFOX's application to change from Ch. 19 to vhf Ch. 12. WFOX preferred to go to hearing on a vhf channel, rather than uhf, if hearing is necessary.

In other actions, FCC designated for hearing July 3 in Washington the uhf Ch. 48 contest for Joliet, Ill., and the uhf Ch. 46 contest for South Bend, Ind. Joliet applicants are Sanders Bros. and Joliet TV Inc. (W J O L). Applicants at South Bend are WHOT and Michiana Telecasting Corp. (Notre Dame U.).

Youngstown Fight Resumed

FIGHT for uhf Ch. 21 at Youngstown, Ohio, has been renewed before FCC as Valley TV Co. opposes a request by Polan Industries for additional time to complete construction of WUTV (TV) there. In a protest petition, Valley TV charges May 26 application for extension of WUTV's completion date should be dismissed as invalid since it was not filed until two days after the construction permit expired on May 19. Valley TV argues Polan Industries has failed to meet the terms of the CP and asks FCC to grant its own bid for Ch. 21 instead [B.T., April 27].

June 8, 1953
Aided by technical counsel from BBDO, Chief Executive and four members of Cabinet hold informal, family-circle discussion carry ing out promise to bring government in closer touch with nation. Simulcast seen by at least 50 millions and heard by vast radio audience.

PRESIDENT Eisenhower has told his story—the story of 22 weeks of Republican administration—to the nation with the benefit of TV's professional techniques, but it's only the beginning of his plan to keep in intimate contact with 160 million Americans.

Last Wednesday night the President knew what he wanted to say, and he said it. An estimated 50 million people watched on all four TV networks, and many more millions heard him on radio as he went direct to the people. For the first time the Executive Office House used TV's staging devices to hold a family-circle discussion that included four Cabinet members.

While the simulcast made television history—and radio, too, because of its informal manner—there is more to come, judging from a recent hint by James C. Hagerty, the President's secretary. Mr. Hagerty has promised the President will make unprecedented use of every means of telling the people what their government is doing.

The simulcast was an example of what the President has in mind, but there are other ideas in the works. It appeared after the Wednesday simulcast that an effective format had been developed for monthly or perhaps bi-monthly discussions between the President and some of his official family. Other ideas are being mulled, most difficult being the plan to telecast Presidential news conferences with radio-TV periodical reporters.

Technical counsel by advertising agency specialists played an important part in the simulcast and led, also, to some newspaper needling. Ben Duffy, BBDO president, directed a staff of agency specialists, some of whom had served with President Eisenhower during the election campaigning.

Mr. Duffy, credited by the White House with substantial help in the simulcast format and exercising it, was in the studio during the proceedings. Among BBDO staff people at the scene were Jack Elliott, ace of the White House Dub Pone and Thomas Nelson Co., and Hugh Rogers, head of TV production. Both helped in the Republican campaign telecasts.

BBDO had offered its services a fortnight ago and the White House quickly accepted. In disclosing BBDO's offer last Monday, Mr. Hagerty told reporters, "I am giving them a plug when I say it is the best advertising agency I know of." The agency had volunteered technical aid, he added. After the program Mr. Duffy was quoted as saying, "It was one of our best shows."

Viewers who watched and heard the President and his aides in their Tuesday, 9:30-10:30 injection to a chatty, easy talkfest—a cozy discussion of what's going on in the U.S. and the world as well as what the government is doing about its hourly crises and dilemmas.

The simulcast was carried live by two radio networks—ABC and MBS. CBS Radio followed with a repeat at 10 p.m. and NBC carried the program at 10:30 p.m.

Stage in the "Fish Room" off the main Executive Offices reception room, the program moved easily despite badly cramped quarters. The room is conference size, its name coming from a little glass aquarium. BBDO selected this room in lieu of the low-ceilinged and arched White House kitchen, set up as a radio-TV studio when the White House was rebuilt. The studio had been used for the May 19 Presidential broadcast to the nation (B & T, May 25).

The President opened the telecast, after the usual brief introduction, by chatting several minutes about the Administration's current operations. His manner was relaxed, somewhat in contrast to the studied message he had delivered on radio a fortnight before.

He was flanked on the left by three Cabinet members seated on a lounge—Secretaries Humphrey, Hobby and Benson. On the other side was Attorney General Brownell in a chair. The President was seated at a desk in a corner of the room. A number of times he walked around, pointed at charts and occasionally sat on one side of the desk. Discussing a problem, he then would turn to one of his official family, observing, "That's your field. What about it?"

Two rehearsals had familiarized the five participants with the routine and all performed in a natural way. No scripts were in sight and speakers had only the help of cue cards and a few charts.

Three TV cameras were used. They were located in corners opposite the desk, with the third in between along with pool newsreel cameras. One boom microphone was used, with three other microphones. Studio lighting fixtures were located at several points. Draping was used over the skylight and back of the newsreel camera. Need for a boom mike influenced selection of the conference room instead of the low radio-TV studio.

Under the White House rotation plan, CBS was selected for the pooled radio-TV pickup. Bill Wood, director of CBS-TV public affairs in Washington, was in charge of production; with Charles N. Hill as director. Lewis Shollenberger, CBS Radio director special events in Washington, supervised the radio pickup. Mr. Hagerty and Murray Snyder, his assistant, were in charge of the entire proceedings for the White House.

A WTOP-TV remote truck was located outside the Executive Offices for the TV pickup. Radio was fed to the White House panel in the kitchen and made available to all networks at microphone level.

At the first rehearsal Tuesday morning, White House newsmen discovered they could watch proceedings from the remote truck. A White House officer chased them away from the monitors, however. The first rehearsal ran about 10 minutes over but the Wednesday morning run-through came within a few minutes of schedule. Newsreel photographers were irked because they were limited to one pooled camera during the simulcast and they made their complaints known. Advance newspaper stories contained needling comments about hucksters taking over and Broadway directors swarming around the White House.

Members of the White House staff felt the simulcast was a forward step in relations of the President with the people and figured they had learned some valuable lessons from the first program of this type.

Two circuits were set up for the telecast. WTOP-TV placed a microwave antenna in the White House Rose Garden, beaming it to the Willard Hotel two blocks to the
east. There it was relayed to the WTOP-TV transmitter four miles out Wisconsin Ave., to the northeast. AT&T had cable facilities direct from the White House feeding the networks in New York.

A TV newsreel pool camera (16 mm.) was operated by Tom Craven, of United Press Movietone. John A. Bockhurst, of Hearst Metrotone News, was pool photographer for the movie newreels.

Technical supervisor for the live TV pickup was Harry Remmers. Robert Sammon, assistant manager of technical operations, CBS New York, took part in the supervision. Bob Barry of CBS handled lighting. The TV cameras were operated by Leo Pitta, Charles McKinley and Jack Waldron, all WTOP-TV. On the technical staff were Roy Bloom, Norman Bailey, Leonard Euzent.

**Senate Committee to Act On Baseball’s Rule 1 (d)**

SEN. EDWIN C. JOHNSON's bill to permit baseball to reinstate rule 1 (d) on radio-TV of games is slated to be up against the full batting order of the Senate Interstate & Foreign Commerce Committee this Wednesday. The bill has subcommittee approval [B. T., June 1]. If the full committee clears the measure and the Senate passes it, observers have predicted a bit tougher sledding when the measure gets away from "home" territory and out on the road in the House.

Meanwhile, Frank P. Schreiber, general manager and treasurer of WGN Inc., Chicago, wrote Colorado Sen. Johnson that baseball clubs should have a right to place reasonable terms and conditions on broadcast and stations are "not entitled to file the show staged by ball clubs." In commenting on NARTB President Harold E. Fellows' testimony before the subcommittee last month, Mr. Schreiber said WGN has broadcast and telecast games under outlawed rule 1 (d) and that baseball has the right to impose rules needed "to save itself from bankruptcy."

**Census Funds Get Senate Nod**

SENATE has adopted Senate Appropriations Committee amendment to restore $8.4 million for censuses of business and manufacturers [B.T, June 1]. Because the amount was not included in the House version of the Commerce Dept. appropriation bill, final disposition will be left to joint Senate-House conference.

**KGW Gets Option Forfeits to KOIN**

FCC is asked to grant Portland, Ore., Ch. 6 to KOIN after option agreement by which KGW owners Samuel I. Newhouse and wife may buy 50% of KOIN after selling KGW.

CALL to grant KOIN Portland, Ore., TV Ch. 6 and deny the KGW application was made on FCC Hearing Examiner Elizabeth C. Smith last week, when both parties submitted an option agreement which provides that KGW (Samuel I. Newhouse Jr. and wife) may buy 50% of KOIN upon issuance of the television permit [B.T, May 25].

The option agreement provided that upon issuance of a TV construction permit, KGW's owners will buy into the KOIN licensee at the following terms: $100,000 plus whatever sum KGW is sold for (but not less than $400,000). KGW must be sold, since the FCC's regulations forbid the same owner controlling more than one AM station in the same market. Agreement also provides for the establishment of Class A and Class B stock, with the present KOIN stockholders owning all the Class A stock and the Newhouses the Class B. Each group of stockholders will select three directors, with the seventh to be chosen by all stockholders. The agreement gives the KGW principals five years to exercise the option.

KOIN, a CBS affiliate on 960 kc with 5 kw, is owned by Theodore R. Gamble, 43.5%; C. Howard Lane, 21.33%; Harry H. Buckendahl, 11.8%, and 28 employees of the station. Mr. Gamble is also 87% owner of KJR Seattle, Wash.; 49% owner of KCMJ Palm Springs, Calif., and 20.36% owner of KLV Denver. At one time Mr. Gamble was a large theatre chain owner, but he has liquidated most of his holdings. Mr. Lane is also associated with Mr. Gamble in the ownership and management of KJR; he holds 10% of the stock.

In addition to KGW-AM-FM, the Newhouse family also owns WSYY-AM-FM-TV Syracuse, N.Y. "Syracuse Post-Standard" and "Herald-Journal." KGW operates on 620 kc with 5 kw, and is affiliated with NBC. Negotiations for the sale of KGW to a West Coast broadcaster reportedly are underway. Transaction will take place, it is understood, following grant of a TV permit to KOIN and the putting into effect of the option agreement by KGW’s owners.

The Portland Ch. 6 hearing was opened Oct. 1, 1952, but was continued due to intervening hearings by the examiner until last Monday. At that time the stipulations were filed with Miss Smith.

According to Mr. Lane, president of KOIN-AM-FM, the TV construction permit would be on the air 90 days after the issuance of the CP. In the reorganized company, Mr. Lane is slated to become vice president in charge of television. Mr. Buckendahl, now general manager of KOIN, would become vice president in charge of radio. Mr. Gamble, now chairman of KOIN, would become president.

Prompt grant to KOIN would give Portland its second TV station. Now operating is KPTV (TV) on uhf Ch. 27, which began operations last September. KPTV is owned by Empire Coil Co., New Rochelle, N.Y.

Balance sheet of KOIN as of March 31 showed that the station had total current assets of $205,997.81 (of which $130,050 was in cash), and total current liabilities of $165,591.12. KGW’s sheet for the same date showed total current assets of $143,863.28 (of which $85,899.31 was in cash) and total current liabilities of $41,812.89.

**‘Blocking Application’ Charged in Waterloo Ch. 16 Case**

CHARGE that KWWL Waterloo, Iowa, was instrumental in having a "blocking" application filed for uhf Ch. 16 in that city—thus keeping a grant from L. E. Kelly—was made last week.

In a petition for a conditional grant, Mr. Kelly alleged that the application for the same frequency by realtor Charles H. Gurney "was not filed in good faith but for the purpose of delaying action on my application." Affidavit with petition alleged that the Gurney application is in reality old KWWL application for vhf Ch. 7. Among other matters, it alleged that KWWL suggested to Waterloo Chamber of Commerce that FCC be petitioned to grant KXEL and itself, both seeking Ch. 7, conditional grants on Ch. 7 and 16 and that after hearing, winner would have Ch. 7 and the loser Ch. 16.

