Our Sixth Anniversary...
a time to say “Thank You” 425 times

We’re sentimental at WTVR. That warm glow of gratitude and pride fairly overtakes us on anniversaries. Gratitude to our 425 wonderful regular weekly clients, among them America’s most distinguished companies. Gratitude to our loyal viewers, many of whom have been with us since April 22, 1948, the day we began commercial operation. And pride of being “The South’s First Television Station.” Today we’re still Richmond’s only TV station. WTVR now serves over 441,000 Television Homes throughout Virginia and North Carolina, with its new Maximum Power—100,000 Watts, Maximum Height—1049 feet antenna. As always you can expect Maximum Results. We hope you will be with us on our next anniversary!

RADIO NEWS REPORTING

Gordon Gammack

KRNT
DES MOINES, IOWA

THE REGISTER and TRIBUNE STATION

THE CITATION

For distinguished service in the field of Radio News Reporting, the Sigma Delta Chi award is made to Gordon Gammack of radio station KRNT, Des Moines, Iowa. During a time when millions of Americans were keenly interested in the exchange of prisoners in Korea, Gordon Gammack was on hand at Freedom Village to talk to the men as they crossed the line to freedom. Gammack's recorded interviews are a fine example of the type of superior news service that a broadcasting station can give its own particular listening audience. The interviews were with Iowa men, geared specifically to the interests of an Iowa listening audience. Timely, interesting, and packed with dramatic news values, the interviews were conducted with good taste and without exploiting the emotional elements involved.

Gordon Gammack is one of KRNT's large full-time staff of professional newsmen, serving Iowa hour in, hour out -- day in, day out -- year in, year out -- anywhere there's news!

★
In 122 out of 192 15-minute periods, between 8:00 a.m. and 12:00 midnight—7 days per week—KRLD enjoys top audience ratings, says Pulse. An almost unbelievable dominance of a major market by a single radio station. 

But Pulse, December-January, says it's so. NOW ... KRLD delivers more audience in Dallas and Fort Worth combined than any other one station.

Here's the score:

THE STATION THAT CARRIES THE WEIGHT!

"The Make-Sense Buy"

OWNERS AND OPERATORS OF KRLD-TV, 100,000 WATTS VIDEO EXCLUSIVE CBS OUTLET FOR THE DALLAS AND FORT WORTH AREA THE BIGGEST BUY IN THE BIGGEST MARKET IN THE BIGGEST STATE THE TIMES HERALD STATION . . . THE BRANHAM CO., Exclusive Representative John W. Runyon, Chairman of the Board Clyde W. Rembert, President
ON UNQUESTIONED Washington authority, it's learned that President Eisenhower on March 25 asked Dr. Frank Stanton, CBS president, to accept appointment as his administrative assistant on psychological warfare. Dr. Stanton, however, was constrained to decline because of contractual commitments to CBS Inc. Post proferred was that recently vacated by C. D. Jackson, who returned to executive staff of Time Inc.

NBC Top Brass regard their controversial "participation" or "insertion" plan of radio advertising as last chance for network as it is known today. Other networks are watching NBC's progress, say they too can sell one-minute announcements if trend is in that direction.

HIGH ON LIST of likely successors to Leonard F. Erikson as director of Voice of America is Jack R. Poppele, tv consultant and former vice president in charge of engineering of Bamberger Broadcasting Co. (WOR-AM-TV). Appointment will be made by Theodore C. Streibert, director of U. S. Information Service and former Bamberger president, by May 1, after appropriate clearances.

ROSEL H. HYDE, who served for past year as chairman of FCC, is now signing his mail "acting chairman," this because his one-year term expired April 18 and because FCC, under new provision of law, "elected" him to act as chairman in absence of action by President Eisenhower (see editorial page 120).

VARIANCE in results from radio advertising of 45 to 1 between similar department stores being reported to 17 large department stores by Amos Parrish & Co. Parrish conducted item promotion tests for these stores with BAB plugging $16,000 bill to ascertain which items sold best via radio. Radio in many stores pulled poorly in comparison with newspaper. BAB analysis shows poor performance almost always linked to short, badly-written copy and bad positioning of announcements. Stores using preponderance of minutes and hard-hitting copy showed well despite their relative inexperience with radio. Newspaper results for same stores varied about 16 to 1.

MODEL for new Television Advertising Bureau (story page 7) likely to be Bureau of Advertising, ANPA, which has concentrated on increasing sales of individual newspapers, rather than BAB, which serves networks as well as stations with its radio sales promotion activities, according to original thinking of TAB organizers, it was learned.

STATION Representatives Assn., which at request of tv stations set up TAB meeting of top tv broadcasters to discuss idea, cooperating further by giving new group house room in SRA New York headquarters pending completion of permanent organization. Underscoring representatives' endorsement of project unmistakably was SRA contribution of $5,000 to TAB organization fund.

ONE OF SEVERAL radical proposals expected to be thrown at Potter Communications Subcommittee hearings, beginning May 4, will be plan to have government advance 10-year low interest loans to "qualified" uhf station operators. Based on pre-hearing soundings, Chairman Potter (R-Mich.) evidently feels drastic action may have to be taken to give succor to uhf permits.

WHILE ALCOA may have had "uncomfortable moments" over McCarthy-Murrow episode, it has renewed See It Now for customary 13 weeks and has picked up summer "hiatus." Heretofore it has renewed on 13-week cycle.

WITH ADDITION of two new accounts recently—Hawley & Hoop (M&M candies) and American Chicle Co.—Ted Bates Agency, N. Y., is in process of dividing its radio and television timebuying department into four groups instead of three. Fourth group, which will handle above accounts plus Anahist Co. and Carter Products, will be under supervision of MacDonald Dunbar. Chet Slaybaugh, with Morse-International as manager of radio department for past 11 years and before that with BBDO, effective May 17 joins group at Bates as head timebuyer under Mr. Dunbar. On May 3, Frank Thompson, with Dancer-Fitzgerald-Sample, N. Y., moves to new group as timebuyer.

EXCEPT FOR prior engagement at Vatican, Bishop Fulton J. Sheen would have been on NARTB's annual convention program in Chicago next month. He was invited by Kenyon Brown, chairman, convention committee (KWT-AM-TV White Plains) to talk on "Responsibility of American Broadcasters," but declined "with deep regret" because of Rome conclave.

REMINISCENT OF FM crusade to get representation on NARTB radio board is current campaign for uhf membership on NARTB's television board. Now comprising 13 members but with provision allowing up to 18, present tv directors are being urged to name at least two uhf station board members.

To inspire and further inter-religious understanding...

Aware of its responsibilities to the communities it serves, for the past five years WGAL-TV has presented a series of inter-religious telecasts every Sunday night at six o'clock, "Sanctuary Time."

A permanent committee of three, consisting of a man from each of the three major faiths, worked out the details of the series on a rotating schedule: Protestant, Catholic, Jewish.

Each Protestant program features a member of the Ministerial Association conducting an abbreviated service. The Catholic and Jewish programs are of a nature covering the various rituals and symbols of these religions.

Throughout its five years of service, WGAL-TV has striven to further inspire and strengthen inter-religious understanding with such programs as "Sanctuary Time." The complimentary mail response proves the value of this programming and its importance to the communities that WGAL-TV serves.

ABC-TV Gets NCAA Grid Schedule; Cost Over $4 Million

SELECTION of ABC-TV to present National Collegiate Athletic Assn. tv football program next fall was announced jointly in New York Friday by Asa Bushnell, tv program director of NCAA, and Robert H. O'Brien, executive vice president of ABC.

Mr. O'Brien said that no sponsor for telecasts has been chosen but reported several under consideration. He estimated cost of entire package would run "in excess of $4 million." Games will be carried on 150 or more tv stations. They were on 92 stations last year.

Telecasts will start Sept. 18 and cover series of 12 games, 11 on Saturdays until Dec. 4 and special Thanksgiving program of one or more games. Schedule of games has not been determined.

Bids for rights were said to have been received from all tv networks and, according to Friday tv Committee, ABC-TV was chosen not only because of financial consideration involved but because network had submitted plans to place emphasis on promoting collegiate football in general and the game day of life. In this connection, Mr. O'Brien announced that ABC will present summer-fall series of radio and tv programs, touching on various aspects of college life.

NCAA-TV had carried games since inception of NCAA tv program in 1951. Sponsors were WSB-Washington in 1951 and General Motors in 1952 and 1953.

**McCarthy Ratings**

ABOUT as many viewers saw telecast of McCarthy-Humphrey hearings last week as watched Kefauver hearings three years ago, according to preliminary estimates, ratings about one-third as high being offset by increased sale of tv sets. Since March 1951, Thursday's hearing drew total national audience estimated by ABC at 17,500,000.

Special ten-day Trendex for NBC showed NBC-TV hearing coverage got 8.0 rating Thursday afternoon, 8 Friday morning, ABC-TV, in six of ten cities, had 1.6 rating Thursday afternoon, 2.9 rating Friday morning. ABC, in three of ten, had 1.7 rating Thursday afternoon, with no figure reported for Friday, according to NBC.

Hoopee Book reported New York City hearing rating of 10 Thursday afternoon, 9 Friday morning, 5000,000 for combined three-station telecast. Friday morning, hearing rating was 8 in Washington, 8 in Chicago, Hoopee reported.

**Storer Profits Up**

GEORGE B. STORER, president, Storer Broadcasting Co., announced today (Mon.) that company's net profits before taxes for quarter ending March 31 were $1,653,495, compared with $1,528,460 for similar period of 1953. Net profits before taxes for first three months were reported at $803,235, 70 cents per share on 1,106,000 combined shares of common and class "B" common stock, as compared with $513,460, equal to 44 cents per share on combined stock, for first quarter of 1953.

**BUSINESS BRIEFLY**

PHILIP MORRIS RADIO • Philip Morris & Co., N. Y., preparing one-minute radio spot announcement campaign in about 400 markets, five minutes weekly for 52 weeks. Starting dates May 3 and May 10. Blow Co., N. Y., is agency.

LUCY REPLACEMENT • Blow Co., N. Y., considering panel show and film series as summer replacement for Philip Morris' I Love Lucy show on CBS-TV.

ETHEL FILM SHOW • Ethel Corp., N. Y. (Ethel gasoline), through BBDO, N. Y., planning to sponsor quarter hour films sport show in markets last year. Schedule date scheduled May 17. Contract will run for 13 or more weeks.

**NARTB Study Shows Extent Of Tv Public Service**

TV STATIONS carry total of 12,000strictly "public interest" programs to serve public interest, FCC Comm. Robert T. Bartley said Friday at Dallas meeting of Texas Assn. of Broadcasters (story page 51). He added, however, there is nothing inconsistent in profitable operation and serving public interest.

Well-informed public will make right decisions, he said in pointing to importance of free flow of information. Remove censorship from Canadian rulers, he said, and their regimes crumble.

Presiding at Friday meeting was TAB President William Deason, KVET Austin. Other officers are Louis C. Cook, KNOW Austin, vice president, and Richman Lewin, KTRE Lufkin, secretary-treasurer.

Panel on remote control operations included Casey Fous, KSFA Nacogdoches; Gil Conolley, KTAE Taylor; Frank Steward, KTXN Austin; Howard Shepard, KNTD Denton, and Jack Hawkins, KRIG Odessa. Panel on profitable programming included Boyle Kelley, KTRN Wichita Falls; Stan Mackenzie, KWED Sequim; M. E. Danbom, KTBB Tyler; Bob Bradford, KPET Lamesa; W. E. Bradford, KSST sulphur Springs; Joe Leonard Jr., KGAF Gainesville.

---

**Tv Advertising Bureau Plans Take Shape**

PLAN to establish Television Advertising Bureau for purpose of developing both national and local advertising for television stations was initiated by group of tv broadcasters meeting Thursday-Friday in New York. Two-day meeting was attended by executives from 17 tv stations, who, with eight others who approved idea by phone or wire, formed themselves into temporary Organizing Committee to arrange for full-scale meeting to which all tv stations will be invited. Definite date was not set, but intention was expressed to hold all-station session as soon as possible, probably in conjunction with NARTB convention in Chicago next month.

Richard A. Moore, vice president-general manager, KTTV (TV) Los Angeles, was named chairman. Richard P. Doherty, former NARTB vice president, now president of Television Radio Management Corp., was appointed consultant.

Following presentation of plan for unified action to sell and promote more tv advertising, made by Station Representatives Assn., which arranged meeting at request of number of tv broadcasters, group unanimously endorsed thinking that today's tv market requires: a) intensive sales effort, advertising and promotion at advertiser level; b) thorough cultivation of new sources of revenue; c) improvement of sales techniques and practices; d) central means of providing variety of services to agencies and advertisers.

Following meeting, Mr. Moore said: "We have just concluded a significant two days' conference on all phases of television advertising. "With the growth of advertising, and especially of television advertising, many of us have come to realize that very stable and strong unified action on the part of stations is necessary for the proper advertising of television in the 432 markets and on 432 tv networks of tv agencies and the advertisers. We have also felt that the best way of developing our national and local advertising is to form a specific organization for these two purposes. These two classes of our business are the specific responsibilities of the stations, in which they must take leadership." Members of TAB organizing committee, in addition to Mr. Moore, include: Ben Berenstien, N. Y. six dep., WGN-TV Chicago; Richard A. Hare, gen. mgr., WBNS-TV Columbus; Roger W. Clipp, gen. mgr., WFLD-TV Philadelphia; John H. DeWitt Jr., pres., WSM-TV Nashville; John E. Felzer, pres., KXKO-Kalamazoo; Norman Gittleson, mgr., WJAR Providence; Payson Hail, president, Kansas City Advertising Co.; Charles Thieriot, mgr., WXYZ-TV Detroit; Robert Meeker, president, Storer Broadcasting Co., N. Y.; John C. Young, president, Storer Broadcasting Co., N. Y.

---

**Public Interest and Profits Compatible, Says Bartley**

NEW CAPITAL entering broadcasting must realize stations are licensed to serve public interest, FCC Comm. Robert T. Bartley said Friday at Dallas meeting of Texas Assn. of Broadcasters (story page 51). He added, however, there is nothing inconsistent in profitable operation and serving public interest.

Well-informed public will make right decisions, he said in pointing to importance of free flow of information. Remove censorship from Canadian rulers, he said, and their regimes crumble.

Presiding at Friday meeting was TAB President Willard Deason, KVET Austin. Other officers are Louis C. Cook, KNOW Austin, vice president, and Richman Lewin, KTRE Lufkin, secretary-treasurer.

Panel on remote control operations included Casey Fous, KSFA Nacogdoches; Gil Conolley, KTAE Taylor; Frank Steward, KTXN Austin; Howard Shepard, KNTD Denton, and Jack Hawkins, KRIG Odessa. Panel on profitable programming included Boyle Kelley, KTRN Wichita Falls; Stan Mackenzie, KWED Sequim; M. E. Danbom, KTBB Tyler; Bob Bradford, KPET Lamesa; W. E. Bradford, KSST sulphur Springs; Joe Leonard Jr., KGAF Gainesville.

Mrs. A. Cass, 17437 Omira Ave., Detroit

takes pen in hand, as did scores of viewers,

inspired by the inauguration of

WJBK-TV's new 1,057 foot tower

and 100,000 watt power:

"... Channel 2 is our favorite channel. We keep it on most of the time. I find it is always kept so clean and nice, always proud to turn it on for friends or children. Again, congratulations on the new tower. May it bring many years of success and happiness to you and all concerned. I am only one of the 100% of Detroit people who will say thanks a million."
Second Vhf for St. Louis Approved; Other FCC Actions

SECOND vhf station for St. Louis approved by FCC Friday with final decision granting ch. 4 to KWKW there, facilitated by proposed merger of KWKW principals and those of KXOK. St. Louis and Missouri Valley Television Inc. [BET, April 19]. Supporting examiner's initial decision, final ruling was without prejudice to future action on applications to effect merger proposal. Commission denied protest of ch. 54 WTVI (TV) Belleville, Ill. Other St. Louis vhf station is ch. 5 K5D-TV.

When options under merger are taken, KWKW would be owned 23% by present part-owner St. Louis Globe-Democrat, 28% by other part-owners Robert T. Convey and associates, 23% by KXOK Inc. and 22% by St. Louis residents. KSTP-AM-TV Minneapolis-St. Paul and St. Louis residents comprised Missouri Valley. FCC order requires divestiture of KXOK. St. Louis manager Edward R. McCarthy said he would forward bill to Alcoa, sponsors of Murrow program. In New York, Alcoa spokesman said company is responsible only for commercial portion of program. He said for past two- and one-half years Alcoa has paid CBS fixed amount for shows. CBS was mum.

Zenith Asks Postponement

ZENITH Radio Corp. asked FCC Friday to postpone for 28 days beginning of hearing with CBS for Chicago ch. 2. It said attorney Edward W. Kropp was engaged in another case and could not be prepared for scheduled May 7 hearing.

Request followed denial by U. S. Court of Appeals of Zenith's petition that Court order FCC to order hearing between Zenith and Balaban & Katz Inc., original owners of facilities now used by CBS WBBM-TV Chicago [BET, April 5]. FCC ordered comparative hearing between Zenith and Balaban & Katz Inc. Zenith also asks FCC to enlarge issues, claimed CBS had almost bought Chicago Arena in contravention of court's order that CBS must not spend more than necessary during temporary occupancy of ch. 2.

Ask Approval of Houston ch. 13 Merger

APPROVAL of FCC to consumption of Houston ch. 13 merger is asked in application filed Friday for transfer of permit from Houston TV Co. to Houston Consolidated TV Co. [BET, March 1]. Latter is owned by Houston Mayor Roy Hofheinz, 16%; KTRK Broadcasting Co., 32%; Houston Area TV Co.'s 17 stockholders, 32%; Houston TV Co.'s 18 stockholders, 9%. Hofheinz is president, 50% owner TV Broadcasting Co. of Houston, one of four stockholders.

Zenith-WOR-TV Plan Approved

FCC has approved experimental operation of Zenith Radio Corp.-WOR-TV New York Phonevision subchannel test [BET, April 19]. Authorizing period, 23% by Zenith participation, initial tests of off-air coding and decoding devices for pay-as-you-watch system to Mondays-Fridays, 9 a.m. to 4 p.m., outside regular programming hours. FCC permit good for 90 days from May 15.

time deadline

ANYBODY GOT $6,000?

FOX MOVIEJONE News sent bill, estimated at between $6,000 and $7,500, to Sen. Joseph R. McCarthy (R-Wis.) for making film Wisconsin senator used on Edward R. McCarthy case in Wisconsin Senate. Senate April 16. In Washington, Sen. McCarthy said he would forward bill to Alcoa, sponsors of Murrow program. In New York, Alcoa spokesman said company is responsible only for commercial portion of program. He said for past two- and one-half years Alcoa has paid CBS fixed amount for shows. CBS was mum.

Roberts, Uhf Broadcasters Add Names to Senate Hearing List

SENATE Commerce Committee was informed Friday that W. Roberts, counsel, would appear before subcommittee investigating use of uhf in behalf of uhf 'Tv Assn. Mr. Roberts also told committee that following uhf broadcasters plan to delay their petition to those reported earlier (story page 52): S. W. Townsend, WKST-TV New Castle, Pa.; Fred Weber, WFFP-TV Atlantic City, N. J.; John Esau, KTVO (TV) Oklahoma City, and Paul Harron, WBGB-TV Philadelphia.

Meanwhile, FCC asked tv stations to submit monthly revenue and expense data through March 1954 before May 3 deadline requested in its letter of last February [BET, Feb. 8]. If March figures are not in, FCC Acting Chairman Rosel H. Hyde said, estimates may be used, or March figures may be eliminated entirely. Commission hopes to use information in uhf presentation for Senate committee.

Promotion Managers’ Contest

EDNAH FORESTER, KPRC-TV Houston, and Ben K. West, KEDD-TV Wichita, are winners of station promotion managers' contest conducted for Bob Hope Minute Rice show. Winners will receive one-week all-expense-paid trip to New York and will be guests of honor of General Foods, and Young & Rubicam, at luncheon June 1.

Ten runners-up in contest were: Jack Ansell, Jr., KRON-TV Monroe, La.; L. B. Van Dyck, Jr., KPDE-TV Wichita Falls, Del; Leoness, KDYL-TV Salt Lake City; James W. Evans, WNCN-TV New Haven; George N. McCarthy, WKBW-TV Norfolk; W. F. Craig, WHBC-TV Muncie; Joseph F. Contento, Jr., KYW-TV Santa Barbara; Joe Cook, WOR-TV New York; Robert L. Stintino, WTVK-TV Philadelphia; Craig, Barbara; WTRF-TV Wheeling; Robert L. Hubbard, WNFR Syracuse.

WMAR-TV Sponsored Color

WMAR-TV Baltimore carried sponsored colorcast Thursday of city's "welcome home" parade for its new American League Orioles baseball team which took place week before when team opened local baseball season. Color slides were made by WMAR-TV cameramen and broadcast Thursday through WMAR-TV's Telechrome flying spot scanner. Sponsor was Schmidt Baking Co., and program was placed through Quality Bakers Inc.

WMAR-TV, owned by Baltimore Sunpapers, has been telecasting network color weekly and color slides daily since last December. Also last week, WSY-TV Oklahoma City broadcast sponsored colorcast program of live show originating in its studios (story page 64).

Protests ‘Exclusive’ Telecast

BLAYNE BUTCHER, WITW (TV) Fort Lauderdale, Fla., said station plans to file formal protest with FCC over purported inability to get Senate hearings in Army-McCarthy controversy off line. Public service telecasts of this type should not be handled on "exclusive basis," he contended, adding he felt CBS should have carried live coverage.

Televise Continental Can Meet

ABC-TV will cover annual stockholders meeting of Continental Can Co. in New York tomorrow (Tuesday) for subsequent filmed presentation on network, telecasting telecasts (Thurs., 9-9:30 p.m. EDT). This is said to mark first time that any corporate annual meeting has been telecast on national basis.

Pearson to 444 Madison

JOHN E. PEARSON, N. Y., radio and television station representative, moving from 250 Park Ave. to 444 Madison Ave. effective May 3. Firm will occupy Suite 410 and will retain phone number Plaza 1-3366.

55 Color Sets in Milwaukee

WMTJ-TV Milwaukee report there were 55 color tv sets in use in its area as of Friday, based on check of Milwaukee distributors.

UPCOMING

April 28-29: Pennsylvania Assn. of Broadcasters, Mt. Pocono.
April 29-May 1: Southern California Advertising Agencies Assn., Deep Well Inn, Palm Springs.

For other Upcomings see page 119

PEOPLE

RALPH M. BARUCH, eastern sales manager, Consolidated Television Sales, joins New York office of CBS Television Sales as account executive. He previously was sales account executive with DuMont Network.

RICHARD DEPEW, staff director with ABC-TV program department, named assistant to eastern program director.

HAROLD F. DAVIS, formerly account executive with Ward Wheelock Adv., N. Y., has joined Sullivan, Stauffer, Colwell & Bayles, N. Y., in similar capacity.

EVERETT JARRETT and BERNARD BENJAMIN, formerly account executives with Frederic W. Ziv Co., have joined midwest sales staff of Televisions Programs of America.

WILLIAM R. WYATT, previously with BAB station relations department, to A. C. Nielsen Co., N. Y., as Nielsen Station Index sales-service representative. He formerly was with George W. Clark Inc. and Forjoe Co., radio-station representative firm.

AL. GODWIN, for four years district representative, southeast div., Frederic W. Ziv Co., named southeastern representative of film syndication division of Motion Pictures for Television. Before joining Ziv, Mr. Godwin had been manager KFPW Fort Smith, Ark., and WDNR Syracuse.

WMAR-TV Sponsored Color

WMAR-TV Baltimore sponsored colorcast Thursday of city's "welcome home" parade for its new American League Orioles baseball team which took place week before when team opened local baseball season. Color slides were made by WMAR-TV cameramen and broadcast Thursday through WMAR-TV's Telechrome flying spot scanner. Sponsor was Schmidt Baking Co., and program was placed through Quality Bakers Inc.

WMAR-TV, owned by Baltimore Sunpapers, has been telecasting network color weekly and color slides daily since last December. Also last week, WSY-TV Oklahoma City broadcast sponsored colorcast program of live show originating in its studios (story page 64).

Latest radio Pulse (January-February, 1954) conclusively proves that KPRC Radio is FIRST in MORNING, AFTERNOON and EVENING periods. First by a greater margin than ever before! KPRC has eight times as many quarter-hour "firsts" as all other Houston radio stations combined. With all of the ten top day-time shows and six of the ten top night-time shows, KPRC remains the best radio buy — day and night — in the Gulf Coast area.

Superior coverage (Nielsen) plus top ratings (Pulse) validate KPRC as HOUSTON'S BEST COST-PER-THOUSAND BUY!

IN REVIEW

PACKARD PROGRAM

STARRING MARTHA WRIGHT

Network: ABC-TV, Sun. 9:15-9:30 p.m. EST
Sponsor: Packard Dealers
Agency: Mason Inc., N. Y.
Production Cost: $4,900
Starring: Martha Wright with Bobby Hackett and his orchestra, Norman Paris at piano, quintet and guest, Ray Middle- ton
Producer: A. S. Fallace Jr.
Program Supervisor and Writer: Fred Halder
Director: Cort Steen

INEVITABLY the new Martha Wright quarter-hour sponsored by the Packard dealers will be compared with the Dinah Shore quarter-hour sponsored by Chevrolet.

Both programs feature girl singers, supported by whatever less celebrated talent comes to hand. On both, the girl singers not only sing but also, on occasion, speak warmly of the products of the automobile companies which pay the talent fees. Beyond this general area, however, the comparison ends. It is Miss Shore by a mile in this competition.

While Miss Wright is a pleasant singer, she does not have the personality or voice to create more than casual interest. At her present stage of development she would be more suitable in a secondary role. It is doubtful if she can persuade a large audience to desert the not inconsiderable attractions that are elsewhere on television on Sunday at 9:15 p.m.

The opening show of her series was further encumbered by a male vocal group that sang without distinction except for the fact it got off key, by below-standard trumpet playing of Bobby Hackett, who is eminently capable of better things, and by generally pedestrian production.

MARSHA WRIGHT, BOBBY HACKETT

Packard turns to musical tv

ONE noticeable omission might well have prompted viewers watching NBC-TV's telecast of New York's Easter Parade on April 18 to wonder if the network didn't get its signals crossed in tiding this one. There wasn't any parade. As close as the cameraman came to picturing Easter morn along Park Ave. were a few fleeting shots outside the Waldorf-Astoria Hotel, most of them picked up from an elevation of umpteen hundred feet. Camera work showed the buildings off nicely but the Easter finery that distinguishes this day from any other was lost in a great blur.

Aside from these brief glimpses, the show had nothing to do with New York's famous and colorful milling throng on Easter Sunday. It was confined to a more select set who had gathered in the lobby of the Waldorf. There a number of celebrities passed before the camera revealed them to time, were playing Easter games in another part of the lobby under the uncoordinated direction of actress June Lockhart.

The show was done in color by NBC. The signal was strong and clear, producing some really beautiful pictures. But there was never a bad shot that color could miraculously bring to life. The television treatment of the Easter Parade was a far cry from being acceptable network video fare. There were no glaring production errors. In fact the remote pickups from, for example, St. Bartholomew's Church were handled well enough. It was simply an uninteresting telecast. There was no pace, no relation of one segment to another, no apparent reason for programming the show at all. The conversation was repetitious, most of it centered on the needs of the American Korean Foundation for whose benefit the show was produced. To put color to the test, there were three fashion shows—one on current high fashion, another recalling Easter styles throughout the last century and still another on what the well-dressed junior miss is wearing this season.

Designer Eleanor Lambert delivered the fashion commentary on one show. Perhaps the most pertinent statement from a tv standpoint made on the show was her prediction that color television will not only influence fashion but may very well set it, indicating that fashion experts are beginning to give serious consideration to the effectiveness of color tv.

EASTER PARADE

Network: NBC-TV
Time: Sun. (April 18), 12 noon-1 p.m. EST
Producer: Ann Gillis
Director: Max Miller
Narrators: Tex and Jinx McCrory

ONE noticeable omission might well have prompted viewers watching NBC-TV's telecast of New York's Easter Parade on April 18 to wonder if the network didn't get its signals crossed in tiding this one. There wasn't any parade. As close as the cameraman came to picturing Easter morn along Park Ave. were a few fleeting shots outside the Waldorf-Astoria Hotel, most of them picked up from an elevation of umpteen hundred feet. Camera work showed the buildings off nicely but the Easter finery that distinguishes this day from any other was lost in a great blur.

Aside from these brief glimpses, the show had nothing to do with New York's famous and colorful milling throng on Easter Sunday. It was confined to a more select set who had gathered in the lobby of the Waldorf. There a number of celebrities passed before the camera revealed them to time, were playing Easter games in another part of the lobby under the uncoordinated direction of actress June Lockhart.

The show was done in color by NBC. The signal was strong and clear, producing some really beautiful pictures. But there was never a bad shot that color could miraculously bring to life. The television treatment of the Easter Parade was a far cry from being acceptable network video fare. There were no glaring production errors. In fact the remote pickups from, for example, St. Bartholomew's Church were handled well enough. It was simply an uninteresting telecast. There was no pace, no relation of one segment to another, no apparent reason for programming the show at all. The conversation was repetitious, most of it centered on the needs of the American Korean Foundation for whose benefit the show was produced. To put color to the test, there were three fashion shows—one on current high fashion, another recalling Easter styles throughout the last century and still another on what the well-dressed junior miss is wearing this season.

Advance Schedule
Of Network Color Shows

CBS-TV
The New Revue every Friday, 5:30-6 p.m. (sustaining).

NBC-TV
May 3: Voice of Firestone, 8:30-9 p.m.; Monday (Firestone Tire & Rubber Co. through Sweeney & James Co.).
May 7: Dave Garrovay Show, 8:30 p.m., Friday (Pontiac Dealers through McManus, John & Adams Inc.).
May 8: Metropolitan Museum of Art, 3:30-4 p.m., Saturday (sustaining).
May 9: Kukla, Fran & Ollie, 5:30-6 p.m., Sunday (Swift & Co. through I. Walter Thompson Co.).

[Note: This schedule will be corrected to press time of each issue of B-T]
Fred Wolf voted Detroit's most popular disc-jockey

Latest honor won by WXYZ's Fred Wolf is the James Stewart-Glenn Miller Gold Record. The award was made as the result of a popularity vote by local listeners. Fred spins top tunes over WXYZ each weekday morning, 6:15 to 9:00 AM, from the unique Wacky Wigloo. On Saturday mornings, 7:00 to 9:00 AM, he also interviews outstanding guest from the Knotty Pine Wigloo in his own home.

WACKY WIGLOO is a special, glass-enclosed studio on one of Detroit's busiest arteries. Motorists on the way to work can see the broadcast to which they're listening.

Two of Detroit's tops

AIR BASE #7 rated tops after one month

Factual and authentic information about all phases of jet aircraft—plus an exciting film serial—has won WXYZ's Air Base #7 top rating in the 3:30 to 4:00 PM period, Monday through Friday. "Major Jim Scott" bridges show with calls from "ready room" to "tower". He also answers questions on jet aircraft from his young viewers.

What's What in Whitney
EDITOR:
... I noted in your article regarding the KOIT (TV) [Tulsa] purchase [BT, April 5] that you stated that J. H. Whitney & Co. had investments in six community television companies which were "constructed and operated by Jerrold Electronics Corp." ... These systems have not been constructed nor are they being operated by Jerrold. We have purchased Jerrold electronic equipment and Jerrold is a stockholder of the companies; but we have hired personnel and supervised ourselves the construction and operation of the systems. I point this out only as an indication that we are not an investment house in the traditional sense but actively and closely work with our new ventures ...

We do not underwrite securities; we do not engage in the brokerage business; and we do not act as a dealer in securities. Ours is a venture capital firm engaged in investing its own money in new or expanding enterprises. We have been long interested in the television industry and have considered it one of the most interesting post war industries. The opportunity to participate through acquisition of the ownership of KOTV was the first major attractive opportunity which had been presented to us ...

Medicine Show
EDITOR:
I read with interest a recent item in the Journal of the American Medical Asm., regarding plans of their Bureau of Health Education for radio and tv in 1954. According to the article they are responding "to the trend of listening audiences toward local radio shows" and emphasis will be placed on locally originated programs both on radio and on television. Station WLK has had such a program since it went on the air over six years ago. Medical

Topics with Dr. Victor Knapp, an Asbury Park physician, is a weekly 15-minute program of information of value in the field of personal and public health, and, as I understand it, has been on the air continuously for a longer period of time than any other similar program in the country.

In an era when most programs dealing with medical and health matters seems to harp on symptoms and the dire consequences of diseases, Dr. Knapp's presentation is a unique and popular contrast. His weekly chats are informal, and he treats his audiences as intelligent, well-informed adults who can understand what is being said, provided it is couched in non-technical language. And since Dr. Knapp knows his subject well, he continues to benefit a loyal audience ...

Industry’s foremost TV Relay System

RCA Microwave Relay systems have been "proved-in-use" in both studio-transmitter circuits and field pickup service. Today, RCA is the choice of television networks, telephone companies, and big TV stations—both in portable and fixed installations.

Your choice of Vertical or Horizontal Polarization. RCA microwave equipment can be arranged so that two links can be operated in the same channel. A choice of horizontal or vertical radiators (using RCA antenna waveguide feeds) eliminates inter-channel interference between individual links.

New TTR-IC/TTR-ID Microwave Relay Equipment. RCA’s wide-band relay transmitter, receiver, and antenna units are designed for operation in accordance with FCC Color Standards. In short, your equipment investment is protected!

Simplified Design—Fewer Tubes. Tubes and circuits have been kept to a minimum. Only 5 tubes in the transmitter unit; only 6 in the receiver unit—including klystrons! All other tubes are at the control position (easily accessible).

"Built-in" Variable Wavemeter—High-Gain Antenna. RCA’s simplified design offers other benefits, too. For example, oscillator output is coupled with a waveguide and detector-monitor system so that it serves as a variable wavemeter. The RCA Parabolic Antenna provides gains up to 11,500. Frequency range is 5500-7125 mc.

Easy Accessibility and Convenient Rear Loading. Transmitter and receiver chassis slide out easily from the weatherproof housing for quick maintenance. A keyhole-shaped cutout in the reflector enables you to insert the complete antenna/chassis assembly from the rear of the reflector.

Everything for Microwave. RCA’s wide line of microwave equipment provides complete systems flexibility to meet specific needs. RCA not only has microwave transmitters, receivers, power supplies, antennas, parabolic reflectors. RCA supplies every accessory required to put a TV relay system in operation.

RCA engineers know TV microwave techniques from A to Z. For planning help and technical information, call your RCA Broadcast Sales Representative. In Canada, write RCA-Victor Ltd., Montreal.

FREE, 8- and 12-page illustrated brochures on the RCA TV Microwave System and RCA Microwave accessories. The books include complete data, plans, accessories, physical dimensions. Get a free copy from your RCA Broadcast Sales Representative.

WRNY Fights Traffic Deaths

"WALK with care. Drive with care. Don't you be the star attraction at the next traffic funeral." That's the slogan used by WRNY Rochester, N. Y., in its campaign to reduce traffic fatalities. As a part of its drive, WRNY's *For Whom the Bell Tolls* program features police reports on conditions under which traffic accidents occur and educational talks by members of the Police Accident Prevention Bureau and the Department of Public Safety. A bell is tolled on the program each time an accident fatality has occurred. In addition, a WRNY hearsay, prominently displaying its slogan, travels the city the day following a death tolling its large mounted bell, and at times is accompanied by a loud-speaker equipped police car broadcasting safety messages.

