"The Coin Machines Merry-Go-Round"

By Bill Gersh

YOU’LL BE GLAD YOU CAME

In just a few more days you’ll be leaving to be present at the Hotel Morrison’s Mural Room for the Second Wartime Conference of this coin operated machines industry on November 15, 16 and 17, 1943. You’ll be glad you came.

Large numbers of coinmen from all over the nation will be present. The men you want to meet. Men with whom you've spoken over the phone, corresponded have opinions of and which opinions are now subject to change, when you meet with these men in person for the first time. A great many surprises are going to come about because of this. Simply because the men who comprise this industry are the kind of people who are open minded and who like to meet and talk with the other man before they form any opinions about him. This fact alone, many have told us, is going to make their trip to Chicago more than worthwhile.

Some firms decided to attend at the very last minute. These men are now having some difficulties arranging for transportation and also for the types of rooms they like. This is their own fault. They were, like everyone else, given sufficient notice and were then advised to instantly apply to their railroads or airplane offices for round trip transportation and to, at the same time, arrange for rooms.

But with these minor difficulties out of the way, it is pleasant to be able to report at this time that those from whom we’ve already heard and from the great many others who are coming but who have been just too busy to tell us so personally, we do know that all are out to have a really grand, old fashioned, good time in the kind of get-together that the men in this business always enjoy. And we do hope that everyone will have all the fun he possibly can, BUT, that this will be done very, very quietly and very, very discreetly.

It may surprise some of the members of this industry at the large numbers of men who will be present and who are already arranging to talk some business with them. It seems that not having had the opportunity to meet with each other for some years now, the members of this industry, meeting in a group once again, may be able to transact a great deal of business they otherwise could not have accomplished. And therefore, those men who are planning to do some business at this Second Wartime Conference, we believe we can say, "You’ll be glad you came".

So many of the coinmen have shown preference for one thing or another for this Second Wartime Conference that it is actually heartwarming to feel that all of these men have joined into the spirit of this first big meet since the last convention three years ago, and are anxious and happy to once again enjoy a bit of hospitality with all the manufacturers who will be present as well as with the distributors, jobbers and operators who will be there. Many of whom they know and have met in the years gone by.

Some will also propose certain ideas at each meeting. And we hope that those will be sound and progressive. Others are intent on meeting with men from their division of the field and arranging for some sort of cooperation which will insure their profitable continuance for the duration, and especially after the war is won. In short, a great many have hatchets to grind, as the expression goes, but it is our sincere hope that these will be so ground that they will benefit all this coin operated machines industry.

We ask that each man who attends give long and hard consideration and thought to every proposal he desires to make at this Second Wartime Conference. If he will give his ideas proper and logical study, they will not only appeal to all those present generally, but they are sure to be the type of proposals which will benefit all concerned with this business. There are many who plan to bring a great number of problems to the floor in hope of solution. These men should give due and careful consideration to each and every question they desire to ask of the body and by so doing be fully prepared to take up as little time as possible, so as to allow others in the industry the time they will want.
"The Coin Machines Merry-Go-Round"

Yes, sir, you'll be glad you came; you'll be glad for more than one reason. There are so many, many ideas and problems circulating about without cohesion that this Second Wartime Conference gives all promise to bring about a new and entirely different and better type of business meeting from now on for all in this industry.

WE NEED 'EM ALL.

Every single member left in this industry is today an integral and necessary cog in the wheel of its future growth. There is a need for each and every man now engaged in the coin operated machines industry to receive as much cooperation as can possibly be given him by all others at this time. The reason is simply because this industry has become a much smaller and more highly concentrated unit and therefore each man is somewhat dependent upon the other, regardless of territory or of distance, to continue on as profitably as he possibly can for the duration.

We need 'em all. We need every operator, jobber, distributor, revamper, manufacturer, as well as all the mechanics, service men, collectors, truck men, etc., etc., to remain in this business. We need them for they will surely become the backbone of this industry for the post-war era. They will be the people upon whose shoulders so many are planning to tremendously increase the membership of this industry. And that increase is a certainty.

There is no doubt that the moment the war is won and the first hysterical shock is over, hundreds of men who have saved some money will want to enter into this industry. These men will need the guidance and experience of those now engaged in this business. They will look to these men upon whose shoulders so many are planning to tremendously increase the membership of this industry. And that increase is a certainty.

In the past it has risen to outstanding and even commanding heights and each time it has been dragged downward again. In some cases due to the fact that those who were experienced in the industry would not cooperate and give of that experience to help these new men continue on successfully. The result was a terrific percentage of failures and a great loss to this industry in every regard.