Mr. Kelly claimed he filed his application for Ch. 16 April 14, and that on May 4 Mr. Gurney filed his application.

June 8, 1953
UNOPPOSED BIDS KEPT IN HEARING

Protection against late-filed competitive bids has been afforded TV applicants in Portsmouth, Ohio, and Sacramento. This is in line with FCC policy recently outlined.

FOLLOWING policy enunciated three weeks ago [B T, May 25] the FCC last week maintained two TV applicants in hearing status even though their competition had withdrawn from the race.

Heretofore, the Commission's policy had been to return to the processing lines applicants in hearing status where the dismissal or withdrawal of the opposition left no contest. In many instances this put the remaining applicant in jeopardy of being thrown into another hearing when a late-filing applicant for the same channel applied.

Under the revised policy fixed by the Commission, hearing status will be maintained for remaining applicants when they become unopposed, even if no hearing had started. This protects the survivor from becoming vulnerable to another competing application, since the FCC's regulations forbid the filing of any other applications for the same facilities after 30 days before the date set for hearing.

Both applicants favored in the ruling last week had petitioned the Commission against being returned to the processing lines. The applicants were: Woodruff Inc., for uhf Ch. 30, Portsmouth, Ohio, owned by Edward Lamb and wife (also owner of WIKK and WICU (TV) Erie Pa.; WHOO-AM-FM Orlando, Fla.; WTOP Toledo, Ohio, and permittee of WMAC-TV Massillon, Ohio), and John H. Poole for uhf Ch. 46 Sacramento, Calif., also owner of KBIG Avalon and KPIK (TV) Los Angeles, and KBIF Sanger, Calif.

In Portsmouth, WPAY withdrew, and in Sacramento, Jack O. Gross, former San Diego broadcaster-telecaster. In the latter case, Mr. Poole is paying Mr. Gross $6,700 out-of-pocket expenditures.

In both instances the FCC called on the hearing examiners to expedite the issuance of an initial decision.

Evansville Ch. 62 Proposed

MOVING immediately after the FCC set new policy regarding unopposed applicants in hearing status (see story adjoining), FCC Hearing Examiner Fanney N. Litvin issued last Thursday an initial decision favoring the grant of uhf Ch. 62 in Evansville, Ind., to Premier Television Inc. Premier immediately petitioned the Commission to make the initial decision effective immediately. There was no objection by the FCC's Broadcast Bureau.

Premier Television (comprising motion picture exhibitor Jesse D. Fine and family) was left unopposed when two competing applicants withdrew in the last few months. The dismissed applicants were Trans-American Television Corp. and W. R. Tuley [B T, June 1, May 11]. Only consideration was $4,000 paid by Premier to Mr. Tuley for out-of-pocket expenses. Since the Commission had found Premier legally, financially and technically qualified prior to the hearing, Mrs. Litvin issued her decision forthwith.

FEW REQUEST TV CH. CHANGES

WITH passing Tuesday of the one-year ban on petitions to change TV allocations [B T, June 1], FCC last week had received only a bare handful of requests for channel amendments. There were no requests to remove educational reservations.

Eastern Oklahoma Television Corp. petitioned the Commission to substitute uhf Ch. 26 for uhf Ch. 12 at Elk City and to assign Ch. 12 to Ada, Okla.

Sparton Broadcasting Co. asks addition of uhf Ch. 10 to Parma, Mich.

Owensboro on the Air Inc., licensee of WVJS Owensboro, Ky., requests allocation of uhf Ch. 9 to nearby Hatfield, Ind.

Lawrence A. Harvey, turned down a fortnight ago as premature in his request of add uhf Ch. 58 at Beverly Hills, asked FCC anew last week to allocate the channel to Los Angeles.

Lynn C. Smewby, Washington con-

IKE PROPOSES VOICE REVAMP

PRESIDENT Eisenhower last week revealed how he would revamp the U. S. international information program, which includes the Voice of America. The President submitted the plan to Congress for approval.

Features of the plan (Reorganization Plan Seven):

1. A particular, distinctively labeled program for overseas use will present the official U. S. position on world issues. Other programs will continue to carry music and entertainment.

2. The new organization, to be called the U. S. Information Agency, would absorb the Voice of America (which probably will be renamed); other information activities of the State Dept.'s International Information Administration, information programs financed in connection with government in occupied areas and the information programs now conducted by the Mutual Security Agency and the Technical Cooperation Administration (Point Four).

3. Director of USIA would be paid $17,500 annually, a deputy director, $16,000. (Dr. Robert L. Johnson, on leave from the presidency of Temple U., is now director of IIA).

4. The USIA would be autonomous in administration but under the State Dept.'s guidance in matters of policy, it was explained. The agency would be responsible directly to the President through the Mutual National Security Council.

The plan would go into effect 60 days after its appearance on Capitol Hill unless either House vetoes it. That would make the effective date about Aug. 1.

RESULTING engineer, in behalf of an unidentified group, petitioned the Commission to allocate vhf Ch. 5 to Lake Placid, N. Y. Earlier, a similar request to add Ch. 5 at Inman, N. Y., was tendered.

Triad TV Assn. also pending a petition requesting FCC to add vhf Ch. 10 at Ondotlaga, Mich.

The Holdredge, Neb., Chamber of Commerce has asked the Commission to transfer vhf Ch. 4 from North Platte, indicating an unidentified local group is ready to proceed with TV at Holdredge.

Committee for Educational TV at Charlotte, N. C., petitioned FCC to continue the reservation of vhf Ch. 42 there while the Akron Public Schools supported continued reservation of uhf Ch. at Akron, Ohio.
NEW ROUND IN CH. CH. 2 JOUST

BATTLE for Chicago’s Ch. 2 continued into another round last week when CBS and Zenith Radio Corp. filed oppositions to the recommendations made by each other in answer to the question of what should be done about moving WBBM-TV Chicago from its present Ch. 4 to Ch. 2.

In the Zenith response, it implied strongly that any comparative hearing for Ch. 2 in Chicago should be with Balaban & Katz, former licensee of WBKB. CBS bought the facilities of WBKB from B & K (now an American Broadcasting- Paramount Theatres subsidiary) for $6 million. Station now is WBBM-TV.

Last week CBS maintained Zenith’s proposals were objectionable because they did not maintain the status quo—meaning, according to CBS, WBBM-TV on either Ch. 4 or Ch. 2. CBS also said that Zenith’s rights would be protected because the court instructed the FCC not to give any consideration to CBS expenses in making the move if it finally ordered the Zenith application to be heard. It also emphasized that Zenith had only engineering “bare bones,” and could not begin programming immediately, whereas it could.

KONA (TV) Sale Approved

SALE of majority interest in KONA (TV) Honolulu by Herbert M. Richards to the licensees of KGU and KPOA for $60,488 was approved by FCC last week. Mr. Richards gives up his 85% holding in KONA (TV), which went off the air about three months ago for economic reasons [B&T, April 13, March 16].

Advertiser Pub. Co., KGU licensee, and Island Broadcasting Co., which will sell KPOA as a condition of the KONA (TV) transfer approval, also are acquiring the remaining 15% interest in the TV station from other stockholders at 80% of par value. J. Elroy McCaw and John D. Keating, West Coast broadcasters, are chief owners of KPOA. The Honolulu Advertiser owns KGU.

KONA (TV) reported current assets of nearly $3,500 and current liabilities of almost $166,500 in the transfer application.

PETRY BUYS 22% OF KFMB-AM-TV

Wrather and Alvarez relinquish negative control of the San Diego outlet they purchased recently from John Kennedy for $3.15 million. Petry & Co. will pay $633,000 for 285.67 shares.

SALE of 22% interest in KFMB-AM-TV San Diego to Edward Petry & Co. for $633,000 is disclosed in a transfer application filed with FCC last week.

J. D. Wrather Jr. and Maria Petry each will relinquish negative control as the corporation issues additional stock to the station representative firm. Mr. Wrather and Mrs. Alvarez presently each own 500 shares. The corporation will issue new stock in the amount of 285.67 shares to Petry. The station representative also acquires an option to buy up to 142.83 additional shares.

Mr. Wrather and Mrs. Alvarez recently acquired FCC approval to purchase the KFMB radio and TV properties from John A. Kennedy for a total consideration of $3.15 million [B&T, March 30].

The application included reports to support the financial qualifications of the Petry organization. An income statement for 1952 showed that Petry received commissions of $1.65 million for the sale of radio and television time. Of this amount almost $1.6 million went for operating expenses, including $1 million for salaries and bonuses. Net profit before taxes was $79,716.92, net profit after taxes, $43,764.12. Petry showed a surplus Dec. 31, 1952, of $453,077.90.

---

NBC Appoints Kovach

JAMES E. KOVACH, WQXR New York manager, has been appointed director of programs for WRC (TV) Washington, NBC o & o stations, according to NBC’s Washington General Manager Carleton D. Smith. Mr. Kovach before 1950 was manager of network production operations for NBC and a member of the NBC-TV Development Board. Assisting Mr. Kovach at Washington, where he will be responsible for all radio and TV programming on the stations with emphasis on local programs, features and talent, will be WRC Program Manager Kenneth French, WNBW Program Manager Ralph Burgin and WNBW Film Dept. Manager George Dorsey.

---

KRSC Ups to 5 kw D

KRSC Seattle last Monday was slated to increase its daytime power to 5 kw, remaining at 1 kw nighttime, Robert Pollock, station manager, has announced. The station has prepared a new rate card.

Two salesmen have joined the KRSC staff. They are John Carlson, formerly commercial manager of KWLK Longview, Wash., and Charles E. Sullivan, formerly with Western Advertising Consultants.

June 8, 1953 Page 47
FIVE NEW TV OUTLETS GO ON AIR; TOTAL OPERATING STATIONS 178

Most of the new stations miss their planned starting dates, but some of this week’s crop beat their deadlines. Post-thow starters reach 70: 37 vhf, 33 uhf.

ONE by one new television stations are starting commercial programming—but most of them are starting from one day to several weeks after their “planned” debut. Some of last week’s starters, however, beat their deadlines.

Actually getting on the air last week, with commercial programming (even test patterns, these days, don’t mean that stations are ready to start regular programming), were five outlets—four vhf and one uhf. These made it: KFOR-TV Lincoln, Neb.; KMJ-TV Fresno, Calif.; KVOS-TV Bellingham, Wash.; WDAY-TV Fargo, N. D., and WROM-TV Rome, Ga.

KFOR-TV got on the air nearly two weeks earlier than originally planned; KMJ-TV and WROM-TV made it nearly three weeks earlier than anticipated.

Yesterday, WGBI-TV Scranton, Pa., was to have started programming, and KIDO-TV Boise, Idaho, is reported ready to start any day.

Counting those five new stations which started last week, the number of operating post thaw vhf stations rose to 37, and the number of uhf outlets rose to 33. Total post-freeze stations on the air: An All-time high of 70.

Total operating television stations in the U. S. and Hawaiian Islands: 178.

Eleven stations—five vhf and six uhf—are hopeful of starting before the end of June. Another 19 stations plan a commencement during July.

Here is the status of grantees planning operation within the next few weeks (as listed in chronological order):

On the Air

KFOR-TV Lincoln, Neb., vhf Ch. 10, represented by the Paul Haymer Co., affiliated with ABC-TV (started May 31).

KMJ-TV Fresno, Calif., vhf Ch. 24, represented by the Paul H. Haymer Co., affiliated with NBC-TV (started June 1).

KVOS-TV Bellingham, Wash., vhf Ch. 14, represented by Forjos TV Inc. (started June 1 to carry the Coronation and will operate on limited basis until 22 when it plans to start fulltime programming).

WDAY-TV Fargo N. D., vhf Ch. 6, represented by Free & Peters, affiliated with NBC-TV and to carry programs from other three tv networks (started June 1).

WROM-TV Rome (Ga.)-Chattanooga (Tenn.), vhf Ch. 3, represented by Weed Television (started May 30).

