Iowa has six Metropolitan Areas which, all combined, do 38.0% of the State’s Drug Sales, as shown above.

Quite a number of radio stations can give you high Hoopers, etc., in ONE Metropolitan Area. WHO gives you high coverage in virtually ALL the State’s Metropolitan Areas, plus practically all the REMAINDER of Iowa, too!

At 10 a.m., WHO gives you 74,526 Actual Listening Homes for only $47.50 (13.4 LISTENING HOMES per PENNY!)

According to the authoritative 1953 Iowa Radio-Television Audience Survey, 63,442 homes all over Iowa are actually tuned to WHO at 10 a.m., every average weekday. Figuring time costs at our 1-minute, 26-time rate, WHO gives you 13.4 actual listening homes, per penny!

That’s the result of ALL-STATE programming, ALL-STATE Public Service, ALL-STATE thinking, here at WHO.

CBS moved notch nearer disposition of its minority holdings with signing of contract for sale of its 45% interest in WTOP Inc., to Washington Post Co. last Wednesday. But money ($3.5 million) isn't due until Dec. 15. Meanwhile conversations continue for sale of CBS' 47% interest in WCCO-AM-TV Minneapolis-St. Paul with prospect that Minneapolis Star-Tribune (Cowles) will acquire it for about $4 million. With about $8 million in its jeans (it got $236,250 for its 45% interest in KQV Inc.), CBS is considering propositions for another major market tv property.

ANNOUNCEMENT expected momentarily of appointment of FCC Comr. Rosel H. Hyde as chairman of U.S. delegation to Mexico to effect final phase of NARBA on distribution of standard broadcast facilities among North American nations. State Dept. has recommended Hyde selection. Comr. Robert E. Lee probably will be his alternate at sessions, now expected to get under way in Mexico City first week in November. Otherwise team is expected to be substantially same as that which evolved agreement with other North American nations in 1950: Joseph M. Kittner, Assistant Chief, Broadcast Bureau; James E. Barr, Chief, Broadcast Facilities Division, and Bruce S. Longellow, Chief, Allocations and Technical Branch.

McCANN-ERICKSON, New York, which was just named by Bulova Watch Co. as its agency (see story page 29), is also being considered by Philip Morris & Co. for its Marlboro cigarettes and Bond Street tobacco. Letter account has approximately $1,500,000 advertising budget serviced by Cecil & Presbrey, New York, and is expected to make definite decision within fortnight.

SELECTION of two top broadcasters to fill two newly created posts—presidency of Television Advertising Bureau (TvB), and directorship of Quality Radio Group (QRG)—expected to be made within fortnight. Committees designated by each organization to make selections have been screening lists for several weeks and now report they've settled down to semi-finalists. Some of same names are on both lists.

ALTHOUGH it is four weeks since FCC adopted proposal permitting single entity to own up to seven tv stations, of which not more than five may be in uhf band [37, Sept. 20], all who are eligible to apply for extra two uhf stations are holding cards close to vest awaiting Oct. 22 effective date. All say they are studying markets, but it's understood NBC has eight applications already filled out and signed for undisclosed markets. It will file two when it makes up its mind where to apply.

CBS President Frank Stanton in St. Louis tv hearing said CBS would apply for two in the 25th to 50th markets. Others have not indicated what their plans are.

INTEREST in uhf, at low ebb following Potter Communications Subcommittee hearings last May-June, is definitely on upturn. New success stories on uhf acceptance, plus network and group owner interest in uhf outlets in better markets, is stimulating activity. They see in uhf same situation which prevailed 20 years ago in am radio when low power locals were all but ignored both by networks and advertising agencies.

FIRST NEW staff appointment on FCC since George C. McConnaghey assumed chairmanship is naming of John Fitzgerald, attorney with Federal Housing Administration, to key post of Chief of Opinions and Review, which writes FCC's final decisions. Mr. Fitzgerald, who hails from California, will take over from Sol Schildhause, one of FCC's top lawyers, who has been acting head and will return to Broadcast Bureau. Mr. Schildhause had been assigned as acting chief of Opinions and Review in August 1953 and his work has won praise of Commissioners.

E. B. WEISS, merchandising consultant with Grey Advertising, New York, for past 20 years, resigning from agency effective Dec. 31, reportedly to establish his own consultant business.

MOTION PICTURE exhibitors, enjoying best box office in 20 years, predict success of big screen theater television on special events basis. Conversely they do not believe home subscription tv will get off ground economically on theory that public won't pay for home service when free programming is available.

IF DEMOCRATS win in elections two weeks hence, among important chairmanships in Senate which will shift are: Interstate Commerce (Magnuson of Washington for Bricker of Ohio); Government Operations (McClellan of Arkansas for McCarthy of Wisconsin); Judiciary (Kilgore of West Virginia, who favors divorce of newspapers and of networks from station ownership, for Langer of North Dakota). In House, new chairmen would be: Interstate Commerce (Priest of Tennessee for Wolverton of New Jersey); Rules (Smith of Virginia for Allen of Illinois), and Judiciary (Cotler of New York who opposes ban of alcoholic beverage advertising, for Reed of Illinois).
DON'T USE KTHS IF YOU SELL A "Limited Market" (Little Rock ONLY, for instance)

DO USE KTHS IF YOU SELL most or all of Arkansas!

IF you want to reach movie stars only — or even if you want to reach regular people within the city limits of Little Rock only — don't use KTHS!

KTHS is 50,000 Watts—CBS—broadcasts from the Capital of the State — in the center of Arkansas.

With all that, KTHS would automatically get an important audience throughout almost all of Arkansas, whether or not we were very good showmen. Actually, with the most costly, inspired and "heads up" programming in the State, KTHS does a magnificent audience job practically all over Arkansas.

If you need listeners only in Little Rock, you don't need KTHS. But if you need listeners throughout the State, get our story from The Branham Company.

50,000 Watts ... CBS Radio

KTHS
BROADCASTING FROM LITTLE ROCK, ARKANSAS
Mitchell Is Expected To Succeed Stronach

PROMOTION of John H. Mitchell to ABC vice president in charge of television network was reported imminent Friday, with Ted Oberfelder understood to be in forefront as his likely successor as network chief. Mr. Oberfelder understood signed "post in charge of ABC's WABC-TV New York. President Robert E. Kintner, however, stuck to strict silence he has maintained on tv directorship since Alexander Stronach Jr. "re-signed" post in far-reaching ABC personnel cutback last month. BT, Sept. 27. There were indications that announcement would be made this week, possibly Tuesday.

Mr. Mitchell, with United Paramount Theatres organization (Balaban & Katz, UPT subsidiary) for many years before UPT merger with ABC in February 1953, was general manager of Balaban & Katz WBKB (TV) Chicago from 1948 until merger, when he became ABC vice president in charge of that station. In July 1953, he was transferred to New York as vice president and general manager of WABC-TV.

Mr. Oberfelder, on whom speculation centered as potential successor to Mr. Mitchell at WABC-TV, currently is vice president and general manager of WABC New York, and, it was understood, probably would continue to supervise station for time being in event he is also put in charge of WABC-TV.

LEHMAN LIKES TV

"TREMENDOUS faith in television manu-
facturers" was expressed to BT Friday by James B. Downing, treasurer of Le-
man Corp., New York investment house, in explanation of company trend during past three months to purchase additional tv stocks. New purchases included 15,000 sh. of Admiral Corp., 10,000 sh. Philco Corp., 5,000 sh. Motorola and 20,000 sh. Calgary & Edmonton Corp. Ltd. During same period, he said, Lehman Corp. dropped from its portfolio follow-
ing stocks in order to acquire tv shares: 15,000 sh. of Northern Pacific Railway Co., 5,000 sh. R. J. Reynolds Tobacco Co. "B" issue and $3 million of American Telephone & Telegraph Co. 3/4% debentures due 1965.

General Teleradio Plans
Fulton Lewis Weekly Films

ACQUISITION of new filmed properties and review of financial success of its 30 feature films obtained from Bank of America last spring dominated discussion at meeting of sales representatives of General Teleradio's Film Division in New York, officials reported Friday.

Spokesman said specific details on new prop-
erties could not be disclosed but plans are to release weekly film featuring news commentator Fulton Lewis Jr. and another centering around exploits of U. S. Marines.

Thomas F. O'Neill, president of General Tele-
radio, noted feature film package has been sold in 60 markets under contracts bringing return 33% larger than original investment in films.

NETWORK RADIO GOOD BUY, AAAA TOLD

ADVERTISING agencies were urged by John Karol, CBS Radio vice president in charge of network sales, to scrutinize their media selection carefully and to recommend network radio when conditions dictate it.

Mr. Karol offered this suggestion in talk before Central Council meeting of American Assn. of Advertising Agencies in Chicago (earlier story, page 41), during which he maintained that network radio, along with newpapers, magazines and television, can flourish in "this expanding American economy."

Mr. Karol mildly chided agencies which over-
looked network radio in past and in present because clients were "sold in their own minds and emotions on a big splash in television." He declared agency must expose its clients to values of all media, regardless of clients' personal preferences.

He acknowledged that network radio cannot provide "the caviar of 355-per-thousand color spectators," but pointed out that such costly investment could create an "unbalanced budget." Radio, he continued, provides "the every-day diet and potatoes that keeps business alive and healthy." In this connec-
tion, he noted that top 25 firms in U. S. are "all big users of network radio today."

OUTLINING various programming approaches that have been designed by networks to make 

radio more attractive for advertisers, he called upon agencies to examine poten-
tialities of medium in relation to their clients' overall advertising schedules. "Radio is now being sold on the basis of what it delivers—within the framework of its potential," Mr. Karol asserted. "The potential is enormous, the delivery is huge, the cost is low."

George Frey, NBC vice president in charge of tv network sales, predicted television station clearance problem which has created head-

aaches for agencies, advertisers and networks "will pretty much have disappeared by the end of 1956." He forecast there would be 430 tv stations by end of this year, 525 by end of next, and 600 by end of 1956—and that by latter date "75% of all U. S. homes will be looking at television."

Regarding color, he predicted 25,000 color sets in use by end of 1954, 350,000 year later, and 2,130,000 in 1956. These estimates, he said, are "conservative."

Mr. Frey reviewed NBC's "magazine concept" of selling, de-
signed to attract small-budget advertisers as well as large ones, and reported that 13 ad-

vertisers had bought NBC Television network time at cost of less than $10,000.

Printed media executives were aligned against radio-tv network vice presidents during panel session Friday on merit of cost-per-thousand measurements in broadcasting.

Controversy sparked by Vernon Myers, pub-
lisher, Look, who claimed argument could be made for magazines reaching more people econ-
omically than any other medium and ques-
tioned cost-per-viewer studies. Walter Kurz, general advertising manager, Chicago Tribune, called for more stress on how to sell merchan-
dise, less on cost-per-thousand concept.

Mr. Frey, of NBC-TV, raised question whether cost-per-thousand in television should be as low as in other media, including radio, because of impact, adding that "so many ad-

vertisers have felt direct results" from visual medium.

Mr. Karol, CBS Radio, scored magazine measurements (Starch, others) as "archaic."

He said cost-per-thousand advantage of radio "is statistical fact." Mr. Karol lauded latest Videotown study [BT, Oct. 11], noting increased attention to all media and adding that it makes "competition keener." Mr. Karol, in response to query, acknowledged that cable penetrates further, more radio stations will be tempted to accept off-rate-card business.

• BUSINESS BRIEFLY

PAL BLADES BUYS • American Safety Razor (Pal Blades) will be first advertiser to participate in John Blair & Co. national saturation group plan [BT, Sept. 27] whereby advertisers run 24 spots per week on 45 stations represented by Blair. It is also first time that Pal Blades, through SBDO, N. Y., is using radio spot announcement campaign [BT, Oct. 11] since American Safety Razor Co. bought firm in 1953.

COFFEE TIME • Chock Full O' Nuts Coffee Corp., N. Y., to sponsor weekly quarter-hour show on three New York network flagship stations—WABC, WNBC and WNBC—starting Oct. 23. Program is Jean Martin Show—Chock Full O' Music. William Black, Chock Full O' Nuts president, also reported his company intends to extend program's coverage to Connecticut and eastern Massa-
Chusetts. Donahue & Coe Inc., N. Y., is agency.

SECOND SHOT • Special 15-minute program on money-saving tips for car owners, called "How to Save Money on Your Car," will be presented for second time on ABC Radio, 9:30- 

9:45 p.m., Oct. 24, by Eugene Stevens Inc., N. Y., on behalf of its book, "How to Double the Performance of Your Car."

MOVIE SOLD OUT • New York Telephone Co., through BDJO, and Duffy-Mott Co., N. Y., is listing tickets for opening of ON THE 20TH DAY AND 25TH month. Tickets are sold out, with eight advertisers.

FOOD ACCOUNT • Hilton & Riggio, N. Y., expected to announce appointment this week by new food account which probably will use radio spot campaign and possibly partici-

pate in tv network show.
Here's a refreshing two hour show, timed for and geared directly to a vast women's audience. Featuring 6 established WSPD-TV personalities, this daily hard-hitting sales tool has variety to interest every type of woman.

There's Dorothy Coon with household hints; Jane Schroeder with heart warming human interest stories; Ginny Wood with guests, hobbies and news of direct interest; Betty Zingsheim with the latest fashion showings. Rusti supplies the organ music throughout the show and Earl Wells acts as male host.

Add to this combination the billion dollar Toledo area market with its 297,000 set saturation, and you get real sales results!

For further information, call your nearest Katz Agency or ADams 3175 in Toledo.
NEW YORK DEBUT

FIRST public speech since becoming FCC chairman will be made by George C. McConnaughy at Oct. 28 luncheon meeting of Radio & Television Executives Society in New York. Meeting will be held at Hotel Biltmore. At same session, RETS will be host to National Assn. of Educational Broadcasters, which will be holding its annual convention in New York at that time.

Improved Radio-Tv Programs Urged at Dist. 11 Meeting

PUBLIC interest programming should not be treated as "step child," Frank P. Fogarty, WOW-TV Omaha, told NARTB District 11 (Minn., S. D., N. D.) delegates Friday at Minneapolis meeting (see FCC story page 40). Appearing as radio guest speaker he said, "if it's in the public interest, the public is interested." He called for realistic management, with systems, procedures and jobs clearly laid out on organizational chart.

Tom Barnes, WDAY-TV Fargo; Joseph L. Floyd, KELO-TV Sioux Falls, and District Director F. E. Fitzsimonds, KFGR-TV Bismarck, comprised tv panel. Registration at meeting totaled 69.

Resolutions followed pattern of previous district meetings. Members of Resolutions Committee were Jack Dunn, WDAY Fargo, chairman; Don Sullivan, WNAX Yankton, and C. T. Hagman, WDOY Minneapolis. Radio guest at District 11 session was Ben Sanders, KICD Spencer, Iowa, who also was guest at District 9 meeting early in week. Mr. Sanders called for comprehensive local news programming along with other effective means to advogating new ideas needed to prevent radio from becoming outmoded.

WSM-TV Plans Tall Tower

WSM-TV Nashville, Tenn., operating on ch. 4 with full ERP of 100 kw visual, filed application with FCC to build what it claims will be tallest tv tower in South, 1,340 ft. above ground and 2,200 ft. above sea level. New site is about 10 mi. northwest of city on 1,800 acre tract acquired on 860-ft. hill. Estimated construction cost, according to Edwin W. Craig, board chairman of National Life & Accident Insurance Corp., WSM-TV owner, will be $500,000. WSM-TV's present tower is 778 ft. above ground, 1,298 ft. above sea level.

UPCOMING

Oct. 20-21: Kentucky Broadcasters Assn., full meeting, Cumberland Falls Inn.
Oct. 21: Ohio Assn. of Radio-TV Broadcasters, full sales meeting, Columbus.
For other Upcomings see page 131.

Witnesses Announced For Crime Program Probe

WITNESSES who will appear before Senate Juvenile Delinquency subcommittee tomorrow (Tuesday), first day of two-day hearings on crime tv programming (see story, page 63), as announced by Sen. Millard E. Tydings (Md.):

Morning (9:30 a.m.)—Richard Clandenen, executive director of subcommittee; John S. Hayes, president, WTOP-TV Washington; Merle S. Jones, vice president, CBS-TV.

Afternoon (2 p.m.)—Willard Hodge, star of Captain Video (DuMont); Pat Michael, m.c., Magic Cottage (DuMont); Leslie G. Arrises Jr., manager, WTTG (TV) Washington; James L. Hazeltine, programming and production director, DuMont TV Network.

Incomplete list of Wednesday witnesses includes: Joseph V. Heffernan, vice president, NBC; Robert H. Hinckley, vice president, ABC; Harold E. Fellows, president, NABRT.

Arkansas TV Co. Gets Nod

SOLE tv action by FCC Friday before noon closing at approach of Hurricane Hazel was report of initial decision by Examiner Fenney N. Lithgow, to grant ch. 11 at Little Rock, Ark., to Arkansas Television Co. Firm is composed of KTHS 42% and Arkansas Democrat 42% and National Equitable Life Insurance Announcing the decision was made possible by dismissal of competitive bid by Arkansass Telecasters Inc. due to "changed economic conditions" [BWT, Oct. 11].

Arkansas Telecasters, composed of four Little Rock businessmen of whom three have interests in KXKL North Little Rock, was reimbursed $60,000 to cover expenses. Examiner cited expenses as follows: Legal fees and costs, $17,068.74; telephone and telegraph, $2,343.21; rent and utilities, $2,400; hearing transcripts, $381.50; travel expenses, $1,304.42; professional services, $1,286.40; engineering fees and costs, $2,113.39; program consultants fees and costs, $1,583.92; option payments on land, $2,780; office salaries, $10,382.08; office supplies, $1,077.38; organization and management fees, $15,613.17; licenses, freight and mailing, $600; law $85.01; dues and subscriptions, $460; exhibit preparation, $1,050.21. Total $81,390.20.

RCA 'Memory' Patents

U. S. Patent Office has granted six patents relating to RCA's magnetic memory which can "memorize" or "recall" bits of information in few milliseconds of second for high-speed computers, RCA announcing over weekend. Advanced memory device is result of several years pioneering work by RCA scientists and publicly described last August by Dr. Jan A. Rajchman, member of David Sarnoff Research Center, Princeton, N. J. Since then, RCA notes, magnetic memory has won wide acceptance as effective means of storing information and has become key element in nearly all high-speed computers now being produced or developed.

Radiation Remarks

TO ALLOW completion of technical research, FCC Friday extended until Jan. 3, 1955, its deadline for comments on proposed rules to govern restricted radiation devices [BWT, April 19]. Interim comments, however, are requested by Nov. 15. Further postponement was asked by RETMA whose Engineering Dept. is completing technical studies on incidental radiation problems.
Billion Dollar Farm Market Best Reached by KSOO

99.53% of farm homes have radios

One of world's richest farming areas. Land is fertile — productive. Average farm income $10,660 . . . over 50% greater than U. S. average. KSOO delivers saturation coverage of this Sioux Empire having $1, 311,209,500 gross income in 1953. That's buying power.—best reached by KSOO . . . No. 1 in Sioux Falls.

Anybody can hop on a bandwagon... the fellow to watch is the one who backed it out of the garage in the first place!

Everybody loves a bandwagon ... everybody hops on one. But what's so special about that? The real credit belongs to the guy who first gets the bandwagon on the road. That's the kind of operation you find at WJTV. Doing things first has become a matter of routine now. Already FIRST in size of audience FIRST in programming FIRST in experience and know-how, WJTV is continuing its trail-blazing with one of the first satellite operations in the country. Add to that its recent power increase to 250,000 kw ... and its planned increase to 500,000 kw by January 1 ... and you've got...

the station to watch (and nearly everyone does)

WJTV

Mississippi's FIRST Television Station

REPRESENTED NATIONALLY BY THE KATZ AGENCY
Every survey we've ever seen shows that radio listeners—and that's practically everybody in the country—prefer news over all other types of programs on the air.

And no wonder. Radio reports the news accurately, concisely, completely... and faster and more frequently than any other source of news.

And the men who handle news best are local newscasters. Only they edit the news for local listeners. Only they report the local news.

So capitalize on people's preference for news by placing your selling messages in the outstanding local news programs on these leading stations:
WSB Atlanta NBC KABC Los Angeles ABC KFMB San Diego CBS
WFAA * {Dallas ABC KSTP {Minneapolis} NBC KGO San Francisco ABC
{Ft. Worth} ABC WSM Nashville NBC KMA Shenandoah, Iowa ABC

HONESTLY, CELESTE!
Production Cost: $25,000
Sponsor: Bristol-Myers Co.
Agency: Young & Rubicam
Network: CBS-TV
Time: Sun., 9:30-10 p.m. EST
Cast: Celeste Holm, Scott McKay, Jeffrey Lumby, Mary Finney, Mike Kellin, Henry Jones
Producer-Director: Joseph Steinbetta
Writers: Larry Gilbert, Hal Collins

IN PREPARATION for her new comedy series on CBS-TV, in which she plays a flagging reporter, Celeste Holm paid several well-publicized visits to newspaper offices to acquaint herself with the real McCoy. It is a pity that Miss Holm did not take her writers with her. Honestly, Celeste! bears no resemblance to newspapering, or to anything else—save possible Mack Sennett at his worst. The first of these half-hour presentations featured the identical suitcase gag which has been around almost since the invention of the suitcase.

In this instance one bag belonged to Miss Holm and contained, well, Miss Holm-type garments. The other belonged to a recently released convict and contained the swag he had cached before he was caught. The bags were switched repeatedly until the ex-con was discovered and hustled back to jail and Miss Holm was installed as an established crime reporter on The New York Express, a mythical, not to say unbelievable, newspaper.

Miss Holm has charm and acting ability which project well on television. But no amount of either could salvage a show burdened with the kind of material given her in her opening program.

IMOGENE COCA SHOW
Production Cost: $40,000
Sponsors: Lewis Howe Co., through Dancer-Figginroad-Sample; Griffin Mis Co., through Birmingham, Castellan & Pierce; Johnson & Johnson, through Young & Rubicam; 808 Co., through McCann-Erickson.
Network: NBC
Time: Sat., 9:30-10 a.m.
Star: Imogene Coca
Producer-Director: Marc Daniels
Musical Director: George Bassman
Choreographer: John Butler
Writers: Immogene Coca, Arthur Kober
Guests (Oct. 5): John Emery, Louella Gears

IMOGENE COCA, one of NBC-TV’s most talented stars, came back to television this season with her own The Imogene Coca Show. So did her long-time teammate, Sid Caesar, with whom she played so wonderfully in past seasons on Your Show of Shows. From Miss Coca’s standpoint it is regrettable that this duet ever came to an end.

Miss Coca’s current vehicle is a half-hour Saturday evening show. If the Oct. 9 telecast was typical of things that are to come, it only prompted the thought that not as much work, strain and stress are poured into network productions as news releases would have you believe. On this particular show so little use was made of the comic talent of the leading lady that it seemed NBC had lost its sense of comedy altogether. Instead of supplying the star with a healthy script and a supporting cast schooled in playing comedy with an energetic comedic pace, Miss Coca inherited a trite, nearly sentimental yarn that bore a disturbing resemblance to “soap opera,” along with a handful of colorless actors of limited talents.

It was sheer waste. Miss Coca is a comedienne capable of delivering a good solo performance such as was illustrated in a brief scene when she gave out with a throaty rendition of “Temptation” in her bar-room singer role. This sort of thing is far more suitable to her particular talents than the drivel that preceded and followed it.

The production on the show was not up to the usually high network standards, either. At one point, for example, some small business Miss Coca was working out with her hands was lost because of poor camera work. The gag, needless to say, was lost too. The script was hopelessly weak. The threesome who wrote the show missed understanding that a broad comedienne is helpless when she is handed a jumbled script with which to work.

CHEMICAL CENTER OF THE SOUTH • WORLD’S MOST COMPLETE OIL CENTER • AMERICA’S MOST BEAUTIFUL STATE CAPITOL • HOME OF LOUISIANA STATE UNIVERSITY • FARTHEST INLAND DEEP WATER PORT

Baton Rougians are among the highest paid workers in the country—with the highest per capita income in Louisiana. To reach this rich petrochemical market, put your message on WAFB-TV. We have, since April 1953, given Baton Rouge entertainment from all 4 networks, as well as our own first-rate local shows. To have your sales message delivered to your potential customers in this area, contact:

THE SEARCH
Production Cost: $25,000
Network: CBS-TV
Time: Sun., 4:30-5 p.m. EST
Narrator: Charles Romine, also Walter Cronkite and Eric Sevareid
Producer: Irving Gillin
Director: Heinwar Rodakiewicz, Franklin Schaffner and others
Writers: Stephen Fleischman, Al Wasserman, Arthur Ziegfeld, others
Cast: Scientists, teachers, students at the universities. No professionals

EDUCATIONAL television at its best, that’s The Search. CBS-TV’s new weekly series based on significant research projects currently in progress at leading universities, which had its premiere yesterday (Sunday).

The two years of preparation reportedly expended on the series has borne fruit, judging by the initial program yesterday and advance viewing of portions of future stanzas. Unlike some educational tv ventures that have a sermon to preach and preach it, The Search tells its story with forceful dramatic impact, never propagandizes but keeps in mind that its primary function is to educate.

On the premiere program, The Search dealt with the work of Dr. Wendell Johnson’s speech clinic at the U. of Iowa. With Charles Romine serving as reporter and narrator, the episode outlined new ideas which give hope of one day eliminating stuttering from among man’s afflictions. An actual story, the drama was sustained throughout the program by the study of a little boy whose parents feared he was a stutterer. It was brought out that he was not afflicted, but the point was unmistakably made that new stutterers are being created each day by unknowing parents. The program offered tips to parents on how they can help prevent their children from becoming stutterers.

This program is "must" viewing on Sunday afternoon for those curious about the world around us.
Leopards may want to—our customers don't

It may be frivolity that makes the leopard want to change his spots, but the wise advertiser today knows that if he wants to move goods now, the best way is to buy spot radio, on key stations—and stick by the spots. It doesn't take many good stations to reach just about everybody. WJR alone, for instance, reaches some 10 per cent of U. S. buying power — more than 15 million people. Ask your Henry I. Christal man for details on WJR.

For over ten years the tales of The Whistler have thrilled millions as a top-rated radio series... and in four hit movies. His haunting whistle has become a nation-wide symbol of the best in mystery entertainment.

Now The Whistler returns in a syndicated film series, ready to thrill new audiences and build bigger ratings on television.

Here are 26 exciting half-hour dramas of suspense... suited to the eyes and ears of the whole family... starring big-name Hollywood personalities... written and produced by men who know the art of film-making.

The Whistler’s appeal to advertisers is so great that, even before production was completed, Lipton’s Tea and Signal Oil signed for regional sponsorship.

See The Whistler while markets of your choice are still available. Ask for a screening and learn about the creative merchandising which goes with this compelling new series.

Car Pool
EDITOR:
Thanks to your automotive advertising story in the Oct. 4 issue, I'm five bucks richer today. The identity of the car at the top of the right panel in the box on page 27 was a matter of dispute around our shop. I won the pool that resulted.

There's one point, of course, on which everybody at our agency is in complete agreement. The best looking car in the pictures was the Buick.

John Marsich, Timebuyer
Kudner Agency
New York

[EDITOR'S NOTE: As the Kudner timebuyer on the Buick account, Mr. Marsich understandably neglected to mention the correct identity of the mystery car. It was a Mercury experimental model.]

Right Show, Wrong Store
EDITOR:
Your issue of Oct. 4 carries a fine article regarding Bob Miller and Radio Station WAIT of Chicago.

However, we must point out that our client, Lane Bryant of Chicago, is the department store sponsoring the "Liberace Program," and that it was a tie-in created the "Liberace Room" on their second floor, not the store erroneously named in this article.

Just goes to show—mistakes can happen in the best of magazines.

Rudy Oriek
Radio Productions
Chicago, Ill.

Plymouth's Agency Is Ayer
EDITOR:
At the top of the third column on page 28 of your Oct. 4 issue the statement is made that "Plymouth's agency is BBDO."

This is incorrect. Ayer is Plymouth's agency. I know that it is difficult to keep straight the ever-changing lineup of agencies and clients, and I hope you won't regard this as a complaint over a minor matter. But the fact is that such statements can cause a great deal of confusion in our relationships with networks, agents and package producers, and so it seemed important to bring this to your attention. We have been Plymouth's only agency since 1943.

Richard P. Powell
Vice President
N. W. Ayer & Son
Philadelphia

Ward vs. Kinsey
EDITOR:
I read in the Oct. 4 issue that you can hear around Mutual that the Ward survey will do for am radio what the Kinsey survey did for sex.

But was sex threatened by the impact of television?

Bill Ladd
Radio-Tv Editor
Courier-Journal and Louisville Times

Record Check Needed
EDITOR:
On Aug. 25th we wrote the following letter to each of the leading record companies:

"Gentlemen:

"Do you have a test record for frequency response and distortion measurements, pressed in the 45 rpm size? Since many record companies' releases are now arriving on 45 rpm discs we have no method of checking the performance of our turntables. Under the present set-up, I am sure the quality of the 45's suffers in comparison to 78's and 33's."

"If you have such, will you please ship us one."

We received only one answer to these letters and this letter stated they have no such record. Perhaps the record companies are not interested in the radio stations doing a good job of broadcasting 45's.

D. C. Summerford
Gen. Mgr. & Technical Director
WKLO-AM-TV Louisville, Ky.

Power Plan Wins Approval
EDITOR:
Just a word of appreciation for the wonderful publicity given the Community Broadcasters Assn.

Through your article in B&T on Sept. 27, we have developed tremendous interest in this nationwide project to increase local station power from 250 watt to 1,000 watt, with broadcasters from all over the country writing in approving of the idea and seeking information on how they can be of assistance. . . .

F. E. Lackey, Pres. & Gen. Mgr.
WHOP-AM-FM Hopkinsville, Ky.

ARF Credit
EDITOR:
I have read with interest your editorial, "The All-Pervasive Medium" [B&T, Oct. 4]. As usual, it had a good tone, but I was a little disappointed that everybody seemed to get a plug except the ARF. As you know from releases of last spring, it was the Foundation that worked out the preliminary plans and retained Politz as the research organization.

A. W. Lehman, Mgr. Dir.
Advertising Research Foundation
New York

Faulty Reference
EDITOR:
Why do radio newscasters, in reporting some news-worthy statement that has been made on the air, invariably refer to it as having originated on television, even though the original interview was carried on both radio and tv?

It has been my observation that this practice is followed by both networks and independent stations whose primary interest is radio, not television. It certainly gives a false emphasis, especially to the thousands of listeners who may have heard the original statement or interview on their own radio sets.

Let us hope that radio newscasters will continue this thoughtless way of deprecating their own medium.

Horace E. Thomas, President
KMTV Marysville, Calif.

Here are 17 Good Reasons Why!
HERETOFORE head of his own advertising agency for 13 years and a pioneer in Midwest daytime TV activities, Ivan Byron Hill last Oct. became executive vice president of Cunningham & Walsh’s new Chicago office, which stemmed directly from a merger with his own organization. He brought with him a career dotted with broad experience in network, station, agency, station representative, TV package and other circles.

Coming from a small agency, which avoided the departmentalization motif common in agency circles in recent years, he brings forward an assortment of experiences that should well serve C & W’s creative and production entities in New York via the group or “team” setup.

Firm Believer

Mr. Hill is a firm believer in the small agency and in advertising as a profession, if only because he was schooled in its traditions and speaks feelingly of its capacities. A tenet of his philosophy: “The real trick of this business is to be a professional and financial success without compromising your convictions.”

Ivan Byron Hill is a native of Blaton Rouge, La., born Feb. 27, 1907. At the age of five, he moved with his family to Prescott, Ark., where he attended grammar and high school.

Most of Mr. Hill’s early training was concentrated in business schools. He went to Phillips U. in Enid, Okla., where he majored in social sciences during 1925-26. From there he shifted to the U. of Washington in Seattle in 1927-28. He was graduated from the U. of California at Los Angeles in 1932.

During the spring and summer months from 1925 to 1932, he represented private schools as a sales manager. In fact, he was so interested in this field that he, together with his brother-in-law, helped develop business schools in Dodge City, Iowa, and Little Rock, Ark.

After UCLA, Mr. Hill decided advertising was his natural bent. While he wanted to go with William Randolph Hearst’s enterprises, he put aside the desire for a spell. His formal business career started with a year on the Santa Monica Outlook (Copley Press).

In 1933 Mr. Hill joined KFAC Los Angeles as a salesman. The following year he became associated with Walter Biddick Co., then serving as West Coast representative for Free & Steininger, the predecessor of Free & Peters, the national station representative firm. After a year there, he moved to the Los Angeles Chamber of Commerce.

The late Louis Allen Weiss, who pioneered with Don Lee Broadcasting System and later entered government service with the former National Production Authority, while still a consultant with Hughes Aircraft, Los Angeles, induced Mr. Hill in 1938 to cast his lot with that regional network in a sales capacity. Mr. Hill was hired to provide some stimulus in retail sales locally, a task at which he acquitted himself admirably.

It was not until 1940 that Mr. Hill actually entered the agency field. Where he did, it was with Russel M. Seeds Co. as an account executive handling research on Armand Co.’s shave cream. After a year at Seeds he was ready to open his own agency, taking the Armand account (which he resigned at Ivan Hill Inc. two years ago).

The Hill agency gradually expanded, taking on a number of other accounts, including James H. Black Co. (Duncan Hines salad dressing), Ivo Inc. (an insect repellant), Kitchens of Sara Lee (coffee cake, pound cake), Krami Dairy, Monark Silver King (bicycles and lawn mowers) and Parafred Carton Assn.

About five years ago, Mr. Hill decided to set up his own package production firm—Personality Features Inc., which through the years has owned programs and reaped a rich harvest. During that time, the firm programmed anywhere from a minimum 7 1/2 to 18 hours of shows each week on three Chicago stations—WBKB (TV), WGN-TV and WNBQ (TV).

The most famous: Creative Cookery, Garfield Goose and Fun in Features.

All Over The Dial

These shows were designed to capture the Chicago daytime TV program market—and virtually did, in a sense. At least, they were all over the TV dial. Mr. Hill’s organization, which had Francois Pope and his Cookery cast under a 50-year contract (good until Mr. Pope would hit the ripe old age of 106), reluctantly parted company with this celebrated package last spring. Early last September, Cookery moved from NBC’s WNBQ to ABC’s WBKB.

Mr. Hill plans to maintain his Personality Features Inc. on a more or less inactive basis in the future. He still has Garfield Goose with Frazier Thomas under contract, but any active TV ventures more than likely will be for the benefit of Cunningham & Walsh, he stresses.

Mr. Hill is married to the former Joan Henninger. They have two children, Lisa, 21, and Barry, 15 months, and reside in suburban Winnetka. Mr. Hill has a son, Ted, 24, by a previous marriage.
on November 13, wtv channel 13 will be the FIRST with the MOST in Metropolitan New York Television Center, Newark 1, New Jersey
For the right start in Color-TV...

you need this RCA Test and Measuring Equipment "Package!"

This indispensable package represents a basic "must" for a satisfactory color operation—network, film or live. You need it to check your station performance, maintain your broadcasting standards, assure the highest quality.

The various components of this vital "package" are pictured below. Charts at the right show how these units are used with relation to other station equipment as a means of providing complete testing facilities to meet various situations.

RCA engineers—the acknowledged pioneers in the development of compatible color television—have spent years developing this test equipment which takes the guesswork out of color broadcasting. Already, RCA color test equipment is proving itself in nearly 100 stations, assuring compliance with FCC standards of quality.

The "package" represents the minimum requirements for your station. For peak station performance each of these items should be included. In many stations the duplication of certain of the items will be desirable.

