Frank Sinatra and Connie Francis continued their domination of BMW's disk jockey poll, emerging again this year as winners in the male and female vocalist divisions as "Favorite" and "Most Played" artists. Sinatra, of course, has finished first in BMW deejay polls for many years, but Miss Francis won the "Favorite" female vocalist award last year for the first time.

As a whole the deejays stayed pretty much with established talent, and few of the winners were surprises. The somewhat unexpected feature of the entire poll was emergence of Mr. Acker Bilk as the No. 1 man with jocks as "Favorite" and the "Most Played" solo instrumentalist. Last year Bilk didn't finish in the Top Ten in any category. This year his record of "Stranger on the Shore" finished first in the "Favorite" Instrumental Single category.

One intriguing feature of the poll was that few rock and roll artists finished high on either the "Favorite" or "Most Played" list. Elvis Presley, who finished second to Sinatra in the "Most Played" category, and fifth in the "Favorite" male vocalist poll, is now apparently being accepted as a ballad singer, rather than the rock and roll king, with his recent record stressing sweeter singing style.

The Four Freshmen won the "Favorite" vocal groups poll again, and the Kingston Trio again won "Most Played." Dave Brubeck repeated as "Favorite" instrumental group, while the Bill Black Combo again received the "Most Played" instrumental group nod.

In the big band category, the swinging Si Zentner crew snagged top honors in both the "Favorite" and "Most Played" categories after finishing fifth in both of these last year. He displaced Stan Kenton and Billy Vaughn respectively. Another big band, the David Rose crew, won the "Favorite" instrumental LP with his album of "The Stripper."

Ray Charles, who had one of the hottest singles of 1962 with "I Can't Stop Loving You," was easily the winner of the "Favorite" vocal single with that disk and won the "Favorite" vocal album poll with "Modern Sounds in Country and Western Music," from which the single was taken.

A new international star appeared on the horizon this year: Emilio Pericoli. He was voted "Favorite" international artist by the disk jockeys; his record of "Al Di La" was named "Most Played" record of foreign origin, and the song "Al Di La" was voted the "Favorite" tune of foreign origin. The "Most Played" international disk category is a new one for the BMW poll.

A number of young new artists came to the fore in the "Most Promising" categories. Bobby Vinton was "Most Promising" male vocalist; Shelley Fabares, female. King Curtis took top position in the "most promising" instrumental group poll (with Mr. Acker Bilk second), and Peter, Paul & Mary swept the vocal group division. Pianist Peter Nero won as "Most Promising" solo instrumentalist, while Kenny Ball snagged the band vote. Brother Dave Gardner's LP "Did You Ever?" won the "Favorite" comedy record poll.

And stations all over the country are getting the message: "If you need help in securing exactly the right records and albums for your music programming—you can get it from RSI."

RSI makes your record dollar more productive. Does it with any of ten different program services. The price is right, too. That's why we have over 850 satisfied station subscribers—and the list grows with almost every mail.

If you have any special record problems, call or write to find out how RSI can help you, too. No obligation, of course.
A practical programming guide for disk jockeys and juke box operators spotlighting biographical record programming information about all the artists whose records appeared in the first 50 of BMW's Hot 100, Top Monaural LP or Top Stereophonic LP charts from March 1962 through August 1962.

LONELY THIS SUMMER (Sunn-Pic., BMI) (2:27)

YOU'RE FAITHFUL ANNA (Sunn-Pic., BMI) (2:33)

He's a strong coupling for a fine chanter. Jones turns in a
mighty effective performance of a good seasonal ballad on
pop. Flip is a medium-beat tune, with a good teen message
and sound. Watch both. They can happen.

SPOTLIGHT ON RECORD PROGRAMMING 41
DON'T CRY, MR. BEETHOVEN...

We know how upset you and the other great masters became when your names, and those of your great compositions, are mispronounced. We have the answer to the pronunciation problem.

Radio Stations, Record Dealers, Libraries and Educators are enthusiastic about the new long-playing record "Pronouncing the Classics." It takes the guesswork out of mispronouncing the names of classical composers, compositions and recording artists.

It's New! It's Available Now!

Produced by Record Source International, a division of Billboard Music Week, as a service to the record industry to promote additional interest in the classics.