WSUN-TV St. Petersburg-Tampa-Clearwater, Fla., uhf Ch. 38, represented by Weed Television affiliated with ABC-TV and carrying programs from other three TV networks (started May 31).

EXECUTIVES of Storer Broadcasting Co. and its four TV and seven radio stations, attending quarterly meeting at Storer House, New York, included (standing, l to r): William Rine, northern district vice president; Art Schofield, advertising and sales promotion manager; Paul Miller, managing director, WWVA; Stanton P. Kettler, southern district vice president; Robert C. Wood, midwest sales manager; Gayle V. Grubb, managing director, WJBJ; A. Garen Ferrise, managing director, WMMN; John McCoy, secretary of Storer Broadcasting; Tom Harker, national sales director; Glenn C. Jackson, managing director, WAGA; George B. Storer, president; Lee B. Wailes, executive vice president. Seated, Glenn Boundy, chief engineer; Miller Babcock, managing director, WGBS; Allen Haid, managing director, WSPD; J. Robert Kerns, managing director, WSAI, and George B. Storer Jr., managing director, KEYL.

Yesterday (Sunday)

WGBI-TV Scranton, Pa., vhf Ch. 22, represented by Blair TV Inc., affiliated with CBS-TV.

Early June

KIDO-TV Boise, Idaho, vhf Ch. 7, represented by Blair TV Inc., affiliated with NBC-TV.

June 14

KROC-TV Rochester, Minn., vhf Ch. 10, represented by Robert Meeker TV Inc.

June 15

KAFY-TV Bakersfield, Calif., vhf Ch. 30, represented by Forjos TV Inc., affiliated with all four TV networks.

KPAZ-TV Monroe, La., vhf Ch. 43, represented by Headley-Reed TV Inc.

KSWS-TV Roswell, N. M., vhf Ch. 8, represented by Meeker TV Inc.

KTXL-TV San Angelo, Tex., vhf Ch. 8, represented by O. L. Taylor Co.

WTVE (TV) Elmira, N. Y., uhf Ch. 24, represented by Forjos TV Inc. (will begin on limited basis approximately June 15).

* Harry Y. Maynard, for the last five years sales manager of KTLA (TV) Los Angeles, has been named general manager of WCLA-TV Campaign-Urban, Ill., vhf Ch. 3 station. August C. Meyer, WCLA-TV president, announced the appointment. Mr. Maynard, before joining KTLA-TV, was in the radio production department of BBDO, Hollywood.

Target date for WCLA-TV is September 1. According to a station spokesman, the outlet’s operation with a 1,000-foot tower is expected to bring television for the first time to about two million people in central Illinois and western Indiana.
A disastrous tornado struck this central Texas city at 4:35 in the afternoon. Results—113 dead—503 seriously injured—1800 residential and 387 business houses damaged or destroyed—communications almost completely disrupted.

RADIO Went into action!

Station WACO's short-wave mobile unit was broadcasting from the stricken area within two hours after the tornado struck. Its public address facilities directed rescue operations...AM operation and Texas State Network became the disaster committee's call for heavy equipment to move the rubble...for food, clothing, blood and other supplies for rescue and first aid-workers. Over 50,000 personal messages of injury, fatality and safety...plus an assist with 25,000 such messages for the Ham Short-Wave Network...were handled in almost 100 hours of continuous broadcasting. Now that reconstruction work has begun, radio is resuming near-normal operations in Waco proving once again that whether it is an emergency created by a disaster or the day to day job of entertainment and information...radio always acts in the best interest of the public.
STORER SELLS
WSAI AM-FM

Subject to customary FCC approval, Gordon Broadcasting Co. will acquire the AM-FM facilities for a figure in excess of $200,000.

SALE of WSAI-AM-FM Cincinnati by Storer Broadcasting Co. to Gordon Broadcasting Co., headed by Sherwood R. Gordon, was announced last week by Storer executive vice president Lee B. Wailes, subject to customary FCC approval. Sale price was understood to be approximately $203,000 plus quick assets.

Mr. Gordon is a 24-year veteran in radio, having started as a child actor at WKBW and WGR Buffalo and continuing in the medium through the U. of Buffalo by working as announcer at various local stations, and subsequently served with a number of Midwest outlets, starting as announcer and advancing through intermediate stages to station management.

After 4½ years in military service, including two years in the South Pacific in Armed Forces Radio and as a combat photographer, Mr. Gordon moved to New York, married, and invested in a number of successful business ventures.

He said his purchase of WSAI, a 5 kw ABC affiliate in 1360 kc, "makes it possible for me to realize two ambitions, my entrance into the service prevented — to re-enter radio as a station operator, and return to the Midwest..."

Mr. Wailes, in announcing the sale, pointed out that Storer's recent $2.4 million acquisition of WBRC-AM-TV Birmingham [B.T. May 25] "brought to eight the number of AM stations under Storer ownership" and that "thus, in accordance with FCC practice, we had to reduce our total to seven."

TOOKE NAMED
WPTZ MANAGER

ROLLAND V. TOOKE has been appointed general manager of WPTZ (TV), Philadelphia following FCC approval of sale of the station from Philco Corp. to Westinghouse Ration Stations Inc. [B.T. June 1]. The appointment was announced by E. V. Huggins, WRS president.

Mr. Tooke has been associated with WPTZ (TV) since 1941 and since 1945 has been assistant general manager. He succeeds E. B. Loveman who will remain with the Philco Corp.

GATES NAMES FOUR EXECUTIVES

FOUR executive changes in the Gates Radio Co. organization were announced last week by Parker Gates, president of the Quincy, Ill., company.

Lawrence J. Cervone, head of the Gates New York office, has been promoted to general sales manager, replacing the late Fred O. Grimwood who died last year.

John M. Hearle, head of the defense contracts department of Gates at Quincy, has been promoted to head the New York office.

Urlin F. Whitman, chief engineer of WTAD Quincy, Ill., has joined the Gates sales department and will handle special product sales, including TV, and industrial products and special designs.

William Wallace Warren, chief engineer of WANE Fort Wayne, has been selected as sales engineer for Delaware, Pennsylvania, Virginia and West Virginia. Mr. Warren replaces John C. Price who is 40% owner of a new broadcast station recently authorized by FCC for Millville, N. J. [B T, June 1].

New Philco Line

A NEW line of 31 new radio and radio-phonograph models and 47 television receivers, including a 24-inch picture tube for the first time, was to be announced yesterday (Sunday) by Philco Corp. at the opening of its four-day midsummer convention in Atlantic City, where, Philco claims, 7,500 attending radio and appliance dealers comprise the largest convention ever held by a single company.

RCA Victor Introduces

A "ROTOMATIC" television line, which is said to fully exploit the advantages of completely automatic tuning for the first time, is being introduced by the Victor Div. of RCA, Camden, N. J. Announcement has also been made that RCA Victor is entering the high-fidelity phonograph field. Also in production is a new global portable radio which RCA states achieves a new level of performance in short-wave reception.

Business TV Package Available

SO-CALLED closed circuit TV package is available to business firms for presentation in a 62-city network, according to Cappel, Mac-Donald & Co., Dayton, Ohio, which claims 110 theatres with 240,000 seats can handle the telecasts.
SUMMERTIME IS KROD-TV TIME IN EL PASO--

Here Are the REASONS WHY KROD-TV Is Your Best Buy In El Paso and the Southwest!

1. Mountain top transmitter location — 1783 ft. above city.
2. Channel 4—56,300 watts
3. CBS—Dumont—ABC Networks
4. More viewers because of better regional coverage, thorough coverage of the "home town" area, and better programming.
5. More "top flight" film shows.
6. More local interest shows.
7. More live shows.
8. Unrivalled studio facilities especially designed for TV.
9. Large and experienced TV staff.
10. Newspaper affiliation.
11. Superior merchandising "tie-ups".

Sell In The City Where People Stay Home In The Summer!

BECAUSE 80% OF THE TV HOMES IN EL PASO ARE AIR-CONDITIONED FOR COOL, COMFORTABLE TV VIEWING

El Pasans, like most Southwesterners, stay indoors in the summer to enjoy the cool comfort of their air-conditioned homes and to watch TV . . . in the day-time and at night-time, too. Because El Pasans do stay home in the summer, they look to TV for entertainment. This gives the TV advertiser a greater opportunity to sell his product here.

A RESOLUTION

Unanimously adopted by The NBC Television Affiliates

PRINCETON, N. J. MAY 26, 1953
BE IT RESOLVED:

That we, the television affiliates of the National Broadcasting Company, who today at Princeton had the privilege of reviewing in detail with General Sarnoff the position of RCA and NBC in broadcasting and television hereby reaffirm our complete confidence in the National Broadcasting Company and heartily endorse its program as revealed to us by General Sarnoff.

This confidence is predicated upon the unquestionable leadership displayed by RCA and NBC in radio and television over the past years and the steadfast belief that General Sarnoff's position with respect to color television and various other current and future developments in the broadcasting field are fully as sound and unerring as previous decisions and predictions which he has made including his prophecy of the assured future of television, pronounced at Atlantic City in 1947.

The rapid approach of color television and RCA's tremendous strides in that area in our opinion more than justify our confidence in our future as NBC affiliates, and a careful analysis of the present and projected program and sales plans of NBC leaves us with the conviction that they cannot be successfully assailed by expedient competitive attack or propaganda.

In this confidence we adjourn our meeting with unanimous approval and endorsement of the R.C.A.-N.B.C. program as outlined to us today.
RADIO and television proved themselves the royal family of communications media with their rapid and descriptive coverage of the Coronation of Queen Elizabeth II of England Tuesday.

Radio re-asserted its reputation as the world's fastest communications medium, unfolding its on-the-spot story of the Coronation from beginning to end. NBC, CBS, MBS and ABC provided detailed coverage, although the networks relied heavily on the descriptions of the proceedings by BBC commentators. Radio coverage continued until approximately 9 a.m. EDT.

But it was television that provided the dramatic flourishes. Both NBC-TV and CBS-TV hired supersonic planes to hasten films across the Atlantic and from Canada to Boston, which was scheduled to be the transmission point for network programming.

NBC-TV attempted a bold move it later described as its "secret weapon." In hush-hush fashion it recorded BBC's telecast at Blackbushe Airport, 40 miles from London. The films immediately were placed on an English Canberra, which left for the U.S. at 6:24 a.m. EDT, almost two hours before CBS-TV's jet left London Airport.

But the "secret weapon" backfired when NBC-TV's jet plane had to turn back after two hours over the Atlantic because of a defective fuel connection. Later, when the official BBC films arrived at approximately 2 p.m. in Canberra jets at Goose Bay, Labrador, it touched off the day's second race between CBS-TV and NBC-TV.

It was CBS-TV's plane, piloted by Joe De Bona, that won, arriving at Boston's Logan International Airport at 4:14 p.m. EDT, 23 minutes before NBC-TV's jet, which Stanley Reaver piloted.

In a final effort, NBC-TV arranged with ABC-TV to share its "feed" from CBS at Montreal of BBC films, which were placed on the

**DEPARTURE and arrival time (EDT) of the various planes which relayed films of the Coronation first to Canada and then to the U.S., are shown above.***

**But the "secret weapon" backfired when NBC-TV's jet plane had to turn back after two hours over the Atlantic because of a defective fuel connection.**

Later, when the official BBC films

All figures from Sales Management Survey of Buying Power, 1953
Everyone seems to be agreed that...one of the most important yardsticks for the successful purchase of radio advertising and the corresponding placement of commercial radio time...is dependable audience measurements and surveys.

Just recently released is the first complete area Hooper Report covering BIG MIKE’S home state. This survey covers all of the State of Nebraska (every county) and the city of Council Bluffs, Iowa. This is the first complete, and thorough measurement of Nebraska Market and proves conclusively that BIG MIKE is the most powerful, influential salesman and entertainer in the area. As the “Timebuyer’s Assistant”, BIG MIKE is proudly pointing out key results of this survey. Hear more about BIG MIKE and the first REAL measurement of Nebraskan’s listening preferences...from Free and Peters...or get the facts from Harry Burke, General Manager.

