"The Coin Machines Merry-Go-Round"

By Bill Gersh

FOREWORD

The following is the story behind the story of the Second Wartime Conference held at the Hotel Morrison, Chicago, November 15, 16, 17, 1943, to benefit this industry.

FRONTPIECE

The frontispiece of this past (Nov. 30) issue of The Cash Box told the story in pictures. The Second Wartime Conference was a huge success from more than one standpoint. It brought coinmen from all over the nation together for the first time in 3 years. And gave them the opportunity, in many private and open conversations, to discover just what this industry had been doing for those past years all over the nation.

It allowed these men to talk with each other openly, freely, democratically. The speakers brought messages of great importance to this industry. There is no doubt that those who were present that eventful Monday morning, November 15th, will never forget the words spoken by Commander W. C. Eddy, Commanding Officer of the Naval Training Schools in the Chicago area. There is also no doubt that very few will ever forget the words of Major J. A. Westbrook representing General Aurand of the Sixth Service Command of the U. S. Army. The inspiring talk of Otto E. Seiler of the War Finance Committee of Illinois, U. S. Treasury Department; the war story by Irving Pflaum, Foreign News Editor of the Chicago Times and WVRN radio commentator; and, especially the grand work of Vincent Gottschalk who officiated as Master of Ceremonies. Nor the announcement of the OMA Industry Advisory Committee by W. J. Smyth of the Chicago office of OMA. But this is now "over the dam". All this will remain among the many happy and stimulating memories that the men who attended the Second Wartime Conference of this industry will long, long remember.

That's only a beginning. To go into a general report along the lines that you would read in your local newspaper would never tell the true story behind the story of this meeting. It would never bring out the character, nor the personality, nor the inner, satisfying achievements. It is those latter things that made this meeting.

The fact that the men were discreet. That they conducted themselves with dignity even in the hours of fun and frolic. That they achieved what they came for. That they did find "the other guy" a very swell person. That they discovered that whether a man was from Texas, or Georgia, or New York, or California, or Oklahoma, or Missouri, or any of the other great states of this union that he was another person just like themselves. That he wanted the same things that they, too, desired out of life and out of business. That he, too, was trying his best to get to some stable point in this industry which would assure him as well as all this industry progress, growth and outstanding character. Those are the things which we, here at The Cash Box, feel should instead be told.

Probably the most outstanding stories told the men in this industry were by Commander Eddy and Major Westbrook. They thanked the coinmen publicly and personally for the very fine services which they have and are continuing to render to the morale of the Army and the Navy as well as the Marines and all the other divisions of the armed services of our country. They appealed for more and even more help. Help that is so obviously necessary today. So much in demand. So true to the desires and the whole-hearted support which is always given by the men in this industry.

Commander Eddy told of the hospital with one ward of 80 beds where the men had but one tube radio for entertainment. And these returned, disabled heroes of ours are confined 24 hours during the day with only this little radio for entertainment and relaxation. And that little slip-box radio could only be heard by two or three of the beds at a time, so that it was moved from bed to bed as far as it could reach during each day. This is truly one of the most pitiful cases we know of. This is where two old juke boxes and a couple of pin games and old guns and maybe a few more coin machines would make those young men who have returned from battle, some of them retained for life, happy and thankful to this industry - their country - its people - just like the people in this industry who comprise their country.
"The Coin Machines Merry-Go-Round"

Commander Eddy also told of the need for some amusement in the Naval Training Schools under his command. He could use a public address (P.A.) system. A few juice boxes and records to go with them. Some pin games. Some other machines. These boys who get up at 5 in the dawning, get 20 minutes for breakfast and 10 minutes after that for relaxation are completing a four year college course in electronics in one hour sessions. Learning this business of war to protect us, and our families and friends and all we hold dear. Those boys slaving away for long, trying hours subject to brain fatigue desperately need just a few minutes of relaxation each day. And all they have is one measly portable phonograph that they put on a home made stage and play some classical records which were donated to them along with this old portable. Those boys average around 19 years of age. Pull of fire and fight. Learning the how and why and what they can do to win this war faster. Those boys are your boys. They deserve the support of every single man in this industry.

Major Westbrook's story of the boys in isolated, tiny camps here and there throughout the world. How they go on and on and have nothing but the sameness of each day to look forward to. But how they guard those outposts of this nation for the very people who sat in that meeting listening to the Major's story. Those boys, too, believe me, need just a little bit of coin operated machines entertainment. And that should be given from the great and good heart of the men who compose this industry.

