THE CASH BOX exclusively covers the coin machine industry, including operators, jobbers, distributors and manufacturers, and all those allied to automatic coin operated music equipment; automatic coin operated vending machines and service machines as well as all coin operated amusement equipment; the music and record business, recording artists and publishers of music; and all others in any fashion identified or allied to the coin operated machines industry as well as all finance firms, banks and other financial institutions expressly interested in the financing of coin operated equipment of all types.

THE CASH BOX has been recognized by various associations of coin machine operators throughout the United States as their official weekly magazine.

The C.M.I. BLUE BOOK division of The Cash Box is an entirely separate medium, giving all prices of new and used machines of all kinds, continually reporting all market changes. The C.M.I. BLUE BOOK is officially recognized by many States as the "official price book of the coin machine industry."
NEEDED FOR '48

VIGOROUS, COURAGEOUS, FAR SEEING LEADERS
WITH CONFIDENCE IN THEMSELVES AND FAITH IN
THE FUTURE OF THE COIN MACHINE INDUSTRY.

THE same kind of young men like those of 18 years ago who created "Ballyhoo", "Five Star Final", "Jig Saw" and "Jiggers". Newer, cheaper, better than the big "Hoot Mon Golf", and other similar amusement games on the market at that time. And brought into being a great, new industry. The kind of men who started the juke box business, and who paved the way for the splendid new merchandisers of today. The young man who brought an idea for an automatic phonograph to a factory destitute for work and has since seen it boom into a great, international music network. The man who built a cigarette vendor in the basement of his home, and who should have been present to see the newest product of the firm still bearing his name, featuring electric animation. The unknown who, twenty years ago, boomed the bulk vending machine field, by using pistachios instead of peanuts. And the dozens of others whose courage, faith, daring, intelligence, hard work, perseverance and true, progressive American spirit made this a great industry. The path is wide open for enterprising, courageous and intelligent leadership — with a gleaming pot of gold still waiting for all men with faith and daring — at the coin machine rainbow of achievement.
2 MIN. RECORDS WIN BIG ACCLAIM

NEW YORK—Every day, for weeks, letters continue to pour into the offices of The Cash Box here regarding the two minute record idea in your letter, without one yet disagreeing, hopes that such records will be cut by the record manufacturers immediately to help the juke box operators to see some profit on their investment.

A few weeks ago this publication published some of the letters which had been received from leading music ops all over the country. From the tiniest village to the outstanding cities of the nation, juke box operators are asking that two minute records be cut just as fast as possible.

To give some idea of how the juke box ops feel about the two minute disks, here are just a few more of the letters received.

From Ralph G. Hagemann of Automatic Phonograph Co., Peoria, Ill., "I feel that the two minute disk is an operator's dream come true. This is one item that would increase the operator's earning power without increasing the expenses. I also feel that the music operator who would even talk or vote against the two minute disk shouldn't be a music operator. Right now I don't believe that any operator is doing much more than working for the recording companies and the phonograph manufacturers."

From Dave Solomon of Joy Automatics, Elmira, N. Y., comes this letter, "We think that the proposal for two minute records is the best suggestion made in the last five years. As one of the largest operators in up-state New York we wholeheartedly back your suggestion."

From L. B. Marsh of White Amusement Co., Inc., Hutchinson, Kans., comes this note, "Due to the present high cost of records, machines and overhead, we are in favor of two minute records for increasing revenue from our machines."

From James M. Wisnouse of Win- sor, Pa., comes this letter, "It is high time that the leaders of this industry combine their efforts so that the operator may be in a liquid financial position."

And from Bill Barstow of Bill's Music Co., Idaho Falls, Ida., comes this note, "We must have the two minute records, and soon. This is the one and only answer as I see it. The other two operators in this territory wholeheartedly agree with me."

From H. M. Jones, Jones Music Co., Breckenridge, Tex., "I advocated the two minute records as far back as 1939. It is a 'must' now with this high priced equipment."

From K. A. Cormey of Record Music Co., Richmond, Ky., "We are very much in favor of the two minute record. It is the best way to increase our collections with the least customer resistance."

From B. F. Hutchinson, Jr., Lawton Novelty Co., Lawton, Okla., comes this letter, "After sixteen continuous years of coin machine and phonograph operation we feel that the proposed two minute records is the soundest idea that has ever yet been suggested. The record companies and artists will sell just as many and probably more than ever before. In the meantime, it will give the operator one of the first really decent breaks he has had in years. What we need now is speed and more speed in putting this idea into definite action. The Cash Box is definitely on the right track in constantly punctuating at many things that are changing what should be good operations into just poor and average operations."

From L. J. Beilman of Marliew Amusement Co., Cobalt, Conn., comes this note, "'Fog O' My Heart' by The Harmonicats was a 2 minute record and worked out beautifully. The sooner we get more like these, the better."

More and more and more letters, every day in the week, are being received by The Cash Box lauding this publication to the skies, encouraging it to go on ahead with the proposal that there be two minute recordings manufactured.

What is even more impressive, is the fact that record retailers and disc jockeys have also followed out on this proposal and are also agreeing that the two minute disks are the "answer" as far as they are concerned.

It all now rests with the record manufacturers to bring to their customers—the juke box operators and the record retailers as well as the disc jockeys—TWO MINUTE RECORDS.

"THE CASH BOX" IS THE OPERATOR'S MAGAZINE IT IS NOT SOLD ON NEWSSTANDS.
NAMA Show Drew Many Noted Dists and Ops to View New Merchandise Vendors. Ops Report They Are Planning Vending Machine Operations. Await CMI Exhibit Before Placing Orders, They State.

CHICAGO—If the NAMA exhibit at the Palmer House here did any one thing, it convinced a great many now engaged in the coin machine business, that the operators of games as well as automatic phonographs were very much attracted by the new merchandise machines.

It also brought out clearly that every one of the nation’s leading coin machine distributors and jobbers was extremely interested in obtaining franchises to sell the new vending machines.

And, it also brought to the fore, that there was a definite trend back to automatic merchandising. This field has lagged by the wayside while games and phonographs have gone on ahead to capture the coin, as well as the patronage and imagination, of the nation’s millions of peoples.

The automatic merchandisers, which were featured at this second annual NAMA exhibit, brought a crowd of operators who were formerly never interested in this type of operating.

They are, in the great majority, prepared to commit themselves for large orders of machines. The greater number of these operators report, “We are waiting for whatever other vending equipment will be displayed at the CMI convention at the Hotel Sherman.”

There is no doubt that there will be a great many orders placed this year, definitely far and above the capacity of the automatic merchandiser manufacturers to produce, especially with the current steel and materials shortage, once the CMI exhibit is over.

A great many of the merchandise machine manufacturers have frankly stated that they have but “tentative orders” from operators. They expect these orders to become “definite” after the CMI convention.

Others are also going to display at the CMI convention, “For”, as one leading cigarette machine manufacturer stated, “there is no doubt that the operators will place their final orders right on the floor at this show.”

In short, then, with the trend gradually swinging over to the automatic merchandising field, there is a belief current throughout the trade that coinmen should arrange immediately to devote much of their time to this type of equipment.

It is also hoped, by a great many operators, that whatever orders they place will be delivered to them this year. But, no definite promises have been made in this direction by the majority of the manufacturers.

Whatever the trend in 1948, there is no doubt that a large share of the money which coinmen will spend will go toward the purchase of automatic merchandise machines. And, it is also claimed by many, there will be new operations of merchandisers appearing through the nation to stimulate even greater interest from new blood in the vending machine business from coast to coast, bringing to this industry a great many new prospects and, naturally, even further finances.

And that brings up another important factor. The finance companies which have been, in the past, underwriting so many of the other types of equipment, have now swung their interest over to automatic merchandise machines and are proving extremely liberal in the way they are financing large operations of new machines. This, too, has had a very good effect on sales.

It is also noted at the NAMA show that a great many coinmen who attended were willing, even eager, to put cash right on the line for equipment. This surprised many of those coinmen who haven’t been engaged in this division of the industry.

But, with cash available, and with interest high, as well as more and still more operators being attracted to the operation of the new type merchandisers which were shown, there is certainly going to be a hectic year ahead for the vending machine field, according to all reports.

Look to Mfrs. to Present New Products at Lower Prices. Expect Many Surprises in All Types of Machines. Believe Closer Cooperation Between Mfr. and Operator Will be Theme of ’48 Show.

NEW YORK—Perhaps never before in coin machine history have operators looked forward so eagerly to a convention.

The forthcoming exhibit of Coin Machine Industries, Inc. at the Hotel Sherman, Chicago, January 19, 20, 21 and 22, 1948, is sure to attract one of the largest crowds of coinmen in all history.

In the first place, ops are of the belief that they will, at this show, see much new equipment. Another thing, they are also for the belief that this equipment will be much lower in price than what they have been buying and are ready, as some of them state, “to do some real buying at the show,” to bring back collections to new high averages.

What is most impressive, is the fact that the greater majority of the operators, jobbers, distributors as well as operators’ associations from all over the nation, believe that the theme of this 1948 show will be closer cooperation between the operator and the manufacturer.

Many foresee an entirely new era beginning with this show and state that manufacturers, by once again sending their men out on the road, proved that they wanted to more closely cooperate with the operators.

“There is every reason to believe”, one noted association leader reports, “that the manufacturers are going to endeavor to work more closely with the operators beginning 1948 than they ever have before.

