News WHILE
It's Happening!

BECAUSE its news staff and facilities are identical to those of award-winning WHO Radio, WHO-TV can claim news coverage that's matched by a few television stations, anytime.

Our News Bureau is headed up by Jack Shelton, one of the industry's top newsmen and winner of many radio-television citations. His staff includes 11 full-time news specialists—each with a degree in journalism and many years' experience—and all trained to take on-the-spot pictures, stills and movies. In addition, WHO-TV calls on 85 "local" correspondents for supplementary coverage throughout Iowa.

WHO-TV news facilities include two AP, two UP and two INS wires—plus direct, 24-hour teletype circuit from Des Moines Weather Bureau.

Unexcelled news coverage is only one of many reasons why WHO-TV is one of Iowa's top advertising values. Let Peters, Griffin, Woodward, Inc. tell you about the others.
You are looking at the fastest growing Industrial Market in the World
... the GREATER WHEELING MARKET

Ohio Bell Telephone is in the midst of a $500,000 expansion! The Manufacturers Light & Heat Company is spending $750,000 for new gas facilities! The Pennsylvania Railroad is extending track to service the new Olin-Mathieson Aluminum Plant at a cost of FOUR MILLION DOLLARS! These, and many more expansions are taking place RIGHT NOW in the Greater Wheeling Market, America’s fastest growing market. In fact, even conservative estimates set a figure of 450 MILLION DOLLARS in proposed expenditures in the Upper Ohio Valley in the next three years!

In this rich industrial area with an annual spendable income of TWO BILLION DOLLARS, comprising 312,400 TV Homes, WTRF-TV has, by every accepted method of audience measurement, been proved the most popular TV station by a wide margin. Current Pulse figures show TWELVE of the top 15 “once-a-week” shows and SEVEN of the top 10 “multi-weekly” shows are on WTRF-TV!

Another Award for WTRF-TV

WTRF-TV has won a 1956 “PowerStyle” Chrysler, first prize in the nationwide “It’s a Great Life” promotion competition. This is the SIXTH first place award in national station promotion contests won by WTRF-TV in less than 24 months.

For availabilities and complete coverage information—call Hollingsby, Bob Ferguson, VP and GM, or Needham Smith, SM Wheeling 1177.

Reaching a market that’s reaching new importance!
1/4 OF TEXAS
The buying power of the market area represents over 25% of the buying power of the entire state. KGUL-TV's area includes Galveston, Houston and the rich Texas Gulf Coast.

TOPS IN TEXAS
KGUL-TV

NEW SUPER TOWER
KGUL-TV's new super tower is bringing a stronger signal and improved picture to thousands of additional gulf coast families. And KGUL-TV is the only station delivering primary city service to both Galveston and Houston.

IN FIRST PLACE AGAIN
KGUL-TV is top preference in prime time*
- most popular night time program
- largest average audience
- highest in quarter hour firsts . . .
  more than other stations combined

Telepulse Report - Dallas Metropolitan Area April, 1956

Channel 4 Dallas

MAXIMUM POWER

Owners and operators of KRLD — 50,000 Watts, The Dallas Times Herald Station, Herald Square, Dallas 2, Texas.

JOHN W. RUNYON, Chairman of the Board — CLYDE W. REMBERT, President

REPRESENTED BY THE BRANHAM COMPANY
MAIL CALL • Opening new phase of its scrutiny of network activities, Antitrust Division of Dept. of Justice last week asked for complete correspondence on events leading up to cancellation of Westinghouse radio affiliations with NBC, to become fully effective Aug. 26. Presumably, both Westinghouse Broadcasting Co. and NBC radio were requested to file complete data for department's scrutiny. Department previously had informed committees of Congress that it was studying network operations in all phases to determine whether or not antitrust statutes are being infringed. Federal grand jury in Philadelpia has been studying NBC-Westinghouse exchange of Philadelphia and Cleveland stations.

PRIVATE correspondence and memo-randa of CBS and NBC-RCA relating to dealings with FCC members and staff may be released this week by House Small Business Committee. Information was taken from network files which were subpoenaed last March when committee held hearings on uhf problems and on alleged network influence over FCC. As of last Friday, it looked as if committee would release information this week as a precaution — unless persuaded that since material was not introduced during hearings it was not properly part of hearing record.

CODE PROBLEMS • Mixup has de-veloped in cvr code situation now that second code seal looms—that of Alliance of Tele-vision Film Producers (story page 72). It's understood ATPF wanted exclusive right for its members to display new affiliate seal adopted in June by NARTB for film industry, but NARTB feels its seal must be open to all film producers and dis-tributors. It's possible two groups will work out differences in late September when NARTB code group meets in San Francisco at time of regional meeting.

AND speaking of NARTB cvr code, there's belief at association that new get-tough enforcement policy may drive out as many as one-fourth of subscribers. Only half-dozen stations, of 17 given code warnings, have thus far indicated they are correcting practices. Code board describes two recent resigna-tions to its enforcement drive and expects others. No large stations are included in resignations. Present code membership totals 287 tv stations and all three net-works.

YES, WE HAVE BANANAS • To help move Central American banana surplus, United Fruit Co., New York, after five years of relative inactivity in broadcast ad-verising, is expected shortly to announce 1956-57 radio-tv campaign "running well over six figures." Through BBDO, New York, United Fruit will advertise on top 39 markets with 25 radio announcements a week starting about Sept. 2 and running till Nov. 11, then kick off tv spot drive in top eight markets. Tv drive is expected to run through 1957. BBDO will revive Chiquita Banana, revamp and redress sym-bol and lyrics, to tend housewives of many "new and varied" banana uses.

QUEST is on by newly formed Assn. of Maximum Service Telecasters for manag-ing director to head planned Washington headquarters. Reportedly under considera-tion, among others is William P. Massing, former assistant secretary of FCC, which retired two months ago. Mr. Massing, now represents McConnell-McKinney properties in Indiana (WISH-AM-TV Indianapolis; WANE-AM-TV Fort Wayne) expected to be sold this week to J. H. Whitney Co. (KOTV Tulsa, KGUL Gal-veston-Houston) for $10 million. (CLOSED CIRCUITS, July 23, 30).

PROBING IN PERSON • FCC's network study staff has decided that personal con-tacts as well as questionnaires can help in making experts of staff members. Item: H. H. Goldia, economics chief, Broadcast Bureau, on loan to investigators, has been spending time with network station rela-tions people in New York. Also, number of stick questions in proposed question-naire to networks impelled Roscoe Barrow, director of study, to spend few days in New York to smooth and soothe. Nets contend some queries would entail exorbitant time and manpower.

DESPITE reports to contrary, Ampex Corp. has not planned to show off its video tape recorder, or make it available for network-station use, during either political convention. Ampex spokesmen point out network deliveries of models was not promised before late August at earliest. Ampex is conducting cooperative project with Minnesota Mining & Mfg. Co., to provide free audio recording and tape serv-ice for stations at conventions.

BREAK IN THE JAM • Come Aug. 29 when FCC resumes regular official meet-ings, suspended transfers involving CBS's purchase of ch. 18 WGTW-TV Hartford, Conn., and NBC's of ch. 30 WKNB-AM-TV New Britain Conn., may come unstuck. Reason? Major objector has been WNNH-AM-TV New Haven, since sold to Walter Annenberg's Triangle Publica-tions Inc. With withdrawal of WICC-TV Bridgeport, Conn., protest to WNNH transfer, station sale will be consummated this week or next—at which time objec-tions to networks' purchases will be dropped. Since CBS buy was granted, withdrawal of protest will not dramati-cally reinstitute grant. NBC faces hearing on overlap and concentration, set by FCC, but with objections being withdrawn, net-work may ask for reconsideration and get clear grant.

CUBA's CMQ-TV (ch. 6) Havana plans operation with full power of 100 kw from new antenna 855 feet above sea level by Sept. 1. Station is now using 18.8 kw visual, 9.7 kw aural. Fletcher reportedly would have serious effect on operation of ch. 6 at location 15 miles south of Miami as proposed in FCC's rule-making order of June 25. Havana station is key of Goar Mestre's CMQ-TV network covering islands.

FAMILY PLAN • Ford Motor Co., for its fall institutional campaign—"Ford family of fine cars"—is planning to use radio spot campaign in top 75 U. S. cities, one or two stations in each city, effective Sept. 4. Contracts for four weeks are being placed through Kenyon & Eckhardt, N. Y.

SPECIAL radio-tv market research effort that has been in preparation for some time is ready for unveiling by Peters, Griffin, Woodward, which represents more than 30 radio and tv stations. Advance look is set for New York news conference Wednesday. Firm's spokesmen say project is biggest of its kind yet undertaken by station representative, is based on "ex- tensive" market research material and takes in all facets of marketing theme. Purpose: to stimulate radio and tv spot billing.

CHICAGO CALLING • With Chairman Warren G. Magnuson (D-Wash.) and other Democratic members of Senate Inter-state Commerce Committee in Chicago this week for Democratic National Con-vention, call was sent out late last week to Nicholas Zapple, communications specialist of committee, to interrupt his Cape Cod vacation and report to Conrad Hilton Hotel headquarters. No word was forth-coming as to reason but it was thought visit might be in connection with national Democratic Committee policy on radio and tv.

PRELIMINARY plans are being made for observance of Gen. David Sarnoff's 50th anniversary in electronics Sept. 30. Occasion will be observed by RCA, with big banquet at New York's Waldorf-Astoria. Gen. Sarnoff, now 65, began his career in electronics on Sept. 30, 1906, with Marconi Wireless Telegraph Co. of America.
Which Kansas City radio station is getting the lion’s share of national business?

The same station which is getting the lion’s share of listeners!—WHB

The buying action of these and other national advertisers, and their advertising agencies, is the most graphic kind of confirmation of the power and the dominance indicated by WHB’s audience-share superiority. Talk to WHB General Manager, George W. Armstrong, or the man from Blair.

*Transfer Subject to FCC Approval
NEARLY HALF of nation's full-power tv stations eligible to join newly formed Assn. of Maximum Service Telecasters became charter members at enthusiastic organization meeting in Chicago Friday. By acclaimation, 61 registered delegates, representing 97 stations, elected new 15-man board of directors, which afterward selected slate of officers headed by Jack Harris, KPBC-TV Houston, temporary chairman, as its first president.

About 200 stations using maximum power, of which four are uhf, are eligible for AMST membership. Organization's objective is preservation of broadcast equipment capable of degradation of engineering standards, and full study and use of uhf in addition to vhf to give greatest impetus to nationwide competitive telecasting. Three of four maximum power uhf's are enrolled.

Meeting was told that new estimated $100,000 nationwide engineering survey is already underway and will encompass 35 markets under criteria being evolved in cooperation with FCC engineering department.

Permanent organization is planned in Washington to be headed by managing director to be selected. In addition to A. D. Ring & Assoc. consulting engineers, Washington law firm will be retained, probably in next fortnight. AMST plans to file with FCC, prior to Oct. 1 deadline, statement of its position in response to June 25 rulemaking on various matters.

In addition to Mr. Harris, other officers elected by board are Charles H. Crutchfield, WBTV (TV) Charlotte, N. C., first vice president; Ken Carter, WAAM-TV Baltimore, second vice president; Harold Gross, WJFI-TV Lansing, Mich., secretary-treasurer. Executive committee comprises Messrs. Harris; Gross, Crutchfield; P. A. (Buddy) Sugg, WKY-TV Oklahoma City; John H. DeWitt, WSM-TV Nashville; John S. Hayes, WTOP-TV Washington, and Harold V. Hough, WBAV-TV Fort Worth. Also elected directors were Joe Bernard, WGR-TV Buffalo; Harris B. Darby, WBAA-TV Wilkes-Barre, Pa.; Don Davis, KMBC-TV Kansas City; Payson Hall, WOW-TV Omaha; Howard Lane, KOIN-TV Portland, Ore.; Harold C. Stuart, KVCO-TV Tulsa and Robert D. Swezey, WDSU-TV New Orleans.

Incorporation papers and by-laws were adopted, latter with several amendments, to govern new organization, which assumes full trade association status in its field.

Formal organization came 60 days after machinery was set in motion at New Orleans exploratory meeting.

In kicking off session, Mr. Harris emphasized group is not anti-uhf, and promised if that engineering studies should indicate that substantial or complete conversion to uhf would best serve public, AMST would "undoubtedly approve that move in a manner best designed to preserve the interest of the set owning public."

Mr. Harris deplored failure of pioneer tv stations to sell themselves to public and Congress. He predicted 150 to 200 eligible stations would be enrolled when boards of directors and operating stations are eligible but have not applied.

Mr. Harris read letter from Chairman Mag-
Because Pulse lists average rating for each Mon.-Fri. daytime quarter hour, it reports less total quarter hours than ARB.

The New WOW-TV—CBS-TV ticket wins by a landslide!
The May Pulse and June ARB agree!
The votes are counted, and WOW-TV is No. 1!
Phipps Buys WJNO-TV; WFPG, KQUE Change Hands

TRANSFERS of one tv station, WJNO-TV West Palm Beach, Fla., and two radio stations announced Friday, subject to FCC approval.

WJNO-TV (Circus Court, July 30) completed Friday at $880,000 price, with John H. Phipps, owner of three radio stations and one tv outlet, as purchaser. Sellers are WJNO Inc. (50%), retaining its an outlet in West Palm Beach; Theodore Granik, chairman of board (22.42%), and William H. Cook, executive vice president (22.42%). Messrs. Granik and Cook had formed competing West Palm Beach applicant prior to merger with WJNO Inc. in tv operation.

Mr. Phipps, real estate holder and cattlemen, announced there will be no personnel changes, with Theodore A. Eiland continuing as general manager. Mr. Phipps' other broadcast properties include WCTV (TV) Thomasville, Ga.; WTYS Marianna, Fla.; WTLAL-AM-FM Tallahassee, Fla., and WKTQ Thomasville. WJNO-TV operates on ch. 4 with 100 kw video power. Top hourly rate is $275. It is NBC-TV primary and CBS-TV supplementary.

Jerry Sill, formerly of WML Milwaukee, purchased WFPG Atlantic City, N. J., for $150,000. Station owned by Friendly Group (John J. Laux), which retains ch. 46 WFPG-TV, now silent. WFPG operates on 1450 kc with 250 w. Blackburn-Hamilton Co. was broker.

KQUE Albuquerque, N. M., was purchased by H. W. Cassill and associates for $135,000. Mr. Cassill is general manager of KTRI Sioux City, Iowa. Sellers were William Wayne Phelps and DeWitt Landis. Station operates on 1240 kc with 250 w. Blackburn-Hamilton was broker.

NBC, Warner Bros. Films Talk About Newsreel Buy

NBC AUTHORITIES acknowledged Friday that both NBC and its subsidiary, California National Productions, have held "discussions" with Warner Bros. regarding possible acquisition of Warner's Pathé newsreel, which is being discontinued. They said conversations were still "preliminary," however, and had not reached point of talking prices.

Objective said to be company's approximately 25 million feet of newsmfilm dating back to 1898. NBC Television Films, part of CNP, already has library of about 30 million feet including backlog acquired from March of Time short while ago.

Pathé, which bought Pathe in 1947 for about $3 million, has operated it through subsidiary, Warner News Inc., which is being discontinued as of Aug. 23. There has been speculation of possible sale to a network, and Warner spokesmen fortnight ago said efforts also are being made to find buyer who might continue newsreel service as exclusive tv operation [B&T, July 30].

WTVW (TV) Target Aug. 21

SCHEDULED to begin operating commercially Aug. 23 in ch. 7 WTVW (TV) Evansville, Ind. Station requested special temporary authority from FCC Friday.

N. Y. Boxing Unit Denies Bid for Monday TV Bouts

SIXTEEN-YEAR-OLD FCC case was cited Friday as part-basis for New York State Supreme Court action in refusing to grant Elmer Lence license to stage Monday night bouts from Brooklyn's Eastern Parkway Arena.

Athletic commission cited Supreme Court decision in 1940—FCC v. Sanders—which held that while Communications Act doesn't protect existing licensee against competition, possibility remains that "by a division of the field, both stations will be compelled to render inadequate service." Mr. Lence, dress manufacturer and also president of Continental Sports Events Inc., had wanted to telecast —via Sports Network Inc.—fights at same time that Dumont Broadcasting Corp. is feeding St. Nicholas Arena to lineup of 37 stations (17 live, 20 delayed).

Athletic commissioners Julius Helfand, James A. Farley Jr. and Frank Souhan said they "recognized that boxing could not survive without tv revenues. But, they said, with three major networks in operation at that time, two special events networks (Dumont's and one proposed by Mr. Lence) would not garner sufficient number of stations to enable both to operate in "public interest." When Mr. Lence rejected their suggestion that he carry his proposed bouts on "any other night of the week," they denied his application.

WCRT Joins ABC Radio

AFFILIATION of WCDT Winchester, Tenn., with ABC Radio is being announced today (Mon.) by WCDT's General Manager Ernest F. Richards Jr. and ABC Radio's station relations director, Edward J. Degray. WCDT, owned by Franklin County Broadcasting Co., operates with 250 w PA 1140 kc. It has been Mutual affiliate. Future MBS status of station could not be immediately determined.

Two File Tv Applications

Two tv applications filed Friday. WEEK-AM-TV Peoria, Ill., asked for ch. 35 in LaSalle, Ill., 50 miles northeast of Peoria, to be operated as satellite of Peoria outlet. Application calls for 18.8 kw, 431 ft. antenna height above average terrain and $73,750 for construction. Southwestern Publishing Co. (Donald W. Reynolds) filed for ch. 10 in Elko, Nev. (pop. 5,393), seeking 12.9 kw with antenna 74 ft. above ground and $65,800 for construction. Mr. Reynolds already owns KFSA-AM-FM-TV Fort Smith, Ark.; KOLO-AM-TV Reno, Nev.; KORK Las Vegas, KLRI-TV Henderson, Nev.; KHBG Okmulgee, Okla.; KBRS Springdale, Ark. He is publisher of newspapers in Southwest.

Paramount Reports Earnings

CONSOLIDATED net earning of Paramount Pictures Corp. for first six months of year was estimated Friday at $5,001,000 after taxes, or equal to $2.40 per share based on 2,068,000 shares outstanding. Included is $1.23 per share representing profit on sale of film shorts and cartoons Associated Press required library of 234 "Pepoe" cartoons from Paramount for estimated $1.5 million, while National Telefilm Assoc. has short subject library which cost about $2,771,000. In same period last year, earnings were $5,165 u-hf for $2.36 each on 2,189,000 shares then outstanding.

People

LEE PHILLIPS named national sales manager for WITV (TV) Miami, Fla.

THOMAS MAHLMAN, formerly with Benton & Bowles, N. Y., to J. M. Mathes, N. Y., as account executive.

JOHN KIERAN, publicity director, WABD (TV) New York, resigned Friday. His future connection has not been announced.

TORVEN GRUNTH, assistant account executive on Remington-Rand's sales at Robert Otto & Co., R-R's international agency, to account executive. STUART FRITCHE, vice president, continues as account supervisor.

ROSELOU FLANAGAN, assistant secretary, Norman, Craig & Kummel, N. Y., and with agency since 1943, appointed general manager. She will supervise accounting, insurance, real estate and purchasing operations for agency and have administrative supervision of Toledo and Los Angeles offices.

SCOTT HILT, 49, patent administrator, Allen B. DuMont Labs, died Thursday in New York City of heart attack. Mr. Hilt joined DuMont in 1944 after having served as chief engineer for several southern radio stations. Surviving are his wife, son, mother and twin brother.

HELLA TEIG and JOYCE PETERS, estimators, Emil Mogul Co., promoted to timebuyers. Miss Teig has been with radio-tv department since 1954; Miss Peters joined firm in 1955.

HERBERT C. CAHAN, program manager, WAAM-TV Baltimore, to WBZ-TV Boston in similar capacity.

ART CURTIS, of Chicago office of George P. Hollingbery Co., station representatives, is signing to join Peters, Griffin, Woodward representatives firm in Chicago, effective Sept. 1. John B. Sias, of PGG's Chicago office, is transferring to New York.

WARNEN NELSON, of Chicago office of George P. Hollingbery Co., named television sales manager for Chicago, succeeding Art Curtis (see item above).

Poller Makes Pay-Tv Plea

ANY STUDY of uhf should include subscription tv. Lou Poller, ch. 25 WCAN-TV Milwaukee owner, told FCC Friday in filing comments on allocation requests regarding uhf-vhf situation (deadline is Oct. 1). Mr. Poller urged that issues in June 25 allocations report include pay tv. Milwaukee tv owner (WCAN-TV is not now on air) has proposed to sell WCAN-TV to Television Exhibitors of America Inc. (in which he is principal) which proposes to use station 25% for pay tv. Same transfer involving ch. 44 WOPF (TV) Chicago also on file at FCC.

UPCOMING

Aug. 16-17: RAB Western Managers' Conference, Palo Alto, Calif.

Aug. 17: ABC Western Division Broadcasters' Late Summer Meeting, Greenbrier Hotel, White Sulphur Springs, W. Va.
the week in brief

THE GOLDEN TOUCH OF FRANKIE CARLE

THE FANS of Mr. Carle's distinctive piano playing must have welcomed NBC-TV's giving him a show. They could hardly have been satisfied with the bits and pieces served up on the opener last Tuesday.

It's obvious that television producers are still convinced that no musical talent, particularly instrumental talent, is good enough to carry itself without visual gimmicks. Mr. Carle was all but crowded off the screen by the ones they dreamed up for him.

He appears in a set dominated by piano keyboards painted on the floor. He has a guest star—last week it was vocally fantastic Joan Gilbert—who gets far more exposure than he does. He also has an offstage voice to talk to—the same technique NBC-TV has used on its George Gobel and Perry Como shows.

But when it gets down to the main attraction, Mr. Carle is permitted to play only snatches of the songs that made him famous. It was more like a "coming attractions" than the show itself. Perhaps that was deliberate, this being the first show, but we can hope they'll turn him loose next week. If you tune in at all, it's because you like the way that man plays piano; it's not to see how well they can doll up the set or how clever they can make the dialogue.

Production cost: Approximately $5,000.
Broadcast sustaining on NBC-TV, Tues., 7:30-7:45 p.m. EDT.
Musicians: Perry Bodkin on guitar, Max Albright on drums, Sam Shifitz on bass.

SEEN & HEARD

A short course in American political history was begun on CBS-TV Aug. 5, when Bandwagon '56 traced the growth of the two major parties from the days of the first President, who feared that a two-party system would divide the nation, through the 1850's and 60's, when it finally did. Old pictures and especially the early violently partisan political cartoons provided excellent teaching aids for instate. No one who should find a full class at eager attention for the second meeting which will trace the course of politics from 1884 to the present. But at least one avid student would be just as well pleased if the ballad interludes of Dylan Todd were omitted from the next installment. Communications have improved since the strolling minstrel was a major source of news.

After NBC-TV's Aug. 6 Matinee Theatre production of Edgar Allen Poe's "Fall of the House of Usher," m.c. John Conlee, stationed before an eerily lighted tomb, was going to show viewers how to spray cobwebs from a vacuum can. But some angry spirit saw that he picked up an empty can, and the bit didn't come off. The visual version of the Poe chiller didn't quite make it either, though competently played. The horror that lives in the mind was reduced to something when space dimensions were added. It was a brave try, however, and an experiment that should have been made, an entirely worthy attempt on the eve of Matinee's 200th telecast.

Last Monday night's Robert Montgomery Presents and Studio One both were sickly, and seemingly plagued with the same disease. The symptoms: cliche-ridden, amateurish structure without an ending.

Presents was about a long-unmarried small town girl who gets a chance at romance with a traveling salesman, only to have him killed in an auto accident when her mother refuses to let them marry at once. Solution: the girl goes away to Europe and her henpecked father goes off to a poker game.

Studio One was another in the "Executive Suite" vein. The promising junior executive quits because the tyrannical boss has no ethics. He takes with him some of the accounts and the boss' daughter. The boss hires a gangster to beat him up. Solution: The boss doesn't know how to have him beaten up. Curtain.

Martha Rountree, the Dixie belle conductor of NBC-TV's Press Conference, gave every impression last week of having tried out one of her sponsor's products while on the air—no mean accomplishment considering that the sponsor is Corn Products Refining Co. Following the closing commercial, the camera swung back to Miss Rountree, caught her practically asleep on the switch for three agonizing seconds until she realized she was back on the air. For the next few minutes, Miss Rountree, bustered and derailed, tried to ad lib her way back on the track despite the apparent handicap of having her mouth clogged up with Argo corn starch.

BOOKS

15 THERE such a thing as a "new" joke? Steve Allen, NBC-TV humorist, pianist, author, composer, magazine columnist and Lord knows what else, doesn't think this matters at all, for though he made so many of them, God did not endow the great American unwashed with a capacity to remember "old" jokes. In The Funny Men, an introspective study of broadcast comedy, its practitioners and techniques [see PLAYBACK, June 11], Mr. Allen explains in some detail what makes Sammy (Levenson) and his colleagues run, fall short, stop or break records of note. Sixteen of the nation's top comedy stars come under discussion, and when all is said and done, the hero of the book turns out to be Jack Benny, as it were, or the late Fred Allen (sometimes called Steve's grandfather), but that poor, misplaced individual of the airwaves, the writer of Mr. Benny's material.

PREPARED by UNESCO, in cooperation with the Copyright Office of the United States and the Industrial Property Dept. of the Board of Trade of the United Kingdom, and published by UNESCO and the U. S. Copyright Office, this massive folder contains the copyright laws of 85 countries (in English originals or translations) plus the texts of copyright treaties, with tables showing which treaties or which parts are currently in effect between the various countries. Annual supplements are planned to keep the work up to date. This comprehensive compilation should prove an invaluable refer-

IN REVIEW

EFFECTIVE ADVERTISING COPY, by Mari
d DeVoe. The MacMillan Co., 60 Fifth
Ave., New York 11, N. Y. 717 pp. $8.75.

This textbook is unusual in that it contains no
separate chapters on copy for radio or tele-
vision distinct from that for printed media.
The author's view, stated on page 677, is:
"Whether you are writing advertising copy for
radio, newspapers, magazines or any of
the other mediums, strive to make the copy as
verbally effective as you can. But remember
that the success of your efforts depends mainly
upon starting with a sales or product idea that
is appealing and interesting to the audience or
market you are trying to reach." Former
associate professor of advertising at the U. of
Southern California and teacher of advertising
and marketing at other universities, Mr. Devoe
is now a consultant.

TEACHING BY CLOSED-CIRCUIT TELE-
VISION. American Council on Education,
1785 Massachusetts Ave., Washington 6,

LAST Feb. 26-28, a group of 93 persons from
55 institutions and 16 organizations gathered
at Iowa Continuation Center in Iowa City to
attend a conference on the use of closed-circuit
tv as an educational tool. The conference was
sponsored jointly by the ACE's committee on
television and the State U. of Iowa. This book
is a condensed version of the reports and dis-
cussions at that three-day meeting. It should
be of interest to any teacher or school admin-
istrator who would like to know something of
the potentialities of the new instructional
device.

PRINCIPLES OF COLOR TELEVISION, by
the Hazeltine Laboratories. Staff: edited by
Knox McLwain and Charles E. Dean. John
Wiley & Sons, 440 Fourth Ave., New York

IN RECENT years the Hazeltine Corp. has
sponsored a series of reports on the problems
and processes of color television. These re-
ports have been expanded and updated and or-
organized into a unified presentation by the book's
editors: Knox McLwain, former chief con-
trolling engineer of Hazeltine, and Charles E.
Dean, chief engineer and editor. Written for
engineers by engineers, the book is designed, as
Arthur V. Loughren, formerly vice president
in charge of research at Hazeltine, states in his
foreword, "to present the principles, and to
some extent the apparatus, of this new branch
of engineering."

TRANSISTORS IN RADIO AND TELEVI-
Co., 330 W. 42nd St., New York 36, N. Y.
324 pp. $6.50

This book is intended as an up-to-date guide
for technicians on how transistors and transis-
tor circuits work and how to service them. Ex-
tensive illustrations, including perspective dia-
grams, provide an insight into the workings of
transistors.

Mr. Kiver explains modern electronic theory
in simple terms, and describes how point-con-
tact, junctions and other transistors operate.
He discusses transistor use in commercial radio
receivers and television sets and illustrates
actual working circuits with component values.
There also is useful information on servicing
transistor circuits and transistor devices effi-
ciently and on the precautions to observe dur-
ing servicing.
Ivy covers the walls of some 30 colleges and universities in the Prosperous Piedmont Section of North Carolina and Virginia... home of WFMY-TV. Major institutions of higher learning such as the University of North Carolina, Duke University, Wake Forest College, and Woman's College of the University of North Carolina, make the Piedmont one of the educational centers of the world.

Education, industry and agriculture team up to make this 50-county area one of the top TV markets in the nation... $2.5 billion worth. And WFMY-TV — with full 100,000 watts power on Channel 2 — has been the dominant selling medium here since 1949. With unduplicated CBS coverage, WFMY-TV gives you sales power unequalled by any station or group of stations in the area.

To "educate" your sales and profits in the Prosperous Piedmont, call your H-R-P man today.

WFMY-TV, Greensboro, N.C.
KSLR BUYS KBIG

Most radio station salesmen carry success stories from contented advertisers, but KBIG Catalina believes it has the first glowing testimonial from a brand new category of business: another radio station!

KSLR began operations this summer in Oceanside, California, and bought a schedule of 36 spots on KBIG to announce its debut. "By the time we came on the air, it seemed that everyone in northern San Diego County knew all about us," writes KSLR Manager W. J. Taylor. "We're happy to say that we are now sold out, with no time available. We're so grateful for the initial push KBIG has given us."

Local Advertisers do a fine job on KSLR and similar stations. San Diego area advertisers (San Diego Convention and Tourist Bureau, Rohr Aircraft, Jai Alai Games, Kelly's of Oceanside, men's furnishings, Caliente and Del Mar races) who want their message to reach all eight Southern California counties, continue to use KBIG. . . . Only independent powerful enough and popular enough to register in surveys at all three major Southern California metropolitan areas—Los Angeles—San Diego—San Bernardino, at lowest cost-per-thousand.

WJAR-TV Was There

EDITOR:

Because coverage of Doria-Stockholm collision utilized maximum efforts of WJAR-TV staff, results of our story were late in meeting deadlines.

Chartered plane with cameramen Cooper and Clarke aboard was over collision area at 4:30 a.m. Film shooting started at dawn and first films were on the air locally at 8:20 a.m. and 8:55 a.m. The same films were fed to NBC at 9:30 a.m.

The second plane flown from Quonset with myself and WJAR-TV cameraman Wildenhain was over the area at 9:30 a.m. We covered actual sinking at 10:09 a.m. Third plane with news director Walden and Clarke was over area at 10:15 a.m. First films of the sinking were fed to NBC at about 5:15 p.m. This was followed by special 15-minute program of our entire coverage at 7:30 p.m., sponsored by Narragansett Brewing Co. The following day we had a special program at 6:30 p.m. with six survivors . . .

Dody Sinclair, Special Asst. to the Vice President
WJAR-TV, Providence, R. I.

Granted

Serious Indictment

EDITOR:

It is with sincere regret that we learned of WKNY-TV's decision to cease operations, effective July 25 [B&T, July 30]. The groups of business men and women, throughout the country, who have entered this field of uhf television can be considered pioneers in the betterment of tv service to the public. That their efforts should be thwarted, at considerable time and monetary losses in most cases, is a serious indictment of federal control of commercial communications. When a government agency, such as the FCC, can first encourage investment in a [uhf] field of that government agency's own making and then, through absolute lack of any supporting action, virtually destroy the same "Frankenstein," it is a blot on our system of free enterprise.

In the case of WKNY-TV, this government malpractice strikes close to the pocketbook of area residents. Local stockholders in the television corporation were, of course, hardest hit, but also, every citizen who spent additional money to have a tv set made capable of receiving ch. 66 can write that expense off as a total loss. The arbitrary and inept acts of the FCC have done irreparable damage to unsuspecting public . . .

Robert L. Sabin
Sabin Advertising Agency
Kingston-Hurley, N. Y.

Sports Network Clarification

EDITOR:

An article in B&T mentioning the basketball plans of Big 10 for this coming season [Closed Circuit, July 30] included the fact that Sports Network Inc. of New York was clearing stations and building a network for these games. This is true. However, the article went further to state that Sports Network has been "serving as sort of cable broker with AT&T." This is not the case.