For experienced assistance in planning the installation of this equipment to meet your individual requirements, call on your RCA Broadcast Sales Representative. Or write RCA Engineering Products Division, Camden, N. J.

Wichita Falls Television, Inc.

PETER ARNOLD KRUG, radio-tv director of Calkins & Holden, New York, went to St. Lawrence U. in Canton, N. Y., to become a Bachelor of Science but ended up married to radio.

Mr. Krug met his industrial love when, as a student, he took a job on the school station to help defray his expenses.

Upon graduation, he followed his career to WNBX Springfield, Vt. (now WKNE Keene, N. H.). In that seat of cragged individualism Mr. Krug proved himself rather a rugged collectivist, his collection of jobs including station manager, salesman, copywriter, announcer, engineer, program supervisor, and construction boss on the erection of a new studio.

After that he moved to WEBR Buffalo, where he tapered off to a 16-hour day creating programs, devising promotion plans, writing scripts and commercials and emerging as one of the town's top disc jockeys.

Five years later he moved to New York and his first advertising agency as business manager of the radio department of Donahue & Coe, transferring thereafter to Calkins & Holden, New York. In April of this year he assumed his present post at that agency as director of radio and television.

Currently he supervises the following radio and tv accounts for the agency: Prudential Life Insurance, Stokely-Van Camp, Marcalus and Oakite among others.

Current billings of the C&H radio-tv division are the largest in the history of the agency with an increasing number of accounts going into television.

Peter Krug is a native of Wallington, N. J., where he was born Nov. 3, 1912. He is married to the former Dorothy Clements. They have two children, Carol Ann, 16, and Peter C., 13. The family lives in Maywood, N. J.

Mr. Krug's hobbies include the organ and piano, photography and model railroading. He has built his own color tv set and his own hi-fi tape-recording playback system.

He is a past president of his local Parent Teachers Assn., is active in the YMCA, the town recreation commission and in the national Boy Scout organization.
CHOOSING the best television station for your advertising job in the Omaha market is “easy as falling off a log.”

Only KMTV offers you the Missouri Valley’s largest audience—with 11 of the top 15 weekly shows, 7 of the top 10 multi-weekly shows, Omaha’s most popular locally-produced show, and a commanding lead in all time periods.*

For example, take these sales-producing daytime hours from 8 a.m. to 6 p.m. KMTV’s average quarter-hour rating of 9.3 gives KMTV a 63 per cent larger audience than Omaha’s second station.

On daytime television KMTV puts you in such top-flight company as Garry Moore, Arthur Godfrey, Warren Hull, Tommy Bartlett, Art Linkletter, Robert Q. Lewis, Bob Crosby, and Win Elliot. These network stars, along with KMTV’s popular local programs, keep TV dials throughout the region set all day long on Channel 3.

Every week 56 spot announcement advertisers and 13 program sponsors find that KMTV is a top sales producing medium in the booming Omaha area. These advertisers—the biggest names and the most successful in business today—know that KMTV is Omaha’s best daytime television buy.

Daytime television on KMTV reaches more people, at the lowest cost, in the prosperous Missouri Valley market. To see how daytime television can work for you, check with KMTV or Petry, today.

KMTV leads in promotional activity, too. To celebrate its 5th Anniversary, KMTV recently staged Omaha’s biggest “Baseball-Birthday Party.” Write for your free photo-packed, 8-page booklet on this record-breaking promotion, today!

SMART ADVERTISERS ALL AGREE: IN OMAHA, THE PLACE TO BE IS CHANNEL 3
Four entries! Four Winners! That was WPTF’s record in the first annual North Carolina Associated Press Broadcasting competition for newscasts. WPTF was tops in comprehensive news, commentary and women’s news. It won an award of excellence in city and state news.

Superiority in news coverage is just another reason why WPTF has more North Carolina listeners than any other station. Ask us for all the facts on our news availabilities.
WHAT THE ELECTIONS MEAN TO RADIO-TV BROADCASTERS

The pre-election campaigns are heating up, meaning a gush of business for both media. Control of House and Senate is stake, meaning that the complexion of radio-tv regulation could change after Nov. 2 (see page 28). Some stations are saturated with buyers.

CAMPAIGNS ON THE AIR

WHAT PROMISES to be the most widespread use of radio and television ever attempted by political candidates and their parties in an off-year election is underway this week as the nation's GOP and Democratic campaigner enter the final two-week stretch.

No one can estimate the vast amounts of money being poured into the electronic media as the showdown nears on which party will win control of Congress and state governments. And candidates and their supporting groups weren't tippingDehuis hands to opponents on radio-tv campaign spending. Some professed to be "playing by ear," and thus they couldn't estimate what radio-tv expenditures might be. Others frankly admitted that "We don't want the opposition to know what we're spending or how we're spending it."

Actually, it is unlikely the amounts spent for political time on the two media ever will be compiled into a single figure. Under the Corrupt Practices Act senatorial and congressional candidates and political groups operating in two or more states (national party committees, labor unions, etc.) must report to Congress on contributions and expenditures, but transactions by groups and individuals on the state level are governed by respective state laws.

Besides political spending, networks and stations are due to reap other revenues for sponsorship of election coverage and other pre-election business.

Although there was grumbling from both Democrats and Republicans on the high cost of television and reports that much optioned radio and tv time had to be canceled because of lack of money, activities of many candidates in filming and taping spots and programs indicated otherwise. Many stations, it was reported, were turning away political purchasers because their schedules already were saturated with electioneering drudgery.

On the national side of the picture, the Republican National Committee, said to be leaning heavily on the popularity of President Eisenhower, bought 60 Midwest (Farm Belt) tv stations last Friday for a speech by the President on the Administration's farm program.

The GOP National Committee said it has no present plans to buy more network time on radio and television, but "don't rule us out." The Republican organization claimed the largest half-hour political tv hookup in history for the GOP National Precinct Day talks by President Eisenhower and Vice President Nixon Oct. 8, with an augmented CBS- TV network of nearly 160 stations and about 534 NBC Radio and Mutual outlets [B*T, Oct. 11].

The Citizens for Eisenhower Congressional Committee was dickered with the television and radio stations for a period "a few days" before the election, in which it hoped the Chief Executive would appear. This presentation would be similar to the one-hour network radio-tv rally staged by the Committee on Election Eve in 1952.

Candidates to Decide

The Democratic National Committee reported it plans no network purchases, but is forwarding funds to candidates and to the party's Senatorial and Congressional Campaign Committees, to use as they see fit.

The CIO's Political Action Committee and the AFL's Labor's League for Political Education, both in the main supporting Democratic candidates, are following the same pattern, although AFL is employing "cut-ins" on local stations in behalf of "10 or 12" senatorial candidates on its quarter-hour newscast by Harry Flannery on Mutual.

NBC-TV and CBS-TV already have sold sizable portions of their election-night coverage. Roto-Brol Corp., Long Island City, N. Y., has signed for sponsorship of one-half the period between 9:30 p.m. and 1 a.m. EST on NBC-TV and one-quarter of the time between 11 p.m. and conclusion on CBS-TV. The National Carbon Co., New York (Prestone anti-freeze), also will sponsor one-quarter of CBS-TV's 11 p.m. to conclusion coverage.

Both networks reported they are negotiating with advertisers for unsold portions of election night programming. The networks have made available a total of more than 200 interconnected stations for the coverage, which will begin at 9 p.m. EST.

Chevrolet has purchased the ABC Radio and ABC-TV coverage of election returns, starting at 9 p.m. on radio and 11 p.m. on television. The agency for Chevrolet is Campbell-Ewald, Detroit.

Mutual and CBS Radio were reported to be negotiating for sponsors.

Pre-election business was fairly spirited on both network and local levels.

ABC Radio sent news commentator John W. Vanderbilt on a three-week, eight-state tour, starting last Monday, during which he will tour key areas. His analyses will be broadcast on John W. Vandercook News (Mon.-Fri., 7-7:15 p.m. EST), which is sponsored by CIO.

Lloyd Whitebrook Adv., New York, is agency

SEEKING THE WOMEN'S VOTE ON TV

AS DISCOVERED in the last national election, the housewife's vote can be nearly decisive. With this in mind, Nancy Williams, wife of Michigan's Gov. G. Mennen Williams, last July inaugurated a political type broadcast with special appeal for the busy homemaker.

Nancy's Scrapbook, seen regularly in the afternoon over WJIM-TV Lansing, reviews legislative and political happenings and simplifies civic problems. Mrs. Williams, knowing the importance of women's votes, also campaigns for her husband, who is seeking his fourth term as Michigan's governor.

The program is divided into two parts: a review of the governor's weekly activities and an informative discussion on a current state or national problem. Source material for Mrs. Williams' program comes from 13 scrapbooks that she first collected in order to compile clippings for her children. These scrapbooks have since become an informative record.

With the aid of this material, Mrs. Williams uses photostated clippings illustrating current events in the Michigan area and on the national scene.

THE governor's wife, Nancy Williams, before the cameras with one of her scrapbooks and a portrait of her husband, Michigan's Gov. G. Mennen Williams.

October 18, 1954 • Page 27
for Citizens Committee for Harriman, Democratic State Committee of New Jersey and Democratic State Committee of Pennsylvania. The Democrats are said to be using 20 tv stations in 10 New York State cities, televising five hours of programs, or 15-minutes in length, plus spots. The party is using more than 50 radio stations in New York State, it was reported, including Radio Corporation Network. Radio spots and 5-, 10- and 15-minute shows are being used.

The Democrats also are using television in New York City, Philadelphia, Newark and Asbury Park, N. J., to reach voters in New Jersey. Radio in that state is being bought on an unknown number of stations in 11 cities.

WCBS-TV New York announced that the Independent Citizens Committee for Jobs has purchased time on the station last Monday (7:15:7:30 p.m. EST), and the Javits for Attorney General Committee had sponsored a talk by Rep. Jacob K. Javits (R-N.Y.) last Tuesday (7:10:7:25 p.m. EST).

DuMont Television Network announced that President Eisenhower was to deliver a speech on 60 midwestern stations last Friday (9-9:30 p.m. EST) under its sponsorship of the Republican National Committee. The President reportedly was to make a bid for the midwestern farm vote in the congressional elections. The agency is BDDO.

DuMont's WABD (TV) New York last week carried four film programs under the sponsorship of the New York Democratic Committee. They were presented last Monday, 12:05-12:15 p.m. EST; Wednesday, 8:45-9 p.m. and Thursday, 1:30-1:45 p.m. and 10:20-10:30 p.m.

Democrats on Campus

The College Radio Corp., New York, announced that the New York State and Pennsylvania State Democratic Committees have purchased a series of programs and spot announcements on 21 campus stations in the two states as part of their pre-election campaign. The business was placed through Whitebrook Adv.

The New York State CIO said it will stage a series of at least five and possibly more statewide telecasts on behalf of Democratic candidates in the state, for a cost of $50,000.

Louis Hollander, president of the state CIO, said all the telecasts will feature Rep. Franklin D. Roosevelt Jr., who is campaigning for state attorney general. All the tv programs will be filmed, three will be 15 minutes and two of half-hour length. Tapes of each will be made for radio broadcasts.

Two of the films will show Averell Harriman, Democratic nominee for governor. CIO officials will appear in the films with candidates.

In Pennsylvania, the Democrats are using tv heavily. Four to five tv "network" (state outlets) broadcasts will have been scheduled by Election Day. One of the network programs was a live broadcast Sept. 8 when Adlai E. Stevenson spoke at a $100-a-plate dinner at Harrisburg. Other telecasts also will be statewide, summing up issues of the campaign.

Nearly all of tv time in Pennsylvania is on film and of 5-, 10- or 15-minute duration, touching upon campaign issues and documentary in nature.

Radio has consisted of 20-second and one-minute spots or of 5-, 10- and 15-minute programs aired early in the morning and late at night in tv areas and in regular nighttime hours in non-tv areas.

That candidates of both parties are electronics-conscious became readily apparent last week in a check of filmed and taped announcements being distributed.

The GOP National Committee made one-minute (5 film, 12 tape) spots from President Eisenhower's Hollywood Bowl speech for use by candidates, while some 100 2½- and 1-minute film spots were made showing Vice President Nixon introducing various candidates.

Sent to all GOP candidates by the Republican Congressional Campaign Committee were a series of films, strips and tapes. This group also reported some 170 candidates were forwarded 190 copies of a 27-minute sound film (in black-and-white and color), "Report to the People," produced by the Joint Senate & House Recording Facility and featuring the President and Administration officials.

Also being sent to candidates by the Citizens for Eisenhower group are 12 tv spots featuring John Roosevelt, the organization's vice chairman. The Citizens committee is distributing for use by candidates a half-hour film, "Year of Decision," made last summer and featuring the President and other Administration leaders.

Both GOP and Democratic candidates were making extensive use of the Joint Senate & House Recording Facility, which produces film or tape spots and programs at moderate costs, for incumbents of either party. Senators and Congressmen up for re-election have been keeping this unit busy since before the two Houses adjourned in August.

Republican spokesmen had no record of the extent to which the recording and filming facility has been used by GOP incumbents, but the Democratic Senatorial Campaign Committee reported several senators have made radio or tv programs and spots.

Among them are Sen. Matthew M. Neely (D-W.Va.), one 15-minute and two five-minute tv films; Sen Robert S. Kerr (D-Okl.), one 15-minute filmed interview with newsmen and one 15-minute film on the Oklahoma farm situation; Sen. Russell B. Long (D-La.), a film on Federal Communications Commission; Sen. John F. Kennedy (D-Mass.), a 15-minute film on unemployment compensation. Some of these also are being used by other Democratic candidates.

Others who have made film or radio spots are Sen. Guy M. Gillette (D-Iowa); Rep. Samuel W. Yorty (D-Calif.) (campaigning for the Senate); Sen. Hubert H. Humphrey (D-Minn.). Others using the facility are Rep. Charles R. Howell (D-N.J.) (campaigning for the Senate) and Sens. Clinton P. Anderson (D-N.M.), Theodore F. Green (D-R.I.) and James E. Murray (D-Mont.).

**WHAT IF THE DEMOCRATS WIN?**

TIME STANDS still on the communications regulatory scene in Washington—probably until after the Nov. 2 elections.

If the Democrats win control of both houses of Congress, the political complexion could change overnight. Possibly thrown into controversy could be the Senate confirmation of George C. McConaughy as chairman of the FCC and the status of the Bricker investigation scheduled to begin open hearings next February under present Republican direction.

The cloud on the chairmanship, under Democratic control of the Senate, would not stem from any known opposition to Mr. McConaughy as a qualified appointee, but from what the Senate might regard as its prerogatives in respect to partisan balance on independent agencies. There is precedent for this situation: President has had a Senate controlled by the opposition party.

Mr. McConaughy was given a recess appointment by President Eisenhower for the unexpired portion of the term of George E. Sterling, which runs until June 30, 1957. The President has not have the time to assemble the expert technical knowledge to handle them.

The FCC, under the Communications Act, cannot have more than four members of the same political persuasion. There are now four

_The Electrocasting_
Republicans (Mr. McConnaughey, Rosel H. Hyde, John C. Doerfer, and Robert E. Lee); two Democrats (Frieda B. Hennock and Robert T. Bartley), and an independent (E. M. Webster).

Whether the Democrats will provoke the balance-of-power issue probably won't be decided until after the elections. A Republican victory, of course, would leave the FCC organization status quo.

Mr. McConnaughey, through no fault of his own, thus might become embroiled in a purely partisan struggle for control of one of the most important of the independent agencies. He was confirmed for the chairmanship of the Reagan-gotated Board of Governors of the FCC—by the Senate just a year ago, without hearing or indicated opposition. He has an excellent record as an administrator and an attorney. In his two weeks on the FCC he has been content to observe its operations, become acquainted with personnel and otherwise learn the ropes.

Entirely apart from the chairmanship aspect, there have been complaints to members of Congress about recent FCC decisions in contested television cases. Charges have been leveled that politics rather than the merits have governed in some highly contested cases. Democrats, if they win control, might be goaded into action by these complaints.

The Bricker investigation, now being conducted at staff level, has been in a state of suspended animation during the last fortnight. But whether it is a matter of watchfully awaiting the outcome of the elections or recess inertia isn't clearly discernible.

The staff, to date, has submitted a questionnaire to the FCC directed mainly toward the final television allocations, the reasons for intermixtures of uhf and vhf in the same markets, network and subnetwork affiliations, and related matters. A questionnaire designed for the four television networks has been drafted, but has not yet been approved by Sen. Bricker (see page 58).

If the Democrats win Nov. 2 the Commerce Committee promptly would be confronted with the question whether the inquiry should be continued, and if it is, whether an entirely new approach should be taken. That the Democratic members of the committee have not been in full accord with Sen. Bricker is reflected in the fact that Democrats sought and succeeded in procuring "minority" counsel to "offset" former FCC Commissioner Robert F. Jones, who was selected as chief counsel by Chairman Bricker.

At the behest of the Democratic minority, Chairman Bricker named Harry Plotkin, Washington attorney and former assistant general counsel of the FCC under the New Deal and Fair Deal, as the minority counsel. Nick Zapple, staff communications expert of the Committee, was assigned to coordinate the inquiry.

Sen. Magnuson, who would become chairman as the senior Democratic member, would be the new key figure in a change in Senate control. In these circumstances it would be largely his decision whether the inquiry as charted should continue and whether the present staff should be retained. He would have the prerogative of naming the chief counsel, who without question would be a Democrat. But there is considerable doubt whether he would even recommend that the investigation be conducted at this time.

Assuming the investigation would continue, the likely development would be reversal of the Jones and Plotkin positions. Whether either attorney would be disposed to remain with the committee is problematical. Each is on leave from his respective law firm partnership.
McEVOY PRAISES RADIO'S FLEXIBILITY

It has "tremendous possibilities" for use with other media, agencymen tells CBS Radio Spot Sales meeting.

RADIO permits the advertiser to use a medium with utmost flexibility, a top advertising agency executive, Newman F. McEvoy, vice president in charge of media, Cunningham & Walsh, said last week.

This flexibility, he said, permits "tremendous possibilities" of radio being used in combination with other tried-and-true advertising approaches. "Radio is one of the two mediums which give opportunity for personal selling with all of the forcefulness and conviction that implies," he said.

Mr. McEvoy spoke before the annual meeting in New York of executives of stations represented by CBS Radio Spot Sales. The Wednesday-Thursday sessions were held at the Savoy-Plaza Hotel.

Radio's flexibility, Mr. McEvoy told the broadcasters, is in time, in length of presentation and in the area and audience covered.

To illustrate his point, Mr. McEvoy drew on a recent Liggett & Myers Tobacco Co. (a C & W client) purchase of CBS Radio time for a daytime broadcast of Gunsmoke to go with its nighttime broadcast of the same program. This move, he said, was indicative of the great belief L & M has in the effectiveness of radio advertising and "that we both want to get extra mileage out of radio."

Mr. McEvoy said the story of Gunsmoke sponsorship on CBS Radio was also meant as a compliment—"I have occasion in buying media to see salesmen for every type of advertising. The Radio Spot Sales activity is aggressive, constructive, competitive and represents a real creative contribution to advertising."

Radio affords "extra mileage" by its "very nature," and will become "more and more attractive to advertisers. Smart advertisers will always buy the one-two punch possibilities for using radio in combination with one or more of the other big-time advertising approaches," he said.

The meeting was attended by general managers, sales managers and other top executives of the six CBS-owned stations and eight affiliated stations. Wendell Campbell, CBS Radio vice president in charge of station administration, and Henry R. Flynn, general sales manager of CBS Radio Spot Sales, presided over sessions which highlighted discussions of sales, programming and promotional plans for the new broadcast season.

Adrian Murphy, CBS Radio president, gave the welcoming address, kicking off a series of conferences which looked at all phases of the network's activity.

Dr. Frank Stanton, CBS Inc. president, was guest of honor and principal speaker at the Thursday luncheon. Speakers at the Wednesday luncheon were Mr. McEvoy and Howard Meighan, vice president of CBS Inc. Meetings concluded with a cocktail party Thursday afternoon, attended by more than 700 agency and client executives.

Schuebel's New Look for ID's

A NEW, full-screen method of television station "shared" identifications, originated by Reggie Schuebel, president of Reggie Schuebel Inc., television-radio consultant, is for the first time being offered to clients by NBC Spot Sales.

NBC Spot Sales' new, alternative procedure for handling 10-second station identification announcements is to use the full screen for 7 1/4 seconds for the advertiser's message and 2 3/4 seconds full screen for the call letters and channel number. Miss Schuebel's original concept was to make the advertiser's message eight seconds (eight video, six audio) and for the station to follow the advertising message with full-screen showing of call letters and channel for two seconds as per FCC regulations. On the usual station identification announcements the advertising message shares the screen with the station, three-quarters of the screen for the advertising message and one-quarter for the station's call letters and channel number.

Miss Schuebel first conceived the idea of the full-screen-treatment for the advertiser early this year, when she started the spot announcement campaign for Salada Tea for its agency, Hermon W. Steven in Boston. Salada, which spends about $1 million on its radio and television spot announcement campaign, is, as a result of Miss Schuebel's pioneering, the first advertiser to benefit by the full-screen identification treatment. Fanny Farmer Candies is the second advertiser to use the new full-screen announcements, placed by Miss Schuebel for Chas. Rumrill & Co., Rochester.

THE NEW WAY

10 seconds of this

10 seconds of this

with which to put the message across without dividing audience attention with call letters and (3) money saved in this manner can then be budgeted into more time buys to create greater sales.

The advantages of the full screen treatment to the advertiser, Miss Schuebel told B&T, are (1) no additional costs for station call-letters art work, (2) a full screen on which to put the message across without dividing audience attention with call letters and (3) money saved in this manner can then be budgeted into more time buys to create greater sales.

The advantages of the full screen treatment to the advertiser, Miss Schuebel told B&T, are (1) no additional costs for station call-letters art work, (2) a full screen on which to put the message across without dividing audience attention with call letters and (3) money saved in this manner can then be budgeted into more time buys to create greater sales.

P&G Plans 11-Story Office

In Cincinnati; Ready in 1956

PROCTOR & GAMBLE Co. will begin construction of an 11-story headquarters building in downtown Cincinnati this winter with occupancy scheduled for the fall of 1956. P & G said Tuesday its present quarters have become inadequate because of a 200% increase in its headquarters staff since 1920, necessitating the move into the new building, which will provide about 320,000 sq. ft. of office space.

Building plans follow a trend to exterior walls of glass panels separated by strips of stainless steel, permitting the modern interior design and color scheme to be seen from the street. The design will permit installation of a rooftop landing area for helicopters.

Bresett Named Director Of Duane Jones Ad Firm

E. M. BRESETT, executive vice president, has been named a director of Duane Jones Co., New York, and will assume active management of the agency immediately while Mr. Jones takes a rest ordered by his doctor, the agency announced last week.

Mr. Bresett, who left the agency after being a member of the original Jones team, returned to the company two years ago as executive vice president in charge of planning. He is versed in Mr. Jones' package goods advertising techniques and will personally supervise all agency business.

F&S&R's Billingsley Dies; Allen Elected As Successor

ALLEN L. BILLINGSLEY, 64, president of Fuller & Smith & Ross Inc., Cleveland, New York and Chicago advertising agency, died of a heart attack Oct. 7. Apparently in good health, Mr. Billingsley had worked at his duties as head of the agency until the day before he succumbed.

Mr. Billingsley, a former chairman of the Cleveland Chamber of Commerce, was twice chairman of the American Ass'n of Advertising Agencies, a former president of the Cleveland Advertising Club and current chairman of the National Outdoor Advertising Bureau.

He is survived by his wife and two sons, Comdr. Henry E. Billingsley, U.S.N., and Charles W. Billingsley, media director in the Chicago office of Fuller & Smith & Ross. Robert E. Allen, vice president, director and manager of the New York office of Fuller & Smith & Ross, later in the week was elected president of the agency to succeed Mr. Billingsley. At a special meeting of the board in the main office in Cleveland the agency also named Ralph W. Nicholson, a vice president, as manager of the New York office. John C. Maddox, vice president and manager at Cleveland, becomes executive vice president as well. Edward J. Laussen, vice president and manager at Chicago, becomes chairman of a new executive committee, which will function as a policy-making unit of the board. Edwin L. Andrew, executive vice president and creative director, becomes board chairman. Burton N. Schellenbach, a vice president, becomes a director, taking the place left by Mr. Billingsley.

Double-Barrel 'Gunsmoke'

AS a means of reaching the daytime as well as the nighttime radio audience, Liggett & Myers Tobacco Co., New York (L & M Filters), began sponsorship last Saturday of CBS Radio's Gunsmoke series on an evening and daytime basis. L & M previously had sponsored Gunsmoke on Saturday, 8-8:30 p.m. EST, and added the Saturday daytime broadcast (12:30-1 p.m., EST), consisting of a repeat of the preceding Saturday evening drama. Agency for Liggett & Myers is Cunningham & Walsh, New York.

Bank of America's Birthday

BANK OF AMERICA, to observe its 50th anniversary Oct. 17, purchased the 8-9 p.m. (PST) time slot on 28 California TV stations. An hour-long film, "California," was specially produced by Jack Denove as a salute to the state and the banking institution. Academy Award winner Thomas Mitchell was narrator. Featured actors were Jack Benny, Gregory Ratoff, Anna Maria Alberghetti, Ruth Hussey, Paul Kelly, James Gleason, John Carradine, Bonita Granville, James Craig, Robert Strauss, Richard Jaeckel and James Edwards. Bank of America's agency is BBDO, San Francisco.

SPOT NEW BUSINESS

Ford Motor Co. is setting up its national spot announcement campaign using two and three-week schedules to start at end of October. Number of radio and TV stations to be used will be in neighborhood of 1,700 [B&I, Oct. 4]. Agency: J. Walter Thompson Co., N. Y.

Gold Metal Candy Corp., Brooklyn, N. Y., planning 30 times per week spot saturation campaign on WABC-TV and WABD-TV, both N. Y.

NETWORK NEW BUSINESS

Animal Foundation Inc. (Hunt Club Dog Food), Sherburn, N. Y., to sponsor 10:30-45 a.m. segment, Galen Drake Show (CBS Radio, Sat., 10:05-45 a.m. EST). Agency: Moser & Cotis, Ulica, N. Y.

AGENCY APPOINTMENTS

W. C. Williams Inc., (appliance dealer), N. Y., appoints Product Services Inc., same city. Radio-TV will be used.

Pharma-Craft Corp. (Ting medication), N. Y., appoints Harry B. Cohen Adv., same city, effective Nov. 1.

Fox Head Brewing Co. (Fox Head 400 Beer), Waukesha, Wis., appoints Frank C. Nahee Inc., Chicago. Radio-TV will be used.

McCormick & Co. (spices, extracts), Baltimore, appoints Beaumont & Hohman Inc., Chicago. Radio-TV will be used.

Hanover Canning Co., Hanover, Pa., appoints Arndt, Preston, Chapin, Lam & Keen, Philadelphia.

Stebo Mfg. Co. (auto safety belts), Chicago, appoints Phil Gordon Agency, same city, with Philip W. Abrams as account executive. Radio-TV will be used.

Oscar Denton Co. (Circle D jeans), San Diego, appoints Dan Lawrence Co., same city, with Cal Lawrence as account executive.

Chatham Health Prod. (Appredin weight re-ducer), N. Y., appoints Dan Jones Co., same city. Radio-TV will be used.

Dixie Shops (retail women's apparel chain), L. A., appoints Landsdale Co., same city. Radio will be used.

Town Square Foods Inc., Pittsburgh, appoints Cavanaugh Morris Adv., same city. Radio will be used.

Banking, insurance, and radio and TV stations have signed up for the Ford Motor Co. campaign, which will be used in neighborhood of 1,700 stations in about 500 markets. Ford will use its_spot campaign to introduce its "new look" for 1955 models.

SIGNING for 8,580 hours of broadcast time to be used within a five-year period over KRLD Dallas, Tex., said to be the largest contract in the station's history, is Charles R. Speers, vice president in charge of American Airlines sales. Witnessing the signing are William A. Roberts, seated, 1, station's assistant general manager in charge of sales, and (standing, 1 to r) Joseph Timlin, vice president of the Branham Co., KRLD representative, and C. L. Smith, Ruthrauff & Ryan Inc., agency for American Airlines. Contract calls for a six-days a week, midnight to 5:30 a.m. music show.

in the 128 sales are 95% of the top 70 markets in the country, Mr. Rikfin said. Among sponsors carrying the show are food chains, packing firms, bedding companies and banks with food concerns leading the list. Latest addition to sponsors of the series is the Oscar Mayer meat company, which has just signed the package for Chicago, Madison, Wis., and Davenport, Iowa-Rock Island, Ill.

**GUILD FILMS CHIEFS CONFER ON EXPANSION**

DETAILS of a major expansion program by Guild Films Co. in production, sales and services in 1955 were to be described yesterday (Sunday) at the opening session of a two-day conference to be held in the company's New York office. The meeting will continue today with Joseph F. Smith, Guild Films sales director, presiding.

Scheduled for attendance at the conference were all Guild Films executives from coast to coast to hear plans centering around the establishment of a production unit in New York and expansion of production facilities in Hollywood. Reub Kaufman, Guild president, was to lead discussion on this phase of Guild Films' operation, and also to touch on several new developments regarding the company's five current shows—Libershow. Life with Elizabeth, Joe Polooka, Florian Zebach, and Frank Laine.

Mr. Smith outlined sales plans for 1955, reporting that Guild Films expects to open new sales offices in New England, the South and the Southwest. Monroe Mendelson, sales promotion director, said an intensified promotion program is in the offing, and gave details of a new merchandising policy for the unit, to be known as "Operation Blockbuster."

Other scheduled speakers at the meeting were Art Gross, director of client service relations, who was slated to present highlights of a program for increased cooperation with stations and sponsors, and development of a new premium pattern for all Guild Film shows, and Edward Grossman, head of the Guild radio division, who was to report on progress in sales and services and on plans for expansion.

As part of the expansion program, Mr. Kaufman announced that Karl J. Gericke, formerly assistant director of network program sales for ABC-TV, has been appointed assistant sales director of Guild Films, and Arnold L. Deutchman has been named administrative aide to the president.

**David Rose Joins Ziv TV To Head New Music Unit**

NEW MUSICAL department, headed by David Rose, composer and conductor, has been established at Ziv Television Programs Inc. In addition to his duties as musical director, Mr. Rose also will handle musical direction on the new Ziv Show, Eddie Cantor Comedy Theatre, now in production at Ziv's West Coast studios.

The company has announced that future plans call for the filming of an additional six programs next year, among which are musical and variety shows. In announcing Mr. Rose's appointment, John L. Sinn, Ziv president, said, "By signing David Rose, we are following through with our policy of acquiring the top names in show business," adding that Ziv's contract with Mr. Rose followed by a few days the firm's announcement that it had concluded a five-year pact with the American Federation of Musicians.

**Bonded Film Shipment Offers 60-Day Trial**

AS A MEANS of testing its plan designed to reduce film shipping costs to tv stations, Bonded TV Film Service, New York and Los Angeles, announced last week it is offering the plan without charge to tv stations throughout the country for a period of 60 days.

In making the announcement, Chester M. Reub, president, said stations will be able to determine during the no-charge period "the substantial savings accruing to them through the Bonded plan to cut film shipping cost." He claimed that in many cases the savings will run as high as 75%.

Mr. Ross explained that the cost-cutting is achieved in the Bonded plan through the coordination of film shipments between tv stations and film distributors in such a way as to take advantage of bulk shipping rates, which decrease as the weight of a shipment increases. This is effected under Bonded's plan by combining a number of varied single shipments of different distributors' prints for the same station into one bulk unit, utilizing Bonded's specially-designed containers, according to Mr. Ross.

Three options are given on service charges to the station for the cost-saving Bonded TV Service, Mr. Ross continued. "The charge is tailored to the advantage of each station, either on a per-pound basis, a percentage of the savings by use of Bonded's plan, or a weekly service charge. The purpose of the 60-day no charge offer is to give stations an adequate test period that not only will prove the efficiency of the plan, but enable the station to choose the optional service charges best suited to its needs."

Mr. Ross reported that more than 70 stations currently are using the Bonded plan and that new subscribers have averaged three per day since the start of the 60-day offer.

**Goldwyn-Pickford Dispute May Force Sale of Studies**

SALE of the $2 million Goldwyn Studios, Hollywood, is expected to be ordered next month by Long Beach Superior Court Judge Judge Nourse. Five-year court differences between the famous & Pickford and motion picture producer Samuel Goldwyn, were resumed a fortnight ago, the disagreement involving ownership of specific equipment.

Judge Nourse is expected to view the studios this week and order the sale. Jacques Leseil, attorney for the former star, has informed the court he has a buyer who will pay $145 million for the property. Series currently being filmed at Goldwyn include CBS-TV's Topper, Schatz Playhouse of Stars, NBC-TV's Loretta Young Show and ABC-TV's Cavalcade of America.

**FILM SALES**

Tom J. Corrindle & Assoc., Hollywood, announces following sales: 77 westerns and 26 features to KOIN-TV Portland, Ore.; 26 features to KRON-TV San Francisco; 38 features to KOAT-TV Albuquerque; 140 features to KOYR (TV) St. Paul; half-hour series to KUTV (TV) Salt Lake City; 38 half-hour westerns to KJH-TV Hollywood; nine features to KTLa (TV) Hollywood; and 52 This Is the Story films to KTTV (TV) Hollywood.

Official Films Inc., New York, has sold The Star and the Story half-hour series to the Anheuser-Busch Inc. (Budweiser Beer), St. Louis, for showing in Philadelphia, Pittsburgh, Lancaster, all Pa., and Boston and Washington.
To be first and STAY first requires EXPERIENCE. KPRC-TV has it… 469 years of it! A staff of 127 people (many of them with the station since it telecast Houston’s first program in 1949) keeps KPRC-TV first. They maintain KPRC-TV’s excellence in performance and market-wise programming. They make KPRC-TV the best buy in the Gulf Coast area… morning, afternoon, evening… all the time, day after day, and year after year.

ABC’s Ted Oberfelder tells AWRT workshop session that ratings are over-emphasized. He says sales should be the advertisers’ guide.

SALES PROOF OF SUCCESS AWRT TOLD

ABC’s Ted Oberfelder tells AWRT workshop session that ratings are over-emphasized. He says sales should be the advertisers’ guide.

SALES chalked up by a sponsor and not the rating of his program should be a guiding factor in the broadcast business, according to Ted Oberfelder, ABC vice president and WABC New York manager.

Mr. Oberfelder took part in morning workshop sessions Oct. 9 at the two-day New York State Conference attended by some 200 members of American Women in Radio and Television at the Hotel Park-Sheraton, New York.

He also minimized efforts in station merchandising, store visits by program personalities and other such special promotions, asserting that “these extras just dilute the sales dollar. Why give away talent and time?”

Taking issue, Margaret Arlen, WCBS-TV New York commentator, said the broadcaster is a member of the sponsor’s sales staff and so far as attending a store opening—that’s the quickest way for a broadcaster to meet several hundred interested people at one time.

Mr. Oberfelder said women broadcasters get low ratings for their programs even though they sell the advertised products in great amount. “I’d rather have a program with a one rating point and sell the product than have a 101 rating but poor sales,” he said.

Mrs. Don Corwith, supervisor of public affairs at NBC and former national president of AWRT, said the woman broadcaster’s greatest problem is to get a proper evaluation of her actual impact on her audience. What’s needed, she said, is a survey of women’s markets and how women’s programs can best serve the public.

In other morning sessions, Pauline Frederick led a group discussion on advertiser-station relations; Helen Hall presided over an internal management relations panel, and Helen Parkhurst led another panel in a discussion of public relations.