WCHS Bocks Symphony

SECOND annual auction conducted by WCHS Charleston, W. Va., on behalf of the Charleston symphony orchestra netted $5,000 for the orchestra's treasury. The four-hour show was staged in a local automobile dealer's showrooms. Merchandise bids were accepted from listeners at home as well as from the "live" audience.

NBC Show Sells Easter Seals

SPECIAL half-hour NBC Radio variety show to promote sale of Easter Seals by National Society for Crippled Children and Adults was emceed by columnist Hedda Hopper from Hollywood. Program, *Easter Seal Parade of Stars*, featured songs by Dinah Shore, Frank Sinatra, Danny Thomas and the Four Angels —new recording quad play of Jane Russell, Della Russell, Connie Haines and Beryl Davis.

Stars Help Cancer Drive

SERIES of 20-second and one-minute radio-tv spot and station break announcements utilizing top-name entertainment personalities, including Bing Crosby, Danny Kaye, Jeff Chandler, Cecil B. DeMille and William Holden, has been prepared for American Cancer Society's April fund drive by Hollywood office of Kenyon & Eckhardt Inc. K & E also has transcribed a special half-hour radio program with Edgar Bergen and Charlie McCarthy, Jane Wyman, Libarice, Nelson Eddy, Jack Kirkwood and the Ray Noble Orchestra.

Sight-Saving Aid

RADIO and tv broadcasters, advertisers, agencies and representatives of other media have been praised by the National Society for the Prevention of Blindness for their support in the Sight-Saving Month campaign last September. The campaign was described by Society officials as "the most effective in the 40 years in which we have been involved in health education." In a report to The Advertising Council, Society President Mason H. Bigelow said sponsors of at least 30 national network programs carried Sight-Saving messages, as did local radio stations in all 48 states. Television stations in 28 states and a number of network programs carried an educational film spot announcement in behalf of the campaign.

Praise to Radio-TV

PRAISE has been extended to radio and television networks and stations for their cooperation in the Advertising Federation of America's 1953-54 campaign for better understanding of advertising. Ralph Smith, vice president of Sullivan, Stauffer, Colwell & Bayles and campaign chairman, single out NBC-TV and CBS-TV for their efforts, and added that tv films were distributed to 200 stations, radio stations.

Local Coverage on WIBX

TWO series of programs over WIBX Utica, N. Y., provide listeners with a knowledge of local affairs. Meetings of the Utica Common Council are tape recorded twice a month by WIBX and highlights are re-broadcast the next evening. A second series, called *Headline Comment*, features the interview of a local personality by the WIBX news staff.

Craftsman Plugs Public Service

CRAFTSMAN Insurance Co. of Boston, Mass., is donating all its commercial tv time to public service. Sponsoring the *Washington-Merry-Go-Round* over WNAC-TV Boston, free time is given to the fund-raising efforts (March of Dimes, Heart Fund, etc.). Other than an introductory credit line, no mention is made of the sponsor.

Stars Back Palsy Drive

SERIES of one-minute tv and radio spot announcements for National Cerebral Palsy Assn.' fund raising drive has been recorded by 13 Hollywood personalities, including radio-tv actors Lionel Barrymore (CBS Radio *Hallmark Radio Hall of Fame*), Jeff Chandler (formerly CBS Radio *Our Miss Brooks*), Bob Hope (NBC-AM-TV) and Will Rogers Jr. (formerly CBS Radio *Rogers of the Gazette*).

CPRN Reports Weather Work

WORK of U. S. Air Force in gathering weather information by long range reconnaissance flights to Alaskan regions was reported by Columbia Pacific Radio Network as one of a series of public service broadcasts. Dave Shwaller, director of public affairs, CPRN Hollywood, accompanied a 15½ hour, 3,000 mile flight from 55th Strategic Weather Reconnaissance Squadron to tape material for the program, titled "Storm Warning."

WFPZ, WZOB Hold Auctions

FORT PAYNE, Ala., radio stations WFPZ and WZOB and the local Jaycee combined efforts to raise money for purchase of school property in North Fort Payne. Valuables donated by individuals were auctioned off during the series of broadcasts while Jaycee members blanketed the city to collect pledges. The two marathon broadcasts lasted a combined 21 hours.

Blood Appeal Saves

PUBLIC appeals for rare type blood by stations WIBY, WWCW and WATR Waterbury, Conn., resulted in saving two lives at the Waterbury Hospital. One of the patients required immediate transfusions of A and O rare negative types blood. The emergency was met successfully by the three stations whose pleas brought a response from 30 persons.

PHILIP HENRY COHEN

It’s SINGULARLY fitting that the entry into broadcasting of Philip Henry Cohen, vice president in charge of radio and television for Sullivan, Stauffer, Colwell & Bayles, New York, should have come as the result of an international argument, an aired debate between Oxford and Harvard.

Mr. Cohen, one of the founding members of SSC&B, is about as international in his origins as the travel regulations of the U. S. will permit. Born in Hawaii in 1911, the son of a now-retired Army officer, Major Lee Cohen, he was educated there and in Panama.

Mr. Cohen came to America in time to complete his early schooling in Virginia and New Jersey, preparatory to entering Harvard, where he graduated cum laude in 1932.

Influenced by the Oxford-Harvard Talkathon, Mr. Cohen went to WRC Washington, first as an actor, later as a director.

In 1938 he was singled out for a fellowship by the Rockefeller Foundation to study radio in Great Britain.

In June of 1940, Archibald MacLeish, Librarian of Congress, sought out Mr. Cohen to produce a series of folk lore programs.

Mr. Cohen then went to work for the Office of War Information where he first met Don Stauffer, then head of the OWI, radio division, and now the second S in SSC&B. In 1945 Mr. Cohen was sent by OWI to London to head ABSIE, the American Broadcasting Station in Europe. It was there that he met and worked with Bob Colwell, then head of psychological warfare in the area.

When the trio returned to the States, both Messrs. Stauffer and Colwell, separately, asked Mr. Cohen to join them in the agencies for which they worked at the time. Mr. Cohen finally decided to go with Ruthrauff & Ryan as head of daytime radio.

In 1946, when SSC&B was formed, Messrs. Colwell and Stauffer—in concert this time—urged Mr. Cohen to join them. Persuaded, he joined as director of radio. In 1948 he was named a vice president.

Mr. Cohen supervises such shows as Big Story for American Tobacco; Meet Millie for Carter Products; Place the Face for Carters; the Doug Edwards and Ray Bolger shows for Pall Mall; Name That Tune for Speidel; and Gabriel Heather for Whitehall.

Mr. Cohen married the distinguished literary agent, Henriette Herz, on Oct. 2, 1936. They have two boys.
SEE THE **Best** IN TV TRANSMITTING EQUIPMENT AND **Compare** ALL THE FACTS!

**THE RIGHT TRANSMITTER FOR YOUR "SPECIAL" NEED**

Standard Electronics offers you the most adaptable VHF equipment in the industry today...to solve your station's expansion problems on the basis of individual needs and market requirements.

For example, to start television service, you may choose an economical, trouble-free 5 or 10 KW 100% air cooled S-E transmitter. Later, go to 20, 25, 40 or 50 KW output, simply by adding a matching S-E amplifier. You get the right combination of the best equipment to give you the ERP you need at any time.

For television stations now on the air who want to improve their competitive status with a maximum power signal...Standard Electronics offers a complete line of 100% air cooled amplifiers...DESIGNED TO DRIVE DIRECTLY FROM YOUR PRESENT TRANSMITTER, whatever its make...with no need to replace any part of your existing equipment, YES, EVEN IF YOU HAVE A 2 KW TRANSMITTER, IT CAN BE EXPANDED TO 20 KW WITH ONLY THE ADDITION OF A S-E AMPLIFIER.

Your high power broadcasts can begin SOON...because Standard Electronics has a reputation for deliveries ON TIME, as promised.

**NARTB Show, May 25 to 27**
**Visit Exhibit No. 20**
**Palmer House—Chicago, Ill.**

---

**Compare** true equipment costs...not just initial cost...but also replacement and power consumption costs. (Within a five year period, an S-E 50 KW—VHF transmitter can save you up to $120,000 in operating expenses alone.)

Compare circuitry...layout and control simplicity...case of maintenance.

Consider the advantages of S-E's "Add-A-Unit" design that makes it easy for any station to expand to higher power...and compare delivery schedules for both complete transmitters and high power amplifiers.

Get **all** the facts...and let them help you decide truly which transmitter best serves your needs.

</table>
ON CHICAGO's southwest side, in the heart of the nation's best known stockyards center, is located what is generally acknowledged as the world's largest meat packer, Swift & Co.

There a staff of about 50 people handles more than 100 individual advertising budgets. Directing this staff, with responsibility for siphoning more than $5 million annually into broadcast media, is a man who firmly believes that the product is the thing.

As general advertising manager of Swift & Co., which has a reputation for watching its pennies pretty closely, Ray Weber came up through the ranks—of industry and at Swift—to his present position.

If Mr. Weber is product-conscious, it is doubtless because of the structural alignment at the meat packing firm which, in 1933, operated on earnings of 1.3 cents per dollar of sales. Swift merchandises lavishly but reckons ad expenditures coolly.

Mr. Weber has been at Swift's about 19 years and became general advertising manager in February 1953. In the intervening years, he served as brand promotion manager for such products as Swift's Allsweet margarine, Sunbrite cleanser, Premium ham and bacon, Pard and other items.

A native of Chicago, where he was born on Feb. 18, 1901, Mr. Weber reports that his youth was relatively uneventful until he entered the U. of Illinois in commerce and graduated with a B.S. in 1923, the same year he met, courted and married the former Vera Bean.

Young Mr. Weber plunged into advertising in the research department of J. Walter Thompson Co. (which today handles some Swift products), where he worked for about 18 months. It was in 1924 that Mr. Weber got into broadcasting for the first time, though inadvertently and obliquely.

It was, it will be recalled, the fabulous era of Samuel Insull and his financial亲眼. Mr. Weber left the Thompson agency to join Midwest Utilities, an Insull enterprise. While his duties were chiefly those of advertising and publicity, Mr. Weber was assigned to set up an advertising department of a new Insull affiliate in Indianapolis.

After engineers from Westinghouse manifested an interest in radio, while engrossed in other chores in Indianapolis, Mr. Weber was designated by the local power and light firm to set up studios and organize a station for its debut. He was on the job about six months.

After three years with the Insull holdings, Mr. Weber joined the now-defunct McJunkin agency.

In 1933 Mr. Weber returned to radio. NBC Chicago was seeking a man who could write commercials, he recounts, and he was persuaded to try his hand. Mr. Weber started on the continuity staff and wound up writing commercials to fit audition openings. He also was permitted to freelance on the side. He wrote for Irene Rich's network series and continuity for The Marvins, serial for Book House, which published children's books.

In 1934 Mr. Weber was stationed at the Chicago World's Fair, handling continuity and writing all air copy.

Mr. Weber came to Swift the following year. He reasoned that there might be a well-rounded job covering all aspects of advertising and media.

Mr. Weber started on the Sunbrite and Allsweet accounts and later ranged the product field at Swift's to cover many items. As general ad manager now, he works with J. Walter Thompson, McCann-Erickson, Gardner Adv. and Russell Gray—and with over a dozen other agencies serving Swift-associated companies in the U. S. and Canada.

What does Ray Weber think of radio and television?

"I think television is one of the greatest advertising media today—but it is the most expensive," he says with concern. "It is pricing itself out of business." Swift does have video properties (part of CBS-TV's Garry Moore Show for Allsweet; all of NBC-TV's Rukla, Fran & Ollie for Pard, and spots in selected markets keyed to the packer's distribution and merchandising operation). But it is cautious and moves slowly, reflecting Mr. Weber's acknowledgement that "we buy where we are assured of a good buy."

And, of course, there's still the Breakfast Club on ABC, which he once described as a "radio show ideally suited to promote a variety of products." (Don McNeill's program costs Swift about $2.5 million annually.)

Mr. Weber "dabbles" in advertising on other fronts too. He taught courses at Northwestern U.'s Chicago campus from 1928 to 1950 and belongs to the Chicago Federated Adv. Club. He also is Swift's co-representative for the Assn. of National Advertisers. He is a member of the University Club and honorary member of Alpha Delta Sigma, advertising fraternity.

Mr. and Mrs. Weber have two children—Ray Jr., 25, now with the Hazard Adv. Co., New York, and a daughter, Alice, 18, a sophomore at Denison U., Ohio. They live in Beverly, a Chicago suburb.

NORFOLK, VIRGINIA
ABUSES CAN DESTROY TV AS AD MEDIUM, 4A WARNS

Cone and Ludgin point out at White Sulphur Springs sessions that viewers can be driven to subscription tv by flagrant commercials.

THE NATION'S top advertising agency executives were warned by two of their own leaders last week that they may lose tv as an advertising medium unless agencies and advertisers, networks and stations curb commercial abuses.

This warning was sounded first by Fairbanks M. Cone of Foote, Cone & Belding, Chicago, and expanded by Earle Ludgin of Earle Ludgin & Co., Chicago, retiring chairman of the American Assn. of Advertising Agencies, in addresses at the AAAA's 36th annual meeting held Thursday through Saturday at the Greenbrier, White Sulphur Springs, W. Va.

Mr. Ludgin held up the prospects of subscription tv as a sign that people may be willing to pay for commercial-free television. He cautioned that while the networks probably could adjust to meet such a development, advertisers and agencies might wind up "outside, looking in."

Mr. Cone saw confiscation of television as one of the "dead costs of competition" unless changes are made.

Clean Out 'Hucksters'

In a speech admonishing agencies to clean out the "hucksters" and stick to reasonable and compelling truth" in advertising, Mr. Cone cautioned that "widespread abuse" contaminates all advertising, extending "disbelief in some advertising to disbelief in most advertising" and, potentially "disbelief in all advertising." Noting that the "huckster thrives on opportunity, and growing competition gives it to him best," he cited misuses to advertising in various media.

"Similarly," he said, "the peril to radio and, even more particularly, television, from the cost of ruthless competition is a thing to contemplate with fear and trepidation.

"I am assuming that television's own intercine warfare—in which more than a few peaceable advertisers and advertising agents have been caught and badly roughed—soon will come to an end. Then I presume the hassle and the bangle, and the angle, will give way to the wholesome imperatives of the public's interest."

"If it doesn't, if the six minutes allowable in each hour for television commercials continues to range at certain times from sixteen upwards, filled with boast and bombast; and if even the properly limited commercial spot is filled with dreary, unimportant drivel, surrounded by a pull of unimagination—then the cost of competition will be confiscation. For the public owns the air."

Mr. Cone said there are "hucksters" in the AAAA and "among our advertisers," and that they should be weeded out; that "we should find some better place for decent words" than those "magazines that fail entirely to censor copy for the mealy, weasel words that make it at once both legally truthful and utterly dishonest; that "we should reject" the "ancient, unfair, costly concept" followed by "newspapers whose local rates are half the national advertisers when his distribution is only half the local chains."

He said: "We all know radio and television stations that make a mockery of allowed commercial time on local programs; and we should remember that these violations are labeled advertising too."

Although it takes talent and time to sell "creatively," he cited evidence in various media to show it can be done:

"The very same screen in your living room that offered gift wrapped Tums for Christmas giving, and shows you endless used cars (all like new) and every second-rate star in the Hollywood firmament fuzzily pitching for pastes and pills—this very same screen plays the honest Kraft and Johnson's Wax and Reynolds Aluminum commercials, and the Lincoln and Mercury and Buick and Remington Shaver demonstrations. These and the Tea Bureau spots and the amusing animations for Gillette and S.O.S., for instance, seem to me to make good television's advertising promise while they pay for its various and sundry contributions."

Mr. Ludgin, too, cited performances of which he felt television should be proud, but he felt that "maybe we're selling tv short" in that "maybe in addition to having too many commercials, we are using tv at its lowest common denominator."

Referring to programming, where Mr. Cone had referred to commercials, Mr. Ludgin, in a speech prepared for the annual dinner Friday night, picked out "Amahl and the Night Visitors," "Hamlet," and "Richard II" as "especially notable" tv commercial productions. But, he stressed, one advertiser sponsored all three (Hallmark Cards, on NBC-TV, through Foote, Cone & Belding).

"I hope they flourish mightily, and show our clients and the networks that an ardent audience is waiting for programs of this calibre," he said.

Classic Music Potential

Mr. Ludgin thought tv may have "been too busy and too beset with other problems to have provided appreciation of classical music in this country."

"Perhaps as advertising men and clients we have been slow to demand or even to accept distinguished programs," he said. But he thought "it should be obvious that change is imperative." Citing subscription tv, he warned: "If it comes, or when it comes, pay-as-you-see television will have no advertising. The audience will be there for entertainment only. Your commercials will have been ruled out."

"There are men ready to risk fortunes on their belief that the public is eager to pay for television just in order to avoid the advertising."

"Are you listening? If we let this medium slip out of our hands because we have abused it, misunderstood it or neglected it, we shall have lost one of advertising's greatest opportunities. And we shall have deserved to lose it."

'The networks, I am sure, will find some

way to meet the new conditions. Their facilities can be used as readily one way as another. But agencies and advertisers will be outside, looking in.

"If I have worried you even a little, I feel I shall have done a service for advertising."

Mr. Ludgin said "the thing that makes television great is the thing that may undo us—you have to see the advertising."

"Advertising makes all its mistakes in public. It's right there before their eyes—station breaks, hitch-hikes, eight-second quickies and station billboards—just a lot of ads, and to the viewer, the fault is the fault of the advertiser."

Mr. Ludgin said he was "worried" even though "the total advertising industry is close to the eight billion dollar figure, a record high" and that "my basic unease is caused by the fact that advertising is held in low esteem" because, largely, of questionable practices on the part of some.

He offered three suggestions for helping advertising "on its upward way":

1. The agency-educator project to bring current advertising procedures into the college classroom.
2. Plans to teach the elements of advertising to pupils in elementary schools.
3. Making advertising sell itself by serving the community—that is, by advertising men applying advertising techniques in the advancement of community projects.

In another speech the AAAA members and guests were told by R. J. Keith, vice president of Pillsbury Mills, that "the problem of 1954 management is to capture that singleness of purpose and unity of action that characterized the small businesses at the turn of the century and enabled many of them to become big businesses of today."

Preceding Mr. Cone in the second phase of the Friday morning business session, presided over by Henry G. Little of Campbell-Ewald, Detroit, Mr. Keith said advertisers should operate in "partnership" with their agencies; that agencies should never differ in producing advertising for a campaign "that is without meaning and without purpose," and that agencies should realize that they "must operate with the same singleness of purpose as the client does."

Following a showing of the AAAA-Assn. of National Advertisers "Future of America" film, Charles H. Brower, executive vice president in charge of creative services for BBDO, New York, opened the Saturday morning business session by urging agency people to "have fun" by producing creatively without regard to old admonitions, such as that against "talking down to the public."

He said true research should look forward, not backward—and recommended participation in the work of committees and outside organizations in the field of research.

Mr. H. Brower, executive vice president, said, "while and how and how costly? asked Marion Harper Jr., McCann-Erickson president who presided over the session. Mr. Weaver answered, "Color is here to stay and it's very much later than you think.""

Color figures were offered by Mr. Van Volkenburg. Looking toward color's "mature" rather than "transition stage," and assuming that sometime in 1958 color tv would have a 90% saturation in the 100 largest markets, he estimated that a night-time half-hour in color would then cost an advertiser $83,000 to reach those 100 markets—$58,000 in cable costs and $25,000 for talent and production.

He conceded that color cable costs are as yet undetermined with AT&T claiming it is losing money on black-and-white (and with broadcasters disputing this claim). He figured the increase in cable costs would be $2.00 per half-hour if all of AT&T's additional costs were charged to color.

An analysis of the CBS-TV program schedule, Mr. Van Volkenburg said, indicates that color will add from 5% to 20% in cost—as against 48% extra charged by magazines for color ads.

For a "typical" program he placed the increase at about 10%.

He said CBS colorcasting which now consists of a regular weekly program would "expand rapidly" in coming months.

During the third quarter of 1954, he said, CBS-TV begins colorcasting commercial shows on a rotating basis. Mr. Van Volkenburg predicted that 200 stations would be equipped to broadcast network color by January 1956 but that only "a dozen or two" would be able to originate local color by that time.

Mr. Weaver stressed "color as a new force in television and in selling," and said the time for major advertisers to start is next fall.

Those who are leaders in their fields must go into color television to protect their leadership, he said, while small companies may become large ones through the use of color tv.

He made plain that NBC-TV intends to keep control over programming, repeating his view that "insertion" enables small advertisers to get into tv and that economically it will be impossible for a few advertisers to control all of the commercial programming.

"If you want a great national program service," he said, "its cost must be broadly distributed and the programming must be sold in a way that responds to the many, different needs of the many different advertisers. All-night spectaculars, five-second billboards, 365-day continuity, once-a-year explosions—you name it and we'll have it, in color.""}

Dr. Stanton said the time is "rapidly approaching" when an advertiser will gain a competitive advantage by getting into color tv.

He reaffirmed Mr. Van Volkenburg's belief that eventually all television will be in color, but said it is impossible to project a timetable because "you don't invent by a stop-watch." As with automobiles, he said, color tv's greatest refinements may come after it is introduced.

Perfection of a color picture tube of acceptable size, performance and price, Dr. Stanton said, is the key to the color tv lock. He felt the CBS Colortron 203 would get color tv rolling but said CBS also will go along with any other tube that meets the size, efficiency and price requirements.

He recommended that color programming be "spread evenly" throughout the week without duplication between networks.

The role of the color tube and set production was cited by Mr. Elliott, who foresaw a 10,200,000 color set output within five years.

He reported RCA has firm orders for 4,000 color sets to be delivered within the month. Color tv's problems are easy, he said, but experience gives confidence that "we can meet public demand." Industry-wide effort is essential, he said.

In other addresses Roy E. Larsen, president of Time Inc., and chairman of the National Citizens' Committee for the Public Schools, said in a speech prepared for delivery Saturday that the "works of the Advertising Council are a credit not only to the advertising industry but to all American business."

An illustrated address was slated for Saturday morning delivery by Walter P. Margulis, of Lippencott & Margulis Inc., New York industrial designers. He said advertisers are confusing the public by asking them to remember 15,000 different brand names when their entire average vocabulary amounts to only 15,000 words. He urged the agency people to overcome this practice by developing a form of "brand imagery" by which products would be remembered.
in the Advertising Research Foundation as the 
forward-looking place to start—and urged 
creative people to “do the things you are proud 
to do. The kind of things that give you a 
glow when you see it on your tv set, or read it 
in your magazine or newspaper. Venture 
beyond the bounds once in a while and maybe 
some of the bounds will disappear.”

This session was presided over by Clifford 
L. Fitzgerald of Dancer-Fitzgerald-Sample, 
New York.

B&B’s Baker Elected 
4A Board Chairman

WILLIAM R. BAKER Jr., Benton & Bowles 
board chairman, was elected chairman of the 
board of the American Assn. of Advertising 
Agencies last Thursday at the AAAA’s 36th 
annual meeting at the Greenbriar, White Sul-
phur Springs, W. Va.

In addition to Mr. Baker, who succeeds Earle 
Ludgin, president of Earle Ludgin & Co., 
Chicago—following were named officers:

Henry G. Little, chairman of the board of 
Campbell-Ewald Co., Detroit, was elected vice 
chairman; Robert Grove, executive vice presi-
dent of Ketchum, McLeod & Grove, Pittsburgh, 
was named secretary-treasurer; and the follow-
ing were elected directors at large for three-
term years:

James M. Cecil, president of Cecil & Pres-
brey, New York; J. Davis Danforth, executive 
vice president of BBDO, New York; O’Georgi- 
C. Reeves, vice president of J. Walter Thomp-
son Co., Chicago. Ken R. Dyke, assistant to 
the president of Young & Rubicam, New York, 
was elected director-at-large for one year to 
fill the unexpired term of Mr. Little, newly-
elected vice chairman.

Directors Elected

The following were elected directors to rep-
resent the six AAAA section councils, with 
one-year terms:

Donald K. Clifford, president of Doherty, 
Cliffords, Steves & Shenfield, New York, repre-
senting the New York Council; Sture H. Nelson, 
president of William B. Remington Inc., Spring-
field, Mass., representing the New England 
Council; W. W. Neal, partner in Liller, Neal & 
Battle, Atlanta, from the Atlantic Council; 
Blount Slade, vice president of Brooke, Smith, 
French & Dorrance, Detroit, from the Michigan 
Council; Hal R. Kneiling, president of Kneiling 
& Co., Indianapolis, from the Central Council; 
and Ross H. Ryder, president of Ryder & In-
gram, Oakland, from the Pacific Council.

The following continue on the AAAA board 
as directors-at-large:

Kenneth W. Abers, president of Griswold-
Eshleman Co., Cleveland; Clifford L. Fitzger-
dard, board chairman of Dancer-Fitzgerald-Sample, 
New York; Marion Harper Jr., president of 
McCann-Erickson, New York; Victor O. Schwab, 
president of Schwab & Beatty, New York; and 
Lawrence Valenstein, president of Grey Adv., 
New York.

Membership of the new AAAA Operations 
Committee was named as follows:

Association Chairman Baker, of Benton & 
Bowles; Vice Chairman Little, of Campbell-
Ewald; Secretary-Treasurer Grove, of Ketchum, 
McLeod & Grove; Frederic R. Gamble, AAAA 
president; Kenneth W. Abers, president of Gris-
woId-Eshleman Co., Cleveland; Clifford L. Fitz-
gard, board chairman of Dancer-Fitzgerald-
Sample, New York; and Lawrence Valenstein, 

Mr. Gamble’s re-election as AAAA president 
marks his 25th year with the association.

EIGHT MAJOR CLIENTS DRAWING UP 
REVISED TV PLANS FOR SUMMER-FALL

Among these advertisers is 
Paper-Mate Pen Co. which 
takes its initial step into net-
work television May 14.

EIGHT” major television advertisers are negoti-
ing for new programs and time segments this 
past week, BWT learned.

The companies are Pillsbury Mills Inc., 
Green Giant Co., Campbell Soup Co., National 
Wholesale Jewelry Assn., Paper-Mate Pen Co., 
Reynolds Metals Co., U. S. Tobacco Co. and 
Toni Co.

Pillsbury Mills Inc., Minneapolis, and Green 
Giant Co., LeSueur, Minn., have teamed up 
as co-sponsors of a half-hour tv show featuring 
Mickey Rooney on NBC-TV, Saturdays, 8-
8:30 p.m. Contracts have not yet been signed 
but are expected to be shortly, with advertisers 
taking over the time segment early in August. 
A summer “warm-up” show will presumably 
go on the air for the first four weeks, with 
the Rooney program starting in September. Leo 
Burnett Co., Chicago, is the agency for both 
advertisers.

Campbell Plans

Campbell Soup Co., Camden, is expected to 
pick up the Sunday period now occupied by 
Johnston Wax’s Life With Father, Sunday, 7-
7:30 p.m. on CBS-TV, for the next season with 
a new program entitled Lassie. BBDO New 
York, is the agency for Campbell. Meanwhile 
S. C. Johnson & Co. is understood to be look-
ing for another program title for its Life With 
Father series, through Nesdahm, Louis & 
Borby, Chicago.

National Wholesale Jewelers’ Assn., Phila-
delphia (Jewelers of America), is planning a 
multi-million dollar variety show, Your Night of 
Jewels, scheduled to start next fall on Du-
Mont. Program will be for one hour.

Commercial participation will be available 
to a selected group of top national manufac-
turers of non-competitive lines whose products 
are distributed through jewelry wholesalers. 
Agency is Lewin, Williams & Saylor, New 
York.

Paper-Mate Pen Co., New York, effective 
May 14 will sponsor the Stu Erwin Show on 
68 ABC-TV stations, on alternate weeks with 
General Mills. This marks Paper-Mate’s ini-
tial step into network television and means an 
additional advertising expenditure of $1 mil-
on to supplement Paper-Mate’s original ad-
vertising budget of $4,500,000 for announce-
ments. With the buying of the national tv 
show, Paper-Mate executives emphasized that 
they would continue to be heavy users of spot 
announcement commercials.

Thomas Walsh, president, Paper-Mate, said 
that the company was expanding its advertising 
and going into network television at this time 
because sales for the first months of this year 
merit expansion of advertising expenditures.

Reynolds Metals Co., Richond, Va., through 
Russel M. Seeds Co., Chicago, has renewed 
Mr. Peepers, Sunday, 7-7:30 p.m. for the fall-
winter season and will keep the time and program 
.on the air by using repeats of kinescopes during the summer months.

U. S. Tobacco Co., New York, through 
Kudner Agency, New York, has offered the 
Wednesday, 10:30 p.m. time period by 
NBC-TV for its Martin Kane show, whose 
present Thursday evening time has been pre-
empted by the network [BWT, April 12]. The 
advertiser has not yet decided whether it will 
accept the time and is still talking to other net-
works, it was understood.

Toni Co., Chicago, through Foote, Cone & 
Belding, Chicago, is understood to be picking 
up the Sunday, 10-10:30 p.m. time on NBC-
TV when Procter & Gamble Co. takes a sum-
mer hiatus for its Loretta Young Show. P&G 
will return the program to the same time period 
in the fall. Toni’s summer program plans 
were not known last week.

Procter & Gamble Co. will not renew its 
Paul Winchell Show, on NBC-TV Sundays, 7-
7:30 p.m. next fall. The network has had sev-
eral bids for the program and is busing its 
choice of advertiser on the type of program 
to be placed in the period. Young & Rubicam, 
among other agencies, is understood to have 
one client anxious to sponsor alternate weeks of the Sunday half-hour.

CARNATION Milk Co.’s advertising on KIWW San Antonio, Tex., is renewed for 
another year by (l to r) Gene Richards, KIWW station manager; Norma Martinez, 
dramatic star of the Carnation program; Vernon Crossley, Carnation sales supervisor; 
Dudley Jones, Carnation sales representative, and Jose Arratia, KIWW producer of 
dramatic shows. The program, Teatro Radio-fonico Carnation, is recorded in Spanish 
at KIWW and rebroadcast on 11 other stations in the Southwest.

April 26, 1954 • Page 29
ARMY, AIR FORCE TO PART AD WAYS

Air arm wants to spend $1.2 million in fiscal '55; Army would spend $750,000.

THE DEFENSE Dept. is applying a "new look" to its recruitment advertising program.

In the past, the Army and the Air Force operated a joint recruitment advertising budget with the Air Force as a rule obtaining the lesser amount.

But, if Congress accedes and gives the Air Force the money it wants for fiscal 1955, that will be changed. Beginning July 1, 1954, the Air Force will strike out on its own in an effort to fill a lagging volunteer quota. Since Korea enlistments have run out, the Air Force has had trouble replacing its men. It needs about 200,000 men; the Army about 120,000.

What this will mean to military spending for radio-TV is a matter of conjecture. Since 1951, neither service has been spending money on spot announcement campaigns. Rather, they have been placing all their eggs in the free-time basket. Current advertising budgets take care of "point of sale" recruiting and radio-TV production costs only. Paid time is only a Pentagon memory.

Also up in the air at this point is the future of the agency handling the huge military advertising project. Present agency is Dancer-Fitzgerald-Sample, New York.

Pentagon officials report that no decision has been made on what the Air Force will do about an agency. The Army, which must renegotiate a new contract for the next fiscal year, also is uncommunicative.

But officials point out the fact that an advisory committee a few years ago urged the armed services recruiters to stick to a single agency at least a couple of years because constant switching increased the cost of the advertising program. The current contract with D-F-S has been in effect since mid-1953.

The Army wants to spend $1.2 million on its recruitment advertising program in fiscal 1955 under the new look. The Army would spend about $750,000.

At present, the joint Army-Air Force budget is $1.3 million with about $500,000 of this amount going to the Air Force.

Out of the current Army budget, more than $250,000 is spent for radio production and about $270,000 for television. The Air Force, a

Ad Managers Speak Up

ANALYSES of radio's value as an advertising medium by advertising managers of several nationally-known companies are contained in the latest issue of BAB’s Radio Advertising Newsletter, Robert Greil, manager of advertising and sales promotion for Esso (Standard Oil of New Jersey) is quoted as saying that "radio's prophets of doom are either not using the medium at all, or using it inefficiently... Radio still does an outstanding job for us, when used properly and in combination with all available media." Background information on advertisers' past and current use of radio is highlighted in statements by Mr. Greil and other advertising managers, including Henry R. Geenlin, Metropolitan Life Insurance Co.; Maxine Rowland, Shulton Inc. (Old Spice products); and Edwin Ebel, General Foods Corp.

BIERN, DUFFY JOIN N. Y. TAX OBJECTORS

F. KENNETH BIERN, president of the Blow Co., and Ben Duffy, president of BBDO, both in New York, were among business men who joined the fight last week against the proposed 3% sales tax on commercial services in New York City [B•T, April 19]. Frederic R. Gamble, president of the American Assn. of Advertising Agencies, who appeared before the city's board of estimate the week before, went before the City Council's finance committee last week to reiterate that if the proposed tax became law advertising agencies will be forced by competition "to shift business from New York to other offices."

Mr. Biern told the group that "we are not talking merely of a 3% tax on the income of an advertising agency. We are talking of an 'atomic chain of self-destruction'—for the compounding of that additional 3% in addition to the present 3% and other sales taxes which already exist, can make operations in New York so impossible, in competition with agencies in other cities, that the conclusion is inevitable and obvious."

He said the Biow agency is the eighth largest advertising agency and that, for example, in television the agency employs outside firms in New York to produce tv commercials. Each of these firms employs allied industries in New York to supplement their efforts. Thus thousands of workers are involved and might face unemployment should the agencies be forced to move out of the city. Hollywood is already making it "attractive for us to operate out there," he said.

Mr. Duffy said the net effect of the sales tax proposal, "if carried through to its punitive conclusion, would be two-fold: Advertisers would either be discouraged against advertising in New York, or they would cease to use any of the fine agencies now employing thousands of good people in the conduct of their business."

SPOT NEW BUSINESS

NETWORK NEW BUSINESS

Miles Labs to sponsor Break the Bank quiz show on Mutual (Mon.-Fri., 12:15 p.m. EDT) as replacement for Curi Massey Time, effective May 3. Agency: Geoffrey Wade Adv., Chicago.

Wynn Oil Co., Azusa, Calif., through BBDO, has ordered 52 participations on NBC-TV’s Today (Mon.-Fri., 7:9 a.m. EDT and CDT), starting June 1 and continuing for 52 weeks.

Diamond Crystal Salt Co., St. Clair, Mich., through Benton & Bowles, has purchased 12 participations on Today, beginning May 6 and continuing for eight weeks, and Bynum-Tindall

MPTV ISN'T SAYING ON FILMS-FOR-SPOTS

FCC has refused to rule on legality of the plan before it is put into operation. A test case may be in the offing.

JUST HOW or when Motion Pictures for Tele- vision Inc. will proceed with its films-for-spots plan for tv stations was not disclosed last week, but one spokesman indicated the proposal will not be scrapped in spite of the refusal by FCC to give a declaratory ruling as to its legality [BT, April 19].

"We'll just have to put it up to the Commission in a way they can't duck giving us a ruling," the MPTV representative stated.

Asked if this might mean a test case through a specific station, the spokesman said, "You'll have to draw your own conclusions. It's too early to discuss the details."

MPTV's plan is to supply films to both uhf and vhf stations at no cost other than permission to act as agent in selling the station's available spots and retaining the income therefrom to the amount of the dollar value of the films, based on station rates. The station would retain full right to choose programs and control telecasting of the films, as well as the right to accept or reject the sponsors obtained by MPTV.