Sports Network was organized in January of this year as an independent television and radio network specializing in tailormade networks for sporting events for national, regional and local clients. Our operation is basically the same as any standard television or radio network, affiliated with various stations around the country, except that we do not own television or radio stations. We lease AT&T circuits in the conduct of our business as a network, the same as the other television and radio networks, in order to distribute our programs to the various cities comprising our network. But to label us as "cable brokers" is a statement we feel should be corrected . . .

Richard E. Bailey, President
Sports Network Inc., New York

Newspaper Efficiency

EDITOR:

The article on page 67 of the July 23rd issue of B&T concerning newspaper efficiency was of considerable interest to us in the Denver market, where we have 14 commercial radio stations and 4 television outlets, plus one of each in the non-commercial category.

May we have your permission to reproduce the article photographically with annotations converting the figures quoted into cost-per-thousand?

Shulam Kurtz, Exec. Secy.
KVOD Denver, Colo.

[EDITOR'S NOTE: Permission granted.]

The Texas Story

EDITOR:

Certainly enjoyed reading the Texas issue of B&T [July 23] . . . a terrific job. In fact, I learned some things about Texas that I didn't even know myself . . .

UNITED AIR LINES
Now that expert pre-testing ends guesswork, more than ever it's
Like to get an idea how the job is going to turn out before you start? Then you’ll agree with duPont, makers of Duco paint, that our Spot-Check Plan comes in mighty handy. This new spot television sales concept allows you to pre-test (on any or all of the 12 major stations we represent) the effectiveness of the medium and the various ways to use it ...providing reliable qualitative sales research at no extra cost!

duPont used the Spot-Check Plan in a three-city test to gauge spot television’s power to stimulate sales and increase their share of market for paint and auto polish. Not only did the test campaign spur a tremendous boost in brand awareness, but it netted handsome sales increases as well. (In one test city, Duco paint sales shot up 65% during the 13-week test period!) According to Dick Swyers, BBDO account executive: “The test served as the basis for the entire spot campaign we’re now running...helped us make national plans with solid, factual data to back us up.” Good spot to be in!

Put an end to costly second-guessing...get all details on the Spot-Check Plan from...

**CBS Television Spot Sales**

Mr. Chandler's modern state of journalism, with him every step, and yet to reach the peaks of the mechanical medium, opportunities are enhanced in the district of KTTV. But KTTV probably is better known for its coverage of important events and to date KTTV has the best human resources to carry it out.

It is a rare talent of management to guide decisions of detail for the many who are operation of KTTV. The independent station requires an effort and only tells his fellow employees when they need to carry out the minor chores. The medium demands an unusual kind of tact in handling with fast, efficient and entertaining people.

Mr. Chandler has "great confidence" in television, and that is his family's responsibility. He also has a "great confidence" in his fellow employees when they know him point to his guide with fast, efficient and entertaining people.

The station is the best medium in Los Angeles, one of the great newspapers in the country. The station is known for its exclusive programs for television and newspaper promotion. Mr. Chandler himself is known for his exclusive programs for television and newspaper promotion.

The station is the best medium in Los Angeles, one of the great newspapers in the country. The station is known for its exclusive programs for television and newspaper promotion. Mr. Chandler himself is known for his exclusive programs for television and newspaper promotion.
Louisville's
BEST KNOWN FIGURE

The WHAS-TV Channel 11 figure is Kellogg's "Superman" here, and the promotion slide adds Sunday, 6:00 pm. At other times, he removes the cape and shows up as a dramatic director to promote Heinz' "Studio 57".

The WHAS-TV Channel 11 figure is known at a glance, and morning, noon and night, he goes into Kentucky and southern Indiana homes to remind viewers of the outstanding programs on WHAS-TV. He's a constant symbol of excellence.

He should remind you that for selling results, individual and distinctive treatment, your advertising deserves the impact of programming of character. In Louisville, WHAS-TV programming PAYS OFF!

Are you participating?

DON DECARLO

on all accounts

IN the media department of Needham, Louis & Brorby, a key question today is, as always, "What is the customer like, what are his needs, interests?" Don DeCarlo, a timebuyer in the agency's office at Chicago, believes that technical developments in communications media haven't lessened the importance of this approach.

The issue of television versus radio broadcasting, or of both these in comparison with various print media, he feels, often centers around this basic inquiry and the answers to it.

Among elements to be considered in any reappraisal of television advertising are the qualities of product demonstration and the impact and effectiveness in overall market commitments, Mr. DeCarlo believes. As a timebuyer, he considers radio a good mass audience buy.

Mr. DeCarlo has a better than average vantagepoint from which to speak. He has bought millions of dollars of spot tv-radio time through the years for NL&B clients in Chicago's Mid-America Prudential Bldg. At 28 he has been with the agency for 12 years—since his early education at Wells High School when he started as a parttime employe at NL&B.

Don Dominick DeCarlo was born in Chicago on Oct. 30, 1927, and after being graduated from Wells in 1944, attended DePaul U. Unlike most youths, he had a specific idea even then of his life's ambition; Since his second year in high school, he had worked in NL&B's mailing and later checking departments, so he took up commerce at DePaul. Young Don took two years of day and five years of night courses.

He started fulltime at Needham, Louis & Brorby on Dec. 1, 1946, transferring from mailing to checking in 1947 and then to the media department. He joined the broadcasting division of media in 1948.

Mr. DeCarlo is buying spot for nine clients—Crowell-Collier Pub. Co (both radio-tv), Household Finance Corp. (both), S. C. Johnson & Son (both), Monsanto Chemical Co. (both), Palm Beach Co. (radio), State Farm Insurance Cos. (radio or tv), Wieboldt Stores Inc. (radio), Wilson Sporting Goods Co. (both) and Washington Corp. (radio). Needham, Louis & Brorby Inc. bills nearly $4 million for combined tv-am spot out of over $12 million total broadcast billings [B&T, March 12].

Mr. DeCarlo married the former Antoinette Menotti. They have one child (Joseph, 2½) and live on Chicago's northwest side. His hobby is golf.
University of Michigan Football is the Hottest Sports Attraction in All of Michigan . . . and All of the FOUR KNORR STATIONS CARRY ALL THE GAMES!

Really space-saving!

Where floor area is at a premium, such as in "down-town" buildings, or where space must be yielded to other equipment, the TT-6AL is highly adaptable. Its design permits it to be mounted flush to a wall or in a corner of the room. Even in open space it occupies less than 63 sq. ft. When new transmitter buildings are contemplated, the space-saving TT-6AL helps to save building costs. The fact that the rectifier section can be separated and placed in an adjacent room or basement is an added feature that saves valuable operating area.
VHF transmitter!

featuring unusual compactness and economy
...with power reserve to drive a 25KW

Newest and most advanced in the RCA line of low band VHF television transmitters, the completely-new-design TT-6AL is the answer to medium power low band requirements and simple increase to 25KW.

★ Most Compact Floor Plan Ever Achieved — Requires less than 63 sq. ft. of floor area (less than any 5kw). Transmitter can be placed flush to a back wall or in a corner of a room. Rectifier enclosure can be separated from transmitter and located in an adjacent room or basement.

★ Design Reflects Color Experience — Built-in linearity correction circuits and intercarrier frequency control which accurately maintains frequency separation between aural and visual carriers, assures excellent color signal transmission.

★ Excellent Accessibility — Broadband tuning controls are accessible without opening any doors. All important circuits are adjusted from front of transmitter. "Tilt-out" construction of modulator and exciter units (see photo below). Only one interlocked door for complete transmitter.

★ Economical and Reliable Operation — Uses Type 5762 air-cooled tubes, famous for long life and reliability. Complete overload protection with "grouped" indicator lights makes trouble-shooting quick and certain.

★ Simple Power Increase — The TT-6AL easily drives a 25kw amplifier. Readily converted to higher power with minimum changes.

★ Thermostatically Controlled Heaters for Rectifier Tubes — Suited to ambient temperatures as low as 0° C. Designed for attended or remote-control operation.

plus . . . many other advanced features too numerous to mention here. Get the complete story from your Broadcast Sales Representative or write for descriptive literature (Catalog Bulletin B-4005). In Canada, write RCA VICTOR Company Limited, Montreal.

Maintenance accessibility has been given particular attention in the TT-6AL. Exciter (shown tilted forward) and modulator chassis are made accessible by hinged doors and "tilt-out" chassis design. An optional spare exciter unit can be rack-mounted for added "on-air" assurance.

Forty Industry Leaders To Aid United Fund Drive

FORTY LEADERS in advertising, broadcasting, motion pictures and allied fields have volunteered to help in the 1956 fund-raising drive of the United Community Campaigns of America, Thomas F. O'Neill, MBS board chairman and chairman of the UCC radio-tv-film committee, has announced. They are:

WSBT-TV Listeners Answer Blood Plea

APPEAL on a news program of WSBT-AM-TV South Bend, Ind., for blood donors to help a man burned in a fuel explosion brought in 55 volunteers, according to the stations. Jerry McNab, mayor of Edwardsburg, Mich., went on the air with the request.

KNXT (TV) Daytime Telethon Successful

THE 10-hour, daytime, multiple sclerosis telethon on KNXT (TV) Los Angeles wound up with cash and pledges of $119,727, according to the station. The multiple sclerosis campaign will continue in the Los Angeles area, through Aug. 15, and the goal is set at $300,000.

WHAS to Air Children’s Crusade

WHAS Louisville has announced its third Crusade for Children program, to be simulcast Sept. 22. Victor A. Sholls, vice president and director, WHAS Inc., declared negotiations are underway to obtain nationally prominent entertainers for the program. The show will start at 10 p.m. in Memorial Auditorium and carry on continuously until 2 a.m. Sunday, Sept. 23. Funds raised during the Crusade are used to expand and improve the services and facilities for the care and treatment of all mentally or physically handicapped children of Kentucky and Southern Indiana.
WOODLAND-TV is BIG territory!

Pills by the billion pop down the mouth of this vital market. Proof: last year it coughed up $369-million for pharmaceutical and drug sales. But are you getting your share? Here's the country's 20th television market. Western Michigan is YOURS ... when you buy WOOD-TV, Grand Rapids' only television station. Ask us to tell you more.

Two Conventions in Four Years?

Covering two conventions every four years would be duck soup for a staff that takes on about two a week, year in and year out. That's our schedule—and folks in radio-televison have come to depend on B•T to tell them what happened even if they were there.

One of our reporters, overhearing a fragment of bridge-table conversation, once remarked, "I'll bet Ed will have us covering the Blackwood Convention next." Another claims that he is destiny's football, booted from convention to convention by B•T's coverage policy, which is based on the belief that you have to be on hand if you expect to be thorough. Still another claims he can test acid with his gullet, and attributes his toughness to years of sampling sarsaparilla in the line of duty.

Whether the news comes from rostrum or bar, smoke-filled room or committee meeting, B•T is on hand—in person. (We covered the American Rocket Society convention just to stay abreast of radio-tv plans for satellites.) Perhaps that's one of the reasons why 77,440 readers every week find B•T indispensable.

Readers get first-hand information and advertisers get their money's worth. B•T carried more pages of radio-tv advertising (3,832) in 1955 than all other vertical publications in its field combined.
B•T COVERS TWO EVERY WEEK

CONVENTIONS COVERED BY B•T IN PAST YEAR

*Sol Taishoff, Editor and Publisher, carries the asterisk for about 80 more convention signs we couldn't get in the picture.

CELLER GETS SET TO STAGE OWN NETWORK ‘SPECTACULAR’

- New York hearings expected to draw biggest headlines yet
- ‘Secret’ data on affiliations, talent pacts to be aired
- FCC will be asked about personal dealings with industry
- Significant: hearings set for heat of election campaign

WHAT PROMISES to be the most headlined industry probe of this meteoric television decade will be launched in New York next month when the House Antitrust Subcommittee begins hearings in its hunt for monopoly among the tv networks.

That the probe will be held in the bailiwick of the House antitrust group’s chairman, Rep. Emanuel Celler (D-N. Y.), a well as in the tv network’s backyard, and that the all-embracing hearings may run up to the eve of the Nov. 6 elections, was deemed by observers last week to be more than coincidental.

Networks, the FCC, talent and advertising agencies, the NARTB, uhf people and others who work in the tv vineyards, will be called to testify at the sessions. The subcommittee had “no comment” last week on just when the hearings will begin, but said they will start sometime after the Sept. 10 date previously indicated by the House group as a starting date. A spokesman hinted that sessions are likely to run well into October.

While Chairman Celler is in Chicago serving as a member of the Resolutions & Platform Committee of the Democratic National Committee preparatory to the nominating activities this week, the staff of his subcommittee is dregging up grist from several sources to be aired at the hearings.

Members of the staff who have been active in the tv investigation are Herbert N. Maletz, chief counsel; Kenneth R. Harkins, co-counsel; Samuel R. Pierce Jr., associate counsel, and Leonard Appel, Thomas H. McGrail and Julian H. Singman, assistant counsels. Rep. Celler, who heads the antitrust unit known as Subcommittee No. 5 of the House Judiciary Committee as well as the full committee, is a veteran of 34 years in the House, beginning in 1923.

Last week, the subcommittee staff lowered the boom at least three times in foraging for information. It:
- Ordered the tv networks to supply it with all affiliation contracts and all talent contracts —the latter considered to be top classified “trade secret” data involving the big name talent and advertiser-network dealings. (Earlier, CBS and NBC had been ordered to supply correspondence, memoranda and telephone notations on all dealings on tv with the FCC and its staff, dating back to 1948.)
- Asked FCC members for access to their personal files, dating back to 1930, relating to correspondence between commissioners and persons interested in radio, television and communications.
- Asked NARTB to furnish it with all accounts from 1950 to date showing when members of the FCC or its staff attended NARTB annual or district meetings and amounts paid for hotels, meals, entertainment, etc.

The networks, it was learned, received the requests for affiliate and talent contract data last Monday. Previous requests from the House group and other congressional committees investigating the networks this Congress had almost demoralized the internal operations of CBS and NBC, it was reported, although officials were loath to talk. Moreover, the FCC’s own Network Study Committee has been “examining” network files and submitting questionnaires in its survey of network operations along with operations of the Federal Bureau of Investigation, functioning for the

THE INVESTIGATORS

HERE are the principals of the House Antitrust Subcommittee who have figured in the unit’s television investigation, together with their professional backgrounds:

Chief Counsel: Herbert N. Maletz, who has been with the subcommittee since its organization, 1953-55, private law practice in Washington, D. C.; 1951-53, progressively assistant, associate and deputy to chief counsel, Office of Price Stabilization (OPS); 1946-51, special assistant to Attorney General in Antitrust Division of Justice Dept.; 1942-46, Army service; 1941-42, attorney with Truman Committee of Senate; 1939-41, review attorney with Works Progress Administration (WPA).

Co-counsel: Kenneth R. Harkins, who has been with the subcommittee since shortly after it was organized in April 1955. Mr. Harkins, who at present is away on vacation, served the previous five years as a trial attorney in the Antitrust Division, Justice Dept., and before that was an attorney with the Federal Housing Administration (FHA).

Assistant Counsel: Thomas H. McGrail, who joined subcommittee in April 1955; 1951-55, trial attorney, Civil Division of Justice Dept. In the Justice Dept., Mr. McGrail’s work was devoted exclusively to representing the government in trial and argument of cases in the U. S. Court of Claims. He is a graduate of Harvard Law School (1930).

Assistant Counsel: Julian H. Singman, who joined the House unit in May 1956; 1954-56, trial attorney, appellate section of Civil Division, Justice Dept.; 1953-54, law clerk to the late Chief Judge Harold Stephens of the U. S. Court of Appeals for D. C.
Antitrust Division of the Justice Dept. in its survey of network operations. The Celler subcommittee's demand for talent information regarding networks as the most onerous—and potentially dangerous to network affairs—yet to strike. Even congressional committees are enjoined from divulging personal data on which to remit the life-blood of competition, it was said. Messrs. Maletz and Singman called at the FCC Friday, Aug. 3, and asked to examine the files of individual commissioners, dating back to 1951. The FCC was (at present, and must buy, its problems, the problems of independent film producers in placing their programs on tv, AT&T line charges and network talent contracts. The subcommittee staff evidences a particular interest in exclusive talent contracts with tv networks. The subcommittee had already delved into two other subjects at earlier sessions. The first was the House Broadcasting Co. "swap" of their respective radio and tv stations in Cleveland and Philadelphia. On Feb. 27, Stanley N. Barnes, then head of the Justice Dept.'s Antitrust Division, told theättre subcommittee he was investigating the swap [B+T, March 5]. In June, the FCC was called to testify on the transaction and asked to explain why the Commission approved the swap when an FCC staff investigation had indicated WBC officials felt NBC had used pressure against them [B+T, July 2]. FCC members testified they approved the swap after McFarland letter replies from both parties failed to undo induced pressure. The second was an early-July return session with the FCC in which the subcommittee questioned Commission members on tv network option letters, talent committee, and at which Chairman Celler revealed the figures on CBS and NBC returns for 1955, using the confidential FCC figures [B+T, July 16]. In March, charges had been made by a subcommittee of the House Antitrust Committee and must buy, [B+T, March 26]. These subpoenaed records later were made available for inspection by the Celler subcommittee.

In the Celler probe, some significance was seen in the subcommittee's specification that the data requested both from the FCC and NARTB be from January 1950. Earlier, when the Evans committee compromised the NARTB and CBS records, this House group had asked for records dating from January 1953. Political significance was ascribed to this date because it coincided with the beginning of the Eisenhower Administration.

The request to the networks for correspondence and memoranda dating back to 1948 presumably was pegged upon the beginning of the television freeze, which was lifted in 1952. The Celler requests for personal correspondence of commissioners dating back to 1930 could mean commissioners whose terms since have expired or who have resigned might be required to support their content. These would cover former Comrs. E. M. Webster, who retired last June 30; Frieda B. Hennock, whose term ended June 30, 1955; George E. Sterling, who resigned Sept. 19, 1953, and former Chairman Wayne Coy, now a director of the National Assn. of TV Broadcasters, who resigned Feb. 21, 1952.

What Celler Wants

Here is the text of the letter which Rep. Celler sent to Mr. Fellows:

The House Judiciary Antitrust Subcommittee is currently studying antitrust and monopoly problems in the television broadcasting industry. The cooperation of your organization in this study is requested.

In this connection it would be appreciated if the staff of the Antitrust Subcommittee could examine at your offices copies of your files for the purposes of designating documents in which the subcommittee is interested.

The files of the NARTB which the subcommittee would examine under this procedure are those records which contain the following types of information covering the period Jan. 1, 1950, to date:

1. All communications between any officer or employee of NARTB and any member or employee of the Federal Communications Commission.
2. All communications, including correspondence, inter-office and other memoranda, minutes of meetings, reports, memoranda of telephone or other verbal communications or other materials, relating to any discussions or communications between any officer or employee of NARTB and any member or employee of the Federal Communications Commission.
3. All records relating to expenses paid by NARTB to, or in behalf of, any member or employee of the Federal Communications Commission.

The subcommittee desires to exclude from this request any confidential communications, letters, or other formal documents of public record filed with the Federal Communications Commission by the National Assn. of Radio Television Broadcasters or any representatives thereof.
FILMS FOR FALL

Celluloid product will account for half billion in year's sales

MORE THAN half a billion dollars. That's the estimated annual time-and-program cost of filmed shows on television slated for the coming year.

And, by some counts, it's an extremely conservative estimate. At least one film syndicate sales head would put the figure more than 50% higher.

But conservative as it is, 

\textbf{B\&T}’s estimate of the volume of tv film business represents roughly a 50% increase over the estimated annual total made a year ago [B\&T, July 11, 1955]. And the bases for both years’ estimates are the same: the anticipated gross tv time and program costs for the year and the share of that total which will come from films on television.

For the year 1956, Television Bureau of Advertising estimates that advertisers will spend $1.227 billion for tv time and programs. A 

\textbf{B\&T} survey of the way television stations' time on the air is divided, made in March [B\&T, April 2], showed that on the average 43.3% of the overall air time was devoted to film programming.

Simple arithmetic is all that is needed to arrive at the conclusion that the revenue attributable to tv films is $531.29 million. And, with the increase in the number of films made specially for television that will be on the air this fall, plus the multitude of films made originally for theatre showing that have become available for tv in the past few months, film's share of the total may well be much more than 45%, much more than $531 million.

Since July of last year, when General Teleradio (now RKO Teleradio Pictures) bought the RKO Radio Pictures film library for $25 million [B\&T, July 25, 1955] and made them

\textit{Continues on page 38}
available for tv use through C&C Television Corp. [BT, Jan. 2], other major motion picture producers have rushed to put their feature films and short subjects on the tv counter, until today Paramount Pictures Corp. is virtually the only holdout.

This flood of feature films, including some of the greatest box office successes in motion picture history, offers to the makers of films for television perhaps the toughest competition they have yet met. How to compete with it is one of the two biggest problems now facing the tv film producers. The other is how to find air time for their product, always difficult and particularly so during the choice evening hours when popular network programs predominate.

Despite this dual threat of old and new problems, the tv film producers and distributors participating in BT's annual roundup view the future with reasonable optimism. Though opinion varied, industry leaders were unanimous on one point: good quality tv film can stand the competition of feature film. But they reluctantly agreed that time period scarcity is a roadblock which is not expected to be removed in the foreseeable future.

Among the trends and comments mentioned by leading tv film distributors and producers were:

- TV film production costs continue up and up. Today they are 15-25% higher than last year.
- There will be a decrease in the number of first-run syndicated properties because of costs, and an increase in re-runs.
- Price-cutting by some distributors continues to be a factor in complicating the problems of "ethical" distributors.
- More producers and distributors are aiming for initial network sale of a pilot, holding off syndication for the subsequent run, as a means of recouping some of their investment.
- Distributors are eying the overseas market more sharply to supplement their incomes.
- Producers and distributors do not feel that feature films will hurt films made for tv because features will play in "marginal" times, late evening or early afternoon, while tv films will continue to occupy the "more desirable" time slots.

John A. Sinn, president of Ziv Television Programs, believes the tv film field will be entering "its most intensely competitive factor," he contends that survival will be of "the fittest," with the "ultimate answer lying in the quality of the telefilm shows being produced. The problem is not so much of selling advertisers on the values of film usage but of finding good Class A time in major markets."

Don L. Kearney, vice president in charge of sales for ABC Film Syndication, predicts that network, national spot and local advertisers "probably will spend more than $650 million for time connected with television films in the year beginning Sept. 1, 1956." He believes network advertisers will spend "well over $200 million" on time purchases for tv film programming. Mr. Kearney views the coming year "with great optimism" with a wider use of films, "particularly if some way can be found to increase the number of tv stations in the high population centers and thereby make more time available."

Milton A. Gordon, president of Television Programs of America, estimates that film production costs for 1956 are a minimum of 17% higher than last year and contends that "re-run fees to actors and other talent can increase costs as much as 40%, compared to last year."

"Film distributors," Mr. Gordon declared, "are placed between two pressures—the cost increases on the one hand and competitive factors tending to hold down price levels, on the other. These pressures, combined with telecast time scarcities, complicate the fundamental problem of recouping the $17,500,000 which represents the minimum cost of 39 half-hour episodes, including production, advertising, bank, interest and mailing expenses. Obviously, price rises are inevitable."

Ralph M. Cohn, vice president and general manager of Screen Gems, characterizes the lack of station facilities as the "greatest problem" facing the tv film field particularly and tv generally. Because of the "scarcity" of stations and time periods, many of the local and regional advertisers have no opportunity to advertise their products, according to Mr. Cohn. Mr. Cohn believes there will be "no substantial change" in the amount of business grossed by the tv film industry for 1956-57, as compared with 1955-56.

The Hollywood Outlook

With U. S. commercial stations carrying an average of almost 33 hours of programming each week, producers point out that this means a market of nearly 800,000 hours to be filled in 1956 and which will exceed one million hours within another couple of years. Many feel this signifies a rich potential for their product not even considering the competitive factor of program quality.

Film buyers for television stations in Los Angeles, right in the heat of most production, appeared to be in general agreement that new first-run syndicated offerings this year are well below that of previous years.

"It gives us great concern," Richard Woolten, buyer for KTTV (TV) there, told BT. "We were able to pick 10 to 12 new shows last year from the first-run offering, but it's tough to do it this season. It's apparent that if the syndicators could make money on this field, he would do it."

Mr. Woolten noted a new trend in the reruns of good film packages by the networks in daytime periods after the series had completed their first runs at night. "It used to be that this second run material found its way into the syndicating market," he explained. He also commented that because the networks are scheduling more full-hour and even 90-minute shows, particularly in the case of the latter, the producer of the traditional half-hour package is faced with a shrinking market.

Other buyers, not wishing to be quoted, noted a difference in product this year in the tv film market. Several said that local advertisers really can't afford the cost of first-run material to begin with and the third, fourth and fourth run packages are more adaptable to smaller budget accounts which are barely able to pay for tv time, let alone gamble on a high cost untimed vehicle.

All agreed that the total film offering this season is larger than heretofore, although they thought the selection "a rather picky one." They said they would welcome greater fresh selection if the cost factor could be reasonable enough to interest advertisers. One buyer for a network outlet said he actually has been forced contact distributors to find new films.

A few pointed out that the release of major motion picture backlogs to television is having a very direct impact on syndicated product, since each 90-minute movie kills off the potential market for three half-hour packages.

From other sources, however, there are indications of some stations reverting to half-hour packages after trying the 90-minute features, especially during the daytime. The reason is this beginning stretching a good movie she usually will stick with it to the finish, even though she might not wish to devote so much time away from her household chores. As a result, she may steal her...
Broadcasting many toward on the basis of abroad pect principle succeeding various observers.

“The insatiable maw of television” is more than a Hollywood phrase designed to encourage producers having a rough time marketing their syndicated product. It also applies to television. The entertainment world as it is known today is only a step off the vaudeville stage and television is full of personalities who got their start in the older medium. But in vaudeville talent spent a lifetime perfecting a specific routine which is now spent in a single national exposure on tv, they note. Television demands that this lifetime of creativity, compress itself into new birth every seven days.

Veteran performer Edgar Bergen observed that comedians who were stars for 25 years have washed out in television within six months. They shouldn’t appear more often than they are. “It’s not just the television. It’s a job,” he says. This is a job of which he is very proud each week when his “Mr. Ed” is broadcast.

Along this same vein, Hollywood feature movie executives are disappointed over the box-office of features based on television series or stars. The exception is the use of single program properties for feature films. The Oscar-winning “Marty” is the example cited.

Television’s mass penetration, though, can make a new star faster than Hollywood has ever dreamed, others point out. Popular acceptance can be created within weeks by television, when it was a month or two years to build a movie star.

Innovation to recover losses from unsuccessful pilot films has been worked out by McGowan Productions which films Death Valley Days for Pacific Coast Borax Co. McGowan has been filming a motion picture titled Snow Fire in Breezy Canyon at a cost of $125,000 and at the same time spent another $80,000 to film a La Corte in the same theme. It will be released under the title “The Beast of Breezy Canyon.”

Hollywood observers note that the practice of filming TV segments concurrently with production of features while on location, especially Western or out-of-doors adventures, has been more prevalent this past year. Technical crews often have free days during feature schedules and can be used on the TV episodes thereby cutting costs.

First-Run Scarcity Factors

The small amount of new first-run material which is available this year for local syndication is attributed to a number of factors by various observers. Rising production costs of labor, creative talent and materials has cut into the producer’s profit potential. Heretofore, the producer could count on recovering his production costs with the first run and his profit on successive reruns, but with the residual payment principle going into Guild contracts this prospect is lessened. Some producers have gone out of business with their new shows in the hopes of lower end cost.

Few sponsors now are buying a new series on the basis of a single pilot. The trend is toward two or three pilots and there are not many producers with $100,000 to gamble on a proposed series which used to go into the basement storeroom if the sponsor or network said “No.” Oddly enough, however, many of these lost pilots are finding their way into so-called anthology series as single episodes of the collection.

A check of some 400 production units in Hollywood over the past 10 days tended to confirm the small amount of new production for speculative syndication, although many firms are filming new blocks of shows for series already going on the networks or well established in syndication. New production also scores high in the department of new shows partially financed or developed by the networks and farmed out. In some cases network creative executives set up their own private units to produce the series, a capital gains tax device which has taken hold among producers at the major motion picture studios too.

A film buyer for one network-owned station in the Los Angeles area actually is calling film distributors now in his search for new shows available for first-run syndication on the local level, an almost unheard of event when one discouraged independent producer described the general film market as “constipated.” The buyer admitted there are lots of re-run packages available “but they are pretty well picked over.”

Hollywood has been buying from local first run packages, “but when the station has to go out and ask for product, it’s obvious you’re going to be at a price disadvantage.”

Observers generally feel this past year has been one of readjustment and re-examination—witness the network trend to longer shows and the unusually late buying season—a sort of confused pause amid the art’s sharp growing pains. The reaction in several quarters is that by 1957 the pendulum will have swung again and more new ventures will be available.

Several producers are outspoken in their belief that a “good property” or quality show must see regardless of the fullness of the market. In a few instances, producers with new series not available until very recently, are actually holding up offering of the shows until next year on the ground that they are too good to be bargained for with fringe time.

Yet they feel they are Class A programs and will wait until Class A time is available on the networks.

“But these are the big producers with plenty of capital and can afford to be particular,” a smaller film executive noted.

Although there is a general feeling that the feature film vaults of the major Hollywood studios will open even wider soon to tv producers so far do not seem to think they have been hurt too much by the release of old movies to tv. Some explain that the old theatre product can’t compete with the quality of new product made just for tv. How they will find the situation when MGM hits the market with its big backlog, once it decides just how to distribute, and this is joined with the blocks already released or soon to be released by Warners, Universal, 20th Century-Fox and Columbia, etc., will depend on the audience size and probably fought through the courts. Hollywood has been waiting for toll-tv to save its glory and win the battle with tv, many believe.

Major studios and independent units now are turning out only about 250 full-length features annually. Eventually these will go to television, within five years by some estimates. Yet tv stations in the New York market, for example, are reported to be burning up some-
thing like 370 features annually. Someone will have to make up the difference, Hollywood sources note, and if there is a market someone will supply it.

It has been estimated that a total of between 6,000-7,000 old features have been released to tv so far, with about a like number still in the vaults. With the tv use-rate increasing, experts think the exhaustion date may be only six years hence.

The major studios so far have hardly dabbled in tv, but a host of old films have been released to tv so far, among the most important are: Republic Pictures, for producing tv series through its subsidiary Studio City Productions; MGM, for film and tv productions; and Warners, for production of new tv series. Republic Pictures is producing for tv through its subsidiary Studio City Productions and distributing through Hollywood Television Service. MGM and Warner Bros. started production divisions within their studio setup for filming of network properties and Warners now has organized a department to film tv commercials. 20th Century-Fox has its TCF Television Productions well entrenched now in production of new series, RKO has a unique story of its own in tv.

Five years ago there were about two dozen independent tv firms in Hollywood but today the list has swelled to several hundred, all thought to be faltering except a few that are set up as production units for only a single series.

This past year television had its biggest impact to date on the majors, nearly all in Hollywood agree. They can finally see the old order changing and the new order taking its place. The majors are now thinking about reducing or merging their distribution exchanges, and generally trying to pare down the large fixed costs which their pre-television glory could afford. Subsidiary operations actually are being sold off in some cases.

Authorities on the subject say the major studios could handle two or three times the volume of production now going. It is apparent to nearly everyone that television as a medium is replacing unknown potentials, but the catch is that the majors in most cases haven't bothered to learn enough about tv, thinking that because they were tops in making movies, they automatically could succeed in the new tv medium. Observers think they have some catching up to do, but with their financial, creative and executive resources, it won't take long when they really begin.

Los Angeles banking sources, long an important party of the financial backbone for theatrical films, are not taking any dim view of the television film market despite the crises of a surplus. Both the Bank of America and Security-First National Bank have open doors to television producers who have the ability to complete and deliver a quality package. Both Thomas C. Dean, vice president and manager of the main branch of Bank of America at Los Angeles, and George Younghusband, in charge of film financing at Security-First National, see a continual growth of the tv market potential.

**FILMS FOR FALL Continued**

**Adventures of a Model**

The smart world of fashion is the milieu, the style centers the settings for this up-to-the-minute tv series with the strangely old fashioned title, for which Desnil Productions has finished a half-hour pilot film. New York fashion model Joanne Drew is featured.