In the evening, speakers included William Dodson, tv staff director, ABC; Geraldine Zorbaugh, ABC general counsel; Neal L. Moylan, director, New York State Radio-Motion Picture Bureau and chairman of the New York City Chapter, American Women in Radio and Television; Robert O’Bradovich, makeup specialist (NBC), and Josephine McCarthy, cooking specialist with the daily Herb Sheldon Show on WRCA-TV New York.

Mr. Dodson said the chief trouble in the video business, from the producer-director standpoint, “is lack of time and space, both of which can be bought.” Mrs. Zorbaugh noted that work has become more complex since tv contracts have come on the scene and assured her audience that “it’s possible to write contracts people can understand.” Mr. Moylan led a discussion on the current FCC definition of what constitutes an educational program, evolving several differences in the language.

Preparations for a cooking demonstration on tv, according to Miss McCarthy, must be exact, complete, swift and clear because “complicated doings on tv lose the watcher’s interest.” Mr. O’Bradovich demonstrated on a model how makeup changes an actress’ age or appearance.

Also in the evening sessions, Lilian Okun, producer-director for WMCA New York and chairman of the AWRT chapter’s job counseling committee, discussed “do’s and don’ts” of job-hunting. Moderator was Adelaide Hawley, the Betty Crocker of radio and tv.

A proposal by a faction of AWRT that a state-wide organization of New York women in the broadcasting field be set up was discussed during the weekend meeting but no action was taken. However, to facilitate the conference in its state-wide activity, Barbara Hall, WHCU Ithaca commentator, was elected state treasurer to handle financial affairs at the direction of the New York state chairman.

At the same time, the chairman was authorized to appoint an advertising committee that will work on arrangements for future conventions.

During the conference, Judge Irving Ben Cooer, chief justice of the Court of Special Sessions, City of New York, addressed a couple of people to cooperate in the stimulation of community efforts to combat juvenile delinquency.

Heart of America AWRT Elects Hayes President

ANNE HAYES, KCMO Kansas City, was elected president of the Heart of America Chapter, American Women in Radio & Television, at its recent Omaha meeting. Other officers elected were: KSTV-St. Louis, vice president; Martha Spaulding, WDAF-TV Kansas City, secretary, and Jean Sullivan, Buchanan-Thomas Adv. Agency, Omaha, treasurer.

Panel on ways to improve women’s programs included Miss Hayes; Milton J. Stephan, radio-tv director and partner, Allen & Reynolds, Omaha agency; Robert Thomas, WJAG Norfolk, Neb., and Mrs. Arthur Schmad, representing listeners and viewers. Mr. Stephan called for fresh ideas in the commercial field and in commercials looking for the broadcaster’s ability to sell a loyal audience. Mr. Schmad urged sincerity and naturalness along with distinct speaking and convincing language. Miss Hayes advised careful preparation for programs.

Participants in a radio panel were James Harker, KRON Omaha; Lucille Vernes of Shenandoah, Iowa; M. Hansen, WOW Omaha, and Arthur H. Parson, Omaha. They agreed radio’s first job is to entertain and noted that the public quickly detects pretense.

Speakers on tv commercials were Zeta Salisbury, WOC-TV Omaha; Bonnie Case, Shenandoah; Elsie Neely Sanderson, KOLN-TV Lincoln, Neb., and Verne Reynolds, WOW-TV. Moderators of the panels were Esther Martin, KDTH Dubuque; Marge McGovern, KWBW Beatrice, Neb., and Miss Sim. 

Advertising Council Day

FIRST Advertising Council Day in the history of the 12-year-old non-profit public service advertising organization will be held at the Waldorf-Astoria Hotel in New York. An all-day series of meetings on various Council operations will be held, climax'd by a dinner that evening at which Dag Hammarskjöld, secretary general of the United Nations, will be the principal speaker.

NARTB DIST. MEETINGS IN SEVENTH WEEK

For West portion of the circuit gets underway at Portland, Ore., today for Dist. 17. Later this week it will be Dist. 15 in San Francisco.

TWO NARTB districts—9 (Ill., Wis.) and 11 (Minn., N. D., S. D.)—last week sought practical ways of handling political broadcasts and reviewed current legislative and regulatory threats to private industry as the autumn series of meetings wound up the sixth week.

The NARTB headquarters team moved to the far West over the weekend, with District 17 (Wash., Ore., Alaska) convening today at the Davenport Hotel, Spokane. Richard M. Broin, KPOJ Portland, will preside as district director.

NARTB President Harold E. Fellows was forced to abandon the itinerary over the weekend to testify on Capitol Hill before the Hendrickson subcommittee on juvenile delinquency. Ralph W. Hardy, NARTB government relations vice president, was to report to the District 17 membership on behalf of President Fellows, who planned to resume the schedule Thursday at the opening of the District 15 (N. Calif., Hawaii, Nev.) meeting at the Cliff Hotel, San Francisco.

FCC Comr. John C. Doerfer is to address the Spokane meeting. He had previously appeared at the District meeting held Sept. 13-14 at Lake Placid Club, Lake Placid, N. Y. Worth Kramer, WJR Detroit, who also spoke at Lake Placid, is to be radio guest speaker at Spokane with Jack Harris, KFRC-TV Houston, as tv guest.

William D. Pabst, KFRC San Francisco, will preside at the District 15 meetings as district director.

DISTRICT 9

BROADCASTERS were challenged to decide between radio and tv, and not try to mix the two, in an address delivered at the NARTB District 9 (Ill., Wis.) meeting Monday-Tuesday at Lake Lawn Lodge, Lake Delavan, Wis. Ben Sanders, KICD Spencer, Iowa, radio guest speaker, predicted a strong future for radio but said ideas and sound public service policies are needed.

Sixty-one delegates and guests attended the meeting, with Hugh K. Boice, WEMP Milwaukee, presiding as district director.

Taking part in a radio forum were Mr. Boice; Charles C. Caley, WMWD Peoria; Kenneth S. Gordon, KDTH Dubuque, Iowa; Merrill Lindsay, WSOY Decatur; Harry Peck, WSIN Milwaukee, and Gordon Sherman, WMAY Springfield.

NARTB President Harold E. Fellows addressed the banquet on the topic, "I Am a Broadcaster."

James C. Hanrahan, WEWS (TV) Cleveland, tv guest, reviewed the problems of starting a tv station. He said it is almost impossible to make enough money in tv after taxes to keep up with obsolence and the cost of modernizing studios as well as equipment. He advocated a single rate card, with a discount for local advertisers.

Participating in a tv roundtable were Robert J. Borow, WDAN-TV Danville; Howard Dahl, WKBH-TV La Crosse, Wis.; Hayden Evans, WBAY-TV Green Bay, and Leslie C. Johnson, WHBF-TV Rock Island.

Members of the resolutions committee were Mr. Peck, chairman; Mr. Dahl and Mr. Lindsay. The resolutions warned of dangers lying in proposed legislation; urged fewer industry meetings; commended President Fellows and his staff and voiced appreciation for the service of former FCC Comr. George E. Sterling.

Film Sales Standards
Set on Chicago Agenda

PROPOSALS to bring uniformity in tv film sale and purchase will be drafted by the NARTB Film Committee for submission to NARTB's Tv Board. The committee met Monday-Tuesday at the Conrad Hilton Hotel, Chicago, with Harold P. See, KRON-TV San Francisco, presiding as chairman.

The committee was set up to develop suggested standards involving purchase, handling, use and other facets of film between tv stations and film distributors and producers. Mr. See says the recommendations would be incorporated as a "guide" for industry rather than as compulsory standards. No single standard film contract is expected to materialize from the group's own study, he emphasized, though that would be the ultimate aim when broadcasters eventually converse with distributors and producers.

The NARTB Film Committee threshed out problems of damaged film, expedition of delivery, music clearances, right of privacy and other factors entering into use of film by stations. It hopes to point out certain "pitfalls" to be avoided by stations and distributors alike in considering any one of a number of different type contracts. Biggest problem, he said, lies in use of feature rather than syndicated film.

Mr. See expressed hope that distributors would band together and set up a central organization which could serve as liaison with the television industry. He said the committee hopes to have its report ready by the time the NARTB Ty Board meets later in January, though this was not assured.

Members of the committee at the meeting, in addition to Mr. See, were: Elaine Phillips, WSPD-TV Toledo; Paul Adami, WHEN-TV Syracuse, N. Y.; Irving Rosenhaus, WATV (TV) Newark, N. J.; John Ekuu, KTVQ (TV) Oklahoma City; Raymond Welpott, WRGB (TV) Schenectady, N. Y.; Joseph L. Floyd, KELO-TV Sioux Falls, S. D.; Klaust Landenberg, KFTA (TV) Long Island.

Attending from NARTB were Thad Brown, vice president and counsel to Tv Board; Howard E. Bell, assistant to the president, and Atiah Church, NARTB attorney.

Tibbett Elected to ABA Post
Succeeding Elmer G. Salter

GENE TIBBETT, WBDT Tuscaloosa, former president of the Mississippi Broadcasters Assn., has been elected secretary-treasurer of the Alabama Broadcasters Assn. Mr. Tibbet will fill the unexpired term of Elmer G. Salter, WAUD Auburn, who resigned, T. E. Martin, WAPI Montgomery, was elected to ABA's board.

Three radio executives and a U. of Alabama faculty member were cited by ABA for distinguished service to Alabama radio. They were Joseph C. Matthews, WJJJ Montgomery; David E. Dunn, WSFA Montgomery; Curtis DeLamar, WGAD Gadsden, all of whom are retiring from broadcasting, and Dr. J. R. Morton, associate dean, U. of Alabama extension service.

ABA decided at its recent meeting (BWT, Oct. 11) to hold the 1955 spring session at Montgomery.

J. Leonard Reinsch, managing director of the Cox stations, told ABA delegates that radio's biggest problem is tv competition but assured that "top programming, hard work and imagination would maintain radio as a distinct and vital medium."

Mr. Reinsch, chairman of the Democratic National Committee's Radio-Tv program section in 1952, was presented a silver tray by J. Dig Bishop, WCTA Andalusia, ABA president.

Participants in a media panel were Kevin B. Sweeney, BAB, for radio; A. C. Schofield, Storer Broadcasting Co., for tv; W. Frank Aycock, Birmingham News, for newspapers; O. W. Spoor, Loveman's Department Store, Birmingham, for consumer advertising; G. W. P. Atkins, Southern Advertising Service, Birmingham, for car cards; Thomas E. Martin, WAXF Montgomery, moderator.

RATINGS DISCUSSED AT OSU CONFERENCE

QUESTION of the adequacy of radio-tv rating services was the topic of an address delivered by Norman Glenn of Doherty, Clifford, Steers & Shenfield, New York, last Friday at the 11th Annual Ohio State U. Conference on Advertising meeting in Columbus, Ohio. Mr. Glenn is vice president in charge of the agency's broadcasting planning.

In his talk, Mr. Glenn attempted to "uncover the roots of this uneasiness about ratings," which he stated was illustrated by an article on the subject in the Oct. 29 issue of Collier's. He outlined the various ways in which audience information can be obtained and pointed out that "the fact that there are so many different methods practiced commercially indicates that no ideal measurement has yet been found."

In defense of the disparity in certain ratings supposedly measuring a given program, Mr. Glenn said such differences should be expected because different rating services measure different things. He defined his point by analyzing the opportunity for difference in the area selected, the representativeness of the sample selected, the specific method used in the testing and the variety of time lengths used in the reporting period.

"The opportunities for variations in ratings are great and when they do occur, it does not mean that one service is right and all the others are liars," Mr. Glenn said. The problem rests in what kind of audience measurement will give the most useful information. Since the answer depends on individual needs, Mr. Glenn pointed out that for this reason there will always be a number of rating services.

Ohio Broadcasters Plan Sales Clinic in Columbus

ANNUAL sales meeting will be held Friday by the Ohio Assn. of Radio-TV Broadcasters in the Neil House, Columbus. Robert D. Thomas, WNBS-TV Columbus, is chairman of the convention committee. The program includes both radio and tv speakers.

Radio speakers include Ralph Brent, WIP Philadelphia, and Robert Fehlman, WHBC Canton. Victor A. Sholis, WHAS Louisville, will moderate a sales panel. TV speakers include John Heiskell, Ohio Bell Telephone Co.; Ken Fleming, chief timebuyer, Leo Burnett Co., Chicago; Norman Gittleton, WJAR-TV Providence, R. I.; Terrence Clyne, senior vice president, Blow Co., New York, and Earl Moreland, WMCT (TV) Memphis. The two units will join for a luncheon to be addressed by Charles F. Rosen, executive vice president of W. B. Doner Co., Detroit. Gordon Eldredge, advertising manager of Ford Motor Co., will address a joint radio-tv session.

Radio Pioneers Plan Meet At Toots Shor's Oct. 27

FIRST regular fall meeting of the Radio Pioneers will be held the evening of Oct. 27 at Toots Shor's in New York under the joint auspices of the national body, headed by Arthur B. Church of Kansas City, and the New York chapter, of which Frank Silvernail, BBDO, is president.

Lowell Thomas will be one of the masters of ceremonies and he along with Raymond A. Heising and Lloyd Espenschied will receive citations awarded them by the Radio Pioneers at the annual meeting in Chicago last spring. During the meeting there also will be a salute to Charles Butterfield, who will retire early next month after 23 years as radio-tv columnist there for Associated Press.

A large delegation of members of the National Assn. of Educational Broadcasters is expected to attend the meeting. The NAEB holds its annual convention in New York the end of this month.

Kiwanis Backs Drive To Commend Radio, TV

NEARLY 4,000 Kiwanis clubs in the U. S., its territories and Canada are being asked by Kiwanis International to participate in National Radio & Television Week Nov. 7-13 and to pay tribute to local stations.

Don E. Engdahl, Kiwanis International president, has urged clubs to use tie-in material contained in a "Kiwanis Radio & Television Appreciation Kit" for the observance or to hold "appreciation" meetings at the local level. The purpose is to commend stations for their contribution to "freedom of speech" and thank broadcasters for past cooperation on Kiwanis public service community projects.

The kit sent to clubs contains a fact sheet with suggestions for setting up radio-tv appreciation committees, radio-tv announcements, news releases and factual radio-tv data. Spots salute stations as "good citizens, champions of free expression and guardians of our liberty."

STRESS CONTINUITY, LITTLE TELLS AAAA

Advertising more important than ever before, Campbell-Ewald president says at Chicago meeting.

"ADVERTISING will be more important to management than ever before" because of expanding markets and as sales go up, so will profit and volume, "but not without a lot of advertising," Henry G. Little, president of Campbell-Ewald Co., Detroit, declared last week.

In a speech prepared for delivery Friday before the Central Region of the American Assn. of Advertising Agencies, of which he is vice chairman, Mr. Little urged better integration between sales and advertising and more and better research with emphasis on "continuity."

"Frequent exposure to the sponsor's message contributes mightily to penetration and action," he asserted plus other statements that have significance to the AAAA Central Region, holding its annual convention at the Drake Hotel in Chicago.

A need for "real research" also was sounded by Charles H. Brower, vice president in charge of creative departments at BBDO. He noted that while a "good start" has been made by Advertising Research Foundation, perfect research is still merely an "idea." He pointed out that only 67 out of 3,000 national agencies and stations plus other stations that have significant interest in the AAAA Central Region, holding its annual convention at the Drake Hotel in Chicago.

Sessions on Thursday were devoted to management, with evening talks by Earl Ludgin, president of Earl Ludgin & Co., and Dr. C. H. Sandage, U. of Illinois, on advertising's agency-educator cooperative program and training of students to step into the field. Fred Gamble, AAAA president, reviewed the state of advertising during the morning session.

Sessions on media and radio-tv production highlighted Friday meetings and workshop panels, first of their kind for the Central Region. Research also came in for discussion.

VOD Contest Programs Shipped to 2,000 Stations

TRANSCRIBED program material for use during National Radio Week, Nov. 7-13, in connection with the Voice of Democracy Contest, has been shipped to over 2,000 radio stations, according to James D. Secrest, executive vice president of Radio-Electronics-TV Mfrs. Assn. and national chairman of the annual high school contest committee.

Taking part in the contest are NARTB member stations plus others that specified their desire to participate. NARTB, RETMA and the U. S. Junior Chamber of Commerce jointly sponsor the competition.

The transcribed programs include six 5-minute features which stations will air daily, one each during National Radio Week at a time when high school students can listen. Five excerpts from previous award-winning scripts are in the package plus an interview with Dr. Elsworth Tompkins, of the U. S. Office of Education. Mr. Secrest said stations which have not yet indicated they intend to take part in the contest can receive the transcriptions by writing the national VOD committee, 1771 N. St., NW, Washington 6, D. C.

IN DETROIT...WHERE
It's G·E...

WJBK-TV

G-E 35 KW ... Channel 2 ...
Storer Broadcasting Company's television outlet in the highly competitive Detroit area. This CBS and Dumont affiliated station boasts all new facilities. Their G-E 35 KW transmitter and a new G-E antenna are aimed at obtaining greater coverage... better coverage than ever before!

Key principals in the WJBK picture are: Paul Frincke, Chief Engineer (right) and Charles Emley, TV Transmitter Engineer.

WWJ-TV

G-E 35 KW ... Channel 4 ...
Detroit's first TV station! They have used more than six years of television broadcasting experience to good advantage. WWJ-TV recently completed plans to install a 1000 foot tower and re-locate their transmitter. The basic equipment...G-E for high power! An outstanding newspaper interest-The Detroit News—controls this NBC interconnected station.

(Right) WWJ-TV's new transmitter building is reproduced from an original drawing.
We've shown you the high-power ballot in Los Angeles—4 out of 5 vote for G-E. Now, take a look at Detroit—the nation's fifth largest market area and inherently a power conscious community. The vote: 3 out of 3 for G-E high-power! There you have concrete proof of product acceptance ... proof of outstanding equipment performance. Small wonder that General Electric today occupies this position of leadership in the high-power broadcasting field!

Before you make any commitment, measure the success of your TV market objectives by the highly successful experience all G-E high-power stations seem to enjoy. With G-E equipment you'll be off to a good start...aimed in the direction of profitable operation! Call our local G-E broadcast field representative today, or write us for further, complete information: General Electric Company, Section X-2104-18 Electronics Park, Syracuse, N. Y.

Progress Is Our Most Important Product

GENERAL ELECTRIC
Madsen Tells Dealers How Radio Sells Food

INDICATION of radio's effectiveness for the food industry is that the number of supermarkets using radio advertising has increased 8% within the past year and more than half (53%) are now radio sponsors.

This evaluation was expressed last week by Arch L. Madsen, director of member service for BAB, in a talk before the Virginia Food Dealers Assn. He spoke before 250 food manufacturers, brokers, processors, wholesalers and retailers attending a three-day convention at the Hotel Chamberlin in Old Point Comfort, Va.

In documenting radio's sales advantages, Mr. Madsen touched upon the medium's "deep penetration" and its ability to "talk to more of the food stores' customers with unrivaled flexibility and economy"; its adaptability in meeting local conditions with sales messages tailored to tastes of persons in the community, and its ability to produce a list of "hundreds of success stories daily" from among all elements of the food industry. Radio has built the largest distribution system in the advertising industry.

Mr. Madsen declared, pointing out that more than 13 million radio sets were sold last year alone, and that there are some 111 million sets operating in 95% of all American homes and in millions of public places.

Mr. Madsen discussed with the food executives various local problems, among which were commercial copy techniques, the use of slogans and the necessity for transmitting the personality of the food store and its manager to customers and prospects.

Phoenix Stations Organize; Rawls Elected President

DICK RAWLS, general manager of KPHO-AM-TV Phoenix and formerly with ABC and CBS, has been elected president of the newly-formed Metropolitan Phoenix Broadcasters Assn., according to Dan Schwartz of the same station, who was named director of public relations for the association. The group contains representatives of Phoenix' nine radio stations and three tv outlets. Other officers: Howard Loeb, owner of KRIZ, vice president; D w i g h t Harkins, manager, KVAR (TV) and KTYL, secretary-treasurer. Elected to the board: Homer Lane, program director, KOOL; Al Johnson, manager, KOY; Richard Lewis, president, KVAR-KTAR; and Frank Redfield, general manager, KIFN. Legal advisor will be Richard Keindien of Jennings, Strouss, Salmon & Trask.

AIAF Approves Code And Standard Contract

CODE of fair practices and a standard contract form were approved by the American Assn. of Film Producers at a meeting in Chicago last Thursday. Mercer Francisco, Francisco Films, presided as chairman.

The organization, comprising some 14 midwestern film companies, also recommended an educational program designed to sell American advertisers and corporations on the use of film as against other media.

The code covers scripts, delivery dates, producers, samples, rights to complete scripts, client protection, producers relations, employee relations and other factors. The standard contract form touches on such aspects as payment terms, length of film, editing, animation, union liability and ownership of negatives.

AIEE Sessions Consider Color TV, Broadcasting

SESSIONS on color television and international broadcasting highlighted the closing day of the fall general meeting of the American Institute of Electrical Engineers at Chicago's Morrison Hotel last week.

Recording of color tv programs from technical standpoints were discussed Friday by E. D. Goodale of NBC, while three members of the U. S. Information Service—E. T. Martin, Julius Ross and George Jacobs—reviewed engineering developments of the Voice of America.

H. F. Kelly, Bell Telephone Labs, described a portable test set for measuring color distortion in television systems. Very high powered long wave broadcasting stations were described in papers by C. E. Smith of Carl E. Smith Consulting Engineers, and J. R. Hall and J. O. Weldon, Continental Electronics Mfg. Co.

Over 1,500 electrical engineers, scientists, research specialists and manufacturers attended the five-day meeting which closed Friday. The opening day sessions were capped with a talk by Donald A. Quarles, assistant secretary of defense, on electronics and other technological aspects in defense. He noted that Soviet Russia is challenging the U. S. primarily in electronics and atomic energy.

In an early session, Richard Holgate, Philadelphia Electric Co., asserted that power frequency drops, which normally concern public utility engineers, would have no appreciable effect on radio-ty reception. A tv test was made during a series of experiments to determine the effect of reduced frequency and voltage during power shortages. Mr. Holgate quoted a Philadelphia radio manufacturer to the effect that a reduction of 10% would have no noticeable effect on radio reception.

AIEE delegates also were told that, while Americans bought over $200 million worth of magnetic sound-recording equipment and accessories last year, "the real future" in that field lies in computers, business machines and control mechanisms.

Henry Gets Convention Post

BILL HENRY, head of Bill Henry Assocs., Washington, D. C., has been elected chairman of the 1956 political convention committee of Radio-Tv Correspondents Assn. He served in the same role in 1948 and 1952. Other members of the committee will be elected later.

Richard Harkness, NBC, is president of the correspondents' association and chairman of the executive committee of the Radio-Tv Galleries of Congress.

Price Heeds Appliance Assn.

THE National Appliance & Radio-Tv Dealers Assn. has elected H. B. Price Jr., Norfolk, Va., as president, succeeding Vergal Bourland. Action was taken at an executive board meeting in Chicago Oct. 10. The board also confirmed Jan. 9-11 as dates for its national convention at the Conrad Hilton Hotel, Chicago, and moved to launch a national program to eliminate misleading statements from appliance advertising.

Page 44 • October 18, 1954
Two things just happened to prove WTVH-TV is "the power in Peoriarea".

1. WTVH-TV transmitting power has been increased to 214,000 watts!
2. The ink's still wet on our primary affiliation agreement with CBS! Now, it's WTVH-TV for the great CBS productions . . . and for top ABC and DuMont shows, too.

And remember where all this is happening! Peoriarea is the second biggest, second richest market in Illinois. For the full story, ask a Petry man . . . and now, before too many time-buyers start after the choice availabilities still open.

POWER of signal . . . penetration . . . programming . . . personalities . . . promotion

EDWARD PETRY & CO., INC.
National Representatives

WTVH-TV
CHANNEL 19
The POWER in Peoriarea
here's real magic...

the kind advertisers want to see when it comes to sales... And while sensational, there's no trick to the sales results you get through WTAR-TV. This established VHF station has just what it takes plus the know how... maximum facilities, topnotch network and local programming, an audience of 325,000 homes and dominance of an area that covers the eastern half of Virginia (including Richmond) and all of northeastern North Carolina.

---

**OSBA-Formed Radio Network Helps State Fair Set Record**

THREE-FOLD radio promotion of the 89th Oregon State Fair, which this year set an attendance record, was conducted by the Oregon State Broadcasters Assn., according to Manager Robert E. Summers, who adds that the promotion was sold on a statewide hookup of 32 stations, making it the first network of its kind to be developed by the association and the first sales package to be offered by the association as a group plan. The eight-day fair attracted 335,340 visitors, a 15% increase over normal attendance.

A beat was scored on the press, Mr. Summers claims, when an interview with Secretary of Agriculture Ezra Benson was carried over the 32-station hookup. Additionally, stations conducted local talent contests for up to six weeks before the fair with winners competing in state finals at the fair. Ted Mack, of Original Amateur Hour fame, conducted a daily free radio talent show and a nightly stage show at the fairgrounds, and selected the winner of the state finals, who will go to New York with Mr. Mack to appear on his national network Amateur Hour.

According to OSBA, the three objects of the promotion were to build state fair attendance, promote radio locally throughout Oregon and develop a salable statewide radio package. Because of "the tremendous success" of the promotion, the sponsor, Oregon Milk Producers, has requested first refusal rights on a repeat performance next year, Mr. Summers said, while two other interested purchasers were inquiring about next year's plans, either for a repeat promotion or a similar one tailor-made to their specifications. The State Fair profited to the extent of more than $50,000 in free spot announcements, more than 10 times its radio advertising budget, according to Mr. Summers.

**New England Film Directors Schedule Nov. 30 Meeting**

THE NEW Tel Film Directors Assn., New England chapter, will meet Nov. 30 at Boston’s Statler Hotel to discuss the results of a membership campaign that was launched at the Oct. 5 session. The drive is to encourage the establishment of other regional chapters as well as to increase the membership of the New England unit.

The group, which is headed by William Cooper, film director of WJAR-TV Providence, R. I., also set forth standards for better film practices within the industry. One of the aims brought out at the Oct. 5 session was that the association "... will eventually be recognized by the NARTB and be made an integral part of that organization," while retaining its own leadership.

**ACE to Announce Winners**

AMERICAN Cinema Editors tomorrow (Tuesday) will announce the winner of the “Critics’ Award” in two classifications, tv films and motion pictures. For the annual event, recently inaugurated by ACE, the general membership nominates the five best edited films in the two categories, which have been shown locally between Sept. 1, 1953, through Aug. 31, 1954. Critics connected with the two industries then vote on the films in their respective fields. Video film series, which have been nominated, are NBC-TV Dragnet, Ford Theatre, My Little Margie, CBS-TV Four Star Playhouse and Schlitz Playhouse of Stars.

Radio-TV, Advertisers Support Safety Council

NETWORKS, stations and advertisers, along with The Advertising Council, have pledged wholehearted support to the National Safety Council with special broadcasts and air mentions tying into the council’s 42nd annual National Safety Congress & Exposition in Chicago this week.

As of last Monday, NSC had received promises of safety allocation messages on 126 network programs and 472 local station shows. Additionally, The Advertising Council pledged 45 allocations during Safety Week, to be held Monday through Friday in Chicago.

Spot announcements, mentions on established programs and special broadcasts will be utilized to stress the theme that “safety is everybody’s business.” Some commitments have been on the air since Sept. 25.

Included in the Advertising Council allocation are such advertisers as Carnation Milk, Continental Baking Co., Texas Co. and Toni Co. Radio-tv advertisers also plan to push safety in printed media.

The Safety Council also published a list of stations which have scheduled messages on women’s, farm, news and disc jockey programs. Special programs concerning local safety people who will attend the congress have been slated by KMI Fresno, Calif.; KGWA Enid, Okla.; CKLW Detroit, Mich.; KCSR Chadron, Neb.; WPFB Middletown, Ohio; WHOO Orlando, Fla., and WHIO Dayton, Ohio.

Congress and exposition will be held at the Conrad Hilton, Morrison, Congress, LaSalle, Palmer House and Blackstone hotels.

TRADE ASSN SHORTS

Radio-Newsreel: Television Working Press Assn., N. Y., announces establishment of Mike & Press Service Bureau to provide free consultation on request to industrial and public relations firms and public officials.

The Tv ‘Menace’

FROM a mother’s standpoint, the real “menace” in television as far as children are concerned is that it “wears off too quickly.” As related in an article in the October issue of Harper’s Magazine, one mother considered it “a new-found baby-tender” that kept her children out from under her heels while they were home.

And while the baby-tender “didn’t actually put the children to bed... a simple system of threats and promises about future programs changed bedtime bedlam to bliss overnight,” she recounts.

But something happened and the children became “bored stiff by it,” the mother bewailed. The first sign: “They began to talk during the commercials and predict with deadly accuracy the second half of the program.” They preferred “their own self-made brand of violence...” Anxious to restore the situation, she hopefully tried to prod the children into viewing by saying, “There’s a good new quiz program.” Tommy replied, “Yah. Who’s buried in Grant’s tomb.”
While viewing was maintained at its former level, radio listening registered substantial gains."

from the 1954 Videotown report as quoted in Broadcasting • Telecasting, October 11, 1954.

"While viewing was maintained at its former level, radio listening registered substantial gains."

Radio is Up in Videotown

While viewing was maintained at its former level, radio listening registered substantial gains.

"While viewing was maintained at its former level, radio listening registered substantial gains."

from the 1954 Videotown report as quoted in Broadcasting • Telecasting, October 11, 1954.
In July, billings reflections earlier reports for this year showing constant change in network budgeting. Gross tv time sales for first seven months of 1954 are up more than $2 million over 1953 period.

In the summer-pinned month of July, the nation's top network advertisers were placing more of their budgets in tv purchases than they did for the same month a year ago, according to data compiled by Publishers Information Bureau. The upsurge in tv network spending—which had been reflected in earlier reports for 1954—continued in July. Advertisers' network expenditures for this month were slightly under the 1953 level, but the dip was small in comparison to the fast rise in tv spending.

As the accompanying tables show, Procter & Gamble led the list in both radio and tv. Most other top advertisers in both media remained about the same, with some shifting in their order. Of interest is the appearance in the radio top 10 column of General Motors Corp., which placed their $230,427 and the disappearance from this list of Kaiser-Motors Corp., which had spent $226,770 in network tv in July 1953. The other new name in the radio listing for July 1954 was P. Lorillard Co.

In tv's top 10 listing of advertisers, another auto firm, Chrysler Corp., edged into seventh place, and again P. Lorillard Co. was a new leading advertiser along with General Electric. Each of the repeating advertisers in the tv list upped their budgets in July 1954 as compared with the same month in 1953.

The continued rise in tv network budgeting by national advertisers is pointed up in the table showing gross tv network time sales by product groups. In the January-July period, tv advertisers spent $172,957,857 as compared to $126,369,180 for the same seven-month period of last year—a gain of more than $52 million.

In radio, the seven-month period difference was $10 million less in 1954 as compared with the July-July figure for 1953. The difference in radio spending for July 1954 amounted to $2,485,172 under that expended for network radio in the same month last year.

**TelePulse Ups Sampling**

INCREASE by one-third in the size of the sample on which nighttime TelePulse ratings are based in both New York and Los Angeles was announced last week by Dr. Sydney Roslow, director of The Pulse.

He explained, Dr. Roslow said, from 300 to 400 television homes interviewed for each nighttime quarter-hour. He explained that he undertook to improve the service The Pulse, pointed out that there will be no additional cost to subscribers of the rating service.
Your FILMS and COSTS BOTH LOOK BETTER with the new GPL VIDICON FILM CHAIN

Low first cost; low operating cost
Operates unattended; frees studio manpower
Photo-conductive tube
Stable black level
No shading correction required
No back or edge lighting required
Lowest “noise” level in television
Easy to multiplex

TWO MAJOR ADVANTAGES for station owners sum up the features of this new Vidicon Film Chain produced by GPL.

First, it sets a new high for quality.
Second, it saves dollars. And more dollars.

It's built around a photo-conductive tube, with long-proven GPL circuits and construction techniques. It is compact, simple and rugged...easy to maintain, flexible for 4 or more multiplex combinations. All your existing projectors, monitors, master monitor and standard racks can be used. A stable black level, and almost complete absence of spurious signals, eliminates the need of constant attention. You save man-hours that previously went into monotonous monitoring.

This GPL chain has the lowest noise level in television. The grey scale reproduction is true. In all, with this GPL combination of both quality and economy, you can afford to retire your iconoscopes to slides. And, in equipping a new station, the GPL Vidicon is unmatched for value.

STATION OWNERS & OPERATORS
Test this GPL chain in your station, with your projectors and monitors...your operating conditions. See for yourself its almost automatic operation, its quality with all types of film. No charge, no obligation. Just write, wire or phone.

FACTS & FIGURES

NIELSEN COMPLETES ‘IMPROVEMENT PLAN’

Project, begun in 1953, is designed to measure "the full dimension of the radio audience" with particular emphasis on second set listening.

COMPLETION of a project to improve its radio measurement operations by means of a revised sample taking cognizance of multiple-set homes and population shifts was announced Tuesday by A. C. Nielsen Co., Chicago market research organization.

The project has been underway since June 1953 when it was launched with the blessings of the four major radio networks, as well as the company's advertiser and agency subscribers. It was designed, through the Nielsen Radio Imometer of listening, to measure "the full dimension of the radio audience" with particular emphasis on secondary receiver listening.

In announcing completion of the "NRI Improvement Plan," A. C. Nielsen, president of the firm, claimed that "our network radio and television services now operate on precisely the same basis in all material respects."

In addition to measuring multiple-set homes, the project also includes: 1) reports on the radio audience four times each month; 2) substitution of the full sample for an "advance partial" sample as the basis for all NRI Ratings Reports, and 3) sample changes to reflect population moves. Formerly, radio listening was reported only twice a month, the same as televiewing.

Under the "Improvement Plan," the NRI sample now covers homes with two or more sets and is claimed to give "as true a picture as possible of all of network radio." It complies with data in last year's Nielsen Coverage Service study of U. S. multiple-set homes, which took into account amount of listening on home, automobile and other type receivers.

Mr. Nielsen also revealed that the NRI reports are based upon a two-per-week average of audience data derived from the overall national sample. This is the procedure used by Nielsen in its National Television Reports the past four years.

With respect to multiple-set listening, Nielsen already has launched nationally a new series of reports on automobile radio listeners and the home network audience composition, which CBS Radio has contracted for over a two-year period. Reports are to be issued 24 times each year, with Nielsen utilizing its electronic Recordimeters for verification of Audion diary data.

Commenting on the "Improvement" project, Mr. Nielsen reflected that it "keynotes the faith of the company, and of the broadcasters, advertising agencies and network operators who have endorsed this plan through long-term contracts for our services, in the future of network radio."

Direct Mail Volume Up

DIRECT MAIL ADVERTISING Assn. reported last week that estimated dollar volume of direct mail advertising during August 1954 was $105,083,804, as compared with $90,104,874 for August 1953. The association also reported that direct mail expenditures for the first eight months of 1954 amounted to an estimated $585,948,562, said to be an increase of 6.54% over the figure for the corresponding period of 1953.

Radio Set Sales Increase

In First 8 Months of ‘54

RETAIL sales of home radio receivers totaled 3,269,115 sets in the first eight months of this year compared to 3,875,293 in the same period of 1953, according to Radio-Electronics-TV Mfrs. Assn. Retail figures do not include auto radios.

August radio sales totaled 447,025 sets compared to 411,197 in July and 491,431 in August 1953.

Retail television sales totaled 3,658,927 sets for the first eight months of 1954 compared to 3,546,407 in the same 1953 period. August tv sales totaled 484,533 sets compared to 367,634 in July and 430,101 in August 1953.