Aside from getting network quality programs at no cost, it was pointed out, stations would benefit financially by being able to sell ad- ditional spots to such programs.

MPTV originally told the Commission it considered its proposal does not suffer from "the defects inherent in the 'time brokerage' or 'reservation of time' agreements which the FCC has frowned upon in the past."

It was indicated the films-for-spots could be a competitive booster for uhf stations who otherwise were not airing network type shows. But the plan would be open to all stations, vhf or uhf, FCC was informed.

FILM FIRMS SET EXCHANGE SERVICE

A GROUP of independent tv film producers and distributors have organized the United States Producers & Distributors Corp. as an exchange for members. Temporary headquarters are at 636 Acanto St., Los Angeles. Telephone is Arizona 8-8991.

John Jay Franklin, Hollywood tv film producer, is president, with Leonard Clairmont and Homer F. O'Donnell, partners in Sixteen Screen Service Co., that city, first and second vice president, respectively.

USPDC (as a cooperative organization) also will aid members in all phases of production and also will act as a clearing house for tv stations in buying film, Mr. Franklin said. The group's goal is 50 members, with 27 already signed, he reported.

Tv Use of Films Hurts Theatres, Court Told

TESTIMONY that motion pictures, once they are shown on television, have no theatrical release value was supplied last week by witnesses called by six independent motion picture companies in their Los Angeles Superior Court ($2.5 million) damage suit against five distribution firms. Hearing in the suit, which charges the release of five feature films before their theatrical runs were ended, was resumed before Judge John J. Ford, following one-week recess [BT, April 19].

Martin R. Hay, president of Emperior Films, Hollywood theatrical film distributor, stated under oath he would not distribute any 16 mm film theatrically after showings on tv, as television kills theatrical release. Since the latter part of 1952, he added, the 16 mm market has gone down because of video's ascendency.

Al Bollinger, comptroller-treasurer of United Artist (one of the defendants), declared it is not yet commercial practice for major studios to televise films while they are still in national theatrical release.

Clifford Getz, Beverly Hills CPA, testified there is inequity in the distribution of the lump sum received by Motion Pictures for Television (a defendant) and paid out to the various producers, including the plaintiffs.

Previous testimony had been made by Charles Weintraub and George Bagnall, presidents of Quality Films and George Bagnall Assoc., respectively, distributors of films to tv, who discussed the value of theatrical films in various U. S. markets. Mr. Weintraub's illness prevented his resuming his testimony last week.

The suit was filed last year [BT, March 2, 1953] by Equity Films, Equity Pictures, Orbit Productions, Orbit Pictures, Jack Schwarz Productions, Frost Films, Russ Vincent and Quality Films, representing MPTV, United Artists, Chesapeake Industries (then Pathe Industries), Eagle Lion Films and Eagle Lion Classics.
**Flamingo Films Back As Syndication Firm**

Has rights to nine major telefilm properties reported at $7 million production cost.

FLAMINGO FILMS, New York, was re-established last week as a tv film syndication company with rights to nine major telefilm properties said to have been produced at a cost of more than $7 million. Executive headquarters have been established at 509 Madison Ave., New York 22, N. Y.

Flamingo Films is a joint partnership of James Harris, Sy Weintraub, Dave Wolper and Joseph Harris, which has been functioning in recent months under the name of The Harris Group. In the past few months, the organization has worked closely with National Telefilm Assoc., New York, with the latter company distributing tv filmed properties held by The Harris Group.

Properties of Flamingo Films include International Police, 26 new half-hour films produced by Procker Television Enterprises; Beulah, 75 half-hour series produced by Roland Reed; 39 half-hours of Cowboy G-Men, acquired from United Artists; 40 hours of dramatic anthologies tentatively titled Televideo Theater, purchased from Screen Televideo Assoc.; Superman, 52 half-hours, jointly owned with National Comics; 16 Superman cartoons, owned in collaboration with National Comics; 168 quarter-hours of Telecomics, produced by Illustrated Inc.; Baseball Hall of Fame, 90 quarter-hours produced by James Harris and 260 Vid Quiz five-minute animated cartoons, acquired from Wasser, Kaye & Philips, Pittsburgh advertising agency.

Originally Set Up in 1949

Flamingo Films originally was organized in March 1949 by the present owners, but the firm became inactive in 1951 when the group merged with Motion Pictures for Television. They departed from MPTV last December, at which time a working agreement by The Harris Group with NTA was formed.

Defendants' Brief Due Today In Suit Over Thomas Show

ATTORNEYS representing Matoero Productions, comedian Danny Thomas and producer Louis F. Edelman had until today (Monday), to reply to writer Lewis Melzter's contention that he can sue for both breach of employment contract and breach of sale contract, in suit over alleged similarity of format which Mr. Melzer supposed to submitted to defendants, and current ABC-TV Make Room for Daddy series.

Sara Monica Superior Judge Stanley monk had previously reviewed several of the series half-hour films, but made no ruling on the primary question of similarity. However, he directed Norman Rosen, attorney representing MCA, to file a memorandum of authorities to support Mr. Rosen's position in a collateral legal question of whether the suit could be filed on the two counts in question.

With filing of the memorandum last Monday, Judge Mink freed defendant attorneys five days for reply.

Suit, filed last fall [(B&T, Nov. 16)] asking $1,017,000 damages, contends the writer had been hired by Mr. Edelman to outline a format to star Danny Thomas under the stipulation that, if the format were approved, he would be made head writer, receive 5% of the profits and screen credit.

**Screen Gems Sets Two-Week Sales Record for Company**

SALES of Screen Gems syndicated properties during the past two weeks have exceeded all other sales records set by the Columbia Pictures tv subsidiary, it was announced last week by John H. Mitchell, vice president in charge of sales.

On Your All-Star Theater, Mr. Mitchell said, have raised total number of markets to 110, with the largest transaction calling for sponsorship by the Internation Metal Products Corp. in Phoenix, Tucson, Yuma and Bakersfield.

Other sales have been of Screen Gems TV Disc Jockey Films to KOLU-TV Phoenix and the first 26 programs of The Big Playback in Seattle, Wash., and Jacksonville, Fla.

**Anti-Trust Suit Against Movie Firms Ready in Fall**

DEPARTMENT of Justice's anti-trust suit to force several major studios and distribution companies to release 16mm feature motion pictures to tv and other outlets is expected to be ready for trial by late fall. This was revealed when the case was transferred to the calendar of Federal Judge Harry Westover, acknowledged legal authority on motion picture industry litigation.

Named as co-conspirator but not as defendant is Theatre Owners of America.

On attorneys plea that customary routine filing of answers to interrogatories by defendants would reveal "trade secrets and other confidential information," Federal Judge Ben Harrison last fall ordered them all sealed.

**MCA Plans New Films**

DISCOUNTING reports Music Corp. of America will discontinue tv film production and concentrates on distribution, President Lew Wasserman last week declared the company is planning several more video series and is currently is seeking producers to handle these programs.

Although not divulging the series to be made, nor other video expansion plans, he declared that there was no basis to a report published in a Hollywood trade paper that MCA would drop its tv film production or dispose of properties filmed by subsidiary Revue Productions.

May 2 Deadline Agreed In Ireland Suit Amendment

BOTH SIDES have agreed upon a May 2 deadline for actor John Ireland to amend his $1,756,000 breach of contract and slander suit against Television Programs of America, Norvin Productions, producer Leon Fromkess, TPA President Milton Gordon, TPA Vice-President M. Silliman and others.

The deadline agreement was reached out of court, since trial date has not been set. The suit, filed last month in Los Angeles Superior Court [(B&T, March 8)], alleges the plaintiff had been contracted to portray the title role in Ellery Queen tv film series but later was discharged at his request and production was canceled.

The actor then learned, according to the complaint, that the defendants in the presence of others slandered him as "politically unacceptable" to advertising agencies and prospective sponsors.

**Minot Tv Distribution Firm Set Up for MPAA, UFSI**

ESTABLISHMENT of Minot TV Inc., New York, as a distribution company to function in association with Motion Pictures Advertising Assn. and United Film Service Inc. has been announced by Charles M. Amory, president. Headquarters have been established at 509 Madison Ave., New York 22, N. Y.

Under arrangements completed with MPAA and United Film Service, Minot TV will assign its 13 salesmen to service the Northeast, with MPAA concentrating in the South and United Film Service in the West and parts of the East. The combined operation is designed to secure multiple sponsorship on a local basis for half-hour tv filmed series.

In the past both MPAA and United Film Service concentrated on the sale of one-minute filmed announcements.

**UTP Film Exports Rise**

EXPORT of United Television Programs' tv film prints has tripled in the past six months, increasing from 1,100 prints in November to more than 3,500 in April, according to Wynn Berens, vice president and sales manager.

He further announced his firm has developed a "globe girdling" market.

Recent sales in the latter category include: Old American Barn Dance, Counterpoint and Royal Playhouse to the Italian Government for Radio Italia TV; Your Company Pogue to Templeton Inc. for cross-continent telecasts on CBC; Watertown to Supertex Petroleum Corp. for showings on CHNT in Toronto and to Standard Oil Co. for showings on KOMA-TV Honolulu; Heart of the City to the University of Pennsylvania; Hollywood Offbeat to WKAG-TV San Juan, P. R.; Diamond Bear to the City and Royal Playhouse to KFIP (TV) Fairbanks and KFJA (TV) Anchorage, both Alaska.

**Lorillard Buys**

P. LORILLARD CO., New York (Kent cigarettes), through Young & Rubicam, has purchased from Screen Gems Inc., New York, 13 half-hour tv filmed dramas, originally telecast on The Ford Theatre, for use under the title of Kent Theatre in seven markets, starting in July. The markets set to carry programs are Chicago, Cleveland, Cincinnati, Baltimore, Minneapolis, Philadelphia and San Francisco, with other markets to be added.

Broadcasting  •  Telecasting
World Wide Tv Producing 'Shoppers Showcase' Film

WORLD WIDE TV Productions, Hollywood, has started producing the weekly tv film Shopper Showcase, a syndicated program designed to sell low-price items by mail order for approximately 40 advertisers. The firm guarantees five million sets coverage in small towns and rural areas, using more than 20 U.S. and Hawaiian stations of less than 500,000 sets covering each, according to World Wide executives.

Chelle Janis & Assoc. Advertising. Hollywood, has overall management of World Wide TV Productions. William C. Welch is production manager; Darrell C. Cole, director of sales; Chester V. Grund, public relations director, and Carmella Sampogna, office manager.

The packaging firm is headquartered in KTTV (TV) studios, Hollywood, telephone Hollywood 2-7361.

Sutherland Opens N. Y. Studios

JOHN SUTHERLAND PRODUCTIONS Inc. announced last week the opening of studios in New York to produce both animated and live action television and motion picture films. General offices and production facilities have been established at 404 Fourth Ave., New York, N. Y.

The company previously had concentrated its production activities on the west coast.

FILM SALES

Guild Films Co., N. Y., reports that Liberace Show is now being carried in 180 cities, with latest sales in West Palm Beach; Billings, Mont.; Sacramento, Calif.; Wilmington, Del.; Huntington, W. Va.; Cadillac, Mich., and Danville, Ill.

Chicago Furniture Store, Fresno, Calif., starts weekly programming of 60-feature film package on KBIID-TV that city, May 3. Distributed by Motion Pictures for Television, package includes "Scarlet Pimpernel," "Blue Angel," and "Bridge of San Luis Rey" and "Drums." Five most popular films, determined by audience mail, will be rerun by KBIID-TV at the end of the year. Agency is Advance Adv., Fresno.

NBC Film Division's acquisition to syndication rights to The Falcon, new half-hour tv film series, was announced last week by Carl M. Stanton, vice president in charge of the division. The series of 39 half-hour adventure dramas, which will feature Charles McGraw and Michael Waring, will be produced by Federal Telefilm.

FILM PRODUCTION

Screen Gems Inc., Hollywood, is shooting two half-hour pilot films in Captain Midnight, science fiction series based on the comic strip and radio program, for Wanner Co., Chicago (Ovaltine) and General Mills, Minneapolis, (Kix). Richard Webb is starred with supporting actors, Olan Soule and Sid Melton. George Bilton, former executive producer of short subjects for RKO, is producer and Ross Lederman, director.

Volcano Productions goes before the cameras today (Monday), at General Service Studios,

BROADCASTING • TELECASTING

Hollywood, to shoot the Mickey Rooney series Hey Mulligan, bought for alternate sponsorship on NBC-TV (see story, page 29) by Pillsbury Mills Inc. (flour) and Green Giant Co. (peas), starting Aug. 28. With a three-day shooting schedule for each, two half-hour films carrying a budget of $12,000 apiece, will be made weekly for the first three weeks, followed by a hiatus until July 12, permitting Mr. Rooney to fulfill a three-week night club engagement and a Republic Pictures commitment. Packaged by Mickey Rooney Enterprises, series casts Rooney as an NBC page boy with Regis Toomey as his father and Claire Carlton as his mother. John Hubbard portrays an NBC executive. Joseph Santley will produce; Les Mardinson will direct; Van Alexander is musical director; Ben Friedman and John Fenton Murray are assigned writers.

Alexander Film Co., Colorado Springs, Colo., announces commercial productions for following organizations: Gates Rubber Co., Denver, one 8-second ID, through Harold Walter Clark Adv., same city; Kenmar Manufacturing Co. (Swing King chairs), Cleveland, one 46-second film, through Gersl, Sylvester & Walsh Inc., same city, and Frigidaire, Dayton, Ohio, five 60-second and seven 20-second films, through Foote, Cone & Belding, N. Y.

Sam Bischoff Enterprises, RKO-Pathé Studios, Culver City, Calif., formed by Edward G. Robinson, actor and former star of Big Town radio series, and Sam Bischoff, until recently a producer for Warner Bros., is shooting pilot film in For the Defense. Half-hour tv series stars the actor as a legal defender of the poor with James Nelson set as director. Writers at work on scripts are Don Mullalley, David Dorf and George Bricker. Sherman Harris, formerly with Demac Productions, Hollywood, is production supervisor.

Rockhill Productions Inc., N. Y., announces agreement under which that packaging firm acquires all properties held by Robert K. Adams, including My Son Jeep (tv) Star Playhouse (radio) and Manhattan Honeymoon (tv). Agreement provides for addition of Mr. Adams and his associates, Art Baer and Jane Kaufman, to Rockhill staff.

RANDOM SHOTS

Hygo Television Films Inc. has opened Hollywood offices at 8124-14 N. La Brea. Telephone: Hollywood 7-4882. Louis Goldstein, formerly with Columbia Pictures as manager in charge of various foreign departments, is in charge of West Coast operations for the distribution firm.

Stuart Reynolds Products, Hollywood, moves to 9120 Sunset Blvd. Telephone is Crestview 4-7863.

ABC-TV West Coast film syndication offices, Hollywood, move to 1539 N. Vine St.

Circle Films Labs., N. Y., has developed a production method that reduces the time of printing short sequences of motion picture film by 75%, the company announced last week. The system, said to be particularly applicable to commercial films, currently is being employed on a series of 1½ minute sales training films being produced for Maxwell House Coffee by Seminar Films. It makes use of a specially designed magazine which is said to pass the film to be fed into the printer continuously, thereby eliminating the time usually devoted to re-threading. This latter phase of production, a company spokesman said, has heretofore accounted for a major percentage of the man hours in the process of making copies of films.

BELL Clothing Co. for third straight year will sponsor Nightcap Edition (news) on KOTV (TV) Tulsa. L to r: Dick Campbell, mgr., and Jack Hauser, sls. rep., both KOTV; Norman Johnson, store mgr., and Gene Estelman, exec., both Bell; Cy Tume, KOTV news dir.

EHLERT Feed Mills, St. Joseph, Mo., will sponsor Toy Willing & the Riders of the Purple Sage on KFEO-AM there. L to r: Al Sloyer Jr., leader of show's quartet; Larry Ehler, Ehler mgr.; Wayne Beavers, KFEO-AM sls. rep.

**FACTS & FIGURES**

### Network Client Average Expenditure Shows Increase in Both Radio and TV

Comparison of PIB figures for February of 1954 and the same month last year also brings out that total number of network advertisers declined in radio, increased in television.

**AVERAGE** expenditure of advertisers using the nationwide broadcast networks rose appreciably from February 1953 to February 1954. Publishers Information Bureau data on gross time purchases of advertisers on the radio and tv networks declined slightly from last year to this.

TV network clients, on the contrary, increased from 152 to 193, with an increase also in average time purchases, tv network billings this February were far ahead of those for that month last year.

**Top Buyers Hold Pace**

By and large, the top users of network time in February 1953 continued in that position a year later. Ten top table of radio clients includes eight who were on that list for the month last year, before, General Mills and R. J. Reynolds Tobacco Co. who were among last year's top ten giving place to American Home Products Corp. and Swift & Co.

The tv top ten list is even more consistent, with only one change from that of February 1953—Chrysler Corp. replacing Liggett & Meyers Tobacco Co.—and the other nine advertisers who were the greatest purchasers of tv network time in February this year, the same that topped last February's list.

The same tendency of the leading users of broadcast network time to continue their use is shown in the tables of leading advertisers in each category of network client. Of the 24 varieties of radio network advertising 15 are headed by the same advertiser who occupied that position in February 1953; among the 25 types of tv network client, 16 categories are headed by the same advertiser as in the same month last year.

Children's TV Fare Approved
By Most Parents, Survey Finds

RESULTS of a study on the attitudes of parents toward children's programs on television revealed last week that "a great majority of parents generally approve children's shows currently being offered on tv." The conclusion derived from what was described as "the first major study of parents' attitudes toward children's tv programs," which was conducted under the supervision of the Yale Divinity School by the Communications Research Project of the National Council of Churches of Christ in the U.S.A.

The survey of 3,559 homes in New Haven—a 5% sample of the population in that area—showed 69% of parents favored children's tv programs as they are, 26% approved of them, and 5% favored some aspects of children's tv and opposed others.

Greatest disapproval of children's tv shows, the survey disclosed, was registered by the best educated families and by white-collar workers of higher income, of whom 54% approved of current programs, and by parents of children aged four through nine, one-third of whom were generally opposed to the shows their children viewed.

Among the other findings gleaned by the survey were:

(1) Parents reported their children spent an average of 13 hours per week viewing the programs they watched regularly, in addition to some random viewing, and listened to radio shows for about two hours a week; (2) parents said their children spent about half their viewing time watching variety shows and another third on westerns, with 4% of their time spent watching informational and instructional programs; (3) 4% of the program was "Howdy Doody, pulling 21.6% followed by "Hopalong Cassidy" with 7.2% and "Super Circus," 6.3%; (4) parents voiced criticism that children watched too many westerns and variety shows and did not have access to enough new programming in the classics, fairy tales and the Bible, and in science and general informational fields; (5) one-fourth of all objections voiced by parents were directed at "excessive violence" in children's shows.

It's Still 'Lucy' at Top, According to Latest Nielsen

CBS-TV's I Love Lucy was at the head of the A.C. Nielsen Co. list of top 10 evening, once-a-week network television shows for the two weeks ending March 27. Second place went to the NBC-TV telecast of the Hollywood Academy Awards presentations. The ratings:

KENT COOPER (Il), retired general manager of The Associated Press, and Harold E. Fellows, NARTB president, at the AP's annual luncheon last Monday.

INS REPORT CITES RADIO-TV CLIENTS

International News Service lists 42 new radio stations, 58 newspapers and 23 special service subscribers here and abroad. The various INS services to tv stations are in more markets than ever before, Berkson says.

INTERNATIONAL News Service in the past year has added 42 radio stations, 58 newspapers and 23 special service subscribers to its domestic and foreign clients, Seymour Berkson, INS general manager, said in his annual report to the meeting of the INS news and business executives held in New York last week in conjunction with the ANPA convention.

Reporting that in the field of television the various INS tv services now are in more markets than ever before, Mr. Berkson said: "The INS-Telenews TV film services are today being distributed to 100 domestic and foreign tv markets. International News Facsimile—the world's first facsimile photo wire which was inaugurated a little over a year ago—now has a client network of 25 tv stations and is being expanded to newspapers as well because of the greater speed of transmitting photos on paper all ready to engrave with no photo laboratory work to delay the process."

Mr. Berkson pointed out that INS "now offers the largest variety of news and feature services in its history." He stated: "During the past 12 months we have been progressively expanding our news and news-feature scope to provide more and more concentrated coverage in depth on the big important news stories of the day so that readers get a real grasp and understanding not only of the biggest news developing each day but what that news means to the average reader in terms of human interest."

"This is in line with our traditional policy of constantly striving for more distinctive coverage on human-interest and interpretative feature of the big news stories with greater emphasis material," he said. "The success of this policy is reflected again this year in a spirited demand for our services and a correspondingly healthy increase in clientele both here and abroad."

McLEAN RE-ELECTED PRESIDENT OF AP

Press association elects officers and directors, notes growth in radio-television membership.

ROBERT McLEAN, president, Philadelphia Bulletin (WCAU-AM-FM-TV), was re-elected president of the Associated Press Tuesday at an AP board meeting. He has been AP president since 1938.

Clarence B. Hanson Jr., publisher, Birmingham News (WAPI, WAFM [FM], WABT [TV]), was elected first vice president of AP and Oscar S. Stauffer of the Topeka State Journal and president of Stauffer Publication (KSKO, KSU, ANPE), was elected second vice president. Lloyd Stratton was re-elected secretary and Robert Booth was re-elected treasurer.

Re-elected to AP's executive committee were: Mr. McLean; John S. Knight, Chicago Daily News (WIND-AM-TV); Benjamin M. McKeel, Washington Star (WMAL-AM-FM-TV); Paul Miller, Rochester (N. Y.), Democrat & Chronicle (WHEC-AM-TV); Robert B. Chaote, Boston Herald (WHDH-AM-FM); Harry F. Byrd Jr., Winchester (Va.) Evening Star.

On Monday, at AP's annual membership meeting at New York's Waldorf-Astoria, the members re-elected four directors and elected two new board members. AP by-laws provide for an 18-member board, six directors being elected each year for three-year terms. At least three board members must represent papers in cities with populations of less than 50,000. Re-elected to the board were: Mr. Knight; James M. Cox Jr., Dayton Daily News (WHIO-AM-FM-TV); Mark Ethridge, Louisville Courier-Journal (WHAS-AM-TV); Dolph Simons, Lawerence Journal-World.

New directors are: Harold A. Fitzgerald, Pontiac (Mich.) Press; Bernard H. Ridder Jr., Duluth News-Fribune (WDSM Superior). They replace Roy A. Roberts, Kansas City Star (WDAF-AM-TV); and Palmer Hoyt, Denver Post, who were not eligible for re-election as they had served three consecutive terms.

Status Change Considered

Report of the AP board, read at the annual meeting, stated that "for several years the board has given consideration to regular membership for qualified stations, as has been reported from time to time, and will continue to do so. Radio-television stations are now associate members.

Noting that the number of AP radio and tv members now totals 1,253, a gain of 83 in the past corporate year, the board stated that perhaps even more important was the continued steady increase in the number of stations supplying news to AP. The committee of AP radio and tv members authorized by the board "has done a great deal of the work involved,"

Membership of this committee comprises: Les Mawhinney, news director, KJK-AM-FM-TV Los Angeles; Jack Krueger, news editor, WTMJ-AM-FM-TV Milwaukee; Daniel W. Kope, vice president and general manager, WAVZ New Haven; Matt Bonebrake, president and general manager, KOYC Oklahoma City; Joe N. Bryant, president and general manager, KCBD-AM-AM-TV Kisz, Texas; Tom Eaton, news director, WYTM-AM-FM Hartford; Jack Shelley, news manager, WHMT-AM-AM-TV Des Moines.

Both committees of this group are continuing their work, the board reported. One, after consulting with the membership of this group, "recommended specific changes in news presentation, many of which were readily adopted by the AP radio-television wire reports." The other was "made valuable contributions through recommended format and program innovations."
Everyone has something he does best...

Here's what we do best. We give undivided attention and skill to the responsibilities of representing only television stations... and with a quality of results possible only through intense specialization. Foremost TV stations want the best. That's why we are privileged to represent those you see below. If you share their standards, you may well want to know more about ours.

UP GROWTH CITED IN RADIO, VIDEO

UP Movietone News supplies news film to more TV stations than all other services combined, while UP Radio continues to grow as the largest radio news service, UP executives are told in New York.

UNITED PRESS Movietone News, film-and-wire-script service produced for TV stations by United Press in collaboration with 20th Century-Fox, supplies news film to more stations than all other services combined, while United Press Radio continues to grow as the nation's largest radio news service, UP executives were told at their annual meeting in New York last Monday and Tuesday.

Jack Bisco, vice president and general business manager, said the UP leased wire news report for more remote and isolated areas and production stations now has a record 4,099 clients; that UP now delivers Telephoto and facsimile pictures to 418 newspapers and TV stations in the U. S. and abroad with 75,000 clients, and that last April, and that TV stations with contracts for United Press Movietone News now number 116.

William C. Payette, television manager, said UP Movietone News has expanded to both hemispheres, with clients in Canada, France, Belgium, Brazil, Cuba, Venezuela, and Japan as well as in the U. S. Processing, he added, also has become international with the establishment of a new plant in Paris for the benefit of European stations. He attributed the service's growth to a great extent to enlarged facilities and editing for specific regions and populations.

More Spot Coverage

"We have been asked by many stations for more sports coverage," Mr. Payette continued, "and we provided it—in a measure corresponding to the sports coverage in the UP general news report. Other important requests we have received for facilities in farming and industrial areas, and from those representing the interests of various languages and races. The result has been bigger and more attentive audiences for UPMT program throughout.

John J. Madigan, radio news manager, said "more than 40 additional stations were added to the service during the past year to bring the number of clients to more than 1,420.

"Radio stations placed greater emphasis on news to meet television competition in the entertainment field. The NARTB reported that about 20% of air time is devoted to news. The authoritative Kansas Survey reported 83% of men listeners and 75% of the women preferred news over other programs. "The greatest demand was for more local news and United Press stepped up its volume of state news prepared at the source by bureaus located in most of the states. Special regional news roundup covering several states were inaugurated in the midwestern, Rocky Mountain, Pacific Coast, and southern areas."

The executives lauded UP's facsimile picture service, which was adopted first by television stations, and it is now some 25 stations subscribing—some single news stories. Reporting on expanding TV and newspaper market for UP news pictures, LeRoy Keller, vice president and general sales manager, said:

"This new market was produced by two factors. First was the revolutionary reception of news pictures by facsimile, making wired pictures easier and cheaper to handle, because processing is eliminated at the receiving end. Second was the impact of television coverage of news events. "Television stations were the first to adopt facsimile because few of them had darkrooms and photographic staffs. But when newspapers learned that United Press had developed a facsimile network compatible with its Telephoto network, they became its customers. They ran samples through their engraving departments and were amazed at the quality of reproduction. As a result many turned at once to UP facsimile.

Earl J. Johnson, UP vice president and general news manager, said "enormous demands" from editors for increased coverage of TV news, programs have been approved for three notable trends in the news during the past year. As a result, he said, UP columnists Jack Gaver in New York and Aline Mosby in Hollywood were assigned to devote one-half of their copy to the TV field.

List Grows One-Third

Mims Thomason, vice president and general manager of UP content service, reported the list of clients had grown by almost one-third over a 15-month period, domestic clients increasing from 170 to 241 and foreign clients from 148 to 178. During the same period, he said, the number of sending points in the UP Telephoto network was boosted from 66 to 116, a 75.4% gain. He said UP engineers also are working to make the facsimile service "still better" and now up to perfection as well as Telephoto, and that UP, among other projects is undertaking an expansion of its corps of cameramen throughout the world.

British United Press radio and TV clients in Canada and the United States, 123, according to BUP General Manager Philip R. Curran, while A. L. Bradford, vice president and general European manager, reported that, among other overseas projects, UP has the first to introduce a regular TV news film service in Europe. Thomas R. Curran, vice president and South American general manager, said in that area "the list for news, for both the press and radio; for news pictures, and for UP Movietone News is at an all-time high. We have extended television service to Rio de Janeiro and Caracas, and in both places, as well as in Mexico City, Havana and Sao Paulo, UP Movietone Film is being shown daily."

News of Asia for that continent showed marked growth during the past year, according to Ernest Hobernet, vice president and general manager for that area, who said "more and more new territories are welcoming UP news and pictures. He noted that the nation-wide facilities of the Japanese Broadcasting Corp. now carry UP Movietone News.

Gross Music Service Counters WPEN Charge

WPEN-FM Philadelphia and Musitone Inc. are violating FCC rules by broadcasting a background music service, according to a reply filed in Philadelphia. Compliments Press Court by Leon S. Gross of Radio Broadcasting Co. Mr. Gross answered a suit filed by WPEN and Musitone to enjoin him from supplying WPEN with a similar service with receivers picking up the WPEN-FM music.

Mr. Gross claims the arrangement between WPEN-FM and Musitone, which supplies its subscribers with sets picking up WPEN-FM music minus commercials and identification, does not give Musitone a property right that can be enforced in a court of equity.

Involved in the suit is the question whether subscription distribution of fm background music can be protected as a commercial monopoly. Samuel R. Rosenbaum is attorney for Mr. Gross. The plaintiff is represented by Wolf, Block, Schorr & Solis-Cohen. Musitone is described as jointly owned by WPEN and the local Muzak franchise operator.

Complementary Pay-TV Forecast by Faught

SUBSCRIPTION television ultimately will become a compatible and complementary service of regular TV and will provide "bonanza markets" for related industries such as the movies, Dr. Millard C. Faught, economic consultant to the Zenith Radio Corp., Chicago, declared last Monday.

In a talk on "The Outlook for Subscription Television" before the New York Society of Security Analysts last Monday, Dr. Faught said this auxiliary service will constitute a second means of electronic communication, as well as "become the basis for a new industry doing annual business running into billions of dollars."

Dr. Faught claimed there is an economic need for subscription and television, pointing out that currently all TV costs are borne by advertisers. He estimated that the overall limit of TV stations that could be supported by advertising revenue alone is about 500 stations. By utilizing subscription TV, Dr. Faught continued, that number could at least be doubled.

Zenith's Phonevision is planned for experimental broadcasts on WOR-TV New York, starting on May 31, Dr. Faught said [BT, April 19].

Sound Studios Inc. Formed

NEWS organization titled Sound Studios Inc. has been formed in Washington to provide recorded coverage to radio stations. Leon Loeb, president of Leon Loeb & Co., is president. Jack Ross, writer-producer, is vice president. First news project will be a documentary on the McCarthy-Army controversy, with Ronald W. Mayo. The firm is headquartered at 306 Sixth St. NW, Washington, D. C.

Radio Series Stars Owens

SERIES of open-end transcribed radio shows designed for the Negro market has been announced by Raymond S. Gray Broadcast Productions of Chicago. Featuring Jesse Owens, famous athlete, scripts were written by Fletcher Martin, Negro journalist. Five-minute slots, on a week-end basis, have been contracted for a series of 26, and another 26 weeks is being readied.

Program Services Shorts

Stage Rental Studios, N. Y., has acquired exclusive radio and TV rights to John Robert Powers Charm School. Hugh Marlowe, vice president, Stage Rentals Studios, said he plans to produce series of 260 quarter-hour TV films shows, possibly in color, for daytime presentation on works of Charm Schools.

Alas Ladd Enterprises Inc., Hollywood, has been formed by the motion picture actor to produce a transcribed radio series, starring himself, a TV film series, starring name talent other than the actor, and independent theatrical films, appearing in every other one.
Come and Get it!

Michigan's Golden Triangle

77% of the buying power of Michigan, almost 6 billion dollars yearly, lies within reach of the "Golden Triangle" formed by Detroit, Jackson and Flint. Cut yourself a big slice of this market. It's ready to serve! Come and get it! Look at these figures — radios in nearly 100% of the homes — over 85% of the automobiles.

A package buy of these three strategically located Michigan stations offers you maximum coverage at minimum cost.

ANPA EXPRESSES CONCERN OVER TV, RADIO THREATS

Retiring ANPA President George Biggers warns publishers about the ever-increasing size of television, which has developed ‘almost incredibly’ within five years. ANPA Bureau of Advertising Director Harold Barnes urges newspapermen to be on their mettle against local radio. Eisenhower urges all news media to balance presentation.

DEEP CONCERN over the threat to newspapers of competition by television, particularly, and to radio, surprisingly, was expressed last week by key speakers at the 68th annual convention of the American Newspaper Publishers Assn. in New York. In a keynote address on the second day of the three-day meeting last Wednesday, George C. Biggers, retiring president of ANPA and publisher of the Atlanta Journal and Constitution (WSB-AM-TV), warned publishers in a strongly-worded talk to take television seriously because of its growing size and potential threat. His contention was reinforced by Harold S. Barnes, director of ANPA’s Bureau of Advertising, who served notice on publishers that local radio, as well as tv, will be battling vigorously for a larger share of the advertiser’s dollar in 1954.

Mr. Biggers traced the growth of television in the past five years in these words: “Within five years—1949 to 1954—television has developed almost incredibly. In 1949, there were 3,930,000 set owners. Today there are about 27,500,000—an increase of 596%. In 1949, tv advertising volume was $68,400,000. Last year, tv advertising revenue was $250,000,000—a growth of 907%. Tv stations have increased from 93 to 344, or 251%. Moreover, there are no signs of shrinkage.”

Tv Competes Two Ways

Television, Mr. Biggers continued, is competing with newspapers in two ways: “fighting for the advertiser’s dollar and fighting for the reader’s time.” As an example of television competing with newspapers for the advertiser’s dollar, Mr. Biggers referred to the recent General Foods’ anniversary program, and commented: “Network tv [for the show] is reported to have cost $250,000, while talent is supposed to cost $75,000. Think of it—three-quarters of a million dollars spent in an hour and a half. Can you imagine an advertiser figuring such an expenditure in the newspapers of this country on a given day? . . . I mention this to illustrate how television is soaking up the advertising dollars and at what speed it is developing.”

Mr. Biggers contended that the newspaper is still “the best medium of them all” and outlined the following program of improvement: Better editing and more local stories; keep the editorial page alive; better selling of the newspaper medium; better and earlier delivery; mechanical improvements; cooperation of employees with respect to wages and output of work; printing in color.

Mr. Barnes predicted that 1954 will be the “first really competitive year” in the advertising field since the World War II, with a “knock-down, drag-out battle for business.” He declared television will “undoubtedly continue to roll along, but probably spot tv will move faster than network television.”

Although other speakers and delegates to the convention expressed strongest concern over television, Mr. Barnes warned the publishers to consider radio, and asserted: “Three years ago, the experts solemnly an-ounced the death of the youthful medium. Their report—like that of Mark Twain’s death—was slightly exaggerated. I’m not talking about network radio—but spot radio. Local radio. Newspapers originated the slogan, ‘All Business Is Local’—and went to town with it. Now spot radio has a tight grip on our coat-tails.

“Radio today is very much alive—and kicking. And the prime target of those kicks is the local newspaper. And—most important—the radio boys are concentrating on what we once considered our exclusive domain—the retailer.”

Grave concern was expressed by several speakers at the reduction by automotive advertisers in expenditures for newspapers and a parallel increase in their expenditures for television. John C. Ottinger, general sales manager of the bureau, cited the example of the Lincoln-Mercury Dealers’ sponsorship of CBS-TV’s Toast of the Town program, and C. F. Taylor, president, Detroit chapter, American Assn. of Newspaper Representatives, reported that dealer opinion on advertising is favoring television against newspapers.