**Adventures of Roland**

New World Productions has completed a pilot film of a projected color series tentatively titled The Adventures of Roland, Knight of the Realm, which is certain to be changed before it goes on the air as even company representatives admit it is far too long to fit on the home screen. Negotiations are under way for Richard Todd to play Roland. Pilot is said to have cost some $30,000.

**Raw Facts**

HAL ROACH Studios, Culver City, Calif., major independent tv producer, claims to be number one purchaser of raw film. Among all Hollywood tv film producers during the six month period ending June 30, according to a semi-annual report issued by Sidney S. Van Keuren, vice president and general manager, Roach gobbled up 6,500,000 ft. of positive and negative film in that period, an investment of more than $1 million, he said. Of this total footage, 27% went to Roach's commercial division and the balance for production of 148 series episodes and pilot films. The shows burned up talent too. During 608 studio "days" in the first six months of this year, 1,865 actors appeared, almost 75% of the total performers before camera in all of 1955.

**Annapolis**

Ziv Television Productions has completed a half-hour pilot film, production and location and centering around Naval Academy life and traditions. Each episode will have different cast. Production staff is not set. Series will be made available either for network or for syndication.

**Arizona Ames**

Richard Anderson is starred in this Western series based on Zane Grey's stories of what is said to be that author's favorite character. Four Star Films has completed the pilot of this projected half-hour series.

**Assignment: Foreign Legion**

Merle Oberon stars as a newspaperwoman assigned to do stories on members of the French Foreign Legion in this series of 26 half-hour film comedies taken from the films in England for CBS-TV Film Sales. Producer is Tony Barry. CBS-TV Film Sales is looking for national sponsor and may hold up release, if necessary, in order to get one.

**The Bible on Film**

Available for commercial sponsorship, this new series of 26 half-hours is being produced by Christian Mission Films in color, using animation infiltration. The Bible on Film is non-sectarian and relates Old Testament events. Art work alone for the series reportedly cost $130,000. Distributed direct.

**The Big Idea**

This half-hour program based on a live show telecast in Philadelphia is produced by Don Bennett Productions, Philadelphia. Mr. Bennett appears in the series, interviewing persons with inventions they believe are practicable. RKO Television is handling the series and has 26 episodes available.

**Black Beauty**

Alco Pictures' first venture into tv film is centered on three pilots for a new series called Black Beauty, based on the feature film of 10 years ago. With production to begin in September, the half-hour show "will have no villain and no violence," according to producer Charles FitzSimmons. Emphasis will be on human relationships, but the pilots for the show will star a dog and a boy and girl.

**Blondie**

The first property produced by Hal Roach Studios for its tie-up with Vitapix is a situation comedy adventure called Blondie, a popular comic strip. Arthur Lake is Dagwood, while Pamela Britton plays Blondie. Hal Peary, original "Gildersleeve," portrays the next-door neighbor, Herbert Hooley. Two children and five dogs mix things up for excitement. Roach had to wait five years from the last theatrical release of the Columbia Pictures movie series before producing the new tv show. Columbia made all of its feature pictures between 1938 and 1951, Hollywood's longest string of continuing characters. Mr. Young's comic strip, a King Features property, is seen in 1,300 papers daily throughout the world and in 16 languages. Program was on all three radio networks during a 10-year period for Camels and Colgate. Some 60 Vitapix stations have signed for the tv version while Wesson Oil and Sunfoodkinson each have signed for one-third of the tab.

**Bold Journey**

True-life travels of adventurers in far away places are highlighted in Bold Journey, new series of 26 half-hours just started on ABC-TV for Ralston Purina Co. through Guild, Bascom

**FILMS FOR FALL continued**
& Bonfigi, San Francisco. Julian Leser is producer for Advenco Productions.

**Broken Arrow**
John Lupton plays an Indian agent and Mi-
choacan Apache chief, in this new series of 39 half-hours being pro-
duced by TCF Television Productions, 20th-
Century-Fox subsidiary, for Sept. 25 debut on
ABC-TV under General Electric Co. sponsor-
ship. The Tuesday 9-9:30 p.m. (EDT) show will receive considerable secondary promotion since TCF has signed a merchandising agree-
ment with MRW Assoc., New York, for toys, novelty, clothing and comic books.

**Byline—Steve Wilson**
During the past year this half-hour new-
paper drama series of 39 films by Mark Stevens Productions has been running on NBC-TV under the title of Big Town. Now Steve Wilson is syndicating the show as Byline—Steve Wilson through M & A Alexander.

**The Buccaneer**
The adventures of a reformed pirate captain waging war on pirates on behalf of the British crown form the basis of this new half-hour filmed series, which will be carried on CBS-TV this fall under the sponsorship of Sylvania Electric Products Inc. Series was pro-

**Captain David Grief**
Based on Jack London's epic of the South Seas, this half-hour adventure series is being produced in color on location in the Hawaiian Islands by Images of the Future. It concerns the heroic encounters of a ship's captain. Series co-stars Maxwell Reed and Helen Westcott. Guild has assigned Duke Goldstone as producer and Stuart Heisler as director. Guild will offer series for national or regional sale.

**Cavalry Patrol**
A pilot film has been completed on this new series by Charles Marquis Warren, who has one-half ownership in partnership with CBS-TV which plans to start the new western during the winter. Mr. Warren will write, pro-
duce and direct Cavalry Patrol and highlight little known true stories of the U. S. Caval-
ry and Indians in the west in the late 1860's.

**Central Allied Intelligence**
Saturn Films Inc., currently producing two feature movies in Europe, is also producing a series of half-hour programs on adventures for television under the title Central Allied In-
telligence. Budgeted at low $15,500 per episode, writer-director Cy Roth of Saturn Films claims top quality photography and production is pos-
sible, in view of company's 30 years of feature experience.

**Conflict**
This is Warner Bros. new offering for the fall season as companion hour to alternate with its year-old Cheyenne series on ABC-TV, Tues. 7:30-8:30 p.m. Conflict begins Sept. 18 for Ontario Guild Films Inc. through J. Walter
Thompson Co. and McCann-Erickson. Con-
flict dramas are aimed at adult audience but Warner Bros. expects the new show to hold attention of younger viewers too.

**Circus Boy**
Scheduled to begin on NBC-TV this fall, with Reynolds Metals Co. as sponsor, is this series of half-hour programs produced by Her-
bert B. Leonard and Norman Blackburn in as-
sociation with Screen Gems. Story concerns the adventures of a young lad befriended by circus performers. Featured players are Mickey Braddock and Noah Beery.

**The City**
A pilot film in this series, projected as adven-
ture-dramas based on specific cities and dealing in many cases with "real events which are too controversial to be done as documentaries," has been produced for CBS-TV Film Sales by John Nashi. Pilot will feature different players each week, but a well-
known star, as yet not specified, will serve as host for the series.

**Combat Sergeant**
Action stories based on World War II in-
cidents in North Africa make up this half-hour series, produced by Films for Television of Hollywood, which will broadcast on ABC-TV and will be distributed in other markets by NTA. The director is George Blair and fea-
tured actors are Michael Thomas, Cliff Clark and Dominick Delargie.

**Dick Powell-Zane Grey Theatre**
Four Star Films began filming the new CBS-
TV series last week for sponsorship by Gen-
eral Foods, starting Oct. 5. Dick Powell is host of the half-hour series, which will fea-
ture names stars in its 29 episodes. Hal Hudson is producer, with Les Salander director. Wil-
liam Crankshak, Four Star president, an-
nounced that the series is being produced in conjunction with the late Zane Grey's family.

**Dr. Christian**
Production has begun on the first 39 episodes for first-run syndication and the series already has been sold in several markets, starting in fall. Macdonald Carey stars in the half-hour medical drama, produced by Ziv Television Programs in Hollywood with Maurice Unger as executive producer.

**Emmett Kelly Story**
Just two weeks ago, Hugh Harman and Ru-
dolph Ising, a production team long known in theatre circles, finished a pilot for CBS-TV called Emmett Kelly Story. Folklore and ad-
vventure of the circus are depicted in this pro-
sessed series based on the life of the famous clown.

**Forest Ranger**
A pilot film of this half-hour adventure se-
ries based on multiple short stories about the U. S. Forest Service is currently being shown to national advertisers by ABC Film Syndication. Dick Foran is starred in the program, being filmed by Rabco TV Productions with Ben Fox as producer and Hal Roach Jr. as executive producer.

**Frontier Doctor**
An anthology of western dramas, each fea-
turing Rex Allen in the title role, is being pro-
duced by Republic Pictures' Studio City Tele-
vision Productions with distribution through the movie studio's Hollywood Television Serv-
ice. The half-hour series will total 39 films, with 13 already completed.

**Frontier Judge**
Chertok Television Productions, which made the original 178 Lone Ranger films for tv, as well as other westerns, has produced a pilot of a new series, Frontier Judge, in partnership with ABC-TV. Leon Ames is starred.

**Gerald McBoing-Boing**
The indomitable little prodigy, which UPA Pictures has produced for Columbia Pictures and will appear this fall in new adventures especially for half-hour weekly exposure on CBS-TV. Spon-
sor has not been set. Unique series reportedly has $62,000 program cost, but this includes re-run privilege.

**Guns of Destiny**
This is a Hal Roach Studios adventure anthology, with Ralph Bellamy acting as the gun collector and host-narrator and star in some of the episodes. Series will dramatize the im-
portant role firearms of all kinds in any era have played in the development of a dynasty, family or nation.

**Here Comes Tobor**
Guild Films Co. is producing the half-hour series, which centers around the adventures of an electronic man (nicknamed "Tobor") and his com-
pad, an 11-year-old boy, in cooperation with Dudley Productions. Richard Goldstone is producer and Duke Goldstone is director. Guild will distribute the series for national, regional or local sale. "Starring "Tobor," the electronic man, and Tommy Farrell.

**Hey, Jeannie**
In this new half-hour situation comedy with music, Jeannie Carson plays a Scotch immigrant who comes to the U. S. and tries to make her way. Produced by Four Star Films, the show will be sponsored on CBS-TV Sat., 9-10 p.m. (EDT), beginning Sept. 8, by Proctor & Gamble Co. through Compton Adv.

**High Road to Adventure**
Another adventure series which takes the viewer down rapids and hunting sharks with bow and arrow is High Road to Adventure, 26 half hours in production by Jet Television and Film Productions. Series has been sold to KHI-TV Los Angeles starting in September and is to be syndicated nationally.

**I Love a Mystery**
Pilot film of this half-hour series, based on the well-known Carlton E. Morse radio pack-
age, has been completed by Ziv Television Pro-
grams. Stars are Martin Ring, Howard Duff, Paul Kelly, and Sidney Blackmer. It has not been decided whether to make the series available for one national advertiser or for syndica-
tion.

**Impact**
This half-hour weekly dramatic anthology series is based on true stories and is being produced by McCadden Productions for 39-
week run on NBC-TV under sponsorship of Chesbrough Mfg. Co. for Pond's beauty soap through J. Walter Thompson Co. Narrator is Wesbrook VanVoornis. McCadden is making 30 episodes and nine will be re-run at season's end.

**Johnny Come Lately**
Milt Josefson, NBC-TV executive producer in Hollywood, has produced a pilot of a crusad-
ing television news reporter. Jack Carson has been signed to a one-year exclusive contract effective Aug. 1 and would be featured in the series, not yet scheduled.

**Last of the Mohicans**
Now in production in Canada with total budget estimate of $1.5 million, Last of the Mohicans will be 39 half-hours based on the Indian theme. Normandy Productions Ltd. is producing and is a subsidiary of Television Programs of America, distributor. Lon Chaney Jr. and Johnny Hart have star roles. Edward Small is producer and Sam Newfield director.

**Man With the X-Ray Mind**
Paul Hurkos, described as possessing unusual mental facilities, is featured in this series for

10 East 44th Street, New York City • OXford 7-5880
Which a pilot is now being filmed in Holland by New World Productions at a cost of about $30,000. New World calls the program “true adventure,” plans to make 39 half-hour installments.

Marie Wilson Show

The actress who sparked My Friend Irma is returning to the film field for McCadden Productions’ new Marie Wilson Show for CBS-TV. Sponsorship has not been set. The half-hour weekly is expected to be scheduled for 39 weeks.

Martin Kane

Ziv Television Programs has completed a pilot of this half-hour series, starring William Gargan, and will produce series in England in conjunction with Harry Alan Towers. It is based on a live tv series of a few years ago. It has not been decided whether series will be a network or syndicated offering.

Mickey Rooney Show

Playing the role of a page at International Broadcasting Co. in Hollywood, Mickey Rooney manages to situate himself in numerous comedy sequences for this new syndication package of 33 films distributed by T. J. Corradine and Assoc. Show was Hey, Mulligan on NBC-TV in 1954-55 for Screencraft Pictures Inc. Joseph Stanley is producer and Leslie Martinson, director. Mr. Rooney is supported by regular cast, including Regis Toomey, Claire Carlton, Carla Balenda, John Hubbard and Joey Forman.

New York Confidential

Only the title of the Lee Mortimer-Jack Lait book is used for its series of adventure dramas with a New York setting. Television Programs of America is producing the series, with Lee Tracy starred. Leon Fromkiss is executive producer of the filmed program, which TPA will offer for national sale.

Night Watch

New tv series based on actual happenings at night to Felony Squad Car No. 56 of the Culver City, Calif., Police Dept., is being planned by Bill Burrud Productions and a pilot has been made. Half-hour show is titled Night Watch and is patterned on the radio show of the same name aired for several years on CBS. As in radio, the tv show features Detective Sgt. Ron Perkins and police recorder Don Reed. Show is expected to start this fall on KCOP in advance of syndication.

Oh, Susanna

Gale Storm is the star of this new series. Like Margie, in which she also played the title role, Oh Susanna is produced by Hal Roach Studios. Nestle Co. will sponsor the new program in the 9-9:30 p.m. (EDT) Saturday period on CBS-TV, starting Sept. 29. Two episodes of Susanna are being filmed each week in an attempt to build up a backlog before Gale Storm leaves to keep a prior commitment with the stork.

O. Henry Playhouse

Representing one of the few major ventures for speculative syndication this fall, O. Henry Playhouse represents an investment of more than $1.2 million by Gross-Kranse Inc. for the 39 half-hour films based on the O. Henry stories. Jack Gross and Phil Krasne were in New York a fortnight ago to set up the production firm’s own distribution and sales office for the series.

On Guard

Aerojet Productions, film unit of Aerojet-General Corp., the rocket engine subsidiary of General Tire & Rubber Co., is currently on location filming a series of 13 half-hour shows on all aspects of defense for the U.S. Defense Dept. Titled On Guard, series will be offered to sponsors. Executive producer is Bill Taft.

On Trial

Joseph Cotten will be host narrator of On Trial, new half-hour series based on authentic court cases, to begin Sept. 14 on NBC-TV for Campbell Soup Co. through BBDO. Mr. Cotten stars in at least ten of the programs and is part owner-vice president of Fordyce Enterprises, production firm headed by series producer Collier Young. Fordyce expects production loss of $100,000 over and above what is received from syndication. The series is receiving technical assistance from members of the New York and California bar associations.

Orson Welles Show

Production has been finished on a pilot film for a new half-hour series jointly owned by Mr. Welles, Desi Arnaz and Lucille Ball. The pilot is a comedy but all forms of drama are to be included in the projected series, which is to be withheld until next spring rather than face off-hour exposure this fall.

Perry Mason

Based on the Erle Stanley Gardner mystery series of the same name, CBS-TV plans to schedule Perry Mason early next year. It is a full-hour drama with Raymond Burr in the title role and will be filmed by Paisano Productions with Gail Jackson executive producer. Series goes before camera in September. CBS-TV has assigned executive producer Robert Sparks and producer Ben Brady to series.

Publicity Girl

Jan Sterling plays the title role in this new comedy series, of which a pilot film has been completed by Chertok Television Productions in partnership with ABC-TV. Chertok is the producer of the successful business girl series Private Secretary sponsored by American Tobacco Co. on CBS-TV and is now syndicating re-runs of these programs under the title Sixie.

Richard Diamond

Dick Powell, who used to play the title part in this private eye dramatic series on radio, has relinquished the role to Don Taylor for a tv series of which Four Star Films Inc. has completed the pilot. Mr. Powell, Charles Boyer, David Niven and William Crainshank head Four Star Films.

77th Bengal Lancers

This costume drama, produced by Herbert B. Leonard for Screen Gems, will be presented over NBC-TV this fall under the sponsorship of General Foods Corp. The series stars Phil Carey and Warren Stevens.

Sheriff Of Cochise

This new half-hour tv film series produced by Desilu Productions in conjunction with National Telefilm Assoc., has been sold to Socony Mobil Oil Co. in 67 midwestern markets, to start Oct. 1. A police drama based on criminal cases on file in the Cochise County (Ariz.) Sheriff’s office, the program stars John Bromfield in the title role. Producer-writer of the series is Mort Briskin; Earl Bellamy is the director. NAFTA is distributing.

Sir Lancelot

A new half-hour costume drama based on the adventures of the title character and other knights of the round table is being produced in England by Sapphire Productions Ltd., London, in association with Official Films, New York. Series has been sold on alternate weeks to Lever Bros. and Whitehall Pharmaceutical for showing on NBC-TV this fall. William Russell stars in title role. Producer-director is Ralph Smart.

State Trooper

Currently in production for MCA-TV Film Syndication Division is State Trooper, a 39-episode, half-hour series, to be released in January 1957. The program, which is being pro-

Page 46 • August 13, 1956
"Point of Law’s" unique format of intriguing court cases and significant legal decisions carries suspenseful, wide-audience appeal. The only program of its kind. Tailored for discriminating advertisers.

Current “Point of Law” sponsors include such bluebook advertisers as: Bank of America; The Bank of Georgia; Delco Division of General Motors; Land Title Guarantee & Trust Co.; First Federal Savings and Loan Assn.

Among major network stations now carrying “Point of Law” each Monday through Friday are: WAGA; KSD; KNX; KCBS; WJR; WCCO; W GAR; WBAP; WBEN; KFSD; KPRC; WALA

"Point of Law” has the endorsement of the Bar Association in all areas in which it is broadcast.

• Wayne Steffner Productions •

6223 SELMA AVENUE · HOLLYWOOD 28, CALIFORNIA
Produced by Revue Productions, stars Rod Cameron and dramatizes cases from the files of the Nevada State Police.

**Stryker of Scotland Yard**

Filmed in England by Republic Pictures’ television subsidiary, Studio City Television Productions, this mystery series on the popular Scotland Yard theme has had 13 films completed. It is syndicated by Republic’s Hollywood Television Service.

**Tarzan**

California National Productions, newly-formed subsidiary of NBC that includes NBC-TV Films and other units, has acquired rights to produce and distribute the first Tarzan film series for tv, in association with Sol Lesser, producer of many Tarzan movies. Production of 39 half-hour episodes will begin this fall at California National studios in Hollywood in time for January 1957 release. Series will be offered for national sponsorship. Gordon Scott has been signed for the title role.

**Theatre With Lilli Palmer**

An anthology of dramatic programs based on the works of Guy de Maupassant, Robert Louis Stevenson, D. H. Muaro and W. W. Jacobs, this series features Lilli Palmer as hostess and includes such stars as Wendy Hiller, Flora Robson, Marius Goring and Margaret Leighton. It was produced by Incorporated Television Program Co., Ltd., London, and is being distributed by NTA.

**The Tracer**

Robert C. Dennis has completed 26 scripts for The Tracer, half-hour series being filmed in New Orleans by Spencer Telefilms. Jim Chandler stars in the program which is based on the files of Tracers Corp. of America. Filming of the last six episodes is underway. Series will be distributed by Motion Picture Advertising, New Orleans.

**Tugboat Annie**

Television Programs of America is producing the half-hour adventure series based on the noted Saturday Evening Post stories. TPA Board Chairman Edward Small is supervising production on series, which TPA will offer for national or regional sale.

**Waldo**

A half-hour situation comedy based on the adventures of a chimpanzee, currently being co-produced by Television Programs of America and Robert Maxwell. Mr. Maxwell is producer of the series, which stars a chimpanzee and his scientist-owner and friend, played by Gil Stratton. TPA will distribute either for national or regional sale.

**War in the Air**

RKO Television is distributing this new series of half-hour programs, using official films of the Royal Air Force and other British airmen during World War II. Fifteen programs are available and others are being prepared. Series is being produced in London by John Elliott in cooperation with the BBC and Allied air forces.

**West Point**

Production is continuing on this Ziv Television Programs series, which will be launched on CBS by September. The sponsorship is by General Foods Corp. (Post cereals) through Benton & Bowles. It is an anthology series, with much location work at West Point and other military establishments. Cast changes. Producer is Leon Benson.

**Wire Service**

Starring Dane Clark as reporter for fictitious Transglobe News Syndicate, Wire Service is a series of full-hour films slated for Thurs.-9:10 p.m. (EDT) on ABC-TV beginning Oct. 4. Production crew went on location in the Mojave Desert last week to film the first story about the savage search for uranium in the West. Series is a Don Sharpe and Warren Lewis production using Desilu facilities.

**WLS National Barn Dance**

Fred A. Niles Productions is filming a series of 26 half-hour tv programs (using the Niles “Camtronic” system) of the 32-year-old radio programs, whose cast of more than 50 country-style singers, instrumentalists and comedians is being utilized in the tv series.

In addition to the new tv film programs which are either ready for telecasting or in production, and the pilots of projected series which are being shown to prospective buyers, most of last year’s popular film program series will be around in the months ahead, many of them with new episodes now being prepared for fall-winter telecasting, others with reruns of previous programs, sometimes retitled for rerun purposes.

To attempt to catalog the complete list of film fare to be available for televiewers during the 1956-57 season would require a volume in itself. The following company-by-company report makes no pretense at completeness, is presented merely as a spot check indicative of the activities of the major distributing companies of film programs for television, other than the introduction of new programs.

ABC Film Syndication’s list of continuing programs includes Code 3, Douglas Fairbanks Presents (39 new episodes for the 1956-57 season), Passport to Danger, Sheena, Queen of the Jungle, and others.

Alpha Television, which filmed T V Reader’s Digest, reported it is trying to work out plans for syndication of the property. The show finished its run on ABC-TV in July.

Ben Blue and producer Jerry Stagg have formed Blue-J Productions, which this fall is scheduled to begin filming a new half-hour tv series under the title of Champion. 26 films being produced by Flying A Pictures; 26 already seen on CBS-TV are being offered for national and international sales, not for syndication; Navy-filmed The Last Decision, which American Television Productions has licensed co-sponsor to ABC-TV this fall (39 new episodes, produced by Sam Gallu), and Annie Oakley (26 new episodes by Flying A Pictures). CBS-TV Film Sales also reports that several series are going into production but that plans are being kept quiet for competitive reasons. Fim will also continue distribution of upwards of a score of other properties, including ‘N’ Andy, Fall of Scotland Yard, Gene Autry Show, Life With Father, and Terrytoons (cartoons).

With Sept. 12 scheduled as start of the new season of Disneyland and Oct. 1 for Mickey Mouse Club, both of which start this weekend, there are 126 hours of programming in various stages of production at his Burbank, Calif., studio. The first of 26 new full-hour segments on Disneyland will be “Antarctica—Past and Present.” This film tells story of the first expedition where the U. S. is conducting major scientific inquiries will feature on-the-spot footage from Disney photographers Elmo Jones and Lloyd Beebe, who are with a Navy task force in Antarctica.

Disney is preparing subsequent television shows on Samoa, Holland, Lapland and the American Northwest from special footage shot by his photographers in those areas. To round out the series going into production, Disney is completing several programs on various fictional and historical personalities, including John James Audubon, Pecos Bill and John Tremaine. He also will present his live-action feature, “Rob Roy,” as a two-minute tv show.

**Disneyland** will be sponsored through its 1956-57 season by Derby Foods, American Motors and American Dairy Assn., marking their third consecutive year of sponsorship of the series.

**Mickey Mouse Club,** utilizing 100 hours of television production, will begin its second season and generally follow its established format. However, Mr. Disney is supervising a nationwide hunt for the latest juvenile talent that can be featured in the Mouseketeer segment of the daily series. From candidates selected in ten key cities, about 40 youngsters are being given five minute auditions at the studios.

**Mickey Mouse Newsreel** schedule also is being altered to provide for a number of weekly “specials.” Footage for these are arriving from MMN cameramen around the world.

**Ten Animal Autobiographies** and a 20-epi- sode live-action serial, The Hardy Boys, are in production. Disney also has set aside 80 one-reel cartoons for inclusion in the second Mickey Mouse Club season. Show has participating sponsors.

Flamingo Films is preparing no new series but it is preparing 26 half-hour animated films of The Country Show featuring stars of Grand Ole Opry, which has been sold to Pillsbury Mills in 116 markets and will be carried in a total of 220 markets this fall. Flamingo also is producing...
As of August 14, WBUF is the basic affiliate of the NBC Television Network in the nation's 14th market. Now, with all the big NBC-TV shows coming to Buffalo exclusively on WBUF, local and national spot advertisers are staking out prime availabilities next to top-rated stars like Perry Como, Bob Hope, George Gobel, Groucho Marx, Dinah Shore, Jack Webb, Steve Allen, Sid Caesar . . . next to top-drawer special events like the World Series, NCAA Football, NBC Spectaculars!

What's more, WBUF is upping its coverage area — increasing power to 500,000 watts and shifting transmission to a new 740-foot tower (134'9 feet above sea level) — to bring additional Greater Buffalo counties within reach of the WBUF signal.

In the first seven months of this year, only a limited number of NBC-TV programs were aired by WBUF. Yet so strong was the appeal of those few network shows, coupled with WBUF's superior film programs, that UHF conversion in Buffalo's metropolitan area rose an impressive 52.5%—from 105,000 to 160,100!

Now is the time to join national spot advertisers like Bulova, Coca Cola, Lever Brothers, Liggett & Myers, P. Lorillard, Philip Morris, Simmons Mattress and Bell Telephone in discovering the selling power of NBC's newest basic affiliate.

With WBUF, Buffalo—as with each of the NBC Spot Sales Stations—it's the happy marriage between NBC quality programming and outstanding local shows that makes it the choicest buy in its market!

There's always something extra on the stations represented by NBC Spot Sales.

Grove Labs Announces Big Hike in Ad Budget

GROVE LABS, St. Louis, which last year spent more than $4 million in advertising its three anti-virus preparations, 4-Way Cold Tablets, Bromo-Quinine and Citrode compound, is announcing today (Monday) a substantial hike in its advertising budget.

Through its three agencies—Harry B. Cohen Adv. (4-Way), Benton & Bowles (Bromo-Quinine) and Dowd, Redfield & Johnstone (Citrode)—Grove will spend close to $5 million in advertising, with part-emphasis falling on broadcasting. Approximately $1.2 million will be spent in a radio-tv drive for 4-Way, covering one minute and 10-second announcements and station IDs on about 150 tv stations and 200 radio stations during the course of 26 weeks [B&T, July 9].

Bromo-Quinine will devote 30% of its allocations to radio-tv spot. Grove's newest product, Citrode, will receive the lion's share of the overall budget, with more than $2 million to be spent between September and next winter. According to Grove's marketing vice president, Gene K. Foss, Citrode, which was tested last year in 15 cities, "will be backed by the biggest ad budget ever to launch a new cold preparation."

(During last year's test, begun some months after the start of the traditional cold season, Citrode managed to get more than 24% of the total New York cold medication sales, a sizable notch over the 20% average-share-of-market in the 15 test cities.)

Merchandising Talk Features WXEX-TV Timebuyers Lunch
INDICATIONS that WXEX-TV Richmond, for one, will seek government approval of its in-store merchandising plan were given last week by Irvin G. Abeloff, vice president.

His observations stemmed from the recent Federal Trade Commission action, which, although not aimed at radio-tv merchandising arrangements directly, charged nine major manufacturers with violating anti-discrimination provisions of the Robinson-Patman Act by buying time where in-store promotion was offered as a "special inducement" [B&T, July 30].

Presiding at a luncheon given by WXEX-TV to agency directors and other important people in New York last Thursday, Mr. Abeloff addressed the group not to "shudder" when he mentioned "merchandising services" as one of the factors in WXEX-TV's claim of dominance in its market.

He said the station's merchandising program gives "approximately equal treatment to all comers," and that this meets the key requirement of the Robinson-Patman Act. He said the station also is willing to extend the plan to all retailers on a "proportionately equal basis." Station attorneys are "working on it now," he said, adding he is hopeful of approval soon.

The discussion of merchandising services occupied only a small portion of Mr. Abeloff's presentation to the agency people on WXEX-TV's claim that it is the "dominant" television station in its area. Other WXEX-TV people on hand included Tom Tinsley, who also heads WITH-AM-TV Baltimore and WLEE-AM-FM Richmond, and Mrs. Tinsley; R. C. (Jake) Embry, executive vice president of the WITH station; Harvey Hudson of WLEE Richmond, other station officials, and top executives of Select Station Representatives, which represents WXEX-TV on the Eastern Seaboard, and of Forjoe-TV Inc., which represents WXEX-TV in all other sections of the country.

Spot Campaign Planned By Robert Hall Clothes

ROBERT HALL Clothes (clothing store chain) last week announced that starting Aug. 20 it will launch a multi-million-dollar spot campaign in 130 markets on 90 radio and 90 television stations. This campaign and another scheduled to start Sept. 20 will run through the Christmas season. It will be used in part to promote Robert Hall's additional 20 stores opening between now and the end of the year.

Spokesmen for the chain at its New York agency, Frank B. Sawdon Inc., said that it opens 40 stores a year, and as it adds new outlets up its advertising budget. Though declining to specify what Robert Hall's total budget comes to a year, or how much is actually spent in broadcast media, the agency said more than 60% is in radio.

Markets covered by the latest drive include San Diego, San Bernardino, and Bakersfield, Calif.; Phoenix, Ariz.; Albuquerque, N. M., and Washington, D. C. The 14-year-old chain also will blanket its already-established markets, in which it plans to add new outlets.

Two-City Spots to Herald 'War and Peace' Premieres

PARAMOUNT Pictures Corp. through Buchanan & Co., Los Angeles, this week begins what it calls a "super-saturation" radio spot campaign on network and independent good music stations in New York and Los Angeles for premieres of "War and Peace" Aug. 21 and 23, respectively. The studio said it is buying four times the normal coverage used to promote a picture its already-made, in which it plans to add new outlets.
Guest stars Peggy King, center, and Leo Durocher, right, are pictured above with KMTV’s Bettie Tolson on her popular show, “Your TV Home.”

KMTV's Responsive Pre-Sold Audience Requests 200,000 Recipes!

“Your TV Home”—Here’s the outstanding homemaker’s show that has real meaning for thousands of enthusiastic homemakers in KMTV’s rich multi-state market.

These ladies, all loyal followers of “TV Home’s” Bettie Tolson, have requested 200,000 copies of recipes featured on the show since it began four years ago.

In a ten-day contest, almost 2,300 household hints were entered. In another case, 2,800 viewers wrote and asked for introductory samples of a new product. 13 spots on “Your TV Home” produced 3,500 recipe contest entries from 405 towns and cities in five states—204 from communities in Nebraska and 162 from towns in Iowa. These are typical results.

Follow the lead of other successful profit-minded local and national advertisers. Cash in on KMTV’s pre-sold audience. Schedule KMTV . . . the midwest’s Color Television Center and Omaha’s popular TV station that gets action for you! Contact KMTV direct or see Petry today.

Air Express service

*RADIO-EQUIPPED
TRUCKS

†TELETYPE NETWORK

More speed!
Constant shipment control!
No extra cost!
In one metropolitan center alone, Air Express has reduced average pick-up and delivery time by more than half! (And it was notably efficient to start with!)

Amazingly — by introduction of new equipment and new methods — Air Express is chalking up new records for cutting “ground time” of shipments.

Radio-equipped trucks in leading markets are now in constant touch with Air Express Dispatchers. Pick-up time is cut to a minimum. Deliveries are expedited.

All this speed-up of service with Air Express is now yours — with no added charges!

Air Express now can practically pinpoint shipments. A key-city network is linked together by private teletype service, tied in with scores of other communities in a nationwide network.

All along the route, teletype carries the vital information of all load messages — weight, number of pieces, destination, plus special information or instructions.

Thus, the greatest possible control of Air Express shipments — at no increase in cost to you!

In fact, thousands of users regularly find “Air Express costs less” than any other service!

For the world’s most efficient, most complete air shipping service — linking some 23,000 U. S. communities, all by one through carrier — call

Air Express

PETRY & CO. TO SPONSOR KASELOW SHOW ON WOR

Across-the-board program featuring 'New York Herald Tribune' writer said to be first regularly-scheduled on advertising field news and first representation firm-sponsored.