“The reason”, he states, “is because the manufacturer realizes that without a financially strong operator in the field his merchandise (and the merchandise of all other manufacturers) just can’t be sold and”, he says, “to make the operator strong, financially and otherwise, the manufacturer must cooperate with him 100 per cent.”

Also impressive, of course, is the fact that a great many of the operators feel that some of the leading manufacturers are withholding their new products for the forthcoming show.

One distrib stated, “The show is almost upon us so what value would there be in a manufacturer announcing a new product now? He might as well wait for the big show before he makes any more announcements of new products and get the complete attention of the big crowds who will attend this showing.”

There has been a definite swing to this forthcoming CMI show by many coinnmen who have a great deal of problems on their minds and believe that they can get these off their chests at the meetings which are scheduled during the convention.

There will also be some private meetings called at this show, it is reported, which were supposed to be called last year. Some of the leading organizations in the field expect their leaders to get together at such meetings and arrange for closer cooperation on a national basis.

It will be most interesting to everyone to attend this forthcoming CMI convention because of all the plans which will be presented and, especially, because of the many new products which are planned for this exhibit.

At the same time this will give the operators an opportunity to meet with the manufacturers whose products they used during the past year.

AMERICA'S ONLY WEEKLY MAGAZINE EXCLUSIVELY DEVOTED TO THE COIN MACHINE INDUSTRY

BIG 3 CONVENTION ISSUES...

Last Call for No. 1
PRE-CONVENTION ISSUE

The issue that tells your story a full week before the Big Show opens in Chicago's Sherman Hotel and also appears in The Cash Box booth the very first day of the show to be distributed to all coin machine men as they enter the exhibition floor. Be sure that your ads and news stories appear in this issue to gain complete attention to your firm right before and at the show. An all-important outstanding issue in which you can tell your story a week before the Big Show (January 19 - 22) and pull them in to see you right at the show.

DATED — JANUARY 17, 1948
CLOSING DAY FOR ALL ADS JUNE 9, 1948

Last Call for No. 2
CONVENTION ISSUE

This is the issue that will be distributed RIGHT AT THE BIG SHOW in the Sherman Hotel, Chicago, January 19, 20, 21 and 22, 1948. This is the issue that was the outstanding sensation of the '47 convention — it will prove an even greater sensation in 1948. And, this is the issue which appears on the second day of the show to once again pull more and bigger interest to you, your firm and your products. This is the issue used by operators, operators’ associations, jobbers, distributors, manufacturers, all the music industry and all the allied fields. Rush your ad for this issue quick.

CLOSING DAY FOR ALL ADS JANUARY 15, 1948

No. 3
POST-CONVENTION ISSUE

Last year The Cash Box "Post-Convention Issue" proved to be the most attractive issue of all time. Not only were there hundreds of pictures of booths and personalities as taken by The Cash Box candid cameramen right at the show and in all the convention rooms, but, it carried the messages which brought real business interest to every advertiser. This is a VERY IMPORTANT ISSUE TO USE. Don't pass this one up — even if you have to go out of your way to MAKE SURE that your ad appears in it. Many a coinman in '47 regretted not using the "Post-Convention Issue". Don't be one of those who will regret it in '48 — SET YOUR AD UP NOW FOR THIS ISSUE!

DATED — JANUARY 31, 1948
CLOSING DAY FOR ALL ADS JANUARY 23, 1948

**THE CASH BOX**

**Record Review**

*Corabella* (2:50)

*The Dum Dot Song* (2:56)

**THE KORN KOBBLERS**

(MGM 10120)

- Zany sounds The Korn Kobblers give out with sets this platter as one music of style and substance to advantage, especially so in tavern stops. With Stan Frits to pull the hypo lyrics. "Corabella" and "The Dum Dot Song", the pair stack up as effective phono material. Top deck is offered in straight hill style, with leads of kicks thrown in. On the flip, the combo weave in double-tongue wodargae to the joyful echoes of "The Dum Dot Song". Both sides are there for the asking — you take it from here.

*Yesterdays* (2:36)

*Valse Bluette* (2:40)

**SAL FRANZELLA QUINTETTE**

(Majestic 1199)

- Pair of instrumental sides by the very capable Sal Frannel, reminiscent of the echo here, with the familiar beat of "Yesterdays" and "Valse Bluette" coming thru in fine style. Sal's notch clary styling grabs the spot on the pair, while a rhythm section backs it with a solid lead throughout. Topside ditty waves in slow styling, with eerie sounds spilling thru. The flip is this famed piece by Driege, which Sal and the boys kick around to a full fore of musical moments that score. Second chorus is picked up a bit, with Sal's clary flourishing throughout. For the quiet spots that really can appreciate this brand.

*My Wild Irish Rose* (2:12)

*Valse Bluette* (2:07)

**JERRY MURAD'S HARMONICATS**

(Universal 25)

- More top notch harmonica wax by the sensational Harmonicats — this time to the metro of "My Wild Irish Rose" and "Valse Bluette". Spilling in fragrant tones of grade-A mouth music, the group display their great talent in pair of excellent manner. Topside waves in slow tempo, and features the grand change effect which phono fans have shown wide taste for. The flip is the well known Driege "Valse Bluette", with the Cats coming thru in fine fashion again. The top deck and "My Wild Irish Rose" for a slew of heavy coin play.

*Pianissimo* (3:03)

*All Dressed Up With A Broken Heart* (3:00)

**ROB HUSTON**

(MGM 10119)

- Pair of highly touted sides by pioneer Rob Houston are these offered here in dulcet tones which may meet ops approval. Titled, "Pianissimo" and "All Dressed Up With A Broken Heart", Rob wails the cute wodargae in light touching tones that show as effective. Both sides should gain attention once they get around. The musical styling of Hugo Wintenalter spices the disk a zillion, and although fans won't go wild, they nonetheless, do make for pleasant listening time.

**DISK O'THE WEEK**

*"I'm Looking Over A Four Leaf Clover"* (2:46)

*"The Big Brass Band From Brazil"* (2:59)

**ART MOONEY ORCH.**

(MGM 10119)

- The fact that this thing is so mad makes it great along long coin play for many a moon, the highly popular Art Mooney crew send a deck that seems a cinch to click with a zillion ops. It's the older "I'm Looking Over A Four Leaf Clover", replete with 1900 vintage. The strains the Mooney crew give with spell money and have jole box tagged all about it. With a vocal ensemble to chant the music wodargae in bounce tempo, and the old oompa thumpthing coming thru — the deck literally shines for a sleigh ride on the boxes. On the flip with more zany wax, the Mooney men give with "The Big Brass Band From Brazil". The Galli Sisters grab the lime here, with the title of the cookie offering the bill of fare. Keep your eyes peeled for more great wax by thisromo — they are that good. It's a four-leaf clover you'll be wearin' by nabbin the topside—but quite!

*"I'll Always Be In Love With You"* (3:02)

*"In A Little Book Shop"* (3:17)

**DINAH SHORE**

(Columbia 38041)

- Tender tones of top tonal treatment by thrush Dinah Shore show with a cookie you'll want to grab up. It's Dinah vocalizing with plush plus treatment to the velvet strains of this thing dug up from yesteryear, with the title "I'll Always Be In Love With You", lending the wax story. Orchestral support builds the plate to a fore with a host of strings and reeds spilling the needling. On the flip with the rapidly rising favorite "In A Little Book Shop", chirp Dinah pitches pipes in soft, warm phrases once again, to come up with another attractive pan-cake. Both sides are a cinch to cliuch with her many phono fans — hop to it!

**FIGURES SHOWN FOLLOWING SONG TITLES ILLUSTRATE PLAYING TIME OF RECORD.**

*"That's The Way He Does It"* (2:56)

*"Why Should We Both Be Lonely"* (2:50)

**DORIS DAY**

(Columbia 38037)

- This cookie has it branded right from the start as a must item in your ma-nes. Chirp Doris Day gives forth with loads of shine and brilliance on this highly touted tease piece titled "That's The Way He Does It", to blossom forth with a ditty that just is sure fire. You'll go for the gal's mellow tones as she picks 'em up and lays 'em down with lyrics replete. On the flip, the lassie switches to the subdued manner to offer "Why Should We Both Be Lonely"; more romance music for the kids that love to snuggle up close. The Lou Bring ork fill in the background with the stuff that adds up to a long chain of coin play for this platter.

*"Beg Your Pardon"* (3:15)

*"The Dream Peddler"* (3:05)

**FRANKIE CARLE O.**

(Columbia 38036)

- Shades of Francis Craig and "Near You"; that's with this hunk of wax. Frankie Carle at the keyboard to give with "Beg Your Pardon" and another Carle cutie coming right at you. With chimp Marjorie Hughes to wait the wodargae in bounce tempo, the platter stacks up as one that should gain a load of favor. The gal's pipes ring true through- out, while the Carle crew fill in music hard to beat. On the flip for the roman- ticism wodargae of "The Dream Peddler", it's balladeer Gregg Lawrence to spell the meanful wodargae. Both sides shape as mellow music for the many Carle fans.

