I'LL BUY MY OWN MACHINE

DIRECT SALES ALL OVER AGAIN?
"The Coin Machines Merry-Go-Round"

DIRECT SALES ALL OVER AGAIN?

by Bill Gersh

Once again The Cash Box is in receipt of many letters claiming that there is a definite trend apparent, now that a lull has come about in the purchase and sales of used equipment, to clear machines out of warehouses and showrooms by direct sale to locations.

There are reported to be many contributing factors which bring this about. One of the most prominent is that the storekeepers of the nation are again being made more completely acquainted with coin machine equipment—as well as the prices of such equipment.

Another report is that many wholesalers in the trade, who held off from selling at lowered prices, even as the government agencies began to lift production restrictions, are now anxious to sell. In their eagerness to get rid of equipment, they pay little or no attention, these coinmen claim, to where the machines are being sold. In fact, under such stress, some of these coinmen report, few of these wholesalers seem to care where they ship machines.

In the majority of cases there is little, or no use, today for any seller to try and hoodwink coinmen into believing that he does not know that the machines are being shipped directly to location owners.

Location owners who inquire about machines use little, if any, camouflage. Their letterheads are completely open and fully explanatory of their businesses. All know, without much investigation, that this is a "location owner", and therefore some operator is losing a location when such a sale is made. It also means that all the trade is losing one more spot for future sales.

The letters which have been received by The Cash Box refer also to the former evils which infested this industry regarding direct sales.

One noted coinman writes that any location owner, because of the information which he is today receiving, can write directly to the manufacturer. Usually, this writer claims, the manufacturer will send this inquirer a form letter along with a circular which contains the price of the machine. In almost every case, he writes, this is also the operators’ price.

The writer of this letter speaks up for the methods used by the music machine manufacturers in such cases. In most cases, he writes, where the music machine manufacturers receive such inquiries, these are referred directly to their distributors. A letter does go to the inquirer advising him that his inquiry has been forwarded to the distributor who will probably contact him very shortly.

In such cases, this writer goes on to report, the music machine distributor will, in almost every case, rapidly squelch the inquirer if he is a location owner and play along with the operators in the territory.

"In fact", this coinman writes, "in the case of one noted music machine distributor in our territory, he has even helped the operators to retain such locations by calling these storekeepers and explaining to them why it pays to deal with the operator directly, instead of trying to buy a machine direct."

But, this and other coinmen report, is not the case where most of the amusement equipment firms are concerned. They not only send the location owner a circular of their machine, completely describing it and listing the price, but also send along a form letter, wherein even further detailed information is given to the inquirer.
"The Coin Machines Merry-Go-Round"

One coinman writes in to report that the some of the manufacturers are getting ready, in his estimation, to use this same method of answering all inquirers without investigation, that the greatest offenders are the jobbers and distributors. He further reports, the jobbers and distributors who care little about who is purchasing their equipment are usually many miles away from the territory into which they make such sales.

Tho these letters, which have been received by The Cash Box, complain bitterly of this practice, none of these offers any suggestions as to how it may be cured. Of course, all state that advertising the equipment of this industry in such fashion that it might been seen by location owners should be condemned by all in this trade.

These writers must remember that the manufacturer is just as anxious to move his equipment into the market as are any of his jobbers or distributors. The average manufacturer does not sell to location owners. He usually doesn’t have to. He realizes that such sales are of little cumulative value. Otherwise he could have been selling direct to locations for many years now.

But, it is agreed, that what the average manufacturer can do to help eliminate direct sales is to simply write the inquirer, especially the one he does not know nor have any knowledge of, that his inquiry has been referred to the firm’s distributor, and let the distributor contact him and decide whether he is, or is not, an operator.

Then it is entirely up to the distributor in the territory to be sure that, if the inquiry comes directly from a location owner, it will stop right at that point. Either the distributor will help the local operator by showing the storekeeper that it doesn’t pay him to buy his own equipment, or he will leave this up to the operator who may have the location.

These coinmen who have written to The Cash Box have done so in the hope that their cry will be heard thruout the industry and that the manufacturers will arrange to eliminate any possibility of further information regarding the inside facts of this business, as well as details of the equipment and its prices, from reaching location owners.

These men also believe that the manufacturers can further help by sternly reminding their distributors (and these distributors, in turn, passing the word along to their jobbers) that direct sales will simply curtail the further growth and development of this trade.

There is little benefit to be gained by any coinman selling to location owners. Not only does the location owner nurse the machine he purchases until it is long gone out of fashion in this trade, but this is simply one more location which is blocked off from further progress of the industry.

What is more, such sales stimulate that outer fringe of men, those hangers-on to this trade, who believe that they are better off to sell directly and get what they like to call “the long price” than try to convince the average operator of the worth of the equipment they have on hand.

Be it stated here and now to the credit of the greater majority of the members of this trade—that they do not allow their salesmen to sell to location owners.

It has been the pleasure of representatives of The Cash Box to be present many times in the headquarters of both large and small jobbers and distributors when persons unknown to them have entered and questioned about equipment, to note these men turn these people away, especially if they could not answer the very simple question of where they had formerly purchased their machines.

Direct sales hurt all divisions of this trade right down the line from manufacturer to operator. It means that one more location is removed from the province of the trade. It means that one more spot, which would probably continue on as a customer for all in this business, has been completely eliminated.

How can anyone, then, in this industry believe that because he is getting the “long price” for one machine that none in this trade will be hurt? Does any jobber or distributor actually believe that he will find his financial position so tremendously much bettered by the sales of a few single machines to locations?
"The Coin Machines Merry-Go-Round"

TAKE IT EASY

Some months ago, when the first false glimmerings of the "green light" was being announced, the trade rushed headlong into excited ferment. At that time, The Cash Box suggested that the industry—"Take It Easy", for there was as yet plenty of time before such excitement need prevail. The same is as true today, as it was then.

Regardless of the fact that the trade definitely has the green light to go ahead, the manufacturers are trying as hard as they can and as fast as they can, to reconver to former products production. No one is more anxious than the coin machine manufacturer to get shipments started once again.

It is truly expensive for a factory to be shut down on war orders and maintain a huge staff of employees doing nothing while engineers tinker and merchandising minds ponder as to when the manufacturer can start shipping. The manufacturer is just as anxious as the most eager distributor in the trade to once again get on the market with his products.

The fact that many coinmen are flocking to the factories at this time is not helping the manufacturers complete their plans. Some of these coinmen are important as operators, jobbers or distributors. The manufacturer does not want to offend them. He certainly does not want to give the impression that he may have gone "high-hat" in any fashion whatsoever.

But, unless some of the coinmen who are now flocking to his offices and keeping him from the very important task of reconversion, take all this into consideration, they are simply going to keep the manufacturers from getting their products to them as speedily as they would like to receive them.