CBS Radio Shows Dominate

July-August Pulse Ratings

CBS RADIO'S My Little Margie, Guiding Light and Stars Over Hollywood led all other network programs in The Pulse's multi-market Radio pulse for July-August 1954. Complete listings follow:

'Dragget' Tops ARB

For Month of September

NBC-TV's Dragnet was the top-rated network television program during September, according to the American Research Bureau. Groucho Marx's You Bet Your Life (NBC) and Ed Sullivan's Toast of the Town (CBS) took second place by ratings and total viewers, respectively. NBC-TV's first color spectacular, Satins and Spurs, ranked among the biggest audience shows, according to ARB, but its ratings tapered off from 30.3 during its first half-hour to 23.3 for the last half-hour. ARB figures based on viewing for the week of Sept. 12-18, follow:

<table>

Broadcasting • Telecasting
Two power outputs — 250 and 100 watts — either instantly selectable... in a full-size cabinet to accommodate future conversion to higher power... with capability of 100% sine wave modulation. These needs are fulfilled in Collins' high-fidelity 300J AM Broadcast Transmitter.

Dependability is assured by its simplified oscillator, which eliminates use of a crystal oven, associated thermostats, and other complexities often sources of frequency failures. All stages of the 300J — from Oscillator to Power Amplifier — are precisely metered.

All tubes are operated far below their rated dissipation levels to insure safe operation and long life. With only seven tubes employed, the replacement supply is greatly simplified.

Write for your booklet describing in detail the finely styled, dependable 300J.
Soap, Cleanser Spot Rises 20%

Increase in second quarter of 1954 over the first quarter is contained in an SRA report based on Rorabaugh figures.

LED by the makers of packaged soaps and synthetic detergents, tv spot expenditures in the soaps, cleansers and allied products class rose 20% in the second quarter of this year over the first quarter.

The spiraling climb in spending for spot tv was reported last week by Station Representatives Asso. from figures furnished by N. C. Rorabaugh Co., New York.

The compilation, which showed the total expenditures in this product group to be $8,272,653 for the second quarter as compared to $6,882,331 for the first quarter, was made by the Rorabaugh organization for some of the largest soap and cleaner manufacturers, according to SRA.

Biggest increases were in home permanents and the package soaps and synthetic detergent classifications.

Actual breakdown as provided by Rorabaugh:

<table>
<thead>
<tr>
<th>Expenditures By Product Class</th>
<th>Total United States</th>
<th>First Qtr.</th>
<th>Second Qtr.</th>

<td>$8,372,653</td>
<td></td>
</tr>
</tbody>
</table>

Both home permanents and the package soap manufacturers have been fast growing in their product class in spending for spot television. The new figures released by SRA show a continued expansion of budgets in the spot media.

According to SRA, "since the first report issued by the Rorabaugh organization, for the third quarter of 1953, spot television advertising in these classifications has increased by 140%.

Post Report

Last summer, Rorabaugh, publisher of quarterly reports on spot television advertising, reported that spot television expenditures in the soaps, cleaners, etc., class had increased 30% in the first quarter of this year compared to the fourth quarter of 1953 [At Deadline, Aug. 23].

SRA underlined the value of the figures "in competitive selling by manufacturers," adding that it is urging the industry to consider "complete statistical tabulations" covering spot radio and spot television index, quarterly time expenditures by products, categories and manufacturers.

And, according to SRA, Rorabaugh is now planning studies of direct mail and radio compilations to additional industries.

Of interest in the Rorabaugh compilation of the soap makers, as shown in the table above, is the drop in expenditures of only two products, shampoos and margarines. Every other category showed an increase for the quarterly period.

Packaged soaps and synthetic detergents more than doubled expenditures, as did home permanents and mouthwashes, with most other members of the product group ringing up substantial increases.

Page 56 • October 18, 1954

GOVERNMENT

TESTIMONY OF MRS. NATVIG UNDER FIRE BY LAMB COUNSEL

To return for further cross examination this week, Mrs. Natvig told Edward Lamb's attorney she would "kill" him if he contacted her children. He is seeking to disprove the FCC witness's earlier statement that Mr. Lamb told her in 1936 he favored Red revolution and seizure of U. S. communications.

The FIFTH WEEK of FCC inquiry into the background of broadcaster-publisher Edward Lamb was marked by turbulent exchanges last week as the Broadcast Bureau's seventh witness, Mrs. Marie Natvig, twice threatened to "kill" Mr. Natvig's cross examination seeking the whereabouts of her children.

Mr. Brown, noting Mr. Lamb also has children affected by the proceeding, told Examiner Herbert Sharman he wants to talk to Mrs. Natvig's children in order to locate their father, Sam Harris, the first of Mrs. Natvig's three husbands, in an effort to produce testimony which may impeach what she gave earlier.

Mr. Brown characterized Mrs. Natvig, one-time Communist and now a Miami Beach public relations counsel, as "a pathological liar" whose conduct is "that of a lunatic."

Mrs. Natvig a fortnight ago testified Mr. Lamb told her in 1936 he supported the Communist doctrine of revolution which would require seizure of communication facilities in the U. S. [BT, Oct. 11]. Mrs. Natvig said she met Mr. Lamb several times at Communist Party meetings in Columbus, Ohio, in 1936 and was his "guest." She said this first act of infidelity resulted indirectly in her first divorce.

To return to the witness chair Wednesday, Mrs. Natvig has been under cross examination by Mr. Brown for a week. Mr. Brown is questioning her at length about other events 18 years ago, but she sometimes admits she cannot remember and commented her memory is "trick." The FCC hearing was ordered on the license renewal application of Mr. Lamb's WICU (TV) Erie, Pa., with issues including whether or not Mr. Lamb lied when he told the Commission he never had Communist ties. He continues to deny the associations.

Denies Offering Bribe

On Monday Mr. Brown brought into the hearing room a railroad engineer whose Mrs. Natvig identified as the Milling Underwood she claimed earlier offered her a bribe of $50,000 to alter her testimony. She said she allowed him to take her to dinner because she thought at first he was a government agent.

Mr. Underwood denied the bribe charge and testified he never heard of the Lamb case nor of Mr. Lamb previously. He said he was attempting to guess last summer in Washington and jokingly said he was there to get a large sum of money in a lawyer's office. He said he figured she might be there to settle her husband's estate.

Mrs. Natvig threatened Mr. Brown Monday when he sought the address of Peter Harris who he claimed is now working in the electronics industry and has "a security clearance" which he received "upon an awowal that his mother never was a member of the Communist Party."

"Let's not try the son," the examiner cautioned.

"I am not trying him. I want evidence which

will impeach her testimony," Mr. Brown replied.

"Mr. Brown, if you contact my children, I will kill you."

"That is what I am going to do."

"You leave my children alone. They were babies when I was interested in the party. You leave my children alone ..."

By this time standing by counsel's table, Mrs. Natvig took the water thermos and drew it back as Mr. Brown stated, "Let the record show the witness grabbed the pitcher and attempted to hit me with it."

"I will kill you if you bring my children into this," Mrs. Natvig shouted a second time. The examiner called a recess.

Later, Walter R. Powell Jr., Broadcast Bureau counsel, said Mrs. Natvig could not resume the stand at that time. She was also not able to return to the stand Tuesday.

On Wednesday, Mr. Brown claimed he had an affidavit from Mrs. Natvig's former supervisor concerning her work in helping take the 1950 census in Wisconsin. Mr. Brown asked her if it was true she was discharged for "falsefillment of census records." Mrs. Natvig recalled getting a commendation for her work and denied the charge.

"Absolutely false," she replied to Mr. Brown. "I say that unequivocally and I will say furthermore, that Lamb has enough money to get statements from anyone, to bribe anyone at will, to falsify against me."

"Do you have anything else you would like to bring to light?"

"Yes, I have a lot I would like to tell," the witness retorted and then was admonished by Mr. Powell not to lose her temper.

"I would like to say, Mr. Brown, I am here for one purpose," Mrs. Natvig continued, "because I recall talk of revolution, world Communism, control and seizure of [sic] communists, all of which Edward Lamb advocated with fire in his voice and a maniacal gleam in his eye."

Exchanges between witness and counsel continued, as Examiner Sharman often called the witness to order and Mr. Brown questioned her about her answers to questions in government employment applications and other matters. Mr. Brown also charged he had witnesses who would relate Mrs. Natvig had "bragged" about other "illicit" relations.

Mrs. Natvig repeatedly invoked the Fifth Amendment in refusing to answer questions about the number of exemptions she claimed in her March 1954 income tax "Withholding Form W-4."

Mr. Brown said he wouldn't press the matter but felt she had waived this privilege when she answered other questions about her employment.

"Now, you trapped me, Mr. Brown," the witness observed.

"I certainly did not mean to do a thing like that, Mrs. Natvig."

"I am sure, Mr. Brown, that your motives are most elevating," she replied.
COMMUNICATIONS STUDY UP IN AIR

Two Congressmen are appointed to special U. S. commission to investigate use of international telecommunications in foreign policy, but so far no funds are available.

THE White House staff—that part of it in Washington, at least—had no idea last week whether President Eisenhower still intends to follow through on Public Law 558, which calls for a nine-man commission to study the U. S. information program overseas with a view to putting international telecommunications to work in abetting U. S. foreign policy.

This was the situation following appointment recently by House Speaker Joseph W. Martin Jr. (R-Mass.) of Reps. John M. Vorys (R-Ohio) and James P. Richards (D-Okla.) as the House's members on the nine-man group.

Whether PL 558 would be put into effect was still undetermined, despite the House appointments, mainly because Senate-House conferrees during the closing days of Congress stripped from the supplemental appropriations bill (HR 9936) the $125,000 intended for the commission to begin its work. The President's White House entourage was to return to Washington from Denver over the weekend.

The Senate Foreign Relations Committee, which presumably would recommend two senators for appointment to the commission by Vice President Richard Nixon, reported it was contemplating no such action in the immediate future. The five other members of the commission would be appointed by the President from the communications, educational and other fields.

The only chance for PL 558 (originally S. J. Res. 96) to be put into effect is for President Eisenhower to authorize funds from other sources for the telecommunications commission's work. But the White House has been silent on the subject.

PL 558 passed during the first session of the 83d Congress last year by the Senate, but not approved by the House and the President until near the end of the second session this year, as written is effective only through the end of this year. A clause in the supplemental appropriations bill, knocked out with the proposed funds, would have extended its effect through 1955.

Commission Members Range Far Afield

FCC Comrs. E. M. Webster and Robert E. Lee were in Boston last week for a marine electronics conference sponsored by the Institute of Radio Engineers and the Radio Technical Commission for Marine Services. Comr. Webster is to be away until Wednesday.

Comr. John C. Doerfer was to leave last Friday for dedication of the tower of KW TV (TV) Oklahoma City and today (Monday) is to address the NARTB District 17 meeting at Spokane. He returns to Washington at midweek. He is to be principal speaker at the Oct. 27 fall meeting of the Colorado Broadcasters Assn. at Denver.

Comr. Frieda B. Hennoch was away from her office most of the week but was expected to return Friday. Chairman George C. McConnaughey and Comrs. Rosel H. Hyde and Robert T. Bartley were in Washington all week.

KOMA NEWS DIRECTOR Bruce Palmer, University of Missouri graduate, has had 25 years in newspaper, radio and TV work. Outstanding! And a great “catch” for the KOMA news team.

ASSISTANT NEWS DIRECTOR Mark Weaver, University of Oregon graduate, has 15 years’ experience in newspaper, radio, TV. Ed Murrow liked his “feeds” to CBS.

A journalism degree from Southwest Missouri State Teachers and a lot of experience preceded Randy Gover’s debut at KOMA’s “hard to get a job with—because they don’t have the experience” News Department.

Dick Evans did well in journalism at the University of Illinois and he helped get a case to the Supreme Court through his work at KLR Little Rock. All of which helped make him the newsman that he is at KOMA.

Clyde Davis didn’t let his English courses at the University of Oklahoma interfere with his news training. He tackled both with much success and now he’s a “winning” personality with Oklahoma’s discriminating news “fans”.

Look over this field of college-trained, newspaper-experienced news analysts. Your “nose for news” immediately tells you that a KOMA news lineup is a sure bet that will pay off in more sales in the Oklahoma City market!
Additional comments of the Kansas senator are contained in just-released accounts of last spring's congressional hearings on the status of uhf as well as the Johnson bill on tv multiple ownership.

A PUBLISHED account of the hearings last spring by the Senate Commerce communications subcommittee, under chairmanship of Sen. Charles E. Potter (R-Mich.), has been distributed. The hearings were held on the status of uhf tv stations and on S 3095, Democratic Sen. Edwin C. Johnson's bill to regulate multiple ownership of tv stations, which never left the Senate Commerce Committee after its introduction last March.

Besides comments, reports, statements, correspondence and exhibits entered during the hearings, the 1,777-page document issued recently carried additional reports and correspondence, including a report by RCA on its booster station operation at Vicksburg, Miss., for signals of uhf WTVT (TV) at Jackson Miss., 35 miles way [Bst, Aug. 2].

The document also carried additional comments by Sen. Andrew F. Schoeppel (R-Kan.), a member of the subcommittee, on subscription television. The Kansas Republican had entered a statement in the Congesional Record favorable to pay-tv and asking its consideration by the FCC [Bst, Sept. 6].

Cites Economics

In his new statement, Sen. Schoeppel, referring to the hearing last spring, said there now exists only one out of each five of the 2,000-plus tv stations authorized. He said the subcommittee was told that "the main reason for this sad situation" is that advertising budgets can only support stations in the more populated areas, and that the stations now on the air — "mostly uhf"— now cover these markets.

"So, if that is the main rub here, then obviously we aren't really solving the basic problem by any patchwork answers like this proposal to allow a tax credit on any set just because it can tune in both uhf and vhf stations. Similarly, we won't get the big, new answers we want from an ad hoc committee or further searching by any committee until we start thinking of some brand new economic cloth to cover the income needs of more stations...

"I therefore recommend that we urge the FCC to proceed forthwith to explore this whole new television idea of subscription broadcasting. If subscription tv service succeeds in providing more revenue to more stations, then a lot of the problems now confronting us will disappear completely...

Sen. Schoeppel was not available for comment last week on whether his reference to "further searching by any committee" had any application to Sen. John W. Bricker's investigation of the networks and the uhf-vhf situation by the Senate Commerce Committee.

Nobody Said It

"WHO the hell did that?"

Those were the words Los Angeles tv viewers heard at the conclusion of a local political address by Vice President Richard Nixon, teletcast by KTTV (TV) Los Angeles.

Who said it?

Not the vice president. "It wasn't me. I used no such language," Mr. Nixon said.

Not the station crew. "This was an experienced crew," a KTTV spokesman said. "He [Mr. Nixon] began speaking extemporaneously and apparently didn't know what he was saying.

"The station doesn't know who made the remark, but it was not a member of the KTTV crew."

James W. Marcus, director of public relations for the Republican National Committee, said a Bob Alton, local petroleum dealer, attributed the remark to a tv technician when someone in the audience knocked over a monitor microphone. He didn't know who.

FCC Brief Defends Whitefish Bay Ch. 6

RIGHT of the FCC to allocate ch. 6 to Whitefish Bay, Wis., part of the Milwaukee area, was underscored by the FCC last week in its brief filed with the U. S. Court of Appeals in Washington. The brief was in answer to an appeal by ch. 25 WCAN-TV Milwaukee against the Whitefish Bay allocation.

WCAN-TV, FCC had fought the addition of another vhf channel to the Milwaukee area, claimed in its appeal that the allocation of ch. 6 to Whitefish Bay jeopardized its economic position in Milwaukee. It claimed it stood to lose its CBS affiliation, as well as revenue. It also implied that the Commission had a responsibility to protect uhf stations from vhf competition.

The Commission, in its brief last week, categorically denied all of the assumptions made by WCAN-TV. Allocation to Whitefish Bay meets all the separation requirements, it said. In answer to the charge that the Commission had previously denied the allocation of ch. 6 to Milwaukee proper, the FCC said that was solely because it did not meet the separation requirements and also because it was more needed in Green Bay, Wis. The FCC said there was no promise of protection to uhf stations in its 1952 Sixth Report and Order and that there were specific references which indicated that the table of allocations was to be considered flexible and not static. The Commission claimed that WCAN-TV's claims of injury were of private nature and should play no part in considering where to allocate frequencies.

WCAN-TV is an intervenor in the pending Milwaukee ch. 6 hearing. Applicants are WISN (Hearst), WMIL and Independent Television Inc. (composed of Detroit and Milwaukee businessmen).

The Lou Poller-owned station is also at odds with the FCC by the Milwaukee ch. 12 grant to what is now WTVV (TV), which followed a merger of three competing applicants. It has appealed against the FCC action in refusing to accept its application to switch frequency from ch. 25 to ch. 17. Filed after the Milwaukee ch. 12 hearings had begun.

Networks Awaiting Bricker Letter No. 2

Senate committee staff also is considering questionnaires to tv stations on network affiliation details.

NETWORKS last week were left holding their collective breath as they awaited the second in a round of questionnaires being prepared by the staff for Sen. John W. Bricker's investigation of the networks and uhf-vhf troubles through the Senate Commerce Committee.

Meanwhile, the staff was studying the advisability of preparing questionnaires to send to all U. S. television stations. These, among other things, reportedly would look into the various facets of each outlet's relationship with the networks.

Networks had not received the expected queries by the weekend, although they had been readied by the investigative staff the week before. The questionnaires presumably were awaiting approval by GOP Sen. Bricker, chairman of the committee, at his headquarters in Columbus, Ohio.

Capitol Hill observers felt there was possibly some undue delay in the forwarding of the questionnaires to networks, basing their opinions, at least in part, on the much more prompt action taken by the senator in forwarding the first questionnaire to the FCC soon after its preparation by the investigation staff.

It was acknowledged that Sen. Bricker has not been in close personal touch with his staff, most contacts being by letter and telephone. The Ohioan is not expected back in Washington until the Senate meets in special session Nov. 8.

Jones Trip

Also a matter for speculation was a reported trip Friday to New York by Robert F. Jones, who heads the investigation, which, according to Sen. Bricker, will be consummated with a report by the staff to the full Senate Commerce Committee at the beginning of the 84th Congress, hearings and a final report. Sen. Bricker introduced legislation in the last session of Congress to put radio and tv networks under FCC regulation.

The questionnaire sent earlier to the FCC is said to deal with network affiliations, the FCC's allocations philosophy, coverage by tv outlets and the reason for intermixiture of uhf and vhf channels. A committee spokesman said last week that, although the investigation staff has not held conferences with the FCC on the questionnaire, there undoubtedly will be some sessions with Commission people before the files it is preparing are closed.

Although other questionnaires will be sent, there is no present indication as to which group will be next on the investigation staff's quiz list. Besides tv stations, some likely prospects are multiple-ownership entities, set manufacturers and station representatives.

Besides Mr. Jones, former congressman from Ohio and FCC commissioner (1943-51), members of the investigation staff are Harry M. Plotkin, minority counsel and former assistant general counsel of the FCC (1943-51), and Nicholas Zappe, communications counsel for the Senate Commerce Committee and coordinator for the probe.

How is an oil well like a cow?

In many ways the similarity between an oil well and a cow has a lot to do with the future security of your children.

Both well and cow give us vital products—petroleum and milk. But unless we withdraw those products at an efficient rate we can ruin our source of supply.

For it's as economically unsound to take a year's supply of oil from a well in a month, as it would be to try to obtain a year's production of milk from a cow in a day!

It's equally bad economically to underproduce a well or a cow. Yet, the American petroleum industry is underproducing—to accommodate the oil coming into this country from far-off places.

Obviously, if our own industry is to maintain its capacity to produce it has to be able to sell its products. Whatever interferes with this jeopardizes its ability to continue to satisfy America's need for oil.

Nor does it have the financial resources to drill wells and then shut them in until needed. You have to do business to stay in business.

What's worse, oil from distant shores creates a dangerous dependency. In a national emergency it could disappear overnight. And we can't slow our production down too much and expect it to be adequate when we want it.

In our opinion, there is only one safe way to keep this nation's rate of petroleum production up to any challenge it may have to meet. That's to encourage our domestic oil industry to constantly find and develop new fields in the Western hemisphere, where we can get at them if we need them.

ZENITH CHALLENGES RCA, GE STAY BID

ZENITH Radio Corp. last week challenged a new plea by RCA and General Electric for a stay in the $16 million anti-trust patent dispute now before the Chicago courts.

A writ of mandamus, Zenith charged, "would open the floodgates to countless applications to review every conceivable interlocutory order in the course of extensive litigation." Furthermore, it asserted such a writ "would permit corporations of the size of RCA and GE . . . to destroy completely an effective remedy available to the ordinary litigant in the Federal courts."

The charges were contained in a reply brief filed Wednesday in U. S. Court of Appeals, Chicago, in answer to an appeal by RCA and GE last month. Zenith's reply supported Federal District Judge Michael Igoe of erring in his ruling on several counts, including his contentment that the Chicago trial should move ahead, notwithstanding the outcome of a similar patent suit in a Delaware district court. Zenith and its subsidiary Rauland Corp. filed the $16 million suit charging RCA, GE and others with monopoly in patents as a counterclaim to RCA's claim that Zenith infringed on patents.

Zenith characterized the dispute as "a life and death struggle for existence on the part of the counterclaimants [Zenith and Rauland] against large corporations who are alleged to be seeking to rule an entire industry, not only here but throughout the world."

Another P.R. Satellite Asked; Lufkin Dropout Re-Applies

SECOND application for a satellite tv station on ch. 3 at Mayaguez, Puerto Rico, was filed with the FCC last week—this time by ch. 4 WKAQ-TV San Juan. Also filed last week was an application for ch. 9 at Lufkin, Tex., by Forest Capital Broadcasting Co., former permittee of ch. 9 KTRE-TV there, which would utilize programs of KPRC-TV Houston.

* WAPA-TV's bid for a satellite station on ch. 3 at Mayaguez appears to have precipitated the first competitive hearing for a satellite tv station. Ch. 2 WKAQ-TV San Juan, the only other tv station in Puerto Rico, earlier had filed for a supplemental outlet on ch. 3 at Mayaguez [B†T, Sept. 13].

The WAPA-TV application disclosed that at the outset the service of the proposed ch. 3 facility at Mayaguez will be programs originating from WAPA-TV, with live programs to be broadcast "sometime in the future." Implementation of this program will depend largely on the number of tv receivers in the Mayaguez area, the application reported.

The Mayaguez station will be constructed for an estimated $133,977, with first year operating cost at $28,000. The proposed effective radiated power is 1.47 kw visual and 0.88 kw aural with an antenna height above average terrain of 39 feet.

* At Lufkin, Forest Capital seeks the identical facilities that it had surrendered to the Commission several months ago with the ex-

big machines mean big business... in FLINT!

Big machines... the men who make them work... big paydays! They all go hand in hand in industrial Flint to set new sales records every year. Right now this largest GM plant city in the world has retail sales a solid 62% above the national average.* And sales are due to go up. With new car models soon on the way, there will be more work than ever for Buick, Chevrolet, Fisher Body, AC Spark Plug and Ternstedt. Naturally, more work in Flint means even bigger paydays... even more buying. Why not set new records in Flint yourself? WFDF can show you the surest, shortest way. The Katz Agency can give you the full story.

Lowell Thomas, Associates Seek to Buy WROW-AM-TV

APPLICATION for FCC approval of transfer of control of WROW-AM-TV Albany, N.Y., to a group headed by radio commentator Lowell Thomas was filed last week. Purchase price for 83% ownership of the two Albany stations was given as $298,800.

Associated with Mr. Thomas, who will be 31.24% owner, are Mr. Thomas' business manager, Frank M. Smith, 20.86%; Ellen E. Elliott, wife of New York stock broker Edward Elliott, 20.86%, and attorney Alger B. Chapman, former ABC director, 10.45%.

Remainings are two of the original 26 stockholders: Dean P. Taylor, member of Congress from New York's 31st District, and Louis H. Gross. The purchase price represents repayment to the other stockholders of their investments in the station, the application declared.

Mr. Thomas and Mr. Smith were principals in Cinerama Productions Inc., which was taken over by the Stanley-Warner interests earlier this year.

Balance sheet as of Aug. 31 showed that licensee Hudson Valley Broadcasting Co. had total assets of $571,399, and total liabilities of $381,309. The radio station made a profit of $19,689 during those eight months, while the tv station showed a loss of $94,607.

Seven-year-old WROW operates on 590 kc, with 5 kw daytime, 1 kw nighttime. It is affiliated with MBS. Ch. 41 WROW-AM began operating one year ago and is affiliated with ABC, CBS and DuMont.

Hartford Ch. 3 Switch Request Faces Protests

Both contestants for ch. 3 at Hartford, Conn., Travelers Broadcasting Service Corp. (WTIC) and Hartford Telecasting Co., are to file with FCC today (Monday) their opposition to a joint petition by four uhf stations which seek to "de-intermix" Hartford and make all commercial channels there uhf [BTC, Oct. 11].

The four uhf stations, WGTH-TV Hartford, WKNB-TV New Britain, WHTY-TV Springfield-Holyoke (Mass.) and WWLP (TV) Springfield, asked that the educational reservation at Hartford be switched from ch. 24 to ch. 3 with ch. 24 becoming commercial.

Wall Johnson, Travelers secretary, explained ch. 3 was allocated there after full hearing. He noted WTIC planned to affiliate with only one network "which would leave several other network affiliations available for the uhf stations in this area." Leo Resnick, Washington counsel for Hartford Telecasting, said his client also would protest the reallocation proposal today.

Tall Tower Subcommittee Names Five Working Units

ESTABLISHMENT of five working groups to investigate means of marking and lighting tall tv towers so they are more visible than under current requirements was accomplished at an organizational meeting of the tall tower subcommittee of the Airports, Air Routes & Ground Operations subcommittee of the Coordinating Committee last week.

The subcommittee last August found that standards for marking and lighting tall structures are not adequate and recommended that studies be made to determine how to make them more visible to aircraft pilots [BTC, Aug. 23].

This finding resulted from a six month study by members of the subcommittee and aviation and broadcasting industry associate members. The subcommittee was headed by Dr. T. F. Andrews, head of the U. of Maryland psychology department.

The final report, approved by the full AGA subcommittee, held that marking and lighting should make towers visible at three miles when visibility was three miles between observer and structure.

Working groups (and chairmen) were set up as follows: technical literature analysis, Lt. Comdr. E. S. Ogle, Navy; marking analysis, John Hopkins, Army; lighting analysis, Maj. Calvin Samson, Air Force; physical feasibility, Robert E. L. Kennedy, consulting engineer; coordinating, Dr. Andrews, ex-officio.

The next meeting, to report on progress, is scheduled for these chairmen Nov. 17.

FCC Backs Examiner in Roanoke Ch. 7 Ruling

FCC last week affirmed Examiner J. D. Bond's ruling in the Roanoke (Va.) ch. 7 case that Times-World Corp. (WDBJ) has to furnish additional information regarding officers and directors of the First National Exchange Bank of Roanoke, with the possibility that duopoly by WDBJ may be an issue. The Commission at the same time denied the petition of WROW Roanoke that the WDBJ application be dismissed.

Change in the ownership of the Times-World Corp. occurred when Junius Parker Fishburn, 49% owner of the company, died of a heart attack while attending the tv hearing in Washington [BTC, March 29]. The Roanoke bank was named trustee of his estate. It had been trustee of other stockholders in the amount of 4%. It was this change in the bank's position in the WDBJ application that initiated WROW's move to have the Times-World application dismissed or to have additional information regarding the bank's officers, directors and stockholders.

The duopoly question arises, WROV said, on the claim that some of the bank's officers are also officers of the Shenandoah Life Insurance Co., parent of WSLS Roanoke.

The hearing has been in recess since Mr. Fishburn's death.

In another action last week, the FCC granted a petition of Mid-Florida Television Corp. (WLOF) to enlarge the issues respecting the ownership of WORZ Inc. in the Orlando (Fla.) ch. 9 proceedings. WHOO, which was the third applicant in that hearing, withdrew its application last week. WHOO was sold by Edward Lamb to Mason Lowe for $25,000 [BTC, Sept. 27].
Senate Group to Begin
Tv Crime Show Probe

A FOUR-MONTH survey by the Senate Juvenile Delinquency Subcommittee has preceded the group's hearing, set for Tuesday-Wednesday, into tv crime, violence and horror programs. The survey by the subcommittee staff included monitoring of various crime and horror programs, a study of filmed shows supplied by the producers of such programs, an examination of all published material relating to tv's impact on children and the industry's own method of screening such programs.

The two-day hearing, open to the public and to radio and tv, will take place in Washington at the Old Supreme Court Room in the Capitol Bldg. Exhibits will be featured depicting the programming pattern of both networks and individual stations as it relates to the program schedule available to children.

Among the exhibits will be detailed logs of programs (their titles and stars) that enter America's living rooms from coast to coast. The crime-horror-violence programming will be pinpointed geographically as well as individual stations' programming in various sections.

Logs of programs available to children in off-school hours have been graphed in the following cities: San Francisco, Washington, Philadelphia, Dallas, Atlanta, Denver, Kansas City, Cleveland, Chicago, and Los Angeles.

Ives Indemnifies

IN THE WAKE of threatened libel suits in New York State for telecasts of a political film (see story, page 66), WHCU Ithaca, N. Y., last week reported receiving what apparently is a form agreement from Sen. Irving M. Ives (R.-N.Y.) in which the senator agreed to indemnify the station against any claims made for damages which might arise from his campaign talks on the outlet.

It was not indicated immediately whether Sen. Ives is sending the agreement to all stations on which he will speak. GOP spokesmen in Washington said they knew of no instances where such an agreement, considered unusual because it was unsolicited by WHCU, is being sent to stations by other Republican candidates.

Intermixture Comment

CRITICISM of uhf-vhf intermixture in the same market was offered in a letter to Sen. John W. Bricker (R-Ohio), chairman of the Senate Commerce Committee, by Lou Poller, president-general manager, WCAN-TV Milwaukee (Ch. 25), and president, Ultra High Frequency TV Assn.

Mr. Poller advocated de-intermixture of uhf and vhf channels to put stations in the same market on an even technical basis. Commenting testimony presented at the uhf hearings last spring by a Senate Commerce subcommittee, Mr. Poller, in an apparent reference to Sen. Bricker's investigation of the networks and the uhf-vhf situation, said that "any action resulting from the record of the hearing would be an indication to the industry that further testimony would likewise be productive."

Beer-Wine Letter Return Totals 65%—NARTB

NARTB said last week that 1,800 of its questionnaires to radio and tv stations on beer and wine advertising and total time data have been returned complete. The association seeks the information on the request of the House Commerce Committee, which asked for beer-wine advertising data in a report issued in lieu of sending the Bryson Bill on liquor advertising to the floor for House action.

The total returned represents 65% of the questionnaires sent out to am, fm and tv stations by NARTB, it was reported. Actually stations returned 2,061 questionnaires, but 270 were not complete enough for the data NARTB seeks. NARTB, aware that the delinquent questionnaires might have been mislaid by broadcasters, last week extended the deadline for return of the completed forms to Oct. 20 (this Wednesday) and forwarded new questionnaires to all stations which have not answered the first ones mailed last month.

NARTB, viewing that fewer categories which have returned questionnaires complete, by percentages, are: television, 82%; large radio stations, 75%; medium radio stations, 64%; small radio stations, 58%.
Clarksburg Pub. Seeks Reversal of WBLK Grant

CLARKSBURG Publishing Co. last week asked the U. S. Court of Appeals in Washington to reverse the FCC in granting Clarksburg (W. Va.) ch. 12 to WBLK Clarksburg and in denying its Sec. 309 (c) protest last July.

The Clarksburg petition claimed that there would be a concentration of control over the media of communications in that area were the WBLK-TV grant allowed to stand. It also claimed that there was a collusive agreement between WBLK and applicant WPDX Clarksburg when the latter withdrew its application and was reimbursed in the amount of $14,390. It also said that there should have been public notice of the withdrawal.

Clarksburg Publishing Co. publishes the Clarksburg Exponent and Telegram, only daily newspapers in that city. It is owned by Cecil B. Highland Sr., long-time foe of radio and tv. His newspapers do not carry radio or tv logs nor mentions of broadcasting in their editorial or advertising columns.

Gist of the concentration issue, advanced by the Clarksburg publisher, is: WBLK is largely owned by the News Publishing Co., which publishes a number of newspapers in West Virginia. News Publishing also owns 34% in WTRF-TV Wheeling (ch. 7). WTRF-TV signals are "piped" into Clarksburg through a community television system—which brings up the question of overlap. Also News Publishing owns WPAR Parkersburg, W. Va. [B&T, March 29].

After oral argument before the Commission last May, the FCC denied the Clarksburg protest on the ground that no overlap of Grade A contours had been established and that the diversification issue was not binding since the News Publishing Co. did not publish any newspapers in Clarksburg [B&T, July 5]. It is this decision which the Clarksburg newspaper publisher is appealing to the courts.

KAKE Asks FCC Hearing On KFBI Control Transfer

KAKE-AM-TV Wichita last week asked FCC to set for hearing the application to transfer control of KFBI Wichita to Hutchinson Tv Inc., operating KTVH (TV) Hutchinson, Kan.

The KAKE petition contends KTVH, while located in Hutchinson, represents itself as serving both Hutchinson and Wichita in its promotion but not in its FCC filings. The KTVH list of sponsors is described as including $4 from Hutchinson, 60 regional and 124 from Wichita.

When the KTVH application was granted, it is charged, KFBI was applicant for a ch. 16 tv station at Wichita. John F. Harris and Sydney F. Harris "were and still are also stockholders in KFBI Inc.," it is contended, with the former having 13% of Hutchinson Tv Inc. and 11.87% of KFBI Inc. and the latter 10% of Hutchinson Tv Inc. and 1.9% of KFBI Inc.

The KAKE petition contends KTVH and KFBI would increase their Wichita "emphasis" if they joined forces, and that KFBI would like CBS Radio affiliation. KTVH is a CBS-TV affiliate. Bess Marsh Wyse, a 12% stockholder and director of Hutchinson Tv Inc., is described as holding a 55% interest in KWBW Hutchinson. R. J. Laubengayer is described as a 6.52% KTVH stockholder and at the time of the grant was a 131% stockholder in KFBI Inc. "Based on current holdings," it is stated, "33% of the stock in KFBI Inc. is owned by persons who own 28.4% of the stock in Hutchinson Inc."

WOSA-TV Gives Up License; WLBR-TV Takes 90-Day Halt

DELETION OF ch. 16 WOSA-TV Wauaus, Wis., by the FCC last week raised the total number of post-thaw tv stations to surrender their permits to 103. Of these, 85 were uhf and 18 vhf.

WOSA-TV was owned by Rep. Alvin E. O'Konski (R-Wis.). No reason was given for requesting cancellation of the ch. 16 permit.

Meanwhile, ch. 15 WLBR-TV Lebanon, Pa., notified the Commission that it will cease operation on October 16 for 90 days.

WLBR-TV has been operating under special temporary authority since October 25, 1953. In its letter to the Commission WLBR-TV said that "after almost a year's operating, the station has not been able to attract sufficient business to achieve satisfactory results nor has it been able to secure a national network affiliation."

Suspended Uhf Seeks Vhf

MISSISSIPPI Broadcasting Co., owner of suspended ch. 30 WOCOC-TV Meridian, Miss., petitioned FCC last week to allocate ch. 7 there, to end the vhf/uhf intermixture problem. The firm pointed out its uhf promotion efforts have not been sufficiently successful to compete with ch. 11 WTKO-TV there. Mississippi Broadcasting said ch. 7 can be added without any other changes in the allocation table.

Capitol Lobbyists
Report Activities

REPORT on lobbying activities in the nation's capital during the second quarter of 1954, including persons or groups who represent interests affecting the radio and television broadcasting industry has been entered in the Congressional Record.