At the opening session last Tuesday, various meetings were held by newspapers of under 10,000 circulation, 10,000-50,000, and over 50,000. It was brought out at these meetings that television had helped circulation generally, but no comment was reported on the impact of tv on advertising.

A large majority of the publishers reported they carried radio-TV logs free although several charged, and some said they had trimmed the listings to include only nighttime programming. A few publishers said they had dropped logs in the last few months without protest from readers.

It was reported by Stuart M. Chambers, retiring chairman of the Bureau board and treasurer of the St. Louis Post-Dispatch (KSD-AM-TV), that national advertising in newspapers in 1953 had jumped to an all-time record of $601,000,000. The 1953 total for all newspapers advertising was listed at $2,655,000,000.

In a keynote address on Thursday were Richard W. Slocum, publisher of the Philadelphia Bulletin (WCAU-AM-TV), succeeding Mr. Biggers as president; William Dwight, president and general manager of the Holyoke (Mass.) Transcript and Telegram, vice president; Walter J. Blackburn, London (Ont.) Free Press, secretary, and W. L. Fanning, Westchester County Publishers, White Plains, N. Y., treasurer.

President Dwight D. Eisenhower addressed the bureau’s dinner on Thursday night on the opportunities of the press to create better understanding among the peoples of the free world. His talk was carried on all four radio and television networks.

FACTS MUST BE TOLD

The facts of the modern world must be told by all media, with free flow of information and balanced presentation, President Eisenhower said. “Every newspaper, every magazine, every radio and television station has the mission of bringing home to all our people and to as many other people of the world as we can reach, the facts of existence today,” he said, adding that facts must be related to each other in truthful perspective.

“News of events which divide may be more spectacular than news of developments which unify,” the President continued. “But a free press can discharge its responsibility to free people only by giving all the facts in balance. Facts in perspective are vital to valid citizen judgments. Sound judgment is crucial to the preservation of freedom. Hence a free press can sustain itself only by responsibly reporting all the facts and ideas—the spectacular and the unspectacular, the unifying facts and the divisive.”

The President observed that 75% of all the people on the earth “live under censorship,” with illiteracy affecting vast areas, complicating the problem of achieving understanding. “Into the vacuum caused by censorship and illiteracy,” he said, “sprang the poisonous propaganda of the Soviets.” He said every dollar put into the U. S. Information Service “will repay our dividends in the triumph of truth and the building of understanding.”

A news conference announced Thursday it would comply with a request of the Anti-Trust Div., Justice Dept., to make its files available to the FBI in connection with an investigation of advertising practices and media.

James Pope Elected By Newspaper Editors

JAMES S. POPE, executive editor of the Louisville Courier-Journal and Times (WHAS-AM-TV), was elected president of the American Society of Newspaper Editors April 17, closing day of the society’s annual Washington meeting [BET, April 19].

Other officers elected were Kenneth MacDonald, Des Moines Register & Tribune, first vice president; Leonard Slocum, Times-Picayune, second vice president; George W. Healy Jr., New Orleans Times-Picayune, secretary, and Virgilinus Dabney, Richmond Times-Dispatch, treasurer.

Mr. Pope presided at a panel discussion on freedom of information. He is a former chairman of ASNE’s Committee on Freedom of Information. Coleman Harwell, Nashville Tennessean, reviewed the newspapers’ role in ac-

Radio and tv women broadcasters should check copy to make sure they aren't giving away radio time through free commercials, NAR TB President Fellowots tells AWR conference in Kansas City.

PIRACY of broadcast time by accepted manufacturers and merchants is increasing, NARTB President Harold E. Fellows said Saturday in an address to the annual convention of American Women in Radio & Television, held at the Muehlebach Hotel, Kansas City.

Noting that the ranks of time chiselers are not limited to the unprincipled, he said AWRT has "an obligation to establish standards in this field, and to see to it through voluntary processes that such standards are conveyed to each member broadcaster." Mr. Fellows proposed each women broadcaster should raise these questions in weighing the merit of material:

- Does it advertise a brand name?
- Does it employ, by hidden inference, slogans or phrases which would advertise brand names?
- Does it advance a specialized interest—such as an industry—when such promotion should be paid for?
- Does it unfairly militate against broadcasting—in the sense that free time is being given to an interest which buys space in published media?
- Does it represent the crowbar technique—in which an agency placing advertising in one field, pays to receive a publicity account in another—and uses the first to bring influence to bear in behalf of the second?

Mr. Fellows urged care in reviewing booklets and news releases dealing with recipes, fashion notes, reducing advice, homemaking counsel and related matter "conveying demurely the commercial plug."

"It is neither fair, nor for that matter, good business, that one should get for nothing that for which another pays," he continued. "Continued departure from that principle will bring justifiable wrath, and consequent loss of revenue, destruction of the heads of radio and television broadcasters."

Keynote speaker at the official opening of the convention late Thursday was Mrs. Alice M. Leopold, director of the Women's Bureau, U. S. Labor Dept., NBC superior of public affairs programs and AWRT national president, president at the sessions.

Included in the agenda were FCC Comr. Frieda B. Hennock; Barry Wood, executive producer for color coordination, NBC, and Charter Heslip, radio-tv director, Atomic Energy Commission.

Mrs. Leopold urged that women in business "get over the preoccupation about themselves and concentrate on what the public wants them to do on the basis of competent performance of their jobs."

Quoting Census Bureau data, she said there are 15,214 women in radio and television. She suggested women in broadcasting adopt a part-time career in affair of public interest in the local, state and national levels.

Friday morning workshop theme was "The Common Denominator of Radio & Television," with John Thornberry, WHB-TV Kansas City, as moderator. On the panel were Frank R. Smith, WBVP Beaver Falls, Pa.; Bill Bates, manager of WDAF-TV Kansas City; Jayne Shannon, J. Walter Thompson Co., and Esther Van Wagoner-Tuffy, NBC news director.

A business meeting was scheduled Friday afternoon. Three panels were scheduled Saturday morning: "Department Store Selling, radio and tv," moderated by Alice Fribert, WCYB, Va., flanked by Emery Bird Thayer, Kansas City; Peter Lasker, WLWD (TV) Dayton, Ohio, and Louise Wilson, WHAM-TV Rochester. "Merchandising & Servicing Accounts," moderated by Dorothy Fulker, WBT Brockton-Mass., aided by Florence Ludeke, WMBD Peoria, Ill.; Sandra Lea, WHB Kansas City, and Helen Neville, WGR Buffalo. "Effective Personal Publicity & Promotion," moderated by Elizabeth Marshall, WBEZ Chicago, aided by Marda Alexander, Chicago publicity specialist; Dorothy Sanders, WLWD (TV) Dayton, and Montez Tjahde, KWTX (TV) Oklahoma City.

Featured Saturday afternoon was the discussion of program services by Mr. Fellows, and a panel in which participants were Gladys Blair, Young & Rubicam, Chicago; Heloise Parker Broe, WEEI Boston; E. K. Hartenberger, KCMO Kansas City, and Melissa Martin, WBAL-TV Baltimore. A business session was scheduled for Sunday, winding up the program.

Washington Ad Club hears praise for radio RADIO is the most important advertising medium and will occupy an increasingly important position in the media world from year to year, Robert C. Embry, commercial manager of WITM-AM-FM Baltimore, predicted Tuesday at a special radio luncheon held by the Washington Ad Club. M. Robert Rogers, general manager of WQMS-AM-FM Washington, pre- sided. Elliott M. Sanger, WQXR New York, spoke on specialized radio service.

"No other medium reaches so many people," Mr. Embry said. "There are more radios than Americans over 17 years of age. More families use radio sets than have white bread or coffee in their homes."

Among radio sales points listed by Mr. Embry were these: 35 million radio sets sold in three years, more than the total number of tv sets manufactured; two-thirds of sets in city homes are located outside the living room; 2 million clock radios were sold last year; over half of the homes in tv markets have radios in a bedroom, with 60% having radios in the kitchen.

He contented newspapers never talk readership, mentioning only circulation. He cited the Baltimore situation, where he said the
On April 25, WNBK turned on the power... adding 9 new counties and over 147,000 television homes to WNBK's coverage area. To do this took a new channel (3), a new transmitter with 100,000 watts of power, and a new antenna—the highest structure in the Cleveland area.

It means that the foremost television station in the Cleveland area is more effective, and that you have an even better buy in this important market.

Here are the facts: WNBK now covers over 1,000,000 TV homes* in 29 counties in northern Ohio and Pennsylvania—a service unsurpassed by any other Cleveland station. Not only is its coverage extended but WNBK's signal in downtown Cleveland is 15 times stronger than before. You'll want to know more about WNBK's coverage pattern and the details of its extended service. For an up-to-date coverage map and data sheet, drop a note to NBC Television Spot Sales, 30 Rockefeller Plaza, New York 20, N.Y. or your nearest NBC Television Spot Sales office.

*Nielsen, Nov. 1953
Adjusted RTMA, March 1, 1954
Russ is master of the trombone, piano and organ... he has a mighty pleasant, easy-going singing style. As an MC, he's witty, cheerful, and down-to-earth. He likes people — and shows it. His genius for arranging stems from a solid and diversified background. At the age of 21, he was arranging for John Philip Sousa and Victor Herbert. Two years later Russ organized, arranged for and fronted the great Jean Goldkette Band with Bix Beiderbecke, Tommy and Jimmy Dorsey, Joe Venuti, "Itzy" Riskin, Eddie Lang, Chauncey Morehouse, "Fuzzy" Farrar and other stars. At the same time he was scoring "long hair" music for the Detroit Symphony Orchestra. Musicians acclaim Russ Morgan as one of the outstanding arrangers in the business.

The total number of Russ Morgan records sold by Decca reaches an astronomical figure. Four of his recordings have sold well over a million copies each. He is one of ASCAP's most prolific writers of successful tunes. To mention only a few: Somebody Else Is Taking My Place... So Tired... Does Your Heart Beat For Me... Homespun... You're Nobody Till Somebody Loves You... and the Four Aces' current smash hit recording, "So Long."

The above qualifications make Russ Morgan outstanding for his new job — the disk jockey.
"The Old Coal Miner" has been drafted!

In a recent poll among agency and station men, Russ Morgan was voted "the personality best qualified for a recorded disk jockey show". Russ won, hands down, over 12 leading names.

The format of this new program is designed to provide advertisers with a disk jockey show with mass appeal, above and beyond the limitations of the average local station. Nobody — but nobody — is better equipped for the job than Russ — the guy’s got everything.

The show covers every type of popular musical entertainment, via commercial phonograph records and transcriptions, interspersed with stories, gags and good clean fun "in the Morgan manner".

The Russ Morgan Disk Jockey Show will start August 2—30 minutes, 5 days each week . . . it is one of five (5) NEW Langworth feature programs for 1954.
Evening Sun has 179,000 circulation out of 381,000 dwelling units in the city zone. He added that 72% of autos have radios, with 99% of new cars having sets installed.

A Washington telet in which department stores will use radio exclusively for a limited period is planned in May, Mr. Embry said.

Mr. Sanger, described as the founder of specialized programming in 1936, recalled the slow progress made by WQXR, successor to the experimental W2XR, in building an audience for good music. This program service limited the types of products that could be advertised, he said, with no singing commercials accepted. The present WQXR audience is 40% fm, according to Mr. Sanger. He claimed 20% of New York homes tune regularly to good music broadcasts.

William Coyle of the Washington Evening Star (WMAL-AM-TV), club president, presented BAC plaques to WGAY Silver Spring, Md., and Tom's Auto Service, and to WWDJ Washington and Peoples Drug Stores. Mr. Rogers set the pace for the radio presentation by saying, "Everywhere you go there's radio," pulling an operating pocket-size receiver out of a high hat and holding it to the microphone.

William J. McLaughlin, sales promotion manager, McCurdy & Co., Rochester, will preside at a panel session on "Promotion That Rang the Cash Register." Tuesday morning (May 11) will feature a session on promotion of branch and suburban stores, with James W. Hardy, advertising manager, Woodward & Lothrop, Washington, as chairman. Perry H. Myers, director of research, Allied stores; Harold Gilbert, sales promotion manager, Lit Brothers, Philadelphia, and Carl Bleibeirg, publicity manager, L. Bamberger & Co., Newark, will speak.

Sinclair Weeks, Secretary of Commerce, and Bernard F. Gimbel, chairman of the board, Gimbel Brothers, will address the Tuesday luncheon. Final session, that afternoon, on "How to Get the Most Out of Your Advertising," will have Mr. See as chairman and Donald Bernard, advertising manager, the Washington Post and Times Herald, as co-chairman. Charlotte Montgomery, Tide magazine, and Edward Ward, Palm Beach Clothes, will speak.

**NRDGA SETS AGENDA FOR D. C. WORKSHOP**

Altoona Broadcaster - Retailer George Gable to preside at May 10 television session.

GEORGE P. GABLE, president, Gable Broadcasting Co. (WPBO, WPBG-TV Altoona) and William F. Gable Co. (department store) will preside at a session on "How to Make TV Sell for Your Store" to be held May 10 at the Hotel Sheraton Park in Washington. Session will be part of a three-day sales promotion conference and workshop staged by the National Retail Dry Goods Assn. with the cooperation of NARTB, Washington Advertising Club, Washington Sales Executives Club, Washington Merchants and Manufacturers Assn., Newspaper Advertising Executives Assn., and Bureau of Advertising, ANPA.

Choice of Mr. Gable as chairman of the retail tv session stems from his dual membership in NARTB and NRDGA, said to be unique. Sam Cuff, tv consultant, will report on the use of tv by retailers, citing actual case histories, and Howard H. Bell, assistant to the NARTB vice president for television, will head an NARTB team to discuss the topic.

Opening May 8 (Sunday) with a reception, the meeting will hold its first business session Monday morning, with "What's Wrong With Retail Sales Promotion" as the topic. Speakers will be Wade G. McCarroll, president, H. V. Baldwin Co., Richmond; Arthur (Red) Motley, president, Parade Publications; Lucille Good, vice president, Hewitt, Ogilvy, Benson & Matter; James Ratto, assistant vice president, The Hecht Co., Washington, will serve as chairman, and William F. Gable, sales promotion manager, Sak's 34th St., New York, will summarize.

Following the tv session in the afternoon, NEWS PANEL participants at recent meeting of the Pennsylvania-Delaware AP Radio Assn. included (l to r): James Nellany, WHAR Norristown, Pa.; Thomas B. Price, WBVP Beaver Falls, Pa.; William Graham, WAZL Hazleton, Pa.; Ron Stephenson, WJAC Johnstown, Pa., and Charles Sew, WCAU Philadelphia.

**Morgan Named to Head Pa.-Del. AP Radio Assn.**

ROY E. MORGAN, WILK Wilkes-Barre, Pa., has been elected president of the Pennsylvania-Delaware AP Radio Assn., succeeding Frank R. Smith, of WBVP Beaver Falls, Pa. Cecil Woodland, WQAN Scranton, was elected vice president. Joseph Snyder, Pa.-Del. AP bureau chief, was elected secretary-treasurer.

Nam'd to the executive committee were Ed Darlington, WCNR Bloomsburg, Pa.; J. M. Cleary, WESB Bradford, Pa.; Tom Price, WBVP Beaver Falls, Pa.; Charles Shaw, WCAU Philadelphia; William Banks, WHAT Philadelphia; Irving A. Berndt, WRAY Williamsport and Paul Breining, AP field representative.

John L. McClay, assistant manager of WCAU-TV Philadelphia, subbing for WCAU-TV Vice President Charles Vanda, told a news panel forum he did not believe tv news will replace printed or radio news, or vice versa. He contended tv must develop "qualified purveyors of opinion" but warned the development must be undertaken with "extreme care."

Awards presented at the April 14 meeting were: news, WCAU Philadelphia (large stations) and WCMB Harrisburg (small stations); farm news, KDKA Pittsburgh and WCMB Harrisburg; sports, WKBX St. Marys, Pa.; women's news, WESB Bradford, Pa.; commentary, WILK Wilkes-Barre, Pa.

Honorable mention went to WQAN Scranton and WILK for news; WAZL, Hazleton, for sports; WCMB Harrisburg, for women's news; and WCNR Bloomsburg, Pa., for commentary.

**50th Annual AFA Convention Slated June 20-23 in Boston**

ADVERTISING Federation of America will hold its 50th annual convention in Boston June 20-23. Edward C. Donnelly Jr., president of John Donnelly & Sons and of Boston Advertising Club, is general chairman, and Paul F. Clark, president, John Hancock Mutual Life Insurance Co., is serving as honorary chairman.

Speakers at the general session on June 21 will be John P. Cunningham, president, Cunningham & Walsh C. L. Whitaker, recently retired as vice president of Young & Rubicam; Benson Ford, vice president, Ford Motor Co., and Alex Lewit, president, Lewit Corp. A session on "Color: A Revolution in Marketing" is scheduled for June 22d.
WPTZ now reaches 6,390,000 people...

More Than Double the Inhabitants of All U.S. Possessions and Territories

From Alaska to the Canal Zone and from Midway to the Marianas, the census taker counts more than 3 million people in American possessions, territories and trusts outside the continental U.S.A.

That’s less than half the number of televiewers reached daily by WPTZ. For with maximum power on low band channel 3, we now cover 6,390,000 fans in an area of more than 15,000 square miles.

As a matter of fact, WPTZ now delivers a clearer, stronger signal to more people over a wider area than any other television station in Pennsylvania!

Now Available, "The Grady & Hurst Show" 11:00 A.M. to 12:00 Noon—Saturday

Philadelphia's best known disc jockey team, Joe Grady and Ed Hurst have for 8 years co-anchored the "950 Club", highest rated radio show of its type in this area. Adapted to TV, their fast-moving variety show with participating teen-ageders, music and personalities, enjoys the same tremendous popularity. Recently, their "TV's Nicest Teen-Agers" Contest pulled over 7,200 returns! At no extra cost to you, Grady & Hurst will give your product their personal endorsement on the air. Let them sell for you as they do for such typical sponsors as Robert Hall Clothing, Best Foods Nucoa Margarine, and Kissling's Sauerkraut. You can buy the whole program, segments of it, or participations.
We've scored a new, record-breaking high! Month after month, KQV has led all other Pittsburgh stations in program "firsts". Despite the fact that we already had a two-to-one lead over our nearest competitor, we've managed to climb even higher—and top our own record-breaking totals. But that's not all.

Six out of the first ten top nighttime shows reached Pittsburgh through KQV. And KQV led the daytime field with eight out of the first ten top-rated shows as well. It all adds up to one simple fact: If you want to sell the dynamic Pittsburgh market most economically, your best radio buy is Pittsburgh's dynamic pace-setter—KQV.

Total 1/4 hours measured—330, Monday through Friday
NAFBRAT Hears Churchman Praise Commercial Video

West Coast churchman and KTTV (TV) Los Angeles narrator, Clifton Moore, says commercial TV offers an answer to education by television.

SO LONG as American tv is free, it will be highly competitive, and so long as it is competitive, it will be receptive to new ideas, the Rev. Clifton Moore, director of the TV-Radio Church Federation of Los Angeles and narrator of the KTTV (TV) Hollywood Church of the Golden West program, told guests at the National Assn. for Better Radio and Television at its fifth anniversary dinner Wednesday night.

Dr. Moore, during a panel discussion, told NAFBRAT the answer to the "immense possibilities of educational tv" lies in commercial

vigorous leaders' fear to attempt to proselytize their audiences, he said. On the contrary, they have not only the right, but the duty to propagate their faith, he declared.

Dr. Moore and Mr. Mooring suggested different methods for the public to make its displeasure over a program known. Dr. Moore told NAFBRAT members at a local station, to let the sponsor or the agency responsible.

"If you don't get better programs, don't buy the sponsor's product," he added. The TV-Radio Church Federation of Los Angeles and narrator of the KTTV (TV) Hollywood Church of the Golden West program, told guests at the National Assn. for Better Radio and Television at its fifth anniversary dinner Wednesday night.

Dr. Moore, during a panel discussion, told NAFBRAT the answer to the "immense possibilities of educational tv" lies in commercial

Radio, TV, Newsreels Merit Equal Access, Lawyer Avers

RADIO, TV and newsreels are entitled to "equal rights" with newspapers in covering courtroom proceedings, Edwin M. Otterbourg, president, the National Assn. for Better Radio and Television for Consistency good programming in the public interest is presented to Joyce C. Hall (c) president of Hallmark Cards Inc. (Hallmark Hall of Fame on CBS Radio and NBC-TV), by Dr. Lee de Forest (r) (B.T. March 15). At left, Mrs. Clara Logan, NAFBRAT president.

He praised cooperation and efforts of station and network executives in presenting educational and religious programs and said non-commercial video, which he witnessed in Europe last summer, had very small audiences and was not the answer to better programming.

"It is up to us to think up new ideas and present them to the stations," Dr. Moore said. "The answer is not merely to ridicule and lampoon poor programming," he added, but to take the NAFBRAT approach of listing suitable programs and commending outstanding ones.

An opposing view on the role of commercial TV was taken by William Mooring, radio-TV editor, The Tidings, Los Angeles Catholic newspaper. "The networks may use free time as a sop to their consciences to rub out in a half-hour the deep stain of their other programming," he stated.

"I'm not afraid of the word 'censorship,'" Mr. Mooring told NAFBRAT members. "We should have a realistic code based on the Ten Commandments," he added. While he was aware of the NARTB Code, he believes some agency, with power to inflict penalties, must be established to enforce it.

Mr. Mooring declared much religious programming lacks force because it is insufficiently dramatized. This probably stems from re-

Dramatized. This probably stems from re-

THE 1953 award of the National Assn. for Better Radio and Television for consistency good programming in the public interest is presented to Joyce C. Hall (c) president of Hallmark Cards Inc. (Hallmark Hall of Fame on CBS Radio and NBC-TV), by Dr. Lee de Forest (r) (B.T. March 15). At left, Mrs. Clara Logan, NAFBRAT president.

NARTB Sets Dates to Move Gear to Convention Site

SCHEDULE of moving dates for equipment firms exhibiting millions of dollars worth of broadcast gear at the NARTB annual convention in Chicago May 23-27 was announced Friday by Arthur C. Stringer, NARTB exhibit manager.

Over a quarter-million pounds of apparatus will be displayed at the Palmer House Exposition Hall, fourth floor, Mr. Stringer said. RCA, one of the largest exhibitors, will move its transmitters and other equipment into the hotel May 9 for storage, starting the advance move.

Regular move-in day for heavy equipment will be May 14; smaller displays available. Those planning equipment in the hotel that day include Ampex Corp., Gates Radio Co., Houston Fearless, Tel-Instrument Co., Kliegel Bros. and Bell System.

Daytimers' Meet To Expand Governing Board

GOVERNING board of Daytime Broadcasters Assn., representing joint interests of daytime stations, will be expanded at a meeting to be held May 13 at the Palmer House, Chicago, during NARTB convention week.

The DBA board will be expanded to include at least one director from each of the 17 NARTB districts. In districts with more than 24 daytime outlets, two directors will be elected.

The present DBA board has approved action on the daytime proposal that operating hours the year round start at 5 a.m. and conclude no earlier than 7 p.m. A petition will be filed with the FCC in Docket 6333, daytime skywave rule-making case. DBA will contend proposed daytime skywave rules would be designed to protect clear-channel stations and curtail the service of the limited time outlets.

At the May meeting in Chicago DBA will elect a state of new officers. Pressing officers are Kenneth Patterson, WSVI Pekin, Ill., president, and Ray Livesay, WHOW Clinton, Ill., secretary-treasurer. Harry Daly is Washington legal consultant.

The Carolinas Daytime Assn., affiliated with DBA, will hold a breakfast conference Wednesday at the Mayflower Hotel, Washington, with members of the states' Congressional delegations as guests.

Fellows Tells Texan About Market Expansion

TEXAS is big now, NARTB President Harold F. Fellows conceded Friday in an address to the Texas Assn. of Broadcasters, but if its rate of growth relates to the national expansion, there will be over 1½ million more people [in Texas] at the end of this decade.

Speaking at the association meeting held in the Adolphus Hotel, Dallas, Mr. Fellows said Texas now represents about 5.3% of the nation's population. The 1½ million increase represents a market as big as Dallas and Fort Worth combined," he added, and meant greater radio-TV audiences as well as more advertising.

Quoting figures from the CBS Radio booklet, "The American Market, 1938-1953," he said the market in this country today has nearly doubled since 1938. "Never has the future been brighter for the American broadcasting industry," he said.

Carolina Broadcasters Plan Joint Convention

CO-CHAIRMEN representing North and South Carolina Broadcasters Assns. will conduct the first joint meeting of the two groups, to be held July 1-2 at Ocean Forest Hotel, Myrtle Beach, S. C. They are William S. Page, WFTC Kinston, N. C., and Thomas F. Dailey, WIS-TV Columbia, S. C.

Plans for the meeting are being drawn up by a joint committee which comprises James MacNeil, WTSB Lumberton, president, and J. T. Snowdon Jr., WCPS Tarboro, N. C., secretary-treasurer of the North Carolina group; Beverly M. Middleton, WHKP Hendersonville, N. C.; and N. C.; T. H. Patterson, WRRF Washington, N. C.; Jack S. Younts, WEEB Southern Pines, N. C.; Mr. Page; T. Douglas Youngblood, WFIG Sumter, S. C., and Mr. Dailey.

April 26, 1954 • Page 11
FORMATION of a "Uhf Industry Coordinating Committee" to set the strategy for uhf broadcasters and to prepare before the Senate Commerce Subcommittee on Communications.

Full text of Committee report page 80

THE SENATE Communications Subcommittee was busy preparing its agenda last week for the May 4-6 hearing on uhf and the tv multiple ownership question.

At least two uhf permittees who have ceased operations are scheduled to testify. They are Ronald B. Woodward, WIFE (TV) Dayton, and William Johns, WOSH-TV Oskosh, Wis.

Other uhf operators tentatively on the subcommittee list are Lou Poller, WCN-TV Milwaukee, who may testify for himself or for the Uhf Assn. he heads (or possibly for both); William Putnam, WWLP (TV) Springfield, Mass.; Harry Tenenbaum, WTV1 (TV) Belleville, Ill. (St. Louis) and Elfred Beck, KCEB (TV) Tucson.

Informing the subcommittee of their interest in the hearing and possibly planning to appear before the Senate group are uhf operators David P. Milligan, WFAM-TV Lafayette, Ind., and Leon Green, KNUZ-TV Houston, (who had been attempting to forge a separate group of uhf people). Also indicating to the subcommittee it plans to appear is the Storer Broadcasting Co. It is expected the Storer stations if not represented by George B. Storer, president of SBC, will send John McCoy, secretary, before the subcommittee.

Of the uhf manufacturers, General Electric and RCA have indicated to the subcommittee that they plan to testify. GE electronics vice president Dr. W. R. G. Baker, will appear along with his assistants. There is no confirmation as to the RCA spokesman.

Glen McDaniel, president of Radio-Electronics-TV Mfrs. Assn., will testify before the subcommittee.

All four tv networks definitely will be represented at the hearing, it was disclosed last week. Actual names are not yet revealed.

The network are concerned with both uhf and the multiple ownership question. Sen. Edwin C. Johnson (D-Colo.), who plans to be present at the hearing although not a member of the subcommittee, is the author of a bill on common ownership (S 1059). That measure would count two uhf stations as the equivalent of a single vhf station in determining common ownership with the limit to be 5 vhf or 10 uhf (BCT, March 13).

The National Citizens Committee for Educational TV also plans to have a representative at the hearing. Robert R. Mullen, executive director, will be present and is expecting to testify.

It was reported that NARTB has the question of whether to send a spokesman before the subcommittee under study. No decision has been made as yet.

While this unofficial compilation was made last week on a tentative basis, subcommittee sources said they believed a full witness list may be forthcoming this week.

GOVERNMENT

UHF GROUP FORMED TO PLAN SENATE HEARING STRATEGY

Harold Thoms of WISE-TV Asheville is temporary chairman of the new 26-member Uhf Industry Coordinating Committee which is planning strategy for appearances before the Senate Commerce Subcommittee on Communications.

The Coordinating Committee is headed by Harold Thoms, WISE-TV Asheville, N. C., as temporary chairman, and counts 26 uhf station executives as present members.

It is seeking to represent all uhf broadcasters in preparing a unified presentation to the Senate committee. It already in one of the UHF Tv Assn. members and executives.

A memorandum of discussions of uhf problems at meetings held in Charlotte, N. C., and Washington also released last week indicated that uhf broadcasters intend to ask Senator Charles E. Potter's committee to:

- Order a revision of the TV allocations table to eliminate the mixture of vhf and uhf channels in the markets, and
- Freeze all further TV grants and facilities changes until the uhf picture is clarified.

In its April 20 letter to all uhf broadcasters, the newly formed coordinating committee made the point that the uhf position should be presented by the entire uhf broadcasting industry as a united effort.

It stressed that this approach does not preclude separate groups working together toward a common goal. The letter, over the signature of Mr. Thoms, reported that Benedict P. Cottone, former FCC general counsel, and associated with former Senator Scott Lucas (D-III.) in the Washington law firm of Lucas & Thomas, had been retained as counsel for the Committee.

It also said engineering counsel was being sought.

Suggestions Requested

It asked uhf broadcasters to join the committee, to support the course of action enunciated in the memorandum, and to send comments, criticisms and suggestions to Mr. Cottone.

It asked for information on whether uhf operators and grantees were planning to appear personally before the Senate committee. It also asked for all information relating to transmitter problems, receiver conversions, relations with networks, representatives, dealers, and competitive practices of vhf stations.

No broadcaster will be asked to contribute more than $50, the letter said.

A general meeting of the Uhf Industry Coordinating Committee will be held in Washington before the Congressional hearings begin, the letter said.

In essence, the Committee's memorandum emphasizes the point that without uhf television there can be no "truly nationwide competitive television system."

The ability of uhf stations to achieve equality of competitive opportunity with vhf stations was greatly overestimated, the Committee said. There are three basic factors involved in uhf's problem, the Committee indicated. These are:

1. Lack of high powered transmitters to give uhf stations the 1,000 kw effective radiated power which theoretically should give them equality of coverage with vhf stations.
2. Lack of low cost and acceptable converters and the continued manufacture of vhf-only receivers. Also, the failure of manufacturers to produce a satisfactory all-wave receiver.
3. Networks' failure to affiliate with more uhf stations and their continued affiliation with vhf stations—even though they may have to share affiliation with other, competing networks. Also, the inability of uhf stations to secure live network programs, even though the vhf affiliate cannot carry the program except on a delayed basis.
4. Exploitation of uhf's problems by competitive vhf stations which has a cumulative effect on viewers and advertisers.

Dr. Baker, Mr. Tenenbaum

Mr. Thoms

Page 52 * April 26, 1954

(5) Difficulties in getting adequate credit terms from normal banking sources for the purchase of equipment because of the risks involved.

(6) The quickened pace of vhf grants, through mergers and immediate grants. This upsets all calculations which were based on the prospect that vhf competition in mixed markets would be years away since most of the vhf channels were involved in hearings.

Since the Coordinating Committee includes some executives and members of the UHF Tv Assn., it appears that it may truly represent a united uhf front.

The UHF Tv Assn., however, has scheduled a membership meeting in Washington's Mayflower Hotel for May 3. Lou Poller, WCN-TV Milwaukee, president of the organization, said last week. New officers will be elected at that time, he announced. Mr. Poller is a member of the Coordinating Committee.

Also Calls Meeting

The only other group that is in the making is being proselytized by Leon Green, KNUZ-TV Houston, Tex. Mr. Green told BCT two weeks ago that he intended calling a mass meeting of uhf broadcasters in the Statler Hotel May 2 and 3 (BCT, April 19).

Members of the UHF Industry Coordinating Committee, as announced by the organization last week, are:

Hyde Acting Chairman

PENDING appointment by President Eisenhower of the chairman of FCC, the Commission met in special session last Monday and designated Comr. Rosel H. Hyde as acting chairman pursuant to Sec. 5(a) of the Communications Act.

Comr. Hyde, whose one-year appointment as chairman expired April 18, has been expected to be reappointed by the President momentarily, although there were reports that Comr. John C. Doerfer might be named instead, or that Comr. Doerfer might be transferred to some other government agency and an unnamed person nominated to succeed him at FCC and to assume the chairmanship [B&T, April 19]. Strongest indications, however, favored Comr. Hyde in view of his extensive support and record as a career official of the Commission.

Monday's action was taken by Comrs. Robert E. Lee, Robert T. Bartley, Frieda B. Hennock, Doerfer and Hyde. Comr. George E. Sterling was in Maine. Comr. E. M. Webster is on the West Coast for a meeting of Radio Technical Commission for Marine Services at San Francisco.

Sec. 5(a) of the Act provides:

In the case of a vacancy in the office of the chairman of the Commission, or the absence or inability of the chairman to serve, the Commission may temporarily designate one of its members to act as chairman until the cause or circumstances requiring such designation shall be eliminated or corrected.

Airspace Units to Vote On All Tall Tower Plans

REGIONAL Airspace subcommittees were instructed to tighten up their procedures on clearing tall radio and tv towers last week when the Washington Airspace Subcommittee resolved an Air Force proposal that all applications for tv towers taller than 500 ft. above ground be submitted directly to the central committee in Washington [B&T, Feb. 22, 8].

The Air Force withdrew its proposal, and at the same time the Washington committee ruled that all regional committees must secure a positive vote on requests for tower clearances. Hereafter, when a regional subcommittee received a broadcast tower application, it would send a notice to all Government agency and military services members asking for comment. If none was forthcoming in 30 days, this was to be taken to indicate that there was no objection.

Now, all members of regional committees will be required to vote once or the other on all such requests.

The Air Force's unhappiness with the current procedures stemmed from regional approval of a tower for WBAM Montgomery, Ala. Following regional clearance and FCC approval, the station built the tower.

The Air Force proposal was protested by NATB, and FCC and CAA members of the Washington committee.
GOVERNMENT

LICENSE FEE PLAN SUSPENDED BY FCC

Commission acts in accord with wishes of Senate Commerce Committee pending study.

FCC is suspending its licensing fee procedure in accordance with the Senate Interstate & Foreign Commerce Committee wishes that the agencies under the congressional group's jurisdiction hold off setting up standards in imposing charges for licenses.

Committee Chairman John W. Bricker (R-Ohio) disclosed FCC's decision Friday.

FCC in its notice to the committee that it was suspending the procedure did not specify July 1, 1955, as the date to which its postponement will carry. Federal Trade Commission and the Interstate Commerce Commission specifically set the July 1 date.

Also suspending indefinitely is the Civil Aeronautics Board. The Coast Guard said it will still report its progress on fees or charges to the Budget Bureau which had directed all the regulatory agencies Nov. 5, 1953, for an early imposition of levies on services performed. The Coast Guard, however, included a copy of the committee's resolution to the Bureau.

FCC would have set up a basic charge of $325 for a license. The agency already has received comments from interested parties on the proposed schedule of fees which now will be held in abeyance.

FCC in informing the Bureau of its action asked for further clarification by the Bureau in view of the committee resolution.

Sen. Bricker said the "wholehearted cooperation with the committee's expressed wishes [in form of a resolution (637, April 5, March 29)] is very heartening, and just what the committee expected."

He said the committee action "does not denote hostility to the idea of assessing fees and charges." He reiterated that Congress ought to set up basic standards for each agency "to follow in imposing fair and equitable charges for licenses" and that the agencies, he was sure, "prefer to have the Congress set out expressly in the law the basic standards to follow."

North Carolina Senator Hits Clear Channel Plan

FCC last week received another strong complaint against its proposal to provide increased protection for Class I-A clear channel stations (B*T, April 12), with Sen. Alton Lennon (D-N.C.) charging "discrimination" against daytime stations.