And remember the bonus coverage of KFAB—parts of 6 states around Nebraska

BIG MIKE is the physical trademark of KFAB, Nebraska’s most powerful station
three networks—CBC, ABC and NBC—at 4:14 p.m. Later, spokesmen for both ABC-TV and NBC-TV claimed the distinction of placing the films first on their respective networks. CBS-TV, which went on the air with an edited version of the Coronation at 4:23 p.m. EDT, said that its telecast gave the American audiences its first view of the actual Coronation rites.

NBC-TV and CBS-TV also made use of larger planes, converted into flying laboratories, complete with film-editing equipment, that were flown into the U.S. later that evening for a round-up telecast. NBC-TV's Pan American Super-Six clipper carried back commentators Henry Casidy and Merrill Mueller, who provided the commentary for a 10:30-12 midnight program. CBS-TV's BOAC Stratocruiser carried, among others, Edward B. Murray, who offered comments on a 10:30-12 midnight telecast.

**TELESTATUS**

Weekly TV Set Summary—June 9, 1953—Telecasting Survey

Editor's Note: Set estimates appearing here are obtained from stations, which report regularly on special, sworn basis. Since all stations report weekly, the figures in some markets may remain unchanged in successive weeks. Totals for each market represent estimated sets within coverage area of stations in that market. Where coverage zones of different markets overlap, set counts in these markets may be partially duplicated. Total sets in use in U.S., however, is unduplicated estimate.

ABC REALIGNS EXECUTIVE POSTS IN N.Y., CHICAGO

EXECUTIVE realignment in ABC's New York and Chicago operations, first of this scope since the merger of ABC and United Paramount Theatres last February, was announced Thursday by President Robert E. Kintner.

Mr. Kintner said the changes—which were made public coincidentally with announcement of the resignations of John H. Norton Jr. as vice president in charge of the ABC Central Div. and Paul Mowrey as general manager of WABC-TV New York—were designed to accomplish the "twin purpose" of giving WABC-TV greater autonomy and to enhance ABC's Chicago facilities as a radio and TV program production center. The new appointments, effective July 1:

- John H. Mitchell, ABC vice president in charge of WBKB (TV) Chicago, moves to New York as vice president in charge of WABC-TV.
- James L. Stirton, general manager of the Central Div. of the ABC network, becomes director of the ABC-TV network operations for the division, and, similarly, Don Roberts becomes director of the ABC radio network operations for Central Div.
- Sterling C. Quinlan, who has been program director of WBKB, takes over the general managership of both WBKB and WENR, ABC-owned radio station in Chicago.

ABC said the executive duties which heretofore have been handled by Mr. Norton as vice president in charge of the division have been reassigned among Messrs. Quinlan, Roberts and Stirton, and that Mr. Mitchell, as vice president in charge of WABC-TV, will also assume the general manager's responsibilities held by Mr. Mowrey before his resignation last Monday. Mr. Roberts will report to Charles T. Ayres, vice president for ABC radio, while Mr. Stirton will report to Alexander S. Stronach Jr., vice president for ABC television.

NBC-TV CLAIMS NO 'REBELLION'

NBC claimed last week that any likelihood of "rebellion" among its TV affiliates had vanished—that, in the wake of the widely acclaimed presentation the week before by Brig. Gen. David Sarnoff, chairman of the boards of RCA and NBC [B & T, June 1], all but one affiliate had signified intentions of remaining on the network.

The single exception, officials said, is WHAM-TV Rochester, known for some time to be "on the fence" as to whether it will remain on NBC or switch to CBS-TV. NBC authorities said they had had no word, either way, about WHAM-TV's intentions as to affiliation, but they considered it "significant" that the station already had signed an agreement accepting NBC's new "contiguous" discount structure [B & T, June 1].

Of the "commitments" from other
Hi Mom and Dad—

We had one grand show today....

This Spring, at the specific request of the Armed Forces, a troupe of WSM Grand Ole Opry Stars flew to Korea to bring a bit of home to the boys in the fox-holes, half a world away. They went because of all the entertainment available in the nation, our soldiers preferred the Grand Ole Opry.

This letter, written by one of the many thousands whose lives were lifted out of the fox-holes by the Grand Ole Opry for a little while, tells a compelling story of what a single program on a single station has done to mean to a whole people!

Kimpo Air Base, Korea

“Another day gone and another one ready to take its place. It soon gets so one day is like the other. (I just looked at the calendar and saw it’s Saturday, Friday where you are.)

Today was sure different than any so far since I’ve been here. What accounted for it? Well, I’ll tell you. We had one grand show today. Ernest Tubb and his Texas Troubadours, Hank Snow and Lew Childre, and other Grand Ole Opry stars really gave us a good show. Hank Snow opened the show, singing “I’m Movin’ On,” “Golden Rocket,” and other songs he made famous. Then the Troubadours took over for a while. Ernie Tubb gave his show, Lew Childre gave us laughs, songs and his imitation dance, then they all got together and cut up and acted a fool for a while. The whole show lasted almost two hours. I almost felt like crying when they had to stop. That’s how much I liked it. I guess it’s because we don’t have much to do for entertainment, and when we get something good for a change, just don’t want to let it go. And too, it reminded me of Saturday nights at home. We sure did have us a time. Surprised me how many hillbillies there are here at Kimpo. We were in an open theatre, and I mean it was packed.

I guess it seems funny to you, us going crazy over a simple show that you hear every Saturday, but over here it’s something special to us.”

(Name on Request)

No wonder WSM and WSM’s Grand Ole Opry has become the greatest single selling force in America. Tom Harrison, or any Petry Man, can fill in the details for you.

WSM Nashville . . . 650
Clear Channel 50,000 Watts
stations to remain with NBC-TV. Officials reported, some were verbal and some written. In the latter category was one from P. A. Sugg of WKY-TV Oklahoma City, another station which had been on the so-called "critical list."

Meanwhile, it was reported that all but three stations—not identified—have told NBC officials they will accept a downward revision in Saturday-Sunday afternoon TV rates which was unveiled during the May 25-27 meeting of the affiliates with network officials. Under this plan, the 1-5 p. m. period on Saturday and Sunday, now in class A time, becomes class B, the rate for which is three-fourth of the rate for class A.

**KXOC Drops, KHSI Joins CBS; Network Adds KVCV**

A CHANGE in the CBS Radio affiliation in Chico, Calif., with the network adding a new affiliation in Redding, Calif., at the same time, has been set for Aug. 14, it was reported last week.

The Chico affiliation switches from KXOC to KHSI, while CBS Radio also adds KVCV Redding, which is under the same ownership as KHSI. KVCV currently is affiliated with Mutual.

Lincoln Dellar, owner of KXOC and also KXOA Sacramento and KDB Santa Barbara, said he was relinquishing the CBS Radio affiliation at Chico rather than give up a recent power boost from 5 to 10 kw on 1060 kc there. He claimed the network felt that with 10 kw his station would overlap the network's own KCBS San Francisco.

Network officials, however, said that even before KXOC's power boost Mr. Dellar had sought an increase in the station's network rate and network compensation, which the network felt unjustified, and that, in view of negotiations with the owners of KHSI and KVCV, it was decided to substitute those two stations for KXOC in the affiliation list.

KHSI is on 1290 kc with 5 kw, and, like KVCV, is a Mutual affiliate. KVCV is on 600 kc with 1 kw. The two stations are owned by Golden Empire Broadcasting Co., headed by Mrs. Hugh McClung.

**CBS Inc Elects Lovett To Membership on Board**

ELECTION of former U. S. Secretary of Defense Robert A. Lovett as a member of the board of CBS Inc. was announced by Chairman William S. Paley after the monthly board meeting last Wednesday. Mr. Lovett, a general partner in the private banking firm of Brown Bros. Harriman & Co., succeeds Prescott S. Bush, also of Brown Bros. Harriman, who resigned from the CBS board after his election as a U. S. Senator from Connecticut last fall.

**NBC Signs Tom D'Andrea**

SIGNING of comedian Tom D'Andrea to a long-term NBC contract as part of the network's comedy development program was announced last week by Charles C. (Bud) Barry, vice-president in charge of network programs.
Westinghouse Welcomes WPTZ

Philadelphia's first TV station
NBC-TV affiliate

Philadelphia's first television station is now a unit of the group that originated the broadcasting industry. Westinghouse Radio Stations, Inc.

Separately, KYW and WPTZ have won the friendship of an audience of millions in the greater Philadelphia metropolitan area. Together they can do still more to bring to this audience the very best in entertainment and information... and to bring to advertisers a new high in eye-and-ear coverage of the Philadelphia area!

ISSUE FORD FOUNDATION REPORT

The Ford Foundation's annual report was released last week, and it disclosed that the Radio-TV Workshop cost $670,802 the last half of 1952.

ITS TV-Radio Workshop cost the Ford Foundation $670,802—after deducting $187,850 received from sponsors of its programs—during the last half of 1952, the Foundation's annual report showed last week.

Full-year figures for the Workshop were not shown, since it did not commence operation as a department of the Foundation until July 1952. Before that it was administered by the Foundation's Fund for Adult Education, whose annual report will not be made until September.

Overall, the Foundation's report showed, the Fund for Adult Education received from the Foundation authorizations for grants totaling $4,100,000 for its "educational television program" during the year. Of this sum, $500,000 had been paid as of Dec. 31. The grants were authorized "for aid" in the construction of educational television stations, on a matching basis with local groups, and to assist in the development of program material. In the latter category was $150,000, in addition to $800,000 in 1951, to produce several series of radio programs for the National Assn. of Educational Broadcasters, among them The Jeffersonian Heritage and the Ways of Man-kind series. The 1952 total also included $60,000 granted by the Fund to the National Citizens Committee for Educational Television and "substantial grants to the Educational Television & Radio Center, a facility for program assistance, development and exchange."

The TV-Radio Workshop, set up to improve "the educational use of television and radio within the normal practices of commercial broadcasting" and directed by Robert Sauder, produced two TV and one radio series during 1952. A weekly 90-minute series, Omnibus, was presented over CBS-TV with a complement of five sponsors and is slated to return to that network, with sponsors limited to four, in the fall. A weekly series on the UN General Assembly meeting in Paris, Assembly VI, was presented on NBC-TV in late 1951 and early 1952, while the radio series, The People Act, a series of documentaries, was presented no CBS Radio the first 262 weeks of 1952.

"The wide critical and popular success of the initial Omnibus programs has gone some distance toward confirming the Foundation's belief that quality and acceptance are not mutually contradictory in commercial television," the report asserted.

Although not mentioned in the report, plans for next fall included the presentation of a Karyn-Carrie series on NBC-TV in addition to the return of Omnibus to CBS-TV.

The report showed the Foundation's assets at the end of 1952 totaled $519,422,069 of which $417,137,580 was in non-voting Class A stock of Ford Motor Co. Income during 1952 totaled $32,612,977, while grants amounted to $37,865,922 and expenses to $34,407,812.

New WBT WBTV (TV) Grants

WBT WBTV (TV) Charlotte, N. C., which already have donated $20,000 to educational TV groups in North Carolina, are giving the U. of North Carolina a $30,000 grant, to be paid in three annual payments of $10,000. Charles H. Crutchfield, executive vice president of the stations, said, "We are hopeful that our assistance, financial and otherwise, will at least help the educational TV people to determine their course for the future, and will be of aid to them in the attainment of their alma."
LIVE ITEMS FROM OUR MORGUE

3/4 OF AMERICA'S FOOD NOW PROCESSED*

...a distribution miracle made possible by TRUCKS

Trucks are the reason why shrimp from the Gulf appear on tables in the North, why small Midwestern communities as well as large cities can enjoy oysters and clams from the seaboard, and have fresh vegetables all year round—why Illinois hams get to California picnics, and why Georgia peaches are served in Kansas restaurants.

The whole marvelous expansion of our distribution system since World War I has largely been brought about by truck. In the handling of processed foods alone, trucks render an invaluable service to the grower, the processor, the merchant and the consumer. In a supermarket, the frozen foods section alone is evidence of the great change. Every item in it got to the store by truck! Trucks keep our American abundance within the reach of everyone.