The average manufacturer, even tho he may not as yet have made any announcements in this regard, is reported to be pretty well set about whom he will appoint as his distributors. Usually the average factory already has some distributors from pre-war years. But this is only one of the minor problems today.

The really big and important problem is to get machines started off the production lines. And unless the manufacturer is allowed to devote his time to this effort, he is simply going to be delayed further and still further from the date when he hopes to produce his first new machines.

Those in the trade who are rushing to the Chicago factories and holding the manufacturer from his work for hours at a stretch aren't to be blamed too much either. Most of these men are ready to make large expenditures for new showrooms, offices, etc., acquire new help, start advertising campaigns and do the one and a hundred other things that are necessary to get sales started—as distributors.

There is only one way in which the manufacturer can stop this and that is to make official announcements regarding a showing of his product and at that time extend invitations to those men whom he has under consideration for distributorships of his machines. By making such announcement in advance—he will eliminate much of the irritation which has now been caused.

The entire situation reverts back to the three worded phrase which The Cash Box urged upon the trade some months ago—"Take it easy".

This is the time, while everyone is so much excited and so intense about getting back to normalcy—for the men in this industry to control themselves and to give the manufacturers the opportunity to calmly, coolly and carefully think out all of their production and distribution problems.

Therefore, before you, too, rush on to Chicago, and along with so many others clutter up the waiting rooms of the manufacturers, demand to be seen, irritate engineers and designers, upset many appointments and meetings, delay other necessary work—remember this—"Take It Easy"—you will be called if you are on the list for distributorship consideration. A letter can do just as well right now.
NEW YORK—From all over the country since V-E Day, and especially after V-J Day, there have been constant and numerous requests received regarding when the trade could expect the new machines to appear on the market.

The Cash Box has attempted many times, because of its contacts with the manufacturers, to answer the trade.

Once again, because so many letters have lately been received by The Cash Box will it attempt to give the industry the answer to this question in the form of a concensus of the opinions of various manufacturers who were contacted this past week.

Most manufacturers believe that volume production of new machines will not become fact until sometime during the first quarter of 1946. That is, anywhere between January and March, 1946.

The likelihood is that March, 1946 (or possibly even later) should be the date which the industry can look to for expecting to see something like pre-war volume production once again. This means that there are as yet six full months prior to when the trade can expect to obtain new machines in any quantity.

There is every likelihood, according to the majority of the manufacturers, that samples will be shown to the trade on or about January 1, 1946. Private showings to distributors may come about before this date. A few manufacturers are even of the belief that they will be able to start deliveries of equipment right after this date.

Mr. Optimistic Manufacturer reports, that he will have samples ready to show to the trade on or about January 1, 1946. And will be able to meet first delivery schedules (probably on a ration or quota basis) between that date and March, 1946.

Mr. Conservative Manufacturer reports that the production of new equipment, "is as yet a long way off". He says, "We may, we only say 'we may', be able to show samples on or after January 1, 1946. But from what our suppliers tell us, and with strikes growing thruout the nation, we don't believe that it will pay us to even show samples on that date, for this won't mean that we can make any delivery commitments.

"We doubt very much whether there will be any real production in effect by March, 1946. We can't see how this can come about with the present materials and labor shortages and with the strikes with which every factory is faced."

CHICAGO—To one who has personally devoted more than forty years to the design, development and production of coin operated equipment it was not at all surprising when the government entrusted its industry with some of the most exacting types of war production—intricate mechanisms whose perfection might mean the difference between life and death for American service men.

Nor was it surprising to me that so many of the largest coin manufacturers received highest production honors in the form of Army-Navy "E" awards.

When you can build a coin machine capable of withstanding WILFUL ABUSE you should be capable of meeting any other assignment in the field of design, engineering development or production.

Automobiles, typewriters, calculating machines and all types of office, shop and farm machinery, are naturally abused by users who may be negligent or careless or without proper understanding of their operation and maintenance. But a coin machine, in addition to such normal types of abuse, must also be engineered and constructed to successfully withstand the continual mistreatment of a willful nature by persons seeking to cheat such devices, as well as the occasional shaking and pounding by those who may not have read the instructions before depositing their coins.

I believe that a coin machine is the only complicated mechanism that is willfully abused.

I also believe that the average coin machine contains more individual and specifically different parts than any other kind of a machine I have personally examined. A Jennings Chief, for example, contains nearly 1,000 parts, more than we have found in the calculating machines, typewriters, sewing machines, etc., that we have studied in our experimental laboratories in the search for a foolproof mechanical device that might be considered comparable to a Chief-type machine.

Furthermore, there is almost no duplication of parts, that is, multiples of the same individual parts, in a Chief-type machine, whereas typewriters and calculating machines contain many multiples of the same kind.

Here at Jennings we have all enjoyed a deep sense of pride and satisfaction in our Army and Navy production awards for successfully producing a variety of intricate equipment, but we have yet to find a tougher assignment than that of designing and producing Chief-type machines that can withstand willful abuse year after year without serious damage or breakdowns.

To build a good coin operated machine requires imagination, experience, sound planning, expert technical skill and proper materials, plus the desire of the manufacturer to do a good job.

NO TOUGHER ASSIGNMENT

By O. D. Jennings

President, O. D. Jennings & Company
WHAT ABOUT THE BUCKLEY BILL?

NEW YORK - In the July 24, 1945 issue of the Cash Box there appeared a complete reproduction of Representative Charles A. Buckley's bill (H. R. 3190) which was introduced into the House of Representatives in Washington about a month prior to that day. This bill is now in the House Patents Committee.

The bill was completely explained to the music machine trade in that issue of the Cash Box. Juke box men were advised that this bill intended to make the music rendered by a juke box - "A PUBLIC PERFORMANCE FOR PROFIT". (The bill itself is intended to amend the Copyright Act of 1909.)

Should this bill clear the House Patents Committee, enter the Senate and go thru the Senate, thereby becoming FEDERAL LAW, it would mean that every juke box in the nation would then have to pay ASCAP (American Society of Composers, Authors and Publishers) a YEARLY LICENSE FEE FOR THE RIGHT TO PLAY THIS ORGANIZATION'S COPYRIGHTED MUSIC.

In the meantime, MPFA (Music Publishers Protective Association) can also ask for greater royalties. They own the songs. And, all this additional charge would, most naturally, be slapped onto the juke box operator.

While Congress was on its vacation all seem to have completely forgotten about the Buckley bill. Now that Congress is back in session, it is well for the juke box industry to remember that Rep. Charles A. Buckley's bill is still in the House Patents Committee and waiting for an order of business call.