The list, together with lobbyists' announced activities and receipts or expenditures if any in lobbying activities for both quarters of 1954, include:

**MANTEL, local, state or federal legislation affecting the broadcasting industry—Thad H. Brown, Washington, D.C. 
Fellow, Ralph W. Hardy and Vincent T. Wastiewski. 
**

**RETA, tax legislation—Cleveland Hebbard Jr. 
Clear Channel Broadcasting Service, opposition to legislation calling for duplication of class I-A clear channel frequencies or limiting power of class I-A stations—Hollis M. Severy, expenditures $162.31. 
CBS Inc., legislation affecting the radio or TV industry—Earl H. Christians. 
**

**NBC, legislation affecting NBC or affiliated companies—Joe W. Russell, expenditures $175.78. 
**

**Edward B. Croldt, representing AT&T on matters involving telephone communications—receipts $6,000. 
Donald J. Fouill, receipts $4,000. 
**

**Western Union Telegraph Co., legislative proposals affecting the telegraph company—F. S. Willis, receipts $28,920. 
The T. W. Heferton, expenditures $333.90. 
**

**Ernest W. McFarland, representing American Cable Association, lobbying for the Communications and Western Union Telegraph Co., receipts $7,500. 
**

**International Union of United Brewers, Pizza, Cereal, Soft Drink and Distillery Workers of America, all legislation involving or in the direction of national prohibition (Bryson Bill), taxation of beer-Budweiser, etc.—Joseph K. Brady, expenditures $434.83. 
**

**Clinton M. Hester, representing United States Breweries Inc., legal proposed legislation affecting the brewing industry (Bryson Bill)—receipts ($second quarter only) $91,427. 
**

**National Women's Christian Temperance Union (legislation dealing with alcohol, including Bryson Bill), Good Sameness (legislation affecting the temperance movement and women and children)—receipts $6,471.54; expenditures $4,658.95. 
**

**Miss Elizabeth A. Smart, representing National WCTU, legislation dealing with alcohol (Bryson Bill), narcotics, international relations, women and children—receipts (first quarter only) $606.12; expenditures $650.00. 
**

**Wine Institute, legislation affecting California wine and branded industry (Bryson Bill)—Edward W. W Wootten. 
**

O. H. Strackbein (legislative counsel for Inter-American Assn. of Beverages, rum importers, brewery and convention bills and liquor advertising bills (Bryson Bill)—receipts $625. 

### Three New AM Grants Issued

PERMITS for three new standard stations issued by the FCC last week. They were for Fremont, Mich.; Ogallala, Neb., and Vinita, Okla.

- At Fremont, fulltime facilities on 1490 kc with power of 100 w was granted to Paul A. Brandt, owner of WCCN Mt. Pleasant, Mich.
- For Ogallala, new daytime station on 910 kc with 500 w power was granted to Ogallala Broadcasting Co.
- At Vinita, permit for a new daytime station on 1470 kc with power of 500 w was awarded to Vinita Broadcasting Co.

In other actions, the FCC granted WMNC Morgantown, N. C., a construction permit to change its facilities from unlimited operation on 1490 kc with power of 250 w to daytime operation on 1410 kc with power of 5 kw.

FCC also designated for consolidated hearing applications of Miners Broadcasting Service Inc., Louis Rosenberg and Somerset Broadcasting Co., all seeking new standard daytime stations in the Northern States, with 500 w power, at Ambridge, Pa., Tarentum, Pa., and Fairmont, Ohio, respectively.

### New York state TV Station air Democratic film on race scandal

**POLITICAL LIBEL PROBLEM RISES IN N. Y.**

New York state TV stations air Democratic film on race scandal. Legal action is threatened.

**THE SPECTRE of political libel faced a number of TV stations in New York State last week, as the election campaign there entered a heated homestretch.**

Early in the week, George Morton Levy, general counsel to the Old Country Trotting Assn. of Westbury, Long Island, threatened legal action against stations showing a film on the story of the scandals. The 15-min. film, prepared by the Democratic State Committee in New York, connected Mr. Levy to the story of the scandals. The mention of him in the film was inspired by Rep. Franklin D. Roosevelt Jr. (D-N.Y.), the Democratic-Liberal candidate for attorney general.

The film was shown by more than a half-dozen stations, three of them in New York City and the others upstate. All of the stations, including some stations which had not as yet aired the film, received a telegram from Mr. Levy warning them of possible litigation. Labeling the references to him in the film as false and without foundation, Mr. Levy wired, "I shall hold your station and anyone who abets in their circulation responsible for such untruthful and liable statements."

Among the stations telecasting the film were WBNF-TV (now WBCA-TV), WPXK (TV) and WABD (TV), all New York, and stations in Schenectady, Rochester and Elmira.

Stations involved were reported to be following the FCC's regulation forbidding the station to censor programs by a political candidate (Sec. 315 of the Communications Act).

**WBEN-TV Buffalo, after receiving Mr. Levy's telegram, demanded and received indemnification from the Whitebrook Adv., New York, agency which prepared the film for the Democratic Committee. A. H. Kirchhofer, publisher of the Buffalo Evening News and WBEN Inc. vice president, had wired the agency:**

"We are perfectly ready to telecast Rep. Roosevelt's program, provided the station, its officers and directors are given legally executed indemnification, covering the Whitebrook Adv., New York, agency which prepared the film for the Democratic Committee. If this isn't done, we have only one recourse that is to refuse to carry any program for the office of attorney general."

Legal advice also was sought by WBNF-TV Binghampton, N. Y., which through Edward Scala, program director, announced it would show the film.

Lloyd Whitebrook, head of the agency handling the film, told WBT that he knew of no station which had planned to telecast the film, changing his mind.

By Wednesday, Mr. Levy was uncertain as to the path he would take, saying he might be unable to take any legal action in view of the FCC regulation.

### Exchange Troubles

**THERE weren't telephone lines enough in Denver to handle all the "Kingo" calls coming in to KBTV (TV) there. So the Mountain States Telephone & Telegraph Co. put in a special dial exchange to accommodate the overflow that was tying up all 25 Denver area exchanges. The exchange is used only for "Kingo" calls to KBTV. "Kingo" is an hour-and-a-half tv version of "Bingo" with one notable improvement: the player can sit at home and, if he wins, can call the station and say he has a winning card. The new dial exchange, said to be the only one of its kind in the country, is unique in that "Kingo" m.c. Reed Walker can clear the entire exchange of jammed calls by the simple push of a button. The show's sponsor, King Soopers grocery chain, reports that store traffic through its seven Denver area outlets has increased by more than 14,000 persons per week since the inception of the program four weeks ago.**

### Stations Spotlight

**WEATHER INFORMATION is gaining prominence in radio-tv programming. Two stations have reported establishing their own facilities while another is working out closer ties with a Weather Bureau station.**

A complete weather station is being set up at Crosley Square studios, home of WLW and WLWT (TV) Cincinnati, in the heart of downtown Cincinnati. Jim Fidler, pioneer radio-tv weatherman, is in charge. Equipment includes facsimile and weather telemetry machines as well as outside gear. The service also will be fed to WLWC (TV) Columbus and WLWD (TV) Dayton, Crosley stations.

KJSO San Jose, Calif., has set up its own

the weather bureau, according to the station. Harry Geise, a trained meteorologist, each day analyzes and predicts the weather for KSIO's farm listeners. Mr. Geise claims that most weather forecasts carried over the air are at least six hours old, but KSIO, with its own forecasting, can give farmers up to the minute predictions.

Weather data soon will become available from the highest point in Vermont—the site of the transmitter of WMVT (TV) Burlington, atop Mount Mansfield. The station and James E. Stork, chief of the U. S. Weather Bureau in Burlington, have worked out arrangements for operation of the weather sub-station on Mount Mansfield to provide weather experts with spot weather conditions and to give data to WMVT and other sources reporting to the public on weather information.

WTIC Hartford, Conn., plans to have a weather forecasting and research station in operation early next year under Dr. Thomas F. Malone, MIT associate professor of meteorology. He will have a staff of nine including five meteorologists.

WTMJ-AM-TV Milwaukee, Wis., has installed two special teletypes to provide weather information for Bill Carlisle, "weatherman" for the station's 17 five-minute weather shows per week on tv and 10 forecasts a week on radio.

WFAA-TV Ups Power 10-Fold

WFAA-TV Dallas has announced a 10-fold power increase, raising the operating power of the ch. 8 stations to 274 kw, after installation and testing of new RCA equipment. In addition, a new 12-bay antenna, weighting about four tons, was installed on top of the WFAA-TV tower. Ralph Nimmons, station manager, described the power boost as "a significant step in ch. 8's continuing effort to bring the best possible television service to the people of north Texas."

Griff's Radio-Tv Jeopardized

PROJECTED switch of the Philadelphia Athletics baseball team of the American League to Kansas City might interfere with radio-tv income of the Washington Senators, according to Clark Griffith, owner of the Washington club. Mr. Griffith said that if Washington and Baltimore were both in the same eastern division of the league, his 31-station radio hookup as well as telecasts would be affected since he considers Baltimore in his electronic territory and could not include that area if both teams were playing at home.
NOW UNDER CONSTRUCTION is the new WCOV (Montgomery, Ala.) Radio & Television Center as presented in this drawing. Ch. 20 WCOV-TV recently increased to 200 kw and WCOV has applied for 10 kw. Both stations are CBS affiliates.

WCMS Three-Month Report

WCMS Norfolk, Va., which claims to be the “first and only” station in the Tidewater area specializing in western, country, folk and hillbilly music reports itself “in the black” after only three months of operation. The 1050 kc station is owned by Cy Blumenthal, who purchased the studios and physical facilities of the former WCAV Norfolk in July. The staff: William B. Davis, director of operation; Art Barrett, program director; Ted Harding, commercial manager; Ted Spivey, chief engineer; Ted Tatar, farm director, and Ted Crutchfield, special events and sports.

WJBF-TV Now WJBF (TV)

CALL LETTERS of WJBF-TV Augusta, Ga., have been changed to WJBF (TV), effective Oct. 10, according to an announcement by J. B. Fuqua, president of the ch. 6 outlet. The change results from the sale of WJBF radio to Media Inc., which now will have the call of WBIA.

WNBQ (TV) Unveils New Unit

CUSTOM-BUILT tv mobile unit has been placed into operation by WNBQ (TV) Chicago, according to Howard C. Luttgens, NBC Chicago engineering head. The unit, a reconverted bus, was completely rebuilt in accordance with specifications and plans drawn by Mr. Luttgens and his staff. The vehicle contains complete audio and video control equipment, microwave relay accoutrement, and storage space for accompanying cameras, lights, microphones and cable. The panel, formerly used for destinations, bears a tag reading “WNBQ—Always the Best in TV—Ch. 5” and information on remote telecasts the station plans to originate.

We have a little booklet of Rochester radio ratings based on latest Pulse and Hooper rating surveys. If you are considering Rochester and want to be brought up-to-date on this prosperous market, you should have this booklet on your desk. Just ask us and we will dispatch one to you post haste.

BETWEEN 30-50 additional stations will receive transcriptions of the Blackwood Brothers Quartet show which is signed for over WMPS Memphis on a five-times-weekly, 52-week basis by (l to r) Milton Buhler, treasurer of sponsor Buhler Milling & Elevator Co.; Charles Britt, WMPS sales manager, and James Blackwood, leader of the quartet. Agency is Simon & Gwynn of Memphis.
Hearst’s Campbell Moves To New York Headquarters

VICTOR F. CAMPBELL, director of programs for Hearst Corp. radio-tv stations, has been transferred from Baltimore to New York, D. L. Provost, vice president and general manager of Hearst’s radio-tv division, announced last week.

Mr. Campbell is engaged in the development of new radio and tv programs for distribution on a syndicated basis. Already in the production stage is a weekly fifteen-minute newscast with a teen-age slant titled The World Is Yours, which is produced in cooperation with Hearst Metrotone and International News Service.

At the same time, the appointment of Sydney King, production manager of the Hearst Corp.’s WBAL-TV Baltimore, as acting program manager for the station was announced by Leslie H. Peard Jr., station manager.

Clarke Brown Co. Expanding

CLARKE BROWN Co., southern regional radio-tv representative, has moved to larger quarters in Dallas and will serve as southern offices for H-R Representatives Inc. and H-R Television Inc. [B*T, Oct. 4], according to an announcement by Clarke R. Brown, head of the firm.

In addition to handling the H-R list of stations for the south, the Brown firm will handle its own list of client stations.

The southern representative serves from Texas to North Carolina. It has offices in Dallas, Houston and New Orleans and is readying an Atlanta office. Dallas headquarters new address is 452 Rio Grande Natl. Bldg.

Do You Know This Man?

He is Marshall H. Poole, president and general manager of WVLN, Olney, Ill. He says,

“We have found the SESAC Transcribed Library invaluable in our operation. For a low cost, complete program service I don’t know SESAC’s equal. Special compliments should go to the superb religious music, the Bridges, Moods and Themes catalog and the SESAC scripts. We use them all constantly.”

The SESAC Library is lowest in cost for a complete Program Service

Four Vhf Stations Debut Over Weekend

FOUR new tv stations, all vhf and bringing the first local tv to three cities, were scheduled to begin commercial programming at the week’s end. These debuts will boost to 413 the number of operating video outlets.

The new stations and their starting dates: WCNY-TV Carthage-Watertown, N. Y., yesterday (Sunday); WBTW (TV) Florence, S. C., last Friday; KLTV (TV) Tyler, Tex., last Friday, and WSAU-TV Wausau, Wis., yesterday.

WCNY-Tv (ch. 7) is the first local video in that upstate New York area. Network affiliations are ABC and CBS; representative is WED-TV. The station is owned by the Brockway Co. which publishes the Watertown Daily Times.

WBTW (ch. 8), owned by the Jefferson Standard Broadcasting Co., is the first tv in Florence. It is affiliated with CBS and represented by CBS Tv Spot Sales. Joseph M. Bryan is president and Charles H. Crutchfield executive vice president and general manager of Jefferson Standard.

KLTV (ch. 7) is the second station but first vhf in Tyler. It began operations with 100 kw power, Marshall H. Pengra, general manager, has reported. Network is NBC and representative is John E. Pearson Tv Inc. Lucille Ross Lansing is president and owner. She also owns KGKB Tyler.

WSAU-TV (ch. 7), owned by the Wisconsin Valley Tv Corp., which is composed mainly of newspaper interests, is affiliated with CBS and represented by Meeker Tv Inc. WSAU-TV is the first tv in Wausau.

WCCO Show to Celebrate Station’s 30th Birthday

IN OBSERVANCE of its 30th anniversary, WCCO Minneapolis-St. Paul will present a full-hour broadcast relating the station’s history on Thursday (7:30-8:30 p.m. CST). The station is a CBS Radio affiliate and is partly owned (47%) by CBS.

The anniversary program will trace the station’s growth and development from a pioneer station, whose signal was scarcely audible beyond the Twin Cities, to a 50 kw outlet which currently serves about 3 million listeners in Minnesota, Wisconsin, Iowa and the Dakotas. Eddie Gallagher, CBS Radio personality and former WCCO staff member, will serve as narrator for the broadcast.

WCFM (FM) Ceases Operation

WCFM (FM) Washington, owned cooperatively by Washington organizations and individuals, ceased broadcasting last week when negotiations for refinancing [B*T, Oct. 11] fell through. The station was due to cease operations early this month [B*T, Oct. 4] but continued in operation pending the outcome of the search for new capital. Founded in 1948, WCFM has operated as a good music station in the nation’s capital. It has been sustained mostly by contributors—it had 3,000 preferred stockholders and several thousand “sustaining” stockholders. It operated on 99.5 mc (ch. 258) with 20 kw.
DEATH AND TEXAS,
or how to get from here to eternity

"Show me the best coffin you got," commanded a puissant Texan to a mortician.

"Death in the family? My deepest sympathies," said the undertaker, as the adding machine started whirring in his brain.

"Nope. It's for me. Gotta die sometime. Want to see what I'm getting into. How much is that one?"

"You've hit the best in the house. Silver handles, inlaid mahogany, silk lining, down filling, gold nails, stainless steel core. Complete with a fifty-car funeral and a hundred sad mourners, $4,750.00."

"Sold. Here's the cash. Hold the thing for me."

The Texan returned to his office. "I'm all set now. Just bought a ring-tailed tooter of a coffin. Gold, silver, mahogany and silk," he told his partner.

"How much?" the partner asked.

"$4,750.00."

"$4,750! You nuts, man? For five hundred dollars more you could be buried in a Cadillac!"

Lively note: No retail trading area in the entire nation enjoys greater retail sales per family than Amarillo's. No other tv station can reach our potential audience of 398,000. No time like now to check with The Katz Agency.

KGNC-AM & TV
Amarillo

AM: 10,000 watts, 710 kc. TV: Channel 4. Represented nationally by the Katz Agency
WKY-TV Target for '55:
All Local Shows in Color

WKY-TV Oklahoma City, which bills itself as the first television station in the country to originate local live programs in color on a regular basis, hopes to be colorcasting all its local programs by some time next year, perhaps by mid-1955, Hoyt Andres, assistant manager, said last week.

Mr. Andres offered the prediction in outlining WKY-TV’s facilities, operations and programming to agency leaders in a series of presentations in New York last week. Color slides were used to show the ch. 4 outlet’s physical layout and shortcuts it employs in colorcasting to economize on time and effort “without economizing on quality.” The WKY-TV presentation was viewed by an estimated 400-500 agency executives and others during seven breakfast and luncheon sessions staged during the week. The WKY-TV delegation was headed by Manager P. A. (Buddy) Sugg and Assistant Manager Andres. The station is represented nationally by the Katz Agency.

KFMB-TV Starts Combination News-Announcement Package

WITH the start of United Press facsimile service last month, KFMB-TV San Diego has started a unique “one-minute news flash announcement” format, combining interest of spot news with prestige of news sponsorship and flexibility of spot announcement schedule. Under direction of station manager George Whiting and prize-winning executive editor Paul White, the “one-minute news flash” consists of 10-second title and sponsor identification, 20-second showing of a facsimile just off the U.P. machine, plus commentary, and a final 30-second commercial.

Spots are priced at regular one-minute commercial rate, with added $10 gross production charge. The one-minute news flashes are programmed throughout the day and are subject to KFMB 12-plan and normal frequency discounts.

Akerman Dies Suddenly

FUNERAL services for John Akerman, 52, account executive for CBS Radio Spot Sales in New York, were held last Tuesday in Mamaroneck, N. Y. Mr. Akerman died suddenly at his home in Mamaroneck on Oct. 9. He had been with CBS Radio Spot Sales since 1949. Previously, he had served as general manager of KMOX St. Louis and assistant general manager of WBMM Chicago, both CBS-owned.

UNDER “THREAT” of “Pirate Pete’s” cutlass and flintlock, John Grieger Sr., president of Famous Foods Inc., signs to sponsor the Pirate Pete Show Mon.-Fri. on WJBK-TV Detroit. Enjoying the act and sporting Pirate Pete buttons are (l to r) Keith McKenny, WJBK-TV sales representative; Joe White, Famous Foods’ sales manager; Ralph Sharp, president of Ralph Sharp Agency, and Gayle V. Grubb, WJBK-TV vice president-managing director.

WCBY Start Imminent;
Staff Assignments Made

WCBY Cheboygan, Mich., through Richard E. Hunt, president-general manager, has announced plans to go on the air toward the end of this month. The new station will operate with 20 w on 1240 kc fulltime. Studios, offices and transmitter will be located at the edge of Cheboygan on U. S. highways 27 and 23. The station will be affiliated with the Northern Network, will use AP news service and will be represented nationally by H. F. Best Co. of Detroit. Programming will emphasize music, news, local sports and public interest.

The staff assignments are as follows: N. Poppelman, formerly of WPTW Piqua, Ohio, chief engineer; Bob Clark Jr., formerly of WATZ Alpena, Mich., program director; Harry McLeod, formerly of WHAK Rogers City, Mich., announcing and news, and Ben Morrow, sales and sports.

REPRESENTATIVE APPOINTMENTS

WKYM San Juan, P. R., appoints Pan American Broadcasting Co., N. Y.

WWCA Sells Homes

A RADIO campaign to sell homes, planned and broadcast by WWCA Gary, Ind., gained Otto G. Fifeild Inc., of Gary, first prize in an Indiana Real Estate Assn. contest in recognition of a business-building idea.” Last March 1, the firm started a series of programs designed to move a backlog of winter homes, ranging in value from $11,000 to $15,000. Thus far, Fifeild has sold 60 homes using radio shows on WWCA and at an advertising cost of $26 per sale.

Coulson, Former WHAS Executive, Dies at 61

W. LEE COULSON, 61, for many years manager of WHAS Louisville and one of broadcasting’s pioneer executives, died Thursday at Santa Barbara, Calif., where he had been living for the last seven years.

Mr. Coulson’s career dates back to the early days of WHAS where he served in sales and executive capacities before becoming manager. He figured in development of some of radio’s program and management techniques and was widely known in broadcasting and advertising circles. He left WHAS in 1947 after suffering a heart attack and has been unable to work actively since that time. He served on committees of the old NAB and took an active part in industry affairs.

Southern League Limits TV

TELECASTS of home games played on Sundays and holidays, as well as all playoff games, have been banned by directors of the Southern Association, Class AA league. Home clubs may decide if other home games are to be broadcast or telecast. Only Atlanta telecast Southern Association games last season.
Dennis James returns to ABC to star in "Name's the Same"

This delightful guessing game is back for the fall season on ABC. Back to ABC-TV, too, is Dennis James to take over as moderator and leading wit. The premiere was Monday, and a grand time was had by all ... including the proud sponsor, the Ralston-Purina Company!

You're in smart company on ABC-TV American Broadcasting Company

Bert Parks deals out laughs and cash prizes on "Break the Bank"

Yes, "Break the Bank" is back, Bert Parks and all. And it looks like this famous financial fun-fest will be around for a long, long time. It pays off for everybody: for the contestants (like those below), for ABC, and for the Dodge Division of Chrysler Corporation, who sponsor this wonderful show ... and don't mind paying one bit.

You're in smart company on ABC-TV American Broadcasting Company
Hoag-Blair Appoints Four Additions to New York Staff

FOUR additions to the New York staff of Hoag-Blair Co., new national representative firm for TV stations outside major markets, were announced last week by Robert B. Hoag, president. New staff members and their positions are: Richard L. Foote and Paul S. O'Brien, account executives; Joan Lehmann, secretary and assistant to Mr. Hoag, and Dorothy Baron, secretary.

Mr. Foote joins the representative firm from the sales staff of WFTL-TV Ft. Lauderdale. He was formerly an account executive for For-joe & Co., New York. Before his present association, Mr. O'Brien worked as an account executive for WLIB New York and WXYZ Detroit.

Miss Lehmann moves to Hoag-Blair from NBC Radio. Miss Baron moves to her new assignment from Roland-Bodee & Flint Adv., Miami. In the past she has been employed by Dancer-Fitzgerald-Sample and BBDO, both New York.

WATV (TV) Appoints Petry

WATV (TV) Newark has appointed Edward Petry & Co. as its national sales representative effective immediately, Bertram Lebhar Jr., vice president and sales director, announced last week. The station, operating on ch. 13 from New York's Empire State Bldg. antenna site, also will issue a new rate card, incorporating increases, in the near future. WATV is headed by Irving R. Rosenhaus.

MANAGING DIRECTOR C. Howard Lane (c), KOIN-TV Portland, Ore., is congratulated by Oregon Gov. Paul Patterson (r) and Portland Mayor Fred Peterson a moment after the station increased power to 100 kw from its new 708 ft. tower, 1,530 ft. above average terrain.

Color TV in Hollywood

TWO Hollywood tv stations—KTLA (TV) and KNXT (TV)—began local colorcasting a fortnight ago. KTLA on Oct. 7 presented a special 90-minute color salute to a Motorola dealers meeting, heralding arrival of that firm's first 19-inch color receivers in Los Angeles. CBS-owned KNXT Oct. 10 broadcast from CBS Television City a 36-minute "KNXT Colorama," sponsored by Dawnes Industries (Tint 'n' Set) through Lou Holzer & Assoc. Paramount Pictures, through Buchanan & Co., used color announcements for its new motion picture, "Rear Window," preceding and following the KNXT color program.

WDTV (TV) Begins Operation In New Pittsburgh Quarters

OPERATIONS of WDTV (TV) Pittsburgh, DuMont Television Network affiliate there, switched over to new quarters at the Gateway Center last Wednesday. Highlight of the change was the station's first telecast in color, presented Wednesday evening. WDTV reported enthusiastic response on the color reception from dealers throughout the area. DuMont's recently completed 100 kw transmitting plant enables WDTV to carry color shows telecast on all networks.

The new Gateway facilities were planned around two studios each with its own control room. Program sources are provided from three cameras in each of the two studios, four separate film cameras in the projection room and two flying spot scanners.

Cooperating in the switchover to the Gateway center were Harold C. Lend, general manager; Ray Scroggins, manager of engineering for DuMont, who participated in the engineering design for the center; Raymond W. Rodgers, chief engineer for WDTV, and Robert F. Bigwood, manager of the general engineering department at DuMont, who supervised the installation.

WDIA Institutes Procedure To Screen Offensive Records

PROCEDURE to screen recordings to weed out certain records offensive to good taste and morals has been instituted by WDIA Memphis, Tenn. The station hopes to gain enough supporters to bring sufficient economic pressure to bear on the sources of undesirable recordings to establish a trend toward more imaginative, less suggestive lyrics.

If, after careful station screening, a record is deemed offensive to good taste or morals, the recording company involved, local distributor and key publications and radio stations will be advised of WDIA's decision. In handling requests for such records, an announcer will say: "WDIA, your goodwill station, in the interest of good citizenship, for the protection of morals and our Christian way of life does not consider (name of unfit record) fit for broadcast on WDIA. We're sure all you listeners agree with us and enjoy our programs and all the music you hear every day." The station hopes to eliminate records the screening group considers unfit for broadcast for reasons of double meaning, suggestive lyrics, sacriligious content or poor reproduction quality.

Powell Named WBCR Manager

DURWOOD POWELL, formerly assistant manager-program director of WCVA Culpepper, Va., has been named manager of WBCR Christiansburg, Va., 1 kw daytimer scheduled to go on the air soon. Mr. Powell, a 14-year radio veteran, began his radio career at WKEY Covington, Va., when he was 16 years old and a junior in high school. WBCR will operate on 1260 kc and will render service to the Blacksburg-Christianburg-Radford area of Virginia.
GOETZE APPOINTED G. M. OF KFSD-AM-TV

APPOINTMENT of William E. Goetze, partner in the Elliott, Goetze & Boome Adv. Agency in San Francisco, as general manager of KFSD-AM-TV San Diego [CLOSED CIRCUIT, Oct. 1] was announced last Friday by James G. Rogers, president of KFSD Inc., following FCC approval Wednesday of its acquisition of the stations for $2,227,500 [B+T, Sept. 27, Aug. 23].

The KFSD properties were sold by Airfair Radio Corp., owned two-thirds by veteran broadcaster Thomas W. Sharp and one-third by a group of 42 San Diego business and professional leaders.

KFSD Inc. is 95.5% owned by the New York investment firm of Fox, Wells & Co., about 30% owner of ch. 14 WWOR-TV Worcester, Mass. It is also the largest single stockholder in Olympic Radio & Television Inc., manufacturer of radio and tv receivers, and owns substantial interests in community television systems.

Mr. Goetze will assume responsibility for the two stations Nov. 1, Mr. Rogers announced.

John C. Merino will continue as KFSD station manager, and Mr. Sharp will be a director of KFSD Inc.

Meet “Mr. Upper Income”

This man’s super-buying power makes him today’s most sought after prospect. He’s the average Kansas farmer. He’s got $8,304.00 in disposable income . . . after taxes! That’s 58% above the national average.*

What’s more, he’s BUYING . . . buying those things that smart salesmanship has convinced him he needs. In an unbelievable number of cases, those purchases are things he’s heard about over WIBW. That’s because WIBW is THE Kansas Farm Station . . . first choice of Kansas farm families for over 30 years.†

Ethridge on Europe Survey

MARK F. ETHRIDGE, publisher of the Louisville (Ky.) Courier-Journal and Times, parent company of WHAS Inc., left for Europe Oct. 14 on the S. S. Liberté to conduct a month long survey of Radio Free Europe's news and information gathering facilities. He will report his findings and recommendations to Joseph C. Grew, chairman of the board of directors of the Free Europe Committee.

STATION PEOPLE

Ray Johnson, assistant manager, KMED Medford, Ore., appointed general manager, succeeding Jennings Pierce, whose plans are to be announced shortly.

Bob Gilmore, sportscaster, WCPO Cincinnati, to WNOP Newport, Ky., as sales manager.

Jim Bruce, assistant director, special broadcast services, WLW-WLWT (TV) Cincinnati, appointed program manager, WLWT; Pete Katz, producer, WLWT, appointed executive producer.

W. V. Barton, film director, WIBW-TV Topeka, Kan., appointed program manager.

Roland Peterson, production supervisor, WNAX Yankton, S. D., promoted to program manager.

William Eames, formerly instructor, Vassar College, Poughkeepsie, N. Y., to WEOG there as program director.

Barry Barents, WTOL Washington, to WKBN-TV New Britain, Conn., as program director, succeeding Ralph D. Kanna, who becomes administrative supervisor.

Sydney King, production manager, WBAL-TV Baltimore, appointed acting program manager.

Bill Bennett, formerly vice president, general manager and commercial manager, KTHT Houston, Tex., to KTJJ (TV) there (target date: November), as commercial manager.

H. W. Critchlow to WISR Butler, Pa., as commercial manager.

Jan Harrell to KEEN San Jose, Calif., as traffic manager.

Betty Prokop, intra-office traffic supervisor, WICC Bridgeport, Conn., appointed traffic supervisor, succeeding Barbara Munson, who

Tirico Named WRIS Gen. Mgr.; Austin Returns As Manager

APPOINTMENT of Frank Tirico as general manager of WRIS Roanoke, Va., has been announced by Cy N. Bahakel, president of the station. Simultaneously, Mr. Tirico was elected vice president of WPLH Huntington, W. Va., recently acquired by Mr. Bahakel. Mr. Bahakel also announced the appointment of Coleman O. Austin Jr. as WRIS manager. Mr. Austin formerly was with WRIS as commercial manager.

Telethon Used to Raise Funds For Financially-Hit Stations

IN A LAST ditch effort to save the station employees of KVVG-TV and KCKO, both Tulare, Calif., are winding up daily telethon on the air since Oct. 9 to raise funds for continued operation.

Both the stations, owned by Sheldon Anderson, have been in financial trouble since the tv station started in November 1953. Last month, Sierra Broadcasting System Inc., Los Angeles, withdrew from an agreement with Mr. Anderson to buy KVVG, charging failure to comply with contract terms (B&T, Oct. 4). Meanwhile, over $17,000 had been pledged by last Thursday, according to Ron Freeman, announcer and employee spokesman. Mr. Freeman estimated another $20,000 was needed to keep station going.

Last Wednesday night, creditors of the station appointed a six man trustee committee (three attorneys and three local businessmen) to assist Mr. Anderson in station's management. Collected money will go into a fund, from which current salaries and operating expenses would come, under supervision of creditors' committee.

Telethon, which Mr. Anderson approved, started with appearance of Gov. and Mrs. Goodwin Knight, who contributed $80 and $10 respectively. Other entertainers, including KTTL (TV) Hollywood personality Spade Cooley, are contributing services.

Mr. Freeman told B&T that station employees are owed over $75,000 in back salaries. He was hopeful at the response, adding that workers would remain on air so long as San Joaquin Valley residents showed interest. Expectations of reaching the goal were good, he said.

He emphasized this is a stop-gap measure to help feed and house local employees, whose savings are gone, until KVVG can get on a paying basis. He also reported encouraging response from advertisers, some of whom are capitalizing on the current telethon publicity.
“We can’t stop you -- but we warn you!”

...so they moved in closer

Case History No. 1

The two KARK-TV news cameramen headed for the west side of town. A minute before, the police radio had reported a man with a gun running from house to house in that area. “They think he’s an escapee from State Hospital,” the news editor yelled after them.

En route they heard another report—the man was carrying a shotgun.

With Louis Oberste at the wheel, they rode for about 20 minutes.

“Wouldn’t it be fun if we found him?” mused Oberste’s partner, Chris Button.

Oberste drove up beside Police Chief Marvin Potts.

“Don’t go down the street,” yelled Potts. “They got him cornered!”

Oberste and Button bounced from the car at the same time.

“We can’t stop you, but we warn you,” the chief called after them.

“Take cover! He’s got a rifle,” bellowed a sergeant nearby.

Oberste scurried to a vacant lot across the street. Button chose an evergreen shrub and tried to squeeze his generous figure behind it. He poked his 16 mm movie camera over the top.

The screen door of the house facing them opened slowly. Their cameras started grinding. A woman came out of the house, with the hunted man behind her.

The two walked on out, and the screen door banged shut. As the woman turned toward her captor, an off-duty policeman, crouching at the corner of the house, fired five shots. As the bullets struck home, the escapee turned to return the fire, but slumped to the ground. The woman stumbled across the lawn and sank to her knees.

Button and Oberste got the entire action. They hurried back to the office, and gave KARK-TV News Director Bob Kemp a sharp, eye-witness fill-in on the action. Then they prepared their film for the “soup.”

Kemp got The Associated Press bureau in Little Rock on the phone.

“Chris and Louis got some wonderful footage on the manhunt,” he reported. “Anything you want is yours.

“Now here’s the way they saw it happen ...”

The AP bureau poured out the story on the radio and news wires. As soon as pictures were ready, they were transmitted to TV stations and papers throughout the country over the AP Wirephoto network.

The Arkansas Democrat, an AP member newspaper, had provided The AP bureau with first word of the hunt. KARK-TV provided colorful detail for the news wires and top-notch action pictures.

Team action all the way. Another hot news story handled speedily ... accurately ... vividly.

Louis Oberste and Chris Button are two of many thousands who help make The AP better ... and better known.

Those who know famous brands... know the most famous name in news is AP

Dubuque Voters Again Choose Jerrold System

In the second referendum, as in the first, local citizens show preference for the Dubuque-Jerrold community tv system and reject a firm headed by local businessmen.

FOR THE SECOND time in less than a month, residents of Dubuque, Iowa, last Monday trooped to the City Council on Aug. 20 to voice their preference for a community television franchise and overwhelmingly registered their approval of the Dubuque-Jerrold Television Cable Corp., owned by the Jerrold Electronics Corp., Philadelphia.

The action on Monday followed a local referendum on Sept. 13 when citizens rejected their own City Council's recommendation to grant a franchise to Dubuque Community Television Corp., composed of local businessmen and using Spencer Kennedy Lab equipment. At that time residents voted against the City Council's franchise action by a 6,610 to 1,537 vote [BT, Sept. 20].

In the local referendum last Monday, the vote was 4,560 in favor of Dubuque-Jerrold and 57 against, according to a spokesman for Jerrold.

Hills Stop Signed

The flurry of elections followed the filing of an application last May by Dubuque-Jerrold to bring Chicago's tv signals to the 35,000 citizens of Dubuque. The city is surrounded by steep hills which prevent the area from receiving tv signals (Davenport-Rock Island-Moline is 70 miles away and Chicago, 160 miles away). On the heels of the Jerrold application, the local group filed its own application to establish a mountain-top system, using SKI equipment.

The City Council thereupon called on Iowa State College at Ames for assistance, asking Profs. George Town and William Hughes to evaluate the systems. The engineering professors recommended the Jerrold application, but the City Council on Aug. 2 rejected the engineering report and awarded the franchise to the local group.