Walter J. Lewis
President,
American Trucking Associations

*Three-fourths of all the food that reaches American homes is processed in some fashion. Only one-fourth arrives there in the form in which it left the farm.
D. C. Educ. TV Bill Flunks House Test

THE REQUEST by educators in Washington, D. C., for $400,000 to build and operate a TV station there, a proposal backed by President Eisenhower, has flunked the legislative test in the House. If it can make the passing grade in the Senate, however, educators in the Nation’s Capital may have hopes revived.

The appropriation bid was contained in a supplemental D. C. budget submitted late last month [BT, May 18]. Ten days later the entire sum was chopped out by the House Appropriations Committee. The House last Tuesday passed the supplemental—without the TV station funds.

The D. C. school board is an applicant for uhf Ch. 26, noncommercial educational TV channel. FCC has not acted, waiting for more information on financing methods and cooperation with other educational groups. Of the total requested, $350,000 was for construction, the remainder for the first year’s operation.

Also on the budget scene, the Senate has appointed conferees to consider the Independent Offices Bill which includes appropriations for FCC. The Senate has proposed $300,000 more than the House for the Commission to help solve the TV application processing load.

Educational TV Stopper Passes Ill. Lower House

A BILL to prohibit educational institutions supported by state funds from constructing or operating TV stations was passed by the Illinois House and sent to the State Senate last week.

During debate, charges were made that the U. of Illinois operates a “biased” radio station and would misappropriate state money to develop a TV school. The university seeks vhf Ch. 12 at Urbana-Champaign.

If passed by the state legislature, the measure would prohibit the U. of Illinois and other state institutions wholly or partly supported by state funds from building and operating educational TV outlets. It would not apply to the proposed station of the Chicago Educational Television Assn. on vhf Ch. 11.

Educational TV Group Forms in Schenectady

AN AREA-WIDE Council on Educational Television was formed in Schenectady May 22 to administer educational TV programs over General Electric’s WRGB (TV) Schenectady and other TV stations on behalf of educational and cultural organizations in that part of New York State.

The first action of the council, meeting at the invitation of WRGB, was to accept an offer to present a one-hour educational program over the station five days a week, starting in September. It also voted to accept a WRGB proposal to pay $2,500 a year toward the salary of a television producer for two years.

A 17-man board of governors was chosen at the meeting. It will meet Wednesday to select a president, treasurer and secretary.

Albert G. Zink, program manager of WRGB (TV), said the station’s offer of time to educational groups was consistent with the position outlined by Robert B. Hanna, GE manager of broadcasting, to the New York Temporary State Commission on the Use of Television for Educational Purposes. According to Mr. Zink, Mr. Hanna testified that the “practicability of obtaining time from commercial stations should be explored before the board of regents be permitted to establish 10 educational television stations.”

Henry O. Whiteside, former vice president of Gardner Adv. Co., St. Louis, and member of St. Louis Board of Education, appointed director of internal and external relations and supervisor of advertising for Mercantile Trust Co., St. Louis.

It's Results that Count...

Recently, an advertising agency wrote WGN-TV:

"The leads developed from a single announcement on your program were better than four times any other television show that we have utilized. This is all the more remarkable in that the prices quoted by you were virtually double the prices that had been used on some of the previous programs."

If you want RESULTS in Chicago—(and who doesn’t)—make WGN-TV your best buy in television.

(P.S. The agency was talking about WGN-TV's "Your Figure, Ladies" program)

William R. Hesse, account supervisor, BBDO, N. Y., for Ben Ami Co., American Radiator, Crosley Div. of Avco, and D. L. Clark Candy Co., elected vice president.

Arthur J. Daly, DuMont TV network, sales department, to D'Arcy Adv., N. Y., as business manager of radio and television department. He will be responsible for agency's time buying and will work with Paul A. Louis, vice president and director of radio and television.

Catherine Parker, media director and vice president, Lennen & Newell, N. Y., has resigned.

Benjamin Finkelstein, president of Flint Advertising Associates, N. Y., will close offices June 1 to join Paul Lepton, Phila., as a vice president.

Sam Bushman, head of own publicity and promotion firm in Phila., to Yardis Advertising Co., Phila.

William Brodsky, assistant manager, promoted to Lit Brothers' Subway advertising manager, Philadelphia.

William Burrill appointed executive Canadian representative of Stuart Bart Inc., N. Y., which has opened offices at 3605 University St., Montreal, and plans to open its Canada head-office at Toronto.

Isadore Leyden, chief mechanical engineer in charge of design of radio and television receivers for Garod-Majestic, N. Y., to Telekling Corp., N. Y., in same capacity.

Alex Arnold, controller of Motorola Inc., Chicago, elected to membership in Controllers Institute of America.
What does an inventor look like?

In 1850, Samuel Kier built a one-barrel "teakettle" refinery in Pittsburgh. There, through his own genius, he first distilled petroleum and became America's pioneer oil refiner. But how times have changed.

Today, a new product is rarely one man's creation. The better products get, the harder it is to improve them. Now, many men of many skills must work together in research centers on projects planned long ahead.

For example: two years ago we saw the need for a new kind of motor oil that would fully meet the demands of precision-built, high-compression automobile engines. Among other things, this special oil must flow with full pressure at zero temperature — yet give full protection at 400 degree heat.

One man would never have the skills, time, devices or money to cope with such a complex problem. But at our Brea research center a team of Union Oil engineers solved it. And Union was the first to give the West this better lubricant.

Naturally we're proud to add new Royal Triton 5-20 motor oil to our many firsts. We think this new Union Oil product is one more proof that the best progress comes from an economic system that gives the best incentives. American free, competitive enterprise provides these incentives as no other system ever has.

UNION OIL COMPANY
OF CALIFORNIA
INCORPORATED IN CALIFORNIA, OCTOBER 17, 1890

This series, sponsored by the people of Union Oil Company, is dedicated to a discussion of how and why American business functions. We hope you'll feel free to send in any suggestions or criticisms you have to offer. Write: The President, Union Oil Company, Union Oil Building, Los Angeles 17, California.
Ralph R. Shields, merchandising supervisor of TV picture tubes, Sylvania Electric Products, Seneca Falls, N. Y., promoted to product sales manager of TV picture tubes.

Trade Associations

STRATEGIC BILLBOARD

WHEN travelers arrive at Cleveland's municipal airport, they are greeted with the WGAR billboard, strategically located at the only exit. The sign shows Bill Mayor, WGAR's "Mayor of the Morning," greeting visitors with the WGAR key to the city.

HAVE A PIE

WNBT (TV) New York sent agencies and advertisers a pie plate on which was inscribed a recipe for apple pie by station personality Josephine McCarthy. An accompanying note said that Miss McCarthy would bake a pie "to your order as a gift from us," and suggested a phone call to the station "to get your pie, and the information about TV's best buy."

TV HISTORY

STUDENTS in radio and TV courses offered by Columbia U.'s School of General Studies, in cooperation with NBC, presented a complete network telecast on NBC-TV's American Inventory program, May 24, 2-2:30 p.m. EDT. Titled The Road to Television, the program surveyed the forerunners of television from the time of Leonardo da Vinci to Louis Daguerre, Alexander Graham Bell, Thomas Edison and Lee De Forest. Writing, production and directorial assignments were handled exclusively by students.

SUMMER SOUP 'N SALADS

SOUP 'n salads, soup 'n sandwiches will be spotlighted this summer in a joint promotion campaign by Campbell Soup Co. and Kraft Foods Co. In a farm-to-fork appeal to consumers, the promotion will emphasize "quick, easy meals" requiring less time in the kitchen.

PARTY FOR MAYORS

WOR N. Y., held a party for the mayors of more than 90 communities in its broadcast area, commemorating its Mayors of the Week program, which has been carried on the station for the past year and a half. WOR broadcast two 15-minute shows from the party at 3:30 and 4:30 p.m., with Patt Barnes as emcee.

'SUPER HOMBRE'

AT WWRL Woodside, L.I., it's not "Superman" but "Superhombre". Last week WWRL began broadcast-

WTTG (TV) Washington, in joint-promotional tie-up with movie theaters, shows clips of coming theatre attractions on its weekly "Hollywood Reporter," conducted by Elaine Shepard. In return the theatre plugs the station with a lobby display featuring the TV show, such as the one viewed above by Jerry Baker (1), manager, RKO Keith Theatre, Washington, and Walter Compton, general manager, WTTG.

UNITED JEWISH APPEAL

IN A salute to the United Jewish Appeal, WDTV (TV) Pittsburgh carried a special program titled Three Lives. Produced in Hollywood, the filmed program starred Jane Wyman, Charlton Heston, Randolph Scott and Arthur Franz. During the past 15 years the United Jewish Appeal is reported to have saved and aided more than two million persons. The WDTV program was aired from 1-1:30 p.m., May 31.

DRIVE-INS SPONSOR SHOW

FIVE Philadelphia area drive-in movie theaters have joined together to sponsor a daily late afternoon program on WIP Philadelphia. Titled Music From the Movies, the program is aired at 5:15 and is slanted toward people listening to car radios while driving home from work and women listening to kitchen radios while preparing dinner. "This timing is intended to crystallize plans for the evening among listeners—steering them towards the drive-ins."

PROMOTIONS
FAN MAIL

RECENTLY the Reichart Furniture Co. of Wheeling, W. Va., a WWVA Wheeling advertiser, received a shipment of curtains from the New England area. Written on one of the packages of curtains was the following message: “We listen to the WWVA Jamboree every week, and think it’s swell...” The 20-year-old program is now broadcast over CBS as a feature on Saturday Night — Country Style.

BLOOD TEST PROGRAM

IN COOPERATION with the New York City Dept. of Health, WLIB New York is broadcasting information on the Dept.’s blood test program being conducted in upper Manhattan as part of an overall effort to stamp out venereal diseases in New York. Continuing through June 19, WLIB will present interviews with persons tested and spot announcements on the value of the blood test program.

ENGINEERING HISTORY

THE STORY OF engineering and engineers is being presented dramatically over WEFL Boston, Sundays at 1:00 p.m. Under the general title of Romance of Engineering, the series traces the history of engineering from earliest times. Developed in cooperation with the Mass. Society of Professional Engineers, the programs started May 1 and continue through August 16.

STATION REUNION

A LUNCHEON was given for past and present staff members of WRBL Columbus, Ga., as a part of its 25th anniversary of broadcasting. During the morning of celebration, WRBL aired programs that were popular in 1928, the station’s first year on the air. Original cast members and musicians were on hand to conduct these shows. The station reports that past members came from all parts of the country to participate in the festivities. The week of May 10 through May 16 was proclaimed “WRBL Week” by the mayor of Columbus.

MAPS OF LONDON

DECORATIVE colored maps of London arrived three weeks ago on desks of New York radio editors. They were souvenirs sent by Emily Kimbrough, whose Monday-Friday afternoon program on WCBS New York was broadcast live from London two weeks ago.

BROADWAY BOUND

AN ORIGINAL TV play, “The Chess Game,” written for Kraft Television Theatre last February, is headed for a Broadway stage run, to be produced by John Golden. Robert H. Lindsey, author of the TV play, is now adapting it with Edmund Rice, script editor of Kraft TV Theatre, for the stage version.

YOUNG FOLKS ON THEIR OWN

KRKC Lewiston, Idaho, began working with the Radio Forensic Club of the Lewiston High School a year and a half ago, helping the group to organize, produce, record and sell their own half-hour program once a week to local sponsors. The format of the show included high school news concerning sports, social activities, and plays. The program also featured discussions, skits and local musical talent. From the proceeds the young people were able to buy their own recording equipment, and after six months KRKC put them on their own to produce their own show at the high school and sell it to local sponsors. For over a year, they have aired the show, once a week, and sponsored every time.