IN A DOUBLY unique move, Edward Petry & Co., radio and tv station representation firm, signed last week to sponsor advertising news writer Joseph Kaselow of the New York Herald Tribune in an across-the-board advertising commentary on WOR New York.

Officials said that, to their best knowledge, it is the first regularly scheduled radio program of news and commentary dealing with the advertising field and the first program to be sponsored by a representation organization. It will be heard at 7:45-7:30 p.m. Mondays through Fridays, starting today (Mon.), and will be called Inside Advertising.

Commercially, at least at the outset, will be essentially institutional announcements stating that the program is presented by the Petry company, representative of leading radio and television stations. They are being prepared by the Petry organization. The business was placed direct, but a promotion campaign in the Herald Tribune and New York World-Telegram & Sun is being handled by the Petry agency, Wesley Assoc.

Inside Advertising is aimed primarily at advertising people, but will contain enough "feature material" to appeal also to a large segment of the general public, officials reported. They said it will deal with news developments in the advertising field, appraise advertising trends, outline new campaigns, report on new products and major personnel changes. A guest advertising "personality" will be interviewed at least once a week, and spokesmen said facilities have been made available to enable Mr. Kaselow to do remotes from various agencies, clients' offices, and headquarters of major advertising and trade conventions.

Mr. Kaselow, formerly with the now-defunct agency of Cowan & Dengler, has been with the Herald Tribune since about 1937 and has been writing its "Advertising Field" column since February 1952.

</table>

(P) Participations, as distinguished from sponsorship.

In the above summary, the monitoring occurred the week ending May 11, 1956.

The Hooper Index of Broadcast Advertisers is a measure of the extent to which a sponsor's commercials are seen or heard. Each commercial is assigned a number of "commercial units," according to its length.* This number is then multiplied by the audience rating attributed to that commercial.** When each commercial has thus been evaluated, the results for all commercials of each sponsor are added to form the HIBA. For further details of preparation, see the basic reports published by C. E. Hooper, Inc., Broadcast Advertisers Reports Inc. and American Research Bureau Inc. Above summary is prepared for use solely by Broadcasting • Telecasting. No reproduction permitted.

*"Commercial Units": Commercials are taken from the monitored reports published by Broadcast Advertisers Reports Inc. A "commercial unit" is defined as a commercial exposure of more than 10 seconds but usually not more than one minute in duration. Two "commercial units" are attributed to a 20-minute program, and in the same proportion for programs of other lengths. A "station identification" equals one-half "commercial unit."

**Audience ratings for television, both national and local, and those published by American Research Bureau Inc. Based for the most part on the ratings of C. E. Hooper, Inc. In the case of station breaks the average of the ratings for the preceding and following minute is used wherever feasible: otherwise, the rating is that of either the preceding or following time period, normally the preceding.
Just released, 39 exciting new episodes of Badge 714

Here's television's greatest syndicated mystery! New honors for Badge 714 and Jack Webb — from Billboard's 1956 TV Program & Talent Awards: television's "best half-hour mystery series," "best mystery performer" and "best actor among all syndicated programs."

Viewers continue to vote Badge 714 television's greatest mystery series, too! As Dragnet, it is the highest-rated mystery show on network television today. As Badge 714, it's tops in market after market regardless of size or program competition (latest available ARB).

Badge 714, award and audience winner, is your answer to quick sales action. Get all the facts first-hand... call NBC Television Films now for first-run syndication availabilities in your markets.

B&B Agency Increases Duties Of President Robert E. Lusk

IN an initial step to realign top management functions of Benton & Bowles, New York, the agency's board of directors last week added to the duties of President Robert E. Lusk, electing him also chief executive officer, a new agency post.

Mr. Lusk assumes responsibilities heretofore handled by various agency committees, it was explained. The move was necessary because of the growth of the agency and is designed to streamline management functions by releasing B&B top executives for creative and marketing problems of agency clients. It is expected that in time, the committee structure at B&B will be further centralized in the strengthening of executive administration.

The election of Mr. Lusk does not affect Atherton W. Hobler, who continues as chairman of the executive committee at B&B, nor the office of William R. Baker Jr., who remains chairman of the board.

Mr. Lusk, with B&B since 1953, has held a number of positions there and has worked on all of the accounts now served by the agency. He became executive vice president in 1950 and later was elected president.

Foremost Changes Agency For International Service

FOREMOST DAIRIES Inc., San Francisco, will transfer its $1.5 million advertising account from Guild, Bascom & Bonfigli, San Francisco, to BBDO, San Francisco, effective Jan. 1, 1957. Of the $1.5 in billings, an estimated $1.2 million is in television, largely for the syndicated Primary Clooney tv program. A spokesman indicated that the change was not undertaken because of dissatisfaction with GB&B, pointing out that Foremost has attained all-time record highs of sales and profits during the time GB&B has had the account.

He said that Foremost wanted an agency that could provide servicing overseas that GB&B could not offer. BBDO does not maintain offices outside the U.S., except in Toronto, but does service international accounts with personnel in its branch offices, mainly those in New York and San Francisco.

NBC-TV Sells Out 'Queen'; $400,000 More Daytime Sold

IT'S SRO for advertisers wanting to buy into NBC-TV's Queen for a Day, according to George H. Frey, vice president in charge of sales, who last week announced an additional $400,000 worth of daytime business by seven sponsors of that show and other programs.

The final segment of Queen was filled by Brown & Williamson Tobacco Corp. (Raleigh) through Russell M. Seeds, Chicago, which bought the Queen for 1:15-4:15 p.m. segment for six programs between Oct. 9 and Dec. 18.

Other orders placed with NBC-TV:
- Pharmacal Inc. (Feen-a-Mint laxative chewing gum), Newark, N. J., 26 alternate 15-minute Friday segments of It Could Be You and Comedy Time (starting Oct. 5), via Doherty, Clifford, Steers & Sheffield, New York.
- Bon Ami Co. (Jet Bon Ami cleanser), New York, participation in Home, Today and Matinee Theatre beginning Sept. 12, through Ruthrauff & Ryan, New York.
- Asco Electronics Co. ("Flea-Gard"), Boston, three participations this month on Today, through Jerome O'Leary Adv., Boston.

Clyde Rapp to Supervise Ford's New Car Account

CLYDE E. RAPP, vice president and account supervisor in the Chicago office of Foote, Cone & Belding, will transfer to Detroit as account supervisor on Ford Motor Co.'s Special Products Div. account and associate manager of the agency's new office in that city, it was announced Wednesday.

FCB plans to open its Detroit office "shortly" to service the Ford Motor Co.'s account for its medium-priced automobile, now in the design and engineering stages, which is expected to be unveiled next year.

Geoghegan Resigns Post At Bryan Houston Agency

W. C. GEOEGHEGAN, vice president and director and one of the founders of Bryan Houston, New York, resigned last week. His successor has not yet been named.

Mr. Geoghegan joined Sherman & Marquette in March 1953 and previously had been with Compton Adv., as vice president and account supervisor, with Pepsi-Cola Co. as assistant general sales manager and in charge of company operated franchises, with Lennen & Mitchell as account supervisor, with Gulf Oil as manager of sales and assistant advertising manager and with American Oil Co. as assistant advertising manager.

His future plans have not been announced.

146 TV Stations Raise Rates During First Half of 1956

Rate increases were effected by 146 TV stations in the first six months of 1956 and only four stations reduced rates, according to a summary by Standard Rate & Data Service. On the other hand, more radio stations reduced than increased rates in the period—87 to 156.

The summary shows the increase in TV hourly rates averaged 21.6%, as compared to 20.7% in the same 1955 period. It was shown that 160 stations increased one-minute rates and that six offered a reduction, whereas in the 1955 period 110 increased and four decreased one-minute rates. The 1956 change averaged a 21.6% increase, compared to 25.2% a year ago.

Radio stations showed an overall-rate decrease of 6.7%, on an hourly basis and a decrease of 4% for one-minute rates.

Newspapers effected an 11.4% average increase in the six-month period, the summary showed, with 487 of 1,565 papers revising rates. Only one newspaper reduced rates. The average increase a year ago was 11.2%. In the business publication field, there were 275 increases out of 1,794 publications and only six decreases in rates. The overall change this year was 16.5% compared to 14.9% a year ago. Consumer magazines had 100 rate increases and 11 decreases, averaging 14.1% increase.

Grey Adds Four to Staff

Four additions have been made to Grey Adv., N. Y., staff, it was announced last week. They are Andrew Kainig, account executive, Young & Rubicam, to similar position; Sonia Yang, formerly study director, Audit & Surveys Co., as project head in Research Dept.; Rosalind Prager, assistant advertising manager and copy chief, soft goods division, R. H. Macy, N. Y., as copywriter, and Milton Schwartz, assistant to director of advertising, NBC, also as copywriter.

‘Conflict’ Sponsor Signed

Cheesebro-Ponds Inc. (Pond’s cosmetics, Vaseline products and Pertussin), New York, through McCann-Erickson and J. Walter Thompson, both New York, will sponsor the Warner Bros.-produced “Conflict” series on alternate Tuesdays (7:30-8:30 p.m.) next season on ABC-TV. Both “Conflict” and Cheyenne, former weekly segments of Warner Bros. Presents, will become separate shows, and the title Warner Bros. Presents will be dropped. General Electric Co.’s lamp and houseware-radio-tv divisions, through BBDO and Young & Rubicam, both New York, already had been announced as sponsor of Cheyenne next season.

A & A People

Bob Singer, account executive, Otian & Bronner Inc., Chicago, elected vice president.

Louis T. Haggopian, eastern new car sales manager, Dodge Div. of Chrysler Corp., named director of advertising and sales promotion for Plymouth Div., Detroit.

Chester A. Gile, former head of Minneapolis agency bringing his name to Monopoly & Assocs., Washington agency.

B. H. Melton promoted from sales manager of refrigerator division to national sales manager of appliance division at Admiral Corp., Chicago.

Philip M. Barnos, formerly with Young & Rubicam, N. Y., to Colgate-Palmolive Co., N. Y., as assistant director of television & radio.

Louis W. Corrigan, formerly with advertising staff, Atlanta Journal-Constitution, to account executive, Kenyon & Eckhardt, Atlanta. San Francisco radio-tv copywriter, Young & Rubicam, Mexico City, to copy director, Kenyon & Eckhardt de Mexico S.A., Mexico City.

John L. Gardner, director of advertising and merchandising, General Baking Co., to K&E, N. Y., in promotion department.

William J. Tracy Jr., account executive, BBDO, N. Y., for past five years, to McCann-Erickson, N. Y., as executive on Standard Oil Co. (N. J.) account.

A & A Agencies

Armstrong Rubber Co., Foam Rubber Div., West Haven, Conn., has been added to tire division account handled by Lennen & Newell, N. Y. Armstrong account, billing total of $800,000, was formerly handled by Biow Co., now defunct.

A. S. Harrison Co. (Preen waxes), South Norwalk, Conn., appoints Charles W. Hoyt Co., N. Y. Harrison has total billing of $175,000 and was formerly serviced by Samuel Groot Agency, N. Y.
you don't just LEAP.

Unlike this gentleman, we consider it foolhardy to plunge into anything without first having all the facts in hand.

When we make sales calls, intelligent advance preparation stands behind them. It's a ruling premise of successful representation for successful television stations.

Knowledge of advertisers' problems and station background is not only important, but necessary to the salesman eager for and interested in getting the most for the stations he represents.

All this—plus hard work and conscientious effort for a limited group of stations—add up to an outstanding calibre of performance. What it means in profitable results is, we think, worthy of examination by others.

Harrington, Righter and Parsons, Inc.

TV ADVERTISERS:
You are not covering South Bend-
Indiana’s 2nd market-unless you are using WSBT-TV!

Please don't take our word for it. Check the viewer reports on the South Bend Market—either A.R.B. or Pulse. They all show that WSBT-TV completely dominates the South Bend market. The latest A.R.B. report (February, 1956) tells the same story. It shows that WSBT-TV carries the top 13 shows and 23 of the top 25! It also reveals that more viewers watch WSBT-TV during the prime daily viewing hours of 6:30 p.m. to 10:30 p.m. than watch all other stations combined!

Chicago stations are included in the A.R.B. report. They reach only a handful of viewers. It all boils down to the fact that you just don't get television coverage in South Bend, Indiana without WSBT-TV!

This is Indiana's 2nd market in population, income, sales—and one of the Nation's richest. Get the whole story. Write for free market data book.

PRODUCTS & AGENCIES

L. C. Barlow, senior partner and vice president, Brooke, Smith, French & Dorrance, N. Y., named director of media and marketing for N. Y. division.

Anthony Rizzo, formerly of Biow Co., N. Y., to Ogilvy, Benson & Mather, N. Y., as television production manager. He succeeds James Gress, resigned to accept another position.

Doris Gravett, formerly with Biow Co., N. Y., to Dancer-Fitzgerald-Sample, N. Y., as casting director.

Alfred L. Hopin, formerly in production department, Al Paul Lefdon, to A. D. Adams Adv., N. Y., as creative director.

Raymond A. Johnson promoted from merchandising post to sales promotion manager of Norge Div., Borg-Warner Corp., Chicago. He will be responsible for developing national and local promotions for Norge appliance distributors and dealers.

Irwin L. Mandel, former writer for WTTV (TV) Bloomington, Ind., to Allstate Insurance Co., Skokie, Ill., as copywriter.

Byron Maddox, agricultural advertising specialist, to Bozell & Jacobs Inc., Omaha agency.

Robert P. Rayce, market research manager, L. A. office of Dun & Bradstreet, to Erwin, Wasey as assistant market research director.

L. Sprague de Camp, free-lance science and science fiction writer, to public relations staff of Gray & Rogers, Phila.

Venable (Van) Herndon, senior copywriter, L. Bamberger & Co. (department store), Newark, to Hicks & Greist, N. Y., copy staff. Leonard Bittner, formerly copywriter with Kenyon & Eckhardt, N. Y., on RCA, Mennen and Welch grape juice accounts, to H & G as copywriter.

Arthur C. Mayer, copywriter, Norman, Craig & Kummel, N. Y., to H & G in similar capacity.

Onofrio Avitabile, recent graduate, College of City of New York, and Maurice F. Doyle Jr., formerly with Eastern Racing Assn., to radio traffic department, N. Y., Ayer & Son, N. Y.

Richard Zayac, formerly with New Center Studios, Detroit, to art department, MacManus, John & Adams, Bloomfield Hills Mich., to work on promotional material for Pontiac.

Julia T. Lucas, Product Services, N. Y., timebuyer, resigned from agency to take freelance assignment abroad.

Cal Kuhl, producer, Lux Video Theatre (NBC-TV Thurs. 10 p.m. EDT), J. Walter Thompson Co., Hollywood, named by agency executive producer of Tennessee Ernie Show to be sponsored by Ford Motor Co. on NBC-TV in fall. Earl Ebi Lux Video Theatre director, appointed associate producer of show.

Norman Cohen, comptroller and executive as- sistant to president of Emil Mogul Co., N. Y., father of girl, Heidi, July 18.
Friendship, in our South, finds its roots in steadfast loyalty. But friendship of this nature is not lightly given—it must first be earned.

This tenet is sharply defined in the wealth of friends gained by WRVA Radio over the past 31 years. Through continued participation in community affairs...by the highest standards of entertainment and service...with a tradition of responsible, competent and experienced management—WRVA Radio has won (and held) the firm devotion of Richmond families.

Now comes WRVA-TV—endowed with this rich inheritance from WRVA Radio—and steadily winning the allegiance of Richmond's television viewers. They expect from WRVA-TV the finest that proven skill and imaginative minds can produce. They are not disappointed.

Mindful of such responsibility, Richmond's newest television station has moved inevitably to the position of leadership by earning the special loyalty that Southerners give only to those who earn it. Truly, WRVA-TV belongs to Richmond as no other television station ever has—or can.

C. T. Lucy, President Barron Howard, Vice President and General Manager James D. Clark, Jr., Sales Manager
ANNUAL REGIONAL MEETINGS BY NARTB AGAIN TO FOLLOW STREAMLINED PATTERN

First of eight area sessions, in which key staff executives will take part, to be at Minneapolis Sept. 17-18. FCC Comr. T. A. M. Craven to make first industry appearance in his new role.

NARTB will open its annual schedule of regional meetings Sept. 17, with key staff executives taking part in eight area sessions scheduled in two two-week clusters.

Comr. T. A. M. Craven, who returned to the FCC last July, will make his first industry appearance in his new role at the first meeting, to be held Sept. 17-18 at Minneapolis. Chmn. George C. McConnaughey or one of the six commissioners will take part in all meetings, under present plans, with the assignments being rotated. They will speak at banquets scheduled the opening night.

This year’s meetings will last two days, a condensing of the three-day format followed last year when the 17-meeting schedule was compressed into eight regional sessions. The shorter agenda is based on polls taken last au-
tumn, the membership having showed a de-
cided preference for the streamlined routine as well as the regional idea.

NARTB President Harold E. Fellows will head a large headquarters group. The travel schedule is much lighter and time away from the Washington office has been cut to a mini-
mum. The touring group will spend only 1½ weeks on the road, since most of the meetings will be held in Washington. Meeting sites have been arranged to keep down total mileage.

While programming plans have not been com-
pleted, the lineup calls for a radio agenda on the morning of the first day. President Fellows will address the opening luncheon. In the afternoon radio delegates will split into small and large market groups for “bull sessions.” Simultaneously, tv delegates will hold their own sessions.

Strong sentiment for the informal type of discussion was voiced in membership polls. Headquarters officers will take part in these discussions.

The second morning will be confined to tele-
vision topics. Luncheon arrangements are being made by NARTB board members located in each region. The final afternoon program is labeled “association session.” It will include topics of general interest and adoption of re-
solutions.

Emphasis will be given TV Code enforce-
ment this year. Edward H. Bronson, code di-
rector, and Charles S. Cady, assistant director, will conduct code sessions along with a member of the TV Code Board.

Television Bureau of Advertising will pro-
vide a tv sales clinic the opening afternoon. Radio Advertising Bureau will not take part in the regional meetings, since it has chosen to conduct its own series of clinics.

The radio and tv activities will be directed by John F. Meagher, radio vice president, and Thad H. Brown Jr., tv vice president. Other staff specialists taking part will be Vincent Wasilewski, government relations manager; Joseph M. Strick, publicity-information man-
ger, and Jack L. Barton, station relations man-
ger or a member of his staff. William L. Walker, assistant treasurer, will be convention manager at the meetings.

Last year all staff executives were given a chance to take part in at least one regional meeting. This problem will be simplified in the upcoming series because one of the ses-
sions will be held in Washington.

Decision to follow the regional plan a sec-
ond year was made by the NARTB board after it was shown that total attendance ran 27% above 1954 when 17 district meetings were held. In all, 1,269 broadcasters were registered compared to 996 in 1954. Associate member participation averaged 45 at the meetings com-
pared to 36 in 1954.

Two program features that will command interest are the operating cost and labor rela-
tions discussions by Mr. Tower and the legis-
lative review by Mr. Wasilewski. Legislative problems have been severe this year, even con-
tinuing through the summer (see investigation story, page 35). Mr. Tower’s department is completing its annual study of station payrolls and operating expenses.

The regional meeting schedule follows:

Region	Days	Dates	City
1	Mon.-Tues. Sept. 17-18	Minneapolis
2	Thurs.-Fri. Sept. 17-18	Salt Lake City
3	Mon.-Tues. Sept. 24-25	San Francisco
4	Thurs.-Fri. Sept. 27-28	Oklahoma City
5	Mon.-Tues. Oct. 11-12	Washington, D. C.
6	Mon.-Tues. Oct. 18-19	Indianapolis

REPRESENTED NATIONALLY BY JOHN BLAIR & COMPANY
TVB, NEWSPAPER REPRESENTATIVE SWAP BLOWS ON TVB'S USE OF STARCH DATA

Head of Moloney, Regan & Schmitt accuses TVB of twisting statistics. Treyz of TVB, repeats charge that newspaper circulation has not kept pace with growth of population and that newspaper costs per thousand have shown an increase of 20% since 1950.

TELEVISION Bureau of Advertising was engaged last week in a running battle with "the newspaper industry" over TVB's presentation a few weeks ago showing that local ads in the Denver Post are reaching fewer women per dollar than they used to [B&T, July 23].

Herbert Moloney, president of Moloney, Regan & Schmitt, newspaper representation firm whose clients include the Denver Post, issued a statement Thursday challenging TVB's claims as being "woefully ignorant" or "wilfully trying to mislead." Mr. Moloney stressed that he was speaking "on behalf of the newspaper industry," not any single newspaper or group of papers.

Mr. Treyz promptly replied by releasing charts shown in TVB's Denver presentation—and by publicly inviting Mr. Moloney to witness a repeat performance of the Denver showing.

Mr. Moloney said his statement was based on a TVB news release on the Denver presentation, in which Mr. Treyz said "newspapers are suffering a quantitative slump—not just in circulation but, more important, in readeership." The TVB claims were based on data prepared by Daniel Starch & Staff.

Mr. Moloney said: "Here are the facts:

1. Circulations of U. S. daily newspapers are at their highest in history, 56,147,000.
2. While U. S. adult population has grown 19% since 1940, daily U. S. newspaper circulations have increased 37%—almost twice as fast.
3. The averages Mr. Treyz has compiled from Starch figures cannot correctly be compared, one study with another. Therefore, Mr. Treyz is wrong in his use of these Starch figures, which fact every good research man knows, and his claimed results are indicative of nothing.
4. Although Mr. Treyz stated that he used 'all the available information on the subject,' he did not do so.
5. When all of the Denver Post figures are studied, there is a complete absence of pattern and, if one wishes to engage in statistical gymnastics, it is possible to put together a story highly contradictory to Mr. Treyz—with readership increases as high as 100%—depending entirely on which figures are selected.

"We challenge the television industry, through its Television Bureau of Advertising Inc., or any other agency, to submit Mr. Treyz' press release and this statement to the technical committee of the Advertising Research Foundation for validation."

Mr. Treyz replied: "Mr. Moloney's attack is based on what TVB said in delivering a wide-screen presentation before advertiser and agency executives in the West, particularly the one delivered in Denver on July 17. Rather than involving ourselves in a 'he said, we said' argument, we are submitting the three visual exhibits, referring to

Colossal!
It's "Boston Movietime," a bright new programming concept, scheduled daily, 4:45-6:30 PM, over WBZ-TV, reaching Mom, Dad and the kids. All of 'em.

"Boston Movietime" will start off with those utterly incomparable cartoons, build through Selected Short Subjects (just like downtown) to the big WBC pictures.

Promotion? Naturally. Newspapers, car cards, cab covers, contests, on-the-air spots, the works. All of which means more families in a happy movie party mood, settled and set to stop, look and buy.

Bring your own popcorn. We'll bring the folks. And Herb Massé, WBZ-TV Sales Manager, he's at the participation box office: Algonquin 4-5670, Boston. Oh yes, A. W. "Bink" Dannenbaum, WBC VP-Sales, is operating the New York ticket window at Murray Hill 7-0808. Get 'em while they're hot.

In Boston, no selling campaign is complete without the WBC station... **WBZ-TV**

Support The Ad Council Campaigns!
WASHINGTON, D.C. — Mr. Moloney, who served as the ABC’s director of research, has been succeeded by Mr. Love, Staufer, Colwell & Bayles and also at ABC, that Gene Accas, operations director, served in research at Foote, Cone & Belding; that Dr. Leon Arons, research director, was vice president in charge of research for William H. Weintraub agency, and that Harvey Spiegel, assistant director of research, was research director for Norman, Craig & Kummel.

Carter, Krueger Will Head NARTB Convention Planning

CO-CHAIRMEN of the 1957 NARTB convention committee will be Kenneth L. Carter, WAAM (TV) Baltimore, and Herbert L. Krueger, WTAG Worcester, Mass., NARTB President Harold E. Fellows announced Tuesday. They are vice chairmen of the tv board and radio board, respectively. The convention will be held April 7-11 at the Conrad Hilton Hotel, Chicago.

Other members of the convention committee, which will meet in Washington Sept. 6, are Campbell Arnoux, WTAS-TV Norfolk, Va., and E. K. Harnenbower, KCNO Kansas City, 1956 convention co-chairmen; Ward Ingrim, KJH Los Angeles; Gaines Kelley, WFMF-TV Greensboro, N. C.; Merrill Lindley, WSUY-FM Decatur, Ill.; Ward L. Quaal, WGN-TV Chicago; W. D. Rogers, KDUB-TV Lubbock, Tex.; Harold P. See, KRON-TV San Francisco; F. C. Sowell, WLAC Nashville, and Edward A. Wheeler, WEAF-TV Evanston, Ill.

Clayton Named 'Quill' Editor

CHARLES C. CLAYTON, a veteran of more than 30 years in active newspaper work and currently visiting professor of journalism at Southern Illinois University, Carbondale, Ill., has been named editor of The Quill, a magazine for members of the communications industry published monthly by Sigma Delta Chi professional journalistic fraternity.

Mr. Clayton, who was national president of Sigma Delta Chi in 1951-52, succeeds Carl R. Kesler, who served as editor from 1944 until his death on July 2.

Sol Taishoff, B&T editor-publisher and Sigma Delta Chi national vice president in charge of professional chapter affairs, has succeeded Mr. Clayton as a member of the fraternity’s publication board.

Page 70 • August 13, 1956
Ultra linear audio, automatic recycling, individual cooling of each of three cubicles for lower operating temperature, much lower spurious radiation, lowest tube set cost, lowest power consumption and lowest initial cost. A Gates sales engineer would enjoy telling you the BC-5P story and an attractive brochure is yours too, just for the asking.
ANNUAL REPORT RELEASED BY ADVERTISING COUNCIL

Non-profit, non-partisan organization estimates that $125 million in space and time was contributed during fiscal year to national welfare projects.

AN ESTIMATED $125 million worth of space and time was contributed in the fiscal year ended Feb. 29 to national welfare projects conducted by The Advertising Council, according to the annual report of the non-profit, non-partisan business organization released Friday in New York.

In summarizing broadcast activity on behalf of council projects, the report noted that last year regular weekly radio support was given to 19 "top-priority" campaigns. Broadcasters and advertisers contributed support also to 39 other causes. Circulation through sponsored network programs alone was 2 billion home impressions. This does not include broad coverage donated by regional radio advertisers, by the four radio networks and by all U.S. stations, the council pointed out.

Aid by NARTB and volunteer advertising agencies "in making radio an extremely powerful and effective tool for delivering council messages" was applauded.

At the same time, the council emphasized that national tv circulation given to campaigns by sponsored network shows alone increased 40% last year over the previous year, 100% over 1953 and 200% over 1952.

HOW radio proved the best to brighten the smiles of Lever Bros. sales executives by boosting Pepsodent sales like never before is being retold by Radio Advertising Bureau. RAB notes that use of the toothpaste jumped 10% in just four weeks among the people reached by Pepsodent's radio jingle campaign.

The gist of the RAB recap of Lever Bros.' phenomenally successful radio campaign for its Pepsodent toothpaste (the jingle "You’ll Wonder Where The Yellow Went. . . ."): If there are any people around who still don't know where the yellow went, it's their own fault, they haven't been listening to the radio.

According to RAB, which commissioned Advertist to conduct a home interview survey shortly after the Pepsodent campaign premiered on radio this past winter, well over two-thirds of the 4,605 sample who could correctly identify the jingle said they heard it on radio. Forty-three percent of the sample actually could "play back" the message to the interviewers. Also interviewed were 205 drug store owners and managers.

RAB is using the results of the Advertist study in a special booklet, How The Yellow Went, that has been sent to members.

Film Alliance Adopts NARTB Video Code

NARTB's Tv Code has been adopted as a bylaw by Alliance of Television Film Producers, with alliance members permitted to show an ATFP seal on their films. In announcing the action, Maurice Morton of McCadden Corp., ATFP chairman, made no mention of the NARTB TV Board's June 20 action providing for film affiliate subscribers (B't, June 26).

Mr. Morton said the alliance, in adopting "the long-established and highly respected NARTB code," was predating its action on its desire "to preserve uniformity of codes throughout the industry." The group said it desires to avoid confusion that could result from "multi-codes" and it seeks "most effective policing of tv film productions."

Alliance members, it was added, "realize that the NARTB Tv Code is based upon the principle of self-regulation, and alliance members agree that they shall each, individually, be responsible for maintaining the highest possible ethical and moral standards in their films."

The alliance by-law specifies that it maintain a permanent committee to consider alleged violation by members, with a two-thirds alliance vote required for disciplinary action, such as removal of the ATFP seal or expulsion from membership.

Members of the alliance ethics committee are Mr. Morton, chairman; Hal Roach Jr., Hal Roach Studios and ATFP president; Armand Schaeffer, Flying A Productions; Maurice Unger, Ziv Productions; Jack Findlater, Revue Productions; Sam Saks, Wm. Morris Agency, and Richard St. Johns, of O'Melveny & Myers, counsel. The alliance claims to represent 75% of independent film producers and distributors.

Hayes Heads ARF Committee

ARTHUR HULL HAYES, CBS Radio president, has been appointed chairman of the programming committee for the 1956 Advertising Research Foundation's conference, to be held in New York Nov. 29.

Purpose of the conference—second of its kind—is to keep ARF members informed of the foundation's work to date and to aid in improving advertising procedures by making public new impartial research methods.

An ARF spokesman said last week that detailed plant concerning topics, speakers and banquet arrangements will be announced "within two weeks."
When WICU station people aren’t busy “packing them in”, they’re just as occupied “picking them up” — awards that is! Repeated NBC, ABC and CBS citations have deluged the nation’s outstanding promotion-minded station with a total of 36 national awards.

Aggressive showmanship has stacked WICU’s trophy shelf knee-deep in booty, much to the delight of General Mills, P&G, Chrysler, American Dairy Assoc., DuPont, etc.

Even the ratings are aggressive!

A recent view of the WICU box-office offers documented proof why clients can tilt back in plush easy chairs and relax. An agile index finger can quickly verify the score. Percentages consistently tally to good advantage — favor of WICU — and you.

WICU specializes in contented clients. You can join them easily enough: just call Petry or Ben McLaughlin, General Manager and name your trophy.

ABC PROPOSAL TERMED 'REPETITIOUS'

Protestants to network’s request for lowered mileage tables and revised table of allocations say it is not in line with comments requested by Commission in the latter’s rule-making proceedings.

STRONG OPPOSITIONS to the ABC proposal filed last month [B*T, July 30] for lowered mileage separations and a revised table of allocations in the first 200 markets—in behalf of equalizing tv facilities—were submitted to the FCC last Monday, the last day in which such oppositions could be filed [CLOSED CIRCUIT, Aug. 5].

Also filed last week was a memorandum to the FCC from the Assn. of Federal Communications Consulting Engineers calling attention to inconsistencies and anomalies in the FCC’s June 25 report and order on allocations.

Generally, the oppositions held that ABC’s proposal should be dismissed since it was “repetitious” and not in line with the comments requested by the FCC in its rule-making proposals last June [B*T, July 2]. These called for comments by Oct. 1 regarding the Commission’s discussion of a possible move of tv to the uhf band in the entire country or in a major section of the country. The oppositions also took issue with ABC’s suggestion that co-channel mileage separations be reduced.

Those filing as opponents of the ABC petition were WGAL-TV Lancaster, Pa.; KHQ-TV Spokane, Wash.; WBTU (TV) Charlotte, N. C.; WTV (TV) Florence, S. C.; WSM-TV Nashville, Tenn.; WDAF-TV Kansas City, Mo.; WPX (TV) New York; WGN-TV Chicago, and WTV (TV) Richmond, Va. Also filed (by the Washington law firm, Dow, Lohnes & Aldrich) was a petition that the deadline for oppositions be extended to Sept. 10.

APCCE communications chided the Commission for what it termed “over-simplification of important engineering matters.” It called attention to the need for clarification of certain technical details included in Appendix A of the Commission’s June 25 order. It said it had asked for, but had been refused certain technical data necessary to compute propagation curves. It declared that varying information could be added from the same set of facts because the FCC said it would establish offset standards in the final report and order. It also said it believed that there is a new and additional Grade B contour signal value carried in the latest report and believed to be based on new propagation data. This is inconsistent with factors established in the Sixth Report, APCCE said.

A return to the former procedure whereby an informal engineering conference was held before the issuance of proposed rule-making in general allocations proceedings was requested by the engineering organization.