These donations are not just for today. Not just for some youngsters out there serving the greatest cause that any human being in this nation can be asked to serve. They are your insurance for tomorrow - and many tomorrows to come. These are the boys who will be the men of tomorrow. Who will come back. Who will forever be thankful to the coin operated machines industry for the many entertaining hours it gave them. Who will not, like their fathers before them, allow for people to crusade against something which they learned saved them from miserable, boring days and nights. Who will be the customers of this business tomorrow. Yes, gentlemen, this is, without any doubt the most golden of all golden opportunities that ever faced this industry. Please don't let it get a way.

That, friends, is what each column insures himself when he donates a machine or two. That his industry and his personal business will have the backing of these millions of service men when they return. Because they will have found pleasure in the instruments of this business. That is why you, instantly, should sign the pledge on the front of this issue. Get these machines ready for shipment with a "God bless and keep you" in your heart when you mail that last board on the crate.

PLEDGE

For the first time, this industry is asked to sign a pledge. A pledge to itself, to its future, and to those men who are out there on the far flung battlefronts of this world war insuring the present and fighting for a greater, grander future. The pledge that you sign is something that you will forever remember. It will bring you an inner, heartwarming happiness. It will bring your industry, collectively, even greater happiness.

This pledge simply asks that you donate what old equipment you can spare. That you repair and crate and have this equipment ready for shipment. Put your name on the crate. Put your name on the machine itself if you so desire. Write a letter to go with it. Write letters all day and every day to the boys from your home town.

Not only is it the purpose of The Cash Box to obtain for you personal credit that is due you for your donation but also to obtain for this industry - as an industry - the prestige and respect and credit that is due to this industry for the work in this direction that it has been doing and is continuing to do.

Remember, advise us immediately on the pledge just what machines and give us an exact description of these machines you wish to donate. Be sure to tell us just how many machines you are donating. List these individually if you possibly can. Be sure to put these machines in the finest condition possible. Please don't donate machines that won't work. Pack these machines carefully. Place instructions in an envelope marked "instructions" and paste this envelope on the front glass of the machine if you believe that instructions will be necessary so that the boys who will get the machines will know how to put them together and play them. Crate the machine. Place it aside for shipment. You will be advised directly just where and when to ship.

Once you have signed that pledge and made the work of putting that machine into perfect working order a work of love - you will find within yourself a glowing, inner warmth which you never before believed possible. You will feel that you, too, are out there with a gun sighted and waiting for that Nazi or Jap rat to come out of his hole. Somehow you, too, will be part of those gallant, young sons who are marching steadily, bravely, surely - to victory.

GLORY

Listening to the Army and Navy and Treasury Department representatives who spoke to the men who attended the Second Wartime Conference a great proposal was made. This
would help gain prestige and respect and glory for this industry - as an industry - and not just as individuals, that all of us hopefully seek.

Here was proposed that as an industry, we all come together for a complete week, preferably the week right before Xmas, and give the complete collection of every single machine we can muster from coast to coast for Army & Navy Relief.

The great industries of this nation have covered themselves with glory by such action. There is no earthly reason why this industry - as an industry - and not just as individuals only, can't do the same. We have, as individuals, donated much to Army & Navy Relief. But now, more than just as individuals - as an industry - we can donate to Army & Navy Relief and win commendation, respect, prestige and glory for our industry, which it deserves.

Let us then all come together into this one greatest drive of our careers and make possible this donation. If you feel that a week is too much for you, make it a day or two days or three days, or whatever you believe you can afford. Make the people in your community sit up and take notice, a bit surprised and shamafacedly maybe, but they'll take notice, and even have glowing smiles on their faces and thankfulness in their hearts - when they see that poster appearing on your machines that will read: "THE ENTIRE WEEK'S COLLECTIONS OF THIS MACHINE IS BEING DONATED TO ARM & NAVY RELIEF, THE MORE YOU PLAY - THE MORE WE'LL PAY". And you can even sign it, if you so desire: "YOUR COIN OPERATED MACHINES MAN AND RETAILER - NOW IN PARTNERSHIP FOR ARM & NAVY RELIEF OF YOUR SONS AND DAUGHTERS!".

Is that asking too much of you? Is that - your insurance for winning the friendship and faith and respect and prestige and commendation of your community - too much? Is that, which may keep you going for years and years by those fathers and mothers who have sons and daughters in the armed services of our country, asking too much of you? Isn't that something you can afford to do and at the same time you know that you can write it off your tax bill in great part? Isn't that, when signs appear from coast to coast on all machines and the press compliments you (instead of rides you) for once, isn't that worthwhile? The phono men in Dallas, Texas did it. The press instantly got back of them and printed pictures of people playing their machines. And, by golly, those Dallas newspapers actually urged the people to play more. Really, now, is that asking too much of you?