What has the juke box industry done to squelch this bill? The film people got themselves exempted from this bill. There the entire bill is now directed at the juke box field. HAS THERE BEEN ANY CONCERTED ACTION ON THE PART OF THE JUKE BOX TRADE TO WITHHOLD THIS BILL FROM BECOMING FEDERAL LAW?

OCT. 4 IS DALLAS' 'JUKE BOX DAY'

DALLAS, TEX. - This coming October 4, 1945, is being called "Juke Box Day" by this city's officials and the public generally. On this day the juke box operators of Dallas will donate the entire proceeds of their machines to the Dallas War Chest.

Location owners, too, have entered into the spirit of the occasion and it is believed that this day will prove one of the best for the War Chest. Cards now adorn all juke boxes in this city and the same cards also appear on all the music machines here.

These cards were given to the Dallas music operators by the distributors who called them in and explained the reason for them. The cards read, "Every nickel you put into a juke box will be given to the Dallas War Chest by the music operators and the merchants on October 4, 1945."

There are approximately 1,000 juke boxes in this city and therefore the trade are of the belief that when the sum total is in it will prove to be one of the biggest donations the War Chest will receive.

NEW ORLEANS OPS USE TAX PAID SEALS

NEW ORLEANS, LA. - Operators here are using very impressive seals which are being attached to their machines and which read, "All city, state and federal licenses have been paid on this amusement game".

This idea is reported to be spreading throughout the entire city and more and more operators are adopting this seal. Colleagues here are of the belief that this seal will help to gain them greater aspect of legality for their equipment in view of the fact that all licenses are paid.

At the same time this is proving very impressive to the general public who were quite elated over the large amount of monies collected by this community in coin operated machines licenses. This amounted to well over $1,000,000.00 this past year.

Some columnists believe that a drive should be made by the distributors to get all operators to adopt the seal.
AKRON OPS. BURN AT DIRECT SALES

AKRON, O.-A wave of direct sales to locations seems to be sweeping this area and coinmen here are plenty burned up over this unfair procedure. There is belief that some of this is caused by wholesalers who see prices dropping and rather than get caught short with old machines are attempting to foist these directly on locations at the low prices. The ops association here is arranging for plans to put a halt to this practice and believes that they have the complete cooperation of all coinmen.

Joe Elfant of Bell Novelty Co., this city, who is also president of the Summit County Automatic Music Operators' Association, writes, "We have had a few instances in our immediate territory where a distributor has sold equipment direct to a location owner at a fancy price. But at the same time he caused a legitimate operator to lose this location. And what's more, he is teaching location owners to buy their own equipment.

"This kind of phenagling must be discouraged and as president of the Summit County Automatic Music Operators' Association I wish to go on record condemning this vile form of competition with the warning that if it keeps up it will eventually kill this entire music machine industry."

JERSEY TOWN WANTS $500 PIN LICENSE

ORANGE, N.J.-Every effort is being made here by the board of five councilmen to get the present pin game license of $100 per year increased to $500 per year.

One noted coinman who operates in this city and has been paying the $100 a year license fee on his games has been granted a hearing before the city council prior to their official meeting to consider this increased fee. He is being backed by many of the coinmen in this area and the hope is that he will be able to convince the council that this should not increase the present license fee on pinball machines.

APPEALS FOR TAX DATA TO HALT BILL

STILLWATER, MINN.-Local councilmen here have proposed that all pin games be taxed at the rate of $120.00 each per year and that automatic phonos pay a $10.00 per year license fee to this community. This is the first time that such an ordinance has been introduced here.

Kenneth Ferguson of this city reports that this ordinance will come up for its second reading sometime in October. He is asking that all coinmen throughout the country rush him whatever tax information they may have available so that he may be able to overrule this compulsory tax attempt.

Ferguson also urges coinmen to help create a "National Tax Council" as proposed by The Cash Box for he feels that this will become ever more important.

NO RECORDS-BUT STORES HAVE 'EM

FALLSOUTH, VA.-A. W. Saalkey of Virginia Novelty Co., this city, who has been purchasing records from the leading record distributors in this area for a great many years sent in copies of letters he had written to Columbia Recording Corp. and Decca Distributing Corp. this past week, showing why he has to fight so hard to obtain any records for his machines. As in the case of other music operators throughout the nation, Saalkey learned that he could obtain the records he needed in the necessary quantities from the retail record stores in his community. Yet, it seems, his constant orders to the factory have gone unheeded.

One part of his letter to Decca reads, "We are at a loss to understand why you are practically ignoring our orders. We have been mailing you orders on an average of two or three times a week, and you apparently pay no attention to them."

"We have no desire to ask special favors of you, but we would like to be treated as well as the rest of your customers in this territory. Your refusal to fill our orders is forcing us to purchase your records retail and, by the way, the retail stores seem to have plenty of the records we need.

"Of course, juke box operators should be served first, because they are responsible for your very existence. The writer recalls the time when your travelling man was begging him to buy more of your records. But, of course, that was during depression days and the old boys who have proved to be the salvation of your company now are forgotten. It is a known fact that time is in the habit of changing from bad to good and vice versa. We may have another depression - who knows?"

USE VETS FOR PUBLIC RELATIONS?

NEW YORK—Noted coinmen here have been approached by a public relations firm to have public relations work done for the trade here using new veterans organizations as the basis for this effort. Usually this man enters with an armed forces officer when making his presentation.

But the firm has no definite details of what this firm has in mind. The belief of leading coinmen here is that all proceed with greatest caution prior to hooking up with any such new organizations using veterans as their introductory card.
WEST, MICH. - The eleven columnists who operate in this territory came together many months ago and agreed to agree without the need for agreements or even an organization. And, what's more, they have agreed ever since. In fact, they agree as well with each other, that since this last month, they have agreed to pay phone locations 4 cents commission and this is just what they are paying at this time.

Some members of the national license organization has a complaint to make against another one in the group, who makes it, out loud. The rest listen carefully and then cast their votes, and the man getting the majority vote is the man who is considered right. Both parties then agree with the decision without any further comment. What's more, these meetings always get 100 percent attendance. There has never yet been an absence.

The members are: Mike Ambro Kalamazoo; Arthur Hall, Battle Creek; Neil Sweet, Kalamazoo; Charley Parent and D. P. McKerrigan of Kalamazoo; D. J. North, Battle Creek; Lee Monroe, Kalamazoo; H. Gregory, Battle Creek; C. V. McDonald, Kalamazoo; Harold and Lew Shank and John Horsman of Shank Music Co., Kalamazoo and J. R. Pieters of King Pin Games Company, Kalamazoo.

NEW RACE RECORD CLICKING IN MIAMI

MIAMI, Fla. - Morris Marler of Holiday Music Co., this city, believes that the trade should become better acquainted with all Race machines. Marler claims that some of them are among the best money getters in the music machine field.