WWL-TV New Orleans, ch. 4, grantees, asked the Commission for leave to “show cause” why the FCC’s condition on the grant prohibiting construction is illegal. The New Orleans grant was made last month [B*T, July 16]. Loyola U., WWL-TV licensee, charged that the hearing for New Orleans ch. 4 was for that vhf frequency alone and not for any other. The Commission found WWL qualified for ch. 4, Loyola said, and the grant cannot be modified without a full hearing. If this appeal is granted, WWL said, it will show that uhf coverage is much less than the channel applied for—which in essence, means a denial of the application. It also alleged that the proposed change (FCC proposes to move ch. 4 to Mobile, Ala., and it is presumed a uhf channel would be given WWL-TV [B*T, July 2]) and this would confer an “unlawful” monopoly on ch. 6 WDSU-TV New Orleans.

Also filed last week was a petition for reconsideration by the Vineyard Gazette, Martha’s Vineyard, Mass., against the FCC’s allocation of ch. 6 to Nasaquita, Mass. [B*T, July 9]. Filed by the newspaper’s publishers, Henry and Elizabeth Hough, the document held that the Commission had created a “phantom” city for the Commonwealth of Massachusetts, charging that there was no municipality of Nasaquita. It also opposed the erection of a television station because it would “impair the beauty and aerial surroundings” of the vacation island, would be an obstruction to aviation and shipping (the tv tower might be mistaken for the Gay Head promontory) and would “lessen the appeal of the Island to those who love the life” of Martha’s Vineyard. Also opposing was WICC-TV Bridgeport, Conn.

Allocation of ch. 6 to the off-shore island was requested by E. Anthony & Son Inc. (WNBH-AM-FM New Bedford and WOCB-AM-FM West Yarmouth, both Mass.).

Other filings on allocation matters:

All three of New York's top three feature film programs are carried on WCBS-TV, channel 2.

THE LATE SHOW is number one...
THE EARLY SHOW is number two...
THE LATE MATINEE is number three.

Chances are this record will stand unbroken for a long, long time... because WCBS-TV has signed up two hundred and eighty more big films from the studios of Warner Brothers, Republic, and Columbia Pictures.

The list of titles includes:

The Maltese Falcon
The Life of Emile Zola
Arsenic and Old Lace
The Fighting Seabees
Watch on the Rhine
You'll Never Get Rich
Little Caesar
Christmas in Connecticut
Pennies from Heaven
George Washington Slept Here
Flamingo Road
Penny Serenade

These hits and many more will soon have their first New York telecasts on WCBS-TV — the station which (with good reason) wins the largest average audience in New York day and night.

New York • CBS Owned
Represented by CBS Television Spot Sales
were filed by the City Council of East Peoria, City of Peoria and Village of Brimfield, Ill.
- Peoria's uhf stations (WEEK-TV and WTVH (TV)) both filed oppositions to the request of WRJL-TV Peoria that the prohibition of construction on ch. 8 be removed and that the proposal to move ch. 8 be revoked.
- WKOW-TV Madison, Wis., ch. 27, opposed the requests of ch. 3 WISC-TV Madison that the Commission revoke its proposed deintermixture of Madison by moving the educational reservation from ch. 21 to ch. 3, thus making Madison all-commercial uhf.
- A group of uhf stations filed objections to the request of ch. 3 WTIC-TV Hartford, Conn., that the conditions on its grant prohibiting building be removed. Those filing were WGTH-TV Hartford, Conn.; WKBV-TV New Britain, Conn.; WHYN-TV and WWLP (TV) both Springfield, Mass.
- Albert Jerry Balusek, San Antonio, Tex., recommended, again, that all uhf be deleted and that a 10-year transition period be instituted to change to an all-uhf service. He also recommended that 10 additional channels be added at the top of the uhf band to give tv 80 channels. Mr. Balusek had filed similar comments during the allocations hearings earlier this year.
- Grizzly TV Inc., Pineville, Ore., applicant for ch. 11 there, filed an opposition against the FCC's proposal to move ch. 11 to Coos Bay, Ore. [B&T, July 23].
- WRL-TV Raleigh, N. C., finally opposed the request of ch. 28 WNAO-TV that city that the Commission place an embargo on construction on the ch. 5 permittee, WNAO-TV has a petition in to demix Raleigh.

Press Wireless Change OK'd

OWNERSHIP of Press Wireless Inc., international press radio carrier, is now concentrated in the New York Times (36%), New York Herald Tribune (28%) and Time Inc. (36%). The change in ownership was approved by the FCC last week, and resulted from the relinquishment of 51.5% of Press Wireless stock by the Chicago Tribune, San Francisco Chronicle, Chicago Daily News, Akron Beacon-Journal, Miami Herald and Knight Newspapers Inc. plus $150,000 in notes owed them by Press Wireless. In return the newspapers surrendering their stock and their credit in the notes received 55% divided interest in Hicksville, N. Y., real estate used at present by Press Wireless as its transmitter site. Press Wireless also received FCC permission to move its transmitting station from Hicksville to Centerereach, L. I., although it has a five-year lease on the Hicksville site.

These Want Changes

THREE new petitions for allocations changes were on file with the FCC last week. Involved were:
- Lake Charles, La.—Assign ch. 3 to Lake Charles in lieu of ch. 25. Requested by KTLE-TV, Lake Charles, ch. 25.
- Hay Springs, Neb.—Assign ch. 8 to Hay Springs. Filed by Northwest Nebraska Cooperative TV Assn.
- Harrisburg, Ill.—Allocate ch. 3 to Harrisburg in lieu of ch. 22. Requested by Turner-Parrar Assn. Request by same group for assignment of ch. 13 to Harrisburg had been denied by the FCC [B&T, July 23].

Accidents

...but Not on Film! No sir, you'll 'air' no fluffs, no goofs, no flaps, no slips when you use film...spot retakes take care of these. And, what's more, you'll be able to pre-test your opus—show it as you like it to selected audiences...get their reactions at relatively low cost. Also, you'll enjoy advantages in expert programming, deeper coverage, wider scope material! Yes, it's wise—and economical—to USE EASTMAN FILM.

REP. ROOSEVELT HITS AT&T AGREEMENT

Congressman's letter to Eisenhower tells of 'strong indications' of 'special and favorite treatment' in consent decree reached in Justice Dept.'s antitrust suit against company.

REP. JAMES ROOSEVELT (D-Calif.) last week released a letter he wrote to President Dwight Eisenhower charging there are "strong indications" of "special and favorite treatment" in the consent agreement reached by the Justice Dept. last winter in the latter's antitrust suit against American Telephone & Telegraph Co.

Rep. Roosevelt also said an investigation by the House Small Business Subcommittee he heads indicates the consent decree "may be tainted with a conflict of interest resulting from action taken by highly-placed government officials who were also officers of or affiliated with AT&T or its subsidiaries."

The "special treatment" charge was directed against Attorney General Herbert Brownell, who has refused to make the Justice Dept.'s files on the case available to the House Antitrust Subcommittee. Rep. Roosevelt, in his letter dated Aug. 2, asked the President to direct Mr. Brownell "and members of the Executive Branch to make a complete and honest disclosure to Congress of all the facts, including documents," in the negotiation and signing of the consent reached in January [BT, Jan. 30].

Rep. Roosevelt said Rep. Emanuel Celler (D-N.Y.), chairman of the House Antitrust Subcommittee, has also independently come to the conclusion that the Justice Dept. granted special treatment to AT&T. The Justice Dept. suit began in 1949 and has been criticized by Reps. Roosevelt, Celler and others because it did not result in separation of AT&T and its subsidiary, Western Electric Co., and for other reasons.

The California Democrat first criticized the Justice-AT&T agreement last April when he called for an investigation in a speech on the House floor [BT, April 14]. At that time he submitted a list of 29 people which he described as a "roll call of the officials or directors of AT&T or its subsidiary companies who have held policy making and influential positions in the United States Government under the present Administration." One of the 29 named was FCC Chairman George C. McConnaughy.

(Chairman McConnaughy testified during Senate Commerce Committee hearings on his confirmation to the FCC [BT, Feb. 28, 1955; Nov. 15, 1954] that he had never worked for AT&T, but that he had represented Ohio Bell Telephone Co., an AT&T subsidiary, and Cincinnati Suburban Telephone Co., about 30% owned by AT&T, in rate cases before the Ohio Public Utilities Commission.)

Rep. Roosevelt's Small Business subcommittee held hearings on the AT&T decree in March 1956, after which he made his statement on the House floor. On July 30, he testified before the California Public Utilities Commission, saying the consent decree "actually assists big business to the detriment of the important small business segment in our economy."

Sees Obligation to Investigate

In his letter to the President, Rep. Roosevelt compared the consent agreement with the "illegal Dixon-Yates contract," and said Congress has the same obligation to investigate the consent decree.

Rep. Celler on July 30 said further congressional examination is "essential" to determine if the Justice Dept. gave AT&T "preferential treatment" in reaching the agreement. The New York Democrat made the statement in releasing a letter from the Justice Dept. in which the department refused to make available to the subcommittee its files on the negotiations for and signing of the consent decree.

Herbert N. Maletz, chief counsel of the House group, said the committee has "no comment" on whether it now intends to press its investigation beyond initial stages in view of the Justice Dept. refusal to make the requested information available. He noted that other congressional committees—among them the House Appropriations, Government Operations and Small Business Committees and some Senate committees—have "indicated an interest" in the Justice-AT&T consent agreement.

The Justice Dept. letter, dated July 13 and signed by Deputy Attorney General William F. Rogers, explained that many documents in the consent settlement were produced "in the course of good-faith negotiation," and that some "touched on confidential aspects of the defendant's operations. When they made available to your subcommittee, this department would violate the confidential nature of settlement negotiations and, in the process, discourage defendants, present and future, from entering into such negotiations."

Regarding staff memoranda and recommendations within the Justice Dept. and its Anti...
You may not know these people, but in Hartford County they're important TV PERSONALITIES

They make WKNB-TV the *personality* station and give you a premium audience at moderate cost.

We have pictured the top-flight local TV personalities in Northern and Central Connecticut. They are successful salespeople who call on 375,000 homes daily through WKNB Television.

Here in Hartford County, 3rd richest market in the United States, WKNB-TV's local programming is a powerful complement to the entire NBC lineup of shows—a strong selling force in a 1 3/4 BILLION DOLLAR MARKET.

Let Hartford County's Top TV personalities sell your product in the Hartford County market. Any way you look at it, any time of day or night, WKNB-TV is your BEST BUY in advertising.

Take SUNDAY for example!

All day Sunday—from early morning until midnight—this A.R.B. report shows WIBW-TV the most-watched station in the 29-county TopekAREA. There were only 10 quarter-hours where any other station showed even a slightly higher rating.

or SATURDAY

It's the same story on Saturdays. From sign-on until 6:00 P.M., WIBW-TV has the lion's share of the audience. We lose only nine quarter-hours to five other stations in photo finishes.

or ANY WEEK DAY

We can't show you all the examples of WIBW-TV's leadership, Monday through Friday. Why not study your A.R.B. for the TopekAREA and apply your own buying "yardstick"? Based on a cost-per-thousand viewing homes, WIBW-TV will be your automatic first choice. There are 191,768 TV homes in our 100,000-acre area as of May 1st. This does not include urbanized Kansas City and St. Joseph, Mo., or NEWS, SPORTS, WEATHER, MARKETS, and FARM SERVICE. Here's a double check on WIBW-TV's domination of the TopekAREA. Dr. Whon's latest, personalized study shows that WIBW-TV is the station preferred by most people for up-to-the-minute, accurate coverage of News, Sports, Weather, Markets, and Farm Service. To this, we add the enthusiastic comments of WIBW-TV advertisers. Won't YOU join them?

NOW . . . 63-county total coverage!

WDBJ-TV goes to maximum power — 316,000 watts — about mid-August . . . backed by a power-packed viewer promotion program throughout its coverage area of more than 2½ million population. All Western Virginia and portions of North Carolina and West Virginia are included in this rich market where retail sales total about 2 billion dollars annually.

Here's the breakdown in population that will be reached by WDBJ-TV: grade A coverage, more than 862,000; grade B, nearly 700,000; 100 MV, over 1,045,000. Home city — Roanoke — is one of the 50 fastest growing cities of over 100,000 population in the U. S. The WDBJ call letters have been a familiar voice in the area for over 32 years.

For your copy of WDBJ-TV's county outline map with principal cities shown, write the Station directly or ask Peters, Griffin, Woodward.

Gov. Johnson’s Action Causes Whoops at FCC

REACTION at the FCC to the move of Colorado Gov. Edwin C. Johnson ordering an electrical supply dealer to continue operating an unlicensed tv booster in the western slope region of the state (At Deadline, Aug. 6) was one of cautious amusement.

"This is one for the commissioners," one staff official responsible for watching this subject said last week. One commissioner, who had been away for the past week, guffawed with unmitigated glee when the tale was recounted to him. An FCC attorney reminded that the Commission has been moving against unlicensed boosters for more than a year now and still hasn’t called out the troops." He noted that a test case is pending a U. S. Court of Appeals decision in Washington and added, "Until we know how we stand we certainly are not going to tangle with Gov. Johnson." He referred to the appeal taken by C&J Communications Services, Bridgeport, Wash., from an FCC cease and desist order.

Gov. Johnson two weeks ago ordered and "authorized" Walter R. Webber to continue operating a booster in Steamboat Springs, Colo., about 120 miles from Denver. He then appointed Mr. Webber to his staff as "communications expert." Gov. Johnson, a Democrat, was chairman of the Senate Commerce Committee when he served in the U. S. Senate.

The Steamboat Springs low power booster—serving about 45 tv receivers in the 2,000 -people area—was first noted by an FCC field engineer last April. It was investigated on June 11 and 12 and Mr. Webber was both orally and by registered letter notified that the FCC considered the operation illegal. Mr. Webber, it is understood, reported that he had spent between $4,000 and $5,000 for the installation and that the rebroadcasts of ch. 4 KOA-TV Denver were offered free to Steamboat Springs viewers.

It was understood that as far as the FCC has determined, no interference with tv or other services has been established in the Colorado case.

Gov. Johnson said he wanted to test the "arbitrary and incomprehensible action of the FCC to deny entertainers and education to the people of isolated areas."

Meanwhile, Rex Howell, president and general manager, KREX-TV Grand Junction, Colo., wired Gov. Johnson that residents of Rifle, Colo. (55 miles northeast of Grand Junction), had asked permission to rebroadcast his ch. 5 signals. He informed the governor that he was waiving any property rights he has under law for the use of KREX-TV signals.

However, Mr. Howell questioned the legality of Gov. Johnson’s action. He declared he thought that the best move would be to have the FCC authorize low power boosters under a "liberal set of rules." The FCC has authorized the use of translators for this purpose, whereby station signals are picked up and then rebroadcast on one of the upper uhf channels. About a dozen translator applications have been filed with the FCC since the official commencement of this new service.

KREX-TV is affiliated with all three networks.

FCC’s Raise Retroactive

EFFECTIVE date of the pay raise granted FCC members was July 1, 1956, not Oct. 1, 1956, as reported by B&T’s Aug. 6 issue. The bill (HR 7619) was passed near the end of the second session of the 84th Congress and the President signed it July 31, making its provisions for pay increases to FCC members retroactive to July 1. Under the new law the FCC chairman’s salary is increased from $15,000 to $20,500, other FCC members from $15,000 to $20,000.

Dual Grant Favor For Rochester Ch. 10

FCC Hearing Examiner Elizabeth C. Smith last week recommended affirmation of the FCC's 1953 grant of ch. 10 in Rochester, N. Y., to WHEC and WVET that city on a sharetime basis, and denied, on all counts, the protest of Gordon P. Brown, owner of WSAV there.

Miss Smith's initial decision followed a hearing earlier this year on Mr. Brown's protest. Mr. Brown claimed that the sharetime grant should not have been made because it resulted in concentration of control of the media of mass communications; that WVET was financially unqualified, and that both WHEC and WVET had refused to permit Mr. Brown's station to rebroadcast their programs.

The FCC authorized the ch. 10 sharetime grant on March 11, 1953. Six days later Mr. Brown filed his protest and at the same time filed an application for that channel. The FCC at first accepted the protest, but after reconsideration, disapproved it. At the same time it refused to accept the application. Mr. Brown appealed and in July 1955 the U. S. appellate court in Washington reversed the FCC and ordered a protest hearing.

The Commission ordered the hearing in February of this year, at the same time denying Mr. Brown's request that the station—which had been operating since November 1953—be ordered off the air.

Under the law prior to 1956, when a protest was accepted, a stay of operation was required. The 84th Congress amended this rule to permit the FCC to use its discretion in this respect. It was this amended law which the Commission used as its authority in February in refusing to order the sharetime stations to suspend operations. Mr. Brown has an appeal pending on this ruling in the federal appeals court in Washington.

It was late in 1955, when there was doubt that Congress would revise this order, that WHEC and WVET applied for ch. 27 in Rochester, also on a sharetime basis. This application is still on file with the FCC.

Miss Smith found that there are a number of competitive broadcast facilities operating in WHEC-TV's grade B contour and also in the upstate New York area where the Gannett Co. (the station's owner) has both broadcast and newspaper interests. Mr. Brown failed to show that Gannett has any monopolistic power or engages in monopolistic practices, Miss Smith added. WVET was financially qualified, Miss Smith said, and Mr. Brown failed to prove radio practices adverse to its qualifications. Nor, said Miss Smith, have WHEC or WVET violated the Commission's rebroadcast rules in refusing to issue blanket rebroadcasting rights to Mr. Brown.

Rep. Carl Hinshaw, 62, Dies; Active in Media Legislation

REP. CARL HINSHAW (R-Calif.), 62, second-ranking Republican on the House Interstate & Foreign Commerce Committee and an expert on broadcast matters, died last Monday at Bethesda (Md.) Naval Hospital. Hospital officials said he died of pneumonia complicated by congestive heart failure. He entered the hospital July 27.

Rep. Hinshaw, whose 20th California District includes the Pasadena-Glendale area near Los Angeles, had served in Congress since 1939. His interest in broadcast legislation took a second place only to his concern for development of commercial aviation.

An adviser to the Radio Technical Commis-
As of August first 22,876 guests have been escorted through "White Columns" since the opening in April.

Pre-Conditioned Program Acceptance

A valuable plus for you from Atlanta's "White Columns"

The daily stream of visiting friends and neighbors who come to share the beauty and admire the efficiency of "White Columns" means much to those with radio and television money to invest in the Atlanta market.

It means a pre-conditioned acceptance of your programs — even those still in the planning. It means an audience more receptive to products and services advertised on WSB Radio and WSB-TV.

These are tangible assets. Parlayed properly they pay off with unexpected results.

WSB and WSB-TV are affiliates of the Atlanta Journal and Constitution. Representatives are Edw. Petry & Co. NBC affiliate.

Leadership is traditional...

Application by WCHS-TV
To Decrease Power Favored

FCC Hearing Examiner Basil P. Cooper issued an initial decision last week recommending that the Commission grant the application of WCHS-TV Charleston, W. Va., to decrease power from 516 kw to 158 kw, move its transmitter location to Coal Mountain, 11 miles from Charleston, and increase antenna height to 1,236 ft. The application has been in hearing because of objections by Capital Television Inc., WTAP (TV) Parkersburg, W. Va., and WHTN-TV Huntington, W. Va.

Capital was a competing applicant for the Charleston facility in 1953, but merged with the other applicant—the Tierney Co. The agreement provided for the disposal of Capital's application and creation of a new corporation in which the Tierney Co. would have 60% interest and Capital 40%. Capital protested the WCHS-TV change on the grounds that the station should spend the money to better its public service programming, not change facilities.

Prior to ch. 2 WCHS-TV's debut at its present site in 1954, a substantial number of Charleston viewers had installed high gain antennas to receive service from ch. 3 WSATZ-TV Huntington, W. Va. These antennas have not been able to cope with the strong signal radiated from WCHS-TV, and complaints numbered in the thousands, according to WCHS-TV.

The proposed move will cost the station between $250,000 and $300,000, but it also will decrease the station's power. The station's power has been reduced to its present level since no exceptions were filed, the decision last week.

Stations, was the only one to have filed exceptions. The exceptions alleged that Capital's license was not thereby renewed, and that the FCC had not properly concluded that the station was ceasing and desist operations.

Robert Hall Denies Violating FTC Order

AN FTC suit against Robert Hall Clothes Inc., for violating a cease and desist order was denied by a company spokesman last week as "outrageous and entirely unfounded." The suit was filed in New York district court and accused the clothing chain of violating the FTC order 12 times in advertisements over a Hartford, Conn., radio station.

Frank B. Sawdon, vice president of Robert Hall, said in a statement: "Robert Hall Clothes vigorously denies the charge made by the FTC. These charges are outrageous and entirely unfounded.

"Robert Hall has always maintained the highest standards of truth in its advertising, and plans to pursue these unfounded charges to their ultimate finish."

FCC Denies KTEN (TV) Bid
For Revocation of KVSO-TV

THE FCC last week denied a petition by ch. 10 KTEN (TV) Ada, Okla., seeking revocation of the construction permit of ch. 12 KVSO-TV Ardmore, Okla. The KTEN petition, which also sought to have any request by KVSO-TV for operating authorization designated for hearing, alleged that KVSO-TV plans to become a "satellite" of WKY-TV Oklahoma City, that it has substantially changed its programming proposals, and that it had not informed the FCC of such plans. KVSO-TV denied the allegations. The FCC's action was taken by Comrs. Robert E. Lee and Richard A. Mack, comprising an FCC "board."

The Commission said that upon consideration of information on file, including a revised proposed KVSO-TV schedule, a network affiliation contract between NBC and KVSO-TV, and a rebroadcasting agreement between KVSO-TV and WKY-TV, it could find no basis for the charges made by KTEN.

In its letter to KTEN, the FCC also said: "... Additionally, it must be pointed out that the Commission has never imposed a definite program format as a prerequisite to an authorization for operation of a tv or radio broadcast station. The operation now proposed by KVSO-TV is not materially different from that which the Commission originally found to constitute a service in the public interest and it does not now find any basis for a contrary finding."

Deadwood Grant Favorled

INITIAL DECISION recommending that tv ch. 5 in Deadwood, S. D., be awarded to the lone applicant, The Heart of the Black Hills Stations, was made effective by the FCC last week. The initial decision was issued June 27 by Hearing Examiner Herbert Shafman, and since no exceptions were filed, the decision was made final. Heart of the Black Hills (KDSI Deadwood, KRDS Rapid City) became the only applicant following the withdrawal of Black Hills Broadcasting Co. (KOTA-AM-TV Rapid City).

CAMPBELL HEADS GT NATIONAL SALES

WENDELL R. CAMPBELL, who resigned last spring as vice president in charge of CBS Radio Spot Sales after having been with CBS for nearly 18 years (BT, May 7), has been named national sales manager of General Teleradio's owned and operated radio and TV properties. According to GT, Mr. Campbell who will headquarter in New York, will coordinate national spot sales activities for the properties, working closely with H-R Representatives and Adam Young, the GT stations' representatives.

A veteran of the broadcasting-advertising field, Mr. Campbell joined CBS in August 1938. Last October he was named to fill a new post of vice president in charge of CBS Radio Sales.

Nittel, Frohnhoefer Given New General Teleradio Posts

PROMOTION of two executives was announced Monday by George R. Ruppel, vice president and treasurer of the General Teleradio Div. of KKO Teleradio Pictures Effective Sept. 1, Oscar Nittel, chief accountant of the WOR Div., becomes assistant treasurer of General Teleradio Div., and Clifford A. Frohnhoefer, assistant controller of MBS, moves up as controller of the WOR Div. Mr. Nittel has been with General Teleradio-WOR since January 1949, and Mr. Frohnhoefer, who joined MBS in March 1944, served as assistant controller of the network for the past three years.

KVIP (TV) Now Telecasting

KVIP (TV) Redding, Calif., went on the air Aug. 1 with regular programming, according to Manager George Fleharty, with local and state dignitaries taking part in the dedication ceremonies. The ch. 7 outlet is operating eight hours daily as an NBC affiliate. Mr. Fleharty said the station has petitioned the FCC for an increase in power from 12 to 117 kw.

Intangible $3,813,000

TIME INC., which last week reported profits for the first six months of 1956 as $8,627,300—the highest in the company's history, made only slight reference to its broadcast properties in a mid-year report to stockholders. "Radio and television broadcasting" was mentioned among the sources of revenues, and "goodwill and network affiliations" were listed as intangible assets valued at $3,813,000.

Time Inc. owns KLZ-AM-FM-TV Denver; 80% of KDFY-AM-FM and KTVT (TV) Salt Lake City, and 50% of KOB-AM-TV Albuquerque, N. M.

Middlebrooks, Wagstaff Fill Key Station Posts

ELECTION of James L. Middlebrooks as vice president-director of engineering for Pioneer Broadcasting Co., licensee of KGW andpermittee of KGW-TV Portland, Ore., and appointment of Walter E. Wagstaff as station manager of the television station were announced last week by Gordon Orput, president of Pioneer.

Mr. Middlebrooks, onetime director of the engineering department of the old NAB and active in present-day NARTB conferences, will continue as director of engineering for the King Broadcasting Co. in Seattle, a position he has held since March 1932. (King Broadcasting is a principal stockholder in Pioneer Broadcasting.) Before going to his Seattle post, he was ABC chief facilities engineer in New York.

Mr. Wagstaff, at present vice president-general manager and part owner of KIDO-AM-TV Boise, Idaho, will assume his new position with KGW-TV on Sept. 15. In broadcasting industry affairs, Mr. Wagstaff has been active as a member of the NBC Station Planning and Advisory Committee, the board of directors of the NARTB, and the association's Radio Standards of Practice Committee.

John H. Eichhorn continues as station manager of KGW.

According to Pioneer President Orput, construction of both the tv transmitter and the KGW Radio and TV center is proceeding rapidly and a definite fall air date for KGW-TV will be announced soon.

WANT TO MAKE A MILLION?

If you can move fast enough to grab one of these "Once In a Lifetime Deals" in Southern California broadcasting . . . this jewel will take only $100,000 down and the balance should be paid out of profits as you get your original investment back. Great growth area offers limitless opportunities in the most wonderful place to live in the world. Don't wait to write, telephone or telegraph Art Hogan or Frank Oroxart now, or better still, grab the first plane.

Speedy Teamwork Returns Fire-Razed WJBF-TV to Air

WJBF-TV Augusta, Ga., was operating on full schedule last week after fire totally destroyed the transmitter-studio building at N. Augusta, S. C., according to J. B. Fuqua, president (AT Deadline, Aug. 6). Temporary offices were opened in a nearby building, with studio and technical operations under a temporary roof placed over the burned structure. The plant will be entirely rebuilt, Mr. Fuqua said.

Erection of a temporary cover was started the morning of Aug. 3, while the fire was still smoldering. All equipment but the transmitter was totally destroyed. DuMont flew an engineer to Augusta. After other work the station was back on the air with NBC and ABC programs at 7:55 p.m. the day after the fire with only 28 hours of lost program time.

WRDW-TV, Augusta competitor, provided help in getting WJBF-TV back in operation. A new transmission line was built, the line having melted in the fire. WSB-TV Atlanta and WDAK-TV Columbus, Ga., supplied needed equipment and technicians from all around the area joined in restoring service.

General Precision Lab. sent four engineers who brought equipment and had cameras, film and slide equipment in operation by Aug. 5. Most of the station's film stock was destroyed but active slides were cleared of debris from the heat. Files and office records were saved. Insurance covered losses.

Cavanagh Named to Head Walker Office in Chicago

APPOINTMENT of Norbert J. Cavanagh, chief timebuyer, Roche, Williams & Cleary, Chicago, as vice president and charge of the Walker Representation Co.'s Chicago office, was announced by the radio-station station representative last week.

Mr. Cavanagh, who handled both radio and TV for RW&C with which he has been associated for more than 10 years, principally was on the Studer-baker account. With the Walker firm, he will continue to concentrate on both media.

51% of WDAM-TV Sold

PURCHASE of 51% interest in ch. 9 WDAM-TV Hattiesburg, Miss., by WDSU Inc. for $31,000 has been announced. Application for FCC approval is expected to be filed this week. WDAM-TV, affiliated with NBC and ABC, began operating June 8 and is owned by David A. Matison Jr., Harold M. Matison and Milton J. Fine. The Matisons each own 28.35% interest in WAML Laurel and WABO Wayneboro, both Mississippi. WDSU Inc. (WDSU-AM-FM-TV New Orleans) also owns 7.85% of WAFB-AM-FM-TV Baton Rouge. Edgar B. Stern Jr. is principal owner of WDSU. New Orleans is 120 miles southwest of Hattiesburg and 75 miles southwest of Baton Rouge.

Purchase of WBAT Marion, Ind., from John Zugsmith, Inc., from John L. Ramp by Lester G. Spencer and associates (WKVB Richmond, Ind.) for $140,000 was announced last week, subject to usual FCC approval. WBAT operates on 1400 kc with 220 watts and is affiliated with CBS. Allen Kander & Co., station broker, handled the transaction.

NOTABLES line-up at dedication ceremonies for ch. 3 WISC-TV Madison, Wis. Shown (l to r) are Sen. Alexander Wiley (R-Wis.), FCC Comr. J. C. Doerfer, Wisconsin Gov. Walter Kohler; Ralph M. Immel, president of Radio Wisconsin (permittee of WISC-TV).

Comr. Doerfer Draws Fire After WISC-TV Dedication

DEDICATION ceremonies for ch. 3 WISC-TV Madison, Wis., drew more than 250 government officials, civic and business leaders from throughout the 30-county Wisconsin-Iowa-Illinois area claimed by the CBS-affiliated station.

Featured speaker at the dedication dinner Aug. 2 was FCC Comr. John C. Doerfer, whose presence drew angry editorials in the Madison Capital Times and Wisconsin State Journal questioning the propriety of the commissioner's presence.

The newspapers, who were principals in the unsuccessful application for ch. 3 in Madison, claimed that there was still juridical litigation before the Commission on the case. They referred to pending proposals to move the educational reservation in Madison from ch. 21 to ch. 3 to make Madison commercially all uhf.

Mr. Doerfer told B*T that he saw no impropriety in attending. "There is no adjudicatory case pending," the Wisconsin commissioner declared, "and the remarks I made have been said on numerous occasions to committees of Congress, in public speeches and in written opinions. There is no valid comparison between the FCC and a court in rule-making proceedings. Commissioners in that capacity are expected to function as any congressman or legislator familiarizing himself with problems of the industry and the people in it. Investigation, discussion and points-of-view should be fully aired."

(It has been customary through the years for stations dedicating facilities to invite FCC commissioners to attend the ceremonies.)

WIBC leads in Indiana

FIRST IN COMMUNITY SERVICE

Among the many public Service awards that WIBC has received, is the United States Government Certificate of Commendation for participation in the Conrad System of Public Emergency Broadcasting. Although the certificate is not unique in itself, the fact that WIBC is the originating source and control center of all Conrad broadcasts in its area, is just one more indication of WIBC's leadership in Indianapolis and Indiana.

FIRST IN AUDIENCE

WIBC not only leads all other Indianapolis radio stations in community service, but it also leads in audience. In the 31 county Indianapolis trading area, WIBC programs rank first during 447 out of 304 rated quarter-hour periods.

FIRST IN THE HEARTS OF THEIR LISTENERS

WIBC's big audiences and success in community service have been brought about largely by its well known personality line-up... Al Brooks, Robin Bright, Jim Sheldon, Harry Andrews and many others. These same personalities are available on a "first come, first serve" basis to help you sell your product or service.

"After 1000 hours, G-E camera tubes still give KATV top performance. Here's proof!"

Says: A. R. Garrett, Chief Engineer, Station KATV, Little Rock, Ark.: 

The monitor picture I'm pointing to originates with a General Electric 5820 that has had over 1000 hours' studio service. I'm holding in my hand another tube we installed. Both are in regular use, and their reproduction stays sharp, clear, and uniform at all times.

"Another feature we like is low image retention. With G-E camera tubes, we are able to get more hours free of burn-in, even when some stationary object—a kitchen range being advertised, a piece of furniture, or what have you—has been televised for quite a while.

"It looks as if we will standardize on G-E camera tubes in both our Little Rock and Pine Bluff studios. They've proved to be a thrifty investment . . . and help us keep picture quality high!"