PROMINENT DEE JAYS

FORMER Governor of North Carolina W. Kerr Scott turned disc jockey for an hour and a half over WTOK Durham, as guest disc jockey on Charlie Cash’s Cat Rat Race while Mr. Cash was on vacation. Other guests handling the jazz program during Mr. Cash’s absence included a city councilwoman, mayor pro-tem, county manager, publicity and agency directors and an assistant basketball coach.

‘GLAMORAMA’

PUBLIC service is combined with merchandising promotion in a new project announced last week by WOV New York. Called “Glamorama,” will present fashion shows and beauty clinics on behalf of charitable groups in the New York area, and at the same time help promote WOV-sponsored products with demonstrations at the affairs. “Glamorama” is the first formal project of WOV’s newly created Community Services Div., which is under the direction of Hazel Sharp. She resigned as city sales manager of Avon Products to assume the new post.

Page 76 June 8, 1953
**LADIES PICK TALENT**

NBC-TV Ladies Choice, new daily daytime variety program, features talent selected by women's clubs throughout the country and presented by club representatives. A "mystery spinning picture" of a celebrity is identified through phone calls to viewers in different sections of the country. The program is packaged and produced by Wilbur Stark and Jerry Dayton. Singing emcee is Johnny Dugan.

**POLO REMOTE TELECAST**

KGMB-TV Honolulu's first remote telecast of Inter-Island Polo Matches from Waikiki reportedly created quite a stir. Dashing Peter Perkins, internationally famous 8-goaler polo player, was so camera conscious that he rubbered several shots according to KGMB. Aloha-Murphy Motors sponsored the match.

**SERVIETTES FOR CAFES**

CFCL Timmins, Ont., is distributing free to Timmins cafes and restaurants white serviettes with promotion about CFCL and CFCL programs.

**CONCERT AND AUCTION**

WPTX Lexington Park, Md., had the privilege of broadcasting the hour-and-a-half-long concert held at the Naval Air Test Center, Patuxent River, Md., which was attended by many notables. Among those present were Vice President and Mrs. Nixon, Sen. Styles Bridges, Sen. Joseph McCarthy, Speaker Joseph Martin and Gene Hersholt, of Dr. Christian fame, who was emcee for the entire program. Lee Bowman auctioned off many personal items of the V.I.P.'s who attended, raising over $5,000 for the St. Mary's County Hospital Building Fund.

**BINAURAL PROGRAM SERIES**

KDKA Pittsburgh has introduced a series of special programs featuring binaural sound, which is designed to give listeners the distinct impression of being at the point of origination. KDKA technicians installed special equipment to provide AM and FM simultaneously. To receive binaural sound, the listener is supposed to place AM and FM radio about 10 feet apart, and both about 10 feet from himself. The series is sponsored by Duquesne Brewing Co.,

**Crosley Joint Promotion With Newspapers Pays Off**

JOINT promotion venture by Crosley Broadcasting Corp.'s three TV stations—WLWT (TV) Cincinnati, WLWD (TV) Dayton and WLWC (TV) Columbus—and 53 newspapers in the stations' coverage area resulted in publicity for both stations and newspapers during a recent contest among TV viewers for program preferences. Crosley invited participation by the editors by persuading each one to conduct a context in his own newspaper on his readers' preference among Crosley video stars, with the best ideas to be incorporated into an all-star variety TV show on stations at the end of the contest.

In return Crosley mentioned the names of the newspapers on its TV announcements promoting the contest, and arranged interviews for some of the editors on television. The newspapers, according to Crosley, had a combined circulation of 650,000. First prize to the viewer with the best programming idea was a 21-inch TV set. Crosley employed a former New York showgirl, Brenda Hollis, to visit each editor, take his picture and arrange for TV interviews. Miss Hollis and other Crosley TV stars then interviewed the editors.

**WSA-Z-TV**

WHIM, KING, MBS, WCPO-TV WIN SLOAN SAFETY AWARDS

Annual Alfred P. Sloan radio-TV awards for highway safety were presented May 26 to WHIM Providence, R. I.; KING Seattle; the Mutual Network, and WCPO-TV Cincinnati for their sustaining support of highway safety during 1952, as well as to four sponsors for their support on commercial broadcasts.

The awards, administered by the National Safety Council, were presented by Alfred P. Sloan, Jr., founder and president of the Sloan Foundation and chairman of the board of General Motors, at a dinner at the Plaza Hotel, New York.

Among the commercial awards winners, DeSoto-Plymouth Dealers of America, sponsors of the Groeneho Motor Show on NBC-TV, won top honors in the TV network commercial category for a planned program that features NSC slogans on 48 programs during the year; Standard Oil Co. (Ind.) took the award for "the variety, quality and effectiveness of its safety program in 27 cities," especially the safety reminders made on "each of 3,424 newscasts"; Dittman Motors, Reading, Pa., was winner in the up-to-1-kw radio station commercial classification for its quarter-hour Music for Motorists on WEEU Reading, and Preferred Insurance Exchange, Seattle, won the award in the regional radio commercial group for sponsoring Could This Be You? on KVI Seattle and for cooperating with KVI in making tapes of the program available to other northwest stations.

In addition to the commercial and sustaining awards winners, the U. of Tennessee's WUOT (FM) Knoxville won the noncommercial educational station award for creating and releasing 15 quarter-hour programs to 15 stations, 13 quarter-hour programs to 11 stations, and six quarter-hour programs on water safety to 10 stations, plus its year-round general emphasis on safety.

There were no awards in the TV network sustaining classification and the TV station commercial category.

Harold E. Fellows, NARTB president and W. S. S. Rodgers, chairman of the board of trustees of the National Safety Council and former chairman of the Texas Co., spoke briefly at the awards dinner, which also featured an hour-long revue with special music and choreography. Teleprograms Inc., producer of the Sloan Foundation's American Inventory, series on NBC-TV, was in charge of production for the dinner program.

In the sustaining awards classifications, Mutual won the radio award for "a splendid all-year-round safety campaign," which included two sustaining programs each Saturday from June 7 through Oct. 24, plus cooperation in making the services of commentators Cedric Foster, Gabriel Heatter and Bill Henry available for the NSC's Fight for Life transcriptions, subsequently used on more than 1,200 stations; assistance in urging affiliated stations to stress safety on local shows, and the use of an NSC staff member in a safety feature on the regular Top Tunes with Trender program.

WHIM, winner in the sustaining class for radio stations of 1 kw or less, broadcast 668 five-minute programs in cooperation with the Metropolitan Safety Council during the year, also carrying 1,248 "courtesy of the road" safety shorts, 3,380 other spot announcements on safety, and 1,436 mentions on established programs, NSC pointed out.

KING, winner for the second straight year in the sustaining category for radio stations above 1 kw, was honored for "its original and effective approach to the traffic safety program," with three special projects—KING's Cautious Kid, the Traffic Jamboree, and King Mystery Joy-walker—and a total of more than 520 hours and 6,740 spot announcements devoted to safety during the year.

WCPO-TV, also winning for the second consecutive year, took top honor in the TV sustaining classification "for an extensive campaign in

ATLANTA Gas Light Co. has a winner in its News of the World program on WSB-TV there. The news show recently took third place for television in the Public Utilities Advertising Assoc.'s 30th annual Better Copy contest. Discussing the award are (1 to r): J. Leonard Reinsch, WSB-TV managing director; Mr. Gussie O. Jones, advertising manager, and Rock Taber, president, Atlanta Gas Light Co.
which most of its programs were tied in with safety," including continuation of the Play It Safe quiz show and other safety programs it carried in 1951. In all, the station reported 1,116 special safety programs, 7,906 safety spot announcements, and 938 safety mentions on established programs for what the judges called "outstanding" day-by-day coverage.

Seattle Ad-Sales Club Presents Award to KJR

TOP AWARD for national advertising campaigns in the under-$50,000 classification went to KJR Seattle in the sixth annual advertising awards competition sponsored by the Advertising and Sales Club of Seattle. The award was made for the station’s direct mail campaign, handled by Alfred Goldblatt Adv.

The awards were presented by Washington Gov. Arthur B. Langlie. Bardahl Mfg. Co. took the top award in the ad club’s competition, also winning in the national over-$100,000 classification. While the top award was based on campaigns using three or more media, judges weighed heavily Bardahl’s nationwide use of an animated TV commercial. The Bardahl campaign was prepared by Wallace Mackay Co., Seattle.

SIGMA DELTA CHI PRESENTS AWARDS

THE annual Sigma Delta Chi Distinguished Service awards were presented at the 21st annual awards banquet by the national journalism fraternity at Chicago’s Conrad Hilton Hotel May 25. Nearly 500 fraternity members and guests witnessed presentation of bronze medallions and plaques.

Among radio-TV winners, announced last April, were NBC commentator Clifton Utley and Charles and Eugene Jones, NBC’s roving reporters-cameramen; WBNS-TV Columbus, Ohio; WMT Cedar Rapids, Iowa, and the four major TV networks.

Mr. Utley and the Jones twins accepted their own awards. WBNS-TV’s award was accepted by Richard A. Borel, general manager, and WMT’s by William Quarton, general manager. Representing the networks were John H. Norton Jr. for ABC, Gordon Mills for DuMont TV Network, Kenneth Craig for CBS, and Jules Herbueux for NBC. Mrs. Helen S. Mark, owner and executive vice president of WMT, was an honored guest.

Mr. Utley was cited for radio newswriting, while the Jones boys were honored for exclusive reportorial and camera work on the Turkish-Russian frontier. WBNZ-TV and WMT won recognition for public service shows. The networks received special citations for television coverage of last year’s political nominating conventions [B*T, April 13].

Cleveland AM-TV Awards

WGAR and WTAM Cleveland shared top honors in annual Cleveland Press local radio poll with WEWS (TV) far ahead in the television rankings. Advertising agencies credited with best commercials, according to poll results, were D’Arcy; Meldrum & Fewsmith; Ketchum, MacLeod & Grove, and Frank B. Sawdon.

WGAR won first in public service (City Club), instrumentalist (Henry Pildner) and newscaster (Jim Martin). WTAM won firsts with best program (Bandwagon), male vocalist (Johnny Andrews), female vocalist (Jackie Lynn), live music (Bandwagon), sportscaster (Jimmy Dudley, also on WERE). WERE was third in radio.

In TV, WEWS (TV) won best program (Dinner Platter), best performer (Bob Dale), women’s (Beauty for You), public service (Meet Your Schools), female vocalist (Barbara Page), live music (Polka Revue), sportscaster (Jimmy Dudley). WNBK (TV) won firsts in children’s (Charming Children), male vocalist (Johnny Andrews) and best movies.

JULES HERBUEUX (r) assistant general manager of NBC’s WNBQ (TV) and WMAQ Chicago, is named "Man of Achievement in the Field of Television" by Chicago Unlimited, and receives a prize and scroll testifying to the honor. Joseph Seifurth, executive director of Chicago Unlimited, presents the award.

Plymouth, N.Y., suburb of Syracuse, is only one community in the rich 26 county market that watches WHEN. In fact, WHEN offers exclusive coverage of the important Central New York Market. Rich agriculture and high industrial diversity give this market (more than 2½ million people) a high stable buying income - people that are able to buy your product if they know about it. Milestones

DON McNEILL's Breakfast Club show will celebrate its 20th anniversary on radio with a special simulcast of the program June 20, 9-10 P.M. EDT, over the ABC radio and TV networks. Toni Co. and Philco Corp. jointly will sponsor the telecast portion of the anniversary simulcast, with Toni presenting the 9-9:15 A.M. segment and Philco the remainder of the program.

EIGHTEENTH anniversary of America's Town Meeting of the Air, the oldest continuous discussion program on ABC radio (Tuesday, 9-9:45 P.M. EDT), was celebrated during the May 26 broadcast. Originated in 1935 by George V. Denny, Jr., Town Meeting is a two-time Peabody Award winner, and is the recipient of more than 50 other national awards and citations, network spokesmen said.

DESERIBED as "broadcasting's oldest discussion program," the American Forum of the Air (NBC radio, Sun., 2:30-3 P.M. EDT) celebrated its 25th anniversary yesterday (Sun.). Founded by Theodore Graunik, who has served continuously as its moderator, the show has been simulcast on NBC-TV since May 1949.