The Commission has answered Rep. L. H. Fountain's (D-N.C.) complaint against the protection proposal, saying it was "aware of the importance of daytime - only broadcast operations" and the service rendered by the stations to the nation. The Commission also said it was cognizant of the "impact" created by any reduction in service of the daytime stations.

Sen. Lennon wrote the FCC:

I do not believe that a few clear channel stations should have protection and property rights to the exclusion of the rest of the country. I do not believe these stations can provide the local service which is being so adequately provided, as I know, in North Carolina.

It would seem a rank injustice to discriminate against these stations and their millions of listeners in favor of twenty odd high power stations. I do not believe the Federal Communications Commission can, in the name of providing a continuation of public service, take such drastic action that would for all intents destroy economically so many of the excellent broadcasters in North Carolina and elsewhere . . .
did not think the proposal “fair or equitable, or democratic” and that it could force many day-timers into bankruptcy if forced to reduce the number of operating hours.

The Commission referred the Congressman to Paragraph 37 of its notice of further rule making on the daytime skywave case [8 * T, March 15] which noted any proposals for a reduction of power or cessation of operation during transitional hours for existing day-timers would be a policy-making decision and would be deferred until the clear channel case is considered.

KOA Goes to Court
With KOAT Protest

APPEAL of the FCC’s denial of its protest against the grant of 860 kc with 1 kw day, 500 w night, directional antenna, to KOAT Albuquerque, N. M., last February, was filed with the U. S. Court of Appeals in Washington last week by KOA Denver.

KOA operates as a Class 1-B station on 850 kc with 50 kw. The Denver station objected to the KOAT grant on the ground that the change from 1240 kc with 250 w to the 860 kc wavelength would cause interference in its service area. It asked that it be made a party to a hearing on the KOAT application, but the Commission granted the application without a hearing. The FCC also denied a Sec. 309 (c) protest by KOA on the ground that it had no standing as a party in interest.

When the Commission turned down KOA’s objections and protest, it said that the new KOAT operation would not cause interference within KOA’s normally protected contour. KOA claimed that its “normal” service area extended much farther than the Commission’s engineering indicates and that it would lose national and regional accounts if its coverage were compressed.

In its appeal, KOA asked the court to force the FCC to give it a hearing on its protest. It also alleged that the economic injury it would suffer gives it standing as a party in interest.

Minneapolis Dropout

THE MINNEAPOLIS ch. 9 contest was reduced to two applicants last week as Twin Cities Broadcasting Corp., operator of WDGY there, petitioned FCC to dismiss its application. Still pending for ch. 9 are Independent Broadcasting Co. (WLOL) and Family Broadcasting Corp. (KEYD).

WDGY told the Commission it “has concluded not to prosecute its pending application in view of the uncertainties apparently surrounding the operation of the fourth television station in the Twin Cities market.” On the air there are ch. 4 WCCO-TV, ch. 5 KSTP-TV and ch. 11 WMIN-TV and WTCN-TV (share time).

Adcrafters Hear FTC’s Role

COMA Albert A. Carretta of the Federal Trade Commission last Friday addressed the Adcraft Club of Detroit at the Hotel Statler there on “The Role of the FTC in the Advertising Field.” In describing the FTC’s efforts to control unfair and deceptive advertising practices, Mr. Carretta said the evolution of the U. S. economy from essentially agricultural to industrial has been “in great part, due to the tremendous impact of advertising.”
House Commerce Committee sets up May 19-21 hearing on anti-alcoholic beverage advertising measure. Announcement comes as drys step up their campaign in Congress.

The "DRYS" have been pouring it on the past few weeks in a new, stepped-up campaign to throttle all alcoholic beverage advertising in interstate commerce. A primary objective is beer and wine advertising on radio and television.

The prohibitionists hope to open a path for the legislation they support via the House Interstate & Foreign Commerce Committee.

That group already has set May 19-21 for hearings on the Bryson bill (HR 1227). The measure, which advertising and broadcast people consider a threat to their business, was a personal one to its sponsor, Rep. Joseph S. Bryson (D-N.C.), introduced again last year just before his death (March 10, 1953) during the first session of the current 83d Congress.

Petitions on Increase

The newest dry campaign—the drys in the past Congresses have lost battles in committee by only the narrowest of margins—came to a head in the past month.

Evidence of the campaign as it has developed from petitioner, from lobbyist and from legislator can be traced briefly as follows:

- NARTB, which keeps a running score on the number of petitions sent by drys and others to congressmen and senators, reports an estimated 400% increase in such petitions (asking for action on the Bryson bill) in the 30 days preceding Apr. 11, compared to the preceding two and a half months. The figures show only seven petitions being reported on the Hill between Jan. 6 and March 15 of this year, but 35 petitions between March 16 and April 15.

- A companion bill to the Bryson measure has been introduced by Sen. William Langer (R-N.D.). The bill (S 3294) also would bar alcoholic beverage advertising. It was referred to the Senate Interstate & Foreign Commerce Committee.

- A frontal attack against beer advertising on the airwaves was made earlier this month by Rep. Hamer H. Budge (R-Md.) whose measure (HR 8744), now before the House Judiciary Committee, would make it a crime to televise any advertisement showing pictures of persons pouring, drinking or opening containers of alcoholic beverages [BT, April 12].

Rep. Budge says he proposed his legislation because of many letters urging action on the Bryson bill.

An obvious strategy of the dry lobby is the shift from the Senate to the House this year. The last attempt by the drys to bar spirits advertising was made in the Senate when Sen. Edwin C. Johnson (D-Colo.) introduced a bill aimed specifically at liquor sponsorship on radio and television. Spokesmen for the prohibitionists made it plain they wanted the Johnson measure broadened to cover all alcoholic beverages. In a close ballot, this measure was aborted in committee. Less than four years ago, another such attempt in the Senate fell short of the mark by only one vote in committee.

Another factor pointed out by observers is that this is an election year. It is significant that the House committee announced its hearing nearly simultaneously with the introduction in the Senate of the new Langer bill.

Last week, the House was not in session. Its Easter recess (10 days) ends today (Monday). This will give the committee about three weeks to prepare for the hearing.

An informed source predicted that judging by past experience the hearing may go longer than three days.

NARTB, it was understood, is certain to have a spokesman testifying before the committee in opposition to the anti-alcoholic beverage advertising measure.

Broadcasters also can expect that the Bryson bill will be much discussed during the annual NARTB convention, beginning May 23 in Chicago because of the close proximity of the hearing to the convention.

Actual wording of the sections of the Bryson bill which affect the broadcast industry follows:

Sec. 3. It shall be unlawful for any common carrier or for any private carrier for hire to transport from any State or Territory or the District of Columbia any newspaper, periodical, or any other printed or graphic film, record for mechanical reproduction advertising alcoholic beverages or containing the solicitation of any order for alcoholic beverages.

Sec. 4. It shall be unlawful to broadcast by means of any radio station for which a license is required by any public utility, or by any person operating any such station to permit the broadcasting of any advertisement of alcoholic beverages or the solicitation of an order for alcoholic beverages.

Members of the House committee are:

Democrat—Robert Crosser (Ohio); J. Percy Priest (Tenn.), Oren Harris (Ala.), Dwight L. Rogers (Fla.), Arthur G. Klei (N. Y.), William T. Granberry (Pa.), John B. Williams (Miss.), Peter F. Marks Jr. (Calif.), Louis B. Heller (N. Y.), Kenneth A. Roberts (Ala.), Morgan M. Moulder (Mo.), Harley O. Slaggert (W. Va.).

Radio-TV Industry Names On Official Lobby List

A SPRINKLING of names in the radio-television field appears in the latest official report on registered lobbyists. The report covers the last quarter of 1953.

NARTB people listed are: Harold E. Fellows, president; Oscar Elder, assistant to the vice president; Government Relations Dept.; Ralph W. Hardy, vice president, Government relations; Vincent T. Wastewski, chief attorney; Abiah A. Church, attorney; Thad T. Brown, vice president and counsel to the TV Board.

NBC people listed are: Frances M. (Scoop) Ruskell and George V. Wheeler II. Mr. Wheeler showed a total expenditure of $25. Mr. Ruskell reported he spent $59.25 for the fourth quarter of the year and $607.50 for the year. For CBC, Earl H. Gammons reported he spent $519 for the previous quarter of the year.

Others listed: Clear Channel Broadcasting Service (against legislation calling for duplication of Clear Channel frequencies or limitation of their power, also against NARBA's agreement to pay $64.25 for the third quarter, $63.15 for the fourth quarter). CBBS Director Hollis B. Ross covered the expenditures as the same.

Radio-Electronics-TV Mfrs. Assn. listed $511.72 for wages, salaries, fees, commissions etc., $486.63 for "other expenditures", $1,631.69 in expenditures for previous quarters of the year. Former Sec. D. Secrest, RETMA executive vice president, was listed as the organization's representative.

Former Sen. Ernest W. McParland (D-Ariz.) represented American Cable & Radio Corp., RCA Communications Inc.: Western Union Telegraph Co.

Lovel H. Parker, who included the Television Broadcasters Tax Committee as one of the organizations he represented, listed total receipts (including those from coal associations) as $5,756 for the fourth quarter. He listed interest in tax legislation for the tv industry.
"TRANSMITTER CONVERSION FOR COLOR INVOLVES NO INTERRUPTION OF BLACK and WHITE PROGRAM SCHEDULES"

G-E Engineer Rounds-up The Requirements
For Initial Station Color Conversion

All of you are familiar, I'm sure, with the fact that two types of alterations are required at the transmitter installation in order to broadcast exceptional color signals. These alterations are somewhat self-explanatory by their terminology...internal and external transmitter changes. Let's speak briefly first, of the internal requirements.

Necessary circuit changes inside the transmitter itself can be completed in about one and one-half hours. A mere handful of parts is installed to permit the reference burst on a color signal to pass through a keyed clamp without "harm." All TV transmitters now being manufactured by G-E have these color refinements incorporated in their internal circuits at no increased cost to the purchaser. Units now in operation without color provision can obtain this change-over on request. General Electric has offered both the parts and engineering supervision of their installation to all their customers free of charge.

For Premium Performance—Add Rack-Mounted Equipment

The final transmitter conversion phase calls for installation of 4 or 5 external, rack-mounted units through which the signal passes before entering the transmitter. These permit accurate control of linearity phase and envelope delay to comply with FCC rules for color transmission. The action taken by external equipment is purely corrective and inherently required of all transmitters regardless of manufacture. FCC standards clearly spell this out.

General Electric has completed the training of field service engineers who expertly install and test color transmitting equipment. They are available now to introduce auxiliary units into your station and verify compliance with all specifications without interfering with normal black and white television operations.

JAMES T. TILLMAN

Meet General Electric's top man on the transmitter color conversion assignment. ...James T. Tillman. For the past three years, Tillman has played a leading role in the development of transmitter designs for compatible color operation. His is a practical, down-to-earth knowledge of the color subject which is constantly translated into realistic benefits for purchasers of G-E broadcast equipment. Mr. Tillman presents this first in a new series of "color talks" to appear under your Telequipment News masthead. Comments on this series are invited both to help us measure interest and improve context. Write: Editor, G-E Telequipment News, Section X244-26, Electronics Park, Syracuse, N. Y.

FCC TO SPOTLIGHT HEARING PROCEDURE

Miami and Charlotte cases will be used as tests of the Commission’s expediting system.

SOME light may be shed this week on the tangled and controversial functioning of the FCC’s expediting procedures for tv hearing cases.

The Commission decided last week that it would hear oral argument on how well the expediting procedures were working.

It set April 29 as the date for an en banc argument on the Miami ch. 7 and the Charlotte ch. 9 cases.

The oral presentation, the Commission said, should be devoted to discussion of the “practical operation of the present hearing conference procedure, which would expedite the disposition” of these cases.

The Commission said, in its Memorandum Opinion and Order in each case, that it did not believe that the objectives of the so-called expediting procedures can be served by general and ambiguous statements contained in the points of reliance submitted by the parties as part of the hearing conference procedure.

In this sense, the Commission apparently agreed with the Broadcast Bureau which originated the appeals to the full Commission in both cases [B&T, April 5].

The Broadcast Bureau asked the Commission, in both cases, to overrule hearing examiners who had accepted points of reliance submitted by the applicants. These points of reliance, the Broadcast Bureau said, were broad and general and lacked the specificity required to narrow the hearings down to essentials — the essence of the so-called expediting procedures.

Followed Recommendation

The expediting procedures were put into effect early in 1953 and followed recommendations by the Judicial Conference of the U. S. in 1951, and the President’s Conference on Administrative Practice in 1953.

Purpose of the new procedures was to shorten hearings, reduce them to essential, points of difference among the applicants and to compress the record to manageable lengths.

Disagreement between FCC attorneys and private lawyers over the interpretations of the expediting procedures has become more and more acute in recent months.

In answering the Broadcast Bureau’s appeals in the Miami case, the four applicants told the Commission that each of the applicants have exchanged information and thus the points of reliance of each are completely understood by everyone concerned. It would serve no useful purpose, they said, to detail each point when the information is already particularized in the documents exchanged among themselves and the Commission counsel.

Both the Miami and the Charlotte hearings were postponed by their respective examiners pending resolution of the Broadcast Bureau’s appeal by the Commission.

In its order last week, the Commission officially announced that it is reviewing the hearing conference procedure.

At the oral argument this Thursday, each applicant will be permitted 15 minutes. Session is scheduled to start at 10 a.m.

Protests Debates

FORMER Democratic Sen. Blair Moody (Mich.) wants to take to the airwaves in a state-wide series of debates with Sen. Homer Ferguson (R-Mich.) in “a television program conceived along the lines of the Lincoln-Douglas tradition.” Mr. Moody’s challenge came as the former Washington newspaperman and radio-televiser announced for the week he would seek the Democratic nomination against Sen. Fer-

Ferguson. Mr. Moody was appointed to the Senate three years ago by the Democratic governor of Michigan, M. Mennen Will-

iams, who was succeeded by the death of Sen. Arthur Vandenberg. Mr. Moody was defeated by Sen. Charles E. Potter (R) in the 1952 election. Also an-

nounced for the Democratic nomination is Patrick McNamara, a member of the Detroit Board of Education.

FCC Asks Hearing in WNYC SSA Bid; May Create Stir

Politics may come up in this situation. Comr. Hennock at-

tacks the Commission’s action in a detailed dissent.

POTENTIAL political hot potato was warmed up by FCC last week in the majority’s action advising municipally-owned WNYC New York that its application for extension of special service authorization to operate additional hours 6 a.m. to 10 p.m. “indicates necessity of a hearing.” SSA first was issued in 1943.

Action drew a detailed dissent from Comr. Frieda B. Standish, who attacked the Commission’s “presumption of service features of WNYC, while Comr. Robert E. Lee dissented on the ground FCC has full discretion to terminate without hearing “a temporary authorization given under emergency conditions no longer existing.”

WNYC is assigned 1 kw on 830 kc, limited to WCCO Minneapolis, dominant station on the clear channel. FCC also turned down WNYC’s request for waiver of the rules to allow it to use a 3 kw signal for pre-sunrise and post-sunset operations, held not necessary by the Commission.

In her dissent, Comr. Hennock said:

“dissent from the decision to send a prehearing letter to WNYC. The unique circumstances surrounding this case militate against any other action except a grant of the requested special service authorization for the pre-sunrise and post-set operations which WNYC has been engaged since 1943.

Station WNYC is the only municipally owned and operated noncommercial station in this country. It is operated at public expense and for the benefit of the people of the city of New York. It has served and continues to serve a public record of public service. No other New York station operates on the same type of service as WNYC, nor would it be possible for any com-

mon law court to strike down this program WNYC presents. The Commission itself has recognized the value of station WNYC to the people of New York by repeatedly granting its request for SSA’s over a period of eleven years. The reasons which per-

suaded the Commission to grant an SSA to WNYC in the past must continue it, since, are no less compelling today than they were then.

“Commission grants, that is needed is a temporary authority from the Com-

mission.

There are other reasons why this request should be granted today as it was done in the past. The frequency involved, 830 kc, is a clear channel; pre-sunrise and post-sunset must, therefore, of necessity involve policy problems which are peculiar to the clear channel and proceeding. A resolution of these problems in the latter proceeding may render the major issues in this case moot. It may lead to a full hearing, with all the expense and inconvenience that go with

it, on a request for a temporary authority. The outcome of the clear channel proceeding, may make this effort futile, to deny ourselves the advantage of flexibility inherent in the administrative process.

Moreover, there is no reason for a hearing. The population which receives WNYC service and the type and extent of service are well known. The question of interference is negligible. For, the WNYC is now several years old. In any event, the net-

work provides two additional stations in the New York service area, where the purported inter-

ference is alleged to exist, at present and by numer-

ous other stations. In view of this, no useful purpose can be served by a hearing on this re-

quest for a temporary authority.

Accordingly, I dissent for an SSA for pre-sunrise and post-sunset opera-

tions.

Commissioner Lee issued the following dis-

senting statement:

I am against a hearing in this matter. I believe it is the function of the Commission to terminate a temporary authorization given under emergency conditions, no longer existing. This hearing will be long and involved. In the meantime a clear channel agreed to by treaty continues to receive interference. I would agree to a limited hearing but not as compre-

hensive as contemplated by this letter.

Two Groups Oppose

Grant at Green Bay

GRANT of ch. 5 in Green Bay, Wis., to Val-

ley Telecasting Co. [B&T, March 15] has been under fire from two sources.

WMBV-TV Marquette, protest, overturned the grant, but after Valley Telecasting replied, it withdrew its protest.

WCAN-TV Milwaukee asked the FCC to condition the grant of Green Bay’s ch. 5 on the disposition of its opposition to the allocation of ch. 6 to Whitefish Bay, Wis., now pend-

ing in the U. S. Court of Appeals in Wash-

ington.

When the FCC allocated ch. 6 to Whitefish Bay, it substituted ch. 5 for ch. 6 in Green Bay.

This is the change that is under attack by uhf WCAN-TV.

Valley Telecasting objected to the request on the ground that WCAN-TV had no standing to enter the case. It also said that if WCAN-

TV won its point, it would be a simple matter again to redetermine ch. 5 to Green Bay.

FCC Grants Crestview Am

PROTEST of WCNU Crestview, Fla., that the market could not support a second station was dismissed by FCC last week coincident with granting Crestview a permit for 250 w fulltime on 1490 kc there. It is owned by S. Henderson and James T. Whis-

taker, owners of local Radio Electric Co.

Other new station grants by FCC last week included permit at Sitka, Alaska, to Voice of Sheldon Jackson Inc. for 250 w specified on 1400 kc and authorization at Peru, Ind., for 500 w day on 1600 kc to Wabash-Peru Broadcasting Co.

Procedural Policy

AFFIRMING a procedural ruling by FCC in the two-year old ch. 4 case at Beaumont-Port Arthur, Tex., Hearing Examiner James D. Cunningham last week issued an initial decision supporting dismissal of the application of Jef-

ferson Amusement Co. on the ground it was a substitute bid for Lufkin Amusement Co. He cited a letter from FCC two weeks before the hearing commenced and was dis-

missed “with prejudice” by the Commission for failing to offer good reason. Still pending in the hearing, post-petition “in Smith Radio Co. and Port Arthur College (KPCO),

Proposed rule-making in the daytime skywave case to cover principles, not applicability to Class I and II stations.

JUNE 7 was designated by FCC last week as the date for oral argument on its notice of further proposed rule-making for seven-year-old daytime skywave proceeding, now severed from the older clear channel case for separate decision [B&T, March 15].

The argument is to cover principles involved in the daytime skywave proceeding and not the applicability of the proposed rules to existing Class I and II stations, FCC said. Written comments on the latter are due May 3, with replies thereto 15 days later.

In brief, the proposal (Docket 8333) would recognize that the secondary stations on clear channels cause varying degrees of objectionable interference to the dominant Class I outlets in the daytime skywave proceeding and before sunset. Therefore, the Commission would revise its engineering standards and rules to provide greater protection for the Class I-A stations by establishing transition-time standards for the compliance standards on those channels, distinct from the present daytime and nighttime operating requirements.

Those desiring to participate in the oral argument must file appearance by May 24, FCC said, and briefs may be filed by May 31.

"The time to be allowed each party for oral presentation will be determined in the light of the number of parties seeking to appear and participate," the FCC said, "and will be specified by a later notice."

Asks Views on Merits

The Commission explained, "We believe it desirable to delineate again the scope of the oral argument: Opportunity is being afforded to interested parties to present their views with respect to the merits of the proposed report (paragraphs 1-34 inclusive) and the proposed rules set out in the appendix attached to the report. The applicability of the proposed rules to existing Class I and Class II stations will not be considered in this phase of the proceeding since that question is the subject of the notice of further proposed rule making" on which comments are due May 3.

The proposed rule-making cited four categories of existing stations to which the revisions may be applicable: (a) Class II daytime-only stations; (b) Class II limited-time stations; (c) Class II unlimited-time stations; and (d) Class I-B stations located eastward of the other I-B station on the channel and commencing nighttime operation at sunset at the westward I-B outlet.

However, FCC said it does not propose to make its revisions applicable at this time to existing Class II daytime stations, and not to existing Class II limited-time stations generally.

A fortnight ago, Sen. H. Fountain (D-N. C.), on behalf of the Commission, announced the FCC to the Commission about the proposed greater protection for Class I-A outlets [B&T, April 12]. He did not think it would be fair to local stations and would further concentrate on the hands of the 20-old Class I-B station channels.

Although it is still early for the formal comments to be filed with the Commission on the proposal, the dockets now contain numerous inquiries by Congressmen in behalf of station constituents in their areas. Legislators referring inquiries to FCC, plus the stations or broadcasters whose inquiries were referred, included:

Sen. William F. Knowland (R-Calif.), KWSO Wasco, Calif.; Sen. Leverett Saltonstall (R-Mass.),

FIVE RADIO-TV transfers involving nearly $2 million highlight station sales approved last week by the Commission.

$2 Million Involved In 5 Sales Approvals

KIMN will be the new call letters of KFEL Denver, whose sale to KIMN Inc. was approved by FCC last week. It will be the Denver outlet for Intermountain Network. Making new plans for KIMN are (I to r) seated—Collin Lowder, new KIMN general manager, formerly manager of KLO Ogden, Utah—Lynn L. Meyer, Intermountain president; John McNeriny, KIMN commercial manager; standing—Bill Knodel and Lew Avery of Avery-Knodel Inc., national representatives for KIMN.

condition to FCC grant of vhf ch. 11 at Durham to Durham Broadcasting. Grant was made possible by the dismissal of the competitive bid of WDNC there, which received option to purchase 21% interest in the new tv venture [B&T, Jan. 18].

FCC approval also was given to the sale of WLCS-AM-FM Baton Rouge, La., by Air Waves Inc. for $1,000,000 to WLCB Commercial Broadcasting Enterprises to WRCB Inc., $250,000.

Sale of WLCS was a condition of the Baton Rouge vhf ch. 2 grant to WBRZ (TV), WBRZ represents a merger of WLCS and WJBO both in Baton Rouge. This comes under the duopoly rule requiring sale of one of the stations.

Pittsburgh Hearing Set

PITTSBURGH ch. 4 (Irwin, Pa.) applications were designated for hearing by FCC last week, to commence May 21 in Washington.

Allegheny Broadcasting Corp., licensee of KQV Pittsburgh and ch. 4 applicant at McKeesport, was granted customary waiver of Commission rules to continue prosecution of its application despite 45% interest in the station by CBS, which must readjust its radio-tv holdings to comply with the Commission's new multiple ownership rules.

Other contestants are WCAE, applying at Wilkinsburg, Pa.; Mata Enterprises (WLOA), Braddock, Pa.; Wespen Television Inc. and Irwin Community TV Co., applying at Irwin.

Must Identify Citizenship

IDENTIFICATION of the citizenship of stockholders of National Airlines, owner of Miami ch. 10 applicant Public Service Television Inc., was requested last week by FCC in an order directing National to supply the data within 60 days. The Commission ruled to hold in abeyance a petition by WKAT Miami Beach for enlargement of issues in the ch. 10 contest respecting Public Service's legal qualifications. Other applicants: L. B. Wilson Inc. (WCKY Cincinnati), Miami, and North Dakota Video Inc., North Miami.

**STATIONS**

**WHB-AM-TV BUYS CHURCH'S KMBC-AM-TV; WHB ACQUIRED BY STORZ FAMILY**

Kansas City ch. 9 shareholders WHB-TV and KMBC-TV will merge as KMBC-TV in Cook Paint & Varnish Co.'s purchase of Arthur B. Church properties for total consideration of $2 million plus, including assurance Mr. Church will not re-enter local radio-tv. Cook's WHB will be sold to the Storz family for $400,000, plus liquid assets.

**KANSAS CITY'S time-splitting tv stations—KMBC-TV and WHB-TV—will be merged into a single station as part of a four-station transaction involving about $3 million overall. The merger marks the end of Arthur B. Church's active role in the nation's broadcast affairs, a role he has taken as a pioneer who entered radio back in 1914.**

With FCC approval of a two-ply sale, Cook Paint & Varnish Co., one of the giants of that industry and owner of WHB-AM-TV, will merge WHB-TV and KMBC-TV into a single station, using the call KMBC-TV.

Since Cook acquires KMBC in the deal, it is selling its present am outlet, WHB, to the Storz family, owning KOWH Omaha (see separate story). KMBC and its am sister station, KFRM Concordia, Kan., will be operated by the Cook interests. KFRM is a daytimer carrying KMBC programs.

In essence the deals were negotiated in this fashion:

- WHB Broadcasting Co., wholly-owned

Co., and Lathrop G. Backstrom, president of the two companies. The applications are to be filed today (Monday) at the FCC.

Preliminary talks looking toward Cook's acquisition of KMBC began several months ago, with drafting of the actual contract starting April 7. Paul A. O'Bryan, of Dow, Lohnes & Albertson, represented WHB as well as the Storz interests when a purchaser was sought for the WHB radio operation.

Philip G. Loucks, of Loucks, Zias, Young & Jansky, represented the Church interests.

In the early talks Mr. Caldwell had represented WHB, with Dupuy G. Warrick, KMBC vice president-general counsel, representing the KMBC properties along with Kenneth Myers, KMBC attorney. The contract was signed last Monday night.

Mr. and Mrs. Church are taking a vacation in Colorado. After delivering an address paying respect to Judge Junius Miller, retired NARTB board chairman, at the testimonial dinner held March 31 in Washington, Mr. George J. Higgins, KMBC vice president-program operations director and minority stockholder, will remain with the stations under the new ownership, it is understood. Don Davis, currently WHB Broadcasting Co., vice president, remains in that role. John T. Schilling, WHB station manager, also remains with WHB Broadcasting Co. in the same capacity as does Henry Goldenberg, chief engineer.

KMBC is a CBS Radio affiliate and the KMBC-TV and WHB-TV time-sharing stations on ch. 9 are CBS Television affiliates.

WHB-TV and KMBC-TV have been sharing a 5-kw DuMont transmitter and RCA antenna located atop the Power & Light Bldg. A new RCA 10-kw transmitter is on order, along with a 50-kw amplifier, increasing the output to the 316 kw maximum from a new transmitter site.

WHB was founded in 1922. It operates on 710 kc with 10 kw day and 5 kw night, having an MBS affiliation.

KMBC Founded in 1921

KMBC was founded by Mr. Church in 1921. It operates on 980 kc with 5 kw power. KFRM, its daytime satellite in Concordia, repeats KMBC programs on 550 kc with 5 kw power. KFRM was founded in 1948.

Facing a drawn-out television hearing last year, KMBC and WHB reached a time-dividing agreement in June and within a brief time received the ch. 9 grant. The stations went on the air Aug. 2. They have been shifting program origination back and forth during the day.

Messrs. Church and Backstrom issued a joint statement in announcing the sale. It follows:

“We have learned that shared time operation of a television channel can be successfully accomplished, but we have learned also that the difficulties of such shared time operation can be eliminated by one ownership. We feel that the best television service to the people in the Kansas City area can be accomplished with the unification of the two television staffs.

“The present officers of Midland (KMBC-AM-TV) have tendered their resignations effective with closure after FCC approval, but no immediate changes of staff either in the Midland or WHB organizations are contemplated. Later, some shifts of personnel will probably be necessary but these will be minimized. Until

**CONTRACT SIGNING for the sale of KMBC-AM-TV Kansas City properties to Cook Paint & Varnish Co., owner of WHB-AM-TV there, was attended by (l to r) Arthur B. Church Jr., KMBC secretary; Mrs. Arthur B. Church; George J. Higgins, KMBC vice president-managing director; Dupuy G. Warrick, KMBC vice president-general counsel; Arthur B. Church, KMBC president; Lathrop G. Backstrom, president of Cook and WHB; and R. B. Caldwell, board chairman of Cook and WHB.**

Cook subsidiary, is buying all the outstanding common stock of Midland Broadcasting Co. (KMBC-AM-TV, KFRM and related properties) for $1,750,000 cash.

- Having two am stations in Kansas City, WHB Broadcasting Co. is selling WHB to the Storz family for $400,000 cash plus value of liquid assets.

- WHB Broadcasting Co. assumes $900,000 in Midland long and short-term obligations.

In addition it agrees to pay Mr. & Mrs. Church $250,000 under a 10-year non-competition clause provided they do not re-enter radio or tv broadcasting in the area.

Principals in the negotiations for the Cook interests were Robert B. Caldwell, board chairman of Cook and WHB Broadcasting Co., and Lathrop G. Backstrom, president of the two companies. The applications are to be filed today (Monday) at the FCC.

Preliminary talks looking toward Cook's acquisition of KMBC began several months ago, with drafting of the actual contract starting April 7. Paul A. O'Bryan, of Dow, Lohnes & Albertson, represented WHB as well as the Storz interests when a purchaser was sought for the WHB radio operation.

Philip G. Loucks, of Loucks, Zias, Young & Jansky, represented the Church interests.

In the early talks Mr. Caldwell had represented WHB, with Dupuy G. Warrick, KMBC vice president-general counsel, representing the KMBC properties along with Kenneth Myers, KMBC attorney. The contract was signed last Monday night.

Mr. and Mrs. Church are taking a vacation in Colorado. After delivering an address paying respect to Judge Junius Miller, retired NARTB board chairman, at the testimonial dinner held March 31 in Washington, Mr. George J. Higgins, KMBC vice president-program operations director and minority stockholder, will remain with the stations under the new ownership, it is understood. Don Davis, currently WHB Broadcasting Co., vice president, remains in that role. John T. Schilling, WHB station manager, also remains with WHB Broadcasting Co. in the same capacity as does Henry Goldenberg, chief engineer.

KMBC is a CBS Radio affiliate and the KMBC-TV and WHB-TV time-sharing stations on ch. 9 are CBS Television affiliates.

WHB-TV and KMBC-TV have been sharing a 5-kw DuMont transmitter and RCA antenna located atop the Power & Light Bldg. A new RCA 10-kw transmitter is on order, along with a 50-kw amplifier, increasing the output to the 316 kw maximum from a new transmitter site.

WHB was founded in 1922. It operates on 710 kc with 10 kw day and 5 kw night, having an MBS affiliation.

KMBC Founded in 1921

KMBC was founded by Mr. Church in 1921. It operates on 980 kc with 5 kw power. KFRM, its daytime satellite in Concordia, repeats KMBC programs on 550 kc with 5 kw power. KFRM was founded in 1948.

Facing a drawn-out television hearing last year, KMBC and WHB reached a time-dividing agreement in June and within a brief time received the ch. 9 grant. The stations went on the air Aug. 2. They have been shifting program origination back and forth during the day.

Messrs. Church and Backstrom issued a joint statement in announcing the sale. It follows:

“We have learned that shared time operation of a television channel can be successfully accomplished, but we have learned also that the difficulties of such shared time operation can be eliminated by one ownership. We feel that the best television service to the people in the Kansas City area can be accomplished with the unification of the two television staffs.

“The present officers of Midland (KMBC-AM-TV) have tendered their resignations effective with closure after FCC approval, but no immediate changes of staff either in the Midland or WHB organizations are contemplated. Later, some shifts of personnel will probably be necessary but these will be minimized. Until

**BROADCASTING • TELECASTING**
**IF** you need only Basic Equipment for Remote Control

Yes... you can buy the basic system from Gates too and at no greater cost than straight D.C. operated systems. Includes transmitter and studio equipment plus motor tuned power control, transmitter control relay, tower light indicator, plate contactor, meter pick-up kits and diode rectifier for remote antenna metering—all ready to mount in your racks and using the famous Gates tone oscillator system for major control functions—the system that uses tubes to provide reliability—the system used by air lines, the military, and all leading communications companies for dependable multiplexing services.

**OR** if you want the Complete System for Remote Control

Here is the famous RCM-14 system, ready to move in your station. Equipped with R. F. amplifier for remote monitoring, dual rack cabinets, completely wired, supplied with transmitter meter extension kit, tower light indicator, antenna kit, heavy main contactor, diode rectifier for remote antenna metering—or the complete system, ready to use.—In short, you get it all on the first order. Broadcasting's most used remote control system.

---

**GATES USES TUBES**

Actually 18 in all plus rectifiers when compared to other D.C. operated systems. Basic control functions are handled at audio frequencies—admittedly a slightly more expensive way—but the complete way. Your transmitter will not turn off or on with static or lightning bursts, in fact there is no way to operate it except by the operator. Ask the nearly 200 that use them.

---

the transaction is completed, each of the properties will be operated in the usual course by their present owners.”

Mr. Church, in a separate statement, said: “Mrs. Church and I decided to sell for reasons of health. We are glad that KMBC-KFRM and KMBC-TV will be controlled by Kansas City people, and that the great broadcasting property we have built in Kansas City during the past 33 years will continue as a Kansas City institution. We plan to maintain our home and other business interests in Kansas City. We are retiring from the fascinating but arduous radio-tv stations operations field.”

Mr. Church has been in radio since 1914, when he studied electronics at Dodges Institute, Valparaiso, Ind. While attending Iowa State College he made spare money by organizing classes for commercial radio operators. During World War I he was a Signal Corps radio instructor and in 1923 he founded Central Radio School, Kansas City.

**STORZ FAMILY OF OMAHA ACQUIRES WHB KANSAS CITY IN MERGER DEAL**

Payment for the station is $400,000 in cash and $40,000 of accounts receivable.

RADIO operations of the Storz family, of Omaha, will be materially expanded when FCC approves their purchase of WHB Kansas City from Cook Paint & Varnish Co., which last week acquired KMBC-AM-TV Kansas City (see story above).

Robert H. Storz, president of KOWH Omaha, and Todd Storz, his son, who is vice president and general manager, will acquire WHB for $400,000 cash and in addition pay cash for about $40,000 of accounts receivable.

They are purchasing the WHB am radio facilities and contracts for sale of radio time from WHB Broadcasting Co., Cook’s wholly owned subsidiary. The purchasing firm, Mid-Continent Broadcasting Co., will retain the WHB call letters.

**100% Owners**

Messrs. Storz own 100% of Mid-Continent. They will acquire all real and tangible property owned by WHB Broadcasting Co. which is used for commercial operation and maintenance of WHB-AM, plus all contracts and leases.

The WHB headquarters will be continued in the Scarritt Bldg., for the time being, at least. WHB-TV had no studio facilities in the building.

WHB is a Mutual network affiliate. No statement was made about the affiliation plans of the new enterprise.