RADIO, TV READY FOR FORTNIGHT OF POLITICAL CONVENTION COVERAGE

Last-minute changes made in schedules include cancellation of plan for Democratic session Wednesday afternoon, with Thursday and Friday afternoon meetings substituted. Republicans change time for evening proceedings.

RADIO and TV were poised last week for the opening today (Monday) of two successive weeks of monumental exertion (and expenditures) in coverage of the political conventions—and were still juggling their schedules to conform to late changes in agendas.

The Democrats, whose sessions start today in Chicago, canceled their original plans for a Wednesday afternoon session, substituting previously unscheduled afternoon meetings on both Thursday and Friday. The networks revised their coverage schedules accordingly.

The Republicans, who open a half-continent away in San Francisco next Monday, moved the starting times of their Tuesday, Wednesday and Thursday sessions from 6 p.m. to 6:30. The networks, in general, conformed.

Consensus among network officials was that the net result of all the changes would not alter substantially their previous estimates of regular commercial program time that would be pre-empted by coverage of the proceedings. This totaled a little more than 65 hours for the two conventions (BET, Aug. 6).

Although closing times of the sessions could not be accurately foretold and although even the starting hours are still subject to change, networks indicated belief the proceedings would fall within this approximate range:

Democrats—Monday and Tuesday from 1 to about 3 or 4 p.m. and from 9:30 p.m. to around midnight or 1 a.m.; Wednesday from 9:30 p.m. to midnight or later; Thursday and Friday from 1 to about 3:30 or 4 p.m., and from 9:30 p.m. to midnight or 1 a.m.

Republicans—Monday from 2 to 4 or 4:30 p.m. and from 7 to around 10 p.m.; Tuesday, Wednesday and Thursday from 6:30 to about 10 p.m.

Despite the need for shifting and re-shifting schedules, networks reported themselves ready for coverage of the two big quadrennial shows.

In addition to the small-camera and other technical developments which all TV networks had already announced they would put into use, there was a flurry of new technical achievements during the pre-convention week. NBC announced Thursday that, while all TV networks would have hand-held cameras, its own cameramen would have available a never-before-used gyroscopic stabilizer that will keep a hand-held camera steady against "everything from a delegate's push to the cameraman's nerves." It also was said to permit use of greater focal length lenses than heretofore possible on such small cameras. Only three such stabilizers are in existence, according to Sol Cornberg, NBC director of studio and plant planning, and the two others are in the possession of the Navy. Manufactured by Aeroflex Labs, Long Island City, N. Y., the stabilizer was described as being the size of a baseball and weighing two pounds. It is fitted to the bottom of the camera and powered by a small battery which fits into the cameraman's pocket.

CBS reminded that it would have "electronic windows" permitting newsmen to watch the convention floor scene even from a physically distant studio and also permitting "studio" interview with political figures in their hotel rooms. Other CBS gadgets included "beep boxes" (to let commercial announcers know they are about to lose the air in mid-commercial, owing to important convention developments), and a "super-speed electronic calculator" said to be able to keep instant track of balloting for the various candidates even when delegates switch their votes from one candidate to another.

ABC reported its engineers had made it possible for anchor man John Daly to look
WCCO television averages 97% more viewers per quarter-hour, day and night than any other Minneapolis-St. Paul television station*

*WCCO television is within 1.4% of reaching a total audience larger than all three competing Twin City television stations combined. Source: Nielsen June, 1956. Total audience: 8 a.m. - midnight, seven days a week.

CBS Television for the Northwest

MINNEAPOLIS - ST. PAUL

Represented by Peters, Griffin & Woodward
two ways at once—through the use of mirrors. Thus, they said, he'll be able to look out on the floor and watch five monitors at the same time. It was necessary to reverse the image on the monitors to make it possible for him to see them correctly in the mirror; accomplished by “reversing the polarity of the sweep.”

CBS Newsfilm said it would avoid time-consuming Chicago traffic by using a helicopter to fly exposed film from the convention hall to its processing laboratory in downtown Chicago.

Coverage of the conventions (plus election returns and in most cases some pre-convention and pre-election special programming) is being sponsored by:

Westinghouse Electric Corp. on CBS Radio and CBS-TV (package price: approximately $5 million).

Philo Corp. on ABC Radio and ABC-TV ($4.2 million).

RCA, Sunbeam, and Oldsmobile on NBC Radio and NBC-TV ($5 million).

Kohler Co. on Mutual radio ($200,000).

In addition, international station WRUL New York will carry the proceedings of both conventions to Latin American and sea-going listeners under the sponsorship of Westinghouse Electric International and Pan American World Airways, and also will present five-minute Spanish-language newscasts each night under Philco International sponsorship. The convention proceedings coverage will be that of CBS Radio, and will be presented at 9 p.m. by WRUL.

WRUL officials said they had made special arrangements with American shipping and passenger lines to bring the convention coverage to passengers and crews, and that passengers aboard international airliners also would receive the service. WRUL announcers also will spell out absentee registration and voting procedures for the benefit of Americans in its Latin American audience.

Meanwhile, a preview of Westinghouse-CBS facilities for the Democratic convention was provided last Tuesday to more than 50 newsmen who were flown from New York to Chicago by Westinghouse Electric Corp.

Reporters toured the Chicago Amphitheatre, as well as improvised CBS radio and television studios at the convention site. Brief talks on CBS and Westinghouse plans were given by various officials, including Big Mike Nelson, CBS vice president in charge of news and public affairs, and Chris J. Witting, vice president, consumer products, Westinghouse Electric Corp. Betty Fournier, who will deliver Westinghouse commercials for consumer products at both the Democratic and Republican meetings, attended the preview, greeted newsmen and reported on her experiences as the Westinghouse “hostess” on the 1952 convention telecasts.

WQED (TV) Convention Plan Turned Down by Commission

THE FCC last week turned thumbs down on a plan for an educational tv station to air coverage of the national political conventions without deletion of commercial announcements and to receive compensation from the network furnishing the programs. Involved were WQED (TV) Pittsburgh and NBC. The Commission’s action was taken by a board composed of Comrs. Robert E. Lee and Richard A. Mack. WQED, which operates on ch. 13, asked the Commission to waive its rule against noncommercial stations receiving compensation and allow the station to receive payment for telecasting NBC’s convention coverage without deletion of commercials.

In turning down the request, the FCC said it lacked complete information on details of the proposed financial arrangement of the station with NBC and “cannot find that the public interest will be served by granting the waiver.”

Pittsburgh’s only operating vhf outlet, Westinghouse-owned ch. 13, KETA (TV), plans to air the CBS convention coverage.

Early in June, an ABC plan to get its coverage into Oklahoma City by tie-in with an educational vhf station fell through when non-commercial ch. 13, KETA (TV), withdrew its petition for waiver of the non-commercial rules.

ABC has signed an agreement with non-commercial WGBH-TV Boston to carry the convention package as a “public service.” All programs will acknowledge participation of program’s sponsor—Philo Corp.—but will eliminate commercial announcements.

Ampex, MM&M Contributing Convention Tape Service

HUNDREDS of independent radio stations and other broadcasters accredited to the Democratic national convention will be able to tape record interviews and programs without charge under a special service offered by Ampex Corp. and Minnesota Mining & Mfg. Co. The same opportunity will be made available at the Republican convention in San Francisco starting next Monday.

Ampex has set up recording studios in Rooms S-523 of the Cowan Hill Building and on the second floor north wing of the Internation Amphitheatre in Chicago. Equipment includes Ampex audio records and 3M’s “Scotch” brand magnetic tape. The companies also will offer some portable recorders to broadcasters for non-studio use.

Ampex-3M space in the Amphitheatre will be conveniently located across from studios allocated for independent stations and adjoining Illinois Bell Telephone facilities. The service will be offered, however, to all accredited radio-tv-press representatives. Some 350 radio newsmen from Individual stations are expected to cover the convention.

Contrary to reports, Ampex is not planning to exhibit, or make available for use, any of its video tape recorders, nor will any of the networks utilize these recorders during either convention. Ampex will show only photographs and diagrams of the recorders in its exhibit space.

Representing Ampex at the Democratic convention will be Richard E. Kohl, Ampex sales manager, and Kenneth Hall, field service engineer. Minnesota Mining executive representatives include Carl Wescott, advertising director, Magnetic Tape Products Div.; Ron Anderson, Magnetic Products News Dept., and John Verstrate and Charles Dietz, public relations staffers.
Harry Aggers

Or how to “strike oil” twice in the same place

"Some people believe that the more government has to say about business, the better. "They argue, for instance, that the petroleum industry ought to be under more government control to keep America from running out of oil.

"What they forget is that it’s just good business for oilmen to produce a property efficiently. We get more oil from a well when it is operated at its best rate of flow. This is one of the ways of conserving this natural resource!

"Take Dominguez field in California. Union and another company discovered oil there back in 1923.

"By 1936 oil production reached a peak of almost 31,000 barrels a day. But by 1947 our daily rate had declined to about 15,000 barrels.

"To get the most out of the field, we started waterflooding some areas. In our most recent project—which was started with the cooperation of the landowners and the other companies operating the field—we injected more than 7,000,000 barrels of water into 17 wells. This has forced oil out of 21 producing wells.

"As a result, we are now pumping 2,800 barrels of crude every day from these wells—an increase of 2,200 barrels a day over what we’d normally expect without waterflooding.

"You show me how government control could have added one barrel of oil to our production. Or conserved the pool any better so we can recover more oil in the future with methods which have yet to be developed?"

Harry Aggers—who has been with Union Oil for 22 years—manages our secondary recovery operations.

He believes that by 1975, at least 25% of all United States oil production will be by waterflooding. This does not include secondary recovery by gas injection or by methods yet to be developed.

The Dominguez results demonstrate again how efficiently a free oil industry achieves maximum economic production from a field, while conserving the source of the oil.

C. Pete Jaeger

APPOINTED TO POST WITH NEW MGM-TV

C. PETER JAEGER, vice president of Guild Films, New York, last week became the second Guild official added to MGM-TV, newly-established television division of Metro-Goldwyn-Mayer Studios and Loew’s Inc. He will serve in the capacity of a general sales executive.

Earlier, MGM-TV Vice President Charles C. (Bud) Barry had announced the appointment of Monroe Mendelsohn, Guild’s sales promotion director, in a similar capacity for MGM-TV [AY DEADLINE, Aug. 6].

Mr. Jaeger, who will work out of MGM-TV’s New York office, has been executive vice president of Transamerican Broadcasting and TV Corp., and before that, sales vice president of ABC.

NTA Signs Four Sponsors For ‘Sheriff of Cochise’

NATIONAL TELEFILM Assoc., New York, last week completed its second substantially large regional sale of its new Sheriff of Cochise TV film series, signing four sponsors for total gross billings of slightly more than $500,000.

The series was bought in 34 west coast markets by White King Soap, A-I beer, Star-Kist tuna and Carnation milk, all through Erwin, Wasey & Co., Los Angeles.

The first large regional sale on Sheriff was made several weeks ago to Socoony Mobile Oil Co., which signed for 67 midwest markets, with billings estimated at $500,000. Ely Landau, NTA president, noted that both regional transactions were completed even before a pilot on the series had been made.

Production on the series is scheduled to begin today (Monday) in Hollywood. It is being produced by Desilu Productions in association with NTA. The release date on Sheriff is Oct. 1.

California National Buys Rights for Tarzan TV Series

IN A TRANSACTION understood to total about $1 million, California National Productions Inc., an NBC subsidiary, has acquired the Tarzan film series rights to air a half-hour Tarzan film series on tv, share in the control of all re-issues of old Tarzan features to theatres and tv, and handle all Tarzan merchandising, with the exception of publication rights.

The agreement between the NBC subsidiary and Sol Lesser, producer of the Tarzan features, was announced last week by Alan W. Livingston, president of CNP, who said “the demand to put Tarzan on television has been widespread for a long time.” He added that the series will be 39 new half-hour Tarzan tv programs will be offered for national sponsorship in January 1957. The series will be produced by CNP in Hollywood, with Gordon Saxon in the title role.

Mr. Livingston reported that theatrical Tarzan features, in which California National shares distribution rights, now include 12 in reissue, plus one recently completed. All future Tarzan features will be produced under the same arrangement, according to Mr. Livingston.

Earlier this year, Los Angeles Superior Court Judge William J. Palmer upheld a 1930 contract between Edgar Rice Burroughs Inc. and Commodore Productions & Artists Inc. giving exclusive radio rights and first option in tv to Commodore. Sol Lesser Productions explained, however, that Commodore failed to exercise the option and hence the Burroughs organization was free to make a tv pact with Lesser. Walter White Jr. of Commodore indicated to B+T Wednesday that the issue is not closed.

$2,165,000 Profit Reported By Warner Bros. Pictures

WARNER BROS. Pictures and subsidiaries last week reported a net profit for the nine-month period ended May 26 of $2,165,000, equal to 87 cents per share, compared with a net profit of $3,312,000, equal to $1.33 per share, in the corresponding period of 1955.

The company said that on July 26 it completed the $21 million sale to PRM Inc. of the company’s library of feature films and short subjects released before Aug. 1, 1948. It added that $16 million was in cash. The $5 million remaining, Warner Bros. said, is payable in notes over a three-year period. Proceeds of the sale, the company reported, will be treated as a capital gain by the U. S. Treasury.

Elektro Films Organized

ELEKTRA Film Productions, New York, has been organized by Alfred L. Liss in association with Samuel Magdoff for the production of entertainment and tv film commercials. Studios and headquarters have been established at 16 E. 52d St., New York 22, N. Y.

Mr. Liss recently was vice president in charge of sales, for Transfilm Inc., New York. Mr. Magdoff, who will supervise production for Elektro Film and serve as business manager, formerly was on the film production staff of the Phil Silvers’ show, You’ll Never Get Rich on CBS-TV.

Disney Denies Charges In Kirk Douglas’ Suit

WALT DISNEY has denied all accusations of invasion of privacy claimed by actor Kirk Douglas in a $415,000 damage suit filed in Los Angeles Superior Court in connection with the showing on ABC-TV Disneyland of film clips of the actor taken during a party at Mr. Disney’s home [B+T, Aug. 6]. Mr. Douglas was shown riding in Mr. Disney’s miniature train. The suit named sponsors, agencies and ABC-TV as well as Mr. Disney.

The court suit claims Mr. Douglas had been “enticed to Disney’s home, ostensibly on a social visit” when the films were made. Later they were used on Disneyland. But Mr. Disney’s legal counsel explained that when the films were made, Mr. Douglas was in the yard of the producer voluntarily and without invitation and actually cooperated in staging the film sequence and lining up the camera.

Mr. Disney said the Douglas appearance on tv was for only 26 seconds and it is hard to believe that any actor who has appeared so often in films and on tv could be damaged in that amount of time.

In a new statement, Mr. Douglas said he has enjoyed working with Mr. Disney but such an “involuntary” appearance on tv should have been challenged as the lives of numerous production and studio executives have in their professional security.

“An actor, like a clerk, or butcher, or truck driver, expects to get paid for his work. It is neither right nor fair that a producer should exploit the actor’s name, image and surrounding power for commercial gain without paying for the actor’s services,” he said.

FILM PRODUCTIONS

CBS-TV, Hollywood, has signed actor Raymond Burr to play title role in network’s new full-hour Erle Stanly Gardner Perry Mason mystery series which will go into pilot production in September for probable 1957 scheduling. Series is being packaged for CBS by Paisano Productions with Gail Jackson as executive producer.

Walter S. Schwimmer Co. and Fred A. Niles Productions Inc., both Chicago, have scheduled new 26-week filmed All-Star Golf series for national tv distribution next spring. Schwimmer will produce and distribute hour-long program, either for network or syndicated use, with filming handled by Niles organization.

Initial shooting July 12-13 featured Sam Snead and Carl Middlecoff competing at Cog Hill Country Club near Lemont, Ill. Other famous golfers will appear in subsequent matches, with

awards up to $100,000, and on courses in Florida and Southern California. Jack Brickhouse, WGN-TV Chicago sports announcer, is commentator.

Screen Gems Inc., television subsidiary of Columbia Pictures Corp., Hollywood, announces production of new tv comedy series to be titled The Adventures of Ali and Baba. Programs, to be produced by motion picture producer Sam Bischoff, will be based on tales from The Arabian Nights.

UPA Pictures, Burbank, Calif., to film Cervantes' Don Quixote for two-year theatrical showing and later tv syndication.

Theatrical Enterprises Inc., N. Y., has announced plans to produce half-hour tv film series, Code J. D., based on files of juvenile delinquency cases of state and federal government agencies. Rocky Graziano, former world middleweight champion, will co-star in series to be filmed in New York.

FILM DISTRIBUTION

Association Films, N. Y., distributors of public service tv programs, making available to tv stations free, 29-minute documentary film highlighting recent 34th annual 4-H Club convention of 1,200 farm youth delegates. Narrated by film, which features singers Allan Jones, Dorothy Collins, and sports stars Patty Berg, Tony Trabert, and Otto Graham, is by film star (and farm hobbyist) James Cagney. Film was underwritten by Firestone Tire & Rubber Co. Association also is making available free to tv stations 13½ min. film, highlighting accomplishments of World Bank on occasion of its tenth anniversary. Firm in addition is making available to stations two combination live- animated color films on Central American culture and industry, produced for United Fruit Co., N. Y., by John Sutherland Productions. Films run 13-30 minutes and are available at no cost in color or black-and-white.

FILM PEOPLE

Seymour Reed, treasurer and director of Official Films Inc., N. Y., elected secretary-treasurer, and Grace Sullivan, with Official since 1953, elected assistant secretary. Miss Sullivan formerly was on Pres. Eisenhower's White House administrative staff and before that was with Mr. Eisenhower at Columbia U.

Robert Warwick, Ross Elliott, Michael Pate, Robert Griffin, Tom Fadden, Ted DeCorsia, Kenneth MacDonald, Paul McGuire and William Chalee all signed for roles in TCP Television Productions Inc.'s Broken Arrow series.

William C. Wescott Jr., 33, independent tv producer and publicist for Greek Theatre, L. A., fatally shot at his apartment Aug. 3. Police are holding suspect.

26 new half-hours for the Superman series, which is in 150 markets. Flamingo also is distributing eight other series, including Cowboy G-Men, Beulah, and Reporters Roundup, which currently is in 146 markets.

Four Star Films Inc. is undertaking a heavy production schedule for the coming season. In addition to producing two new CBS-TV series, Hey, Jeannie and Dick Powell-Zane Grey Theatre and with pilots ready for Richard Diamond and Arizona Ames, Four Star has the weekly DuPont Cavalcade Theatre running on ABC-TV and is making new films for three syndicated programs, Stage Seven—Chevron of Stars, The Star and the Story and Four Star Playhouse.

Four Star has a total of seven more shows in the planning stage. These include Charles Boyer Presents with Mr. Boyer as Paul Begere; Roommates, college series; The Joker, situation comedy; Salvage Master, underwater adventure; Paradise Campus, situation comedy at U. of Hawaii; The River, family comedy on Mississippi, and Pass the Buck, a quiz show.

Gallu Productions, headed by Sam Gallu, which has been filming Navy Log for telecast on CBS-TV, starts production next Monday (Aug. 20) in San Diego on a new series of 39 films for showing on ABC-TV beginning Oct. 17. American Tobacco Co. (Pall Mall cigarettes) will sponsor the ABC-TV series through Sullivan, Stauffer, Colwell & Bayles. Produced in cooperation with the U. S. Navy, the program presents personalized picture of Navy history and operations from the viewpoint of seamen concerned.

While filming his theatrical westerns at Kanab, Utah, producer Al Gannaway is making multiple pilots for a new tv series called

FILMS FOR FALL

continued

The Carl Smith Show. Two other tv series are in production here for syndication and are being filmed in color. These are Daniel Boone and The Sheriff. Mr. Gannaway has filmed two series in Nashville now running in syndication in 100 markets. His Star of the Grand Ole Opry is distributed through Flamingo Films. Newer series is Country Show.

Guild Films Co. is handling distribution of ten other series, including Liberace, Florian Zabach Show, Frankie Laine Show, Confidential File, and I Spy.

Hugo Television Films is distributing for re-runs and original market purposes the Crusade in Europe tv film series.

Interstate Television Corp. is not planning any new programs for fall, but is making available to stations and advertisers all previously shown series, including I Married Joan, Royal Playhouse, Counterpoint, and Public Defender.

Kling Film Enterprises reports no new series ready for syndication but some under consideration. Among properties presently available are the Hormel Girls (45 shows), Boxing From Rainbow (26), Paradox (series of three-minute shorts) and Old American Barn Dance (26).

MCA-TV Has 27 Shows

MCA-TV recently released The Rosemary Clooney Show, which has started in 60 markets for Foremost Dairy. New episodes (39) are being produced for the half-hour Dr. Hudson's Secret Journal. MCA-TV also is distributing 25 other series, including Federal Men, Man Behind the Badge, Waterfront, Curtain Call and City Detective.

George Burns' McCadden Productions, a pioneer in the tv field, is at a high level of activity producing three properties which continue the trend of pilots and several new series and commercial spots for numerous national advertisers. On Wednesday the studio stars filming the seventh consecutive year of Burns & Allen for Sept. 10 starting date on CBS-TV with alternate sponsors Carnation Co. through Erwin, Wasey & Co. and B. F. Goodrich Co. through BBDO. Goodrich again will sublease its first six shows to General Mills. Mr. Burns produced the husband-wife comedy film field. New director-producer for the series this season is Rod Amateau.

Filming began last week on new episodes of People's Choice to be seen on NBC-TV starting Oct. 4. Alternate sponsors are Borden Co. through ABC. A series of commercials for Rug & Cable Gamble through Compton Adv. Bob Cummings Show goes before camera Friday with new material to begin Oct. 4 on CBS-TV. Winston cigarettes through William Esty Co. alternate sponsors with Palmolive soap (Bates Agency) and Halo Shampoo (Carl Brown Adv.). New director on the Cummings show is Norman Tokar. Paul Henning continues as writer-producer.

McCadden's production vice president, Al Simon, has filmed a pilot for what will be Mr. Burns' major drama venture titled Courage. Network and sponsor are not set. Script also has been prepared for Delightful Imposter, a proposed series to feature a married couple. Still under-the-world and his situation comedy adventures.

McCadden Commercial Productions Corp. is busy filming spots for accounts such as Toni, Maybelline, U. S. Steel, Betty Crockers, Weber's bread, Chevrolet, Carnation Co., Goodrich and Winston.

National Telefilm Assoc. also is offering advertisers and stations a group of filmed series, including China Smith, Police Call, James Mason Show and Orient Express.

NBC-TV films in offering 39 new episodes of

Ridge 714, starring Jack Webb, and 39 new episodes of Life of Riley tv film series. NBC-TV Films also is distributing re-runs of 17 other series, including Frontier Adventures of the Falcon, Crunch and Des, Hopalong Cassidy and Vickers at Sea.

Official Films is offering 14 continuing shows for syndication, including Dateline Europe, My Little Margie, Star Performance (130 markets), The American Legend and Scarlet Pimpernell. In association with Samuel Goldwyn Films, Official has produced 39 new episodes of Robin Hood, which has been renewed by Johnson & Johnson and Wildroot for presentation on CBS-TV in the fall.

Pine-Thomas-Shane Productions is in production this month on pilots for three new prospective tv series concurrent with filming of a feature picture for theatre release. First pilot, Outpost, features Lee Barker, while Paul Muni stars in Johnny Pilgrim, being made for ABC-TV consideration. Third pilot is still unnamed but is adventure series by Ellis Marcus.

Continuing series in the RKO Television catalogue for fall are Gang Busters, Uncommon Valor, and Greatest Dramas.

Roland Reed Productions, in addition to new series of 39 half-hour Adventures of the Sea Hawk which began filming this month in Bermuda, has several other properties ready to be produced as pilots for new series. These include The Great Mouthpiece, Alarm, Treasure Hunters and Men of Justice. Roland Reed, which makes independent films, also has a tv commercial subsidiary headed by Frank Bibas which turns out spots for national advertisers.

Hal Roach Studios, Culver City, Calif., has been a pioneer in independent television production. Last season under contract Roach filmed 17 shows for NBC-TV's It's a Great Life, now slated for syndication. Another series was NBC-TV's Life of Riley, now taken over by the network's subsidiary, California National Productions. Roach also filmed 16 shows for CBS-TV's You Are There last year, as well as 18 episodes of NBC-TV's Frontier and 20 segments of Great Gildersleeve for the NBC Film Division.

Roach productions last season and this included 27 of the total 39 episodes of Screen Directors Playhouse which Eastman Kodak originally sponsored on NBC-TV and which switched to ABC-7TV July 4 for the duration of its run, now completed. Roach is expected to syndicate the series with some of the 39 episodes serving as potential pilot films for a still not-announced new series set in the 1940's. Dennis O'Keefe as a minister, will soon make the agency rounds, as will Brush Roper, western starring Walter Brennan. Partners is another prospect.

Roach has put 28 Stories of John Nesbitt in the can so far for AT&T sponsorship on CBS-TV and has completed 25 of the initial 39 episodes of Code 3 in ABC Film Syndication. Rheingold Beer is sponsoring Code 3 in about 40 markets, while Signal Oil making a major buy in West Coast markets.

This week Roach will have completed its 12th episode of the Charlie Farrell Show which has been on CBS-TV since July 2 as summer replacement for I Love Lucy. Unpopular with the critics, Farrell has rated high with viewers just as another Roach series, My Little Margie, did, winding up with two network runs and continuous syndication since.

Roach's tie-up with Virgil is the second effort of the "film network" to succeed. Vitalpix is the group of stations, some primary network affiliates, which banded together a few years ago to contract with Reub Kaufman of Guild Films. The stations were to clear time and Guild was to produce the shows and sup-
Only STEEL can do so many jobs so well

Swampland Bucket Brigade. This cable tramway stretches through 3 1/2 miles of Georgia swamp, hauling clay to the plant of a brick company. The buckets are carried on an endless 30,000-foot length of USS Tiger Brand Wire Rope. In six years, the tramway has carried over a million tons of clay; it has reduced hauling costs by 66%.

The Beauty Is More Than Skin Deep. Look at the doorway for a minute. It is made from lustrous, permanently attractive USS Stainless Steel. This is the entrance to a research laboratory that is in constant use. The Stainless will stay bright indefinitely, since the surface beauty goes all the way through. Stainless is hard, too, so it won't dent and scratch like softer metals.

The Greatest Lift In the World. That derrick is lifting 800 tons of dead weight—an all-time world record. The total uplift being exerted is over 1300 tons. To build the derrick and barge required about 2000 tons of steel, and 40 tons of welding rods were needed. Nine miles of Wire Rope are used in the rigging of this equipment.

FILMS FOR FALL continued

...ply the films. Mr. Kaufman came up with an assortment of musicals, *Liberace, Frankie Laine and Florian Zabach* among others, but no comedy or drama material. Eventually the plan petered out and as the network time situation became tighter and tighter, Vitapix was reorganized and this time linked with Roach. The studio's initial offering for Vitapix is a tv adaptation of *Blondie* starring Arthur Lake and Pamela Britton.

Studio owner and executive producer Hal Roach Jr. has gone on record as predicting the end of "pure syndication" and the advent of custom packaging in the manner of the Vitapix tie-in.

Movie producer Frank Ross has concluded a financing agreement with MCA for his first television venture, a pilot and series for the 1957 market which will star his wife, Joan Caulfield, featured in CBS-TV's *My Favorite Husband*. Series will be based on movie *Lady Tackles Chance* which Mr. Ross produced ten years ago starring John Wayne and Jean Arthur.

Television producer Bernard Goldberg, currently filming another 39 episodes of *Crusaders for Chevrolet* next season on ABC-TV, is offering a new series under the title of *Key Witness*. He is co-producer and owner of *Topper*, first carried on CBS-TV and now repeating on NBC-TV for General Foods. Mr. Goldberg has syndicated Mr. & Mrs. North in 110 markets and his tv series *Adventures of the Falcon* is syndicated by the NBC Film Division on 90 stations. He has revised and is syndicating *Movie Quick Quiz* in more than 30 markets.

Walter Schimmer Co., which has just added distribution of *All-Star Golf* (produced by Fred A. Niles Productions) to its *Championship Bowling* series, has started production on 26 new installments of the bowling programs, is also distributing nationally its *Baby Time*, produced by United Film and Recording.

Screen Gems is making about 18 program series available for syndication and re-run, including *Father Knows Best*, *Ford Theatre*, *Captain Midnight*, and *Patti Page Show*. Screen Gems also has scripts on hand for various projects, tv films, most of which will be considered for production for the 1957-58 season. Among these are: *George Sanders Show*, which has been sold to NBC-TV for the 1957-58 season, plus *You Can't Take It With You*, *Call McCall*, and *Ivanhoe*.

Sterling Television Co. is offering no new series but is distributing new installments of *Bowling Time* (26 new one-half hour programs). Sterling also is distributing seven other film series, including *I Am the Law*, *Public Prosecutor* and *Playland Films*.

Mark Stevens Productions, which is syndicating its NBC-TV *Big Town* through M & A Alexander under the title *Byline*- *Steve Wilson* has made pilots for two new half-hour series to be offered this next season. One is *The Mirror*, featuring Herbert Marshall as host and based on Norman Vincent Peale's *Guideposts*. The second is *The City*, an anthology produced in partnership with Four-Star Productions. Mark Stevens Productions also has in planning stage a new comedy series, *Africa Young & Co.*, and another called *Mysterious Visitor* with Vincent Price. Firm in addition is active in production of commercial spots for network advertisers.

Another major movie studio whose creative efforts are being tried in television is Republic Pictures, whose Studio City Television Productions is syndicating through the studio's Hollywood Television Service. Newest series offered includes * Frontier Doctor* starring Rex Allen and *Stryker of Scotland Yard*, the latter filmed in England. Already going in syndication are *Adventures of Dr. Fu Manchu* and *Stories of the Century*, the latter in second and third runs.

Studio City is working on another half-hour series called *Status of Life*, in conjunction with the U.S. Immigration and Naturalization Service. Also in planning stage is *True Detective*, based on the crime magazine.

The television division of United Artists-Boyertown, TCF Television Productions, is continuing its activity in tv by producing for the network market, although it is expected that some properties may go into the re-run syndication field later when sponsor contracts have run out.

TCF is filming the second year of 20th Century-Fox movie of the same name, *How to Marry a Millionaire*, and will depict the adventures of three young girls in quest of marriage. Films will revolve around the world. The second is *Mr. Belvedere*, which like Broken Arrow was a one-shot on TCF-Fox. Firm also is developing an untitled anthology property.

Among continuing series handled by UPA are *Foreign Legionnaire* (formerly carried on NBC-TV as *Captain Gallant of the Foreign Legion*), *Fury* (NBC-TV), *Private Secretary*, and nine other series.

More 'Ranger' Episodes

Jack Wrather's package *Lone Ranger* is filming its new series in color and is scheduled to begin Sept. 6 on ABC-TV. Last season reruns are on CBS-TV. General Mills is sponsor in both instances. Mr. Wrather reportedly is close to an agreement with Robert Maxwell Assoc. for the purchase of *Lassie* tv series.

*Ziv* television programs is continuing production on *Highway Patrol* (39 episodes), *Science Fiction Theatre* (39) and *Man Called X* (39). Ten other Ziv programs are still active in syndication, including *Cisco Kid, District At- torney, Led Three Lives* and *Favorite Spy*. This season will see a distinct trend to use of cartoon animation for adult and family viewing, heretofore exclusively the realm of old movie cartoons for the youngsters. Both *ABC* and *CBS* will offer such programs, especially the latter, which is showing sponsor an elaborate weekly half-hour of UPA Pictures' *Gerald McBoing-Boing* at a reported cost of $62,000 per program, with one rerun right. UPA last week announced that production is starting on a new theatrical cartoon series of 24 seven-minute musical and humorous vignettes to be released first in the United Kingdom under the title "UPA's Pair of Shorts." U. S. theatrical release will follow, with eventual tv syndication. UPA's contract with Columbia Pictures for 10 "Mister Magoo" and eight special cartoons each year has been altered to feature Magoo adventures only.

Meanwhile, John Wilson, Ned Herzstam and Hubbard Hunt, partners in Audio Visual Associates, have announced that their subsidiary firm. Fine Arts Productions, has completed the animated ballet "Petroushka" for a 15-minute segment of an upcoming color spectacular on NBC-TV this fall.

Shamus Cuhane Productions has sold its pilot of a five-minute animation series *Why, Daddy*? to NBC-TV and the films have been used on *Howdy Doody* in Chicago. Cuhane is also working on 20-minute animation segments for Bell Telephone series to be produced by Frank Capra.