*"Louise"* (2:40)

*"When I Dream Of You"* (2:44)

**EARL "FATHA" HINES ORCH.**

(Sunrise 2014)

- The old master at it again, with the familiar tunes of "Louise" ringing true to form. It's Earl "Fatha" Hines blooming to the top with this fragile tender piece offered in musical styling that counts. The rhythm offered is hard to beat, and ops that have the spots that go for this stuff are bound to cash in heavily. The flip shows with balladeer Johnny Hartman displaying his pipes, and the way the tonal pitch comes out, it makes you wanna sit up and take notice. Vocal work here is nothing short of smash, with the copid wodargae resound- ing full of coin. Get next to this cookie but pronto — it is that good!
**THE CASH BOX**

**Sleepers of the Week**

- "True" (3:00)
- "Now Is The Hour" (2:56)

**EDDY HOWARD ORCH.**

**(Majestic 1190)**

- King of 'em all and there's no doubt about it. Eddy Howard with another clicker for the nation's phonos; this time with this delicate piece tagged "True." Eddy's delicate tonals spill the plush wording of Howard's usual brisker style. The listener and dance crowd alike, on the flip for the highly touted "Now Is The Hour," it's Eddy wafting some more smoothstuff ably backed by a vocal combo. Ops should remember the familiar note this side pluggers — given an earing on this Howard rendition and they are sure to remember it as a coin killer. Both sides for some heavy Howard coin — we're sure you'll agree.

**The Things You Left In My Heart** (2:57)

- "All Dressed Up With A Broken Heart" (2:50)

**JOHN LAURENZ**

**(Mercury 5093)**

- Heavy balladising from the tonals of piper John Laurenz sparks on this pair that may set right with your phonos fans. Titled "The Things You Left In My Heart" and "All Dressed Up With A Broken Heart," John weaves in adequate fashion to set the stage on this duo. Top deck flourishes with an Italian chorus is based upon the famed "Dirigo Serenade" gets a fair sendoff. The flip, more heart-string material is highlighted by some wonderful instrumental work under the direction of orchster Dick Maltby. Both sides show as folders and may find that extra spot on your machine.

**FIGURES SHOWN FOLLOWING SONG TITLES, INDICATE PLAYING TIME OF RECORD.**

- "I'll Never Make The Same Mistake Again" (2:49)
- "True" (2:40)

**BILLY ECKSTINE**

**(MGM 10123)**

- The finished tones of balladeer Billy Eckstine spills here on this heavy piece of wax, bound to make many of your phonos fans sit up and take notice. Titled, "I'll Never Make The Same Mistake Again," Billy displays his full rich tonals behind some superb musical accompaniment under the direction of Hugo Winterhalter. Reaching a beautiful crescendo, the slow pacing coupled with Billy's fine vocal styling labels this another Eckstine must. On the flip with a ditty you are bound to hearing loads of in the near future, Billy joins the Quartet to render the tender, free and easy wardrobe of "True". Both sides get a smash send-off by maestro Hugo and are musts in your phone.

---

"Let's Be Sweethearts Again" (2:58)

- "Mary Lou" (2:47)

**BLUE BARRON ORCH.**

**(MGM 10121)**

- Pair of sides by the highly popular Blue Barron ork spill here in the light vein, and aimed at those many spots that go for this brand, they are bound to win wide attention. Titled "Let's Be Sweethearts Again" and the oldie "Mary Lou", Blue and his boys show with loads of luster and sparkle plenty on this duo. Top deck has Charlie Fisher and the Ensemble, blending tones on this current rave fave cookie. On the flip, piper Clyde Burke to the fore to wall the tight lyrics to "Mary Lou". Repeating theme skit for floor, with the ork filling in with notes that count. If you have the spots — this pair should do it.

"There's No Sweeter Word Than Sweetheart" (3:02)

**DICK FARMER**

**(Majestic 1181)**

- Pair of flavorful — favorable sides by piper Dick Farmer show here as a bit of wax which might do well to look into. Offering the heavy wording for "There's No Sweeter Word Than Sweetheart" on the topside, Dick displays fine vocal treatment, with the emphasis on the title sneaking thru all the way. The musical backdrop furnished by Paul Baron and his lads hypers the disk immensely as loads of beautiful rhythm float down. On the flip for the flip, Dick spills the wax message in both Portuguese and English, with the title acting as the lead here. Ops that have room for some mighty fine filler material, would do well to lend an ear in this direction.

---

**Gonna Get A Girl** (2:50)

**"Boulevard of Memories" (2:53)**

**BILL MILLNER ORCH.**

**-(United Artist 705)**

- Pair of sides which ops might look into as they offered in fairly pleasing style by the Bill Millner ork. Labeled "Gonna Get A Girl" and "Boulevard of Memories," Bill shows piper Van Charles and The Meltones to the fore for the hypo lyrics. Top deck, currently getting plenty of play on the phonos throughout the nation may grab that extra treat on your machines. Backing, "Boulevard of Memories" should come in for some heavy play, if those fans who went for this piece awhile ago would like to reminisce. You know your route better than we do — take it from here.

**Music From Beyond The Moon** (3:00)

**Song Of New Orleans** (3:04)

**JACK FINA O.**

**-(MGM 10122)**

- The tricky piano giving of maestro Jack Fina echo here on a pair of brilliantly fashioned sides labeled "Music From Beyond The Moon" and "Song Of New Orleans." Jack takes the lead on the 68's with piper Harry Prime filling in with the vocal chorus on the duo. Both sides float in rhythmic splendor, coupled with some choice vocal music by the band. Piper Prime's vocal styling on the pair shows as effective and blends well with the highly sugar coated music the boys give forth with. Especially suited for spots that feature wired music — this pair is sure to increase your phone play.

**Contrasts** (3:00)

**Embraceable You** (2:54)

**JIMMY DORSEY ORCH.**

**-(Decca 25194)**

- Re-issue Deca deck with the oldie theme by the Jimmy Dorsey crew and the label "Contrasts" on the market. Bound to appease and please the many lingering Deca fans, this cookie should meet with the approval of those phonos fans anxiously awaiting more material in the old manner. On the flip for the formerly titled "Embraceable You," it's prima donna thussen Helen O'Connell spilling the ever lovin' wordage. Both sides should definitely set well with the Dorsey boys — the stuff is here warrants for a realm of coin.

---

"Until You Say You're Mine" (2:25)

"Dottie" (2:38)

**TEACHO WILTSIRHE**

**-(Apollo 1089)**

- Soft spoken tones of piper Teacho Wiltsirhe spill here with the metro of "Until You Say You're Mine" and "Dottie" bounding thru. You'll go for the choir boys' styling. On the flip, the top deck wearin' in slow tempo behind some favorable musical background by the Hen Miller ork. Backing shows the piper in slightly over emphasized tones on "Dottie," a sugar coated piece weaving around the title. Both sides make for favorable listenin' time and should get a huge send-off in the many tavern spots.

In recent weeks, we've been blowing our horn about the use and production of tainted disks. Since then, many situations have come to light directly concerning every music operator, record manufacturer, music publisher, and the artists themselves. Many in the trade have taken the stand that the music op is at fault, since it is claimed, they are responsible for the disk getting into the juke boxes. We'd like to shed a little light on the matter — to wit: The juke box operator, as a matter of course, caters to the likes and dislikes of his phonograph customers. His sole responsibility lies directly with them, and he must, in order to stay in business give them whatever they desire. Several record manufacturers have openly stated that they, as a matter of policy, would not issue or produce any off-color records. They stated that the issuance of tainted records not only injures the juke box industry, but also places the manufacturer in a poor light. The records stem from the manufacturer, the publisher and the artist. Evidently it is their wish that they be associated with off-color records, and in so doing, possibly tear down any educational or moral codes in existence. It is well to note that there are many areas where this type of recording has the official sanction of the city government. Nevertheless, there are many localities in the nation in which records are sneered upon. Let's have a little cooperation and work for the betterment of the entire industry — huh?

That nation-wide tour all set for Illinois Jacquet and Ella Fitzgerald should prove a real handliner. Both are currently at the top of their individual careers. . . . Hats off to Pee Wee Alexander and Dubonnet Music for their wonderful contribution to the Damon Runyon Memorial Cancer Fund . . . Who's the most famous character in this biz? None other than "Popsie", the genial photo mark. Ya can't walk two feet with Popsie, without having someone say hello. . . . Vaughn Monroe actually using a few "Ballerina" twirling under a subdued spot on stage at the RKO Keith, Boston. . . . Dig Stan Kenton and his lads replete with ascots and pearl stickpins. . . . Buddy Clark swinging along with his rendition of "I'll Dance At Your Wedding". . . .

We marvel at all that coin supposedly being poured into disc jockey promotion. Ask the artists and they'll surprised (7?) tell you that a juke box operator buys more records than a disc jockey. . . . Will Sam Donahue be investigated by the congressional committee for his sensational popularity via "Red Wing"? . . . Thank a million to Mindy Carson for her wonderful note. We sincerely believe you've got "IT" Mindy; let's see more platters like "Pianissimo". . . . Dear Mel Torme: Sorry we couldn't quite make it to your very successful opening at the Commodore. Somebody slipped up. . . . The many studios who were so ultra, ultra, busy right down to the wire on December 31. Guess the venetian blind manufacturers have the gravy now.

That's 30 for 1947. Thanks again to the many swell, wonderful guys and gals in this biz for the good wishes this past year and their top cooperation. Let's drink to '48 and a happier, brighter, and more successful year. HAPPY NEW YEAR!
The Cash Box, Automatic Music Section

Jock-Juke Team Up With “The Cash Box”

WASHINGTON, D. C.—Prime example of disc jockey — juke box operator cooperation is the example Hirsch De LaViez (left) and Eddie Gallaher have set in recent weeks.