The elder Storz, president of Mid-Continent, is 55 years old. He has long been active in Omaha business and civic affairs. He is vice president of Storz Brewing Co.; director of Omaha National Bank and Union Stockholders Co.; past president of the Chamber of Commerce, Industrial Foundation and Mfrs. Assn., all of Omaha. He and his son, Todd, 30, bought KOWH five years ago from the Omaha World Herald. It is a daytime station, operating with 500 w on 660 kc. They bought WITX New Orleans (1450 kc 250 w) last August. Todd Storz has been in broadcasting a number of years, serving in Atlanta, Hutchinson, Kan., and Omaha.

**NEW OWNERS OF WHB KANSAS CITY will be Todd Storz (l), vice president-general manager, and his father, Robert H. Storz, president of KOWH Omaha.**

**WKY-TV Now Colorcasting Regular Commercial Show**

WKY-TV Oklahoma City, which received its first color tv camera March 21 (B&T, March 29) and its second two weeks ago, broadcast a commercially-sponsored colorcast 1 a.m. Wednesday, April 2. P. A. Sugg, station manager, announced last week.

Sponsored by Dulaney’s, local RCA distributor, this program will be shown Oklahoma and the Texas Panhandle, the commercial colorcast presented a half-hour of variety.

Beginning today (Monday), WKY-TV plans a regular live colorcast Monday through Friday from 1 to 2 p.m. It will be the regular Cook Book program, starring Sibyl Johnson, WKY-TV home economist, Mr. Sugg said.

**Color Quality Reports**

As a service to set owners and dealers in the New Haven area using color tv receivers, WNHC-TV New Haven is giving information as to picture quality of all color programs it transmits. On all color programs originating from NBC-TV or CBS-TV, a station spokesman said last week, a slide will be used over which a WNHC-TV announcer will report the quality of the picture as it leaves the station transmitter. This service is designed to indicate to the viewer the possible source of any faulty reception.

**HAROLD ESSEX, vice president and general manager of WSJS-TV Winston-Salem, N. C., points to a GE color receiver which the station used for a closed circuit showing of NBC-TV’s Easter Parade and Frontiers of Faith programs Sunday to a specially-invited group of civic leaders. The NBC signals were “jpeeped” into the set from the regular incoming microwave circuit which delivers network programs to the station. Modification of WSJS-TV equipment for network color is underway and should be completed well in advance of the previously announced date of July 15. Mr. Essex said. Shown with Mr. Essex are Phil Hattwick (c), WSJS-TV station operations manager, and F. A. Finley, Winston-Salem manager of the Southern Bell Telephone & Telegraph Company.**

**WADK Business Up 44%**

WADK Newport, R. l., has proof of the “overwhelming acceptance of daytime radio” in that city, with the first quarter of 1954 showing a 44% increase in local and national business over the same period last year, Milton E. Miller, president, has announced. Mr. Miller bought WADK in 1953.

WOOD-TV UPS POWER TO FULL 316 KW

WOOD-TV Grand Rapids has boosted its power to 316 kw, maximum authorized by the FCC, and is operating from a tower 1,000 feet above average terrain—the first tv station in the U. S. to be at full power with a thousand-foot tower, Willard (Bill) Schroeder, general manager of WOOD-AM-TV, has announced.

Mr. Schroeder said the power boost, which went into effect April 17, also makes the Michigan ch. 8 station the most powerful in the state.

WOOD-TV, affiliated with all four networks, is represented nationally by The Katz Agency. It began operating Oct. 19, 1951.

New facilities represent an investment of more than $500,000, part of WOOD-TV's million dollar expansion program to be completed by the end of 1954. A new RCA transmitter, equipped to transmit color, also has been installed.

Kenney Named Exec. V.P. Of WKNB New Britain

Peter B. Kenney, general manager of WKNB-AM-TV New Britain, Conn., has been elected to the new post of executive vice president, Julian Gross, president, said last week. Mr. Kenney will continue as general manager in addition to his new duties. Mr. Gross said the promotion is in "recognition of his outstanding contributions to the organization, which have been responsible, in large part, for WKNB-TV's present high position in the tv industry." Mr. Kenney has been a board member of the corporation since 1948. He led planning for WKNB-AM-TV's new tv and radio center, to which the stations will move in the next several weeks, Mr. Gross said.

General Teleradio Names Armstrong to Head WEAN

A. N. (Bud) Armstrong, commercial manager of WOCP Boston, has been named general manager of WEAN Providence, it was announced last week by the management of General Teleradio Inc.

A U. of Kansas graduate, Mr. Armstrong entered radio in 1930 with WIBW Topeka and in 1934 represented WIBW and KCKN Kansas City, Kan., in Chicago. Later he joined the Capper Farm Press as an account executive and in 1937 he represented radio, newspapers and farm papers with The Katz Agency in Chicago. He joined WOCP in 1940.

WKLO-TV SUSPENDS, OTHER UHFS QUIT

One operating uhf television station ceased operation and two uhf grantees surrendered their construction permits last week.

WKLO-TV Louisville, Ky., reported it was suspending broadcasting as of last Tuesday, but that it intended to maintain its construction permit and resume telecasting.

"The program and economic dilemma setting uhf television stations in well established vhf markets is such as to necessitate this drastic decision," Joe Eaton, president and general manager, said. "It is our desire to resume telecasting and we will do so when we are assured that there no longer are tactics such as are now in practice and beyond our control," he continued.

WKLO-TV, on ch. 21, began regular broadcasting last September. It competed with prefreeze vhf stations WAVE-TV on ch. 3 and WHAS-TV on ch. 11. WKLO-TV was affiliated with ABC and DuMont, but shared this affiliation with WAVE-TV which also has the NBC affiliation in Louisville. WHAS-TV is the CBS station there.

WKLO-TV was operating at a cost of $25,000 a month, according to informed sources, and had cost $500,000 in construction and operating expenses during the six months of its operation.

The two grantees who turned in their permits were WOUC (TV) Chattanooga, Tenn., ch. 49, and WGLM (TV) Lawrence, Mass., ch. 72. WOUC was 50% owned by WMFS Chattanooga. WGLM was owned by local businessmen.

The economic hazards of uhf in a vhf market (Lawrence is covered by Boston vhf stations) and the need for more than "token" recognition of uhf by networks was cited by Justin L. Wyner, WGLM executive vice president, in the station's letter to the FCC. Mr. Wyner also said that "the procedures which the Commission has adopted during the past several months which have been directed toward the encouragement of the establishment of vhf channels have added considerably to the problems of holders of uhf construction permits."

As WKLO made the step-up to 316 kw, General Manager Willard Schroeder (l) manned the stationary mike, while Program Director Frank Sisson used the chest mike. Prop on top of the console was used to visually represent the increase in power.

Fletcher Succeeds Todd As KAKE General Manager

Graeme Fletcher, program and news director of KAKE Wichita, Kan., has been named general manager succeeding Jack Todd, who has been granted an indefinite leave of absence, according to an announcement by Mark H. Adams, president.

Mr. Fletcher has been with KAKE since 1947. At one time he was a news analyst and commentator for NBC's Western Division. From 1938 to 1944 he served as news director of KFH Wichita.

Mr. Todd has been general manager of KAKE since 1948 when he joined the station after serving in a similar capacity at WKK Erie, Pa. Prior to that he was with WBOL Boulder, Colo., and KANS Wichita. He is completing his second term as 12th District director of NARTB.
SUPPORT FOR A STRONG AMERICA

for the ASSOCIATION OF AMERICAN RAILROADS
From lighting units to transmitter—
WNAO's complete "TV package"
was supplied by Graybar

"WNAO-TV has been on the air—with complete Federal equipment purchased through Graybar—since July 12, 1953. For many months I have had first-hand experience with the well-engineered WNAO-TV Federal equipment and it works well for us.

"Just like other stations, here at WNAO-TV we have a plan of regular preventative maintenance. Of course, we count on Graybar in this respect, too. Their representative stops in about once a week to check on our needs... and with a Graybar office in nearby Durham, orders are filled promptly. It's one of the nice things about doing business with Graybar—you can always count on them for friendly cooperation on any electrical need... large or small."

Engineers W. F. Anderson and L. E. Rudisill set up the late evening film show on WNAO's General Precision Laboratories 16mm projectors. The FTL image orthicon camera is also used for interviews and newscasts originating "live" in a small studio here at the transmitter building.

Two engineers control WNAO's entire program schedule—slides, film, studio and network—with Federal Transmitter Control Console and Poly-Efex Scanner providing complete transmitter supervisory control and audio/video switching. Scanner includes 2 slide sources, four-channel video switcher and "special effects" section.

A COMPLETE TV PACKAGE... via Graybar
Homer Briarhopper and his Dixie Dudes warm up under a battery of Kliegl lighting equipment. In addition to these units, specially-designed for TV, Graybar also supplied wire, conduit, circuit breakers and panel boards for WNAO's complex electrical systems at both studio and transmitter locations.

Four sturdy Blaw-Knox towers support WNAO's TV, AM, and FM antennae. A 1 kw FTL 20-B transmitter feeds the Federal TV antenna - power gain of 25-plus produces an ERP of 17.5 kw video and 8.75 kw audio.

Chief Engineer Miller checks audio levels on Altec 250A speech input console. Distributed by Graybar, this completely self-contained unit provides all necessary monitoring, cue, audition, and signaling circuits for WNAO's audio control.

Graybar can supply complete TV or AM station installations — everything needed to put you on the air... and keep you there.

Experienced Graybar Broadcast Equipment Specialists will be glad to help you with specifications and prices, and, if you desire, prepare a complete packaged proposal covering all the equipment needed for your particular station requirements.

Call Graybar first — get everything electrical when and where you need it... one source, one responsibility.

EVERYTHING ELECTRICAL TO KEEP YOU ON THE AIR... via Graybar

WDEF-TV Chattanooga, Tenn. (ch. 12), CBS, NBC, represented by The Brannah Co.

This is the first local tv station for Chattanooga.

Construction will begin soon on KTVX (TV) Muskogee, Okla. (ch. 8), owned by the Tulsa Broadcasting Co., George Ketcham, promotion manager, reported. KTVX will have its tower and transmitter atop Concharty Mts., midway between Tulsa and Muskogee, he said.

WTIK-TV Durham, N. C. (ch. 11), has set fall as tentative starting time. Call letters will be changed to WTVD (TV) in June. Station is represented by Headley-Reed TV.

WKNY-TV Kingston, N. Y. (ch. 66), is scheduled to start test patterns this past weekend. Regular programming is set for May 15, Robert Perry, director of programming, announced.

The following stations have reported they plan to begin regular programming by May 30:
WMBS-TV Desatur, Ala. (ch. 23); KOED (TV) Berkeley, Calif. (ch. 9), educational; KFXJ-TV Grand Junction, Colo. (ch. 5); WDBO-TV Orlando, Fla. (ch. 6); WGOV-TV Valdosta, Ga. (ch. 37); WGAN-TV Portland, Me. (ch. 13); WBOC-TV Salisbury, Md. (ch. 16); WKNY-TV Kingston, N. Y. (ch. 66); WGTW (TV) Cincinnati (ch. 48), educational; KVAL-TV Eugene, Ore. (ch. 13); WHA-TV Madison, Wis. (ch. 21), educational.

(For details see TELESTATUS, page 113.)

Page 70 • April 26, 1954
VICKSBURG BOOSTER REQUESTED BY RCA

RCA would build an experimental TV booster station at Vicksburg, Miss., to pick up programs from WJTV (TV) Jackson, 37 miles away.

PLANS for an experimental TV booster operation at Vicksburg, Miss.—to see whether a strong, Grade A UHF signal can be sprayed into the area which does not receive a good signal from UHF ch. 25 WJTV (TV) Jackson, Miss.—were announced by RCA today (Monday).

Application to the FCC for permission to establish the booster station in conjunction with WJTV was to be filed with the FCC by RCA.

The project calls for the erection of a high gain receiving and transmitting antenna on one of the bluffs overlooking the historic Mississippi River city, 37 miles from WJTV's transmitter. The site was chosen after two months of field surveys.

The received ch. 25 signal will be amplified by broadband amplifiers and fed to the transmitting antenna. It is expected that a horizontally-polarized beam of 1 kw amplitude will be directed down to the 30,000 inhabitants. Direct signal from WJTV is also horizontally polarized, but no complications are expected since the direct signal is of extremely low strength in Vicksburg. However, RCA also expects to test vertical polarization.

Except for several 70-ft. receiving antennas, the city is blocked to the ch. 25 WJTV signals because of a ridge of hills intervening between Vicksburg and Jackson.

The test project was announced by W. Walter Watts, RCA executive vice president in charge of electronics products. It will be under the supervision of Dr. George H. Brown of RCA Labs, Princeton, N. J.

WJTV is owned by Mississippi Publishers Corp. (Jackson Clarion-Ledger and Daily News). It began commercial operation in January 1953, radiating 17.7 kw effective radiated power. It has ordered a 12.5 kw amplifier from RCA for early delivery. It is affiliated with CBS and DuMont.

Activity on Increase

Activity in the booster and satellite field has been rising in recent months. It is known that General Electric Co. is surveying a site in a southern city to determine the best position for an experimental booster [Closed Circuit, April 19].

Both WSM-TV and Sylvania have petitioned the FCC to authorize the establishment of booster or satellite stations to "fill out" TV stations' coverage areas.

Because UHF signals do not "bend" around mountains, many UHF stations have serious shadow area problems within what should be their Grade A and B service areas. Authorization to use boosters or satellites would be helpful, it is felt in many quarters, in overcoming this deficiency.

A booster is a station which retransmits the mother station's signal on the same frequency. A satellite converts the mother station's signals to another frequency.
NBC SPOT SALES, CROSLEY SIGN PACT

NBC Spot Sales will represent Crosley in Detroit and on the West Coast, while Crosley will represent the NBC Spot Sales stations in Cincinnati, Columbus and Dayton.

RECIPROCAL national sales representation arrangement between NBC Spot Sales and the Crosley Broadcasting Corp., to become effective Sept. 1, was announced last week by Crosley President Robert E. Dunville and NBC Spot Sales Director Thomas B. McFadden.

The plan provides for NBC Spot Sales to represent the Crosley properties—WLB and WLWT (TV) Cincinnati, WLWD (TV) Dayton, WLWC (TV) Columbus, and WLWA (TV) Atlanta—in Detroit and on the West Coast. In turn, Crosley will represent NBC Spot Sales list of stations in the Cincinnati, Dayton, and Columbus markets [CLOSED CIRCUIT, April 5].

Crosley will continue to operate its own exclusive sales office in New York and Chicago. Crosley will not represent NBC Spot Sales clients in Atlanta, where NBC Spot Sales already has established representation.

Briefing Junkets

In preparation for the actual launching of the reciprocal representation, NBC Spot Sales account executives are visiting Crosley properties to acquaint themselves with the facilities and operational procedures of those stations, and Crosley has increased its sales force in the Cincinnati, Dayton and Columbus markets and has inaugurated a training program designed to insure the best possible representation for NBC Spot Sales clients.

Mr. Dunville said the agreement “was arrived at to effect a closer liaison between sales and client on a national level.”

Mr. McFadden, who visited Crosley headquarters in Cincinnati for the contract signing, said “NBC Spot Sales approaches the reciprocal arrangement with Crosley with enormous enthusiasm.”

Mr. Dunville paid tribute to Tracy Moore & Assoc., long-time representative of Crosley properties on the West Coast: “Even though we feel that the representation by Mr. Moore and his associates has been extremely profitable, it was our belief when we entered negotiations that the additional scope offered by the linking of Crosley and NBC Spot Sales would more than outweigh the fine job performed by Mr. Moore.”

Harry Mason Smith, vice president in charge of sales for the Crosley outlet, joined Mr. Dunville in negotiations.

Joseph Weed Answers Attacks on Commercials

IN DEFENSE of tv station operators, Joseph J. Weed, president of Weed Television Corp., last week replied to “self-labelled critics of ‘excessive’ tv commercials who have been peppering away at station identifications and other forms of spot announcements.” Mr. Weed declared that the number of station ID’s is limited by the hours in a day, but said the “multiplication-factor of commercials has grown because of network emphasis on participating and segmented shows, offering spot-type announcements.” Mr. Weed added that networks “can hardly criticize the local affiliated station for the number of local ID’s and spots when the network’s owned-and-operated stations in various cities utilize the formula.”

Scheuer Named Gen. Mgr. For WTVI (TV) Belleville

JOHN D. SCHEUER Jr. has been named executive vice president of the Signal Hill Telecasting Corp. and general manager of its station, WTVI (TV) Belleville, Ill., Paul E. Feltason, WTVI president, announced last week. Mr. Scheuer has re-saged as executive assistant to the general manager of WFIL-AM-TV Philadelphia, owned by the Philadelphia Inquirer, and will assume his new duties May 1.

Dunham to WNBF; Shakespeare Succeeds

FRANK SHAKESPEARE Jr., for the past four years account executive with CBS Television Spot Sales in New York, has been appointed general sales manager of WCBS-TV New York, effective May 1, Craig Lawrence, the station’s general manager, announced today (Monday). He succeeds George Dunham, who leaves WCBS-TV to become general manager of WNBF-AM-TV Binghamton, N. Y.

Mr. Shakespeare entered the broadcast field in 1949 as assistant to the sales manager of WOR New York and the following year became New York representative of WOIC (TV) Washington, a WOR property. When WOIC became affiliated with CBS-TV and its call changed to WTOP-TV, Mr. Shakespeare joined CBS-TV Spot Sales.

Mr. Dunham a veteran of 16 years at CBS, takes over as general manager of WNBF-AM-TV May 17, according to Cecil D. Masing, vice president and director of Clark Assoc. Inc., licensee, and in charge of Clark’s radio-tv operations.

Names Headley-Reed TV

WGRB (TV) Buffalo (ch. 2), Niagara Frontier Amusement Corp.’s newly authorized tv station which has been signed as a basic NBC-TV affiliate [B+T, April 19], has appointed Headley-Reed TV as its national representative. Headley-Reed is opening an office in Detroit and plans to expand its tv sales staff in New York.

ask petry for complete rates.
This new extrusion press is delivering 2,300 tons pressure, transforms 8" and 10" solid billets into heavy-walled tube from 2½" to 7" outside diameter, at the Waterbury Plant of The American Brass Company.

HOW TUBE EXTRUSION WORKS:

1) A heated billet of metal "A" is inserted in the press.

2) Outer ram "B" presses on the billet, holding it firmly in place.

3) Inner ram "C" pierces billet and projects through the die, ejecting part of the metal displaced.

4) Outer ram pressure on billet is increased, forcing the metal through the opening between the inner ram and the die, forming the tube.

TUBE OF 1000 USES

It's a versatile product indeed, this heavy-walled Anaconda Tube, shown here starting its journey from the giant extrusion press that shapes it into being. This tube may be made of a number of metals...brass, bronze, or a wide range of high-strength copper-base engineering alloys.

Its destiny may be as a long-lived condenser tube, withstanding extreme temperatures or corrosive elements in steam power plants or oil refineries. Drawn to whisper-thin sizes, it may serve as the radio antenna on your car. Or, it may end up at sea — as a heavy-duty salt water line.

To produce this talented tube in greater quantity, and in a broader range of sizes and alloys, The American Brass Company, an Anaconda subsidiary, has just installed three heavy-duty extrusion presses similar to the one shown above. With a double-action power of 2,300 tons, this mighty molder of metals typifies the "do-it-better" philosophy that underlies all of Anaconda's efforts to serve American industry.

You’ve Got To Go Out To Make Sales

THERE’s nothing wrong with radio sales—even in a heavily saturated tv market—that concentrated calls on potential clients won’t cure. That’s the opinion of John Stilli, sales manager of KDKA, Pittsburgh, a Westinghouse station. To give substantial backing to Mr. Stilli’s conviction, the books of KDKA show that the first three months of 1954 brought more business to the station than any other local sales quarter in KDKA history. Local sales during that period were 47% higher than they were at the same time in 1953.

Radio business and radio results are so good in the station’s area that KDKA last week announced widespread rate increases. The new rate card, which is effective May 3, sets the 6:30 a.m. to 6 p.m. period as Class A time, with a one-time rate for one-minute announcements of $60. On the present card, the one-minute rate for the 6:30-7 a.m. period has been $30 and for the 7 a.m. to 6 p.m. period, $50.

The period 6-8 p.m. is established as Class AA time, with a one-minute announcement rate of $95. The 8-10:30 p.m. period is set as Class A time with a $60-per-minute rate. Formerly, minutes in that period were sold for $95. Contracts signed before the new rate card becomes effective will be on the old rate. Current advertisers will be given 26 weeks protection. In announcing the new rate card, Mr. Stilli pointed to the increased use of the station by local advertisers in the first quarter of this year.

This record was set in the immediate Pittsburgh area where tv penetration is 80%. In other localities covered by the KDKA signal, television penetration is almost as extensive. Mr. Stilli feels that too many radio outlets in tv markets such as Pittsburgh are suffering more from fright than from the actual competition. “We are working harder for business at KDKA than ever before,” Mr. Stilli says. “Every good radio station in the country has a sales story to tell, but too few are telling it.”

In the first quarter of 1953, KDKA was selling local time to six Pittsburgh advertising agencies. One year later, 15 other local agencies were buying time from the station in addition to the original six. Another phase of the business followed the same pattern. Eighteen local accounts were on KDKA during the first quarter of 1953 compared to 46 in that period of this year.

In the local advertiser group, there have been some sizable dollar-volume increases in the past year. Hamburg Bros., radio-tv and appliance distributor, is up 71%. Last year the firm bought only spots. Today it sponsors a KDKA 15-minute sports show six nights a week. In another instance, the station signed a beer client, Rolling Rock, which had not used KDKA in many years. Now, that company is buying four five-minute news shows on the hour six nights a week.

Station attributes the increase in local sales to “tailor-made” presentations. They are not elaborate but, as Mr. Stilli puts it, “they talk to the point.” The sales staff at the station does not simply try to sell time. Each man is trained to acquaint an advertiser with the advantages of using radio.

“We can’t just tell an advertiser, ‘We have time for sale. You want to buy?’” Mr. Stilli believes. “For us and for every other radio station, selling is a matter of telling an advertiser reasons why he should buy.”

April 26, 1954 • Page 75
IN THE Senate Communications Subcommittee hearings on uhf, which begin May 4, one of the principal witnesses is certain to be Lou Poller, biggest stockholder and president-general manager of WCAN-TV on ch. 25 in Milwaukee.

In one sense Mr. Poller's testimony will be unique; he will be speaking as an operator of a uhf station which has a desirable network affiliation, is in a major market and can show a balance sheet that not a few vhf operators would envy.

In another sense, his story will be somewhat commonplace; unless he unexpectedly departs from a line of argument which in recent months he has been vigorously advancing to any listener he could collar, he will tell the subcommittee that the government must do something to help uhf or his station will go down the drain.

Mr. Poller sees no inconsistency between the facts of the present and the fears of the future. He is making money now, he believes, because of a competitive situation which is only temporary. Once that situation changes, he has repeatedly said, the roof is apt to fall in. Mr. Poller is not one to wait for the house to burn before sounding an alarm. At the moment it would take a keen nose to smell smoke in Milwaukee, but Mr. Poller already can see a wall of flame. It is time, he is sure, for the government to send out all the pumper and hose-trucks it can muster.

Is there justification for Mr. Poller's jitters or are they the natural affliction of a man of his unusually aggressive energy? To some degree, both questions may be answered in the affirmative. But however sound or groundless Mr. Poller's fears for uhf, there can be no doubt that Milwaukee will be carefully watched as a testing ground of uhf vs. vhf competition.

WCAN-TV went on the air Sept. 6, 1953, against the formidable competition of WTMJ-TV, a pre-freeze station on ch. 4, owned by the Milwaukee Journal and managed by Walter Damm, one of the most experienced broadcasters - telecasters in America.

In a way, the tremendous success of WTMJ-TV was a help to WCAN-TV. As the only outlet in a top market, WTMJ-TV had been unable to supply network advertisers with all the time they demanded. As a basic NBC-TV affiliate, WTMJ-TV was obliged to give first preference to NBC-TV shows. That left some of the biggest CBS-TV sponsors without a television outlet in Milwaukee and others with what they regarded as undesirable time.

Mr. Poller set about the job of admitting more CBS-TV advertisers to Milwaukee at more highly regarded times. He personally solicited a number of important CBS-TV accounts in New York, persuading them to put their network shows on his station. The valuable CBS-TV franchise, which has given Mr. Poller network revenue ($17,434.55 last month) and high-rated programs, might not have gone to a uhf outlet if there had been prospects of more vhf's going on the air in Milwaukee in the near future. The v's, however, were blocked.

Milwaukee Allocations

In the FCC's original allocations, only two other vhf channels were marked for Milwaukee, and one of them was reserved for non-commercial, educational use. The other, ch. 12, is the object of a four-way contest among Wisconsin Broadcasting System Inc. (WFOX Milwaukee), Milwaukee Broadcasting Co. (WEMP), Milwaukee Area Telecasting Corp. and Kolero Telecasting Corp. The contest is still in the hearing stage.

After the original FCC allocations, the Commission moved vhf ch. 6 into Whitefish Bay, which is only six miles from downtown Milwaukee. Three applicants are after that one, Hearst Corp. (WISN-AM-FM Milwaukee), Cream City Broadcasting Co. (WMIL) and Independent TV Inc. Hearings on that have not even started yet.

For the time being Mr. Poller has the protection he believes he needs against added vhf competition. What troubles him is that eventually the protection will be lost. One of his biggest worries is whether he can keep his CBS-TV affiliation, with its revenue and audience-building programs, when more vhf's come to town. Of particular concern to him is the possibility that WISN will win the grant for ch. 6.

He has formally alleged that WISN, as a CBS Radio affiliate, has a first-refusal deal for a CBS-TV affiliation in the Milwaukee area if it should be granted a tv permit. If CBS-TV were to go elsewhere, WCAN-TV would admittedly be left with an enormous hole to plug in its program schedule.

Chances are that WCAN-TV would be stranded without CBS-TV. The station's chances of wresting NBC-TV from WTMJ-TV are too small to consider; the NBC association with the Milwaukee Journal properties goes back years. The other two national networks, ABC and DuMont, now have affiliation agreements with the other uhf station in the market, WOKY-TV on ch. 19.

Whatever the future of WCAN-TV, the present is nothing but good. As the profit and loss statement of the station on the opposite page shows, the first quarter of this year turned up a comfortable profit which is increasing monthly.

Whether any other uhf station can match WCAN-TV for revenue and earnings is extremely doubtful. The only contender might be KPTV (TV) Portland, Ore., which was billing at the rate of around half a million dollars a year as of last September (see "The Portland Story," B&T, Sept. 28, 1953), and may have increased its volume since then.

The WCAN-TV billings are the result of a hard-selling campaign to build a uhf audience and win uhf advertisers.

The first trick was to build an audience. When WCAN-TV received its ch. 25 grant in February, 1953, there were 450,000 tv sets in the area—all tuned to receive only vhf.

Today WCAN-TV claims more than 300,-
Milwaukee, famed for beer and (more recently) baseball, has long been one of the most important industrial centers of the U. S. Today it is also the testing ground of uhf television. In this mid-America city, stretching west from Lake Michigan (foreground of picture), an important decision in the case of uhf is destined to be made.

000 sets that can receive its uhf signal. That amounts to a conversion rate of 65% in the WCAN-TV coverage area. Mr. Poller dismisses occasional criticism that the figures may be optimistic by predicting that there will be 100% conversion in the station's area in another four months.

When a tv station entices viewers, it's almost axiomatic that it will be able to sell time. And when a station sells time, it ought to be making a profit.

WCAN-TV is making a profit. It is billing $100,000 a month, according to Mr. Poller, and it is making a net profit, before taxes, of $20,000 a month. Mr. Poller anticipates total billings in 1954 to be $1.5 million.

WCAN-TV came into being after Mr. Poller and his associate, Cy Blumenthal, bought the then ABC-affiliated, 5 kw WCAN Milwaukee (on 1250 kc) in June 1952.

Both of them had come up through the ranks of broadcasting. Mr. Poller in 1945 had built WPWA Chester, Pa., and, with Mr. Blumenthal, had bought WRL Arlington, Va. (in the Washington, D. C., metropolitan area), soon thereafter. Mr. Poller is the majority stockholder in both WCAN-AM-TV and WARL-AM-FM. He owns WPWA outright in his own name.

Shortly after the acquisition of the Milwaukee am station, they filed a tv application for ch. 12, which then had three applicants awaiting a hearing. After much stocktaking, the application was amended to ask for ch. 25, for which no one was applying. The FCC authorized that grant in February last year.

There were sound reasons for this move to the uhf channel which apparently was going begging.

Milwaukee, the country's thirteenth market, with a population approaching 1.5 million, had but the one vhf station in operation. The other allocated vhf channel then, ch. 12, had four applicants, and the final decision looked at least two years off, if not longer.

Therefore, if a uhf station could get

Page 78 • April 26, 1954
Jack Krause and Wally Wesley, who boned up on television in the months before the WCAN-TV grant.

To meet its programming criteria, WCAN-TV hired Elmer Jaspan from WPTZ (TV) Philadelphia, one of the half-dozen pre-war commercial stations. Using the WCAN program department staff, Mr. Jaspan organized the television program department and had his team in dry runs before the station went on the air.

The heart of WCAN-TV programming, of course, is the CBS-TV schedule. The station has an optional basic affiliation with CBS-TV, meaning that it still has to sell individual CBS-TV advertisers on the merits of buying WCAN-TV in their network line-ups.

Because WCAN-TV is an optional basic network station, and finds holes in its program structure from time to time, it invested heavily in film. Although it was a hard struggle to impress film salesmen that WCAN-TV could pay what was considered the prevailing rate for Milwaukee (based on WTMJ-TV’s then $950 basic hour rate), the point was finally made. WCAN-TV has bought many film packages at a $200 rate.

One month after it began regular operations, WCAN-TV was operating a 17-hour day, from 7 a.m. to midnight. It had a crew of 44 on its staff, using one large studio at 723 N. Third St., two live cameras, two film and slide camera chains, and a Telop. Expenses ran $2,000 a day. The first rate card called for $300 an hour for Class A time.

Seventeen-Hour Day

Today, WCAN-TV is still operating a 17-hour day, beginning with CBS-TV’s Morning Show and continuing to about midnight or after with its late movie show. On Saturdays, it begins operating at 10 a.m. and runs to about 1 a.m. Sunday with a late movie show. On Sundays, it starts broadcasting at 11:30 a.m. and runs to midnight.

Of these 11 ½ hours weekly, the network supplies 33%, local film accounts for 47% and local live for 20%.

As of May 1, the WCAN-TV rate card will call for $500 for Class A hour time; the network rate went up to that figure in February.

The station now has two studios and employs 52 people.

Right now revenue is running at around $100,000 a month. Of that, network revenue accounts for around $17,500, national, spot about $27,800, local about $39,500. The rest comes from sale of film, production facilities, talent and lesser items.

After deductions for agency commissions, talent costs, production costs and frequency discounts, operating income is in the order of $78,000 a month.

Operating expenses run about $57,000 a month, leaving the station with slightly more than $20,000 a month profit before taxes.

If Mr. Poller’s prediction of $1.5 million total billing for 1954 turns out, it will mean that profits should run somewhat ahead of the $20,000 a month figure in ensuing months. All in all, WCAN-TV stands to have a very healthy year.

But, as Mr. Poller would be the first to point out, it’s not this year that worries him.

**POLLER’S DIAGNOSES AND PRESCRIPTIONS**

Here’s what he says is wrong with uhf and what he thinks should be done to improve its health. Somewhat similar thinking shows up in the formal “Memorandum of Discussions” drawn up by the uhf strategy committee for presentation to the Senate hearings next week (see next page).

DESPITE the present health of his own uhf station, WCAN-TV Milwaukee, Lou Poller has been in the forefront of the campaign for greater protection of uhf.

He was instrumental in forming the Ultra High Frequency Assn., which a fortnight ago petitioned the FCC to put tv back in a freeze. He has appealed to the U. S. Court of Appeals to stay the FCC’s allocation of uhf to stations in Milwaukee suburb.

In petitions to the FCC and to the courts, as well as in public statements, Mr. Poller has emphatically diagnosed uhf’s troubles and prescribed a number of cures. In essence, these are Mr. Poller’s ideas on uhf and its problems:

In the first place, the audience already existing is equipped for uhf. To get uhf each must spend from $25 to $100 for converters and new antenna installations. Where there is only one uhf station operating, the additional programs offered by a uhf station, particularly where there are network shows involved, merit the additional expenses in the eyes of set owners. However, where there are two or more uhf stations operating, the uhf outlet can offer little incentive to get set owners to convert.

Added to this is the natural reluctance of networks to affiliate with a uhf station which has little or no audience.

This unhappy state of affairs is true whether the particular market has two or more uhf stations operating within its confines or whether the signals of nearby uhf broadcasters enter the area from outside. It is the number of uhf signals that the uhf station operator has to compete with that counts.

This latter is the reason uhf stations have protested vigorously against changes in transmitter locations by existing uhf outlets which, with high powers and taller towers, would permit them to cover several independent markets.

The corollary to this is the addition of extra uhf operations in markets which have one or no operating uhf. Undoubtedly, the uhf operator will make out before the uhf stations enter the picture, but once the current uhf hearings are resolved (and most of them are likely to be completed this year), the uhf operator who has broken his back to make his potential audience uhf conscious will find himself overwhelmed by the uhf station’s greater power and coverage area.

For, unfortunately, tv manufacturers are still making uhf sets in abundance. For uhf markets, manufacturers incorporate a uhf tuner, or in some instances put out a receiver with an all-wave, uhf/tv tuner. But, the price of uhf-equipped receivers is higher than that for a vhf-only set; from $25 to $50 more. And, for uhf, a special antenna is needed, which must be skillfully installed.

So much for the audience.

What about power for the station?

The maximum permissible radiated power for uhf, established by the FCC in order to equalize vhf-uhf coverage and signal strength, is 1,000 kw. For this, transmitters with a rated power of 50 kw are needed. But, as of today, manufacturers have only attained a peak of 12.5 kw and 50 and 60 kw transmitters are still a year or two off.

Meanwhile, uhf stations can get 50 kw transmitters which permit them to radiate the maximum 100 kw permitted for chs. 2-6, and 316 kw permitted for chs. 7-13.

Yet, uhf is needed to make television “a truly competitive, national system.” The phrase is that used by the FCC and, if true, the FCC must protect and enhance the worth of uhf stations.

If it isn’t true, then the FCC ought to abolish uhf and re-assign the present uhf operators to vhf channels.

But, on the assumption that uhf is required to make television truly nationwide and competitive, the FCC has a responsibility to uhf operators.

In order to aid uhf operators, the FCC should hold up on uhf grants—at least until uhf stations are well established. The Commission’s procedure which permits “quickie” uhf mergers and grants is unfair to those who have invested substantial sums in uhf television.

Few markets can support four stations. Few stations can exist without network programs. Advertisers are not going to subsidize a station without an audience. Therefore, allocations in excess of three channels to each market are unrealistic. The competition created by excess stations is not in the public interest, since none can do a first class job.
Why UHF Operators Want Another Freeze

TO make the best possible presentation to the Senate Commerce Subcommittee on Communications, which is scheduled to delve into "the status and development of the uhf channels in the U. S.", beginning May 4, a group of uhf tv operators and grantees gathered in Washington two weeks ago and formed themselves into the UHF Industry Coordinating Committee. This group included representatives of the Ultra High Frequency Assn. as well as of other segments in the uhf field (see news story this issue).

The genesis of the committee was a meeting of uhf broadcasters in Charlotte, N. C. Discussions there, and at the Washington meeting, which included additional uhf operators, were pulled together in the following "Memorandum of Discussions," reprinted in full herewith. This paper is the basis on which uhf broadcasters will hammer out their final application before appearing before the Senatorial hearing.