He writes, "There are certain records by colored artists that are going over very big with us, such as 'Hot Dripers' by Little Jackson, which is an exclusive record. Why not let everybody else know about this recording?"

ATLANTIC CITY COMPLETE TAX DATA

ATLANTIC CITY, N. J. - F. McKim (Sally) Smith of this city, who is a firm believer in a "National Tax Council" for the coin machine industry, sends in the complete schedule of taxes for coin operated equipment of all types as now in effect in this city.

The following are the various taxes and may play a part in all in the trade. According to Smith, "The $500.00 blanket license was put over by the Boardwalk Arcade Association as we believed a blanket license to be better than $10.00 on each machine. There was also a limitation placed on the number of machines to be allowed on the boardwalk. The $500.00 tax is slightly in excess of the former tax, there being 16 machines now on the boardwalk."

The list of taxes are as follows: 1) Coin operated amusement arcade consisting of 10 or more coin operated machines $500.00 license required. 2) Individual machines up to 9 at $10.00 each per yearly license fee. 3) Bagatelle games (pinball games) with 5¢ coin chutes $25.00 each. 4) Music machines $50.00 per yearly license fee. 5) Scales $1.00 per year. 6) Cigarette machines $3.00 per year. The way the ordinance reads, "Any 5¢ or more slot machine $10.00 per year."

It is suggested that columnists who are always wary of new tax bills being introduced in their communities should clip this out and save it for future reference.

OPS SEEK OCCUPATIONAL LICENSE

MELLS, MICH. - Operators residing in this community are attempting to get a license bill through which will arrange, for an "occupational tax" around the $1,000 mark. These men believe that in this fashion only those who actually reside in this community will then be able to operate here.

The reason that this occupational tax license fee was proposed to the city commission was due to the fact that operators from out of this state have been coming into this community and offering machines for sale direct to location owners. Columnists here are much upset over this and are attempting in every fashion possible to squelch this entire drive on the part of these out of state men.

GOVT. MAY DEVELOP NEW TERRITORY

WASHINGTON, D.C. - Industrialization of under-developed areas through the country, aided by Government loans, is proposed in legislation sponsored jointly by the Departments of Agriculture, Commerce and Labor. Initial funds are sought to survey areas to discover the types of industries most suitable to the different sites.

It is believed that if this proposal goes thru that columnists will be able to obtain many more locations in rural areas than they ever formally enjoyed. If this comes to a vote in Congress - columnists are therefore being urged to back this bill.
CHICAGO CHATTER

With the fact that the World Series looks like a sure bet for this city all coinmen here look forward to a grand rush for rooms and box seats for coinmen from all over the country. At the same time it is believed that this will absolutely jam the factories here with coinmen who otherwise wouldn't show up in town. Joe Ach of Active Amusement Machines Co., Philadelphia, Pa., in town this past week and making the rounds. The boys here all asking Joe about that "Russian incident" which occurred in New York seven years ago. 

Jack Rothachild of Miami Coin Machine Co., Miami, Fla., also in town and getting all set to do a bigger and better job in his bailiwick. B. D. Lazar comes to town to visit with the various manufacturers and is spending sometime over at his phone spot—Rockola—where Ben hopes the firm will soon start shipping those new machines to his Pittsburgh showrooms. Carl Trippe of Ideal Novelty Co., St. Loü, in town this past week and eager to hear all the good news.

Belated congratulations to O. D. Jennings who celebrated his 71st birthday this past week. A. Downie of Windsor, Ont., Can., in town and seeing some of the manufacturers on what they intend to ship into the Dominion. Leo Belfy who is south-eastern distrub for O. D. Jennings & Co. also popped into town this past week and is all enthused with what he saw and heard. Sure does look like old times again with so many of the supply salesmen visiting the factories and actually taking orders. Bill (The Sphynx) Cohen of Minneapolis is expected in town this coming week. Harry Brown and his family expected back here this week after spending two weeks in Philly visiting with the folks. Harry is reported to have mixed business with pleasure while away from his offices here. Dave Gottlob with his sleeves rolled up, looking at blue prints, rushing into the plant, talking with salesmen, greeting distrub, constantly on the phone, is back in old time action once again—and he loves it.

Carroll Vetterick of O. D. Jennings & Co. voices the need for a show saying, "We owe it to the buyers." Bud Lieberman still maintains that he is completely retired from all business and is leading a life of ease and comfort. We hear that there is a firm known as the National Electric Scoreboard Co. in Berrien Springs, Mich., who are going to introduce some unique and novel pin games. Rumor has it that Packard Mfg. Corp., of Indianapolis, Ind., was sold to a group of coinmen headed by Joe Darwin of East Orange, N.J. Bud Wilcox of Reliable Amusement Co., Miles, Mich., reports that the record situation is going from bad to worse in his part of the country and that phone ops are really suffering because of it. Much talk about Ken Wilkinson of San Antonio and Cooper going into the manufacturing biz here in town. Joe Hakovitz of Muskegon Music Co., Muskegon Hts., Mich. in town this past week looking around for those good buys. Henry Fox of Jackson, Miss., New Orleans, La., and Birmingham, Ala., back in town again this week and buying.

Woolf Solomon of Central Ohio Coin, Columbus, in town also and reported to be well satisfied with what he saw and heard. K. Marshall of New Orleans Coin Machine Co. also in town this past week to see if he could get those new machines fast. A rainy day always brings visitors over to Monarch Coin for this is the kind of day the boys know that Roy Bazelon will be in his office—too wet for golf. Sam Winsberg of Chicago Novelty Co. will be back in action very soon and will make a very interesting announcement to the trade. Ollie Kitt hints that he'll break wide open with a real surprise announcement sometime this month. Harry Williams new and beautiful showrooms and offices getting plenty and plenty of praise from all the coinmen who have visited there—and Harry himself being plenty praised for the fact that he did all the designing, even to helping with the building of these gorgeous offices. Al Silverman of Williams Mfg. Co. has "that gleam" in his eye. Wonder if it has anything to do with that Washington, D.C., date?

Believe you me that Daphne Kelly, the gal with personality plus who greets you when you enter the Mills plant, knows more coin machine personalities by name than any other gal in this biz. This gal is a real prize asset to the Mills factory. John (Exhibit) Chestnut returns to find his deal loaded with mail and before he can even get it all cleared off is dashing out to California. Lewis Coin Machine Service all set to move to new and larger quarters. What's all that cooking over at Baker Novelty Co.? We note Harold Belzer bent over a drafting board every time we enter and pantently busy. Harry Marcus Co. are planning to soon break ground for their own building where they will be able to house the trillion parts which they offer coinmen. Jack Shaon of Central Mfg. Co. reports the firm are moving to new and larger quarters. Is it true that one noted manufacturer approached Western Electric to help him build a new phone?
Mr. and Mrs. William Rabkin, International Mutoscope Corp. were hosts at a dinner given in honor of the Bar Mitzvah (confirmation) of their son Marvin, held in the Grand Ballroom of the Waldorf Astoria Hotel, Sunday Sept. 15. In addition to the many relatives, personal friends, and business associates, many coinmen were present.