Hirsch, president of the Hirsch Coin Machine Corp., this city, got together with Eddie to sponsor a “juke box record of the week”. Hirsch and Eddie select the most outstanding record of the week and feature it throughout Washington in the number one spot of the city’s many juke boxes. Title strips are distributed free to all juke box operators for their use in displaying the record.

Eddie, featured disc jockey on radio station WTOP, CBS, regularly uses The Cash Box music charts and listings as a featured spot on his widely popular air show.

Caught peering through The Cash Box, Hirsch and Eddie team up for the platter spinners nightly wax session.

Please mention THE CASH BOX when answering ads—it proves you’re a real coin machine man!
JUKE BOX OPS SAY:

BIG YEAR AHEAD

Believe Drive by Music Ops to Get a Better Share of Gross Intake Plus Closer Cooperation by Phono and Disk Manufacturers Assures All Big Year Ahead.

NEW YORK—From everywhere in the nation come reports from juke box operators, large and small, as well as heads of operators’ associations and many noted juke box leaders, that 1948 promises to be “a big year”.

But, almost every one of these men puts an “if” on the end of his report. For example, one noted juke box operator states, “1948 can be the biggest year in juke box history — if — all the operators will cooperate to arrange for a better share of the gross intake of their machines and the manufacturers of automatic phonographs and records work as closely with us as they have this latter part of ’47.”

Another well known juke box operator reported, “The operators everywhere in the country now realize that they must arrange for a better commission basis as you at The Cash Box have been pointing out for some years. They also know that a great share of their big overhead expense problem is in supplies; such as records, tubes, needles, etc. and that they must, therefore, work more closely with the manufacturers of these products to assure themselves the lowest overhead expense in this direction.”

“At the same time”, he continues, “we need new phonographs. Not only to stem whatever new competition we may have, but, to also revive locations that may have fallen down on take. To do this we must have closer cooperation of the manufacturers of the juke boxes themselves and, I believe”, he claims, “that the manufacturers are going to give us this consideration beginning in 1948 by making it possible for us to buy their products at a more reasonable price when we arrange for trade-ins of our used equipment. It looks to me that, all things considered, we are in for a very good year in 1948.”

One well known operator had this to report, “We have arranged to work on a more equitable basis with our location owners following the ideas which you have presented. In the greater majority of our spots we showed your double-page spread proving that the operators aren’t enjoying any profits. This helped us and we arranged to take off the overhead expense first, both ours and the location’s, and then split on a more equitable basis. We now hope that the record manufacturers will work with us by producing two minute records which, with this new agreement we have with our locations, means that we shall begin to see some real profits at long last.

“Another thing, we have worked out a plan here with one of the phono distributors who has given us a good price, plus a good payment plan, and we believe that all these things considered we have every opportunity to enjoy a very fine year in 1948.”

There is no longer any doubt that the nation’s juke box ops will look to 1948 as one of the “good” years in their business if they will continue to hammer home the plans which have been presented for a better share of the gross income from their equipment and will also work closely with the manufacturers of records, supplies and phonographs to help bring about a better price arrangement so that all can profit.

As one noted association leader said, “1947 was a year of many changes. The average op realized that he could not continue going on as he had in the past. He saw nothing but losses ahead. He therefore went right to work and arranged to get a better share of the intake from his machines. And, in a great many cases, and where he didn’t do that, he helped set up a plan whereby he could work on a profit basis with his locations, even if he continued on a 50-50 basis.

“In addition to that”, he continued, “he also had to get himself ‘set’ on his locations and arranged for location contracts and other methods which, more or less, assured him that he would be able to retain his locations.

“Now, with the idea like two minute records, and the plan to first remove overhead and then split the difference in the cash box, he has a chance to come out ahead with some profit in 1948.

“According to all conclusions, 1948 should be a very good year for the juke box business.”

Rollin' Round Randolph

CHICAGO—Drowned in at the College Inn at the Sherman Hotel to see Dick Jockey Marty. Hoggas inaugurate his new disk show "Celebrity Train". Practically every big name artist in Chicago dropped in during the evening to wish Marty well in his new show. Lloyd Garrett and Jack Budy of Vitavox Records were honored by Marty, who presented the "Cash Box Oscar" to the boys for producing the best record for 1947. It was quite a shindig; long to be remembered by all who attended...

Jack Owens doing a terrific job at the Oriental Theatre. Dick Bradley of Tower Records and the cast of the famed breakfast club all congratulating Jack on his swell performance... Big doings planned for the "Oscar" presentation to the Harmonicats this week. The boys are currently appearing at the Oriental Theatre... The Zany Ritz Bros. wowing em at the Chicago Theatre...

Things are looking up a bit in local Cafe circles. Victor Borge opened at the Mayfair Room this past week to a very enthusiastic audience; while throngs were turning out in large numbers to see and hear Phil Regan at the Empire Room at the Palmer House. Murray Arnold and his swing Orch handling the music at the Empire Room... Art Kassel opened at the Blackhawk this past week... MusArt Booking offices, the main topic of Randolph St., with six bands set in key spots all with network tieups... Paul Flynn leaves Crawford Music here to take up managerial duties with his old friend Jack Owens... Orch leaders Jimmy Palmer at the Martinique and Wayne Gregg at the O'Henry Ballroom frantically searching for hotel rooms due to the furniture convention. It's rough in town these days...

Eddy Hanson organist at WCFL walking on air since he learned that Bourne Music has taken over his song "The Answer to my prayer is you"... George Olson doing a swell job over at the Edgewater Beach Hotel; can stay as long as he likes in his present spot we hear... Stiltch Henderson and Dorothy Shay playing to standing room only since their opening at the Boulevard Room at the Stevens... Jessie Stool leaves the Wind City for Hollywood this month to take over same duties for Harms... T. B. Harms, Laurel Music, which is the new Perry Como firm and Campbell Porgie rumored to open offices here in a month or two... Saxie Dowell's record of his oldie "Playmates" being heard all over the place via Disk Jockeys, live broadcasts and Juke boxes. Looks like it's moving... A number of the New York Music boys planning on visiting Chicago this week include, Jack Spatz of R.V.C., Abe Glasser of Burke and Van Hogen, and Jack Lee of Melrose Music... Jerry Gildden of the Glass Hat sporting a new gal singer, Kay Eastman, one of the prettiest thrushes to hit town in many a moon... Joe Sudy, one of Chicago's favorites is skedded to return to the Manhattan Walnut Room with his Orch in early February... "Thoughtless" a new Leo Paist tune is clicking big with the Cleveland ops according to a report from Jack Cohen... Teddy Phillips and Orch follow Leighton Noble into the Aragon shortly... "We hear that Nellie Lafollette is wowing em over at the College Inn..."
NEW TUNES TO GET BIG PLAY

NEW YORK—Reports being received from music operators throughout the nation vigorously point to the fact that the trend in music is — swinging to a host of new tunes being readied for 1948.

Music operators emphatically stated that the latest release of recorded material in the latter part of 1947 has brought them a decided increase in revenue.

One well noted music operator stated, "I find that my customers continue to ask me for the latest recorded songs and have switched from the large array of standards and oldies which gained wide popularity during 1947.

"It certainly is a stimulating bit of evidence, in my estimation, to find that phonograph patrons are avidly interested in hearing new material constantly.

"If the recording companies do as well throughout this coming year, as they did during the closing months of 1947, I'm quite sure that '48 will be a prosperous year — for music operators as well as for the record manufacturers and the artists."

Another operator stated, "Look at the music charts in The Cash Box, and they will show you that the most active songs are material that has only recently been released. I find that many of my customers no longer ask for a recording by a particular artist, but more-so request the song itself."

A great majority of the music operators queried, showed sincere enthusiasm for two-minute records and many viewed the new, tremendous market with great optimism.

"Not only do two-minute disks pave the way for greater revenue", said one large op, "but they also allow the artist the full and just representation he deserves in a juke box."

The music operator was referring to the great many recordings which are cut off in so many juke boxes because of their long playing time.

(Editors Note: The tone-arm in an automatic phonograph allows for a maximum amount of playing time on any recording — the playing time and cut-off of the tone arm depending upon the amount of "lines or black" in a recording.)

Recording executives themselves view the coming season with great optimism. A well known figure in the industry, who also is allied with several motion picture organizations stated, "1948 will, by far, see more new tunes than ever before. Song writers throughout the nation have been working and will continue to work at a feverish pitch; feeding record companies with loads of brand new songs.

"A great many tunes, which the public will not hear until possibly the summer of this year, are already basic portions of coming motion pictures."

"Many pictures made as far back as the summer of 1947, are just ready for release now. The record companies have the songs recorded and assigned to artists and only await the release of the picture for their general issue to the public."

Music ops also point to the surprising number of "novelty" tunes which continue to grow increasingly popular. Many believe that novelty songs will "outlast" the flook of forthcoming ballads, as evidenced in 1947 by "Smoke, Smoke, Smoke", "Tim-Tayshun" and the current "Too Fat Polka".

Also of important note is the wide use of automatic music in factory installations. The recent report by the American Psychological Association vividly pointed out the tremendous role that automatic music has played in boosting factory production.

The report shows that a great majority of listeners constantly requested a change in recorded material, which was piped to them via speaker and public address systems.

This mode of music transmission, while actually performing a job in the sense of material values to the factory itself, also continued to give recording artists and record manufacturers greater promotion and sales volume.

Sales executives can readily see the importance of a recorded song when it plays to such vast audiences, often numbering in the thousands.