AN ANNIVERSARY party last month marked the eighth year of WPEN-AM-FM Philadelphia's "950 Club." Guests of honor were Ed Hurst and Joe Grady, disc jockeys on the program.

Page 84 June 8, 1953

For automatic programming it's AMPEX

AMPEX Model 350 Tape Reproducer was designed especially for playback purposes without the ability to record. Full remote operation is afforded through push-button control of 3-motor tape transport.

AMPEX Model 350 Recorder-Replicator console carries top-plate at 30° angle from horizontal, providing extra easy operation. Two-speed recorder is available for 3/4 and 7/4 ips; or 9/4 and 15 ips.

AMPEX Model 450 Continuous Tape Player reproduces more than 8 hours of program material from a single tape. With this equipment, smaller stations can use the highest quality transcription service without the help of a full time expert program director.

AMPEX Model 450 Console Continuous Tape Reproducer makes it possible to broadcast automatically an entire day's programming of music and announcements. By use of a recorded 25-cycle sub-audible tone the music machine can be stopped and a second machine cut in, carrying a local announcement.

Tape Reproducers and Recorder-Replicators...

With these Ampex units you can program, automatically, a complete 8-hour time segment. Using three machines, program music can be carried on one reproducer...local announcements on the second...and station breaks on the third. By recording 25-cycle sub-audible tones on each tape, you can automatically stop and start the proper unit at any predetermined time interval.

Your Graybar Broadcast Equipment Representative will be glad to give you specifications and prices on the complete line of Ampex Magnetic Recorders and Reproducers...as well as any of your other TV and broadcast requirements. Make it a point to call today for full particulars. Graybar Electric Company, Inc. Executive Offices: Graybar Building, 420 Lexington Avenue, New York 17, N. Y.

KXIT Dalhart, Tex.—At request of attorney, dismissed application for assignment of license from Dallas Assn. to N. D. Allender. Dismissed May 21.

Hearing Cases

Portsmouth, Ohio. New TV, uhf Ch. 30. Woodruff Inc. (Docket 10440)—By memorandum opinion and order, FCC granted petition of Woodruff requesting that its TV bid be retained in hearing status. FCC directed hearing examiner to consider relevant facts regarding dismissal of competitive application of Brush-Moore Newspapers Inc. Order May 28; reported June 1.

Sacramento, Calif. New TV, uhf Ch. 46. John Poole Best Co. (Docket 10342) and Jack O. Gross (Docket 10343)—By memorandum opinion and order, FCC granted joint petition to extend to time that their applications are retained in hearing status. Directed examiner to proceed with hearing on issues not rendered moot by proposed dismissal of Gross application. Referred to examiner in connection with preparation of a joint decision that portion of petition which requests dismissal of Gross application. Order May 28; reported June 1.

Lorain, Ohio. New TV, uhf Ch. 31. Lorain Journal Co. (BPCT-1116) and Elyria-Lorain Best Co. (WEOL) (BPCT-1124). Designated for hearing to begin June 25.

Glenville, W. Va. Allocation of vhf Ch. 5 (Docket 10470)—Extended to June 15 deadline for filing comments, on petition of Appalachian Best Co. (WCYB Bristol, Va.).

Fayetteville, W. Va. Assignment of vhf Ch. 4. By memorandum opinion and order Commission rescinded April 1 action assigning Ch. 4 to Fayetteville. It explained that assignment was made at request of Robert R. Thomas Jr., who indicated intention of filing for Fayetteville CP but instead applied for Oak Hill, W. Va.

WGGA Cedartown, Ga. Timm Inc. Facilities change from 1340 kc, 250 w unlimited to 980 kc, 1 kw daytime (BP-8640)—Designated for hearing with WKLF Clanton, Ala., party.

Houston-Dallas. AM facilities on 740 kc. KTRH Best Co. (KTRH Houston) (Docket 8753) and Tex. Star Best Co. (Docket 8820).—After case was remanded to it by Dist. of Col. Circuit Court of Appeals for reconsideration by memorandum opinion and order, set aside denial of KTRH to change daytime directional array with 50 kw power and designated application for further hearing with Texas Star bid for new AM on 740 kc, 5 kw night, 10 kw day, directional unlimited.

Lancaster, Pa. New TV, vhf Ch. 8.

The YANKEE-

"Here's what I like to see in service ads"

Michael Donovan, time buyer at McCann-Erickson, New York, says

"We use Standard Rate many times a day as a workbook. The listings tell us a station's power and frequency, network affiliation, rates, management and personnel data. Here's what I'd like to see in Service-Ads next to the listings: details about programs, especially participation shows, sketches on program personali-

ties, ratings of specific programs, and who the sponsors are. Sometimes program information can be more valuable than anything else in selecting radio stations for a client. We often buy the right program for a product regardless of coverage or cost per thousand."

8 WAYS a SERVICE-AD in SRDS helps sell time
1. It helps known prospects recall the pitch of the sales story your representatives and your promotion are telling.
2. It helps unknown prospects to decide to call in your representatives.
3. It goes to agency-client conferences.
4. It remains constantly accessible to the SRDS user who is working nights or weekends.
5. It provides liftable material for inclusion in media proposals.
6. It makes possible a good "action" closing for other promotion, directing prospects to your Service-Ad in SRDS for more information, fast.
7. It keeps your story in the only place you can be certain that every one who sees it is interested in stations right then.
8. It provides a "fut chance" point from which a prospect can get a final "briefing" on your story before he makes his final decision.
Opinions and Orders . . .

TV Allocation—By memorandum opinion and order FCC denied petition of Lawrence A. Harvey seeking assignment of uhf Ch. 58 to Beverly Hills, Calif. Action May 27.

Subscription TV—By letter, FCC denied request of WOR-TV New York to demonstrate Skattrovision Subscriber-View System over its facilities during regular broadcast hours June 6-June 17. Commission continued sufficient opportunity for demonstration is allowed by its authorization to use non-broadcast hours. Decision May 27.

New Petitions . . .

May 25

Beaumont, Tex. New TV, Ch. 6, Enterprise Co. (KHTC) (Docket 10266).

Beaumont, Tex. New TV, Ch. 6, (Docket 10267) and KTTRM Inc. (KTTRM) (Docket 10258)—Proposed findings filed by all parties.

Provo, Utah. New TV, Ch. 11, KOVO hstg. Co. (KOVO) (HPCT-867) and Central Utah hstg. Co. (KCSU) (HPCT-1612)—KOVO requests immediate grant of its earlier petition for conditional grant of its TV bid.

Ponitac, Mich. New AM grant, 1560 kc, 500 w full time, directional, night. James Gerity Jr.—Mr. Gerity replies to letter opposing grant filed earlier by Chief Pontiac hstg. Co. Latter wants comparative hearing on its bid.

KOB Albuquerque, N.M. Extension of SCA (Docket 10336)—WBEZ Boston opposes motion of WABC New York to reopen record, for new evidence. Also files, reply to WABC exceptions and brief. KOB files reply to WABC exceptions May 28.

Evansville, Ind. New TV, Ch. 7, South Central hstg. Corp. (Wikh) (Docket 10461), Evansville TV Inc. (Docket 10462), on the Air Inc (WGHF) (Docket 10463) and WIPM Inc. (WKO4A) (Docket 10464)—Evansville TV Inc. asks waiver. Rec. Commission grants two exceptions and brief, hearing is continued. Filing closed; issue is city limits and for determination petitioner is technically qualified in its proposal as amended.

Lancaster, Pa. New TV, Ch. 7, WIL-TV and Peoples hstg. Co. (WLAN)—Request by chief of FCC Broadcast Bureau for order that depositions by Peoples not be taken. Deposition request is too vague, chief alleges. Peoples on May 28 filed opposition to WAL-TV’s petition for review of examiner’s ruling allowing depositions.

May 26

Chattanooga, Tenn. New TV, Ch. 12, Southern TV Inc. (Docket 10471), Tri-State Testy Corp. (Docket 10472) and WEDF Radio Co. (WOPP) (Docket 10473)—Opposition by chief of FCC Broadcast Bureau to petition of Tri-State for clarification of interest enlargement of issues. Opposition filed May 27 by Southern TV. WEDF filed comments May 29.

TV allocations. Proposal to add Ch. 5 at Glenville, W. Va. (Docket 10470)—FCC denies to the extent of the proposed allocation. Petition of Peoples TV, Ch. 5, Glenville, W. Va. for modification of Commission’s decision not opposed. WCYB proposal to the Commission to extend the time for filing of opposition to request of WCYB Bristol, Va. for allocation of Ch. 5 to Bristol, Va. but would not conflict with bid of WOPR Bristol, Tenn. WCYB attributed significance to facts counsel for Polan also is counsel for WOPR. WCYB has pending before FCC complaint charging WOPR’s application was filed to block WCYB’s bid. WCYB believes Glenville is too small to support TV.

May 27

Proposed agreement between U. S. and Canada re assignment of Class II AM stations on clear channels (Docket 10453)—Comments invited to proposed determination by FCC that its action is not prejudicial to pending action of FCC in proceeding 10263.

Petitions for allocation of Ch. 4 there since Ch. 28 is incapable of desired propagation. Would remove Ch. 4 from Medford where no application has been filed, KRRN states. Wichita, Kan., new AM, Ch. 16, Mid-Continent TV Inc. (Docket 10262) and KAKE hstg. Co. (KAKE) (Docket 10263) both parties petition examiner to review his directive concerning filing of proposed findings. On May 28, chief of FCC Broadcast Bureau filed proposed findings, concluding both applicants meet FCC rules and technical requirements.

Mobile, Ala. New TV, Ch. 5, WKRG TV Inc. (WKRG) (Docket 10237) and Mobile TV Corp. (Chisholm) (Docket 10238) file comments opposing FCC Broadcast Bureau comments on petitions by Mobile TV Corp. respecting proposed issues on financial and other qualifications of WKRG-TV Inc. Mobile TV wants new issues added and is opposed by WKRG-TV Inc.

Knoxville, Tenn. New TV, Ch. 6, Mountain State hstg. Co. (WHOL) (Docket 10239) and WKGX Inc. (WKGX) (Docket 10211)—WROL opposes petition of WKGX for leave to amend its application.

Youngstown, Ohio. New TV, Ch. 21—Valley TV Co. asks FCC to dismiss as too late application of Polan Industries for
Columbia, S.C., WIS-TV Corp., granted vhf Ch. 10 (BPCT-1069) — Spartan Radio- casting Corp. (WORD), Ch. 7 applicant at Spartanburg, petitions for reconsideration of FCC memorandum opinion and order released May 18 denying protest of Ch. 10 grant to WIS-TV Corp. Protest also asked that WIS-TV Corp. principals be required to choose among the channels and others requested at Spartanburg (Ch. 7) and Charlotte, N.C. (Ch. 7) because of alleged Grade A overlap (BPT, May 25, 18). WORD wants conditional grant of Ch. 7.

San Juan, P. R., New TV, vhf Ch. 4, Jose Ramon Quinones (WAPA) (Docket 10436) and American Colonial Bestg. Corp. (WRIY) (Docket 10437) — American asks 60 day continuance of hearing set June 1, Champaign, Ill., New TV, uhf Ch. 21, Champaign-Urbana TV Inc. (BPCT-1631) — Petitions for immediate consideration and grant, requesting FCC to investigate anonymous telegram protesting applicant to determine whether "this improper conduct was on the part of a permittee or licensee subject to Commission jurisdiction."

Help Wanted

Managerial

General manager for kilowatt station in Pacific Northeast city with 100,000 trade area. We would prefer man who aggressively sells ideas and knows how to operate in a competitive market. Signal is excellent and remuneration will be geared to area. Reply to Box 858, B.T.

Salesmen

Salesman-announcer, Florida. Mostly selling but good announcing required. Salary plus commission. Box 1106, B.T.