Mike Munves goes to Chicago, the first time since The Cash Box ran its Wartime Conference in 1943.... Joe Munves, who has been on the West Coast for the past four or five months, returns home.... Sam Yaras, Southwest Amusement Co., Dallas, Texas; Myrie Rosenberg of H. Rosenberg Co.; Baruch Sugarman and Abe Green of Runyon Sales Co., Newark, N.J.; and Charlie Worthheimer of Boston, Mass. make the rounds of New York's clubs.... Dick Steinberg, well-known Newark, N.J., coinman, seen looking over Tenth Avenue. Dick will probably be in cities this week.... Jack Haiman, popular free lance mechanic, became a papa on Sept. 18 - a girl.

Ed, Al and Jack Kevery of Boston, Mass. wish to thank their many friends who sent messages of condolence on the death of their mother, who passed away Saturday, Sept. 15. The Masonic party scheduled for Sept. 18 by Ed has been postponed indefinitely. Harry Krein, Sunflower Vending Machine Co., probably has largest operation of 1¢ machines in the city.... Joe Perlman (formerly Acme Vending Machine Co.) drops around to Coin Chute to see what's doing, after spending the past years in a war plant. Acme, by the way, was the first coin machine company to open on 10th Avenue.

Warner Sonc, formerly with Mike Munves, discharged from the services with a Purple Heart. Sonc is still recovering from serious injuries incurred at Guadalcanal.... Sam Broseberg, Seeburg district manager, in town, and expects to remain for some weeks.... Charlie Aronson (Brooklyn Amusement Machine Co.) son home on a furlough, and invites practically every coinman in town to the house for a party.... R. Falsco, Sales Manager for Rock-Ola Manufacturing Co., spends the week-end in town.... Net Cohn, Modern Music Sales Co., and the missus, take a party of friends to see New York's night life, and spend up in the early hours of the morning.

Bob Leskin, son of Maurice Leskin, International Mutoscope Corp., returns to the states, after spending more than a year in Europe with the Air Force.... Jack Fitzgibbons, Jufco, Inc. will be in Chicago when you read this.... Charlie Polgar, who lays claim to being one of America's best fishermen, getting ready to take a trip thru upper New York State.... Which reminds us that Joe Eisen, another fish fancier, just returned from a fishing trip to Maine.... Toddy Seidel, former pin game operator, strolls down Tenth Avenue, the first time in over three years. Toddy's sole claim to fame is his short adventure in the ring, which earned him the title of the "Horizon-tal Champ".

Sam Stern, Scott-Cresco Co., Philadelphia, Pa. expected in New York City this week.... Joe Ash, Active Coin Machines Co., Philadelphia, Pa. goes to Chicago.... Roy Tzor, Philadelphia, Pa. retires from the biz after 36 years of activity. Roy plans on taking a vacation in Florida for a few months.... Jules Olshin, Jules Olshin & Co., Albany, N.Y. looking for new large quarters on Broadway (Albany's coin row).... Jules is expecting another heir, and hopes it's a girl this time, as he already has a boy.... We hear Charlie Gomian is going to open up in Albany.... Jerry Golub, J. J. Golub Co., Boston, Mass. would like to run a party for his friends, we hear.... Dave Friedman and Harry Sendor, former New York City coinmen, now partners in Syracuse and Buffalo, in the city for the week.

Les Rubinow, Seeburg Florida distributor, expected in town this week.... Al Blen-dow's (International Mutoscope Corp.) wife leaves the house for the first time in months after a long illness.... The Mrs. Charles Aronson, Net Cohn, Bert Lane, and Sidney Levine duck out on their husbands for an hour, and have some fun in the Peacock Alley of the Waldorf - and do the men burn!.... George Pansco, George Pansco Co. planning to manufacture additional amusement games.... Bob Friedman, Silver Lining Music Co., who was injured in service over a year ago, now undergoing an operation at the Post Graduate Hospital.... Bob Jacobsen, United Music Co., runs up to the mountains in New Hampshire in an effort to alleviate his hay fever suffering. Billy Green, American Vending Co., Brooklyn, N.Y., writes us that he had 3 Wurlitzer 600's stolen, serials #702245, #702194 and #703817.... Norman Forin, Runyon Sales Co., Newark, N.J., getting ready to make an extensive road trip.... Lee Paul, one time star salesman for Jim Stewart, takes over the local distribution for the U-Need-A-Vendors merchandise machine line.
WEST, MICHIGAN

Interesting to note how a keen op can work in a small town and keep friendly with all the people there. That's Ben Ashen, formerly in the auto biz in Chicago, but now making a real business of Service Novelty Co., South Haven, Mich., while his brother Abe, who formerly headed the firm, sojourns in the Army. Ben sure has done a remarkably fine operating job in this town. Everyone knows him and everyone respects his biz methods. And just about 35 miles away is Kalamazoo where the colmen have come together for their general betterment and by so doing have made this one of the best operating territories in the country. Here J. R. (Pete) Pieters reigns more or less as the "king pin". He's of King Pin Games Company, Pete reports he's been having some hard luck lately. His men smashed up his Mercury a few weeks ago, and just this past week completely smashed his truck while making a delivery to Three Rivers, Mich. (By the way, Pete is one of the best colmen golfers in the country and with this issue openly challenges Roy Benson of Monarch Coin, Chi and Harry Pearl of East Coast Dist., Elizabeth, N.J., to a match anywhere they would like to play.)

Don P. Mackering of Kalamazoo is just back from the Navy. While at sea, Charley Parent ran Don's route for him and is reported to have done a really remarkable job of it. Charley is now reported to be associated with Don. Mike Ambro, one of the largest pin game ops in the Kalamazoo country, also worked in a war plant during the war days while taking care of his route. Mike believed that this was the very least he could do to help. Art Henry of Battle Creek is operating pins, music, arcade equipment and doing very well with this diversified route. Art is planning some big things when the new machines appear, according to reports. Neil Sweet is one pin game op in Kalamazoo who just takes care of his business and says very, very little so there's very little to report about Neil. J. Emmett (who is known to one and all in this part of the world as "E. J.") used to operate in southern Mich., but transferred his affections to Battle Creek and is reported to be doing a very fine job of it. Harper Gregory of Battle Creek is one op few know anything about - so come on in Hork and tell us about yourself.