All indications point to more new songs in 1948.

As one music operator so ably put it, "The public definitely wants something new. Our business is catering to the demands of the public. The swing is decidedly toward new tunes."

"THE CASH BOX" IS THE OPERATOR'S MAGAZINE IT IS NOT SOLD ON NEWSSTANDS.
"Who's That Blonde"
"No More Records"
ART GIBSON ORCH.
(Mercury 6075)

Bright side of the week for folk spots is this honk of wax by the Art Gibson orch. titled "Who's That Blonde". Art and the boys show with loads of splendor in this side, tailor made for those hill locations. Wordage weaves around the title, with the instrumental work offered shining in bright styling. On the flip with a double-take on the current recording ban, the gang come thru with "No More Records." Altho the lyrics miss the boat, the stuff nevertheless makes for pleasant listening time. Get next to "Who's That Blonde".

"Talk of Peace"
"Ole Mother Nature"
LONNIE GLOSSON
(Mercury 6074)

Pair of sides which might meet with phone ops approval are these offered by the popular Lonnie Glosson Railroad Playboys. Labeled, "Talk Of Peace" and "Ole Mother Nature", the pair stack up as excellent filler items for your machine. Top deck a choice story, while the flip shows with Lonnie and the band chanting in splendid. Popularity of Glosson is bound to account for a load of coinage on this duo.

"Next Sunday, Darling Is My Birthday"
"Where The Old Red River Flows"
CLYDE MOODY
(King 671)

More mellow music from the coffers of popular Clyde Moody, with the pair showing as must items for your phone. Clyde picks 'em up for the toposide titled "Next Sunday, Darling Is My Birthday" in fine mood, with the lyrics ringing true all the way. On the flip for "Where The Old Red River Flows", Clyde makes easy vocalizing in pleasant mood. Both sides shape up as coin culers.

"I'm Not Surprised"
"I'm Gonna Change Things"
HANK PENNY
(King 672)

Always a name in juke boxes, Hank Penny shows with a pair that seem destined to catch the ear here. Offering "I'm Not Surprised" and "I'm Gonna Change Things", Hank and his crew display their wares in top manner, with the top deck getting the call to glory. Instrumental work shines brightly with the metro well suited to the dance crowd. Get next to this platter — pronto!

More than 300 radio stations from coast to coast wrote King Records in Cincinnati for copies of the special Holiday Greeting Disc prepared by the platter’s promotion department. The disc bore personal greetings from seven leading King artists including Bill Carlisle, Grandpa Jones, Cowboy Copas, the Delmore Brothers, Hank Penny, the York Brothers and Jack Perry and the Lightcrust Doughboys. The record also carried greeting on behalf of the King officers, Syd Nathan and Bob Ellis.

Latest reports received point to a gala year for the Capitol Americana gang. In its first year of operation, the Americana label gained wide recognition and ably proved the Capitol disheir’s point in assembling the bulk of their folk and western talent on one label. Of course, Tex Williams’ “Smoke, Smoke, Smoke” out-shadowed all other works on the label, but we understand that fellows like Merle Travis, Tex Ritter, Cliffie Stone and many others also accounted for a raft of sales. Nice going guys ‘n gals—let’s see more in ’48.

Randy Blake, major domo at WJOJ’s “Supertime Frolic” has already sold 5,000 copies of his first release on Gold Seal Records ... Western Aces now heard on WTHA, Chester, Pa., Ch. 7, have been generally well received for their disk, “Ellie on the Porch.” Cliffie Strickland signed for a long term recording pact with Super-Disc Records ... Billy’s guest shot on WFIL “Hayloft Hoe-Down” really tore the house down ... Have you caught Rosalie Allen’s latest Victor click disk “Never Trust A Man?” ... The sensational popularity of Eddy Arnold has caused those doubting Thomases’ to gaze in amazement. Eddy’s consistency as a name attraction in the folk and western field actually amazed a host of people this past year. His Victor platters to date have sold all others for combined sales. The continuing popularity of Eddy via his recording of “If I Hold You In My Heart” is another item to note. This record has been a must on phonographs throughout the nation for well over three months now. Add to that Eddy’s heavy box office following and you’ve got something. Rankings right along with Eddy this year, was Ernest Tubbs, Roy Acuff, Hank Penny, Cliffie Stone, Tex Williams, Al Dexter and many others too numerous to mention.

One of the more outstanding men in the folk and western field this year was a fellow well known to recording artists and music men throughout the nation. Vaughn Horton, also known for penning “Choo Choo Ch’Bougie”, has worked with so many folk and western stars, that he can’t even remember half of them. Vaughn has been kept quite busy lately with his duties at half a dozen studios. In between brotherings, he knocks out one of the finest steel guitars this side of heaven. And then again he somehow manages to find time to pen some hot novelty tunes currently grabbing a ton of coin on thousands of juke boxes across the nation.

While recovering from an appendectomy, Cliffie Stone, star, received more than 2,500 messages of cheer from his fans in two weeks. Clyde resumes his regular schedule of radio shows on January 15th ... Eero Hankins has returned from a series of personal appearances in Alabama and Georgia. During his two-month trip, he played a date at the Warm Springs Foundation Hospital at Warm Springs, Ga. Hankins has shows over two Knoxville, Tenn. radio stations — WROL and WBKB. He plans a second disk containing new compositions, scheduled for publication early in 1948.

ARTISTS AUTOMATICALLY RELEASED FROM CONTRACTS AS DISK BAN STARTS

Petrillo Firm in 'Never-Ever' Statements; Diskers Say Two Year Supply Of Records On Hand

NEW YORK—As 1948 rung in with tumultuous celebrations throughout the nation, recording companies across the land likewise had an occasion at hand. Although there was not any cause for celebration; the diskeries officially had ceased recording activities — "for all time" according to James C. Pettrillo, president of the American Federation of Musicians.

Mr. Pettrillo, recently queried as to whether any reconciliation measures might be worked out between the recording companies and the union stated that "Never, Ever will an AFM member record."

Along with the eventful recording ban, major diskers were faced with the possibility of losing their highly promoted talent rosters. Executives of the AFM told The Cash Box, "A clause of the standard contract the AFM had with the recording companies provided that the union members were free from any contractual ties in the event of a strike, recording ban or other work stoppage."

This means that any artist is free to contract any label switch he might have in mind, the new contract not to have any official sanction until the present recording ban had become settled. Trade circles state that the likelihood of the platteries losing their talent is negligible, since any artist who might possibly switch to another label would undoubtedly have his records lifted from the record market.

Meanwhile, most diskers stated that they would have a supply of records on hand to last them well over two years. The recent statement by Mr. Pettrillo, to the effect that the diskery's would have to continue to pay royalties to the union so long as any masters were in circulation, brought vehement protest in disker's quarters. Record executives boldly stated that if Mr. Pettrillo sought to receive continue royalty payments, this set would constitute an infraction of the Taft-Hartley Law, which specifically prohibits such payment.

Music operators, nevertheless, were assured that record shipments would continue and that they would become prime factors in record exploitation.

"Get A Pin-Up Girl!"

NEWARK, N. J.—Think being a disc jockey is an easy task—eh? Get a gander at all the hard work jockey Paul Brenner, WAAT, entails as he selects one of the many recordings currently out on "Pin Up Girl", a ditty music op throughout the nation will soon be featuring. Adding loads of glamour to Paul's job are beautiful Walter Thornton models Gloria Whalen and Louise Hyde, two of the many Thornton gals who inspired the tune.

John Hammond Named Mercury Records Official To Head Classical Dept.

CHICAGO—Irving Green, president of Mercury Record Corporation, announced this week that John Hammond has been appointed a vice-president in charge of the classical catalogue, and recording for Mercury.

The Hammond appointment comes on the heels of the recent joint announcement by the two companies that they had completed arrangements for the production and distribution of the vast library of classical records obtained by Keynote under its exclusive rights arrangement with the Gramophone Industries of Czechoslovakia.

"First releases from the Czech catalogue", said Hammond, "will be ready by February 1st and will consist of outstanding European symphonic, concerto, and chamber music performances. Our present production schedules at the Mercury factory call for from four to five classical releases each month, with every monthly release designed to fill the needs of the general classical buyer in search of the finest performances of standard repertoire and also the experienced record collector anxious to obtain the world-famed European recordings unheard until now in this country."

The alignment of the Keynote and Mercury platteries would have no effect upon the present status of Keynote it was learned. Keynote will continue to specialize in the jazz and classical fields.

Thus Mercury Records, who for some time has been expanding their large artist and repertoire listings have entered into the classical field in recordings, solidifying their position as a name plattery. Record men point to the smash success the plattery has had with such names as Frankie Laine and Vic Damone, as indicative of the plattery's future.

Welk Visits With Phono Op

DES MOINES, IA.—Orkster Lawrence Welk, popular Decca Records artist dropped in to chat with phone operator Joe Epstein while visiting with Herman Paster of Faster Dist. Co., this city. Welk and Epstein got together to admire the new Wurlitzer model 1100 phonograph, with maestro Welk remarking that the new Cobra tone arm certainly will allow for loads of extra plays on his recordings.

Signature Records Adds Two Dists

NEW YORK — Two new distributors were welcomed into the SIGNATURE sales organization this week when Mar- nel Distributors of Philadelphia and Chord Distributors of Chicago were added to the growing list of wholesale outlets.