Under the local law, the franchise award had to be confirmed by the voters. During both referendums, it was reported, the factions involved participated in campaigns said to be reminiscent of old-time railroad and public utilities battles, including public rallies and street corner meetings. Before the latest referendum, 33 local television set dealers purchased co-op advertisements in newspapers in support of Jerrold, and on Oct. 10, Milton J. Shapps, president of Jerrold, participated in a one-hour "radiothon" on KDTH and WDBQ both Dubuque.

Construction of the Jerrold system will start immediately, a company spokesman said, and it is expected that it will be in operation by the end of the year, with the entire city wired before September 1955.

'District Attorney' Sales Reach Over 300 Markets

NEW MARK in sales of the Mr. District At-

orney radio series was reported last week by Alvin E. Unger, vice president in charge of sales, Fredric W. Zip Co.

Mr. Unger said the Ziv show has been sold out in more than 300 markets, which include 80% of the nation's top radio markets. At the same time, he said, smaller and medium markets are following the pattern of the major markets and already have stepped up purchases of the program.

Among stations most recently buying the program: KBNZ La Junta, Colo.; WCPA Clearfield, Pa.; KWSW Lawton, Okla.; KCHS Truth Or Consequences, N. M.; WBBG Bowling Green, Ohio; WIKE Newport, Vt.; WNIX Springfield, Vt.; KENO Las Vegas, Nev.; KGNC Amarillo; WRUF Gainesville, Fla.; WDXJ Jackson, Miss.; WHIE Griffin, Ga.; WHLM Bloomington, Ind.; WSKI Montpelier, Vt., and WDIX Orangeburg, S. C.

Singer Sues Capitol Records

SUIT was filed last Monday in Los Angeles Superior Court against Capitol Records Inc. by Mae Williams, singing star of KNXT (TV) Hollywood. Mae Williams Show, who asked $250,000 damages for personal injuries sustained from a fall in the firm's recording studio on Aug. 20. Charging the stairway was defective, the singer who had signed a new year's contract with KNXT several days before the accident, claims her injuries, consisting of two fractured vertebrae, a fractured rib, internal injuries and numerous contusions, will keep her under medical care and away from tv for an indefinite period of time.

LEE FILM NETWORK SIGNS 9 AFFILIATES

President of new service expects more affiliates will be added before operational start later this year.

'AFFILIATION contracts have been signed with nine stations to take film programs of Lee International T.V. Network when it goes into operation later this year, it was announced last week.

The stations have agreed to carry three hours of film shows each day in non-network option time, according to Raymond L. Kulzick, Lee president. He said other affiliates will be added before Oct. 28.

Mr. Kulzick declined to reveal the nature of the affiliation pacts beyond saying stations would be compensated on a flat percentage of their local rate cards. He said a number of national advertisers have agreed to sponsor the programs on the full network, with a minimum one unit per week over 52 weeks. He declined to identify them, but categorized them as food, drug, apparel and appliance accounts of unspecified number.

The network originally was scheduled to debut Sept. 26 but "unexpected production delays postponed network airing for several weeks." Actual date for operation will be announced shortly, Mr. Kulzick reported.

All programs will be carried on the same day by affiliates. While programs are not yet actually in production, they are expected to include all but dramatic types in 15- and 30-minute segments.

Mr. Kulzick said a number of unspecified studios would film the shows.

The stations identified by Mr. Kulzick as affiliates are:

KSAN-TV San Francisco; KVEC-TV San Luis Obispo, Calif.; KKLF-TV Butte, Mont.; WDXI-TV Jackson, Tenn.; WOKY-TV Milwaukee; WKOW-TV Madison, Wis.; WNOW-TV York, Pa.; KDUB-TV Lubbock, Tex., and KDRO-TV Sedalia, Mo.

O'BRIEN LEAVES ABC FOR AB-PT DUTIES

Network's executive vice president will return to job as financial vice president of parent AB-PT. Les Arries Sr. quits as ABC-TV sports chief.

ROBERT H. O'BRIEN is leaving the executive vice presidency of ABC to return to the parent American Broadcasting-Paramount Theatres organization (CLOSED CIRCUIT, Oct. 4), it was announced Tuesday.

AB-PT President Leonard H. Goldenson announced that he had asked Mr. O'Brien "to return to the home office" and that in the future he will devote all of his time and efforts to duties there in his role as AB-PT financial vice president.

There was no indication that a successor would be appointed as ABC executive vice president.

In a separate move, meanwhile, Leslie G. Arries Sr. resigned as ABC director of television sports, a post he has held since June 1, 1953. His future plans were not announced. "Until further notice," it was reported, his duties will be handled by Thomas Velotta, vice president and administrative officer of ABC's news, special events and public affairs department.

Mr. O'Brien, who has been on vacation, was installed as ABC executive vice president—No. 1 man under President Robert E. Kintner—coincidentally with the merger of United Paramount theatres and ABC in February 1953. He had been secretary-treasurer of UPT, and continued as AB-PT vice president concurrently with his service as ABC executive vice president.

The AB-PT announcement, in explaining Mr. O'Brien's reassignment to the home office at 1501 Broadway, New York, said: "Mr. Goldenson stated that developments within the company make it desirable to have Mr. O'Brien free of other requirements to concentrate on his duties as financial vice president of AB-PT and to share part of the increased load on executives in the home office. Hereafter Mr. O'Brien will devote all of his time and effort to these duties."

Mr. Arries, leaving the ABC tv sports directorship, was director of sports and special events for the DuMont tv network before joining ABC in 1953. Before that, he had been general manager of DuMont's WTTG (TV) Washington for some three years, and for seven years served as manager of DuMont's Washington office.

Drys Buy Time on NBC Radio

Dr. Sam Morris, famed temperature leader, to use Nov. 7 Sunday night half-hour for Dallas-originated address.

The so-called evils of drink are scheduled to be deposed in a nationwide network broadcast next month, bought, and paid for in advance, by one of the most vocal prohibitionists in the U. S.

The broadcast—in the choice 7:30 p.m. EST time period—will be on more than 70 NBC Radio stations Sunday, Nov. 7. It is believed to be the first such program sold by a network to a sponsor to present the temperance viewpoint.

Purchaser of the program, and the scheduled speaker on it, is Dr. Sam Morris, who billed himself as "The Booze Buster" and "The Voice of Temperance" on lecture tours in the South and Midwest.

As of last Thursday, all the program lacked to be final was continuity acceptance, the usual network practice for any broadcast bordering on the political or controversial. It was said that unless the script, now in the hands of NBC's continuity department, contained a solicitation for funds or delved into religious controversy, it would clear without trouble, and that no such holdup was expected.

Dr. Morris bought the time from NBC Radio through MacDonald Adv., Des Moines, on a one-time basis and at standard rates, network spokesmen said. The purchase included the basic or primary network plus supplemental stations in the Mountain and Pacific time zones.

Gross time cost, according to rough estimates computed from NBC radio's standard rates, would be about $10,640, with the final total varying as to the actual number of stations finally carry the program.

Significantly, the purchase comes at a time when NBC department, as well as breweries, distilleries and wine companies, have been under fire from Capitol Hill for beer and wine programming on the air.

Dr. Morris, himself, has been a controversial figure. He testified last spring before both the full House Interstate & Foreign Commerce Committee and a Senate Interstate & Foreign Commerce Subcommittee (business & consumer interests) when the congressional groups held hearings on bills to outlaw interstate alcoholic beverage advertising.

At that time, Dr. Morris complained to the committees that he had no luck in buying time from any of the radio networks. The committees, in turn, asked Dr. Morris if he had...
Ever look at your house this way?

Your electric company does!

1940—This was your house, measured by the amount of electricity you used before World War II.

1947—You used twice as much electricity. So your house seemed twice as big to your electric company.

Today—You use a lot more electricity—three times as much as in 1940! And all the while you were finding new ways to use electricity for better living, its price was coming down.

1960—You'll use about four times the electricity you used in 1940. Your electric company already is investing millions of dollars to have it ready.

This means that the electric light and power companies of America are planning and building well ahead for the nation's growing electric future. Their $10 billion expansion program is the largest in all industrial history. America's business-managed electric companies prove daily that they can meet the country's electric needs. In view of this, you have the right to ask whether any federal government electric power projects—paid for with your tax money—are really necessary. America's Electric Light and Power Companies*.

"YOU ARE THERE"—CBS television—witness history's great events

*Names on request from this magazine
made any recent inquiries to the networks.

Sen. William A. Purcell, chairman of the Commerce subcommittee, urged Dr. Morris to try it again.

It was learned that Dr. Morris sent a telegram to NBC Radio early in the summer (following the late June hearings of the Purcell subcommittee) asking for paid time. Upon receipt of his wire, the network sent him its rates. Dr. Morris, a Baptist minister, has conducted a radio program, The Voice of Temperance, on various stations in the U. S. and in Mexico. He also is president of thePreferred Risk Mutual Insurance Co. of Des Moines, which writes auto insurance exclusively for non-drinkers.

During the House hearing, congressmen said they would question representatives of the broadcasting industry closely on the subject of requests for broadcast time [B&T, May 24].

Dr. Morris had testified he had lost a complaint before the FCC against two 50 kw stations (WHAS Louisville and KRLD Dallas) whose license renewals he contested. He asserted he had offered CBS up to $10,000 for choice evening air time and had been refused. He had then said NBC and a number of stations also refused him paid time. He said networks and stations had in the past permitted him sustaining time but that the show was programmed after midnight. Dr. Morris also had been in litigation with CBS in 1946 but the suit never came to court. In the charge, Dr. Morris alleged "unjust discrimination" on the basis the network sold time to wine and beer clients but not to drunks.

An NBC spokesman said that Dr. Morris frequently had approached the various networks for free time but that he could not recall the temperance representative ever asking NBC for paid time until this year.

Other radio networks last week reported they had not been sounded out by Dr. Morris for paid broadcast time.

Dr. Morris' advance script, it was understood, takes to task the evils of drinking alcoholic beverages since Biblical times. Earlier reports, that the program would feature "singing of hymns" and "sermons" were spiked by NBC Thursday. A network spokesman said the program would be a talk only, and probably would originate in Dallas.

The New Calls

NBC's new station call letters in New York were to be ushered in late last night (Sunday) with a special 45-minute program, Stand by for W RCA, presented over WN BC New York from 11:15 p.m.-12 midnight under the sponsorship of Bruno-N. Y., radio and tv set distributor. The program, highlighting the change in call letters from WNBC to W RCA and from WN BTV (TV) to W RCA-TV, was to feature various personalities from the two stations. Additionally, Bruno-N. Y. purchased the first spot announcement on the newly named W RCA-TV, scheduled to be carried immediately after midnight. The agency for the advertiser is Daniel & Charles, New York. In a tribute to the shift in call letter, New York-owned WNYC was set to mention the change-over on all its news shows yesterday. At midnight, similar changes in call letters were to go into effect from division outlets recall Los Angeles—KB NTH (TV) to KR CA (TV)—and in Washington—WN BW (TV) to WRC-TV.

EVANS REPORTED OUT AS NBC-TV AD HEAD

JACOB EVANS was reported last week to be leaving the post of director of national advertising and promotion for NBC-TV. Network spokesmen would say only that he was on a "two or three month leave of absence," but other authoritative sources insisted he had resigned. Telephone callers to his home were told he was in either Cuba or Haiti last week. In his absence, NBC spokesmen said, his responsibilities were being supervised by Mr. Bily, recently appointed vice president for public relations, whose authority encompasses advertising and promotion along with press and research activities.

NBC Appoints Wood, Juster, McAndrew

THREE new appointments in NBC's news and public affairs orbit were announced last week by Davidson Taylor, NBC vice president in charge of public affairs. William R. McAndrew, formerly manager of NBC news and special events, was named director of NBC news.

Eugene E. Juster, formerly in charge of news film operations, was made manager of NBC news films.

Barry Wood, NBC executive producer in charge of color tv, was named director of special events for NBC-TV and NBC Radio.

Mr. Juster, along with Joseph Meyers, manager of the network's central desk, and Leonard Allen, NBC-TV news editor, will report to Mr. McAndrew, who is in addition guiding news and news film operations, will continue supervision of special events such as elections, political conventions and presidential inaugurations.

Mr. Wood will produce special events and broadcasts for the network, including the production of the Nov. 2 election broadcast which will be supervised by Mr. McAndrew, and sports events, under Tom Gallery, NBC's director of sports. Mr. Wood will continue to coordinate all of the network's color tv.

At the same time, Mr. Taylor said Arch Robb, director of administration in charge of color tv, will add the duties of manager of special events under Mr. Wood.

Mr. McAndrew, a former newspaperman, joined NBC in 1936 as assistant news editor for the network's stations in Washington, D. C., reported the national political conventions in Chicago and Philadelphia, left NBC from 1940 through 1943 and returned as WRC Washington manager in 1946. He was vice president and manager of NBC's radio operations in 1949, Mr. McAndrew was promoted to supervisor of NBC's Washington stations, later named manager and in 1951 became manager of NBC-TV's news with headquarters in New York.

Mr. Wood, former singing star of the Luck Strike Hit Parade and producer of the Kate Smith Show, took charge of NBC-TV's color operations a year ago.

Knodel Made Director of NBC Station Relations

PROLATION of Thomas E. Knodel from manager of station relations to director of station relations for NBC was announced by the network last week [CLOSED CIRCUIT, June 14]. He will continue to report to Harry Bannister, NBC vice president in charge of station relations.

Mr. Knodel fills a vacancy that was created when Sheldon B. Hickox was named to the newly-established post of director of station relations for NBC Pacific Division [B&T, June 14].

He began his association with NBC as a news editor in Washington in 1938 following three days of service with the UP as reporter and radio news editor. He was named director of the Washington NBC news department in 1949 and supervised special events and news programs there during the early stages of World War II.

Following service with the U. S. Army in 1942-43, Mr. Knodel returned to NBC and was appointed manager of the Washington press department. In 1945 he became assistant manager of NBC's New York press department and two years later was elevated to director. Mr. Knodel was promoted to administrative assistant to the director of NBC tv operations in 1948 and to manager of station relations in 1952.
NEW PRESTO SR-11
Complete studio console tape recorder. Never before so much quality, operational ease and value at such a modest price. Embodies the famous PRESTO R-11 tape mechanism, matching amplifier—power supply in sturdy well-designed console cabinet. Three motors for complete flexibility; 15" and 7½" per sec. speeds.

PRESTO R-7
Rugged, portable tape recorder with separate recording, reproduction, and erasing heads. Built around a sturdy, three-motor drive eliminating friction clutch, the RC-7 contains the same high-quality components found in PRESTO'S fine studio equipment. Heavy-duty construction throughout.

PRESTO 900-A
Precision tape amplifier for portable use or rack mounting. Composed of individual record and reproduce (monitor) amplifiers on a common chassis; separate power supply; three-microphone input, 250 ohm low level mixer; illuminated V.U. meter. Output of reproduce amplifier, 500 ohms, plus 20 db maximum. May be used with any model PRESTO tape recorder.

PRESTO TL-10
Turntable-driven tape reproducer. Unique, low-cost unit that adapts any 15" turntable for reproduction of tapes at 7½"/sec. or 15"/sec. with exceptional accuracy. No pre-amplifier required; plugs into standard studio speed input equipment.

PRESTO CDR-200 CAPSTAN DRIVE UNIT
Heart of all Presto tape recorders and reproducers. Motor, capstan and flywheel, pressure pulley and pressure pulley sprocket are mounted on independent cast aluminum chassis. Positive, very quiet tape drive with minimum of parts.

Behind every piece of tape equipment are these PRESTO "extras"—painstaking craftsmanship, years of experience...quality control...and advanced production facilities that guarantee instruments of absolute precision and lifelong dependability.
Holden Joins CBS-TV
In West Coast Production

CHARLES HOLDEN, who resigned recently as assistant national director of tv programming for ABC [B+T, Sept. 27], has joined CBS Television as West Coast production manager, according to Hubbell Robinson Jr., vice president in charge of network programs for CBS-TV.

Mr. Holden will spend a month in New York to study CBS-TV's operations before taking up his new assignment. He will report directly to Harry Ackerman, vice president in charge of network programs, Hollywood.

Mr. Holden left CBS, where he was the network's first tv production manager, in 1948 to move to ABC when the network's WJZ-TV (now WABC-TV) New York began operation.

Roosevelt Defers Action
In Complaint Against NBC

WHAT ACTION James Roosevelt, son of the late president and a California congressional candidate in the current election, will take on his verbal complaint that an NBC Radio Parameter program distorted an informal "man-on-the-street" poll conducted in Hollywood by the network, to give the impression that he had lost support in the campaign, must await actual receipt of a reply from NBC Vice President Davidson Taylor in New York, Mr. Roosevelt told B+T last week.

Mr. Taylor, in charge of special programs, admitted through NBC Hollywood that of 12 recorded interviews, Mr. Roosevelt had received support in six, opposition in five, and that the last was undecided. However, because of "some portions of the tape not being of broadcast quality," only six interviews were used on the program, including the five against Mr. Roosevelt and only one in his support, Mr. Taylor stated.

CBS Radio Shows Third
Color Promotional Film

THE THIRD color promotional film produced by CBS Radio, with animation by United Productions of America, was previewed by the Hollywood trade press last week.

Titled "Tune in Tomorrow," it is designed to show how U. S. economy can grow over the next five years, and to show the part advertising and radio can play in this growth.

Second Act—First Aria

IT'S going to be Mario Lanza singing "live" the next time, according to CBS-TV. The network announced last week that Mr. Lanza will sing "live" on the next Chrysler-sponsored Shower of Stars color program on Oct. 28, 6:30-9:30 p.m. EST. Mr. Lanza's television debut on the first of Shower of Stars program on Sept. 30 caused nationwide attention when CBS-TV, under question- ing, revealed that the singer had mouthed words to recordings made two years ago [B+T, Oct. 11]. The Shower of Stars program on Oct. 28 will feature Edgar Bergen and Charlie McCarthy, Sheree North and Gene Nelson appearing in a musical revue based on the Broadway production, Lend An Ear.

Color 'Snowballing,'
Sarnoff Tells Admen

NBC executive vice president addresses Detroit Adcraft Club, says early entry into color tv will pay off.

ADVERTISERS who get into color television early "will almost automatically inherit a position of leadership," Robert W. Sarnoff, NBC executive vice president, told the Detroit Adcraft Club at a luncheon meeting last Friday.

Color tv, he said, is snowballing "so many times faster" than black-and-white did in its early days that "clients moving in now will top their competition in both the short and the long runs." Clients who wait for mass circulation "will have missed the boat," he admonished, emphasizing that "the time to go into color television is now."

Mr. Sarnoff commended the auto industry and its agencies for being "among the first to grasp the potential of color television as a sales tool," and noted that color tv also does "an eye-popping job" for another major Michigan industry, food packaging. It is brand recognition, he noted, that makes a housewife reach for one brand instead of another—and this recognition comes with tremendous impact through exposure of the package in its natural colors on color television.

Reviewing the history of RCA-NBC development of color tv at a joint cost of $50 million, Mr. Sarnoff took a look also at the cost of color tv to the advertiser—a cost he placed at 2% to 15% more than black-and-white, as against the premium of approximately 35% for going into color in magazine advertisements.

Although "we aren't certain yet" exactly how much greater will be the cost of color than black-and-white, he said, "our experience indicates that the additional cost of converting a program to color ranges between 10 and 25% of total program budget, depending upon the type of show. In addition, there is a nominal charge for networking color. These additional costs when related to total budget—that is, to both program and time costs—represent an average for color ranging from as low as 2% to a high of 15%, or an average not exceeding 10% overall."

Mr. Sarnoff said the extra money needed for color tv "possibly" will be derived at the expense of advertising in other media, but that "we think the money will come from a streamlining of the entire television process. . . . Color television . . . will move more goods
Better Brass Products—
Brighter Brass Products—

Thanks to FORMBRITE

Manufacturer and consumer — everybody takes a “shine” to Formbrite,® the new drawing brass developed and sold by The American Brass Company, an Anaconda subsidiary. To manufacturers, Formbrite means savings in production costs as it can be polished in as little as half the time it takes to polish ordinary drawing brass. In addition, Formbrite costs no more . . . yet is stronger, stiffer, “springier” — qualities which are important in stamped or drawn products.

To the consumer, Formbrite means more attractive and more lustrous brass products — products that are more scratch-resistant, too.

Formbrite is the result of special rolling and annealing processes which produce a superfine grain structure in the brass. It’s another good example of the way Anaconda is working to serve American industry.
For top quality microphones... order via Graybar

Among the many leading electrical manufacturers that distribute their products via Graybar, Altec-Lansing is outstanding in the field of audio products for the broadcasting and TV industry. Shown here are four models of microphones from the complete Altec line, one or more of which should meet your particular application requirements. For more detailed information, contact your nearby Graybar Representative.

**ALTEC DYNAMIC MICROPHONE—Type 660A—660B**

Here's a dynamic microphone of broadcast quality, exceptional ruggedness and dependability. Equipped with a swivel head with %"x27" stand thread allowing a 90° vertical tilt.

- **FREQUENCY RESPONSE:** 35 to 15,000 cycles
- **POWER OUTPUT LEVEL:** 57 dbm (10 dynes/cm²)
- **IMPEDANCE:**
  - 660A — 30 ohms
  - 660B — 30, 150, 10,000 ohms
- **DIMENSIONS:**
  - 11/16" diameter
- **FINISH:**
  - Silver satin die-cast aluminum
- **WEIGHT:**
  - 660A: 11 oz.
  - 660B: 13 oz.

**ALTEC CARDIOID MICROPHONE—Type 670**

Ideal for broadcast or public address, this cardioid microphone with ribbon and pressure elements provides continuously adjustable patterns to permit “tuning out” undesirable noises by shifting the null point.

- **FREQUENCY RESPONSE:** 30 to 15,000 cycles
- **POWER OUTPUT LEVEL:** 58 dbm (10 dynes/sq. cm.)
- **IMPEDANCE:**
  - Adjustable 30/50 or 150/250 ohms.
- **DIMENSIONS:**
  - 7 1/2" x 3 1/2" x 2 1/2"
- **FINISH:**
  - Dull gray plastic
- **WEIGHT:**
  - 20 oz.

**ALTEC “LIPSTIK”**

For top performance in miniature size, the Altec “Lipstik” microphone is one of the finest, most versatile ever made. Omnidirectional pickup. Easily concealed on performers or TV sets.

**MICROPHONE—Type M20**

- **FREQUENCY RESPONSE:** 10 to 15,000 cycles
- **POWER OUTPUT LEVEL:** Varies with impedance
- **IMPEDANCE:**
  - 10,000 ohms higher
- **DIMENSIONS:**
  - 3 1/2" long — 0.6" diameter
- **FINISH:**
  - Grey enamel and bright steel
- **WEIGHT:**
  - 5 oz.

**ALTEC VELOCITY MICROPHONE—Type 671A**

This velocity microphone provides a new high in exceptional quality at low cost. High signal to low hum pickup makes it especially valuable in many different situations. Two-stage wind filter is incorporated in the case.

- **FREQUENCY RESPONSE:** 30 to 16,000 cycles
- **POWER OUTPUT LEVEL:** 56.5 dbm (10 dynes/sq. cm.)
- **IMPEDANCE:**
  - Adjustable 30/50 or 150/250 ohms.
- **DIMENSIONS:**
  - 4 1/4" x 3 1/2" x 2 1/2"
- **FINISH:**
  - Dull gray plastic
- **WEIGHT:**
  - 14 oz.

IN OVER 110 PRINCIPAL CITIES
Or everything electrical to keep you on the air...a convenient, single source of supply

In selecting a microphone to meet your present needs or in planning a complex broadcasting installation...assistance from Graybar is as close as your phone.

For whether your problem is to stay on the air or to get on the air—Graybar Broadcasting Equipment Specialists will work with you or your consulting engineers to develop and expedite a practical solution.

This Graybar service extends far beyond the selection and "on-time" delivery of the basic broadcasting units you may require. Graybar distributes a complete line of supplies for studio and remote installations, which includes wiring, ventilating and communication systems. And in each category you can depend on the friendly assistance of your local Graybar Representative.

Check the listing below for the Graybar Broadcasting Equipment Specialist nearest you. Whenever a problem arises...call on Graybar first to get everything electrical you need — when and where you need it. Graybar Electric Co., Inc. Executive Offices: Graybar Building, New York 17, N. Y.

**CALL GRAYBAR FIRST FOR**
CAKE-CUTTING ceremony at Toots Shor's restaurant in New York, marking the start of Jackie Gleason's third season on CBS-TV, is participated in by (l to r): Merle S. Jones, vice president, CBS a&o television stations and general services; Alfred Coughlin, producer on Schick account for Kudner Agency; William H. Hylon, vice president, CBS-TV sales; Harry Ommerle, CBS-TV program director; Mr. Gleason; Bill Templeton, Bryan Houston Inc. (Nestle Co.); Myron P. Kirk, Kudner radio-tv vice president.

without increasing the overall marketing costs to the manufacturer."

Color's increased costs do mean that fewer advertisers can afford it, the NBC executive said, asserting that the "magazine concept," by which NBC-TV is attracting small as well as large advertisers into black-and-white television, will operate similarly in color. The principle of enabling advertisers to buy small as well as large tv "space," he said, "has brought us more advertisers than are to be found on any other network." He said that in 1953 NBC-TV had 165 advertisers as compared to 95 on CBS-TV, and in 1954 has brought into television 25 new advertisers as against 12 by CBS-TV. NBC-TV's 1953 list, he said, included 18 advertisers who spent less than $100,000 in all media.

Mr. Sarnoff saw "no doubt" that TV's share of the national advertising budget will "zoom" as color becomes a greater factor. Where television's share of all-media advertising was 7% in 1952, he noted that NBC researchers figure it will be "no less than 20% by 1956 [BT, Aug. 2]." "Out of a total of more than $9.7 billion," he said, "television's total will be $1.9 billion. Both of these figures are all-time highs."

He continued:

"These estimates are based on our firm belief that our economy will continue its upward spiral. They also reflect our conviction that color television itself will be a contributing factor to this advance. We feel that color television, with its powerful sales potential, will itself spur the American economy to a new high over the next few years. We believe that color television will be the most potent catalyst in the history of American merchandising."

"Jubilee of Light" Show
To Be Seen on 325 Tvs

TO COMMEMORATE the 75th anniversary of the light bulb, the two-hour, four-network Diamond Jubilee of Light will be telecast next Sunday, 9-11 p.m. (EST), over 325 inter-connected CBS, NBC, ABC and DuMont tv stations. Described by motion picture producer David O. Selznick, making his tv debut, as "an entertainment tapestry woven around the theme of light," the program is sponsored by more than 300 electrical companies and organizations, coordinated through N. W. Ayer & Son.

The format has been called "the best kept secret in Hollywood," but the master script is by Ben Hecht. Incorporated into it are segments written by John Steinbeck, Arthur Gordon, Irwin Shaw, Max Schulman and Ray Bradbury. President Dwight D. Eisenhower will participate as will such stars as Helen Hayes, Joseph Cotten, Eddie Fisher, Judith Anderson, Guy Madison, Brandon de Wilde, Thomas Mitchell and Spencer Tracy.

Associated with the telecast, to emanate live from CBS Television City, Hollywood, are former M-G-M producer Carey Wilson; composer-conductor Victor Young; directors William Wellman, King Vidor, Christian Nyby; art director Firth Ullman, and Academy Award winning cinematographers James Wong Howe and Ray June.

UN Day Ceremony on NBC

UNITED NATIONS DAY celebration Oct. 24 will be simulcast live by NBC from the UN General Assembly in New York (2:30-3:30 p.m. EST), marking the ninth annual observance of the day. Speakers will include Dag Hammarskjold, secretary general of the UN; Dr. Eelco van Kleffens, president of the Ninth General Assembly, and New York's Mayor Robert Wagner. Music will be supplied by the Symphony of the Air (composed mostly of members of the former NBC Symphony Orchestra) directed by Charles Munch, conductor of the Boston Symphony, and by the Schola Cantorum directed by Hugh Ross. The UN's tv and radio department will produce the program.

NETWORK PEOPLE

Muriel Lilker, exploitation staff, ABC, to publicity dept., as magazine editor, succeeding Nancy Hamburger, who moves to Young & Rubicam, N. Y., in similar capacity.

Carrie McCord, radio-tv performer and fashion model, to Home, NBC-TV, as fashion editor.

William Conrad, star, CBS Radio Gunsmoke, assigned role in Allied Artists' feature film "Five Against the House."

Dr. Frances Horwich, conductor, Ding Dong School, NBC-TV, will discuss merchandising through tv before Women's Adv. Club of Chicago Oct. 19.

Alfred N. Paschall Jr., 37, co-producer, NBC-TV This Is Your Life, died Oct. 8.
HI-FI WARES DISPLAYED AT AUDIO FAIR IN N. Y.

Exhibition is held in conjunction with the sixth annual convention of the Audio Engineering Society.

The rapidly growing high fidelity industry exhibited the latest developments in hi-fi sound equipment at the sixth annual Audio Fair held at the Hotel New Yorker, starting last Thursday and ending yesterday (Sunday).

As is customary, the fair was held in conjunction with the sixth annual convention of the Audio Engineering Society. Based on advance registration, a spokesman for the fair estimated the event would draw about 30,000 viewers, including several thousand manufacturing delegates.

Four floors of the hotel were devoted to exhibits, with approximately 150 manufacturers displaying equipment designed to bring high-quality sound to the public by means of radio, TV and recording devices. Among the exhibitors were RCA, General Electric, Zenith, Stromberg-Carlson, Columbia Records, Reeves Soundcraft, Ampex, Audio Devices, Audio & Video Products Corp., Magnecord, Webster-Chicago.

WQXR New York, for the third straight year, was the only radio station represented at the Audio Fair. Its room featured the high fidelity music of the station, plus a display of photographs of station personalities and data about its coverage.

Thirty-odd papers were presented at Audio Engineering Society meetings, covering such topics as microphones, tape machines, tape media, records, pickups, and loudspeakers.

Those delivering papers included:

Newly-elected officers for 1954-55 of the Audio Engineering Society were introduced at a banquet Wednesday night. They are: A. A. Pulley, president; Col. R. H. Bunker, executive vice president; W. B. Mahoney, central vice president; P. F. Hastings, western vice president; C. J. LeBel, secretary, and R. A. Schlegel, treasurer.

RCA Has Two New Monitran Transmitters for Color TV

Two new types of RCA monitran transmitters for color TV—monitran transmitters are used for closed-circuit transmission of video and audio signals to TV receivers—were announced last Wednesday by RCA's Engineering Products Div.

A. R. Hopkins, manager of broadcast sales, said the new transmitter types are intended primarily for monitor service in broadcast studios and that they also may be applied to industrial, community antenna and other types of closed-circuit TV operations. The color TV monitran types can be used for black-and-white transmission as well. The types are TM-40, permitting selection of any channel from 2 to 13, and TM-41 which is delivered factory-tuned to a channel specified by the purchaser.

Raytheon Shows Phone System

Raytheon MFG. Co., Waltham, Mass., last Monday introduced a low-cost microwave communications system called TCR-12, which is designed to reach areas of the U. S. which currently do not have phone service. The new

From where I sit
by Joe Marsh

Smitty's Not-So-Silent Partner

Dropped into Smitty's gas station one day last week and met his new partner who turned out to be a real talker.

"What'll it be?" asked Smitty. Before I had a chance to answer I heard a strange voice... "Fill'er up! Fill'er up!" And there was Smitty's partner—one of those parakeets perched next to the gas pump.

"Took me a month," Smitty said, "but I finally taught him to say those magic words. It's sure paid off in new business—he's had a good influence on my customers."

From where I sit, Smitty's bird may be good for business—and may get him a few laughs. But when people act like parakeets, they're not so funny. For instance, those who keep insisting over and over again that their neighbors shouldn't have a glass of tempeate beer with their supper now and then. They're simply repeating their own ideas, without any regard for the rights of others.

MANUFACTURING

equipment, which uses an electronic beam that carries voice messages across 50 miles without wires, was exhibited at the U. S. Independent Telephone Assn.'s annual convention at the Conrad Hilton Hotel in Chicago.

Sylvania Names Riordon To Head Set Manufacturing

APPOINTMENT of Howard E. Riordon as general manager of Sylvania Electric Products Inc.'s radio-tv set manufacturing division was announced Tuesday by Arthur L. Chapman, vice president of operations. Mr. Riordon succeeds John K. McDonough, who has resigned.

Mr. Riordon joined Colonial Radio Corp. of Buffalo in 1931 as assistant treasurer, advancing five years later to secretary and controller. He came to Sylvania in 1944 when that company purchased Colonial. He was elected vice president in 1946. When Colonial in 1950 became the radio and television division of Sylvania, Mr. Riordon was made divisional general manufacturing manager. He was elected president in 1953 of a subsidiary, Sylvania Electric of Puerto Rico Inc. The radio-tv division has its headquarters plant in Buffalo and other plants in Williamsport, Pa., and High Point, N. C.

RCA Appliance Post Goes to John Craig

ELECTION of John W. Craig as vice president and general manager of the RCA Victor Home Appliance Div. of RCA was announced last week by Frank M. Folsom, president of RCA. The assignment is effective Nov. 1.

In his new post, Mr. Craig will supervise the RCA Estate Appliance Corp. and the RCA Air Conditioning Dept., reporting directly to Robert A. Seidel, executive vice president, Consumer Products, RCA.

Since April 1953, Mr. Craig has been president, chief executive officer and a director of Aluminum Industries Inc., aluminum parts, castings and paints manufacturer.

Commerce Dept. Displays Progress in Electronics

COLOR tv equipment of Chromatic Television Labs, new Bell Telephone Labs transistors and other equipment are on display at an electronics exhibit in the Dept. of Commerce Bldg., in Washington. The display continues through Nov. 5.

DuMont Labs built its display around cathode ray tubes and recent uses. Chromatic shows an exploded version of its new 21-inch rectangular color tube along with color bar patterns on a round tube driven by a Hazeltine receiver. Other exhibitors are Standard Piezo Co., Research Corp. and Western Union Telegraph Co. Western Union's exhibit includes a high-speed facsimile transmitter in operation. Secretary of Commerce Sinclair Weeks

HOLDING two of nine klystron transmitting tubes slated for eventual delivery to WILK-TV Wilkes Barre, Pa., is Ruth Greeley of General Electric's tube plant, Schenectady, N. Y. The tubes, each weighing over 200 lbs., will be sent to GE's Syracuse plant where they will be installed in the new 45 kw transmitter destined for "the first million-watt uhf tv station." shipment to WILK-TV is expected later this year.

formally opened the exhibit Oct. 12, crediting the American patent system with assuring economic growth through encouragement of initiative.

Williamsport, Pa. — A Great Pennsylvania Market!

A. Raymond Bermond, advertising manager, radio div., Hallicrafters Co., Chicago, promoted to advertising manager of company, succeeding John S. Mahoney, who moves to Sheriff-Le-Valley Adv., same city, as account executive.

George F. Mahoney appointed advertising production manager, Motorola Inc., Chicago.

Harold Avery, John F. Mathieu and R. W. Herrick appointed regional sales managers, Capehart-Farnsworth Co., Fort Wayne, Ind., in Charlotte, N. C., Memphis and Chicago, respectively.

MANUFACTURING SHORTS

RCA Tube Div., Harrison, N. J., has made available to tv set manufacturers 20 new types of series-string receiving tubes, employing 600 - milliamperes of capacity, designed to operate in single, series-connection electrical circuit and used in series directly across power-line supply, eliminating need of pilot transformer, according to company.

CBS-Columbia, Long Island City, N. Y., has made available to distributors antenna designed to have bandwidth needed for color, which also delivers black-and-white signals in both vhf and uhf and which offers average gain of approximately 4 db relative to resonant dipole and approximately 3 db at uhf and uhf, according to company.