Can't overlook Leo Monroe of Kalamazoo, Leo has done very well considering that he hasn't pushed too many machines out on locations. C. V. (Mac) McDonald of Kalamazoo is one phone op who likes the lake regions around here. He's also noted surfboard rider. This past summer, he almost proved his undoing at this sport. With his wife driving the speedboat, he tumbled off the surf board and hurt himself pretty badly. But he's reported to be back in good shape now and is keeping those phoned of his humming. One of the biggest deals to pop around these parts in many a moon was the one Harold Shank and Johnny Ornament of Shank Music Co. of Kalamazoo, just made with Clarence Nutt of Capital Amusement Co. of Kalamazoo. The boys bought Clarence's music route in a deal that ran 'way up thru... By the way, Lew Shank is still hospitalizing fingers and a lot of his machines since he was forced to make that jump over London, England from his plane. Lew is one of the heroes.

TORONTO

Ernie Dowsett paid, what we now laughingly refer to as a "short visit" to Toronto intending to spend just a few hours in town doing some buying from Al Siegel of those hideaway installations. After about a half hour's business over at All's place - it occurred to Ernie that he was rather tired so he was set up in a suite at one of the hotels here where he overlooked a fish market - and was happy. In fact, while here he was visited by Reg Gilchrest, Frank Kirke, Art Woods, Simon Sarian, Joe Connolly, Joe Miller and the aforementioned Al Siegel. In fact, Ernie spent four grand and marvelous days here in the most complete relaxation he had ever enjoyed. And since he is a great lover of fish, all kinds of fish, he liked being so near the fish market he saw from his bed room window and smelled all over his suite. In fact, after these 4 days, Ernie insisted on flying back to Ontario to keep him from so doing. As everyone knows here in Toronto, Ernie likes to be home for Christmas and if he would have waited for plane connections the boys were afraid he wouldn't get in until after New Year. So, after a great conference, Ernie agreed to go by train. Just so he could lie down once more. He needed more relaxation.

Frank Kirke's secretary, Betty Martin, had her tonsils removed in Detroit last week and that left Frank with the job of answering telephones, trying to type letters with two fingers and general bookkeeping and other such things. Poor Frank - even his competitors felt sorry for him - after they saw his futile efforts to act as his own secretary. By the way - if Norm Kidd isn't the best looking gal in the great Dominion of Canada - as far as coingals go - we'll have to see the gal they say.
TORONTO (CONT.)

is better looking. She's Al Siegel's secretary - lucky guy. George Chow of Phono-Vision is out of town on a secret mission to make even more money we hear. Lou Rosenberg of Roxy Novelty Co. in addition to operating phonos and his bowling alleys has now entered into the business of manufacturing record players. Joe Miller, who looks back to his Toronto visit with many fond memories, reports that he is going to open a record store in Guelph. A gang of the local columnists are planning a trip to New York very soon. They intend to see whether it is possible to drink that town dry in a week. Jerry Pratt, one of the very first operators to buy a Jeep, has found the riding too rough - he's now driving a Fargo truck instead. Bill Payner, former photo op, who now owns a chicken farm and is reported to be raising some of the finest chickens in the country has become very, very, very popular with the boys. Hamilton op who invaded Toronto with Panorams is becoming less popular every day - the boys here believe that he should have remained in his own back yard. He had a very important visitor in town a few weeks ago - none other than Bill Payner, his very charming wife and her very fine cocker spaniel. Outside of getting a few flat tires, having to make their dog a Canadian citizen, trying to drive thru Toronto's traffic, eating up all the good food in town, Bill and his wife spent a very happy two days here - and, by the way, Bill celebrated his birthday while in town - making it one grand and glorious affair.

BUFFALO

Redd Distributing Co., here, where By Singer spending all of his days and a great many of his nights - has hired themselves a new attraction for the column in town - none other than very lovely Carolyn Block. It seems that another Buffalo office needed still another gal to help take care of increased business. Ben Kulick hired himself a secretary in Mildred Gamier. Ben also celebrating those days because his son Sanford is home from E.T.O. for the next 30 days. Sanford is now stationed in Kentucky. We never see Dave Oliver of Niagara Falls without "Goldie". Don't get excited - "Goldie" is Dave's pet dog, and whither Dave goes - so goes Goldie.

Si Redd poked into Buffalo this past week to pay his newest office a visit. Leo Peachick of Royal Amusement Co. took a well earned rest and is now back in action again looking better than ever. Large Herbie Ross of Ross Amusement Co. still out looking for phones. Fred Van Dwalier now doing some service work. Took to it like a duck takes to water. Mrs. Lena Canny of Extrait Amusement, Niagara Falls, pretty as ever and filling her husband's shoes to perfection while Dan is in the Army. Jim O'Neill, who was suffering from an infected ear a few days ago, claims he is now fine and dandy. But, he laments, he sure missed hearing a lot of things he sure should have heard. The weather had Paul Peacocks down for a few days but here's hoping that Paul will be around to see all the boys and very soon.

Walt Moran has been searching high and low around town trying to get himself some more music. Ernie Borne making the rounds around town looking for those good one-balls. Jim Woelker around buying still more music and eagerly waiting to see the new music machine. Joe Shaw of Lackawanna is very anxious for those newest games to come to town. Since we mentioned a few gals in Buffalo - have you seen Madeleine Collins over at Lew Wolf's place - very, very nice. Elsa Santoro of Sally's, W.Y., around town this past week looking to buy music machines. Frank Amendol of Niagara Falls also in town and looking for bells. J. H. Winfield is reported to be busier than ever in his career. Al Bergman of Royal Amusement is reported to be ready to pop with a surprise about 30 days from now.

MINNEAPOLIS

Duck shooting opens and it seems like every column in the state is going out over the weekend to get their bag of duck hunting. It won't be long, most of the ops say, before there'll be good duck on the table. Jim English of Pine City just received his honorable discharge from the armed forces and is back on the job again. E. Bearson of Lonsdale, Minn. is going to be a very busy man from now on. In addition to his operation he has just taken over the Ford agency. That should keep him out of mischief. E. Grumman of Minot, N.D., in town looking over music machines. C. O. Coffield of Anamdele, Altho quite along in years, sure does know how to keep his eyes on the ball. He likes his winters in Minnesota, instead of down south, because, he says, he finds the hunting season the greatest attraction. Gordon Stour of Pierre, S.D., in town for a few days and doing some buying while enjoying the sights. Joe Burgum of Centerville, S.D., keeping his
MINNEAPOLIS (CONT.)

finest restaurants in Huron while the hunting season is under way. Harry Johnson of Mitchell, S.D., in town for a few days and claims business is marvelous. Walter Hugheen of New Hampton, Iowa, the very busy still finds time to come to the Twin Cities to visit with friends. W. H. Pickron of Rock Island, Ill., always with Walter Hugheen on those trips.