Marel, headed by Martin and Nelson Verbit, will handle Signature Records exclusively in the Philadelphia, Southern New Jersey, and Eastern Pennsylvania areas, while Chord, headed by Monroe Passis, will work exclusively in the Chicago, Northern Illinois, and Western Indiana areas.

Musicraft Names Frank Flack and Ad Chief

NEW YORK—Jack Meyerson, president of Musicraft Records Inc., announced the appointment of Marvin Frank to the post of publicity and advertising director of the plattery.

Mr. Frank succeeds Daniel P. Edelman, now associated with WHHH as promotion manager.

Columbia Records Names Frank White Pres.; Wallerstein To Board Chairman

NEW YORK—Columbia Records Inc., announced the appointment of Edward Wallerstein, president of the plattery to the post of Chairman of the Board, this past week. Mr. Wallerstein, who will continue as chief executive officer, will be succeeded as President by Frank K. White.

Mr. White is now vice-president and treasurer of Columbia Broadcasting System, Inc., with which he became associated as Treasurer in 1937. He is also vice-president and director of Columbia Records Inc., a director of Broadcast Music, Inc., Trustee and Treasurer of the New York Housing Trust and a trustee of the Rye Country Day School.

Both Mr. Wallerstein and Mr. White will continue as directors of Columbia Broadcasting System, Inc.

Diskeries Prepare For Convention; To Hypo Music Ops

NEW YORK—Platteries throughout the nation, along with music publishers and recording artists were rapidly making plans for the forthcoming CMI Convention, to be held in the Sherman Hotel, Chicago, January 19 thru 22.

The majority of the platteries contacted pointed to a raft of surprises in store for the huge throng of music ops expected to attend. CMI officials predicted this past week that the attendance would far outnumber all other conventions, with display booths, hotel rooms and banquet reservations far above last year’s records.

Altho many distriers could not obtain display booth space, they stated that they would exhibit from private suites. Many artist relations chiefs were at this date planning schedules so as to assure their company’s representation with name stars at the show.

Music publishers pointed to the many new innovations recently introduced by coinmen on the coast, that would enable them to expedite sales of sheet music and stated that the CMI Show would not only give them an opportunity to view the many new machines, but it would also enable them to contact music operators in large numbers.

Artists themselves have already indicated their desire to appear at the CMI show. Many are making plans to be on hand for the gala annual banquet and dinner, the closing of the program each year.

Railroad officials have disclosed to The Cash Box that a “convention special” is being made up, and asked all members of the industry to make their reservations early to insure space.

70 Top Platters Reissued By Victor

NEW YORK—RCA Victor is reissuing 70 of its outstanding past hits to the catalogue in response to the exceptional demand for re-issues of popular recordings which have not been available since before the war. Additional popular catalogue reissues will be made next year, says J. L. Hallstrom, General Merchandise Manager for the RCA Victor Record Dept.

Indicative of the public interest was the immediate acceptance this fall of album re-issues “Glenn Miller Masterpieces Vol. II” and “Let’s Dance” with Benny Goodman, featuring selections made famous at least ten years ago by both bands. With the trend for re-issues spotlighting these old favorites, a vast treasury of outstanding dance and vocal selections which have made popular music history is once more available. These include early hits by many of the most famous bands and singers who are still top draws today.

Among the musical aggregations represented on RCA Victor discs with labels stamped “Re-issued by Request” are Tommy Dorsey, Larry Clinton, Eddy Vallee, Benny Goodman, Coleen Hawkins, “Pats” Waller, Abe Lyman, Hal Kemp, Waring’s Pennsylvanians, Bunny Berigan, Shep Fields, Charlie Barnet and Jan Savitt, Coon-Sanders Orchestra, Vincent Lopez, Jan Garber, Don Bestor, Bob Chester, Guy Lombardo, Johnny Hodges, Billy Daniels, Tony Pastor, Spike Jones and Earl Hines.

Initial shipments on the singles rolled December 15th, with the remainder to be spread over a January and February period.

The First Definite Hit of 1948!

“JUNGLE FANTASY”

RAINBOW No. 10050
RAINBOW RECORDS
156 WEST 44TH STREET
NEW YORK, N. Y.
NEW YORK—Leading operators throughout the country are being attracted to the forthcoming convention of Coin Machine Industries, Inc., at the Hotel Sherman, Chicago, January 19, 20, 21 and 22, 1948, because of the great displays of automatic merchandise machines which will be exhibited by outstanding manufacturers.

Many of these manufacturers, it is reported, did not exhibit at the past NAMA convention. They are concentrating all their efforts here, it is stated, and they further report that they expect the CMI convention to be "the big merchandise machine buying show".

It is also noted that some of the vending machine manufacturers and dealers who displayed their wares at the NAMA show are also going to have displays at the forthcoming CMI convention. These men, too, are of the belief, it is said, that they will do the major share of actual business at this meet.

As is also now recognized throughout the trade, many manufacturers who formerly confined themselves to games and other coin operated equipment, are also going to display merchandise machines. These, too, have attracted much attention from operators and many are coming to the CMI convention to see what these factories will display.

Suppliers of candies, soft drinks, etc., will also display at the CMI show and believe, they claim, that they will get their greatest audience at this convention.

It is expected that, just as happened last year, there will be over 5,000 coin-men registered the very first day of the show. In fact, CMI is preparing to start handling all registration on the Sunday prior to the opening of the meet, and believes that the Sunday registration will also smash all former records with the big crowds coming into the large exhibition halls on Monday and Tuesday, Wednesday and Thursday of the CMI meet is expected to also set records up and above what took place last year when the crowds were so great that many simply couldn't move around the floor.

What is most outstanding, of course, as far as the automatic merchandising machine industry is concerned, is the fact that so many automatic merchandisers and so many music and games operators, who intend to enter into the automatic merchandising machine business, are planning to be present at the CMI convention.

There is a belief current throughout the trade that more than 50% of those who will attend this forthcoming CMI convention will be interested in the automatic merchandisers which will be on display.

It is known that a great many more displays of vending machines than were originally believed would appear at the CMI convention have already been registered.

What is most interesting is the fact that many of the leading music and games manufacturers will also show service and merchandisers and did not list those when they took their display booths.

Some of the automatic merchandiser factories that couldn't get display space in the convention halls report that they will have displays in suites of rooms about town. Most of them hope to be near the Hotel Sherman so that the coin-men will be able to get to them without any hardship.

These latter are already running into a large number and, some believe, that many of the operators will be torn from continuing to look over machines in the exhibit floor as well as see what is being displayed in suites of rooms about the town.

For example, one manufacturer who wasn't able to obtain booth space at the CMI convention, reports that he intends to have a large suite at one of the nearby hotels and will make a very complete showing of his products, featuring food and drink and entertainment for all who will call around to see him.

Generally, it is believed that the swing to automatic merchandising, which was so apparent at the NAMA convention, may become even more definite at the CMI show.

General Vending Sales Corp. Appointed Distributors For Rock-Ola In Baltimore

the acquisition of the Rock-Ola line, and assured all music operators that they will give them the usual top-notch service that is a general policy of the firm. "We are proud to be connected with the Rock-Ola Manufacturing Corporation" stated Blumenfeld, "whose new 'Magic-Glo' is definitely the most outstanding phonograph in the industry.

In announcing the appointment, Weinand stated "We have known of the many fine things done in the Baltimore territory by General Vending Sales, and have every confidence that these three aggressive men will cover their territory most effectively, and show a real fine sales record."

Baltimore Sets High Tax On Pins; One-Balls And Consoles

State Tax Expected To Be Increased

BALTIMORE, MD.—Baltimore coinmen were hit by a new city license tax passed this week that was so high that many believe it will curtail operations here considerably.

The ordinance calls for a tax of $60 on five-ball, free plays; $100 on one-balls; and $100 on consoles. In addition, the operators must pay $10 per year to the State, and $10 Federal tax, making a total of $80 per year on five balls.

The one-ball state tax is $10, and $100 Federal, totaling $210 per year.

Consoles are assessed $10 by the state, and $100 by the Federal government, in addition to new $100 city tax, adding up to $210 per year.

Altho this is good operating territory, operators have been hit with lower collections as have been other territories. They are now fearful that the state tax may be increased, making the total license fees prohibitive.

"The new city license fee is a terrible blow at this time" moaned one of the city's largest operators. "Most of the equipment out on location cannot bring back enough profit to carry this extra burden. If an increased state tax is passed, many of our operators will have to practically curtail their businesses. Only the best stops will be able to show a profit. We are hoping we will be able to lick this problem somehow, but at the moment it's difficult to see how."

Six New Exhibitors Signed For CMI Show

CHICAGO—In addition to the 122 exhibitors announced previously who will show their equipment at the coming Coin Machine Industries convention at the Sherman Hotel, January 19 to 22, James A. Gilmore reported that six new companies have been allotted booths.

Contracts have been signed with following companies and booths assigned: A & A Sales Company, who will exhibit the Frosti-Server ice cream vendor in Booth 91; American Scale Manufacturing Company, Washington, D. C., will display scales in booth 206; Acme Coin Manufacturing Company, Chicago, will show coils and solenoids in Booth 182; Jacobs Novelty Company, Stevens Point, Wis., will have on hand their replacement tone arms for phonos in Booth 204; Marion Machine Tool Company, Marion, O., will show scales in Booth 197; and Standard Phonograph Corp., New York, will display international records in Booth 138.