Firm operating several stations has excellent proposition for young experienced salesman with no bad habits. Must be a half-of-four with good common sense. If you think you’re the man, contact John Greene, Manager, WKMT, Kings Mountain, North Carolina.

Announcers

Expanding independent needs experienced announcers with ideas. Prefer community-minded family men with varied talents. TV affiliate under construction. Salary open. Send complete data and disc or tape first letter to P. O. Box 569, Chambersburg, Pennsylvania.

Help Wanted

Florida coast. Morning mix DJ. Must have top voice, excellent delivery commercials. Send tape first letter. Box 111W, B.T.

Announcer. $60 start, 40 hours. Net affiliate, Southern Minnesota. Send tape and background. Box 658W, B.T.

Wanted—Network-type disc Jockey. Must be good. Starting pay $100.00 a week for 40 hours. Northern Virginia station.

Minnesota regional station needs first class engineer-announcer. Good salary. Must be good announcer. Box 800W, B.T.

Station managers: Is there a morning man on your connection you want to get out of your hair? If so, write all about him to Box 832W, B.T., and we’ll sell.

Can you build late afternoon record audience? Can you sell for sponsors? Are you 2E-3E, with minimum three years experience? Spot open for right man in major market to do indie starting at $6,000-4,000 yearly bracket. Applications considered from Pennsylvania, Kentucky, West Virginia, Ohio, Indiana, Michigan, Illinois. Send full background first letter. Will request disc interview if you look good. Box 857W, B.T.

Personality DJ for major market. Opportunity for right man to do some television work also. Box 849W, B.T.

Newman, experienced in gathering, writing and announcing news, wanted by regional, network affiliated station, major southwestern market. Salary commensurate with ability. Send audition, photo and complete background to Box 847W, B.T.

Announcer-salesman for southern independent. Good salary. 15% commission. Box 853W, B.T.

Help Wanted—(Cont’d.)

ANNOUNCERS

DON'T READ THIS

Unless you already have a good DJ job, are a successful personality, happy in your present work and will not consider making a change except to move up the ladder. Our station, in a $000,000 population market by the seacoast, has an outstanding DJ spot available. After receiving personal data, snapshot and audition—which should show us your DJ ideas and personality and how you handle and ad-lib copy—we will visit your city and personally air-check your show. Box 829W, B.T.

Philco's Pitt Predicts Bigger Canada Sales

TELEVISION set sales in Canada will be at least two and a half times greater this year than last, Dr. Courtnay Pitt, Philco Corp. vice president for finance, said recently at ground-breaking ceremonies for a new Philco plant in Toronto.

Philco Corp. of Canada is erecting a modern, 80,000 sq. ft. plant at Don's Mills, a Toronto suburb, where it will manufacture TV sets, radios and other electronic equipment, with completion expected early in 1954. The firm formerly had rented Toronto quarters for its manufacturing operations there since 1929.

New VHF Allocations Assigned in Canada

TV TRANSMITTER manufacturers in Canada have been informed of a number of changes in TV vhf allocations. Ch. 11, assigned to Ottawa and Toronto, has been moved to Kingston and Hamilton, leaving both Ottawa and Toronto with two vhf and two uhf frequencies. One of the vhf channels in each city is being used by Canadian Broadcasting Corp. stations.

Hamilton, which has a construction permit for an independent station on Ch. 13 (Niagara Television Ltd., CHML, CKOC and GJSH-FM Hamilton) will have Ch. 11 as its vhf allocation, and four uhf channels. Ch. 13 has been shifted to Kitchener, Ont., where a syndicate (Central Ontario Television Ltd., CKCR, Famous Players Canadian Corp., and Electrohome Industries) has applied for Ch. 6, a Toronto allocation, because there was no vhf assignment for Kitchener.

Ch. 7, one of the five vhf channels assigned to Montreal, is understood to have been shifted to Sherbrooke, Que., where there are only two uhf assignments.

These moves of taking one vhf channel from each of the major cities where CBC now has TV stations would be in keeping with the Canadian government's announced policy of limiting operations in major markets to but one station until there are more TV stations in Canada.

Canada TV Sets-in-Use Drop in May, E-H Reports

A DROP IN sets-in-use rating for Canadian television is noted in the May teleratings of Elliott-Haynes, Ltd., Toronto. In the Toronto-Niagara Falls area, where more than half the Canadian TV sets are located, sets-in-use dropped from 72.7 to 63.2 from April to May. American programs from Buffalo continue to be most popular. CBLT Toronto obtained 20% of the total audience.

Most popular programs on CBLT Toronto, in May were Wrestling with a rating 37.2, Stock Car Races 27.2, Now's Your Chance 26.4, Aldrich Family 25.1, and Studio One 23.6. (Last two were U. S. network shows microwaved to Toronto.)

Most popular programs in the southern Ontario area from WBEN-TV Buffalo, were Arthur Godfrey 73.4, Comedy Hour 73.2, Dragnet 72.4, Two for the Money 72, and TV Theatre 70.5.

At Montreal, most popular programs on CBPT, were Wrestling 75, Bell Singers 70, What's the Record 67.3, Cruise to Europe 66.8, and Pays et Merveilles 64.7.

Sets-in-use in the Montreal area dropped from 60.7 to 53.8 from April to May, after steady increases since the first of telecasting in September.

Program Techniques Feature Canada Meets

PROGRAM techniques designed to raise the calibre of station service and to increase the radio audience were outlined at a series of Western Canada clinics that wound up May 25. The clinics were held under auspices of BMI Canada Ltd.

Record attendance featured the meetings, with 128 at the May 19 Calgary session and 136 attending the May 21 clinic at Regina. Harold Moon, assistant general manager of BMI Canada, was chairman of the Alberta clinic with Hal Crittenden, CKCK Regina, as chairman of the Regina meeting. Clinics were held May 22 at Amherst and May 23 at Winnipeg.

Speakers at the sessions included Henry Vine, CFCH Calgary; Carl Haverlin, BMI New York, who outlined plans for presentation of Canadian concert music by Leopold Stokowski during the autumn; Eugene Halliday, KSL Salt Lake City; Don Clayton. CJCA Edmonton; James D. Russell, KVOR Colorado Springs; Lee Jacob, KBKR Baker, Ore.; Vern Dallin, CFQC Saskatoon; Jerry Johnson, CKBI Prince Albert.

For Sale

Judge Justin Miller has put his Pacific Palisades, California, home on the market for sale at a price of $39,500.00. Broadcasters who have visited Judge and Mrs. Miller at this mountainside home will remember its glorious marine and mountain view and the generous proportions, both of the house itself and the surrounding grounds.

Inquiries may be directed to Judge Miller at the NARTB headquarters, 1771 N Street, N. W., Washington, D. C., or to Pacific Palisades, California.

NOW THAT THE LID IS OFF

LAST WEEK the “ice cap” was thawed too. On June 2 the one-year moratorium on changes in the FCC’s final television allocation expired by its own terms. The way then was opened for petitions to revise the provisions of the Sixth Report.

To date there hasn’t been any stampede. There probably won’t be, based on our soundings. But there are numerous places where beneficial changes could be made. The FCC has admitted inadvertent mistakes. The procedure established entails “rule-making” before any changes in the report can be effected. That is a cumbersome, unwieldy process, and the Commission, in its zeal to speed up, may find some short-cuts.

The FCC, during the one-year ban, refused to consider even the most meritorious pleas for departures from the final report. It was fearful that it would create precedent, and thereby open the flood-gates to less worthy petitions—and to the inevitable political pressures.

Now it need not be concerned. It has established a basic allocations structure. It has authorized 360 new TV stations. It has accomplished its main purpose of moving toward nationwide, competitive service, without inviting a frontal attack against the legality of its plan.

In this past year, there have been numerous injustices innocently perpetrated by the FCC. It had no real defense against “strike” applications, some of them actually “black-mail.” It was forced to grant some unworthy applications, while the best-qualified contenders sat it out to await comparative hearings.

Now that the path is clear, the FCC should take the initiative. I should make conditional grants in those situations where blocks have been thrown by applicants who wouldn’t have a prayer in comparative hearings. Where those qualified applicants are willing to take the risk and invest their funds, as against the outcome of the hearings, the FCC should move at once by making the conditional grants. The alternative is months, possibly even years of delay, during which important areas would be deprived of desired service.

Then there’s the educational crusade, kicked from Congress to the White House and back again. The way is open, under the express terms of the Sixth Report, for petitions seeking transfer of non-commercial reservations to commercial, or vice versa. Those channels not now assigned can be applied for. Those unoccupied assignments available for commercial use can be sought for non-commercial use.

There has been more lobbying on the reservation aspect than any other involved in the allocations. Chairman Tobey of the Senate Commerce Committee, went far beyond his legislative province in threatening the FCC if it disturbed any of the 240-odd reservations.

Broadcasters should have no hesitancy whatever in petitioning the FCC. The Tobey statement was intended to scare off applicants. But the regulations are clear. A prospective applicant who is intimidated by these tactics would be derelict if he didn’t apply for a facility lying fallow.

The obvious next step by some educator will be to shift from non-commercial to “non-profit” operation, which will still be commercial in the sense that there would be competition for the advertisers’ dollars. If what we have seen is the criterion, the educators will have the way greased in Congress. This would be larceny.

Broadcasters should move now on the uncalled for reserved channels. And they should prepare now for the fight against any organized effort to convert a single non-commercial channel, to semi-commercial or “non-profit” use by educators.

IF IT’S GOOD ENOUGH FOR IKE . . .

THERE’S still no clear-cut determination by the White House on regular radio and television broadcasts of President Eisenhower’s news conferences. But he has far from ignored the importance of getting direct to the people. His radio broadcast of a fortnight ago on taxes was followed last Wednesday by a dual radio-TV report on the state of the nation—his first full-dress simulcast since the inauguration.

Meanwhile, there has been complete silence on the plan to arrange a schedule of regular broadcasts. The first step was to have been the appointment to the White House secretariat of a qualified radio-TV man to handle direct contacts with networks and presumably radio-TV newsmen.

Some broadcasters have had their misgivings about the attitude of the White House toward them. Last fall, there was no arrangement for a broadcast representative on the Korean trip—until sharp protest brought action. The President didn’t say anything particularly reassuring to broadcasters in his message to the NARTB convention last month. He appeared in person before the American Society of Newspaper Editors with a highly significant message.

The fact that the President enlisted the volunteered services of BBDO for production of last week’s simulcast, in which four of his cabinet members also participated, underlines the importance attached by the Administration to White House emanations.

It is to be hoped that the President moves soon on the appointment of his radio-TV aide. It is clear that he intends to rely heavily upon the broadcast media to reach the people direct—and thereby get the “feel” at first hand. Once he has his man, the answer on how to handle regular White House broadcasts should follow swiftly and logically.
The lines that define the boundaries of the great Kansas City Primary Trade Area remain the same year after year. And of course there's never any change in the half-millivolt contour of The KMBC-KFRM Team.

But, the "Market Basket" Gets Bigger Every Year!

KMBC-KFRM advertisers reap the major portion of the benefit of these hundreds of millions of dollars in increases each year. Because in rural, urban and metropolitan sections of the Kansas City Primary Trade Area alike, KMBC-KFRM sales messages are heard by more of the people, more of the time. The 1953 "Market Basket" is taking on new proportions, and The KMBC-KFRM Team is delivering its advertisers a pleasant share of 1953 Heart of America spending.

Write, wire or phone KMBC-KFRM, Kansas City, or your nearest Free & Peters Colonel at once. Arrange for your share of the Kansas City "Market Basket" 1953!
Year after year ... leading
brand names appear on this screen

The reason: WDEL-TV sells profitably. That’s why so many national
and local advertisers use it consistently. They have found that the
WDEL-TV market is responsive—$1,533,373,000 effective yearly net
buying income. Vital, diversified local programming and top NBC
network shows attract listeners and hold them in WDEL-TV’s large, rich
area—Delaware, parts of New Jersey, Maryland and Pennsylvania.
Follow the example of leading advertisers, buy WDEL-TV.