DALLAS

Earl Reynolds of the new American Distributing Co., in his with his brother-in-law, Porter Harrison, reports that the firm just celebrated their first full month in business and when they totaled the books were tremendously elated. It was one of the best months Earl can remember in his more than 15 years in the business. At the same time Earl is suffering from a throat ailment and has been reporting at the hospital daily. Hey Barnes of Palestine, Tex., spent sometime in town and wound up buying phonos and pins. Bill Tinlin of Beaumont in town this past week and was satisfied with the buys he's reported to have made. By the way, Bill is considered the biggest music op in his part of the world. Collis Irby of Walbox Sales Co. is reported to have sold his interest in that men's store and is now devoting himself completely to the coinbin. W. R. Searbrough and Toby Harkin, noted partners from Taylor, Tex., in town this past week doing some celebrating and buying bells and more bells.

Bill Ricks of Standard Music Co., Houston, Tex. and H. J. Crowe (who, by the way has just been honorably discharged by the Navy) have been formerly with Decca Records, have just gone in business together making "Old" records. Their first number, "A rainy Sunday in Houston" is reported to be a real clickeeroo and the music ops are all flocking to Houston to get 'em. Arthur Hughes of S. K. Lynch Co. is again around calling on the boys now that those new Seaburgs will soon be on the market. Report is that El Furlow (that big, proud Daddy of 5 grand kids) is keeping himself plenty busy with the candy, cigarette and miscellaneous departments of the firm. And S. L. Hyneman is himself still the biggest grand of the big guys. Fred Barber of the George Frock Co. seen around visiting this past week. Fred is one of the most likable guys in town.

Guy Kincannon of Waco came to town this past week and with rooms so hard to get actually turned down a room at the athletico club. Wonder why? W. J. (Smiling) Smith of Central Music Co., Temple, Tex., still buying as much good music as he can get. Sam Green and H. P. Frock, those partners down in Italy, Tex., just drove from Dallas, are building themselves a $100,000 amusement park. Here's wishing them sunny smiling days, every day of their season. Louis Solomon of El Paso Music Co., El Paso, Tex., in town and looking for some fun - but not over looking buying of music equipment at the same time. Jack Brown of Texarkana, Ark., (Two States Amusement Co.) was seen on the second morning, after the two nights of his visit to town. Someone ought to ask Jack how come? Vonnie Hale is reported to be going good with his record store in Texarkana, Tex. Eddie Shotts of Austin, Tex. has three big pictures on the wall in his office. One of the late president F. D. Roosevelt, one of Senator Homer E. Capehart, and the other of Earl Reynolds. Ben Hodrick of Jacksonville, Tex., is reported to make his new headquarters whenever he is in town at the Veterans of Foreign Wars club rooms. I. Q. Scott of Waco in town this past week and drove home with a truckload of phonos. Jack Crane of Memphis, Tenn. spent 3 days in town this past week. Jack's making a universal amplifier that's going over very well here.

NEW ORLEANS

Things are humming over at New Orleans Revel-alty Co. now that "boss" Louis Boasberg is back from the Navy after 3 years on the high seas. Louis has many great plans in mind and is already getting some of these under way. Melvin Mallory, Louisiana Amusement Co., just back from a business trip to Chicago. Joe Pores went to Chicago with Henry Fox. What's cookin' Joe? Ops here who are placing those "tax paid" seals on their gasons report that this clicks big with storekeepers as well as the public. Frankis King is being kept plenty busy these days with all the iron he has in the fire. J. B. McNeilly one of the real old timers here, after being in retirement for sometime now, is back in the coinbiz with a real bangaroo. Elmo Floyd seen around town buying still more machines. Most of the local ops report that the summer clump is still on but look for much better take with the arrival of cool weather. (By the way, in case you don't know, cool weather here is about 75 degrees. 90 is moderate, and some of us actually consider 120 to be just warm.) Julius (Papa) Pace is taking things easy over at his Lakeview home but reports that he will be back in action soon. Wonder if Papa was practising up for some of those Colly's Cafe concerts? By the way, Nick Carnabijal of the Dixie Coin
NEW ORLEANS (CONT.)

Machine Co., who has been very busy lately making several deals reports that he’ll have the largest distributing headquarters in all the South. ... You can believe this - Teddy Geigerman spends all his nights at home walking the floor with his baby daughter - Herbie Wall is thinking about going back to the coin machine business again. ... Hey, Ed Rodriguez, how is the donut business? ... Jimmy Tallon is reported to be the smartest sporting events picker in the entire coin machines industry. (Never picked a winner yet). ... Someone reported that Andrew Monte has made more deals than any dealer in town. Is this true? They claim that Pete Mostasi ever at Dixie Coin is one of the best traders in town.

SAVANNAH

Johnny Wall is grounded. Johnny loaned his plane to Joe Goldberg (son of Sam Goldberg) who was in a hurry to get some parts in Soperton, Ga. Joe flew the plane to Soperton all right, but cracked up on landing. Joe wasn’t hurt, but the plane was, and no insurance to collect either. Johnny just sits at his desk and stars all day long. ... B. Chesser of F. & F. Distributing Co., Atlanta offices, in town for about 3 days or so making a survey for Warner. Chesser interviewed all Warner customers here and is reported to have gathered some real info for his factory. ... Dan Jackson of Ritz Amusement Co., Jacksonville, Fla., in town buying music and always looking for more music. ... The hurricane just missed Savannah but there were some fierce 50 mile per hour winds blowing here for sometime. ... Frank Hahn of Savannah Amusement Co., not only taking care of his music equipment, but also running a laundry and dry cleaning establishment at the same time. Maybe Frank can figure out a way to use his plant to clean up the business.

O. J. Mullininx (Mullininx Amusement Co.) who also owns a plane is planning to make a trip through the state to see whether there still aren’t some coinmen who want to sell equipment left. (One thing we like about “O. J.’s” headquarters is the nice air conditioning, especially with the temperature well up in the 90’s of late). By the way, O. J. advises that the Army Air Forces have agreed to allow coinmen pilots to park their planes in one of their hangars at the Army airfield. Mullininx, Wall and Goldberg are the plane men around here. ... Joe Ogburn of Southern Newsley Co., Savannah, spent the past weekend at Jacksonville, Fla., and reports are to the effect that he made a very decorative appearance on the beach there. ... What’s this we hear about all the coinmen wanting to visit Ed Henri’s offices in Macon? Claim is that Ed’s secretary is the mostest beautiful gal in the coinbiz in good old Georgia. ... Clyde A. Taylor of Brunswick, Ga., has become a regular communter making those hundred miles between Brunswick and Waycross look very small. He runs music in both towns. ... S. M. Sparks of Sparks Specialty Co., Soperton, is busier than ever supplying the boys with parts for Seeburgs. Just replenished his stock.