The "Memorandum" makes three significant points:

1. That American public interest demands the preservation of existing TV stations as a competitive force and that the existing uhf channels are inadequate to insure a nationwide competitive television system. Concomitant with this are the financial and economic stakes of uhf broadcasters, station personnel, distributors, dealers, servicemen and manufacturers.

2. That the policy of intermixing vhf and uhf channels in the same markets was misguided and that a new proceeding should be instituted immediately to revise the allocation table to equalize the competitive status of vhf and uhf broadcasters.

3. That until a revised allocation plan is adopted, no further television grants should be made, nor should permits be issued.

IT IS an indisputable fact that any solution of the economic problems of uhf broadcasters must recognize as basic, the proposition that the American public has a vital and most tremendous stake in a truly nationwide competitive television system. Consideration of public interest transcends in importance the necessity for such a system of television broadcasting. The alternative to such an end is a situation which our system of free enterprise abhors, namely, monopoly.

The attainment of the required competitive system must be directly based upon a sound allocation plan for the assignment of television channels throughout the United States. This was the basic objective which the FCC attempted to achieve by the allocation system set up in its Sixth Report and Order. Difficulties which since have arisen have not disproven the soundness of the basic objective; however, experience has shown that the assumptions upon which that particular allocation was based were and are unrealistic.

In considering the many problems which have beset uhf, it is now clear that with the present allocation system, the ability of uhf stations to achieve the equality of competitive opportunity with vhf stations was greatly overestimated. Therefore, uhf, in its current stage of technical development, is economically vulnerable. A correction of the situation must be predicated upon all the now known facts.

These considerations were predominant in all of the discussions among the uhf broadcasters who have met in anticipation of the Senate subcommittee hearings. An attempt has been made to arrive at the widest possible listing of all of the factors now known that may bear upon possible remedies. It is not suggested that these matters are all-inclusive. Many uhf broadcasters familiar with the problems will undoubtedly suggest others. But in the interest of appraising all broadcasters who have a vital stake in seeking a solution, those problems which have been discussed at some length are set forth herein.

A. Transmitter Power

In its allocation plan, the FCC attempted to give uhf equality of coverage by providing that uhf stations would be permitted to operate with roughly ten times as much power as was required for vhf stations on channels 2 through 6 and with more than three times as much power as was required on vhf channels 7 through 13. The objection that transmitters with such power would not be available was met by the FCC with a finding that there was "evidence that it will be possible to operate stations in the uhf band with 400 kw radiated power by the time that authorizations are issued for such stations." The Commission also found that the unavailability of uhf transmitting equipment with the necessary power would only "temporarily handicap" the development of uhf. The evidence upon which these findings were based was given by technical experts approximately three years ago. The plain fact is that today there is yet to be manufactured a transmitter capable of an output of greater than 250 kw of radiated power. There is not even in prospect a possibility that uhf transmitters capable of 1,000 kw ERP will be available in the foreseeable future. The unavailability of adequate transmitters is a handicap additional to the greater proportionate cost which such transmitters would involve as compared with vhf transmitters capable of providing comparable coverage. Further, it cannot be accepted as a certainty, even if uhf transmitters with the specified power become available, that comparable coverage will be attainable in relation to vhf transmitters of far less power.

B. The Receiver Problem

The Commission's allocation plan was based upon the expectation that receivers for adequate reception of uhf stations would be available and in circulation within a period of time which would enable uhf stations to procure the necessary audience for effective competition with vhf stations. The Commission relied upon "abundant evidence as to the feasibility of adapting existing receivers or building new ones which will be capable of receiving signals on all television channels." Experience has proved that this expectation was unrealistic in view of the following factors:

1. The high cost of conversion of vhf receivers with which large areas of the country have been saturated.
2. The continued manufacture and sale of receivers capable of reception of vhf stations only.
3. The great price differential between uhf all-channel receivers and vhf-only receivers.
4. The manufacture of uhf converters and receivers having no standard inter-frequency conversion is resulting in degradation of quality of the signal due to interference from the signals of other services.
5. The failure to manufacture a RF amplifier tube practical for uhf home receivers, which is necessary for reception of a signal of adequate quality; as a result, a satisfactory uhf all-channel receiver has never been built.

All of the foregoing factors have resulted in dealer apathy to the stimulation of sales of uhf receivers, public apathy to the purchase of such receivers, and advertiser resistance to the sponsorship of high quality programs on uhf stations.

C. Economic Consequences of Present Allocation System

Stations can survive or succumb in accordance with their ability to obtain the necessary revenues for operation. This, in turn, depends upon the availability of programming of a sufficiently attractive nature to stimulate public acceptance of the station. A vicious cycle is created by the unavailability of adequate receiver and transmitting equipment because the inability of uhf stations to obtain the necessary coverage blocks uhf stations from obtaining sponsored high quality programming.

The life blood of any television station under today's conditions is the availability of adequate network programs. Networks are interested in the lowest cost per 1,000 sets, and consequently they invariably favor competitive vhf stations. Experience has shown that even though a uhf station with
The show must go on...

And this sponsor's show will—even though the star does seem to be tied up for a while. Someone, you see, had the foresight to SHOOT IT ON EASTMAN FILM.

there isn't time

for 'em all
Dear Jim:

... However, ignoring all the other things I've said to you in the previous pages, I just can't blame Betty for complaining.

After all, she was your assistant at Shawl & Urner before you married her and what she doesn't know about radio and television you could engrave on the head of a pin.

Maybe I'm sticking my neck out, but Betty's right: She said to me, "Please tell Jim to take home Broadcasting • Telecasting every Monday night. Gosh, even I know that any news that is news is in B.T."

That's so, Jim. As far as I'm concerned, Broadcasting • Telecasting's my Bible and 75,956 weekly readers of its sparkling pages will back me up on that.

Jim, there isn't a hotter thing in the business every Monday morning than B. T. Its pages and columns and photos and features zing with news.

And that's why its advertising pages roll in results by the carload. I ought to know—I've used pages and spreads in that grand old book almost since it was born!

Anyway, to close my big mouth, suppose I finish this letter with a few parting shots...

Let's face it, Jim. We're all too busy to read everything. No one has time to read 'em all.

Those 76,000 who turn to B. T. every week can't be wrong. They get believable news when it is news. They get the must features, keyed to the news. They know that the boss was weaned on B. T. and that it's his paper; has guts enough to say what it thinks.

You can sail through those crisp pages of B. T. every Monday and get all the news that's fit to read.

YOU'RE NOT READING ALL OR SELLING ALL
IF YOU'RE NOT READING ALL AND SELLING
ALL IN THE SPARKLING PAGES OF...

Broadcasting • Telecasting
1735 DeSales St., N. W.
Washington 6, D. C. ME 8-1022
New York • Chicago • Hollywood • Toronto...
correspondents throughout the world

P. S. They said at school that readership follows leadership. And so does business. Guess that's why B. T. is the hottest ad book too. Jim, ask them to send you the figures produced by outfits like Fact Finders Associates, International Public Opinion Research and American Research Bureau. They tell a wow of a story.
looking for top tv availabilities in jacksonville, florida?

want them at sensible rates?

you'll find 'em on...

wjhp-tv
channel 36 in jacksonville

a network affiliation has been established in a community for some time, whenever a new vhf station comes into that market it is able to obtain the network affiliation. many uhf stations which have a network affiliation do not even have the first call on all the programs of their network and they find the better programs taken away from them to be broadcast over a vhf station. this frequently happens in cases where the vhf station is not even located in the same market as the uhf station, but is in a separate city. the situation has been complicated in many instances by the fact that vhf stations have been permitted to locate their transmitters at a point removed from the community to which the channel has been allocated. such moves have been prompted by the desire to obtain desirable network affiliations which would not be obtainable in the market to which the channel was assigned, and have resulted in serious detriment to uhf stations located in the different market to which the move is made. the network problem has been further complicated by the fact that in a given market, existing vhf stations are given the opportunity to carry all of the choice programs of all networks even though such programs cannot be carried at the time originally broadcast. this results in unavailability of any of such programs to any of the uhf stations in the same market which might have carried them live at the time of broadcast. these problems, of course, stem from the basic receiver and transmitter problems which give rise to an inability to obtain circulation comparable to that of vhf stations.

uhf problems exploited

the inadequacy of uhf coverage, cost of conversion, and the other problems pointed out above are frequently exploited by vhf operators to the further detriment of uhf stations. thus, the competitive efforts of those interested in vhf are frequently directed to playing up such inadequacies and the extra investments required by the public to enable them to receive the uhf stations in the area.

the difficulties of uhf operators are compounded by the burdens of paying the great cost of equipment. while equipment may be purchased on a deferred credit basis from the manufacturer, the credit terms extend over a relatively short period which is not realistically geared to the period of time which uhf operators necessarily require to become established and to overcome their existing handicaps. these handicaps, of course, make more difficult the availability of adequate credit terms from normal banking sources, because of the risks involved.

it was possible for the commission to make grants of large numbers of uhf authorizations because of the absence of conflicting demands for such channels as compared to the demands for vhf channels. in the major markets of the country, the number of applicants for the scarce vhf channels portended proceedings of extensive duration which it was assumed would give uhf operators a fair chance to become established and minimize the existing competitive handicaps before additional vhf competition in those markets could be authorized. commission procedures which are designed to eliminate conflicts through the encouragement of merger of applications and so-called "overnight" grants have intensely aggravated the difficulties of uhf stations, particularly in intermixed markets.

these merger efforts are now proceeding at an almost frantic pace in practically all of the cities in which competitive proceedings remain. preliminary inquiries made by the uhf industry coordinating committee reveal the serious plight of uhf stations in many of the intermixed markets. it is not an understatement that, unless adequate measures are promptly instituted, the existence of many uhf stations is threatened, and the entire problem of survival of uhf stations in intermixed markets and maintenance of any adequate competitive television service in these markets will have been rendered academic.

the foregoing problems impelled the present members of the uhf industry coordinating committee to reach certain conclusions which are reflected in the following program:

1. the paramount consideration of public interest which should be recognized by the senate subcommittee is that the ameriacan public has a vital stake in the preservation of existing television stations as a competitive force in the industry. this consideration is based upon the basic governmental determination which is implicit and explicit in the nationwide television allocation report and plan that the existing vhf channels are inadequate to assure the attainment of a truly nationwide competitive television service. pertinent to this general public interest factor are the great financial and economic stakes of uhf broadcasters, uhf station personnel, and television dealers, distributors, servicemen, and manufacturers.

2. bitter experience has now conclusively proved that intermixure of uhf and vhf channels in the same market was based upon a misguided, though sincere, faith in the ability of uhf stations to achieve competitive equality of opportunity with vhf stations in the same market. therefore, a recommendation should be made that legislative or administrative proceedings should immediately be instituted to explore methods of reallocation or reassignment of channels in such a manner that such equality of competitive opportunity is more readily achievable. such plan should seek to provide that all existing television broadcasters whose channels may be affected will be provided a substitute channel, and at the same time safeguard against serious dislocation of public and industry investments in television.

3. so that the problem of survival of a competitive television system will not have been rendered academic by the extinction of all uhf broadcasters in mixed markets, and in order to avoid complicating a solution to an intermixure problem, pending completion of such proceedings, there should be an immediate suspension of any further grants of applications for new television permits and for changes in existing television authorizations affecting coverage.
WE'LL furnish the ears! 50 million of 'em!

Out in the country our KBS station breaks, time signals and singing commercials keep the folks of hometown and rural America up to date, wide awake, warm and mellow and ready-to-buy. If you want to get into a discussion of watts, rheostats, ohms and oscilloscopes we're ready, eager and willing but... more important to you we feel, is the matter of ears! Ears, shell pink and sweetly feminine; Ears long lobed and masculine; Ears young, hopeful, hungry and itchy for new products as a hound dog in the flood-tide of the big flea season.

You have a sales message? You have products you'd like to sell in big bundles, by the gross or the tank car? Let us prove to you with case histories, facts, that we have the receptive ears attached to people who will go out and buy what you have to sell. Call us. Make us prove it.

- The schedule also includes special events and guest appearances, such as the American Music Hall and Inland Empire.
- The schedule is divided into time slots, with each slot featuring different shows and programs.

---

### Conclusion

The Comparative Network AM Showsheet provides a comprehensive overview of the programming schedule for the AM radio network, including various shows and special events. The schedule is organized by time slot and includes details on the shows and their respective networks.
**PROGRAMS & PROMOTION**

**BROOM HOLDER PROMOTION**

KITE San Antonio, Tex., is sending to agencies and advertisers a broom holder which bears the following advice: "Hang up your broom and relax! Listen to the Good Music on Radio KITE. Half past 9 on any dial."

**WJIM FOOTBALL BROADCASTS**

THE NEW head football coach of Michigan State College, Duffy Daugherty, who replaces Biggie Muny, has signed an exclusive contract with WJIM Lansing for radio and tv appearances next fall, according to that station. Coach Daugherty will commentate the films of all Michigan State games on his tv show, and will keep midwest fans informed on the Spartans via his weekly radio show which will be fed to eight other Michigan stations.

**KROW COVERAGE CHECK**

NEW engineering survey is underway by KROW Oakland, Calif., after continuing mail response was reported from outside expected coverage area, following move of station transmitter to island in San Francisco Bay last year. Since move, regular mail from British Columbia to San Diego was reported by station spokesmen, plus night reception of KROW 1,000 watt signal in Alaska. Station executives expressed hope survey results would permit change of KROW 1/2 millivolt coverage map, filed with FCC, to include several additional California markets presently omitted.

**LAND JUDGING CONTEST**

THIRD annual National Land Judging contest and Land Appreciation School, sponsored by WKY-AM-TV Oklahoma City, is taking on increasing international atmosphere as soil-saving techniques achieve world-wide recognition, according to those stations. The April 29-30 agricultural event will be attended by observers from Brazil, India, El Salvador, Canada and the Philippines. Over 2,000 contestants from more than 20 states are expected to vie for $1,600 in cash awards and trophies. Objective of the event, inaugurated three years ago by WKY-AM-TV, is to increase the popularity among farm people of a new "tool" designed to teach fundamentals of proper land treatment and usage in the never-ending fight to save the soil.

**COAT HANGER PROMOTION**

DRIVE to increase returns of wire coat hangers, using a single one-minute participation spot announcement a week on KBID-TV Fresno's Bar 5 Ranch Gang children's program, proved successful for Sudden Service Inc., dry cleaning firm in that city. An offer of half-cent a hanger made to children in spot, brought over 8000 hangers to firm's cleaning plants during first four weeks. Besides hanger returns, which firm executives state has already paid cost of KBID-TV time, cleaners also report increased business because of drive.

**THE BARD COMES HARD**

HAWAIIAN Island residents taking KGMB-TV Honolulu Shakespeare on TV course from first semester kinescopes of Dr. Frank C. Baxter's KNXT (TV) Hollywood lectures, will have to work harder for their credit than mainland tv course students. Hawaiian credit students will be required to submit written assignments during the course and must take a final examination. Shakespeare on TV is sponsored on KGBM-TV by the U. of Hawaii each Saturday for 15 weeks from April 17. Kinescopes of award-winning lectures by Dr. Baxter, professor of English literature, U. of Southern California, are made available to educational institutions by KNXT (TV), though Educational Television and Radio Center, Ann Arbor, Mich.

**NBC SPOTLIGHTS PARIS**

NEW series, Spotlight on Paris, presented in cooperation with French Broadcasting System and especially produced for NBC at Radio Diffusion Francaise studios in Paris, was launched by NBC Radio Saturday, April 17, 7:30 p.m. EST. Series features Gregoire Asian, French entertainer, with performers from French theatres, night clubs, and radio-TV.

**OWL ON PROWL**

THE OWL that has long been the standard trade mark of WIZE Springfield, Ohio, was given locomotion by that station's promotion department in a seven foot paper-mache constructed reproduction of that bird of prey, which allows a man to fit inside it and walk around the town. The "owl" is walked every after-

noon during the rush hours and WIZE reports that he has turned out to be quite a traffic stopper.

'ANNIE OAKLEY' PROMOTION

"ANNIE OAKLEY aims to please ... with bung-up results for sponsors ... She never missed," CBS-TV Film Sales asserts in an 11x12-inch leaflet being sent to advertisers. The leaflet claims that Annie ranked second nationally in Videodex' top 10 films her first month on the air ... and rated first in her time period in six markets the first month ... virtually doubled her ratings second month over the first, against strong competition in New York ... and also has won high praise from critics. The pamphlet tells the advertiser that "with Annie Oakley, you can't miss. She's available for local and regional sponsorship through CBS-TV Film Sales."

KVTV (TV) 'BIRTHDAY BAZAAR'

TO CELEBRATE its first anniversary on the air, March 29, KVTV (TV) Sioux City, Iowa, worked with area wholesale and retail grocery stores in the "KVTV Birthday Bazaar." Over 400 retail grocery stores used in-store banners, shelf-markers and displays featuring KVTV "Birthday Bazaar" special values. KVTV told viewers to check with their favorite grocery stores for special featured items at special "Bazaar" prices. In addition a special program was telecast commemorating station's first anniversary highlighted with memorable events of the past and a preview of things to come.

WTVJ (TV) OPEN HOUSE

WTVJ (TV) Miami was scheduled to receive about 2,000 persons yesterday (Sunday) at an Open House held at the site of the station's new transmitter building and tower In Hallandale, Fla. WTVJ will be host to sponsors, employees and civic leaders of the greater Miami area at the 2-5 p.m. affair. The station claims that the new 1,000 ft. tower is the tallest structure in Florida and combined with the new 100,000 watts, over 400,000 potential viewers will be added to its coverage area.

THE SHREVEPORT STORY'

IN CONJUNCTION with Shreveport, La., being named one of 11 all-American cities by Look magazine and the National Municipal League, KSLA (TV) that city has furnished the Voice of America with a series of taped interviews to be prepared for four 15-minute programs titled The Shreveport Story. The certificate from the NML, signifying Shreveport's election as an all-American city, was presented to Mayor Clyde E. Fast during a 30-minute telecast on KSLA. The honor was given after a three-year project which surveyed the city's Negro population's living facilities. The Shreveport Story will be broadcast in 33 foreign languages.

UNITED NATIONS SERIES

SPECIAL, weekly series of radio interviews with accredited observers to the UN from many national and international organizations in the U. S. was launched over Mutual and independent stations throughout the country. The series is presented jointly by UN Radio and the Non-Governmental Organization Section of the UN Dept. of Public Information.

NEWS PAPER HI-FI SECTION

THE FIRST Detroit fmm outlet, WLDM (FM), was cited in the Sunday April 11 issue of the Detroit Free Press in a special section devoted to high-fidelity recording. WLDM's program facilities and repertoire—which ranges from Bach to "South Pacific"—are described in the article which also explains how the stations can exist with limited commercial announcements. The article points out that WLDM derives its support from its background music service which is broadcast to restaurants, fac-
Lyons Lines 'em Up
RUTH LYONS, who conducts the 90-minute daily 50-50 Club on WLWT (TV) Cincinnati, also carried on WLWC (TV) Columbus and WLWD (TV) Dayton, has received enough requests for audience tickets to her show at $1.25 apiece to fill the 100-person capacity studio until 1960, WLWT has announced. The requests came after a three-day ticket sale and thousands are being returned since WLWT will not accept reservations more than three years in advance, the station said. The $1.25 ticket charge covers the cost for studio lunches at the nighttime show. WLWT said Miss Lyons has been called a "million dollar dynamo" by Cosmopolitan magazine and "Ohio's most influential and undoubtedly best paid woman" by Look magazine.

WILS-AM-TV BROCHURES
FIVE brochures are being sent to advertisers and agencies by WILS-AM-TV Lansing, Mich., and Michael Ruppe Jr., sales promotion director, announces that copies are available without cost, upon request. The promotional booklets are: Conversion, Concentration, Cost; vital statistics on WILS, plus information on a merchandising plan being set up; Your Sales Won't Take a Vacation This Summer: sales information issued for use in the local market; Call Them by Any Name: information on announcing staff; WILS—News While It's News: resume of news department and staff; How and When: a report of starting and ending times for the working day of 31,860 people in the immediate Lansing area.

BERNARD BARUCH BROADCASTS
ECONOMIC and social philosophy of Bernard M. Baruch, elder statesman and advisor to Presidents, will be summed up in three programs to be broadcast over CBS Radio on May 3, 11, and 17, and carried on film over NBC-TV on May 9, 16, and 23. NBC-TV will film three lectures which Mr. Baruch will deliver at City College of New York, School of Business, of which he is an alumnus, class of 1889. His talks will cover "The Failure of Man to Adjust Himself to the Complex Laws of Everyday Life," "The Law of Supply and Demand," and "The Relations Between the Citizen and His Government."

GOLF INSTRUCTION PROGRAM
DEMONSTRATIONS of techniques designed to improve viewers' golf are being shown by WBKB-TV Chicago under the title of Pars, Birdies and Eagles. Program is conducted by Johnny Revolts, former Western Open golf champion now with the Evanston, Ill., Golf Club, with a professional golfer from the Chicago area joining each Monday. Other top-flight golfers are also slated for guest appearances. The show is telecast Mondays, 9-9:30 p.m. with Nash & Jenseck as sponsor, through Leo Burnett Co., Chicago.

KLAC RADIO PROMOTION
AS PART of an upcoming "Radio Is Better Than Ever" campaign, five KLAC Los Angeles disc jockeys are being flown to New York to be presented to industry executives, national advertisers, record personalities and newsmen at a party at the Savoy New York Hotel today (Monday). The disc jockeys, who will be introduced by Mortimer W. Hall, president and general manager of KLAC, are Dick Haynes, Peter Potter, Bob McLaughlin, Jim Ameche, and Alex Cooper. Mr. Hall will announce details of the station's radio promotional campaign at a later date.

WWDC NEWS COMMENTARY
WWDC Washington has scheduled a Sunday, 9:45-10 p.m. commentary on world news by Edward B. Lockett, veteran national and foreign correspondent, titled Listen America. Mr. Lockett was wartime London Bureau chief for Time, Life and Fortune and his stories have appeared in national publications since he left Time Inc. in 1947. For six years he has collaborated with Maj. Gen. Claire Lee Chennault on magazine and newspaper stories dealing with the Far East.

WHEN CONTEST ENTRIES
A TOTAL of 34,336 entries were received by Carleton Hence and Al Meltzer, WHEN Syra-
$10.5 MILLION PRICE TAG ATTACHED TO COVERAGE OF MCCARTHY-ARMY ROW

Television-radio networks devote exhaustive coverage to the hearings before the Senate Permanent Investigations Subcommittee. The daily sessions may last into next week.

A MULTI-MILLION dollar coverage in public service time offered by the radio and tv networks last week brought the McCarthy vs. Army hearings to listeners and viewers throughout the nation.

Total time value, based on network hourly rates, equipment and incidentals, may run well over $5 million for the tv networks and $1 million for the radio networks, if the hearings are covered for the 10 days they are expected to run, and if the networks present the same daily coverage as they did Thursday.

NBC-TV alone was estimated to have devoted about $287,500 worth of time in covering the hearings Thursday.

Commercial show cancellation (pre-emption) by NBC-TV that day amounted to an estimated $75,000. These cancellations by networks would bring the total dollar value still higher.

ABC-TV, NBC-TV and DuMont carried all of the hearings live, at least at the outset. Networks were able to use pictures carried by AP, making plans as the hearings unfolded. In addition to the above costs, considerable amounts must be added in station pre-emption and clearances of commercial time.

Tv 'Pool' Telecast

ABC-TV originated the "pool" telecast for the tv networks; NBC Radio did the same for the radio networks.

The tv pool to the networks ran from $1,500 to $2,000 daily with all four networks sharing the expense. At least three cameras were used with about seven technicians, a director and two production assistants assigned to the coverage.

The ABC-TV crew covering the hearing was on hand setting up equipment in the Senate Caucus Room as early as Wednesday night in order to be ready for the telecasts for both CBS-TV and NBC-TV morning shows Thursday, the day the hearings got underway.

In the radio pool operation, the cost was considered to be about a third as much at the bare minimum of about $160 a day for the networks.

Radio-tv extra cable charges for the networks could run as high as $200,000 total for the 10-day period, it was estimated. Still other expenses were costs of recording, extra labor charges and various incidentals.

NBC Radio used tapes of the hearing 12:30-3 p.m. Thursday with highlights broadcast later during news spots. CBS Radio used recordings for a half hour digest nightly, beginning last Thursday.

Mutual carried the full hearings, starting at 10:35 Thursday morning. ABC Radio also broadcast the full hearings as of Thursday. Highlights were aired on the network 8-9 p.m.

Chairman Karl Mundt (R-S. D.) said Thursday during his statement in opening the special hearing by the Senate Permanent Investigations Subcommittee:

Praises Radio-TV Coverage

"Our friends reporting these hearings throughout America by radio and television are likewise being tried and tested by citizens everywhere demanding what I am confident they will receive—fair and impartial coverage with no deletions or embellishments calculated to give them a vantage to one participant or the other in the hearings."

"And the diligent members of the working press seated here before us and also on the spot, as they strive with the great abilities and high sense of honor that I know they possess to give Americans the same facts and reports to read that millions of our citizens will hear or see on television.

By subcommittee agreement, broadcasts of the hearings were not permitted to be sponsored.

Affiliate Color Status Detailed by NBC-TV

THIRTY-ONE NBC-TV stations will be equipped to carry color programs within eight months, in addition to 23 stations now present-colorcasts, O. B. Hanson, NBC vice president and chief engineer, reported last week.

The 44 station lineup, he said, will make colorcasts available, beginning 27,100,000 homes or 60% of all homes in the U. S.

These cities and stations are now equipped to carry color: WABC (TV) New York, WNBW (TV) Washington; WNBQ (TV) Chicago; WNBK (TV) Cleveland; KBNB (TV) Hollywood; WPXZ (TV) Philadelphia; WBAL-TV Baltimore; WDEL-TV Wilimington; WLW-TV Cincinnati; WSPD-TV Toledo; WWJ-TV Detroit; WJTV-TV Milwaukee; KSTP-TV St. Paul; KSD-TV St. Louis; WOWV-TV Omaha; KQDA-TV Denver; KDYL-TV Salt Lake City; KRON-TV San Francisco; WERE-TV Wilkes-Barre; WNHC-TV New Haven; WJAC-TV Johnstown; WBBX-TV Boston; WJAR-TV Providence.

Cities and stations that will be equipped for colorcasts before the end of 1954, Mr. Hanson said, are: WDEF-TV Kansas City; WKY-TV Oklahoma City (see story, page 9)); WBAP-TV Fort Worth; WFAA-TV Dallas; WBRC-TV Birmingham; WFMJ-TV Youngstown; KMOV-TV St. Louis; WJTV-TV Baltimore; WTVN-TV Columbus; WBKG-TV Cleveland; WCAU-TV Philadelphia; W5TV Poway; WJZ-TV Baltimore; WJFK-TV Philadelphia; WRC-TV Washington; WPTW (TV) Schenectady; WTVT (TV) Utica; WSYR-TV Syracuse; WSYE-TV Erie; WCTV (TV) San Antonio; WBJS-TV Winston-Salem; WMCTV (TV) Memphis; WSDU-TV New Orleans; WSB-TV Atlanta; WOC-TV Des Moines; WTVT (TV) Jacksonville; WTVT-5 (TV) Portland; COMO-TV Seattle; WPTF-TV Fort Lauderdale; WJBF (TV) Jackson, Miss., and WEEC-TV Peoria.

BROADCASTING • TELECASTING

Dozen Does It

FOR THE first time in congressional hearing coverage, a new system of audio pickup was used last week at the McCarthy-Army hearing by NBC Radio, the network responsible for the pooled radio operation. To permit the hearing to be held with as little confusion as possible, radio technicians did away with the usual cluster of compartmented microphones in favor of a new system. Instead, a single microphone was used in front of each person who was involved in the hearing (12 microphones in all). According to NBC Radio engineers, a multiple output amplifier was used. Taking audio from the central feed were tv film, newreel, radio and tv people, it was explained.

MBS to Air Stock Meet

MUTUAL has arranged for network broadcasts of the New York Central Railroad stockholder meeting in Albany May 26, at which financier Robert Y. Young will seek to obtain control of the road from incumbent directors. Mutual expressed belief this is the first time that such a financial meeting will be covered by radio on a coast-to-coast basis.

Broadcast times will be set later. Merton Stanley Rukyeser, Mutual's financial expert and INS writer, will head the crew of network newsmen covering the proceedings.

AB-PT EARNINGS FOR '54 DECLINE

Report to stockholders on consolidated earnings of first quarter of 1954 shows decline from '53, probably due to sale of WBKB (TV) credited to AB-PT's '53 capital gains.

ESTIMATED consolidated earnings of American Broadcasting-Paramount Theatres for first quarter of 1954 totaled $1,110,000, including $1,039,000 from operations and $71,000 from capital gains, President Leonard H. Goldenson said last week in a report to stockholders.

These figures compare with 1953 first-quarter earnings of $5,732,000, which included $1,480,000 from operations and $4,252,000 from capital gains. It was noted that the 1953 figures include $103,000 earnings (after taxes) of WBKB (TV) Chicago through Feb. 9, 1953, when the ABC-United Paramount Theatres merger went into effect and WBKB was sold to CBS. AB-PT's 1953 first-quarter capital gains arose principally from this sale, the report said.

Theatre grosses for the first quarter of this year were close to 1953 levels for the same period but theatre earnings fell primarily to continued high film rental costs and to the increase of approximately $325,000 in depreciation charges over the first quarter of 1953 plus intrusions by television in many smaller cities and towns, particularly in the South and Midwest. But Mr. Goldenson felt that "based upon our experience in other areas, an upward trend will take place in these communities as the novelty of television wears off."

Referring to activities of ABC, a division of AB-PT, Mr. Goldenson said "plans are now being formulated to increase the volume and to enhance the quality of the network's television and radio programming for the coming fall season." He also called attention to ABC's signing of Walt Disney earlier this month to an exclusive, long-term contract for the production of special Disney tv programs for ABC-TV [B+T, April 5].

AB-PT stockholders meeting will be held May 18.

KAFT Douglas Joins Mutual

KAFT Douglas, Ariz., joins the Mutual-Don Lee Broadcasting System May 1, under the new ownership of Philip G. Burch, Ariz. owner-operator of Arlo Wootley general manager of the full time 250 w, 1450 kc station.

April 26, 1954 • Page 91
STRONG BLOC BUCKS NBC RADIO ‘SPOTS’

Among the 33 holdouts to NBC Radio’s ‘spot announcement’ plan inaugurated April 18 were eight 50-kw and nine 5-kw stations, giving rise to some serious doubts that the plan will succeed.

ALTHOUGH an overwhelming majority of NBC’s radio affiliates accepted the network’s offer of a one-time one-minute commercial for Kiplinger’s Changing Times magazine under the controversial NBC “spot announcement” plan [B&T, April 19], the quantity and particularly the quality of the holdouts last week was giving rise to some serious doubts among both stations and advertisers as to the continued success of the plan.

Prior to the broadcast of the spot announcement on the two-hour Sunday Garroway program April 18, NBC reported that 158 stations had accepted it, with only 33 definite turn-downs. Those stations refusing the business, B&T learned last week, include some of the most powerful and popular NBC Radio affiliates whose coverage areas serve important markets.

Among the holdouts were WFAR Dallas, WOAI San Antonio, KOA Denver, KFI Los Angeles, WBAL Baltimore, WTIC Hartford, WGY Schenectady, WSM Nashville—all 50 kw stations.

Other NBC Radio affiliates not accepting the controversial business were: WBEN Buffalo, WOC Toledo, WTMJ Milwaukee, WOW Omaha, WWJ Detroit, WOOD Grand Rapids, WMGB Richmond, KPRC Houston, WKY Oklahoma City—all 5 kw stations.

The 16 other holdouts were not disclosed, but it seems a reasonable assumption that the 17 stations listed are representative of the complete list of 33. The question immediately arises: Why did they turn down the business?

The answer in the main seems to be because they considered it bad business. As one station spokesman explained the situation to B&T, here is a two-hour Sunday evening program, in prime time, 8-10 p.m., offered to advertisers for $2,000 a participation, with a maximum of 16 participations permitted during the two-hour broadcast. This rate, covering both time and talent for a full-network broadcast, is so far below the combined one-minute nighttime announcement rate of all NBC affiliates as to be considered a threat to the ability of the stations to sell their time to advertisers on a spot basis and therefore something not to be encouraged by an intelligent broadcaster who is interested in maintaining a profitable operation.

No smart broadcaster, the argument ran, would cut his own rate card rates. Why then, should he permit his network to do it for him?

Particularly puzzling to some affiliates was the $2,000 time-and-talent participation price put on Sunday With Garroway, a lower rate for this evening program than the $2,250 participation charge for the Saturday afternoon Road Show or the Sunday afternoon Weekend. “If NBC really believes that its Sunday evening time is not as valuable as Sunday afternoon, then the whole network rate card should be overhauled,” one spokesman declared.

In general the thinking seemed to be that expressed by Robert Hanna of WGY Schenectady, a member of the NBC Radio Affiliates Committee who vigorously disagreed with the acceptance of the network plan by the majority of the group [B&T, March 8]. The plan, he said, is a “short-range expediency” that could produce only “a weakening of the stations and consequently of the network and the radio medium as a whole.”

Mr. Hanna urged affiliates to “re-examine the entire structure of the network and redefine its proper functions. It is possible that drastic revision of traditional thinking is necessary to re-establish economically sound network operations. We should undertake that now.”

LOOKING OVER his contract for a hour-long Monday-Friday show on DuMont-operated WABD (TV) New York, said to involve $1 million, is comedian Ernie Kovacs (seated). Others (I to r): Robert J. Kaufman, of DuMont counsel Ted Ashley, Mr. Kovacs’ representative, and Norman Knight, WABD general manager.

10 DAY SATURATION SCHEDULE

Sells 70 Automobiles

In August 1953, Dahl Motors, Ford agency in Davenport, received an extra shipment of new cars.

To sell these automobiles, Dahl planned ten day new car promotion sparked by 38 announcements on WOC radio. No other advertising was used except one classified ad in local paper.

Net results—41 NEW CARS SOLD ... 29 USED CARS SOLD. This approximates $135,000 in sales at advertising investment of less than ½-of-1 per cent.

Outstanding sales successes like the above is the one big reason why BUSINESS IS BETTER THAN EVER AT WOC. Get further facts from your nearest F & P office.

FREENLEY BECOMES NBC NATL. SLS. MGR.

VINTON FREEDLEY Jr., who joined NBC as a radio account executive in 1951, last week was promoted to national sales manager of the NBC Radio network.

He will assist William H. Fineshriber Jr., vice president in charge of the radio network; Ted Coi, radio network operating vice president, and Fred Horton, director of radio network sales, in the development of new program sales plans and policies, reporting to Mr. Horton.

Before joining NBC, Mr. Freedley was with BBDO as an account executive on the Lucky Strike account, and before that was in charge of the Lucky Strike radio programs for Foote, Cone & Belding. He started his business career in the sales department of American Tobacco Co., manufacturers of Lucky Strikes.

Montgomery Heads Campaign

ROBERT MONTGOMERY, executive producer of NBC and host-narrator of NBC-TV’s Robert Montgomery Presents (Mon. 9:30-10:30 p.m. EDT), has been named national co-chairman of the 1954 Multiple Sclerosis Campaign, which began last Tuesday and continues through June 15.
H. L. HUNT PLANS
NEW NETWORK SHOW

The Texas millionaire and finan-

The Texas millionaire and finan-
cier of Facts Forum says he is nego-
tiating for a quarter-
hour radio network dis-
cussion program to feature both a liberal and a conser-
vative. He denies reports he has con-
sidered buying MBS.