No one knows Connecticut better than the Local Agency Man!

The placing of advertising here in one of the Nation's richest marketing areas has always been a challenge to local advertising agencies.

We have found WGT-TV to be a most effective medium. We have used Channel 18 for local and regional accounts with excellent results.

WGTN TV
Hartford, Connecticut
NETWORK SALES GAIN 20.5% IN JUNE

Six-month billings this year are 18.9% over 1955 period. 1955, according to PIB data. ABC-TV whittles off some of the gain between itself and other two networks.

TV NETWORK gross time sales for June totaled $38,242,635, a gain of 20.5% over June 1955 billings, according to Publishers Information Bureau. The gross for the January-June period was $234,510,312, an increase of 18.9% over last year's corresponding six months.

Each of the networks shared in the billings rise. ABC-TV with $6,119,917 was 72.8% over its June 1955 total; CBS-TV with $7,935,789 gained 14.1%, and NBC-TV with $14,186,929, was up 15.9%. The percentage increase for the six months per network: ABC-TV, 76.8; CBS-TV, 13.7, and NBC-TV, 13.6.

Of interest: While ABC-TV trailed NBC-TV in gross billings for the first six months of last year by nearly $72 million and CBS-TV had chalked up more than four times the ABC-TV billing, ABC-TV for the first six months of this year has trimmed the difference nearly $4 million. CBS-TV had almost exactly three times the ABC-TV total for the first six months in 1956.

There was no appreciable difference in the gross billing edge of CBS-TV over NBC-TV—

* Effective Sept. 15, 1955, DuMont Television network changed from a national network to a local operation.

Wincler, Milford Promoted To New Positions by CBS-TV

PROMOTION of E. Carlton Wincler to director of production operations for CBS-TV and advancement of Robert Milford to succeed him as production manager of the CBS-TV program department were announced Friday.

Mr. Wincler, with CBS-TV since August 1951 and in his present post since March 1953, takes over his new duties immediately, according to the announcement by Edward L. Saxe, CBS-TV vice president in charge of operations.

Mr. Milford's appointment, also effective immediately, was announced by Hubbell Robinson Jr., CBS-TV executive vice president in charge of network programs.

Before joining CBS-TV as production manager in the operations department, Mr. Wincler was production manager and program director for ABC-TV in Hollywood, and before that was program director for the Don Lee Television Network. He has been in show business since 1924, when he started as a puppeteer with Tony Sarg's marionette theatre, and has served as technical director of New York's Roxy Theatre, general stage manager and technical director for many Billy Rose enterprises, and lighting and technical director for Ringling Bros. Circus. He has worked on 78 Broadway shows as a lighting and technical director.

Mr. Milford joined CBS-TV in December.
$3.5 MILLION SOLD BY ABC, CBS RADIO

All sales are in daytime programming time periods and include four sponsors per segment.

SEASONAL pre-fall selling in network radio received additional emphasis as various sales representatives reported about $2.5 million for CBS Radio and approximately $1 million for ABC Radio were reported. The added gross billings in both cases were in daytime schedules.

Seemingly a last ditch effort for a sell-out of its daytime programming schedule for fall [B&T, Aug. 6], CBS Radio reported a new purchase, representing $1 million in gross billings by Slenkerella International (see story, page 60) and that Colgate-Palmolive has doubled an earlier $1.5 million order placed in May. The earlier contract is for 10 segments (each 7 1/2 minutes) weekly in Backstage Wife, Our Gal Sunday and Second Mrs. Burton.

The new C-P sale is for an additional 10 segments weekly, for a total of 20 per week during the daytime hours between 10 a.m. and 3:30 p.m.

C-P's new signing, a 52-week contract, places the Radio, director and later Mrs. Williams, Ely, Bryan Houston and Lennell & Newell, is effective Sept. 2 and is in behalf of its Ad, Ajax cleaner, Colgate dental cream and Fab products.

An additional sale, C-P adds five segments per week to the daytime serials buy of last May while adding five segments within the Monday-Friday daytime schedule in a program not yet designated.

Thus, in relatively a short period, CBS Radio has reported sales increasing its gross billings by some $4 million. In addition to Slenkerella, the new C-P contract, the total includes the Standard Brands purchase of about $1.5 million [B&T, Aug. 6].

Nine advertisers—four of them said to be using network radio for the first time—represented the $1 million gross pickup by ABC Radio. All purchases are in the morning schedule. Also, ABC reported renewals of two morning advertisers.

Network Newcomers

The four new to network radio are Atlantis Sales Corp. (French's birdseed), Rochester, N. Y.; Haysma Co. (ant-hay fever preparation), Chicago; McIlheney Co. (Tobasco), Avery Is. Co. (batteries), and Mishawka Rubber & Woolen Mfg. Co., Mishawka, Ind. The other five advertisers include Bristol-Myers Co. (separate buys for Bufferin, Seltzer and Truslax hand lotion); the Drackett Co. (purchases on behalf of Dazy and Twinkle, other buys for Drano and Windex), Cincinnati; General Foods Corp. (separate purchases for Jell-o and La France); State Pharmacol Co. (All-in-One vitamin re- ducing capsules), Chicago, and Ex-Lax Inc., Brooklyn.

Programs involved in the ABC purchases are Breakfast Club (Mon.-Fri., 9:10 a.m. EDT), My True Story (Mon.-Fri., 10-10:30 a.m. EDT) and Jack Paar Show (Mon.-Fri., 11:15-11:30 a.m. EDT). ABC spokesman claimed that as a result of the new business, Breakfast Club now is 85% sold for the fall and the radio network's entire morning lineup is nearing a point of half-fullness.

Included in the Breakfast Club purchases were Bristol-Myers, through Young & Rubicam, New York, for segments at various starting dates from last July 30 to Sept. 7, for its Bufferin; and the segments in Sun, Sept. 7, from last Monday to Sept. 14, for Seltzer, and segments on Thursdays and

Viewers Voting 3-4 Against Bergman Appearing on TV

VIEWER poll as to the desirability of Ed Sullivan inviting motion picture actress Ingrid Bergman to make a personal appearance on his CBS-TV show next fall was running last week about 5 to 4 against.

Latest count last week showed 10,247 against, and 8,775 in favor, with 4,500 letters still not tabulated. As many as 20,000 letters had been received. Some letters did not take a position but merely commented on the topic raised by Mr. Sullivan, himself, a few weeks ago when he asked viewers to make their position known to him.

Mr. Sullivan had reported some time ago that officials connected with a motion picture ("Anastasia") being filmed abroad and starring the Swedish-born actress, had agreed to a personal tv appearance of Miss Bergman on his show. A U. S. visit would be the first for Miss Bergman in seven years.

Meanwhile, columnist Walter Winchell, who comes up with a new variety show on NBC-TV, starting Oct. 5, was quoted last week as suggesting that perhaps Miss Bergman might appear on his program.

Ed Sullivan Sidelined By Serious Auto Crash

ED SULLIVAN, CBS-TV star and host of his highly-successful Sunday night variety show, was confined to the hospital as a result of an auto accident last week. Comedian Phil Silvers was forced to handle Mr. Sullivan's chores on last night's (Sunday) program. Mr. Sullivan, 53, was recovering from injuries—including a broken rib—suffered when he was involved in an early morning head-on auto crash Monday morning, Sept. 20, a dozen miles from his Southbury, Conn., farm after having put on his show at McGuire Air Force Base, Fort Dix, N. J.

Mr. Ayres left a similar post at ABC Radio to become operating head of the NBC Radio Network last Nov. 1 [B&T, Nov. 7]. At that time, NBC was busy finalizing plans for its controversial Weekday variation of the weekend Monitor service. Since then, Weekday has been abandoned and new programming has been installed, by the NBC Bandstand series of live broadcasts by name bands, with Program Executive William R., Goodheart Jr. getting credit for the idea.

During the interim before appointment of a successor to Mr. Ayres—and spokesmen doubted that a successor would be named before the hectic political nominating conventions—the administration of the NBC Radio Network is being supervised largely by Mr. Goodheart, Program Director John P. Cleary and Sales Director Fred Horton. All report to NBC President Robert W. Sarnoff.

When he moved to NBC, Mr. Ayres succeeded William H. Fisheinrider Jr., who had left the post some nine months earlier and who now is a vice president of Television Programming, Inc. of America.

In that interim period, direction of the radio network was handled by Mr. Sarnoff in addition to his other responsibilities. At that time he was executive vice president of NBC.

Mr. Ayres joined ABC in 1948, serving successively as eastern sales manager for ABC Radio, director and later vice president in charge of radio sales and vice president in charge of the radio network. Before that, he was vice president and general manager of radio-tv at Ruthrauff & Ryan, where he served for 13 years, and prior to that was with Hanff-Metzer agency and National Carbon Co.

His future plans were not announced.

Two Join ABC Radio

TWO new affiliations with ABC Radio were announced last week. Affiliation of KGAK Gallup, N. M., was reported jointly by Merle H. Tucker, president of Thunderbird Broadcasting Co., and Edward J. DeCary, ABC Radio station relations director. KGAK operates on 1330 kc with 5 kw day and 1 kw nighttime.

Also signed was KCNO Alturas, Calif., with the announcement made jointly by Mr. DeCary and John P. Cleary, president of Interstate Broadcasting Co. The station operates on 570 kc with 1 kw.

1954 as associate production manager of the program department. He was production supervisor for NBC in 1951-52, and also had been engaged in production work in the legitimate theatre for 15 years. His previous television credits include Billy Rose's Pitching Horseshoes on ABC-TV and the Three Steps to Heaven and Follow Your Heart series on NBC-TV.
YOU asked for this trip…

HARD TO BELIEVE? It is true, nevertheless. Any time you see a truck or tractor-trailer on street or highway, you can be sure it is in response to the needs of some “you” somewhere. And because the total of truck movement lies at the heart of our whole economy—our high standard of living—those trips are, in the final analysis, for you.

No truck moving over the roadways is pleasure-bent. Rather, it is carrying its share of the three out of every four tons of all goods moving in the nation’s agriculture and industry which are hauled by truck.

Everything from apples and airplane parts to zircons and zinc—including everything you eat, wear and use—travels these days by truck, because only the truck can do the complete job among all forms of land transport. No other kind of transport can move from door to door with all that this means in economy, minimum handling and prompt delivery.

Next time you see a truck or tractor-trailer on the streets and highways, you can be sure it is working for you.

MONROE RESIGNS
MBS PROGRAM POST

ROBERT A. MONROE resigned Friday as Mutual's vice president in charge of programming to devote his time to a new, multi-million-dollar broadcasting-recording-motion picture enterprise.

MBS President John B. Poor named as his administrative assistant, Brad Simpson, a broadcast veteran, as successor, effective immediately.

Mr. Simpson, who operated his own radio program production firm in Cincinnati before joining Mutual last February as Mr. Poor's administrative assistant, has more than 25 years in radio, television and motion pictures as writer, director and producer.

A "syndicate" reported to have $5 million invested in the operation with which Mr. Monroe is associated will enter multiple radio station ownership (and perhaps TV later), as well as feature film production and recording. Mr. Monroe told BT that details of the organization—its plans and persons associated with it—would be made public at a later date.

RAM Has Options

The broadcast activities will be lodged within RAM Enterprises, New York, of which Mr. Monroe is president. Mr. Monroe said that to date RAM has purchase options on three radio stations, all independents, on the Eastern Seaboard, two in major markets and the third in a secondary market.

The motion picture activity will be operated by Larry Assoc., New York, of which Mr. Monroe is secretary-treasurer. Recording will be handled by a third operation as yet untitled.

Of the $5 million invested, it was understood that approximately $3 million is being put into the broadcasting operation and the other $2 million applied to the recording and motion picture arms. Mr. Monroe said RAM Enterprises actually has been operating as a radio production firm of his own for some five to six years. Plans for the new expansion and the multi-million-dollar investment have come, however, only within the past four months.

Before he joined Mutual as vice president in charge of programming, Mr. Monroe was engaged in production activities where he had created several network radio and TV properties.

He had been in this type of work for some 20 years, associated with station and network operations. He also had been in announcing and writing of radio shows.

Creates New Concepts

Mutual hired Mr. Monroe to create new concepts in radio programming and selling. Last week he told BT: "I was hired to do a job, which, I now feel, has been completed."

In another change announced by Mr. Poor, Arthur (Art) Gleeson, an MBS sportscaster since 1950, was named sports director at Mutual succeeding John H. (Jack) Burnett, who resigned because of ill health. Mr. Gleeson has been one of a quartet of sportscasters on Mutual's Game of the Day baseball broadcasts. He continues those activities.

When you are in New York stop by 444 Madison Ave. for your current issue of BT or call PLaza 5-8355.
Deep in this electronic maze is an important non-metallic element called selenium, a by-product of copper refining. It's the heart of current rectifiers that change alternating current to the direct current so necessary for the operation of radio, TV, and electronic test equipment. Selenium rectifiers are in demand because of their dependability, low heat loss, small size, and low cost.

Selenium and its compounds are used for such varied applications as photoelectric cells and light-sensitive devices; in the glass industry as a decolorizer; as an alloying element in metals; in pigments, enamels, rubber, pharmaceuticals, and a host of other products to which it imparts unique properties.

Selenium is one of the products not always associated with Anaconda, yet in 1955, this Company produced more than 10% of the combined selenium output of the United States and Canada.

Other important Anaconda Products, listed below, represent the most extensive line of non-ferrous metals and metal products available to industry.

The Anaconda Company

Anaconda Aluminum Company
International Smelting & Refining Company
Andes Copper Mining Company
Chile Copper Company
Greene Cananea Copper Company
The American Brass Company
Anaconda Wire & Cable Company

PRODUCERS OF: Copper, zinc, lead, aluminum, silver, gold, platinum, palladium, cadmium, tellurium, uranium oxide, standard ferromanganese and standard ferromanganese, tellurium superphosphate, arsenic, bismuth, indium.

MANUFACTURERS OF: Copper and aluminum electrical wires and cables; copper, brass, bronze and other copper alloys in such forms as sheet, plate, tube, pipe, rod, wire, forgings, stampings, extrusions, flexible metal hose and fittings.
From where I sit
by Joe Marsh

Turned Out To Be a Good Break

We had a water main break last Thursday. Happened early in the morning—about two a.m.—and the first thing most of us knew about it was when we tried to turn on the faucets and nothing came out but a hissing noise.

Nobody was inconvenienced much though. Repair crew went right to work—and things were fixed up in jigg time.

Incidentally, the water company got a flood of payments on overdue bills that day. Lots of “forgetful” folks must have figured they were being warned!

From where I sit, sometimes our obligations slip our minds. Like the responsibility we all have to our communities . . . to see that our neighbors enjoy the right to decide for themselves how to work, how to vote, whether or not to enjoy a bottle of beer. Any time we “forget” we owe this right to others, we take a chance on stopping the flow of tolerance that makes this country such a grand place for us to live in.

Joe Marsh

**NETWORKS**

**NBC Says 216 Outlets Are Ready to Air Color**

A TOTAL of 216 television stations were equipped to rebroadcast network color programs as of July 1, according to a report issued last week by NBC.

The report showed 112 NBC-TV and 116 CBS-TV affiliates so equipped. Of these, it was pointed out, 12 are duplications, being affiliated with both NBC-TV and CBS-TV. The 216 include all of the basic affiliates and "most of the more important optional market stations" of both networks, the report asserted. It added, however, that NBC has color-equipped affiliates in areas where CBS-TV does not—incuding Springfield, Mass.; Duluth, Minn.; Knoxville, Tenn., Augusta, Ga., and Wheeling, W. Va.—while CBS-TV is color-equipped in several markets where NBC-TV is not, among them Madison, Wis.; Terre Haute, Ind., and Saginaw, Mich. ABC-TV has not yet entered the colorcasting field.

The report estimates that the number of NBC-TV affiliates equipped to carry network color will reach 120 by Oct. 1 and 134 by Jan. 1. Among NBC-TV affiliates, the number equipped for local colorcasting was reported and projected as follows, according to type of local color equipment:

<table>
<thead>
<tr>
<th>Type of Local Color Equipment</th>
<th>NBC-TV Affiliates</th>
</tr>
</thead>
<tbody>
<tr>
<td>Approx.</td>
<td>Local</td>
</tr>
<tr>
<td>As of</td>
<td>Slide</td>
</tr>
<tr>
<td>July 1, 1956</td>
<td>38</td>
</tr>
<tr>
<td>Oct. 1, 1956</td>
<td>42</td>
</tr>
<tr>
<td>Jan. 1, 1957</td>
<td>50</td>
</tr>
</tbody>
</table>

The report estimated that close to 91% of all U. S. homes and 93.6% of all U. S. tv homes were in areas of NBC-TV stations capable of broadcasting network color programs as of mid-1956. These figures are expected to reach 91.3% and 94.2%, respectively, by Oct. 1 and go even higher by the first of the year, it was estimated.

The report was prepared by Hugh M. Beville Jr., NBC vice president and director of research and planning.

**Affiliates Group Praises NBC-TV on Programming**

NBC-TV won the commendation of affiliates last week in three areas of programming.

The NBC-TV Affiliates Executive Committee, meeting Wednesday in New York, adopted a resolution praising the network for obtaining (and selling) the radio-television rights to the World Series and All Star baseball games, for its coverage of the *Andrea Doria-Stockholm* sea tragedy, and for "the outstanding improvement in daytime programming, resulting in an impressive increase in NBC's daytime audience."

Authorities said the programming matters were the principal subjects of discussion.

NBC obtained broadcast rights to the World Series and All Star games for the period from 1957 through 1961, at a price of $3,250,000 a year, in a contract announced last month by Baseball Commissioner Ford C. Frick. Gillette Safety Razor Co., through Maxon Inc., will sponsor the events as in the past [B&T, July 9].

Walter J. Damm of WTMJ-TV Milwaukee, chairman of the Affiliates Committee, announced unanimous adoption of the resolution.

Other committee members: Lawrence H. (Bud) Rogers II, WSAA-TV Huntington, W. Va.; Edwin K. Wheeler, WWJ-TV Detroit; Jack Harris, KPRC-TV Houston; Robert B. Hanna Jr., WRGB (TV) Schenectady; William W. Warren, KOMO-TV Seattle; Fred C. Mueller, WEEK-TV Peoria, Ill.; James H. Moore, WLS-LV Roanoke, Va., and Gene De Young, KERO-TV Bakersfield, Calif.

KOIN-TV WILL CARRY MORE SPECTACULARS

MORE THAN 85 spectaculars and special shows will be presented by NBC-TV during the forthcoming 1956-57 season, Thomas A. McAvity, vice president in charge of the TV network, announced last Friday. This total, he said, represents a gain of almost 19% over the number presented during the past year.

The announcement coincided with issuance of major realignments in the network's program plans for five nights of the week during the fall season. The realignments, under study for several weeks, conform generally with earlier speculation regarding probable changes [Closeup Circuit, July 30]. They include:

(1) In the Sunday 9-10 p.m. EDT period, Goodyear and Aluminum Co. of America reduce their presentations to a total of 42 (20 for Goodyear, 22 for Alcoa). Goodyear starting Oct. 7 and Alcoa Oct. 14. The Chevy Show will be seen in this spot once a month, starting Oct. 21, and on Fridays at 9-10 p.m. once a month, starting Oct. 5. Bob Hope will star in six of eight of these shows, beginning Oct. 21, and Dinah Shore will appear in 10, starting Oct. 5. It is planned for the two stars to alternate between the Sunday and Friday time spots. Mr. McAvity said that although Goodyear and Alcoa will present fewer shows this year than last, the production budgets of each will be increased so that "more spectacular presentations" will be seen.

(2) Two half-hour shows—Big Surprise quiz show and Noah's Ark, a color film series—will go into the Tuesday 8-9 p.m. EDT period, starting Sept. 18. Purex Corp. and Speidel Corp. will alternate sponsorship of Surprise at 8 p.m. and Liggett & Myers Tobacco Co. will sponsor Noah's Ark at 8:30.

(3) People Are Funny moves from Saturday at 9-9:30 to Big Surprise's old time spot, Saturdays at 7:30-8 p.m., effective Sept. 15. Tonol Co. and R. J. Reynolds Tobacco Co. will alternate sponsorship.

(4) Most Beautiful Girl in the World, quiz show with $250,000 top prize, goes into the Monday 9-9:30 p.m. segment Sept. 24 under Revlon sponsorship [EPT, Aug. 6].

Other special NBC shows include Producers Showcase (every fourth Monday, 8-9:30 p.m.), The Saturday Night Spectacular (every fourth Saturday, 9-10:30 p.m.), Hallmark Hall of Fame (the 90-minute dramas on Sunday and one on Wednesday evening), as Wide World (every fourth Sunday), Telescope and NBC Television Open Series.

Huntley to Share 'Caravan'

NEWSCASTER John Cameron Swayze may be replaced on NBC-TV's News Caravan (Mon-Fri., 7-8:30 p.m. EDT), with which he has been identified for more than seven years. Network authorities said last week that starting Oct. 1 Chet Huntley, who now conducts the Sunday afternoon Outlook, will take over part of the Caravan newscasting chores and may eventually succeed Mr. Swayze altogether. The division of time between Mr. Swayze and Mr. Huntley has not yet been worked out, but they would not both appear on the same show.

Mr. Swayze's contract as newscaster on Caravan expires at the end of September, it was reported. He is understood to have another contract with NBC, however, which calls for his participation in special programs, and this is said to extend over approximately the next two years. In the past he has appeared on occasional Armstrong Circle Theatre documentaries and on other special shows.

Especially when they're watching your commercials and in the Portland, Oregon Market KOIN-TV delivers over TWICE the audience of any other station

Educational Tv System

Completed in Alabama

THE NATION's first statewide and state-supported educational television network came into being last Wednesday when WAIQ (TV) Andalusia went on the air, marking the completion of a system that also includes WBIQ (TV) Birmingham and WTIQ (TV) Munford. The latter two stations have been telecasting since early in 1955.

Joined by microwave relay, the three stations telecast programs simultaneously from originating studios of the U. of Alabama, Tuscaloosa; the Alabama Polytechnic Institute, Auburn, and from the Greater Birmingham Area Educational Television Assn.

The studios and transmitter stations of the network have the same type of telecasting equipment found in many of the larger commercial stations. WAIQ has 100 kw of effective radiated power; WTIQ, 316 kw and WBIQ, 30 kw.

The network currently is programming 45 hours a week to approximately 90% of the state's area, going on the air at noon each weekday and broadcasting to 9 p.m. About 30 hours a week is devoted to live programs.

Among officials attending the inauguration of the network last week were Dr. W. R. G. Baker, president of the Radio-Electronics-Mfrs. Assn. and a GE vice president, who was principal speaker; Gov. James E. Folsom; Dr. Robert Button, director of the Voice of America; Dr. O. C. Carmichael, U. of Alabama president, and Milton K. Cummings, president of the Alabama Educational TV Commission.

Kellogg Makes Educ. Grant

U. OF ILLINOIS trustees a fortnight ago accepted a $141,000 three-year grant from the W. K. Kellogg Foundation on behalf of the National Assn. of Educational Broadcasters for its Kellogg radio-television project. The grant extends a previous five-year contribution and is "terminal" in nature, expiring June 30, 1959.

Harry J. Skornia, executive director of NAEB, is director of the Kellogg project and journalism lecturer at the U. of Illinois.

L. A. Educational Tv Ok'd

A SMALL SCALE television program at the junior college level has been authorized by the Los Angeles Board of Education by a 4-to-3 vote which provides $50,000 for personnel and initial equipment. The in-school project is slated for 1957. The action was taken when the Ford Foundation's Fund for the Advancement of Education turned down an application for an experimental $750,000 three-year project because the school board failed to give unanimous approval to the larger project.

Mass. UP Clients Organize

UNITED PRESS has announced that plans now are underway to establish an association of UP client radio-tv station executives in Massachusetts. Similar groups are operating in other states throughout the country. Initial work for the organization plan is being conducted out of UP's Boston office in conjunction with an "organization committee." Personnel involved in setting up the new group include C. R. Woodsum of UP; Richard Adams, WKOX Framingham; Walter Kearsley, WBRK Pittsfield; John J. Hurley, WNEB Worcester; Gordon Swan, WBZ-TV Boston; Keith Field, WARA Attleboro; Sherwood J. Tarlow, WHIL Medford; Alexander Milne, WHMP Northampton; Harvey Struthers, WEEI Boston, and Paul Mills, WBZ Boston.

The nation's radio and television network currently is moving approval is scheduled to begin today (Monday), according to Ben Philley, general manager of Ziv Radio. An intensive promotion and merchandising program is planned by Ziv for the program, including personal appearance tours by the Waring organization.

AT&T Names MacFarland

APPOINTMENT of F. Ralph MacFarland as division commercial manager of AT&T's Long Lines Program Div.—New York group serving the nation's radio and television networks—was announced last week. Mr. MacFarland succeeds Robert E. Gradle, who has been appointed Washington, D. C., Div. commercial manager. Mr. MacFarland was in charge of the Program Div. from 1942 until 1955, but for the past year has served in area headquarters in White Plains, N. Y.

INS Expansion Underway

AS part of an expansion program at International News Service, Kingsbury Smith, vice president and general manager, has announced the appointment of William Griffin as business representative in New York state and New England and of Michael Griffin as a salesmen in the central division in Chicago. William Griffin formerly was publisher of the New York Enquirer. Michael Griffin has held various editorial posts with newspapers in Madison, Chicago and Louisville and with Time magazine in Washington.

PROGRAM SERVICE PEOPLE

William D. Gargan Jr, west coast manager, TelePrompTer Corp., resigned. He has not announced future plans.

Graham Gladwin, former owner of Ace Productions, San Francisco advertising agency, has formed Wisco Enterprises, 1354 Ventura Blvd, Sherman Oaks, Calif., to publish "easy listening" music for radio under BMI license. Discs and tapes are being offered especially for store-cast type operations.

PROFIT CENTER—Tell them you heard about us on WCKV
Robert F. Dirkes, director of facsimile and private wire services, Western Union Telegraph Co., N.Y., appointed assistant vice president of department, and succeeded by Harry M. Saunders, former assistant director. Other WU appointments: Joseph D. Johnson, director of sales and services, to assistant vice president, and Paul H. Greer and L. N. Willis, as assistant directors, sales and services.

John R. Willoughby, with United Press since 1954 as staff writer, to manager of Edinburgh, Tex., UP bureau, succeeding Jerry Martin, resigned. Mr. Willoughby had been associated with KWON Bartlesville and KVLH Pauls Valley, both Okla., before joining UP.

A. Lewis, veteran radio comedy writer, succeeds Hal Kanter as head writer and producer of Gomolco Productions' George Gobel Show upon the program's return to NBC-TV, Sat., Oct. 6, 10.10:30 p.m. EDT. Mr. Kanter will continue to work with Gomolco in other capacities.

Van Fox, free-lance director of live commercials on NBC-TV's Armstrong Circle Theater, father of boy, Russell Allen.

PROGRAM: SERVICE SHORTS
The Caples Co., L. A., reports selling two packages to local tv stations. KRCAs (TV) Los Angeles is carrying Dr. Tom Groody Explores the Universe and KHJ-TV there will air adventure series, Strange Lands and Seven Seas, in September. Caples plans to syndicate both and reports two others in preparation; Beat Your Mother-In-Law, comedy quiz, and The Criminal Mind, featuring noted criminologists.

Universal Recording Corp., Chicago, moved to 46 E. Walton St.

ASCAP, N.Y., reports high demand for revised, 20-page brochure, Public Performance Rights in Music and Public Performance Right Societies by licensing organization's general attorney, Herman Finkelstein. Booklet is available at no cost from ASCAP, 575 Madison Ave., New York 22.

____ PERSONNEL RELATIONS ______
AFM's Petrillo, Interlochen Fan Flames of Old Feud
LONG-STANDING controversy between the American Federation of Musicians and the National Music Camp at Interlochen, Mich., erupted again last week when AFM refused to permit AFM musicians to teach and appear at the camp. Joseph E. Maddy of the National Music Camp accused James C. Petrillo, AFM president, of trying to control activities of Interlochen.

An AFM spokesman said the union's "feud" with Mr. Maddy dated back to 1941 when AFM was instrumental in keeping music groups from the Interlochen camp off the air, because "the musicians were passed off as amateurs, but were being put on sponsored programs." He added the union originally had approved of the broadcasts before 1941 because camp musicians were appearing on non-sponsored programs. In 1945, the AFM spokesman said, the National Music Camp was placed on the union's "unfair list," and the camp has not been removed from the list to date.

AFM To Open Office In Midst of Dissidents
ESTABLISHMENT of West Coast branch office of American Federation of Musicians in Los Angeles on "a trial basis" has been announced by James C. Petrillo, president of AFM. Office is expected to be opened by Sept. 1 with Herman D. Kenin of Portland, Ore., to be assigned to Los Angeles. Mr. Petrillo made no mention of the recent AFM dispute with Los Angeles Local 147 as a factor in this move, but instead said: "There is need to create a permanent branch office on the West Coast in order to eliminate possible difficulties encountered by all locals in that area because of time differential between it and New York where the federation's headquarters are located."

IATSE Plans Kansas City Meet
THE International Alliance of Theatrical Stage Employees (IATSE) will hold its biennial convention in Kansas City Aug. 20-23. Among the speakers will be George Meany, president of the AFL-CIO, and Richard F. Walsh, IATSE president, who will give a progress report on the union's activities over the past two years.

KTLA (TV), NABET Sign Pact
PARAMOUNT's KTLA (TV) Los Angeles last week concluded its six months of negotiations with NABET over a new two-year contract to cover two dozen non-technical clerical and office employees. The scale is increased about 6% over previous wages in various classifications with another 2% boost scheduled next June. NABET won new vacation benefits with five-year employees getting three weeks.

PERSONNEL RELATIONS PEOPLE

Charlotte Nohelan, executive secretary of San Francisco office of AFTRA, has resigned effective Sept. 1 to devote full time to her law practice.
CBS REVENUE HIGH
FIRST HALF OF ’56

(See table at right)

A NEW first-half-year record high of $174,274,387 in consolidated net revenues and sales for CBS Inc., was reported to the board of directors by Wednesday by Chairman William S. Paley. He said this total for the January-June period represented a 16% gain over the comparable period of 1955.

Net income for the first half of this year was placed at $5,308,990, or 71 cents a share, as against $6,327,672 or 87 cents a share for the first half of 1955.

The figures take into account the operating losses of CBS-Columbia, set-making division which CBS discontinued in July (B&T, July 16).

1956 has yet to be finalized, currently estimated at $4.99 per share. After applicable tax credits, these provisions for the first six months approximate $2,600,000, which is equivalent to $.35 per share.

The 1956 results are subject to year-end adjustments and to audit by Lybrand, Ross Bros. & Montgomery.

Notes:
1. Following the July 11, 1956 meeting of the board of directors, the decision to discontinue the manufacture and sale of radio and television receivers by the CBS-Columbia Div. was announced. This division has been unprofitable in recent years.

The results are after deducting the operating losses of the CBS-Columbia Div. during the respective periods. The figures for 1956 also include provisions for estimated expenses and losses expected to be incurred in discontinuing the division (other than losses which might result from disposal of the division’s plant and equipment, which

GE Reports Practical Slow-Scan TV Transmission

THE practical use of slow scan television—a transmission system producing one picture every four seconds as against fast (standard) tv’s 30 pictures a second—was claimed last week by General Electric Co. GE announced its Syrac- cuse, N. Y., electronics labs had developed a converter that could convert fast tv to slow scan.

Slow scan tv can best be used in transmis- sion not requiring motion, e.g. picture of hang checks, police blotters, etc and has the added advantage of being far more economical in use since it does not require long, costly coaxial hookups, operating instead on modified tele- phone lines. With the advent of the converter, GE spokesmen pointed out, more industrial firms may make use of slow scan tv.

GE Reports Practical Slow-Scan TV Transmission

THE practical use of slow scan television—a transmission system producing one picture every four seconds as against fast (standard) tv’s 30 pictures a second—was claimed last week by General Electric Co. GE announced its Syrac- cuse, N. Y., electronics labs had developed a converter that could convert fast tv to slow scan.