We need everyone of the men engaged in this business at this time for we feel that they have learned a lesson regarding post-war growth. We also believe that they will help assure the success of the new men who will enter into this coin machines picture. They will realize, these men engaged in this industry now, that the new men can become the backbone for the greatest growth that this industry has ever known.

Therefore, the idea of just bringing people into this business to make a few dollars or so from their entrance or on their second or third or even fourth purchase of equipment, should be entirely abolished. It should become the better business policy of the men now engaged in this industry to arrange for some method wherein they will assure this industry's steady and continued growth thru some sort of cooperative agency, especially created for this purpose.

We need 'em all. We need every man in this business today and we hope to keep him actively engaged in this industry. We hope to further his profits. We hope to make and keep him a happy coin machines man. We want him to believe in this industry. To have faith in it. To have such confidence in it that he will encourage others to enter it so that this industry will grow to the proportions it should have enjoyed many years ago.

DONATIONS

For sometime now The Cash Box has pointed out the benefits that accrue and the reasons why all in this industry should take much more interest in their community's affairs so that the donations of their time and money which they make will help the worthy causes - which will help them. Many have asked us just which charities and causes we recommend. There are so very many now desperately in need that it would be humanly impossible to point to any one as a favorite and neglect any of the others. Therefore we have arranged the following list which we believe will give everyone some cause with which to work and help all causes at the same time.

Service to the forces: USO; United Seaman's Service; War Prisoners Aid.

United Nation's Relief; British War Relief; United China Relief; Russian War Relief.

Relief of the occupied countries: Belgium; Czechoslovakia; France; Greece; Holland; Luxembourg; Norway; Poland; Yugoslavia.

Care of European children: The Home Front Welfare Federation.
"The Coin Machines Merry-Go-Round"

Family and child care: Bureaus of family service; Childrens Aid Protective Associations; Day Nurseries; Orphan Societies; Social Settlements; Rescue Associations; Salvation Army; American Red Cross.

Care of the sick: Dental clinics (free) found in almost every community; Hospitals; Visiting Nurse Associations.

Health protection: Anti-Tuberculosis League; Diet Kitchens; Fresh Air Work Organizations; Public Bath Houses.

Character building: Boy Scouts; Girl Scouts; Community services of many kinds; Free Libraries.

Community houses: Y.M.C.A.; Y.W.C.A.; Y.M.H.A.; and many others.

The above list, we believe, is about as complete as anyone could ever wish for. It is rather difficult, we admit, to choose between these great and charitable causes. But the average firm in this industry can so arrange its donations that each cause will receive something.

TO PRESS NOVEMBER 10

The Wartime Special issue of The Cash Box will go to bed, as the printers like to call it, on November 10, 1943. If you want your copy of this issue mailed directly to your hotel in Chicago, we do hope that you already have or will fill out the form attached to this issue and mail it to us airmail so that we shall have it in plenty of time to arrange to get your Wartime Special issue to you on time. Remember that only one copy of the Wartime Special will be mailed to you. Therefore, if you do get it at your hotel, be sure to save it.

As you read this a great many of the forms for the Wartime Special are already rolling on the presses. Last forms are being held open until midnight, November 10th. Due to its size and importance it is imperative that we close this issue a day or two earlier than usual so that all can have their copies on time. We hope that you will consider the Wartime Special issue of The Cash Box as an historical biography of this industry for the year 1943 during World War II.

NOTICE

MARCH, 1942, MARKET PRICES APPEARED IN THE SEPTEMBER 7, 1943 ISSUE.
PRICES LISTED ARE CURRENT WEEK’S MARKET PRICES.

IMPORTANT

The Confidential Price Lists are to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the week; Where only one price appears this should be considered lowest price.

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The Confidential Price Lists can only feature the market prices as they are quoted. The Confidential Price Lists act exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for each week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The Confidential Price Lists, rather than show no price for the week, retain the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The Confidential Price Lists report each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

CODE

CHECK THIS CODE CAREFULLY. BECOME ACQUAINTED WITH EACH ONE OF THE CODE NUMBERS AND WHAT THEY SIGNIFY. THESE CODE NUMBERS APPEAR IN FRONT OF THE NAME OF EACH MACHINE.

6—Means no prices quoted for this machine for past two weeks.
7—Means no prices quoted for this machine for past three weeks.
8—Means no prices quoted for this machine for past four weeks or longer.