THE NEW 
Music Box 

Buckley gave Music Operators the FIRST prac- 
tical and profitable music box at the LOWEST 
PRICE! Today, Buckley leads the field by offer- 
ing a NEW music box of advanced design and 
perfection at a NEW LOW PRICE. 

Quality of material and workmanship have not 
been sacrificed. This sensational low price is 
the result of economies realized in large quan- 
tity production. 

The new Buckley Music Box is genuinely 
chrome plated, with beautiful red die plates 
and attractively illuminated. Equipped with 
positive nationally known slug 
rejector and double capacity 
cash box. Complete program of 
selections always in full 
view. Buckley’s exclusive features of 
construction, combined with out- 
standing beauty and eye appeal 
make this the outstanding re- 

tume control music box . . . 
equally popular for wall or bar 
installation.

BUCKLEY TRACK ODDS has long been 
recognized as the only 
seven-coin race 
horse console that 
would stand up month 
after month—year after year—and out- 
com all other coin machines. 
Buckley operators know this to be a 
fact. Experience has proved that no 
another machine can even come 
close second from the standpoint of 
earnings. Buckley operators are 
bulging out that the new BUCKLEY 
TRACK ODDS are even more profitable 
to operate than they hoped for.

N.Y.C. Ops & Distrib. Games Assns. Make Great Progress

NEW YORK — Since the introduction of roll down games into the city, the number of operators and amusement machine distributors and jobbers have been gradually on the increase.

An indication of the added number of operators is found in the membership rolls of the Associated Amusement Machine Operators of New York, which has been growing week by week. Bart Hartnett, manager, and Joe Hahnen, president of the association are hard at work to make the organization not only all inclusive, but basically sound and strong. It is the hope of the officials that as time goes by, the membership will be 100%, with every games operator a member.

The Distributors Association of New York City, the jobbers and distributors organization, is being built solidly, and the directors are very careful in its acceptance of new members. At the time of its origination, twenty two companies were voted in, and at the present moment, applications of other companies are being studied. Two or three Brooklyn jobbers will probably be admitted shortly.

With many years of experience in local jobber and distributor organizations, most of the present members of the Distributors Association of New York City are aware of the pitfalls and loopholes that continually arise to weaken their position. With this in mind a very strong organization is being welded together at the very inception, so that as time progresses, it will become known that the association will be able to function so that its members derive the greatest benefits for a long, profitable business career.

Television Stations And Receiving Sets To Increase In '48

Combination Coin-Operated Television-Music Machines To Be Manufactured

NEW YORK — Eighteen television stations were on the air with regular programs during 1947, and the total would rise to fifty or more during the next year, Brig. Gen. David Sarnoff, president of the Radio Corporation of America, declared this past week in his annual year-end statement.

"Between 150,000 and 175,000 television receivers are now in use" Sarnoff stated "and by the end of 1948 a total of approximately 750,000 is foreseen, and it may reach 1,000,000. By that time it is estimated that the New York area will have 400,000 sets."

Coinmen are looking at these figures with mixed feelings. Those who have music machines operating in cities where television is now in effect, are not particularly interested. They point out that most every bar and tavern have sets operating, and the additional sets won't effect their business at all, except to keep a few television owners at home during big fights and ball games.

Operators in cities where television will make its appearance for the first time are aware that it will cut into their operating hours, as the sets will no doubt be placed in public places at first. Taking the experience of music operators who have been hit during the past year by television, they are anticipating a decrease in their collections.

However, many operators are investigating the combination coin-operated television-music machines which are now being introduced to the coin machine trade. Videograph Corporation, with H. F. Dennison, president, has already shown his combination machine at various cities throughout the country. A Bloom of Speedy Products Co., New York City, is just about ready to unveil his machine, and probably will have it in Chicago during the Coin Machine Convention to show the country's operators.

Most locations, it is reported, even tho they have purchased their own television equipment, have indicated their approval of a coin-operated combination television-music machine as it will give them the opportunity to derive additional income from the hours when the television is on, plus the fact that a music machine is available during the other hours.

The NEW Scintillating MUSIC MASTER

Modernize your present equipment by converting your mechanism in our distinctive mirror cabinets.

Tailor Music for your locations by giving them a mirror scene that fits his particular type of atmosphere.

OUTSTANDING FEATURES:
1. Our electric selector is cheat-proof, and will operate on any mechanism with adapter.
2. Our selector is equipped with Guardian accumulator, multiple push button slide switches, 5-10-25c National slug rejector.
3. Thirty mirror designs to choose from.

Coven Presents Games To Hospital

CHICAGO—A short time ago Ben Coven, Coven Distributing Company, this city, presented ten pin games to the Merchant Marine Hospital thru Mrs. Jack Gould, head of the Gray Ladies' Association. These games were placed in the hospital's recreation hall, and the boys were exceptionally thankful over the opportunity it gave them to relax. The pin games were the greatest center of attraction in the hall.

Coven, not only got a thrill himself over the presentation, but received a vote of thanks over the air when Vince Garrity, disk jockey, gave him a terrific plug, mentioning the presentation on two programs within a few days.

Children Guests Of CMI At Show

CHICAGO—Pictured above are James A. Gilmore, secretary-manager of Coin Machine Industries, and Louis Mayer, RKO Theatre Management, with some of the two thousand children who attended the Special Christmas Party for a showing of Walt Disney's "Pinocchio".

The two thousand boys and girls were the guests of CMI, coming from Protestant, Jewish, Catholic and Negro orphanages. Every kid received candy bars and sweets, courtesy of CMI.

It is reported that every one of the thirty-four orphanages invited to send their children, participated in the fun and frolic.

Gilmore reported that he received a tremendous thrill out of the party, and stated that the coin machine industry should feel proud that they were responsible for the day of laughter and fun provided for the children.

Phono Subject of College Lecture

INDIANAPOLIS, IND. — Journalism students of Butler University, this city, listening to an advertising lecture by Horace Moorman, account executive, Sidener & VanRiper, Inc., and director of the Indianapolis Advertising Club, with Packard Manufacturing Company's "Manhattan" phonograph as the subject. The talk was called "Publicizing the World's Finest, Most Luxurious Commercial Phonograph".

Mrs. Rosamond R. Jones, Butler Journalism Department, presided, and the students finished up this most interesting lecture with a program of Christmas music and refreshments furnished by the Packard Manufacturing Corporation.

Sanford Levine Vacations In Miami Beach

CLEVELAND, O. — Sanford Levine, secretary-treasurer of the Cleveland Phonograph Merchants Association, preparing for the coming coin machine convention, left for a three week vacation with his family to Miami Beach, Fla. While in the land of sunshine, Levine will visit with his mother, who is a resident of Miami Beach.

Levine will return to Cleveland just prior to the convention, and spend a few days at home before attending the show.
Second Rise Of 10% Granted Freight Carriers

ICC's Interim Relief Raised To 20% — Effective Until June 30, When Additional Rise Expected

WASHINGTON, D.C.—Of great interest to the coin machine industry is the announcement this week by the Interstate Commerce Commission that it had granted the nation's railroads 10% increase on railroad freight, motor carriers, and freight forwarders.

This is the second ten per cent increase, the first coming last October. The 20% increase, which continues until June 30, 1948, is a temporary grant. At that time the ICC will determine the size of the permanent increases they will grant.

The new rate schedule can be put into effect on five days notice by the railroads, and there is no assurance they will take advantage of the ruling immediately.

Before the permanent ruling is affected, the commission must decide in its final order whether a larger increase is to be granted to Eastern roads than to Western roads. It is claimed that the Eastern lines are faced with heavier terminal charges, and it is felt they should be given a larger boost than the Western roads.

Originally the railroads petitioned the ICC for increases of 41% per cent in the Northeast section, and of 21 per cent in and between the other sections.

At the Association of American Railroads it was said the rail carriers would be able to file tariffs so that the increase would go into effect on January 5 or 6.

New York Paralyzed By Record Snow Fall

NEW YORK—The local coin trade were hit hard by the record snowstorm which fell upon the city on Friday, December 28.

With snow estimated to be over twenty five inches, the operators reported that business at local bars and taverns was practically at a standstill over the weekend.

Everyone was hoping that by the arrival of the New Year's holiday eve, it would be possible for fan seekers to get to their favorite bar. However, a strict ruling by the Mayor's office prohibited private and non-essential cars from traveling thru the city's streets. This made the servicing of equipment a problem, with service men traveling in taxis. No equipment could be moved or spots set during the week.

The jobbing and distributing offices were unable to pick up equipment from carriers, and couldn't deliver any machines to operators who needed them for the holidays.

However, operators were optimistic, knowing that their collections would be increased over the holidays, regardless of the fact that it was impossible to service their machines. New York fun seekers are not easily deterred, and storm or no storm, they would be patronizing their favorite spots on New Year's Eve.

**Worth Talking About!**

**GENCO'S**

**BING-A-ROLL**

**and here's why...**

A high score of 285,000 can be obtained by skillful playing of balls.
Each ball played scores from 1,000 to 24,000.
PLUS a bonus score of 50,000 when a line is completed VERTICALLY—
HORIZONTALLY or DIAGONALLY.
All balls can be played at once, yet the ingenious automatic scoring device will register the score of each ball ACCURATELY!
Score lights up rapidly as thrown balls fall into pockets.
No waiting for balls to register.

**Distributors Assn. Of New York City Admits Two Brooklyn Jobbers**

NEW YORK—At a lengthy meeting of the Distributors Association of New York City, local association of jobbers and distributors, here Tuesday, December 30, the membership approved the admission of two jobbing firms located in Brooklyn.