We suggest that you remove this page from each issue, and carry it with you so that it is handy when placing your record orders, or tack it up on your wall for quick accurate reference.
FOREWORD

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for the past week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD

The C.M.I. Blue Book is to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the past week. Where only one price appears this should be considered lowest price.

CODE

CHECK THIS CODE CAREFULLY. BECOME ACQUAINTED WITH EACH ONE OF THE CODE NUMBERS AND WHAT THEY SIGNIFY. THESE CODE NUMBERS APPEAR IN FRONT OF THE NAME OF EACH MACHINE.

1. MEANS PRICE WENT UP.
2. MEANS PRICE WENT DOWN.
3. MEANS MACHINE JUST ADDED TO LIST.
4. MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK
5. MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.
6. MEANS NO PRICES QUOTED FOR PAST TWO WEEKS
7. MEANS NO PRICES QUOTED FOR PAST THREE WEEKS

XX — MEANS NO PRICES QUOTED FOR MANY WEEKS—PRICE SHOWN IS LAST KNOWN QUOTATION.

IMPORTANT

Machines underlined mean these were most active in trading the past week.

The Cash Box is confidentially published each week exclusively for, and in the sole interest of, the coin operated machines industry. Its subscribers are actively engaged in operating, jobbing, distributing or manufacturing coin operated equipment, supplies, parts or materials allied to the coin machines industry. All ads, unless otherwise designated, are offering equipment for sale. These ads are carefully checked. No “blind” or “box number” ads accepted. Closing date at the Publication Offices of The Cash Box — 351 Fourth Avenue, New York 16, N. Y. — Friday of each week at 5 P.M. Issued by First Class Mail and Air Mail, appearing throut the trade beginning the following Monday morning.

**ADVERTISING SECTION**

All machines thoroughly reconditioned - GUARANTEED - Ready for location. No Junk or "As Is" machines - All packed in new crates - Immediate Delivery on receipt of order.

Target skills fit into arcades, lunch rooms, small stores and countless other locations that do not have room for larger machines. Without any effort, you can make more money with target skills by collecting from two machines instead of one.

- Ease of transporting
- Enjoyment to customers of shooting army type pistols
- Lack of need for much servicing
- Attractiveness of machines
- Constant play they get
- The utilizing of all available location space

ADDED together these are the reasons target skills mean substantial profits to you.

These legal, pure skill amusement devices will earn in and fit any location.

Everyone gets a thrill out of using a real army type pistol. Together with an attractive cabinet, the "Challenger" will astound you with its drawing power. The desire of one customer to challenge another creates more interest, constant play and enormous returns.

This target skill takes the play and holds it. Designed to stimulate appeal and interest to your customers, this machine has proven its earning power. You will find that the "Big Game Hunter" provides a good nucleus for maintaining a location.

The interest and pleasure of manipulating this particular target skill is reason for its success. Five targets rising, one at a time, provide a liveliness to the machine. Expert and novice alike find that Model F has tremendous appeal.

ABT "Makes the Finest"

- AMUSEMENT MACHINES • VENDING MACHINES
- COIN CHUTES • COIN DETECTORS
- SCALES • OTHER COIN-OPERATED MACHINES
A few weeks ago we announced the acquisition of the tools, dies, etc. used in the manufacture of the original U-Need-A-Pak Cigarette machine; and, we think you’d like to know what’s been going on ever since that time.

For the past few months our engineering department, under the leadership of Jim Evans, has been going over the original blue prints, changing this feature, adding another, eliminating unnecessary moving parts. They’ve made mechanical changes, design improvements, etc. . . . they’re stipulating the use of newly discovered war-born materials. They’ve done a million and one things to make the U-Need-A “Monarch” the best cigarette merchandiser ever produced.

Why, we’ve even gone so far as to . . . well, you just wait and see! In a short time we’ll be ready; and those of you who want to assure yourselves early delivery will do well to contact us now.

What have WE and YOU learned from this War?

...ON THE POLITICAL and HUMANITARIAN LEVEL

All of us have learned the hardships and heartbreaks of war—have demonstrated the power of democracy in action—more than ever we have confirmed that ours is the world's greatest nation and that we must retain the moral and physical leadership we have won at such great cost—that to a large measure, ours is the choice between permanent world peace and world annihilation.

...ON THE BUSINESS LEVEL

You, of the Coin Machine Industry, have learned the dollar and cents value of Mutoscope reliability.

You have learned the truth of our slogan "Built to Last" from your experience with Photomatic, Skyfighters and other Mutoscope equipment that you bought years ago and that served you so well during the war period when replacements were unavailable.

We have learned from our war work new manufacturing skills that we have added to those possessed before—and installed new precision machinery that will now be used on work for YOU.

You have seen the tremendous growth of picture taking on the Photomatic—a trend that will continue and make Photomatic routes more profitable than ever—and you have realized as never before that this is one of the world's miracle machines.

Orders for the New Photomatic are now being accepted. Send for our plan.

KEEP IN TOUCH WITH MUTOSCOPE FOR COMPLETE INFORMATION ON MANY NEW DEVELOPMENTS

In honor of the World Shaking Invention that has brought the war to such a glorious conclusion

...MUTOSCOPE presents the

Atomic Bomber

First of a series of dramatic new Coin Machines scheduled by the firm that has brought you the finest in coin operated equipment for fifty years.

YANKEE DOODLE

MARVELS NEWEST FIVE BALL GAME - EVERYBODY LIKES IT

We're enthused about our NEWEST Five Ball Free Play game YANKEE DOODLE because we've created a game that has hit the fancy of EVERYBODY! Distributors like it because it sells like hot cakes. Operators like it because it has lots of player appeal and is trouble free. The player likes it because YANKEE DOODLE is a dandy!

V YANKEE DOODLE is converted from SPORT PARADE
V YANKEE DOODLE is a SURE-PIER MONEY MAKER
V YANKEE DOODLE IS A D-A-N-D-Y

WE'RE STILL IN PRODUCTION WITH MARVELS BASEBALL.

SEE YOUR DISTRIBUTOR OR WRITE DIRECT TO US

RECOMMENDATIONS ON JENNINGS DAIRY DRINK DISPENSERS

INDUSTRIAL PLANTS and other big-volume locations welcome installations of JENNINGS DAIRY DRINK DISPENSERS! DAIRIES welcome the opportunity of increasing volume and reducing distribution costs enabling them to service your route of machines on a wholesale basis.

THE PUBLIC welcomes refreshing dairy drinks when available at all hours.

ENTERPRISING OPERATORS will investigate this opportunity now while there is still elbow room in this new operating field!