Slow scan tv can best be used in transmis- sion not requiring motion, e.g. picture of hang checks, police blotters, etc and has the added advantage of being far more economical in use since it does not require long, costly coaxial hookups, operating instead on modified tele- phone lines. With the advent of the converter, GE spokesmen pointed out, more industrial firms may make use of slow scan tv.
**Whirly-Bird TV**

PHILCO CORP.'s Government & Industrial Div., Philadelphia, which recently announced the development of an airborne tv system for use in jet aircraft reconnaissance, last week announced a tv system for use in U. S. Navy helicopters during naval and amphibious operations. Developed for the Navy's Bureau of Ships, the system—which is said to provide airborne tv coverage for over 50 miles—is an ultra-high frequency fm-radio link feeding signals from helicopter to ship or shore. Tests of the new system, Philco said, were recently conducted in Philadelphia in the 498 mc band, at altitudes ranging from 500 to 2,500 ft. The equipment consists of a 100 w fm transmitter, an image orthicon camera, a coder, and a high-gain antenna suspended from the helicopter.

Another 14 Million Year Seen for Radio Set Makers

INCREASED SALES of home and portable radios should about offset the declining sales of auto sets, with factories approaching the 14.4 million set volume of 1955, according to an electronic industry survey by Standard & Poor's. Sales of tv sets are expected to approximate seven million units, with 5% under 1955, low-priced models bringing the dollar sales off even more.

Standard & Poor's estimated color tv sales at 200,000 to 250,000 in 1955. Interest in political events is expected to stimulate tv sales. Color sales are aided by appearance of $500 models plus increased network programming. Also aiding consumer interest are home demonstration models, large trade-in allowances, reduced-price service contracts and publicized spectacles.

Third-quarter tv output was estimated at 1.8 million sets, with 2.1 million retail sales. Inventories are expected to run 2.25 million sets at the end of September, about the same as the figure a year earlier.

**Picture Tube Sales Rise**

FACTORY SALES of cathode ray picture tubes totaled 5,152,743 units in the first six months of 1955 compared to 4,914,024 a year ago, according to Radio-Electronics-Tv Mfrs. Assn. Sales in June totaled 776,601 tubes compared to 906,737 in May of this year and 706,890 in June 1955.

Receiving tube sales totaled 39 million units in June compared to 33 million in May and 40.8 million in June 1955. Six-month sales totaled 227.6 million units compared to 226.3 million a year ago. Sales of transistors totaled 1.1 million units in June and 4.7 million units for the first half of 1956. Sales in the first half of 1955 totaled 1.2 million units.

**Dage Offers New Tv Camera**

A NEW, low-cost, closed-circuit tv camera introduced a fortnight ago by Dage Television Div. of Thompson Products, Michigan City, Ind., will make “complete broadcast television studio facilities available for less than $10,000,” according to the firm.

Designated Model 103-A, the new camera is designed for instructional activities of schools and corporations requiring an inexpensive but sufficiently effective television studio, Dage officials said.

**MANUFACTURING PEOPLE**

**Phil G. Kerr, formerly vice president of Admiral Distributors, appointed national sales manager of Admiral Corp.'s electronics division. He will direct activities of regional sales managers for electronics.**

Robert C. Harper, regional sales manager, Sylvan-vania Electric Products Inc., L. A., appointed director of Pacific Coast sales, with temporary offices in San Francisco. Mr. Harper, who succeeds Garlan Morse, recently appointed general sales manager of Sylvan-via's lighting division, will be located in Millisdale, Calif., upon completion of new distribution quarters there.

Dr. Halg C. Lin, specialist and authority on transistor applications to CBS-Hytron as senior engineer in charge of semiconductor applications laboratory, Danvers, Mass.

Donald P. Rohrback, formerly market planning manager (aerial tv division of Westinghouse Electric Corp., appointed assistant manager of research department, Motorola Inc., Chicago. Edward A. Fox, formerly assistant marketing research director at Marsteller, Richard, Gebhardt & Reed, Chicago, to Motorola in charge of consumer market surveys. Edward G. Reitz, market research manager of Raytheon Mfg. Div., to coordinate industry, factory and distributor sales and production figures and work on inventory control for Motorola.

Henry K. Kindig, assistant plant manager in Ottawa, Ohio, for Sylvania Electric Products Inc., N. Y., appointed manager. Ottawa operation makes tv picture tubes.

Joseph P. Gordon, administrative assistant to director of tube research division, Allen B. DuMont Labs, to assistant director of division.

MAJORING SHORTS
Stromberg-Carlson Div. of General Dynamics Corp., Rochester, N.Y., announces construction of 60-mile experimental microwave relay link between Rochester and Cheshire, N.Y., will be finished on or about Aug. 25. Link will be used for testing and development of Stromberg-Carlson Multiplex equipment used by telephone companies and other communications enterprises.

Sylvania Electronics Products is transferring operations of radio and television division from Buffalo to its Batavia, N.Y., plant. Buffalo operation, which includes division headquarters, engineering facilities and radio manufacturing facilities, is to be relocated in Sylvania's modern television set plant in Batavia by end of year.

SOCIETY OF MOTION PICTURE & TELEVISION ENGINEERS has announced that new 16mm magnetic multi-frequency test film is available at SMPTE headquarters, 55 W. 42nd St., New York 36. Test film, developed by the society's sound committee, is said to provide "much needed reference standard for measuring and adjusting the electrical characteristics of magnetic sound systems for motion pictures and television."

Admiral Corp. has announced development of new disc-type tuner designed to reduce servicing problems to minimum and claimed to be 20% smaller and yet more sensitive to conventional turret types. Tuner, to be used in Admiral's portable models and other black-and-white sets, already has been incorporated in 10- and 14-inch portables. In place of tuning strips, antenna and oscillator circuits are located on two discs or rotors connected by shaft and tuner is designed to match antenna, firm says.

Allied Radio Corp., Chicago, has released new 64-page Electronics Data Handbook edited by Nelson M. Cooke and containing formulas and data used in radio and industrial electronics, including those needed for basic circuit analysis, transmission line calculations, vacuum tube characteristics determination, resonance calculations, meter calculations and others. Book, stock number 35 K 398, is available from Allied for 35 cents.

MILESTONES
FIFTEEN YEARS of baseball broadcasting-including 2,500 games for the same sponsor-were celebrated last month by the Burger Brewing Co., sponsor of the Cincinnati Redlegs broadcast, feted their sportscaster, Waite Hoyt, at a luncheon for press, radio and broadcasting company officials. Attending the party were (1 to r): Charles A. Black, vice-president of Gordon Broadcasting Co., which owns WSAI Cincinnati, from which the games are originated; Gabe Paul, vice-president and general manager of the Cincinnati Baseball Club Co.; William J. Huster, president of the brewery company; Mr. Hoyt, and Jack F. Koons Sr., president of Midland Advertising Agency.

Page 112 • August 13, 1956
Three Organize PR Firm

THE Matlock-Mount-Thomas Organization has been formed in Portland, Ore., to handle public relations, promotions, merchandising and related fields for radio and television stations. Principals in the firm are Jack Matlock, who has his own promotion agency for several years; James A. Mount, who resigned June 1 as manager of KGW Portland, and Robert Thomas, formerly special events director for KEX Portland.

Mr. Mount, with Carl Fisher, has applied to the FCC for ch. 3 Salem (now assigned to KSLM) and is current president of the Oregon State Broadcasters Assn.

Kline & Assoc. Reorganizes

REORGANIZATION of Walter E. Kline & Assoc. (public relations), Hollywood, with Fred W. Kline as president and Len Simpson as executive vice president, was announced last week. The move followed the retirement of Mrs. Walter E. Kline, whose late husband organized the firm.

Meets. Kline and Simpson will continue their partnership in Kline-Simpson & Assoc. (publicity), that city. The two organizations will combine physical facilities at 1436 N. Serrano in the next 30 days.

PROFESSIONAL SERVICE PEOPLE

Harold Gallagher, former sales manager of WTAM-WNBK-TV Cleveland (now KYW-AM-TV), named district manager of Northern Ohio Edition of The Grocers’ Spotlight, with offices in Cleveland. He replaces George Shamie, promoted to executive vice president in Detroit headquarters.

Samuel H. Haims, certified public accountant and head of his own firm specializing in tv and motion picture production auditing, has become general partner of Samuel Hacker & Co., CPA (now to be known as Hacker, Haims & Co.). He will continue to specialize in motion picture and tv auditing. Plans are underway to set up European office as well as several U. S. branches of Hacker, Haims, to handle CPA work for foreign and domestic film distributors.

Dick Donner, vice president in charge of production, George Blake Enterprises, N. Y., resigned to open own business.

William H. Doherty, assistant to vice president of Hawaiian Sugar Planters Assn. and director of U. S. mainland public relations, has opened general law offices in Washington, D. C., at Tower Bldg., 14th and K. Sts., N. W. He also will practice in communications field.

WNHC-TV New Haven, Conn., cited by U. S. Air Force Chief of Staff, Gen. Nathan F. Twining, for “contributing directly to national security over a four-state area by a concentrated campaign which resulted in a substantial increase of new civilian volunteers and in enhancing the prestige of the Ground Observer Corps.”

WFAG Dallas, Tex., presented with bronze plaque by Temple Emanu-el recognizing station’s efforts to advance religious understanding.

WSPA-TV Sparks was cited for outstanding service in Distinguished Service Award by local United Cerebral Palsy organization. Station produced telephone benefit for UCP.

Virginia Renaud, education and public service director at CBS Central Div., given Hercules Heart award by Chicago Heart Assn. for “outstanding” support of 1956 Heart Fund Drive.

WMAQ Chicago received American Cancer Society Distinguished Service Award for “assistance and cooperation” in fighting cancer.

Arlene Francis, NBC-TV Home m.c., named Woman of Achievement by American Federation of Soroptimist Clubs.

North Adv. Inc., Chicago, personnel, received five Hercules Heart awards for service to 1956 drive of Chicago Heart Assn. Recipients: Don Paul Nathanson, agency president; Doris Lebda, Clare Hoeffler, Patricia Callahan and Gordon Stuckel, staffers.

Mitchell Wolfson, president, WTVJ (TV) Miami, Fla., accepted award presented station by Fla. Reserve Officers Assn. for "all-out effort" publicizing National Defense Week.

KWTV (TV) Oklahoma City was awarded certificate for public service and community bet- terment by Capitol Hill Junior Chamber of Commerce, Oklahoma City.

WADS Ansonia, Conn., given service award by Jewish War Veterans.

WHJI Hemstead, N. Y., cited by N. Y. State Assn. for Crippled Children for "active participation in services to crippled children and adults."

KFJZ-TV Fort Worth, Tex., received plaque from Tarrant County chapter of United Cerebral Palsy organization expressing appreciation of telephone benefit staged by station.

WIP Philadelphia, Special Events Director Sam Serota and Wendy Phillips, WIP women’s director, honored by Pa. American Legion. WIP award, citing station’s “vital services performed for the past 34 years” was first one presented to radio station, according to WIP. Mr. Serota was cited for “courage and vision in coverage of special events . . .” and Miss Phillips for “her unmatched record in making herself available for any worthy public service.”

Cleveland Community Chest at tenth anniversary luncheon of Minute Men Committee cited 29 local advertising and public relations men for service. Special awards went to John McClary of KYW Cleveland and Ed Stevens of WERE there, representing stations which air the New Sound of KMBC-KFRM

The big news in Kansas City radio is the New Sound on KMBC-KFRM! By completely overhauling old programing concepts, KMBC-KFRM have introduced a new type of radio service that’s tailored to today’s audience demands. New variety, new personalities, new formats, new impact—they’re all woven into every hour of every broadcast day. This inspired local programing, combined with the best from the ABC Network, produces radio that sells as it serve! Your Peters, Griffin, Woodward, Inc. Colonel can tune you in on the New Selling Sound of KMBC-KFRM.

Unique Award

A TROPHY made from a $1,200 image orthicon television camera tube served as KBTV (TV) Denver's first Humanitarian Award, presented a fortnight ago to Cal Parley, founder and operator of Boy's Ranch at Amarillo, Tex. The award was presented by Gil Lee, assistant to the manager of KBTV, in behalf of John C. Mullins, the station's president.

Weekly Community Chest program, I Found a Story, and to Clarence L. Davis, retired vice president, BBDO, one of show's originators. Others honored included Maxine R. Davies Jr. and Will Carlton, both of Foster & Davies, Cleveland advertising agency; Cora Newald, Lang, Fisher & Shashower agency; Jack Foley, WEWS (TV) Cleveland; Bruce MacDonald, WJW Cleveland, and Melvin Weiss, McCann-Erickson Inc.

WSAI Cincinnati cited by City Council in unanimous resolution expressing appreciation of part played by station in promoting election of Redslegs team members to National League All Star squad.

Ralph Renick, news director, WTVJ (TV) Miami, Fla., received plaque Award of Merit from Delray Beach Chamber of Commerce for his service as mediator in racial conflict (BTN, July 16). July 27 was declared Ralph Renick Day in Delray Beach.

Leo Kemerson, account executive with Lenne & Newell, N. Y., named by Theodore Roosevelt Assn. for Theodore Roosevelt Memorial Award as "outstanding young man of 1955" in fields of charity, art, athletics and business.

Dud Cason, farm service director, KMMO Marshall, Mo., given Honorary State Farmer plaque award by Futrel, Farmer of America for "meritorious service to agriculture.

WBG Philadelphia presented with Badge & Key Award by Police Department for successful campaign in raising funds for hospital care of blind youngster. Presentation marks first time award has gone to any organization outside Police Department, station says.

Arthur Godfrey, CBS, received Hoyt S. Vandenberg Memorial Trophy from Air Force Assn. and DeWitt Wheelmon, WCKY Cincinnati, given association citation of honor for series of broadcasts on air service.

Limited Lottery Advertising Asked by Parliament Group

LIMITED radio and television advertising for legalized lotteries and bingos is included among recommendations of a Canadian Parliamentary Committee which has been two years studying revision of legislation on state lotteries, sweepstakes and such means of fund raising for charity. Also under investigation have been the various prize offers of commercial firms, such as contests with enclosures of box tops or completion of jingles and slogans where winners are picked mainly by chance from large volume mail.

The committee recommended legalizing certain types of lotteries and bingos for charitable purposes, with the one restriction allowed to be posters at the site of the lottery or bingo, three spot announcements on radio or television and three one-eight page newspaper advertisements.

The committee recommended against commercial lotteries staged by large and small merchants, pointing out that the prohibition of lotteries should apply equally to advertising and promotion contests which involved an element of chance. The committee felt that "the prevalence of this type of advertising contest is not beneficial to the community. These contests are purely commercial in their inspiration and confer no social benefit. They appeal to the gambling instinct and, because they are so widespread, undoubtedly stimulate it."

Live U. S. TV 'Possible' For Latin America—DuMont

OPINION was voiced last week by Dr. Allen B. DuMont, president of Allen B. DuMont Labs, that live television from the U. S. to far south as Venezuela "entirely possible."

Dr. DuMont, who returned last week from a television survey trip in the Caribbean area and South America, forecast live TV from U. S. to Latin America is "in the realm of probability in a few years." He reported "enthusiasm" in Venezuela for television as "tremendous" and called the quality of transmission and reception "fully equal to that in the U. S."

"For live U. S. television to reach Venezuela," Dr. DuMont explained, "forward scatter facilities between Florida and Cuba would be used. The television signal could then be transmitted on present facilities to Santiago de Cuba at the other end of the island. The blank spot at the present time is the island of Haiti. However, if a receiving station and beam transmitter were established on the 9,000-ft. mountain near Port-au-Prince, I believe that usable signals could be received in Venezuela."

Dr. DuMont said seven television stations are operating now in Latin America, with most programming live from Caracas and rebroadcast by stations in Maracaibo, Valencia, Coro and La Quira. A major proportion of the programs, he said, are plays, soap operas, variety programs, horse races and musicals.

To Sponsor Canadian Football

TELEVISION rights of the Canadian Big Four Football League games for the next three years are reported to have been acquired by Molson's Brewery Ltd., Montreal, for $950,000.

The agreement provides for payment this year of $300,000, in 1957 $300,000 and in 1958 $300,000. Details of the agreement are not yet available.

INTERNATIONAL PEOPLE

Cliff Wingrove, assistant manager and sales director of CFPL-TV London, Ont., elected president of London Sales Executives Assoc.

Raj Bahadur, of India's Ministry of Communications, visited the FCC two weeks ago. He was received by FCC Com'r T. A. M. Cranmer, and bureau chiefs with whom he discussed overall telecommunications and common carrier matters.

INTERNATIONAL SHORTS

CHWO designated as call letters of new 1 kw daytime-500 w nighttime station on 1250 kc at Oakville, Ont. President is Howard Caine, formerly manager of CKFH Toronto, Ont. Station expects to be on air Oct. 1.

CARTB, Ottawa, reports members total 141 radio stations, 26 tv stations and 52 associate members. Latest membership list shows that associate memberships are held by 16 station representative firms, 33 manufacturers and distributors of equipment, recording and films, two news services, and cooperative Radio Bureau.

Addison Industries Ltd., Toronto, has started production and distribution of Motorola radio and television receivers. Motorola stopped manufacturing in Canada some three months ago. Addison was producing CBS tv and radio sets in Canada till recently, and will continue production of the CBS phonographs till year-end.
HOLIDAY HORROR

OHIOANS had themselves a "Holiday of Horror," thanks to a saturation radio-television spot campaign on the Crosley stations. Also enjoying themselves in a perverse sort of way were about 30 movie house proprietors who chalked up a 300% increase in theatre billings as a result of the broadcast drive.

In promoting the double horror bill of "The Day the World Ended" and "Phantom from 10,000 Leagues" in Cincinnati, Dayton and Columbus, WLWT (TV) and WLW Cincinnati and WLWC (TV) Columbus blanketed the area with 10, 20, and 60 second announcements, backing the air drive with a host of promotional devices. Among them: a mobile animal cage containing a "monster" reputedly fresh from the 10,000 leagues, a "name the monster" contest and other gimmicks designed to stimulate interest in the companion film.

Result was not only an overflow of attendance, the Crosley stations reported last week, but in many cases, program holdover from one week to the next.

ELEPHANT PROMOTES WUSN-TV

SUSIE-Q, a baby elephant imported from India, is the newest member of the talent staff of WUSN-TV Charleston, S. C. As a performer and station mascot, Susie-Q of channel 2 travels throughout the coverage area visiting boys and girls and promoting station shows and sponsors.

KDYL 'RADIO A LA CARTE'

KDYL Salt Lake City is serving listeners radio a la carte with a miniature microphone and control room on wheels put together by Chief Engineer Charles L. Stockdale. The mobile unit, designed for remotes from retail stores, measures 4½ ft. long and 30 in. wide, containing two turntables, control console, microphones, loud speaker system and record storage. An overhead sign identifies the gaily decorated "carte" as "KDYL Radio a la Carte," and a pushbutton siren is available for emphatic aural identification.

P&G PICKS 'JEANNIE' FOR FALL

PROCTOR & GAMBLE CO., N. Y., which last season filled its Saturday, 9:30-10 p.m. EDT slot on CBS-TV with 'It's Always Jan,' will premiere a new musical situation comedy series starring British songstress Jeannie Carson, starting Sept. 8. The series titled "Hey, Jeannie," will be placed through Compton Adv., N. Y.

RCA MAKES MEDICAL PITCH

EDUCATORS throughout the country were alerted last week to the use of color TV in medical classrooms by RCA Broadcast & Television Equipment Sales, Camden, N. J. Attached to a teatsheet of a magazine advertisement showing RCA tele-monitoring a surgical operation was an open letter to "educators" describing the advantages of televised demonstration methods, and stressing that RCA "will be happy to share (its) years of experience in planning color TV installations with you."

SCHOOL BELLS BECKON CJSP

CJSP Leamington, Ont., this fall will reschedule its daily Youth Newscast program from 8:55 a.m. to a later hour at the request of school officials who want to incorporate the show into morning opening exercises.
MOVE NO PROBLEM TO WIRY

WRW Plattsburgh, N. Y., last month moved its entire station building without loss of power and broadcast an account of the move while it was in progress. Description was provided by the station staff as the building was moved along greased wooden rails to its new foundation 100 feet to the rear of its former location. Sponsoring messages provided by the commercials doing the moving, and telephone linemen, the municipal lighting department, and studio technicians all helped in the operation. Cable connections were supplied throughout the move by an extension to the station's permanent power.

ANTIQUE SHOPPING LIST HUNTED

HOUSEWIVES Protective League programs on CBS Radio embarked on a project with the National Assn. of Food Chains last week to find old shopping lists. This month-old effort is tied in with a five-month celebration of the NAPC to commemorate the 40th anniversary of self-service. HPL listeners are being asked to search their attics, cellars, old cook books and back files of household bills for authentic shopping lists. In all more than 725 announcements will be made in 13 CBS Radio markets. Prizes totaling $1,000 will be awarded winners who send in old shopping lists, together with letters describing their shopping experiences "in the old days."

NEW BIRTHDAY POLICY ON KLAC

TENTH anniversary promotion campaign by KLAC Los Angeles is underway with a month schedule of full-page newspaper advertisements and on-air drive pluging an official "warranty" by KLAC President Mort Hall to listeners that "now every time you listen to KLAC you are going to hear only the nation's top tunes and great songs of the past in their finest performances . . . 24 hours every day, plus headline news and sports." The KLAC promotion features the "big five" disc jockey team and claims the following "firsts": "first to originate a round-the-clock format of music, news and sports; first with musical station breaks; first program of top ten tunes; first star station breaks, and first to go 24 hours every day with star personalities." The campaign concludes Sept. 15 with the station's annual "KLAC Big Five" charity all-star show at Hollywood Bowl.

WTIC CAPTURES SURE AUDIENCE

WTIC Hartford, Conn., reports broadcasting to what was probably its first captive audience in history. Rescive prisoners at Connecticut State Prison first heard contents of an answer to their list of grievances over WTIC, which says it was the only broadcast station represented at the meeting of the prison board of directors which formulated the official statement. WTIC's offer to broadcast the decision was accepted and the final draft was completed four minutes before airtime for the 6 p.m. newscasts, with a beep-circuit telephone being cleared only in the last few critical minutes before inmates and listeners outside heard a board official read the statement.

A Pause for Faux Pas

Swimming, Anyone?

SUMMERTIME is the right time to have a swimming pool handy, but don't mention it around WVEC-TV Norfolk. Howard Keller, program director of the station, had a 2,100-gallon pool constructed in the studio for a special program of water safety several weeks ago. When he tried to drain the pool, Mr. Keller realized the studio floor was below street level and the water naturally could not flow out. The station was water-bound for two weeks until the U. S. Navy installation network at Norfolk was able to provide a large-sized water pump last week. WVEC-TV reports that all hands at the station now are safe and dry.

Too Realistic

THE telephone company will have to find a substitute for a ringing bell on its WVCG Coral Gables, Fla., commercial. Realism of the phone bell brought a flock of complaints from listeners who left their radios to answer the phone. One woman fell over a rug as she hurried to answer a silent phone. Another complained it wokeanged the baby. A man hurried out of his yard to answer the phone. George W. Thorpe, WVCG president-general manager, talked it over with the phone company and a buzz was substituted.

Quiet, Please!

CONSTRUCTION workers building a 2½ story addition to the facilities of WVCG-TV Cape Coral, Fla., have been heard to keep one eye on the station's broadcast schedule while going about their work. Every time the station telecasts a local live show, the workmen have to shut down their air hammers and other noise-making equipment to keep from interfering with the broadcasts.

HOME TALENT SHINES ON WADS

THE traditional "Star-Spangled Banner" signals signoff time each evening for WADS An- sonia, Conn., but the listener can often detect a familiar soprano voice. The solo is in session WADS tape records school-room renditions of the national anthem, followed by the pledge of allegiance, and each week a different school class from the public school district is featured at signoff. Listeners (and artists) have been enthusiastic for the idea, WADS says.

GE PROMOTES BROKEN ARROW

TO BUILD wide tie-in promotion for its new film series Broken Arrow, to be sponsored by General Electric Co. next season on ABC-TV starting Sept. 11, TCF Television Productions, Hollywood tv subsidiary of 20th Century-Fox, has entered into a merchandising agreement with MRW Assoc., New York. MRW plans an extensive campaign to sign up manufacturers and others for merchandising of toys, novelties, wearing apparel and comic books in connection with the series which stars John Lupton as an Indian agent in the 1870s. The new ABC-TV series went into production last week with Mel Epstein producer and Alvin Ganzir director. It is based on a full-hour drama aired earlier this year on CBS-TV 20th Century-Fox Hour, also sponsored by GE.

SUREFIRE WBRG-TV PROMOTION

"YOU can't lose with a combination like this," WBRG-TV Birmingham, Ala., assures those on its advertiser-agency mailing list who are receiving dice rigged to roll seven every time. Referring to its own winning combination, the stations cites ratings, coverage, network, picture quality and local programming. WBRG-TV celebrated its seventh anniversary July 27.

WINNING HAND FROM WSAZ-TV

APPEALING to the gaming instincts of advertisers and agencymen, WSAZ-TV Huntington, W. Va., is sending out book matches with poker hands printed on individual matches. Company copy says, "It's a sure thing when you advertise on WSAZ-TV." In an accompanying note the station assures match recipients that "Almost all hands are good—only some are better than others!

SHIP DISASTER PROGRAMS

FURTHER reports on broadcast coverage of the Andrea Doria-Stockholm crash [BST, July 30] came from WHEC-AM-TV Rochester, N. Y., and WADS Ansonia, Conn. Warren Doremus, news director for the WHEC stations, recat-icnizing in New Jersey at the time of the col-ision joined other newsmen on a Coast Guard cutter which met the Ille de France as it re-tumed the afternoon of the disaster with its load of rescued passengers. Returning with the French ship Mr. Doremus parked his notes on oicem near the dock and used a desktop tele- phone to ad lib his first report. Later he recorded an interview with a local survivor and did round-ups for late news shows that night. WADS Ansonia aired a special program the day after the collision angled to bring the story home to Connecticut listeners. A Naugatuck Valley resident who swam to the Stockholm returned home in time to give WADS a first hand account of the experience, which was used along with eyewitness accounts by other passengers and newsmen.

Dragnet: Celler Style

The ridiculous extremes to which the Celler television investigating committee is going in its cloak-and-dagger inquiry to be premied in New York next month are illustrated by these demands its staff made last week:

1. Networks were ordered to supply all station affiliation contracts (which are in the FCC files anyway) and all contracts with talent, latter revealing "trade secrets" long held inviolate.

2. NARTB is requested to supply all information since 1950 on tabs for hotels, meals, and other expenses of members and staff of the FCC who have attended national conventions, district or area meetings or other functions.

3. Members of the FCC are asked to throw open their personal files of correspondence relating to radio, tv or communications with any parties "interested" in these fields, going back to 1950 (which presumably covers former commissioners who served during the past six years).

4. How good the fishing will be we don't know. Nor are we sure of the motives. But it is clear that, since the September premiere comes before the November elections, there is "publicity" value to a big name show in New York—Chairman Celler's home town.

5. It also becomes evident that if people in the business of broadcasting want to avoid running afoul of Subcommittee No. 5 of the House Judiciary Committee, they practically will have to quit writing, phoning or telegraphing.

The Hot & Bothersed Air

From now until November the air will be busy with politics. The networks will take in about $15 million for coverage of the political conventions alone—and spend about $20 million. Stations will lose millions in revenue because of pre-epmions, and can't even call it public service.

6. Politicians who have been clobbering broadcasting as monopolistic will mug and elbow toward camera and microphone. Their political lives depend upon being seen and heard back home. Broadcasters suddenly become the sweethearts of the smoothies of both parties.

7. There will be the biggest audience in history, seeing more in living rooms than those with the smell of the arenas in their nostrils. The audience created by whom? The politicians? Or the networks and their affiliated stations? Harried networks that today are spending time and money answering ridiculous questionnaires and baring their business secrets to competitors.

8. Why do our lawmakers regard broadcasting as something they created? Why do they badger networks as having been born full-blown, and as monopolies per se?

9. Turn back the clock. Who did "invent" the networks? If they hadn't been "invented" or contrived, what might have been the broadcasting picture in this country, and in the world?

10. If networks had not been created, obviously someone would have had to invent them. And probably monuments would have been erected to commemorate their genius. There are monuments to Fulton and his steamboat, Morse and his telegraph, Marconi and his wireless, Bell and his telephone.

11. Isn't broadcasting—nationwide, worldwide broadcasting—just as miraculous?

12. Who did "invent" broadcasting? Probably no single person. But the idea of voice and music transmission without wires into the homes of the nation sprang from the fertile brain of David Sarnoff, half-engineer, half-businessman and all genius. It was he who sold his idea to his superiors in the then newly-created RCA, and he who blue-printed the first network. The same David Sarnoff today is the force behind colorizing television, with undiminished vigor and drive (and losses) that animated his introduction of the first radio network just 30 years ago.

13. Then, two years after NBC's birth in 1926, came William S. Paley, fresh out of school, and his reorganized CBS, to offer NBC competition. At 26, he saw opportunity and challenge in radio.

14. Neither did it alone. Sarnoff had Aylesworth and McClelland and Woods and Trammell, among others. Paley, with the magic touch of picking people, had Edward Klauber and Paul Kesten. Then he came up with brilliant Dr. Frank Stanton, who directs CBS Inc. overall operations in the fiercely competitive battle of the networks which makes radio and tv broadcasting the tremendous public services they are today. It is competition with such figures as the second-generation Bob Sarnoff and Pat Weaver at NBC, Bob Kintner and Leonard Goldenson at ABC-United Paramount, and Tom O'Neill and John Poor at General Teleradio-Mutual.

15. There are dozens of others, past and present, who warrant mention in the as yet unwritten and unexploited saga of broadcasting.

16. Born-to-the-purple monopolies, indeed! Muscle and sweat and buckets of red ink were the vision and fortitude to "invent" the stations and the networks that are radio and television.

The Camel's Nose

There's an old Arab proverb about the camel getting his nose under the tent. Pretty soon the whole camel is in and the Arab evicted.

17. The FCC last week demonstrated its knowledge of this ancient lore by denying an educational (non-commercial) tv station in Pittsburgh the right to telecast NBC coverage of the political conventions, commercials and all, and get paid for it. And this wasn't the first effort of a non-commercial educational outlet to stealthily become commercial.

18. WQED (TV) Pittsburgh got its automatic grant for ch. 13 on the basis of the FCC's "educational reservations." It was not subjected to adversary proceedings, involving time and money, as have others in the Pittsburgh area who are still embroiled in expensive litigation dating back to the freeze of 1948.

19. The whole question of educational reservations should be resolved. In the four years since the freeze, only 43 of the 245 educational reservations have been picked up. There are 21 stations on the air—16 of them vhf. And there are 10 applications pending. How long should these uncalled for channels just sit unused, when there is public demand for additional service?

20. As for the Pittsburgh situation, it is deplorable that no new grants have been made for commercial facilities. Hinder and delay tactics have been used by disgruntled parties in open defiance of the public need for additional service. Certainly, the FCC is duty bound to expedite its proceedings when the need is so glaringly urgent, not only in Pittsburgh but in other areas where thinly-veiled blocks have been thrown.
One supermarket chain sold 216,000 boxes of strawberries in less than three hours as a result of a single 20-second announcement on KPRC-TV! For more than seven years advertisers have known the dynamic and frequently dramatic selling power of Houston's Channel 2. Today more than 250 local, regional and national spot advertisers are selling the Golden Gulf Coast market via KPRC-TV. Accelerate your sales. Use Houston's experienced station...KPRC-TV.
Nearly everybody listens to klac

in their homes or in their cars

A recent "Pulse" survey shows that Push Button setting in Los Angeles area cars was distributed among stations as follows:

<table>
<thead>
<tr>
<th>Station</th>
<th>% of total cars</th>
</tr>
</thead>
<tbody>
<tr>
<td>NET. A</td>
<td>55.0</td>
</tr>
<tr>
<td>NET. B</td>
<td>53.5</td>
</tr>
<tr>
<td>klac</td>
<td>46.6</td>
</tr>
<tr>
<td>NET. C</td>
<td>43.0</td>
</tr>
<tr>
<td>INDEPENDENT A</td>
<td>36.7</td>
</tr>
<tr>
<td>NET. D</td>
<td>34.8</td>
</tr>
<tr>
<td>INDEPENDENT B</td>
<td>34.8</td>
</tr>
<tr>
<td>INDEPENDENT C</td>
<td>18.3</td>
</tr>
<tr>
<td>INDEPENDENT D</td>
<td>3.4</td>
</tr>
<tr>
<td>MISCELLANEOUS</td>
<td>11.5</td>