Winston Electronics Inc., Phila., announces Model 160 white-dot linearity generator, test instrument designed to produce white dot and bar patterns for use with color or monochrome tv receivers.

Raytheon Mfg. Co., Waltham, Mass., announces TCR-12 Telelink, communication microwave system engineered for one or two channel operation.

Amperex Electronics Corp., Hicksville, L. I., N. Y., announces three all glass envelope type germanium diodes, Types OA71, OA73 and IN87G.

Eastern Precision Resistor Corp., Richmond Hill, N. Y., announces Trol-Lite, portable control panel for lights in tv studios, movie sets, theatres and auditoriums, consisting of 6 dimmer units with master mechanical interlock.

Hy-Life Antennae Inc., N. Y., has available transparent "Patterntest," device to be placed...
over tv set screen when test pattern is on for correct line resolution and band width adjustment.

J. C. Warren Corp., Freeport, L. I., has available all-electric, self-contained-power portable magnetic tape recorder, "Warren 777-1," operating at 3.75"/second providing full hour recording or playing time on 5" reel of 600' standard square-inch wide magnetic tape and full hour-and-half on 5" reel of 900' magnetic tape, according to company.

Clough-Brengle Co., Chicago, announces model 522 standard r.f. signal generator, covering frequency range from 32 kc to 70 mc in seven ranges with circuitry consisting of r.f. oscillator, modulating amplifier, v.i.v.m. attenuator, 400 cycle oscillator and power supply.

Clear Beam Antenna Corp., Canoga Park, Calif., has announced UF 40 Duo-Quad uhf radar antenna with four stack bow ties and crossed dipolarized fans and closely spaced all-aluminum reflector screen for positive ghost rejection, according to company.

Emerson Radio & Phonograph Corp., N. Y., has announced cash quarterly dividend of 10 cents per share and extra dividend of 5 cents per share on 1,935,667 shares outstanding which was payable Oct. 15 to stockholders of record Oct. 5.

United Technical Labs, Morristown, N. J., has placed on market new roll-up kit designed for wall-mounting of Klipzon test probes and self-holding points for radio-tv and laboratory circuit work.

Capehart-Farnsworth Co., Fort Wayne, Ind., is now producing and shipping 19-inch color tv receivers utilizing tri-color tube with 205 square inches of viewing area and incorporating Capehart polaroid picture filter.

G-D Mfg. Co., Palo Alto, Calif., announces "Tub-L-OK, device designed to "securely hold tubes in sockets and minimize the temperature rise that such components usually cause."

Electrometer Inc., Burbank, Calif., has published brochure describing and introducing its new large screen oscilloscope.

Radio Shack Corp., Boston, announces publication of 1955 electronic parts mail-order catalog listing and illustrating $0,000 on radio, tv and electronic products in 224 pages.

AFTRA GIVES NEW TERMS TO NETWORKS: 20% PAY HIKE, PENSION-WELFARE FUND

Current contract expires Nov. 15. Another demand centers around revamping of transcription contract.

AMERICAN Federation of Television and Radio Artists last week presented to the radio and television networks their new contract demands, including one for establishment of an industry-financed pension and welfare fund. Current contract expires on Nov. 15. Industry spokesmen characterized overall demands of the union as "excessive" and said they plan to offer their evaluation of AFTRA's proposal, plus some conditions of their own, at a second meeting in New York today (Monday).

In opening contract negotiations last Monday, AFTRA asked the employers to pay 10% of the gross compensation due each radio and tv performer into a special fund. The pension and welfare fund would be administered by a board of trustees, consisting of an equal number of industry and union representatives.

The union also proposed a 20% across-the-board wage increase in both radio and television. In television the current scale for an actor speaking more than five lines in a 15-minute program is $79; in a half-hour show, $140.30, and in an hour show, $191. These fees include a fixed amount for rehearsal time and the union asked that the number of hours that television artists rehearse without compensation be decreased.

Drop Multiple Rate
Another demand by AFTRA in television was a proposal to eliminate the "multiple discount rate" that governs payment to actors appearing in across-the-board 15-minute shows. Currently, the one-time payment is $79 for a quarter-hour program, but under the "multiple discount rate" the networks can pay actors a total of $281 for the entire week. AFTRA asked that this formula be dropped and payment be made on a one-time basis, so that actors appearing five days a week would receive $395 weekly at the present scale, plus an additional 20% in accordance with the suggested increase. Commercial announcers, under AFTRA's new demands, would benefit in a manner similar to actors. Another AFTRA demand centered around the revamping of the transcription contract. AFTRA asked for the adoption of a classification setup similar to the one in force in tv under the Screen Actors Guild jurisdiction. Transcribed commercials to be used on a spot basis would be classified in three categories—"Class A," for those used in 21 or more cities; "Class B," six to 20 cities and "Class C," one to five cities. AFTRA proposed an "A" rate be increased by 200%; "Class B," 100% and "Class C," 20%. New York, Chicago and Los Angeles count as seven cities each.

AFTRA Opens Negotiations With Chicago Network O&O's NEGOTIATIONS for new contracts covering members of the American Federation of Television & Radio Artists employed at network o&os and affiliated stations in Chicago were opened there last week.

Preliminary discussions on a proposed 20% wage boost in basic fees and the new welfare and pension plan were held with representatives of CBS's WBBM-AM-TV, NBC's WMAQ and WNBQ (TV), ABC's WBKB (TV), WGN-AM-TV and WLS. Talks resume this Tuesday.

Meanwhile, it was reported that AFTRA had filed an answer to WGN Inc.'s charge that it was "unwilling to negotiate [new contracts] in good faith with a sufficient period of time for honest negotiations" [BET, Oct. 9]. The union categorically denied the accusation in a reply filed with Region 13 of the National Labor Relations Board. The dispute has been referred to Field Examiner Richard A. Flaherty, who is also investigating a case involving WGN Inc. and the Radio-Television Directors Guild local of Chicago over an issue dealing with supervisory employees.

Clare, Flaherty Get Film Council Nominations

TWO candidates, Ralph Clare, business agent, Teamsters' Local 399, and George Flaherty, Hollywood international representative, International Alliance of Theatrical and Stage Employees, have been nominated for the presidency of Hollywood Film Council. The council is composed of unions and guilds representing more than 24,000 employees in the tv, film and motion picture industry. The election will be held this week.

Other nominees, without opposition, are John Lehners, business agent, Film Editors Local 718, for vice president; incumbent Kevin T. Hill, secretary-treasurer, Property Craftsmen Local 64, for treasurer; incumbent H. O'Neil Shanks, executive secretary, Screen Extras Guild, for recording secretary; and AJ Erickson, business agent, Laborers Local 5, for trustees.

Radio-Tv Writers Explore Representation by ANG

MEETING of Hollywood radio-tv writers, to "explore their needs and feelings" toward affiliation with American Newspaper Guild (CIO) was called for last Thursday.

Joe Campo, ANG West Coast representative, told BT that a request for assistance in organizing the radio-tv field had come from "several writers," but he could not identify any as former members of the now-defunct Television Writers of America.

On the agenda of the meeting, one of a series held in New York, Chicago and other major cities, was discussion of (1) effective representation, (2) ownership rights, (3) in-
creted script fees and (4) re-use fees.

In answer to the ANG effort to enter the entertainment field, F. Hugh Herbert, president, Writers Guild of America West, issued the following statement.

"I cannot believe the American Newspaper Guild has been given the proper facts in this situation. Otherwise, as a responsible organization, they would not have intervened in a field which has known enough disruption. Two years ago we concluded a history-making contract with the networks, establishing precedential terms for live tv writers. The certification petition filed by the late TWA, on the eve of signing this live tv contract, resulted in nothing but chaos, delay and loss—of residuals for writers and of dues spent on an unnecessary jurisdictional warfare. . . ."

"With 122 film tv contracts, WGA is obviously well established in this field and eager to put the support of its 2,000 members behind negotiations for a live tv contract."

"... I know as responsible an organization as the American Newspaper Guild would not be guilty of 'raiding' and I can therefore only assume they have been led down the garden path by those same dissidents who have for two years played an unsuccessful divide-and-conquer game and prevented an equitable tv contract with the networks.

"I am certain that when the facts are explained to the responsible leaders of ANG, as is now being done all over the country, the men whose strike we supported and toward whom we have always had the friendliest feelings will realize there is no 'vacuum in the field' as they have been led to believe. . . ."

Meanwhile, WGAW spokesmen in Hollywood said several of their members planned to attend last Thursday's meeting to "explain the situation" to ANG.

KEAR Files Brief With FCC

ALLEGATIONS concerning circumstances of the labor strike at KEAR San Mateo–San Francisco were submitted to FCC last week by S. A. Cisler, president of the good music outlet. KEAR has denied it refuses to bargain with American Federation of Television & Radio Artists and National Assn. of Broadcast Engineers & Technicians, but stated it will not negotiate with both unions jointly as sought (B&T, Oct., 11).

Mr. Cisler told FCC the unions are trying to make KEAR an "example" for the area. He also announced Tuesday that striking employees have been notified to return to their jobs or be dropped permanently from the staff. The strike began Oct. 5. Mr. Cisler said the station was off the air a few hours that day.

NLRB Executive Supports KBLA Union Certification

CHARGES that Broadcasting-Recording Engineers Local 45, International Brotherhood of Electrical Workers, Hollywood, obtained the right to represent employees of KBLA Burbank by "fraud" during a 1953 National Labor Relations Board election at the station were denied by George Yager, acting NLRB regional director, after investigation.

The station had asked that IBEW be de-certified as bargaining agency because of alleged ballotting irregularities and the threatened use of a purported union "blacklist" during the vote.

Mr. Yager announced both sides have 10 days to file exceptions to his findings submitted Oct. 7. Station executives told B&T they "definitely" would submit a brief to NLRB in Washington.

Fetzer Employers' Bid Denied

PETITION of NABET (CIO) for separation of WKZO-AM-TV Kalamazoo, Mich., technicians into a separate bargaining unit excluding employees of WIEF Grand Rapids, both owned by Fetzer Broadcasting Co., was denied Saturday by the National Labor Relations Board. The board upheld a finding of its hearing officer. NLRB found that the stations in the two cities are part of an integrated operation. Since 1946 technicians at the Fetzer stations in the two cities have bargained as a unit.

PERSONNEL RELATIONS SHORTS

International Brotherhood of Electrical Workers, Local 45, Hollywood, Oct. 6 won National Labor Relations Board election for jurisdiction over 49 KTLA (TV) Hollywood engineering and production employees by receiving more votes than International Alliance of Theatrical Stage Employees & Moving Picture Operators, same city, and National Assn. of Broadcast Employees & Technicians, that city.

Songwriters Protective Assn. has opened West Coast offices at 6272 Sunset Blvd., Hollywood, with Ben Oakland as chairman of West Coast committee and Mrs. Terry Granson as office manager.

PERSONNEL RELATIONS PEOPLE

FROM CAT WHISKERS TO RABBIT EARS

WMBV GREEN BAY PACKERLAND

In 1924 Packerland radio enthusiasts marvelled when their "cat whiskers" brought in distant sounds, just as tv viewers in 1954 bragged when their wind-whipped antennas and super boosters brought them snow-covered, flopping pictures.

But now 175,000 sets are bringing in the best of NBC shows and regional Packerland programs bright and clear on WMBV's Channel 11. And thousands of new viewers boast of perfect pictures with their inexpensive "rabbit-ear" antennas.

They're all watching for you to "Come Eleven" on Packerland's most powerful station.

Alabama Educ. Tv Unit Wins Birmingham Ch. 10

PERMIT for a new noncommercial educational tv station on reserved ch. 10 at Birmingham was granted by FCC last week to the Alabama Educational Television Commission. It is the 33d educational tv grant to be made since lifting of the freeze and reservation of channels. Effective radiated power for the new station will be 30.9 kw visual and 18.6 kw aural with antenna height above average terrain 530 ft. Technical equipment and physical plant for the new station is being furnished by ch. 6 WBRC-TV there, a George B. Storer outlet.

Junior Leagues Assn. Holds Radio-Tv Workshop in Boston

RAYO-TELEVISION workshop, sponsored by the Assn. of Junior Leagues of America Inc., was held in Boston last Thursday and Friday, with managers and producers of radio and tv stations in that city and faculty members of Boston U.'s School of Public Relations and Communications serving as panel speakers.

The workshop was planned to help the Junior Leagues cooperate more effectively with their local stations. Sessions were held at WBZ-TV Boston and at the Lincolnshire Hotel. Miss Luella Hoskins, consultanl on radio-television for the association, served as coordinator and technical advisor for the workshop.

Participants included W. C. Swartley, general manager of WBZ-TV; Leo Martin, director of Division of Communication Arts, Boston U.; Parker Wheatley, general manager, WGBH; Harvey Struthers, general manager, WEAI; Dr. Milian Barnes, chairman, tv department, Boston U.; Dr. Nathan Macoby, chairman, Opinion-Attitude research Division, Boston U.; William R. McGrath, managing director, WHDH, and Frederic Bailey, manager of WTAO-TV Cambridge.

Also, James Kontoien and George Sican, faculty of Boston U.; Marjorie Mills, W. Lawrence Baker and Louise Morgan, WNAC; Heloise P. Broeg, WEAI and president of the New England chapter, American Women in Radio and Television: Christine Evans, WHDH, and representatives of WNAC.

N.C.U. Broadcast Enrollment Doubles 1953 Registration

U. OF NORTH CAROLINA, Chapel Hill, announces a full enrollment double that of 1953 for its Dept. of Radio, Television & Motion Pictures. This department was formerly the Dept. of Radio. Coincident with the department name change last April the administrative board of the graduate school also approved the Master of Arts in Communication degree, which will require at least three and possibly four semesters beyond the BA degree in this field. Of the 128 students attending classes in the department, 83 are undergraduate majors or graduate students seeking special certificates or the MA degree in mass communication media, according to Earl Wynn, chairman of the department and director of the Communication Center at the university.

WBZ-AM-TV Presents Fellowship at Boston U.

WBZ-AM-TV Boston last week presented a $1,000 fellowship for one academic year to the Boston U. School of Public Relations & Communications. Money for the fellowship was presented to the Westinghouse Broadcasting Co. stations by the Alfred I. duPont Awards Foundation for "meritorious service to the American people." The fellowship will provide training in radio-tv to a man who is seeking an administrative career in the field of communications. W. C. Swartley, WBZ-TV general manager, and Paul E. Mills, general manager of WBZ-WBZA Boston-Springfield, made the presentation to the school.

EDUCATION PEOPLE

Sidney Solow, vice president and general manager, Consolidated Film Laboratories Inc., Hollywood, adds duties as instructor, Southern California U. photography and laboratory practice theory course.

EDUCATION SHORTS

Northwest Radio & Television School, Portland, Ore., has acquired lease on new building, consisting of five studios covering 6,000 ft., in Hollywood.

Cambridge School of Radio Broadcasting, Boston, will occupy new quarters effective Nov. 1 at 489 Boylston St.
ducting a fire prevention slogan contest on his multi-weekly afternoon show. Prize is a mini-
tature hook and ladder fire truck.

Palsy Slogan
AN OLDSMOBILE 88 sedan will be given away by WFIL-TV Philadelphia Tom Moore-
head, audience participation show m.c., to the person submitting the slogan deemed most
suitable for use in the Cerebral Palsy drive. The station plans to include the slogan in its
telethon scheduled for November.

Community Problems
TRANSCRIPTIONS of nine KNX Hollywood
This Is Los Angeles programs, recorded by
public affairs director Dave Schowalter on
specific community problems, have been pre-
sented to organizations involved, for their use
as educational material. Among groups receiv-
ing transcriptions are Children’s Hospital, Chil-
dren’s Adoption Society, Salvation Army, Union
Rescue Mission and Resthaven.

Oscar Appearance
CELESTE HOLM, academy award winning
movie star, was present at WJBK-TV Detroit,
to spark a recruiting drive for workers to par-
ticipate in the 1954 United Foundation Torch
Drive. Miss Holm has been “barnstorming” for
various charity drives and lending the prestige
of her name to their campaigns.

Slogans Aired
YOUNGSTERS sending in winning entries to
the “Safety Slogan Contest” conducted by
Clare Cassidy, WTAG Worcester, Mass., folk
singer, are rewarded with Burl Ives song books
and an opportunity to recite their slogans or
jingles on the air.

Combined Telethon
KGBF-TV Harlingen, Tex., originated a March
dime telethon which also was carried by
KRGV-TV Weslaco, Krio McAllen, KBOR
Brownsville, KURV Edinburg, and KRGV Wes-
laco, all in Texas, plus XEO Matamoros and
XEOR Reynosa, both in Mexico.

All-Out Blood Drive
“OPERATION BLOOD” by WFEA Man-
chester, N. H., which featured a week-long
pre-donation campaign with announcers, en-
gineers, office workers and salesmen of the
station participating, plus hourly messages from
Manchesterites who had received Red Cross
blood in time of need, produced, as the station
termed it, “the highest number of new first-
time donors in the history of the chapter (Red
Cross)” and “the second highest number of
pints of blood in the 33 months of the pro-
gram.”

Saturated Community
WKNE Keene, N. H., is planning a satu-
ration campaign for the Community Chest Drive
to include spot announcements by representa-
tives of the benefitting agencies, recorded 10-
second announcements by private citizens sup-
porting the drive, programs devoted entirely
to the campaign, plus inserted announcements
by local sponsors into their own shows.

18-Hour Program
FOURTH ANNUAL “Celebrity Parade for
Cerebral Palsy,” held under auspices of United

Cerebral Palsy of New York City Inc., will be
telecast over WABC-TV for 18 hours, starting
at 10:30 p.m. Oct. 24, and continuing through
4:30 p.m. Oct. 25. Last year’s actual collec-
tions from a similar telethon totaled $508,000.
Group is seeking $1 million in 1954 from all
fund-raising activities, including the telethon.

Magnificently Obsessed
KGO San Francisco and Pacific Greyhound
Lines recently played host to 125 children from
Sacramento, Calif., orphanages at a beach and
zoo outing. Reason for the holiday atmosphere
was that KGO was helping to carry out the
“magnificent obsession” expressed by the win-
erg of an unfulfilled desire contest conducted
by station personality John Harvey.

Public Donation
PORTIONS of the blood donor drive con-
ducted in the studios of WHAS-TV Louisvi-
le, Ky., by the Red Cross Bloodmobile were tele-
vised for public viewing. Employees of WHAS-
AM-TV, the Courier Journal, and Louisville
Times contributed 164 pints of blood during
the two-day drive.

Boys Bowl Game Telecast
WMAR-TV Baltimore, Md., will televise the Boy's Bowl Game this fall for the fourth consecutive year. Proceeds of the game, sponsored by the Optimists Club, plus contributions of television viewers, will be used to further youth guidance work in Baltimore.

WHLI Public Service Broadcasts
WHLI Hempstead, L. I., N. Y., has made arrangements with nearly 100 school districts and the majority of industrial plants in the Long Island area to broadcast announcements on road conditions, bus and train schedules, work stoppages, school closures, telephone and electric power service, etc., in case of storm or flood this winter. Commuters Time, Mon. thru Sat. morning show, will be the nucleus for any emergency broadcasts.

47-Station Fire Drill
WHAS Louisville, Ky., initiated for the fifth consecutive year what it termed the world's largest fire drill, the station reported. Forty-seven stations throughout Kentucky carried the drill signal which resulted in 500,000 children simultaneously evacuating their schoolhouses. A 15-minute fire prevention show, "A Chance to Live," written by WHAS' director of public affairs Dorcas Ruhtenburg and narrated by WHAS newsman Pete French and Paul Clark, was fed to the state-wide network at the time of the drill.

Road to Sight
WTVJ (TV) Miami, Fla., and the Miami Daily News teamed up to restore the sight of a boy blind for 11 of his 15 years. A specialist had offered to perform, free of charge, an operation which would partially restore the youngster's sight if he could be brought to Boston. The boy's family could not afford the travel and hospital expenses so the station and newspaper raised $2,200 to defray the cost.

Hour-Long Drive
WLWT (TV) Cincinnati, recently raised $24,000 for the Emergency March of Dimes. Of the total, nearly $17,000 was collected on a special hour-long program in which a thousand persons presenting contributions were viewed as they filed past the station's cameras.

WCPO-TV Pony Contest
WCPO-TV Cincinnati enriched the county polio fund by some $2,000 when it received over 5,000 replies to a pony-naming contest conducted by station personality Colin Male. Each suggested name had to be accompanied by a donation for the drive. The pony was the winner's prize.

WKRC-TV Appeal
WKRC-TV Cincinnati dramatized the appeal for Emergency March of Dimes funds by telecasting movies of a 13-year-old polio victim in her iron lung at Cincinnati General Hospital and asking viewers to contribute enough silver to match her 90 pounds. About $1,700 would have matched her weight. Contributions amounted to $24,000.

DuPont Sets Deadline For Radio-TV Awards
NOMINATIONS are being accepted through Dec. 31, 1954, for the 12th annual awards of the Alfred I. duPont Awards Foundation, according to the foundation. One large station and one small station will again receive awards for "outstanding performance in the public interest" and a third award will go to a radio or tv commentator whose work has been distinguished by "aggressive and consistently excellent and accurate gathering of news in the public interest." Each award carries a stipend of $1,000 and also offers the privilege of establishing a scholarship or fellowship for the benefit of the radio and tv industries. Nominations for 1954 awards should be mailed to the Curator, Alfred I. duPont Awards Foundation, Washington & Lee U., Lexington, Va.

In announcing opening of nominations for 1954, foundation curator O. W. Riegel called attention to the new educational opportunities award winners may create through a revision in the foundation trust indenture which permits winners to make their cash awards the basis for scholarships and fellowships established in their name and the name of the foundation. An award winner may set up one or more scholarships for advanced study in radio-tv at any approved university or technical institution.

Three previous winners have taken advantage of the scholarship plan: WFIL Philadelphia, 1950 winner, established the first scholarship, at Penn State College; Joseph C. Harsch, 1951 winner in the commentator category, established a scholarship at the U. of Wisconsin, and WMT Cedar Rapids, Iowa, a 1952 winner, is assisting a young man for radio work in the agricultural field.

Mail Ad Awards to Radio-TV
BROADCASTERS were among the 65 winners of awards presented in the 26th annual contest for direct mail campaigns, sponsored by the Direct Mail Advertising Assn., it was announced last week at the opening of DMAA's convention in Boston. All winning campaigns are on display at the hotel. Additional sets of these winners are being made to tour the U. S. and Canada for meetings, conventions and direct mail courses. On the network level, the western division of NBC received an award. Mt. Washington Ty Inc., Portland, Me., licensee of WMTW (TV) Poland Spring, won one of 10 gold mail box awards presented for outstanding winning campaigns.

IN PUBLIC INTEREST

FBI Tribute
A LETTER from J. Edgar Hoover, head of the Federal Bureau of Investigation, to WGAL-TV Lancaster, Pa., has expressed appreciation to the station for "telecasting descriptive data on dangerous criminals being sought by the FBI, which now has brought about the apprehension of two badly wanted fugitives." The letter followed the capture in West Nanticoke, Pa., of Jack Harrison Chapell, wanted by the FBI, who was recognized by a WGAL-TV viewer after seeing the station's FBI Wanted Persons announcement. About two years ago, another WGAL-TV Wanted Persons announcement led to the apprehension of another fugitive in Lancaster.

Bowl by KLAC Hollywood's "Big Five" disc m.c.'s [BTV, Sept. 20]. Gross totals received $32,000, the station reports.

Hospital Donation
KYW Philadelphia, as a service to the "finishing-job" fund drive of the $3.5 million Lower Bucks County Hospital, presented on its Citizen USA a summary of the labor donations and industrial gifts given to the project. Labor-management cooperation was cited as a major reason for the success of the building campaign. The hospital is 96% completed and 78% paid for.

Children March
CHILD FANS of KOMU-TV Columbia, Mo., collected $1,618 for the Emergency March of March of Dimes. Opening of the drive was mentioned once on a weekly children's program. Bulk of the contributions came from children whose average age was eight.

Triple Telethon
MORE THAN $250,000 in cash and pledges was raised by three telethons held on Sept. 18-19 on behalf of the United Cerebral Palsy Fund. UCP reported. The telethons were conducted over WDTV (TV) Pittsburgh, WSTV-TV Steubenville, Ohio, and WABT (TV) Birmingham, Ala. Among the entertainers who appeared in the various cities were Roberta Quinn, Bob Eberle, John Reed King, Captain Video, Ray Malone, Jill Corey, Jimmy Carroll, Eileen Tobb and Bobby Wayne.

KING-AM-TV Children's Shows
SEATTLE Children's Home is richer by 5,642 jars of fruit which were contributed by children who came to see the two performances staged by talent of KING-AM at a local theatre. Only one show had been originally scheduled, but the tremendous turnout made another performance necessary.

Baltimore Integration Program
WAAM TV (TV), WBAL-TV and WMAR-TV in Baltimore, simultaneously presented the city's police commissioner during the city's recent school integration crisis. A film of the talk was telecast six more times by WAAM and the station also invited the superintendent of schools to address its audience. Both officials praised stations for its aid in averting trouble.
AWARD SHORTS

J. R. Whitworth, chief engineer, WJTV (TV) Jacksonville, Miss., presented Award of Merit for “outstanding contribution to television broadcasting” from Resnick Foundation, Ellenville, N. Y., at 4th annual IRE Professional Group of Broadcast Transmission Systems symposium, Cleveland.

KNX Hollywood presented award from Los Angeles Community Chest for “...fostering better understanding and support...” of Chest.

WWOR-TV Worcester, Mass., presented Distinguished Service Award for public service on behalf of cerebral palsy victims by United Cerebral Assn. of Massachusetts.

Don Cameron, formerly news editor, WFDF Flint, Mich., and presently with NBC news room, N. Y., commended by Flint City Commission and local officials for exceptional radio reporting to Flint area during tornado, June 1953.

Packard-Bell Co. (tv set manufacturers), L. A., presented trophy from Glamorama Show in that city for outstanding leadership in design and performance.

W. W. Chambers Sr. Memorial Award for excellence in tv advertising, established by Adv. Funeral Directors of America Inc. at annual meeting in Cleveland, in memory of W. W. Chambers Sr., founder of W. W. Chambers Co. (funeral homes), Washington.

Marlin Perkins, conductor, NBC-TV Zoo Parade, honored by New Jersey State Fair awards committee for “Best program in its classification.”

KITO San Bernardino, Calif., presented award from California State Fair for “In the Public Interest” series.

WTTPA (TV) Harbirsburg, Pa., presented award from United Cerebral Palsy for telethon earlier this year which raised over $50,000.

Richard Carlson, star, Ziv Television's I Led Three Lives, presented New Jersey State Fair Annual Television Blue Ribbon Award on behalf of program.

Joseph J. Micciche, radio-tv coordinator, Los Angeles County, presented “Publicist of the Year” award from Los Angeles Publicity Club, for “fostering and maintaining a high standard of ethics in the publicity profession.”

Nancy Holne, woman's commentator, KABC Hollywood, presented “Woman of the Year” award from Eta Upsilon Gamma sorority, Woodbury College, L. A., for “outstanding achievement in public education.”

WSYR-AM-TV Syracuse, N. Y., presented Certificate of Appreciation from Syracuse Red Cross for cooperation in summer blood collection.

West Germans Expect Record Radio Output

Output anticipated to be in excess of last year's banner year when 2.6 million receivers were manufactured.

GERMAN set manufacturers expect 1954 to be another record year. In 1953 radio set production in the area reached an all-time high of 2.6 million sets (including $200,000 exported) representing a retail value of $115 million. For 1954 manufacturers expect a production total of 2.8 million radio sets. (Annual replacement rate of old sets is listed at 1.25 million sets.)

Considerable set sales gains were noted by almost all manufacturers from introduction of "3-D sound." 3-D sound invaded the radio field in Germany in a rush comparable to the various optical and audio gimmicks in the movie field back in Hollywood.

TV set manufacturers, according to latest statistics, expect a total of 140,000 to 150,000 sets to be shipped this year. Poor programming is being given by manufacturers in Germany as a main reason for rather slow sales.

WESTERN EUROPEAN BRIEFS

Copenhagen, Denmark, tv station has increased programming to daily transmissions. The Dutch television system plans to switch to daily operation in February of next year. Latest statistics indicate that there are now 3,200 licensed tv sets in Switzerland. In February 1955 a new Belgian tv station near Liège will be launched. Reports from Budapest, Hungary, indicate that a tv transmitter has been set up there and has started test transmissions.

Sponsor Film Services Corp. Contracts to Assist Agencies

CONTRACTS FOR servicing films in Canada have been signed with a number of United States film producers by Sponsor Film Services Corp. Ltd., Toronto. The company now services films for a number of advertising agencies in Canada, including the shows Flet of Jeffrey Jones for Needham, Louis & Brbury of Canada Ltd.; Range Rider and Life with Elizabeth for James Lovick & Co. Ltd.; Janet Dean and Douglas Fairbanks for Grant Adv. of Canada Ltd.; Liberace for sponsors handled by Young & Rubicam Ltd. and Spitzer & Mills Ltd., and Wild Bill Hickock for Leo Burnett Co. of Canada Ltd. All these agencies have offices at Toronto.

Sponsor Film Services was formed at Toronto to look after film maintenance and other services which advertising agencies could not always do. The company works closely with Modern Talking Pictures, New York. Vice president and general manager of Sponsor Film Services is Bob Lee, former manager of CHUM Toronto, and production manager is Allen Mills, formerly of S. W. Caldwell Ltd., film distributor.

Central Canada Sessions Plan Panel Discussions

AGENCY AND STATION personnel will take an active part in the panel sessions of the Central Canada Broadcasters Assn. annual meeting at the Sheraton-Brock Hotel, Niagara Falls, Ont., Oct. 25-26. Panels will include: presenting station facts for the advertiser's point of view, agency problems, and radio sets of the future.

The annual business meeting and election of officers will be held Oct. 26 with reports from W. H. Stovin, CBQ Belleville, CCBA president, from E. Finlay MacDonald, CJCH Halifax, president of the Canadian Assn. of Radio & Television Broadcasters, and Jim Allard, CARTB executive vice president.

Prudential to Sponsor 'You Are There' in Canada

FOLLOWING a series of negotiations, the Prudential Insurance Co. of America, through Calkins & Holden, New York, will sponsor You Are There starting Nov. 21 on the Canadian Broadcast Corp. network in addition to its alternate, week sponsorship on CBS-TV in the United States.

Complications arose in making up a schedule of 26 shows, the minimum acceptable to the CBC, and in clearing Canada some of the shows sponsored in the U. S. by America's Electric Light & Power Companies. A union rule made it necessary to provide the Canadian series in a sequence that would show each program within 90 days of its original telecast in the U. S.

Boyling, Finnerty Elected By Canadian Associations

SYD BOYLING, CHAB Moose Jaw, Sask., was elected president of the Western Assn. of Broadcasters at the recent convention at Banff. Directors elected were F. H. Elphicke, CKWX Vancouver; Gerry Gaetz, CICA Edmonton; Maurice Finnerty, CKOK Penticton, and John Craig, CKX Brandon.

Maurice Finnerty was elected president of the British Columbia Assn. of Radio & Television Broadcasters at its annual convention at Harrison Hot Springs, B. C., which followed the Banff meeting.

Ontario Political Slate Set

FREE-TIME weekly political broadcasts in Ontario were started on Oct. 4, and will continue until June 6, 1955. Eleven Canadian Broadcasting Corp. and independent stations are carrying 30 weekly 15-minute programs, divided among the three leading political parties, with 12 for the Progressive-Conservative party, which is in power in Ontario, 10 to the Liberal party, and 8 to the socialist Cooperative Commonwealth Federation.

INTERNATIONAL SHORTS

CBS Sydney, N. S., is increasing power from 1 kw to 5 kw on 1570 kc with installation of new Canadian Marconi transmitter early in 1955 at new 14 acre transmitter site four miles east of that city.

television — the only medium we serve
GOOD NEWS, Dick, we already have a show for you," he said.

He was Charles Siverson, WHAM's program director. It was my first day at WHAM—Oct. 5, 1953. I had joined the station as an announcer with the expectation that because of my background in radio and television news I would get a newscast before long.

I smiled brightly. "What time of day?"

"Late at night," Siverson replied. He paused. "It's a disc jockey program."

Disc jockey! My smile faded. I had been in radio and television nine years—years devoted exclusively to news, the past four years in New York as a commentator for NBC and assistant news director at WOR-TV. I considered myself a news man. Disc jockey show!

Nothing in my background, except a liking for 52nd Street jam sessions during undergraduate days, had prepared me for record spinning. The realization I was no longer going to be a reporter hit me like a cold shower. Was the change good? Was it bad? Those questions had to be answered by me. To my own satisfaction.

That night my wife was cheery. "I like music," she said, "and you'll do a good job."

Her words were the shot in the arm I needed, and when I set down a list of the pros and cons it was with a let-the-chips-fall-where-they-may attitude, rather than with the feeling of the sergeant who has just been reduced to buck private. On the con side, of course, were the years I had spent learning the news game.

In the pro column were the opportunities and the challenges. It is always a challenge to tackle something you have never tried before. More disc jockeys than newscasters are needed in broadcasting, an important point when a family is in the habit of eating.

More important than anything else in the "pro" column, however, was an inescapable fact: I had moved my family from New York to Rochester, and I liked WHAM. I wanted to stay.

In summing up, the pros far outbalanced the cons. I was now a disc jockey—an embryo, really. I pushed the years of news experience into the back of my mind and disfigured it from the rest of the broadcasting know-how I had learned. The distillation proved comforting; I was essentially a broadcaster I discovered, rather than, as I had feared, essentially a newsman.

Study was needed. The emphasis swung from the editorial pages to record reviews. Names like Kenton, Fisher, Ellington and Clousey took over the spots previously occupied by the Adenauers, Bidaluts, Harri-mans and McCartys.

The time they gave me was from 10:30 to 1:00 at night, with time out for news and sports at 11:00. "It's called The Merry-Go-Round," they said. "Build a show out of it."

WHAM has one big advantage at that hour: power. It is a 50 kw station on a clear channel and late at night covers some 40 states, all of Canada, Bermuda and islands in the Caribbean. WHAM had never before made a pitch for those outlying listeners, but we decided to try it now.

There are two ways to get attention for a new radio show: (1) hard-hitting promotion, or (2) gimmicks. Because the two Rochester newspapers and our most competitive radio station are under the same ownership, we decided on gimmicks.

ABOUT THE AUTHOR
A veteran radio-tv newshman with station experience from Atlanta to Boston and three years as a network commentator, Mr. Doty a year ago suddenly found himself a disc jockey on WHAM Rochester. Here's his own story of the change from deadlines to discs.

First gimmick was the "Pinpoint Club." Listeners writing in would have their hometown or farm pinpointed on a large map of North America posted in the studio. Back to them went our thanks on the air and a Pinpoint Club Membership Card in the mail. A Marine stationed in Puerto Rico wrote that we had come in better than any stateside station. An expatriate New Yorker in Los Angeles mentioned that he went out to his car each night to listen to music from "God's country." From a remote section of British Columbia came letters from a woman who said The Merry-Go-Round "keeps me company."

From all across the South arrived mail from listeners saying they were glad to be "able to listen to something besides hill billy music." Letters came from New York City, Brooklyn, Long Island, New England, Washington, Miami, Chicago, St. Louis, Cincinn-

FROM NEWS TO BE-BOP
A NEWSMAN MAKES THE TRANSITION—AND LIKES IT
by Dick Doty

nati, Detroit, Boston, the two Portlands—Maine and Oregon, Philadelphia, Atlanta, New Orleans, Jacksonville, Denver, and hundreds of way stations.