H. L. HUNT, millionaire Texas oilman and fi-
nancial supporter of Facts Forum radio and televi-
sion programs and publications, revealed in New York last Thursday he is negotiating for the presentation over a radio network of a 15-
minute five-days-a-week program featuring dis-
cussion of controversial issues by one conserva-
tive and one liberal commentator.

Mr. Hunt disclosed this information at a
news conference where he flatly denied reports
he planned to purchase or had considered pur-
chasing the Mutual Broadcasting System. He
added that it was his understanding that Thomas
F. O'Neil, president of Mutual, was not interest-
ed in selling the network, but, in any event, he
said he was not in the market for a radio or tele-
vision network.

The network radio series, Mr. Hunt said, still
is in the planning stage, but he reported he had
several discussions with "various networks" on the
possibility of carrying it. Mr. Hunt said he is
considering ABC commentator Elmer Davis
as the liberal spokesman and Hardy Burt, pro-
ducer and moderator of several Facts Forum
radio shows, as the conservative counterpart.
He said no definite decisions have been made on
the commentators.

Mr. Hunt said he will make the program
available for sponsorship. In answer to a ques-
tion, he replied that no starting date has been
assigned to the program since several networks
have the project under consideration.

Asked if he was trying any television activity in
addition to his current Facts Forum "TV Show," he
said he was "thinking about it." What he had
in mind, he said, was a TV film series pointing up
the danger of communism, but he said he had
not formulated any concrete plans.

Mr. Hunt estimated he spends about $67,000
a week on production for Facts Forum weekly
radio and TV shows now on the air, which are
carried free as public service programs. They
are: Answer for Americans on ABC-TV and
ABC Radio (produced and moderated by Mr.
Burt); Reporters Roundup on Mutual (produced
by Mutual and moderated by Mutual commen-
tator, Robert Hurstiah); State of the Nation,
on Mutual (produced and moderated by Mr.
Burt); Facts Forum Radio Show, on 400 indi-
vidual radio stations (written and narrated by
Dan Smoot); Facts Forum TV Show, carried on
about 75 individual television stations (pro-
duced by Mr. Smoot and S. McLendon).

Mr. Burt said the report Mr. Hunt would buy
Mutual possibly originated because Facts Forum
decided to underwrite the production costs of
Reporters Roundup after its sponsor failed to
renew. He said Mr. Hunt could offer no other
explanation.

WTVJ (TV) to Join CBS-TV,
Boost to 100 Kw Today

WTVJ (TV) Miami was scheduled to become a
primary basic affiliate of CBS-TV today (Mon-
day) and to mark the occasion with the dedica-
tion of a new 1,000-foot tower and new 100 kw
transmitter.

Mitchell Wolfsohn, WTVJ (TV) president,
expressed gratification at affiliation with CBS-
TV, pointing out that under its new status, the
station will be able to carry more of CBS-TV's
shows and personalities. He said the new
tower and transmitter will add another 400,000
potential viewers to the station's audience. The
station, which operates on ch. 4, previously had
served 14 counties in south Florida with a
population of 1,055,700.
ABC-TV's House Set

TO demonstrate a new-type house called "The Westerener," ABC-TV is scheduled to use on The United States Steel Hour tomorrow (Tues., 9:30-10 p.m. EDT) the "largest and most elaborate set ever constructed for a television commercial."

The set will contain a completely-furnished six-room, three-bedroom house, measuring 40 x 24 ft. and weighing about 12 tons. The house is the type of low-cost, pre-engineered homes manufactured by the United States Steel Homes Inc., housing subsidiary of the steel firm.

An ABC-TV spokesman said 14 network stagehands will have less than 24 hours to erect the set, build the house and prepare cameras and lighting.

CBS-TV Adds Three To 'Morning Show' (Tues., 9:30-10 a.m. EDT), William H. Hylan, vice president in charge of CBS Television Network sales, announced last week. A total of 38 units have been sold on the series since its inception March 13, he said.

International Harvester Co., Chicago, on May 15, will take over the 7:50-7:55 a.m. spot on Wednesday and Friday to advertise its air conditioners, through Leo Burnett Co., Chicago. Avoet Corp., San Francisco, for Quip, a pressurized cream product, is using two periods each week—Thursday, 8:30-8:35 a.m., and Friday, 7:30-7:35 a.m.—through Harrington-Richards Div., San Francisco.

Florists Telegraph Delivery Assn., Detroit, has signed for a pre-Mother's Day promotion on May 7, through Grant Adv., Chicago.

KOLN-TV, WBTW (TV) to CBS
KOLN-TV Lincoln, Neb., and WBTW (TV) Florence, S. C., will join CBS-TV as primary interconnections, effective June 1 and Aug. 1, respectively, it was announced last week.

KOLN-TV (ch. 12) is owned and operated by Cornhusker Radio & Television Corp., of which John Fetzer (WKZO-AM-TV Kalamazoo, WJEF Grand Rapids) is owner and president. Vhf ch. 8 WBTW (TV) is owned and operated by Jefferson Standard Broadcasting Co. (WBT, WBTW (TV) Charlotte, N. C.), with J. William Quinn as general manager.

Carter, Plymouth Purchase

TWO MAJOR advertisers, Carter Products Inc., and Plymouth Motor Corp. Div., have joined Chesterfield [WBT April 19] as participation sponsors of network radio programs.

Carter Products Inc., New York, bought three one-minute participations weekly effective May 3 for the Martin Block Show on ABC Radio (Mon.-Fri., 2:35-4 p.m.), Sullivan, Staffer, Colwell & Bayles, New York, is the agency.

Plymouth Motor Corp., through N. W. Ayer & Son, New York, bought 13 participations on four different shows on NBC Radio.

Mike & Screen Awards Set June 4 in New York

CBS commentator Douglas Edwards is dinner chairman.

The affair will celebrate the publication of the "Mike & Screen Press Directory" by the association. Program will feature music by Ray Block and his orchestra and entertainment by radio and television personalities.

Another Honor to Murrow

EDWARD R. MURROW, CBS Radio and Television commentator, received the Bronze Plaque of Achievement of the Advertising Club of New York last Wednesday.

In Recognition . . .

Ben Paschall, vice president and general manager, WNOE New Orleans, received an award from the metropolitan New Orleans Safety Council for his traffic safety committee activity in Dec., 1953 campaign sponsored by New Orleans area Chamber of Commerce.

Frank Hemingway, Mutual-Don Lee Broadcasting System newscaster, received three joint citations from national headquarters, California headquarters and Los Angeles Unknown Soldier Post 875, Veterans of Foreign Wars. Mr. Hemingway was lauded for promotion of VFW drive, his own Christmas gift for servicemen campaign, and other shows.

In Recognition . . .
STANTON $235,780; MURROW, $240,627

The CBS Inc. president drew a salary exceeded only by that of commentator Edward Murrow, stockholders are told at annual meeting. Board Chairman William S. Paley, largest stockholder, received $100,000 remuneration.

DR. FRANK STANTON’S aggregate remuneration as president and board member of CBS totaled $235,780 for 1953, second only to CBS commentator Edward R. Murrow’s $240,627, according to proxy statement made available last week at the CBS annual stockholders’ meeting.

CBS Board Chairman William S. Paley, largest single stockholder, received $100,000 in remuneration, the report showed, while J. L. Van Volkenburg, president of CBS-TV received $84,884; James B. Conkling, president of Columbia Records Inc., received $73,105, and Adrian Murphy, president of CBS Radio, received $65,000.

Other Salaries

Bruce A. and Lloyd H. Coffin, respectively former president and former board chairman, treasurer of CBS-Hyron and David H. Cogan, former president of CBS-Columbia, each received $77,395 for services during 1953. These three since have retired.

The remuneration figures do not include amounts set aside for these officers, except Mr. Murrow for pension plan participations. In the case of Mr. Murrow, the $240,627 remuneration does not include $33,600 paid during 1953 as royalties to Persons and Persons Corp., of which Mr. Murrow, his son Casey, and his mother Mrs. R. C. Murrow are beneficial owners of 32 1/2% of the stock.

In the stockholders meeting Mr. Murrow, who has been reported from time to time to be considering NBC offers, was among those re-elected to the CBS board of directors. There was no mention of Mr. Murrow’s on-the-air entertainments with Sen. Joseph R. McCarthy (R-Wis.).

Named to the CBS board were the following: By Class A stockholders: J. A. W. Iglehart, partner of W. E. J. Dun & Co., investment bankers; Robert A. Lovett, partner of Brown Brothers Harriman private bankers; Seymour S. A. Lampson, new president of CBS-Columbia; Mr. Murphy, president of CBS Radio; Samuel Paine Richardson, vice president of the Lehman Corp., investment company; and Mr. Van Volkenburg, president of CBS-TV.

By Class B stockholders: Mr. Paley, board chairman; Mr. Stabos, president; Mr. Conkling, president of Columbia Records; Mr. Murrow, commentator; Ralph L. Collins, member of the law firm of Rosenman, Goldmark, Collins & Kaye; Leon Levy, personal investors; Charles P. Stromeyer, new president of CBS-Hyron.

Stock Dividends

The stockholders voted amendments to the CBS certificate of incorporation to permit dividends to be paid in stock rather than cash (although Chairman Paley said no plan for making such payments in stock now is pending), and to eliminate all pre-emptive rights of stockholders with respect to the purchase of additional shares which may be offered.

Challenged by a stockholder on the pre-emptive rights question, Chairman Paley noted that he, as one of the larger stockholders might be considered by some to be giving up a considerable advantage, but that he felt, nevertheless, that abolishing pre-emptive rights was to the advantage of the company, in that CBS would have more freedom with respect to future financing.

In answer to another question, Mr. Paley said.

CBS’ insurance loans by December of this year would amount to $30 million. He pointed out, however, that 1953 had been the company’s best year, and that although exact figures are not yet available, the first quarter of 1954 was better than last year’s first, and that he was “optimistic” about a good second half of 1954.

AT&T Stockholders View Long Lines Dept. by C-C

SOMETHING new was added Wednesday at the annual meeting of stockholders of American Telephone & Telegraph Co., when the 1,400 persons present were taken on a tour of the company’s Long Lines headquarters in another part of New York, by closed circuit television.

The 23-minute video tour of the Long Lines Bldg., which used actual Long Lines employes as speakers to explain the mechanics of transmitting telephone conversations and radio and tv programs across the country, was presented following the voting for directors and while the ballots were being counted. Produced under the supervision of Richard Holt, assistant to the general manager, Long Lines’ Central Area, the technical aspects of the closed circuit program were handled by RCA, which supplied 11 cameras and about 100 technicians for the job.

Closed circuit tv also was used by AT&T to transmit the events of the meeting to the overflow audience of some 700 stockholders, about half the total, who were unable to get into the meeting room but watched and listened to the meeting on tv receivers in another room in the building.

An offer by ABC-TV to telecast the meeting for the viewing public at home had been “turned down cold,” Mrs. Wilma Sos, president, Federation of Women Shareholders in American Business, said, asking why permission for the telecast had not been given. Leo F. Craig, AT&T president, who presided, replied that if any such tv coverage of an AT&T meeting were to be done, “we feel it should be made under our own sponsorship.”

Stockholders re-elected the 19 directors of the company, as proposed by the management, and voted down two names proposed from the floor. Also voted down were resolutions to put a $25,000 ceiling on company pensions and to hold regional meetings, both opposed by the board.

In a brief statement on the company’s situation, Mr. Craig said that while the general business readjustment “is having its effect on us,” AT&T “is in good shape to take whatever problems 1954 can offer.”
Bell Labs Develops Unique Battery Using Sun's Energy

Device converts useful amounts of sun's energy directly into electricity. Experiment uses battery to power voice transmission over telephone lines and for transistor radio transmitter for speech and music.

A SOLAR BATTERY—described as the first successful device in converting useful amounts of the sun's energy directly into electricity—was demonstrated yesterday (Sunday) at Bell Telephone Labs. Another demonstration will be given tonight (Monday) at the annual meeting of the National Academy of Sciences in Washington, D. C.

Bell Labs device is the second type of non-conventional battery to be introduced this year. RCA some weeks back [B&T, Feb. 1] demonstrated an experimental battery which directly converted atomic energy into electric power. Although neither device is out of the laboratory stage as yet, both point the way to new sources of power which may in time replace the steam and gasoline engines as the primary creators of electrical energy.

Blade-Thin Strips

The battery uses strips of wafer-thin silicon about the size of ordinary razor blades, extremely sensitive to light, which can be linked together to deliver power from the sun at the rate of about 50 w per square yard of surface. In the demonstration, the experimental solar battery was used to power voice transmission over telephone lines and to provide power for transistor radio transmitter carrying both speech and music.

Bell Labs scientists reported achieving a 6% process of converting the sun's power into electricity, the battery shound theoretically last forever. The device was developed by a three-member team of Bell Labs scientists: G. L. Pearson, a physicist; C. S. Fuller, a chemist, and D. M. Chapin, an electrical engineer.

Bell, New York, announced last week development of this new M20 Lipstik microphone, which is described as "the smallest on the market," measuring three inches in length and five-eighths of an inch in diameter. It is said to be capable of "perfect performance" for radio, tv and public address use in lapel, breast pocket, clipped to manuscript or in hand.

ALTEC LANSING CORP., New York, announced last week development of this new M20 Lipstik microphone, which is described as "the smallest on the market," measuring three inches in length and five-eighths of an inch in diameter. It is said to be capable of "perfect performance" for radio, tv and public address use in lapel, breast pocket, clipped to manuscript or in hand.
ACCA Sets Radio-Tv Agenda For Annual Meeting May 4-7

RADIO and television will have a major place in the agenda of the four-day 39th annual meeting of the Assn. of Canadian Advertisers in the Royal York Hotel, Toronto, Canada May 4-7. On May 5 J. E. Potts, director of Pepsodent division of Lever Brothers Ltd., will conduct a broadcasting forum.

Speakers and subjects include: "How Effective is Radio Today?" by Joseph B. Ward, Advertising Research Bureau, Seattle; "Program Production Problems in Television—USA" by an as-yet unnamed NBC, New York, speaker; "Is Television an Effective, Economic Buy?" by Rodney Erickson, Young & Rubicam, New York; "Program Production Problems in Television—Canada" by J. M. Reynolds, Canadian Broadcasting Corp., Toronto; "Television Set Production and Forecast" by John D. Campbell, Canadian Westinghouse Co. Ltd., Hamilton, Ont.

Marketing Experts to Denmark

THREE-MAN team of marketing experts left for Denmark last week to hold seminars for Danish businessmen who asked for them through the State Dept. The team includes J. P. Napier, executive vice president, A. C. Nielsen Co.; Hal M. Chase, director of marketing, National Biscuit Co.; C. Milton Monroe, account executive, Young & Rubicam.

Mayor Robert Kerr (I) of Cortland, N. Y., receives the emblem of Radio Pakistan from Mahmud Nizami, director of Radio Pakistan's Peshewar station.

Pakistan, WKRT Cortland Initiate Program Exchange

WKRT Cortland, N. Y., and Radio Pakistan's Peshewar station will exchange programs via tape recordings, it was announced last week after return of Leighton Hope, owner of WKRT, and Cortland's Mayor Robert Kerr from a good will tour of Pakistan. The tour was a step in the affiliation plan of the cities of Peshewar and Cortland, by which the people of the two cities hope to create and encourage deeper friendship and stronger ties of mutual understanding, the two Cortland men said.

The administrator (mayor) of Peshewar will visit Cortland this spring, it was said.

Bogota Contract Let

GOVERNMENTAL contract for the Bogota, Colombia, Radio-Tv City [BT, April 12] has been awarded to Bogota architects, Cuellar, Serrano & Gomez, which in turn has left New York for Bogota to direct the general planning of the broadcast center. He designed WWJ-TV Detroit and planned the radio and tv facilities of the UN headquarters in New York. He recently returned from Tokyo where he was in charge of construction of JOAX-TV, Asia's first commercial tv station.

Tv in Latin America

PROSPECTS for sale of television receivers in the Central American and Caribbean areas were termed "very bright" by Joseph Kattan, vice president of Emerson Radio Export Corp., upon his return to New York from a survey of the tv market in those areas. He reported favorable conditions in Cuba and Puerto Rico, but said prospects are "not so bright" in Mexico. Emerson nevertheless is optimistic about development of radio and television in Mexico, he said, and is concluding plans for the establishment of a plant there.

Bill Bramhall, one of WEMP's famous air salesmen, once two great shows daily. His homespun style is all his own, yet fits like a glove in the WEMP family. One thing is sure, if Bill says it's good, they buy it. Some of his national advertisers are:

WEMP delivers up to twice the Milwaukee audience per dollar of Milwaukee network stations. Call Headley-Reed!

*Based on latest available Pulse ratings and SRDS report.
CETA Advisory Board Sets Chicago Meeting

MORE than 200 representatives from 27 educational and cultural institutions—all voting members on the advisory board of the CETA Educational Television Assn.—will convene for a two-day conference sponsored by the Illinois Institute of Technology in Chicago May 21-22.

The "grass roots" meeting is designed to explore the role of the professional educator in educational tv. The agenda calls for discussions of program format and content, types of audiences, techniques on prize-winning tv shows, and talent training. Kinescopes of outstanding educational video fare will be shown. Differences between university and community operated outlets will be aired.

The opening general session will include a review of plans for operation of ch. 11 WTTW (TV) Chicago by Chicago Educational Television Assn. this fall or early next year.

The conference committee is working with the Joint Committee on Educational Television, the National Citizens Committee for Educational Television and other organizations in preparing the program.

WNYC Educational Series Set Under Bernays Grant

PLANS of New York-owned WNYC New York for a week-long radio documentary project, examining American education, starting May 3, have been announced by Seymour N. Siegel, director of radio communications for the City of New York.

Titled Educational Institute of the Air, the series will be produced by WNYC-AM-FM under the terms of a grant from the Edward L. Bernays Foundation to the National Assn. of Educational Broadcasters. (Mr. Bernays personally has been active in what he calls an attempt to improve tv commercials' quality and effectiveness, through surveys of attitudes toward commercials [B&T, April 3, Feb. 1].)

In the WNYC project almost 100 special programs featuring prominent U. S. educators will be presented, with emphasis on "appraisal of how educational processes are carried on from nursery to the adult level" and "a survey of the job which must be done for tomorrow's education."

Personnel Service for Educ. Broadcasters Set Up by NAEB

ESTABLISHMENT by the National Assn. of Educational Broadcasters of a personnel service to serve the needs of the entire field of educational television and radio has been announced by Graydon Ausmus, president of NAEB.

The project was made possible by a grant to NAEB from the Ford Foundation's fund for adult education. It provided for the establishment of a personnel office with a full-time director and secretary so that files may be maintained on all qualified personnel seeking positions in the field of educational television and radio. The service will be made available to all stations, whether NAEB members or not.

Donald N. Walker, formerly assistant office supervisor of the U. of Illinois Health Service, was named by Mr. Ausmus to direct the activities of the personnel service. Mr. Walker, a U. of Illinois graduate, has had experience in personnel supervision, sales, accounting and office management. He will operate from NAEB's headquarters in Urbana, Ill.

ACCEPTING the title to the former transmitter of KPIX (TV) San Francisco from Philip G. Losky (I), KPIX vice president-general manager, is James Day, general manager of KQED (TV) Berkeley, the Bay Area's noncommercial educational tv station. The transmitter was converted from KPIX's ch. 5 to KQED's ch. 9 and now is beaming test patterns from the top of the Mark Hopkins Hotel.

Violence on Tv Has a Use, George Pal Tells Panel

VIOLENCE seen by children on tv programs was defended by George Pal, motion picture producer-director, during KTME (TV) Los Angeles Families Are First panel discussion program on the Allan Hancock Foundation educational station.

Mr. Pal, guest panelist in discussion of tv film programming, said, "Children should learn as early in life as possible that all is not sweetness and light. They should know what violence is, what it means, what causes it, so they can face life realistically. They must learn how to control conflicts."

Also on the panel were Cari Nader, director, 16 mm film division, Walt Disney studios; Cobina Wright, author and columnist; Florence Thalmelter, director, KTME school programs and tv chairman; Los Angeles Parent-Teachers Assn. and Edith Hageein, motion picture chairman, Los Angeles PTA.

Workshop at U. of Toledo

A NATIONAL workshop on education by television was held last Monday through Saturday at the U. of Toledo campus, Toledo.

Three work group leaders were I. Keith Tyler, director of the Ohio State U. office of radio education; Armand Hunter, director of Michigan State College's WKAR-TV East Lansing, and Edgar G. Sherburne, formerly with Naval Special Devices Center, Port Washington, N. Y.

The workshop was sponsored by the Council of National Organizations of the Adult Education Assn., in cooperation with the Willys Motors Electronics Division and Toledo U.

WSOC Offers College Course

WSOC Charlotte, N. C., has recently inaugurated a course in radio-television for students at Queens College, that city. The course, which is fully accredited, is becoming one of the most popular ones on the college curriculum, Charles M. Marshall, promotion manager, reported. The WSOC staff serves as faculty, with each man teaching his own specialty.
SAG Cancels Contract With Tableau Television

CONTRACT with Tableau Television Ltd., Beverly Hills producers of the syndicated China Smith, was cancelled by Screen Actors Guild last week because of non-payment of residuals to talent. SAG members simultaneously were instructed not to act in that tv film series, nor contract for future work until the company has met its already-incurred financial obligations.

With the series now in its fourth run on a Los Angeles station (KABC-TV), SAG National Executive Secretary John L. Dales Jr. declared the producers have failed to pay a large number of actors the residuals due under the guild contract. He said the total involved is more than $10,000.

Under the guild contract with producers of tv entertainment film, the actor's original salary allows two runs of the film in each city; 50% more for third and fourth runs; 25% for fifth runs and 20% for the sixth.

Of the 26 half-hour episodes made to date, six have been produced in Mexico. The latter are not subject to the SAG contract, it was explained. Partial payment has been made to actors in only four of the others, according to guild executives.

Local 802 Still Picketing

LOCAL 802, American Federation of Musicians, continued to picket the studios of WOR-AM-TV New York and WINS New York with no progress reported in their labor disputes. WOR-AM-TV has been broadcasting without musicians since Feb. 28, WINS since March 31 [B+T, April 19].

Support Mounts for Draft Of Brewer as IATSE Head

CAMPAIGN to draft Roy M. Brewer in the election race for the presidency of International Alliance of Theatrical and Stage Employees, against incumbent Richard Walsh, received added support in Hollywood last night.

Television Broadcasting Studio Employees Local 815, IATSE, voted support of Mr. Brewer's candidacy and contributed $500 of Local funds to the draft committee.

IATSE Cartoonists May Strike

STRIKE action is expected if membership of IATSE Cartoonist Local 839, in negotiation since mid-January for a working agreement with members of the Animated Cartoon Producers Assn., votes today (April 26) against accepting the newest counter-wage offer. The producers' latest proposal provides for a 5% raise, plus 1/2-to-2% additional for persons making less than $65 per week with studio experience of three years or more. Starting rate of $34 per week is retained. Hollywood AFL Film Council last week voted full support to the cartoonist local.

All Scope Off SAG Unfair List

ALL SCOPE Pictures Inc., Hollywood, is the second film company to sign Screen Actors Guild's basic collective bargaining agreement and thus be removed from SAG unfair list on which it was placed March 7 [B+T, March 8]. Cate & McGlone, Hollywood, signed the agreement March 17.

Extra for Extras

EVERYONE from elephant riders to midgets will get a 5% wage increase retroactive to Jan. 2 under a revised basic agreement between the AFL Screen Extras Guild and the Assn. of Motion Picture Producers. Submitted to guild members for ratification, the agreement calls for a new daily pay scale of $32.50 for extras who ride either a camel or an elephant.

If they do it for a week, pay is $262.50. Midgets are listed for $19.43 per day and $97.15 weekly under the revised contract. Divers in swimming routines also receive pay increases, varying in proportion with height of dives.

University City, Mo., St. Louis Educational TV Commission—Mod. of CP (BPTC-20) as mod., which authorized new non-comm. educational tv station, for extension of completion date to 7-1-54 (BMPF-321).  

April 19 Decisions ACTIONS ON MOTIONS  

By Commissioner Robert T. Bartley  

Chief Broadcast Bureau—Granted petition for extension of time to and including April 19, in which to respond to pre-hearing notice with re applications of WRKG-TV Inc. and the Mobile Television Corp., both of Mobile, Ala. (Docket 1943). (Action of 4/15.)  

San Bernardino, Calif., KITP Inc.—Dismissed application (BPTC-1046) for mod. of CP to extend completion date of new tv station on ch. 18, because the original CP (BPTC-887) was cancelled on April 9. (Action taken 4/13.)  

By Hearing Examiner Charles F. Frederick  

Rehearing conference from April 19 to April 25 in re applications of City of Jackson-ville, et al., for ch. 12 in Jacksonville, Fla. (Dockets 18633 et al.).  

By Hearing Examiner Millard F. French  

Adopted Memorandum Opinion and Order after hearing. Conference setting forth actions which shall control the subsequent course of hearing in re applications of WPTF and Capital Bestg. Co. for ch. 5 in Raleigh, N. C. (Dockets 18601-62).  

By Hearing Examiner H. Gifford Iron  

Corpus Christi, Tex., Superstar TV Inc., KEYS TV Inc.—Petition of KEYS-TV to reopen the record in re applications for ch. 10 (Dockets 10566-68), to incorporate a portion of the testimony given by George E. Cameron Jr. in the proceeding re Docket 956 (Action of 4/14.)  

Gave notice of a further hearing conference to be held April 14 in re applications of News- 

—TV Corp. and Telraid Inc. for ch. 3 in Daytona Beach, Fla. (Dockets 1996-98). This will not affect date for commencement of taking testimony now scheduled for May 17. (Action of 4/13.)  

By Hearing Examiner Jarede A. Hong  

Issued Memorandum on Comment of Hearing, and Order in re applications of KFAB Bestg. Corp. and Herald Corp., for ch. 7 in Omaha, Neb. (Dockets 8009, 8010), ordering that further exchange of information agreed upon in writing on April 26, after the prehearing conference, is no longer to be extended and made available to the record. (Action of 4/16.)  

By Hearing Examiner Herbert Sharman  

By Memorandum Opinion and Order denied petition by Zenith Radio Corp. for continuance of hearing in re application and that of WBBM-TV for ch. 2 in Chicago, Ill. (Docket 10266-28).  

date for making new tentative daily scheduling of telev. antenna on top of am tower (increased height), to make change in the antenna system and type of transmitter (bill-5325).  

KMBI Henderson, Nev., Maritz Zenoff—Granted application for new broadcast station; 1460 kc., 250 w, U (BMPF-2025).  

WERS (FM) Boston, Mass., Emerson College—Granted license covering new fm station and making other equipment changes; antenna; completion date 10-8-54 (BMPF-2059).  

The following were granted mod. of CP for extension of completion dates as shown:  

WDAV-TV Fargo, N. D., To-15-54; KETC (TV) St. Louis, Mo., to 11-6-54; WGBK-TV-Augusta, Ga., to 11-6-54.  

April 20 Decisions BROADCAST ACTIONS  

Actions of April 16  

Richmond, Va., Little League Corp.—Granted authority to transmit baseball games to Station WAAS, Canada, during the period April 16 to Nov. 1, 1954 (BSP-246).  

Cancellation of License  

KRFV Shenandoah, Iowa, Capital Bestg. Co.—Granted request for cancellation of license for auxiliary transmitter.  

Granted CP  

WGR Rochester, Mass., Radio Rochester Inc.—Granted CP to replace expired CP (BP-4800) and make other equipment changes in the transmitting equipment (BP-5927).  

WCAU Philadelphia, Pa., WCAU Inc.—Granted CP to install new transmitters at main transmitter site, as specified in outstanding CP (BMPF-18061) to Oct. 8, 1954, ch. 10.  

Modification of CP  

WTKP-TV Durham, N. C., Durham Bestg. Ent., Inc.—Granted request to change type of antenna and make other equipment changes; antenna completion date 10-8-54 (BMPF-2059).  

The following were granted mod. of CP for extension of completion dates as shown:  

WDAV-TV Fargo, N. D., To-15-54; KETC (TV) St. Louis, Mo., to 11-6-54; WGBK-TV-Augusta, Ga., to 11-6-54.  

April 21 Decisions  

Removal of License  

WRFL Hackett, N. C., North Carolina Corp.—Granted authority to operate transmitter by remote control.  

Granted License  

WLOU Louisville, Ky., Robert W. Ronnauville—Granted license covering new fm station of antenna on top of am tower (increased height), to make change in the antenna system and type of transmitter (bill-5325).

Tv Stations on the Air With Market Set Count
And Reports of Grantees' Target Dates

Editor's note: This directory is weekly status report of (1) stations that are operating as commercial and educational outlets and (2) grantees. Triangle (►) indicates stations now on air with commercial programming. Each is listed in the city where it is licensed. Stations, uhf or vhf, report respective where estimates differ among stations in same city. Set estimates are shown for each as claimed. Set estimates from the station. Further queries about them should be directed to that source. Total U. S. sets in use is unduplicated B-T estimate. Stations in italics are grantees, not yet operating.

Colorado Picture!
...on KOA-TV

More spectacular than Colorado’s picturesque fishing water is the PURCHASING POWER centered in the rich KOA-TV market.

Look at these facts:

KOA-TV MARKET DATA

<table>
<thead>
<tr>
<th>AREA</th>
<th>POPULATION</th>
<th>FAMILIES</th>
<th>TV Sets in Area</th>
<th>Retail Sales</th>
<th>Spendable Income</th>
<th>Retail Sales Per Household</th>
</tr>
</thead>
<tbody>
<tr>
<td>11 counties including fast-growing Denver</td>
<td>886,400</td>
<td>59% of state total</td>
<td>209,306</td>
<td>$1,164,798,000</td>
<td>$3,364,367,000</td>
<td>$4,338</td>
</tr>
</tbody>
</table>

Put yourself right in the middle of this big, rich Colorado Picture with KOA-TV...Denver's Choice Channel 4.

nois, Urbana.
Helluva Way to Run a Railroad

If the Administration had set out deliberately to alienate the communications bloc, it couldn't have done a more effective job than that provoked by its ineptness in handling the FCC chairmanship vacancy.

So far as we know, there was unanimous support from licensees for reappointment of Rosel H. Hyde as chairman. The only opposition was political. Mr. Hyde's tenure expired April 18 as chairman, although he continues as a commissioner until 1959. The Administration let April 18 come and go (1) without reappointing him; (2) without naming a new chairman; (3) without giving an explanation. The job was simply left dangling.

But Mr. Hyde continued to serve because his fellow commissioners, using a broadly-accepted section of the Communications Act for the first time, unanimously elected him to "act" as chairman. He will serve until the President makes up his mind. But no matter when the appointment comes through, some injury will have been done.

Meanwhile, reports are current that John C. Doerfer of Wisconsin may be named chairman, or that he may be moved to another administrative agency, thus creating a vacancy for a newcomer who presumably would get the chairmanship. Mr. Doerfer, however, has served continually on the FCC since he assumed office just a year ago. It is, of course, the President's prerogative to name his own chairman. It gives him direct control with what has been described as the most important independent agency. Certainly there has been ample time for the President to consider this appointment, despite his preoccupation with grave matters in these troublous times. Moreover, he has a chain of command that should be competent to handle the job without ignoring deadlines.

The unhappy result, it must be presumed, is that both Mr. Hyde and Mr. Doerfer are embarrassed. Broadcasters and other communications who supported Mr. Hyde and who support Mr. Doerfer for reappointment when his term expires June 30, are baffled and chagrined. The FCC must regard itself as a step-child, not sufficiently important to get timely consideration.

This painful episode began when Mr. Eisenhower was persuaded a year ago to create a precedent by naming Mr. Hyde for a one-year term. The politicians wanted a "new broom," but apparently no qualified outsider could be found. So Mr. Hyde was given a trial appointment. The "new broom" notion must persist, because, despite demonstrable evidence that much has been accomplished during the year, the Administration is still shadow-boxing.

There probably are politicians who aren't satisfied with the way Mr. Hyde has handled patronage, or perhaps individual television cases. But we know of no other GOP entity that has hatted 1,000 during this first year, not excluding even President Eisenhower's own palace guard.

15 plus 2 minus 3?

The proposal by the city of New York to apply a 3% sales tax to advertising agencies may seem, on the surface, a parochial affair. It is not. Everyone who does business in advertising must be concerned by it.

If the city makes the tax stick, it will diminish both the amount and effectiveness of advertising coming out of New York. For most agencies, profit margins are already small, however large total billings, and they would become uncomfortably smaller by the added tax. Inevitably some agencies would be forced to move.

While we do not believe that the future of advertising depends upon the present volume of advertising business remaining in New York, we realize that in a sudden shift of agency locale or in a general upset of the existing system, total advertising volume would be bound to decline. That is not an eventuality which radio and television could take lightly.

Beyond the personal stake which broadcasters and telecasters and agencies and advertisers have in this question, there is a danger to the whole economy. As most businessmen agree, the current economic situation calls for increased advertising effort and improved advertising efficiency to maintain consumer demand.

 Anything which threatens to diminish that effort or disrupt advertising practices at a time like this is a threat to American business in general. It is to be hoped that the New York agencies may count upon their associates elsewhere in their effort to defeat the tax.

No One-Way Street in TV

Tremendous heat is being generated over the Senate Potter Committee hearings on uhf, to begin May 4.

Should there be another freeze until a solution can be found? Should there be an end to intermixture of uhf and vhf? Should the fm band, sufficient for three additional vhf channels, be added to the present 12 vhf's? Should there be Government loans to "responsible," but hard-pressed uhf operators?

It's hard to conceive of a more explosive agenda. The Potter committee must be fully informed. It is not enough to have the uhf story only partially told by those who have immediate grievances, admittably severe. What about existing vhf stations? What about fm broadcasters who would be displaced? What about uhf and vhf applicants now in comparative hearing?

The Committee should hear, not only from the FCC and the distraught uhf broadcasters, but from its, NARTB, manufacturers, networks, and individual spokesmen representing vhf properties.

The hearing should not be a one-way street.

Upon Sober Consideration

The House Interstate & Foreign Commerce Committee has set hearings on the bill introduced a year ago by Rep. Joseph S. Bryson (D-N. C.) to ban advertising of all alcoholic beverages, including beer and wine.

Rep. Bryson died soon after introducing the bill, and it is a pity he could not take it with him. As it is, it remains one of those embarrassing legacies, like the shrunken head in Uncle John's den. Nobody in his right mind wants it, but some of the survivors refuse to let it be discarded for fear of how Uncle John would feel if he were still alive.

Some of Rep. Bryson's surviving colleagues are worried not only about how Rep. Bryson would feel but also about how some of his and their constituents who are alive—and kicking pretty hard—feel about the bill and alcohol in general. These constituents are against alcohol, and they figure one way to get to the demon rum is to carry out an indirect attack on it.

It is easy enough for people of gentler persuasions to believe that drys are extremists who cannot possibly get their way in an enlightened age. It is easy to believe this, but not practical.

The only way to make sure that the dry minority does not get its way is to put up compelling arguments against the dry propaganda. Broadcasters and telecasters must make it a point to make their positions and opinions clear at the forthcoming hearings in the House.

Those who may be inclined to dismiss the issue as one engendered by a trivial group of extremists are reminded of an event in the Senate a couple of years ago.

A bill introduced by Sen. Edwin C. Johnson (D-Colorado) to prohibit hard liquor advertising on radio and television was defeated in committee by the hair-raising margin of one, repeat one, vote.