Will you, right this very minute, wire me at: THE CASH BOX, 381 FOURTH AVENUE, NEW YORK, that you are willing to do this for a day or a week or even two hours? Will you send me that wire so that I can go ahead and help prepare the campaign for you and get the highest Army and Navy officials to thank you and back you and, believe me, bless you.

CONCLUSION

Now that you have read the above you'll probably say to yourself, "That's the queerest report I've ever read of any meeting of solemn". Well, maybe it is. And then again, maybe it isn't. Because, gentlemen, this is just a report. IT'S THE STORY BEHIND THE STORY of the Second Wartime Conference. We're only bringing that story back to you. To remind you. To again be with you just as if you were at the Morrison or the Bismarck or the Sherman or at anyone of the factories you visited or the men you talked with or the fun you had. Yes, we're back together again on these pages. And we're talking things over to benefit you.

For a moment we're forgetting about that OPA Industry Advisory Committee, and those tax problems. And the fact that with liquor so hard to obtain some are feeling the loss of play. Or those tubs and parts and supplies that you are in need of right this minute. Or the fact that your best mechanic has just been called up for his "physical". Or that your town is getting shaky because its getting near to election time. Or the fact that you feel that something should be done quick about spreading The Cash Box further and further through the industry. Or that a National Board of Trade hasn't as yet been created.

Those are the little problems, believe me, of our industry. Let's tackle these great big babies - these outstanding problems - that will create the prestige and respect and commendation for this industry which will help us to so much more easily solve all the other problems that confront us inwardly. We're in the midst of the most dreadful war and at the most crucial point of that war, Let's help clear that out of the way first and then we'll all feel a lot better.

Use advertising space in The Cash Box to tell your story. Use plenty of it. The more you use - the more we'll spend - FOR YOU. Just as we demonstrated we would and did at the Second Wartime Conference where the Cash Box paid the bill for the sake of the industry.

SIGN THE PLEDGE
We continue with items gathered at the Wartime Conference:

ACTION IS THE WORD FOR Bally PRODUCTS

ACTION was the name of Bally's 1935 pin-game hit. And ACTION is the word for Bally* products today. Bally* products are in action on all fronts and on the high seas, blasting the enemy out of the sea and the sky..., protecting the lives of American fighters.

Bally* engineers and workers are proving daily that their skill—developed in peace-time production of coin-operated games and venders—is a valuable asset to America in time of war. And Bally's* performance in war production is a forecast of Bally's* performance in the victorious future.

Operators and distributors who want early information on Bally's post-war equipment are urged to place their names on a special mailing list now being compiled for Bally's Post-War Flash No. 1.

*War products manufactured by Bally organization are on contracts in the name of Lion Mfg. Corporation, of which Bally Mfg. Company is a division.

"INVASION"

"BERLIN IN FLAMES!" "70,000 PRISONERS TAKEN!" THE FIRST, SECOND AND THIRD DIVISIONS ADVANCING? These are the thrilling, soul-stirring reports everyone, young and old, are looking forward to hearing! AND—these are among the many thrills that make the new Westerhaus "INVASION"—"THE GREATEST 5-BALL FREE PLAY REVAMP SENSATION OF 1943!" The player, by skillful shooting, advances the 1st, 2nd and 3rd Divisions and can capture as high as 70,000 prisoners. The stirring, patriotic, red, white and blue colors of this game are even more outstanding and more beautiful by the addition of gold and silver stars. A thrilling, breathtaking scene of bombs bursting on Berlin is only one feature. Dozens of other features as completely perfect and originally outstanding as only WESTERHAUS precision craftsmanship can make them. ### NOTICE

March, 1942, Market Prices appeared in the September 7, 1943 issue.

Prices listed are current week's market prices.

### IMPORTANT

The Confidential Price Lists are to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the week; Where only one price appears this should be considered lowest price.

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The Confidential Price Lists can only feature the market prices as they are quoted. The Confidential Price Lists act exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for each week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The Confidential Price Lists, rather than show no price for the week, retain the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The Confidential Price Lists report each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

### CODE

Check this code carefully. Become acquainted with each one of the code numbers and what they signify. These code numbers appear in front of the name of each machine.

1—Means no prices quoted for this machine for past two weeks.
2—Means no prices quoted for this machine for past three weeks.
3—Means no prices quoted for this machine for past four weeks or longer.