We were impressed and hoped sponsors would be. They were not. "Wait till the ratings come out," they said.

When the ratings did appear, they were disappointing, showing The Merry-Go-Round a little behind one other Rochester station. However, the ratings were only for the city of Rochester and did not take into account the big coverage the program was getting outside.

We rolled up our sleeves and added more gimmicks. I began taking telephone calls on the air. I began asking a Merry-Go-Round Question of the Night—everything from "Should the wife have anything to say about picking out the family car?" to "Are American men becoming less romantic?"

It paid off . . . and is still paying off. People who had been glued to television screens for three years report that they're back listening to the radio. They like to call to answer the question—the phone is busy continually for the whole two and a half hours—and they like to hear how their neighbors are answering it.

Musically, The Merry-Go-Round is divided into sections. Part One—10:30 to 11—is the top hit of the day, with a swing instrumental or two tossed in. Following the news and sports is 15 minutes of "Bring Back the Bands"—a different top swing band each night. From then until midnight, more

First gimmick was the "Pinpoint Club." Listeners writing in would have their hometown or farm pinpointed on a large map of North America posted in the studio. Back to them went our thanks on the air and a Pinpoint Club Membership Card in the mail. A Marine stationed in Puerto Rico wrote that we had come in better than any stateside station. An expatriate New Yorker in Los Angeles mentioned that he went out to his car each night to listen to music from "God's country." From a remote section of British Columbia came letters from a woman who said The Merry-Go-Round "keeps me company."

pop records. Then we put on the brakes. The last hour's music is soft and dreamy. From a mail count of zero when it went into its present form less than a year ago, The Merry-Go-Round now pulls upwards of a hundred pieces of mail every day. Now when we tell sponsors about the advantages of low-cost late-night radio we have a real story to tell. Bardahl Oil, which bought the "Bring Back the Bands" portion of the show, had planned to keep it only during August and September. They have now renewed indefinitely. Their dealers report Bardahl sales have taken a big jump, some reporting sales increases of 300%.

The challenges for this newscaster-turned-disc-jockey are still there, but the regrets at leaving news, if there were any, are gone. This new route I am following is still unpaved in places, but I like the scenery, and I'm meeting a lot of swell people!
IN THE NEW SOUTH,
A NEW SALES STORY

HOW A QUALITY DEPARTMENT STORE USES RADIO TO KEEP ON TOP

by J. Frank Beatty

RETAILING HISTORY is being made in the heart of the South.
An elderly and hallowed department store tradition has been smashed—the theory that retailers can’t live without newspapers.

It has been replaced by a new theory:

Radio can do the basic department store job; no store should live without broadcasting.

Scene of this important event is The Aug. W. Smith Co., famed half-century-old quality store in Spartanburg, S. C. which modestly uses the slogan, "One of the Carolinas Finer Department Stores."

The Aug. W. Smith Co. is located in a county that boasts more textile spindles and a larger peach crop than any other county in the United States. Some of these spindles are running below capacity, and South Carolina is an emergency drought area, but these conditions are temporary.

The quick truth is that Spartanburg’s leading store has discovered a more effective way of selling merchandise—concentration on radio instead of newspapers.

This discovery grew out of the store’s unwillingness late last spring to let the local morning-afternoon newspaper combine push it around. Largest newspaper advertiser in the area, The Aug. W. Smith Co. rebelled and took a simple step that has turned out to be amazingly effective:

It reversed the 70-30 newspaper-radio advertising budget ratio.

While it’s assumed that one of these days the store and newspaper combine may resume more normal business relations, this much appears certain:

* The Aug. W. Smith Co. will divide its promotion budget about equally among radio stations and newspapers and never go back to the old ratio.

Has business suffered without newspapers?
Tom Q. McGee, president and treasurer: "No."

L. Perrin Smith, vice president: "It hasn’t hurt our sales."

Mr. McGee is the son of Aug. W. Smith.

Mr. Smith is the son of Aug. W. Smith. Thus ownership of this famed retail enterprise remains in the two old-line Carolina families.

Just what has happened since newspapers were almost entirely abandoned last June 1?

Mr. McGee: "While our total business is off a little for the nine months of 1954, as it is with practically all stores in the federal reserve district, we’re right in line. We’re delighted with radio."

Mr. Smith: "The first two weeks in June, when we dropped newspapers, actually showed our sales were ahead of 1953 dollar-wise for the first time this year. One month sales are up, another month down, following the trend around this part of the nation."

Mr. McGee likes radio: "We’re through with the old radio-newspaper ratio. Department stores that use radio for a month or two don’t give it a fair test. We’ve used it 14 years. Retailers should decide to spend a certain amount of money for a year and then go ahead and do it. Do I like radio? I love it. We haven’t suffered without newspapers."

Mr. Smith, a dyed-in-the-wool newspaper advocate, readily concedes his eyes have been opened as the radio experiment has unfolded.

What do the customers think?

Mr. McGee: "A lot of our customers are just tickled to death because we are now using more radio. You should see the radio results."

Mr. Smith: "Radio is pulling traffic. Our customers are conscious of the fact they can get information about the store they didn’t get before."

What about the store’s buyers?

Maloy Rash, merchandising manager and head of the store’s largest division—women’s—radio shows an additional major plan in our promotion plans. Like Mr. McGee, I believe that probably a 50-50 newspaper-radio ratio is the answer."

Alta Parham, silver and stationery buyer: "We sold silver trays on Jane Dalton’s WSPA program. People came in, saying they had heard about the trays on the air. One lady in Union, 30 miles away, bought four trays."

Nan Sizemore, hose, blouses, notions: "I like radio better than newspapers now."

L. E. Gibson, for 21 years buyer and division manager of ladies shoes: "Radio reaches people. If we go back to newspapers I advocate a 50-50 deal. Our percentage of sales in the shoe department is stacking up as well if not better than when we used almost exclusive newspaper advertising. I have been pleasantly surprised with results."

Mr. Gibson was quite impressed recently when at least 50 people either stopped by his department or phoned him congratulations on his birthday. All said they had heard it on WSPA.

Natalie Watson, buyer for jewelry and handbags: "I prefer radio. I find that radio

Page 104 • October 18, 1954
can sell for me and my department both expensive and inexpensive merchandise.

Now, how about the key figure who operates between the departments and the store's management and ownership—Harry Smiley, advertising and promotion manager, a newspaper-trained executive.

"I was pleasantly surprised that radio brought the response that it did. I'll admit that we learned many lessons. We have also learned that follow-through is as important in advertising, both visual and audio, as it is in golf.

"There is definitely a place in department store advertising for radio. Stores, however, should be more selective and not just buy any radio time. Radio has certainly risen in my estimation."

How did this Spartanburg media situation come about?

Mr. McGee: "The Herald and Journal told us last spring what we were to do, how we were to do it and how we were to pay our bills weekly."

Then what?

"We were their largest advertiser. We also were the first store in the state to use radio—starting with Jane Dalton on WSPA 14 years ago. So we told the papers we wouldn't sign June 1 and then got in touch with all local radio stations."

The solution: "We stepped up radio, including WSPA, WORD, WJAN and WDXY (FM), aiming particularly at both men and women between 7:45 and 9:30 a.m. We added sports, too, on WDXY. In the past we had spent about $12,000 a year on radio and $36,000 on newspapers. We reversed the newspaper-radio ratio. Between June 1 and Oct. 1 we spent about $1,100 in newspapers, and paid cash for each ad. Mainly we use a quarter-page newspaper ad on a sale day and a few co-ops—about one or two newspaper ads a month."

Revamping the Budget

What about other local businessmen?

"They were all upset at first by the newspapers' new policy. We understand many accounts cut their space or quit. At any rate, our people are the envy of the luncheon clubbers."

How about The Aug. W. Smith Co.'s advertising budget?

Mr. McGee: "We had been spending more money on radio than most department stores. Last Jan. 1 we started cutting newspapers, and cut radio some. Our advertising budget was too high. The main cut was in newspapers. We used radio for specific items and some institutional, especially on Jane Dalton's WSPA program. Jane's program is synonymous with the store. If there was a clearance sale, we sold direct, but we're not a promotional type of department store.

"Now we try to sell items on radio. All stations get the same items the same day."

What are some of the items?

"Well, today we have winter coats, tweed bags, daffodil bulbs (Mrs. Backhouse bulbs for only 10 cents, a traffic item), Gold Brick chocolate sundaes, opera pumps, wood fibre flowers and several others. We have daily illuminated signs in and in front of elevators, plus displays on counters."

In the department store business, a picture of a coat or dress in a newspaper advertisement is considered an impressive piece of promotion. The Aug. W. Smith Co. newspaper ads were styled much like the Lord & Taylor white space in New York.

How about coats and dresses, especially at a quality store?

Mr. McGee: "We had a Rothmoor coat promotion in August, using radio predominantly, only one newspaper ad, personal cards from salesmen to customers and an in-store contest gimmick. These coats are $89 and up to $129. We sold 66 pieces in two days, a total of $6,200."

Mr. Rash, division manager: "This was the largest sale of Rothmoor coats in the entire Southeast regardless of size of store. People heard about the sale on radio and started coming in before the actual showing."

Small stuff moves quickly, too, when promoted by radio.

Mr. Smith: "A few weeks ago we found we had about 30 boxes of size 8½ hose. Only 3% of women wear this size. Jane Dalton mentioned one morning we had these 8½ hose on sale at 59 cents. We sold 29 pairs in the next 20 minutes. That showed us how many people listen in view of the fact that only 3% of women use the item."

How does The Aug. W. Smith Co. compare radio and newspapers?

Mr. Smith: "On a shoe special, newspapers would bring possibly 100 customers banging on the door at 9 a.m. With radio, traffic will come over a three-day period. We stress quality but mention price where it's part of the story."

Mr. Gibson: "We started our first clearance of summer shoes July 6. The sale was advertised exclusively on radio. It was the best shoe sale in the past 20 years with less mark-down than in previous years."

Special-purchase sales, an important part of promotion,...
of department store business, are radio naturals.

Mr. Rash: "We had 156 Ruth original children’s dresses, regularly $7.98 to $12.98, selling at $4.93 to $5.98 depending on size. The first day we sold 100, using radio exclusively. The rest were sold in the next couple of days, proving how people listen. "July 15 we had a sale of famous label ladies cotton and bemberg dresses, regularly $8.98 to $10.98, for $6.98. We had 220 dresses. We put them in the first three hours and Jane Dalton mentioned them on WSPA. We got 200 more and used Jane again. Another sellout. We never did that well in newspapers.”

Another department store standby—August fur sales.

Mr. Rash: "We built up our August fur sale for a week on radio, plus a small newspaper announcement. In three days we sold $5,000 worth of furs. It was the best August fur sale within my memory.”

And note this: Volume has not dropped at all in the men’s department despite the general economic situation.

THE FUTURE

After four months with only token space in the Spartanburg dailies, plus space in Textile Tribune, a mailed shoppers’ weekly, The Aug. W. Smith Co. is thinking along media lines this way:

Mr. McGee: "We’re crazy about radio and know what we would do without it. We have learned that an established store can do without newspapers. If we sign a newspaper contract we will not use anything like as much space. After all, we know newspapers aren’t as necessary as they believe. There’s a happy medium between radio and newspapers. We know we had been overdoing newspapers before, having refused to let them run over us and cram a deal down our throats. We weren’t pessimistic or upset about dropping newspapers last June. We just wondered how well radio would do the main promotion job. Radio has done an outstanding job for us.”

Mr. Smith: “I definitely believe we should use both radio and newspapers.”

Mr. Smiley: "Radio has risen in my estimation. We have learned important lessons. Department stores should be more selective in their use of radio, not just buying time.”

Mr. Rash: "Radio can do a primary job for department stores if you put over a particular item. Repetition is the secret. Get people aware of an item and aware of the store. Radio is the best answer to a big promotion, giving more advertising per dollar than newspapers, judging by our four-month experience. All media are necessary. Newspapers are used to do the supplementary by radio. Now radio is a basic medium.”

In four summer months The Aug. W. Smith Co. has discovered a retailing device that department stores have been slow to accept, possibly because most of their executives have been newspaper-trained and stick to the traditional, if old-fashioned, white-space formula.

Spartanburg’s newspapers, having ruffled the feelings of their best advertiser, have had the experience of watching a competing medium deliver effective promotion—and at lower cost.

25 YEARS ON ‘THE CHILDREN’S HOUR’

THERE must be virtually millions of New Yorkers and out-of-town visitors to the city who swear by The Automat, more formally known as the Horn & Hardart Co., as their favorite eating place. In turn, H & H upholds one institution it certainly must swear by over any other—The Children’s Hour radio program (Sun., WRCA New York, 10:30-11 a.m. EST).

Other newspapers held the world-famed restaurant and retail store chain sponsor the well-known children’s show continuously for 25 years, without even a summer hiatus? The Children’s Hour plus a 15-minute Monday-through-Friday news program over WABC New York represents about 75% of H & H’s advertising budget.

It’s bread-and-butter, or better still, apple pie-and-coffee log that has prompted Horn & Hardart to pick up the tab each week for the past 25 years for a program it believes to be the oldest on radio (not including some that suspend for the summer). Cyril V. Farley, executive vice president of H & H, told B&IT last week that year in, year out, The Children’s Hour has proved to be a most sound advertising investment.

It was 25 years ago the first week in October that The Children’s Hour was launched on WCAU Philadelphia, under H & H sponsorship, shifting in 1931 to WABC New York (now WCBS New York) and in 1939 to WEAF New York (now WRCA). Mr. Farley, then associated with the company, said officials had one notion in mind: “Everybody loves children and will listen to them.” This theory proved accurate, along with a related conviction that the program would help to sell coffee, pies, desserts, frankfurters and beans, and other items associated with The Automat. As a test, shortly after the program was launched, H & H offered a booklet to listeners. Mr. Farley insisted that at least 30,000 booklets would be sought, but some company officials were skeptical. Within a few days, more than 65,000 requests poured in.

“After that,” Mr. Farley recalled with a smile, “there never was any question about renewing The Children’s Hour.”

Mr. Farley voiced the belief that children, after listening to the program, ask their parents to take them to The Automat. When they grow up and have children of their own, he continued, they follow in this tradition.

Long before The Pulse’s disclosures on the growth and strength of summer radio, Mr. Farley held the conviction that the season of the year was the only significant—or at least, so far as The Children’s Hour was concerned. He said his company’s research indicated that the program had a loyal audience at beaches and at summer resorts, adding: “We never worry about the summer.”

During the tenure of the program over the past 25 years, H & H has grown from 18 retail stores to 48 and from 18 restaurants to 45—all in the New York area, according to Mr. Farley. Sales last year totaled $41,833,645, as against about one-half of that figure in 1929.

Mr. Farley paid tribute to Mrs. Alice Clements, who conceived the program in 1929 and who still writes and produces it. It is Mrs. Clements’ deep understanding of children, he said, that has played an important part in the success of the program. (Since 1949 the show has been simulcast on WNB [now WZCA-T V] New York. Three years ago Hoffman Beverage Co., New York, became a co-sponsor of the television show with Horn & Hardart). On the anniversary program on Oct. 3, some of the program’s alumni came back for a reunion. These included Robert Q. Lewis, Arnold Stang, announcer Guy Lebow, comedian Lee Goodman, Red Benson, bandleader Albee West and comedian Neal Stanley.

“We’re looking forward,” Mr. Farley said smilingly, “to the next 25 years.”
NOW! the new Gray telop III

Eliminates extra manpower requirements
opaque and transparency projector

REMOTE OR LOCAL CONTROL
CHECK THESE NEW FEATURES
- Completely automatic... utilizing features contained in the now famous Telop and Telojector... Slides change by push button control.
- Sequence of up to 50 slides can be handled at one loading... additional pre-loaded slide holders easily inserted in unit.
- Remote control of lap dissolves... superposition of two slides... and slide changes.
- Shutter type dimming permits fades without variation of color temperature... opaque copy cooled by heat filters and adequate blowers... assembly moveable on base which permits easy focus of image.

SCREEN OUT HIGH PRODUCTION COSTS FOR LOCAL SPONSORS
Telop III by the elimination of extra manpower assures the production and projection of low-cost commercials that local sponsors can afford. It can be used with any TV camera including the new Vidicon camera. Telop III projects on single optical axis opaque cards, photographs, art work, transparent 31/4" x 4" glass slides, strip material, and 2" x 2" transparencies when Telojector is used with optical channel provided. Telop III eliminates costly film strips and expensive live talent.

WRITE FOR: Illustrated bulletin describing Telop III specifications. Your request will receive prompt response.

AND DEVELOPMENT CO., Inc., Hilliard St., Manchester, Conn.
Division of the GRAY MANUFACTURING COMPANY
Originators of the Gray Telephone Pay Station and the Gray Audograph and PhonAudograph.
WLAM-TV AIRS FRENCH SERIES

WLAM-TV Lewiston, Me., began broadcasting a weekly one-hour time segment of three programs in the French language on Oct. 5. In a predominantly Franco-American community, the station is airing La Chanson Française (7-7:15), Plaisir (7:15-45) and Vita Caron (7:45-8) every Tuesday evening. All of the programs' formats are musical. WLAM has been broadcasting radio programs in French for seven years and reports maintaining a "sold out" status with them. Of the WLAM-TV programs, two are participating and the other is sponsored by the local Manufacturers National Bank.

WIP PLUGS RADIO VIA 'POST'

BLOW-UP of the Oct. 2 Saturday Evening Post cover, which illustrated people caught in the "World Series Fever" and listening to the games by radio under varied conditions, was placed by WIP Philadelphia in an annual display of the station in the window of a Philadelphia retail outlet. The display was headed with "Wherever you go, there's radio.

WKZO-AM-TV BOOTH AT FAIR

SOME 15,000 autograph books were distributed at the Kalamazoo County Fair during September by WKZO-AM-TV Kalamazoo, Mich., inviting persons to compete for a 21-inch tv set by securing the signatures of seven of 11 station personalities. Chuck Lambert, WKZO disc m.c., originated three daily record shows from the fair booth and supplied entertainment for fairgoers. Listeners were urged to attend the event and visit the stations' booth at times set aside for station breaks and special shows, such as farm, sports and interview programs.

BOTTLE OPENER PROMOTION

"TOPS THEM ALL," claims WEEB Southern Pines, N. C., in sending to advertisers and agencies a bottle opener promotion piece. The station adds the opener is "Opening a way for more business every day."

WATV (TV) 'ITALIAN SERIES'

WATV (TV) Newark, N. J., started a new 13-week Report From Rutgers series Oct. 11, titled "An Italian Series." The program, aired Mondays, 9:30-10 p.m. EST, each week deals with a different Italian city and features integrated demonstrations of modern methods used in language teaching.

KHTH IMAGINARY BASEBALL

FOR THOSE who have been unhappy since the baseball season ended, it is suggested they tune in KHTH Houston, Tex., this winter as that station broadcasts Phantom Baseball. Eight teams compose the imaginary "Winter League" and they play through until March when the "winning team" will receive the "league pennant." KHTH reports it has taken three months to work out the details of the league, in which statistics of daily play, such as batting averages, team averages and pitching percentages, will be kept. The station describes the fictitious baseball as "revolutionary" for radio.

WSAI REVAMPS FOR BASEBALL

TO ALLOW both the Cincinnati Reds baseball broadcasts and programs of station personalities to be heard at convenient times, WSAI Cincinnati is rescheduling several shows to bring the baseball games' time within the frame of the later programs. Sherwood R. Gordon, president and general manager of WSAI, said that it is easy for a station to lose a large number of listeners by arbitrarily replacing established programs with baseball or some other special event. With the rescheduling, Mr. Gordon said WSAI believes that "... our schedule will allow Cincinnati listeners to hear the games and still listen to their regular favorites."

FINNS COMMEND WBMM SERIES

WBMM Chicago has been commended by the Finnish Consul in Chicago for its The Seventh Continent series which discussed "Finland... Nation on a Tightrope." The praise was extended to Virginia Renaud, WBMM education director, and Budd Blume, writer of the commentary, Ernest L. Knutti, Chicago consul, complimented the station on "the excellent treatment of so vast an area of material," and thanked the two persons for "a good job on Finland."

WNYC 'QUIZ TIME' SERIES

COMPETING TEAMS from the 16 different municipal departments of New York City are featured on the new Quiz Time series which began over WNYC there Oct. 8. The teams are tested on civic affairs, with each one challenged on some question concerning the department of the opposing group. The series, moderated by Dr. John Furia of New York's department of personnel, is designed to show how city employees serve the residents of New York.

WGN-TV VERSION OF BINGO

TV PROGRAM version of bingo, called Play Marko, bowed Oct. 10 on WGN-TV Chicago, with Howard Dorsey as emcee. To play the game, home viewers secure two special bingo-type cards at a grocery store, fill out both with their own combination of numbers in the blank spaces and mail one to the station. Mr. Dorsey picks numbered ping-pong balls out of a plastic bowl and his assistant, "Miss Marko" (Adrienne Falcon), posts the numbers on a giant marko card. When a line is filled horizontally, vertically or diagonally, the game is completed and the viewer with the winning card calls WGN-TV.

UHF RECEPTION TIPS

NINE STEPS and a post script to good uhf reception is being sent to set owners, advertisers and agencies by WWLP (TV), ch. 61 in Springfield, Mass. Including information on how to install antennas, the best way to convert receivers and tips on getting the best reception, the two stapled sheets also bill local and network programs and the staff of WWLP. The station claims that, as of Oct. 1, there are 148,000 tv sets which can receive its signal.

OIL PROGRESS PROGRAM

COINCIDENT with the opening of Oil Progress Week Oct. 10, the American Petroleum Institute released for television and theatrical showings a 29-minute color film, "The Story..."
THE FOX of WFOX Milwaukee changes hands, as does the station. Charles J. Lanphier (I), president of Wisconsin Broadcasting System Inc., WFOX licensee, hands over the station's mascot to Joseph A. Clark, president of Business Management Inc., new WFOX owner. The sole was made so that Wisconsin Broadcasting could exercise its ownership option in WTVW (TV), new ch. 12 station there.

of Colonel Drake,” which recreates the beginning of the oil industry in the U. S. in 1859. An API spokesman said “many” tv stations throughout the country had scheduled the motion picture during Oil Progress Week and predicted that within six months 90% of all U. S. tv outlets will have shown it. Prints of the film are obtainable from the nearest district office of API or from the national headquarters at 50 W. 50th St., New York, N. Y.

NEW NBC-TV SERIES
NBC-TV has launched a new series titled Modern Romances, described by the network as “a new departure” in daytime television drama. In contrast with the usual programs of that type which have a continuing plot, Modern Romances each week offers a complete story with a complete change of cast and a different author. The program is broadcast Mondays through Fridays and occupies the 4:45-5 p.m. time slot.

CBS-TELEVISION FILM SALES CONTEST
CBS TELEVISION Film Sales has announced that a Gloria Swanson Glamor Contest will be staged early in 1955, conceived to interest stations and sponsors in its new Crown Theatre film series, starring Miss Swanson. The contest, open to women between 18 and 80, is designed to interest Miss Swanson’s older fans and attract new ones. Contestants will write letters explaining why they enjoy Crown Theatre, enclosing a box top of one of the sponsor’s products. The contest will be staged on a local level by individual stations with winners competing for national awards.

ROY ROGERS IS POPULAR
POPULARITY gained through radio and television, as well as other media, is responsible for the over $34 million grossed in retail sales during 1954 by Roy Rogers Enterprises, Larry Kent, the NBC Radio and NBC-TV cowboy star's business manager, has announced. While entertainment media appearances are the basis for merchandising success, Mr. Kent said the
operation of Roy Rogers Enterprises is conducted separately and the $34 million figure applies only to the firm's merchandising.

'Career Hour' Series

College Radio Corp., New York, is starting a new program series, The Career Hour, on 50 college radio stations throughout the country. Produced by the College firm in conjunction with Career Publications Inc., the program shows the needs of companies which are active in college recruiting. To be heard through the school year, the show will feature music and commercials on job opportunities, including talks by company officials and interviews with recruiters. Sponsors for the five-day-a-week show include American Airlines, Anglo California National Bank, Burroughs Corp., Chance-Vought Aircraft Inc. and North American Aviation Inc.

Westinghouse Free Service

Buyers of Westinghouse radio sets now are offered free service on all new receivers for 90 days after the date of purchase. R. L. Sunde- far, sales manager of the Westinghouse television-radio division, noted that the company has long guaranteed replacement of defective parts for 90 days, but expressed the belief that the new "reliability feature" will be appreciated by consumers. He said the buyers who wish to take advantage of the free policy may return the set to the dealer from which it was purchased, and it will be serviced by Westinghouse radio servicemen.

18,000 Hours and Still Within Specs

"Our first Ampex recorder showed us what a real professional machine can do. After 18,000 hours of heavy use, the frequency response and audio characteristics of our Model 300 head are still within the original published specifications. This kind of performance sold us completely on Ampex—that's why we've added four Ampex 350's."

NOW an Ampex for Every Broadcast Need

With the addition of the new lightweight Model 600 series, Ampex now offers your broadcast station a superior machine to meet every tape requirement...from distant field pickups to major network recordings. For top-ranking performances and rehearsals and programs involving extensive editing, dubbing and "spit" announcements, choose from the Series 350...for recordings "on location" that assure studio fidelity and accuracy, choose from the Series 600. All Ampex recorders have the same basic head design.

The Ultimate in Precise Timing with Highest Fidelity

Ampex timing accuracy is so excellent (+/- 0.2%) that tapes are always on speed—without program crowding or cutoffs. Ampex reproduction is so faithful that it is indistinguishable from a live broadcast—the result of an unsurpassed combination of broad frequency response, wide dynamic range and imperceptible jitter and wow.

Milestones

-> KRKO Everett, Wash., recently completed its 34th year of broadcasting and used a saturation campaign to let its listeners know that the station's 35th year had begun. Spot announcements, station breaks, news stories and news features were aired all through the 18-hour broadcast day. People prominent in local and state affairs recorded statements wishing the station well on its anniversary.

-> Walter McCoy, chief engineer of WJAS Pittsburgh, is celebrating his 29th year with the station.

-> Malcolm McCormack, farm director for WBZ-WBZA Boston-Springfield, Mass., recently received a 25-year pin for his years of...
FIRST CHOICE
with Sponsor and Station . . .

With more and more money invested in film, advertisers are demanding better and better projection—insisting upon maximum quality at the tube—quickest possible reaction to selling messages. As a result, they favor stations using the Eastman 16mm. Projector, Model 250.

Six reasons why the EASTMAN 16MM. TELEVISION PROJECTOR, Model 250, rates A-1 with everyone . . .

1. Variable Transformer permits raising or lowering level of illumination to accommodate material used. Tungsten light source—protected by standby lamp.

2. Increased Signal Strength: Optical system allows use of high red and infrared absorbing filter. Assures clearer pictures, greater signal strength.

3. Still-Frame Projection: With unwanted radiation removed, and separate drive for shutter, single frame of film can be left indefinitely in gate.

4. Refined Sound System with low flutter and distortion gives optimum results for either emulsion position.

5. Projection Optics: An f/1.5 optical system corrected for the 12:1 magnification required by television provides truly high resolution.

... and that's my boss, Don Wayne, news and public affairs director of WHIO-TV. What a busy newsman he is... he keeps me, my friend the 35 mm. Contaflex camera and our new Auricon Sound camera on the go all the time. Our full-time photographic department is always focused on some local story using our film on one of WHIO-TV's five news shows each day. For national film coverage, we have UP Movietone News.

On the film strip is Leonard Ritz, head cameraman and film editor. You also see just a part of our news-gathering equipment used to handle any news assignment.

... now, you can see... I'M A CAMERA... and I work for WHIO-TV... and I'm proud to say that we're THE station in Dayton, Ohio, offering the most complete, comprehensive news coverage.

George P. Hollingbery,
National Representatives
TELESTATUS

Tv Stations on the Air With Market Set Count
And Reports of Grantees’ Target Dates

Editor’s note: This directory is weekly status report of (1) stations that are operating as commercial and educational outlets and (2) grantees. Triangle (►) indicates stations now on air with regular programing. Each is listed in the city where the station is located. Stations, vhf or uhf, report respective set estimates of their coverage areas. Where estimates differ among stations in same city, separate set estimates are from the station. Further queries about them should be directed to that source. Total U. S. sets in use is unduplicated B+T estimate. Stations not preceded by triangle (►) are grantees, not yet operating.

Nov. 11 (9:30-10 p.m.): Ford Theatre, “The Road Ahead,” Ford Motor Co. through J. Walter Thompson.

(Note: This schedule will be corrected to press time of each issue of B-T.)
'Broadcastingtown'

THE TRUE value of Cunningham & Walsh's patient study of the influence of television on its guinea-pig community of New Brunswick, N. J., is only now becoming evident.

In the seven years that the agency has been examining the habits of the citizens of what it termed "Video town" a record of incomparable utility has been compiled. It shows, year by year, how people have adjusted their lives to television ownership.

As reported in this publication last week, the seventh Videotown survey emphasizes the extent of that adjustment. Television has forced a remarkable reallocation of peoples' time.

In earlier periods of television penetration, the set TV not only commanded tremendous attention for itself but distracted attention from other interests. Radio listening, movie-going and reading declined sharply—some almost to the vanishing point—when TV first came to town. Now, however, although people still watch TV as avidly as ever, they are making still more adjustments. They also are listening more to radio, reading more, going to more movies.

The increase in radio listening among television owners in Video-town is particularly gratifying. It reinforces the belief that radio is a basic medium which not only will hold its own but actually gain ground against television competition.

In the light of growing radio attention in New Brunswick, Cunningham & Walsh might consider changing its name for the laboratory community. Since radio and TV are now definitely there to stay, Videotown could better be called Broadcastingtown.

Lamb Stew

SINCE Sept. 15 the FCC Broadcast Bureau has been prosecuting Edward Lamb, with occasional pauses to let opposing counsel rest their abused throats and an army of investigators search for new means of showing that everybody involved in the case is psychoneurotic, subversive or immoral.

It has been as squalid a spectacle as the most unrestrained tabloid editor could wish for.

If solid evidence has been produced to support the charge that Mr. Lamb has lied in saying he never had Communist ties, it is buried in an unwieldy mass of scandalous speeches by attorneys. To be sure, much of the speechmaking has been done by Mr. Lamb's counsel, but the Broadcast Bureau, the hearing examiner and the defendants of Mr. Lamb share the responsibility for turning a regulatory hearing into the kind of case that would have been more in order in a Chicago police court of the Capone period.

It is impossible, of course, to know before the completion of the case whether the FCC had reasonable evidence to support its decision to set Mr. Lamb's WICU (TV) Erie, Pa., for license renewal hearing. Indeed it is beyond our province to predict the outcome of a case that is now in the early stages of what may become an exceedingly intricate journey through the courts.

Whatever the outcome, however, it can be said at this point that the conduct of the case—on both sides—has utterly prevented intelligent presentation of evidence.

If the FCC still considers it has a case against Edward Lamb, it might be well advised to end the present performance and start all over again, with people in charge who have the ability to discipline themselves, the witnesses, and Mr. Lamb and his attorneys.

Make It a Landslide

ACTION of the TV broadcasters of Michigan in banning dramatized beer and wine commercials is a timely example of self-regulation. It already has become a groundswell and could spread throughout the medium.

The pledge is to stop the showing of actual consumption of beer and wine. It is not a case of knocking under to the blue-noses. Rather it is a matter of prudent management.

The beer situation should be handled at the local level. Alcoholic beverage business on the networks is not as big a factor as most people imagine. For the first six months of 1954 it amounted to less than 2% of total revenue.

Stations will not be placed at a competitive disadvantage if they agree, uniformly, to accept no dramatized commercials. We hope the Michigan groundswell becomes a landslide.

Diversification Crazy-Quilt

A CRAZY-QUILT rather than a pattern is emerging from recent decisions of the FCC in contested television cases. No clear line can be drawn to indicate which way the FCC will go in any given contest. The notion is that the Commission is operating by the seat of its pants, with the tailoring to fit the whim of the moment.

Even though there appear to be no established criteria, newspaper applicants contend the FCC is discriminating against them. And many a veteran station owner will attest that the newcomer is getting the break; that the FCC is operating on a "one-to-a-customer" thesis, or put another way, "those that have, won't get."

There is justification for each contention in these recent decisions. But members of the FCC have insisted there is no anti-newspaper policy and that certainly old-line stations are not being given the coup de grace. The Commissioners should read some of their own decisions.

All these disjointed acts are being committed through the devise of the so-called "diversification of mass media" concept. It has become the key determining clause, along with public interest, convenience and necessity. It is kneaded and worked around to fit any conceivable situation. And, more times than not, it is the basis for denying an existing station owner (particularly one with a newspaper interest) and of granting the opponent, usually a newcomer, with little or no background or experience in serving the public.

This demonstrably was not and is not the intent of Congress. Recently we pointed out here that Congress eight years ago wanted to write a specific anti-discrimination provision into the law. Then two years ago it again proposed such an amendment (in writing) but tabled it after the FCC once again assured it that there has been no discrimination and would be none.

Evidently the FCC has not learned that lesson. So, for the edification of the FCC, its hearing examiners and the newcomers to the Commission, we again publish the text of the so-called "Anti-Discrimination Amendment" proposed in the last Congress:

The Commission shall not make or promulgate any rule or regulation of substance or procedure, the purpose or result of which is to effect a discrimination between persons based upon interest in, association with, or ownership of any medium primarily engaged in the gathering and dissemination of information and that no application for a construction permit or station license, or for the renewal, modification, or transfer of such a permit or license shall be denied by the Commission solely because of any such interest, association, or ownership.

Unless the FCC brings some semblance of consistency into its decisions, we predict the Congress won't be so easily dissuaded from acting upon the anti-discrimination amendment.

Page 132 • October 18, 1954
Monday thru Friday 1:00 p.m.

No question about it... the Quiz Club can increase your sales because this exciting and popular television show is in a perfect time slot featuring two great personalities... Brent Gunts and Jay Grayson. Both have long and excellent records in TV experience. They greet studio guests with samples of advertised products. Actually the Quiz Club offers a night-time audience at day-time rates.
The BIG TOP is UP in Kansas City!

KMBC-TV TALL TOWER WILL SOON BE IN OPERATION
EQUIPPED FOR RCA COLOR TRANSMISSION

1,079-foot tower — 316,000-watts power

KMBC-TV will out-tower, out-power, and out-perform every television facility in the Kansas City market. With a 1,025-foot tower—1,079 feet above average terrain and 1,946 feet above sea level—and with 316,000 watts maximum power, Channel 9 is the undisputed BIG TOP TV Station in the Heart of America. The predicted 0.1 mv/m coverage map below, prepared by consulting engineer A. Earl Cullum, Jr., shows how KMBC-TV dominates the Kansas City market—a market offering close to one-half million TV homes!

BIG gest power
TOP most tower

With its tall tower and full power, KMBC-TV brings an entirely new value to television advertising in the Heart of America. No other Kansas City station gives you the unbeatable advantage of mass coverage plus the audience-holding programming of CBS-TV... the nation's leading network... combined with KMBC-TV's own great local shows.

Get on the CHANNEL 9 Bandwagon NOW!
Contact KMBC-TV or your Free & Peters Colonel for choice availability.

ONE OF AMERICA'S GREATEST BROADCASTING INSTITUTIONS—Here Channel 9 (and Radio Stations KMBC-KFRM) originate some of the most ambitious local programming seen and heard in the Heart of America. TV facilities include 15-set TV studios, a 2600-seat theater, both RCA and Dumont studio camera chains, RCA film cameras, telops, telejectors, film projectors, rear-vision slide projector, spacious client viewing room and two complete sets of remote equipment. Color telecasts can be handled from the new RCA 316,000-watt transmitter.