Hart Distributing Company, 781 Coney Island Ave., headed by the popular Jack Ehrlich, was the first jobbing company; and Herman Distributing Company, 1505 Coney Island Avenue, owned by Art Herman, well known Brooklyn coinman, was the second.

With the addition of these two firms, the total membership now is composed of twenty four companies. Five are located in Brooklyn and the others are in Manhattan.

The Distributors Association of New York City is practically representative of every substantial jobbing and distributing firm in the city, and carries the strength and prestige to be extremely effective in the metropolitan area. Ben Becker, president of the newly formed association, stated that the members have banded together so that they may be ready to cope with any eventualities of city license ordinances, and to protect their businesses from any price-cutting and chiseling on new games.

Asks That Assn. Heads Meet At CMI Convention To Formulate Plans To Combat Adverse National Legislation

SOL L. KESSELMAN
NEWARK, N. J.—Sol Kesselman, attorney for the Music Guild of America (MGA), music machine operators association in New Jersey, has written all the music machine associations in the nation, suggesting that the heads of their groups meet at the forthcoming Coin Machine Industries convention in Chicago, January 19 to 22.

It is Kesselman's thought that the association heads will be in Chicago at that time, and it is the most appropriate time in which to get together and discuss their national problems.

Kesselman was selected last spring as one of a committee of three to serve the industry in combating the Scott-Fellowes bill, which was introduced in Congress to change the Copyright Act of 1909, and permit outside organizations to collect fees from the operators of music machines. The industry's stand resulted in the temporary defeat of these bills, but it's no secret that the same organizations that sponsored the 1947 legislation, are once again preparing to sponsor new bills, and will fight more strongly than ever.

"At that time in Washington" states Kesselman "approximately seven associations participated actively in the hearings, and it was the consensus of the representatives of the various associations, that the music machine associations had not completed their work fully for the members of the association, unless the various associations were able to coordinate activities and meet issues on a national scale. It was pointed out that in almost every line of endeavor there are national associations, even an association of manufacturers, and that various state associations, each by itself, was unable to do much to protest its members to combat adverse national legislation, to consult with one another on matters affecting the music machine industry, and to advise one another on various problems which come up in the various sections of the country. It was therefore, obvious that the music machine industry, that is, from an operator's standpoint, should have some means or methods whereby coordinated thinking, discussion and action can take place."

"It has always been my thought" continued Kesselman "that the beginning of such a group gathering could properly and easily take place at the annual coin machine convention. So far as a national group is concerned, there will be no necessity for any formal national organization, unless some name may be desired, and no dues that should be paid or other expenses, except perhaps a $5 contribution for mailing expenses, and by that means be able to create something which may, and probably will in the future, bring returns well worth while the effort."

Kesselman, in his letter, requests the views of the various associations, and asks that they communicate with him so that he can arrange a meeting at the coin machine convention during January 19 to 22.

Franco Sells Operating Biz In Montgomery, Ala.

MONTGOMERY, ALA.—David R. Franco, owner of Franco Distributing Co. of Montgomery, Ala., has sold his company to Hobby theory, and the Franco Novelty Co. of Montgomery, announced that he has sold the operating company in Montgomery.

The business has been purchased as of July 1, 1947, by three of his former employees, Morris R. Fitha, Clifford B. Thorne, Joseph E. Cipriani, and his son, Rubin A. Franco, president of the company. Dave Franco still retains ownership of the Franco Distributing Co., and in that capacity will engage in the exclusive distribution of phonographs and other types of coin operated equipment.

Franco Novelty Company was founded in 1939 and has been operating music and other types of machines. The new owners will specialize in the installation of scientific sound distribution music systems, and will operate cigarette and all types of amusement machines.

Roberts Wins “Good Americanism” Award

DENVER, COLO.—Wolf Reiwitz Roberts, president of Wolf Sales, this city, was the recipient of a national recognition for his unique charity of giving away Wurlitzer music machines this past week.

Roberts, who has been bringing joy and smiles into the lives of his fellow men over a long period of time, was saluted by the Hollywood columnist, Jimmie Fidler, as the winner of his weekly radio “Good Americanism Award.”

The Colorado columnist was recommended for the coveted award by Radio and Motion Picture star Dick Haymes. He was selected specifically for the 19 music machines valued at $10,000, which he recently donated to 22 hospitals, orphan homes, and children’s and recreation centers.

As winner of the Fidler award, Roberts received a $250 wristwatch, a $50 savings bond, and a personal citation.

All too many of the machines were donated to local Colorado institutions, some went as far away as famed “Boy’s Town” operated by Father Flanagan in Nebraska, and the Jewish Consumptive Relief Assn. Sanitarium in Los Angeles.

Two days after the coast-to-coast citation, Wolf presented the entire $500 machine to Gov. Lee Kroun of Colorado for the State Industrial School at Golden.

Current, Roberts is sponsoring an essay contest, and will contribute $175 worth of Savings Bonds for a traffic safety contest, open to all high school students in Colorado.

Please mention THE CASH BOX when answering ads—it proves you’re a real coin machine man!
Most coinmen in the Windy City really take their holidays seriously as we found most firms closed before noon in preparing for the New Year’s activities, with some of the boys extending their holiday activities from Christmas through New Years. According to the look of things, most of the Manufacturers and Distributors are planning on going into high gear right after the first of the year. We should see lots of activity and a definite upsurge in business conditions in the coin field.

Marvin Bland of Indiana Music of Terre Haute in town this week delivered a big check to the C.M.I. for the Runyon Cancer fund. Bland conducted a one man campaign to raise funds and has done a terrific job... Daival Manufacturing Company, currently producing the new “Postmaster” stamp vender, have announced the appointment of 15 distributors throughout the country, according to Ben Lutske—Irvin Blumfeld of Baltimore called at the C.M.I. offices and delivered a check for $375.40 for the Runyon Cancer fund. The total collected to date for this fund is $193,553.04. The Damon Runyon Souvenir book will be out in time for the convention, we are informed. Dave Gottlieb is off to Texas for a short vacation. Just heard that Jim Mangin of C.M.I. public relations is the father of top spinning in the country and has been champ for 37 years. It seems that top spinning was first invented in Russia where it is a favorite pastime for the natives. Perhaps Jim would like to run over and visit with Joe Stalin and do a bit of top spinning... Dan Malone just appointed as sales manager for Aero Needle according to an announcement just received.

The C.M.I. came in for some swell publicity recently when they played host to more than 2,000 orphans, when they treated the children to a showing of Walt Disney’s Pinnochio and distributed several thousand pounds of candy free... Ben Coven still receiving letters and cards of thanks for the pinball games he presented recently to the Merchant Marine hospital here. Ben took the week off before the New Year’s holiday and allowed all his employees to take an extra day off before New Year’s holiday... George Lewis of A. B. T. tells us that the reaction of Ops and distris to their new 3 in one slug rejector, odd-cent changer and guesser scale was sensational. Many firms in town holding New Year parties and folding up early to give their help an opportunity to rest up for the big doings... Gordon Sutton of Illinois Simplex leaves for New York this week. Associates and employees threw a big party for Sutton at Bismarck Hotel as a farewell gesture... Things are really humming over at the Rock-Ola plant, deliveries on the new model phonio is expected very soon... Al Stern over at World Wide declaring a holiday the day before New Years and getting set to blow the lid off New Years Eve.

Harry Williams very happy over the way the new Williams’ roll down, “Box Score”, is being received. We hear Harry is off again on one of his numerous flying trips... Herb Jones over at Bally working night and day sending personal notes, cards, letters and calling all over the country getting the boys to send their checks in for the Cancer fund. There’s just a few short weeks left to raise about fifty thousand dollars to meet the pledged amount... dropped around over at Empire Coin to watch the boys start their celebration early. Gil Kitt tells us that business has been good and that to fill some orders they had to sell their samples right off the showroom floor... Lindy Force of A.M.I. back on the job after a recent operation and feeling as fit as a fiddle... George Ponser quite elated over the response to his new roll down “Pro Score”... Harry Brown over at American Amusement quite optimistic about the future of the coin-biz, foresees good times ahead.

Lee Jones over at P. & S. working nights helping pack crate and ship their new “Tom Tom” which is in good demand... Lots of things going on over at Mills Industries we hear, but according to Dick Law, the firm will come out on top... Carl Morris over at Micro Master just back from out of town and rarin’ to go... According to advance reports the New Chicago Coin “Bermuda” is a terrific game... Jimmy Johnson and Vince Murphy of Globe Distributing, making lots of plans for their display at the forth-coming coin show... Al Sebring of Bell Products tooling up for big production of his Beacon Coin Changer... All the boys quitting early over at Genco Manufacturing to celebrate the New Year. According to reports the new Genco Roll Down, “Bing-A-Roll”, has swept the Country... More and more requests for hotel reservations still pouring in from coin men all over the country.

According to one prominent hotel manager they are turning down about 50 such requests a day. The tip is, don’t come to the show without advance hotel reservations... Ted Kruse over at Amusement preparing for the C.M.I. show and planning several surprises.

Big party for all execs and employees over at United, with Lyn Durant and Billy DeSelm playing host before closing for the New Year holiday... We hear, according to the grapevine, that practically all manufacturers are planning on unveiling their new equipment at the show with lots of surprises in store... Ted Rubinstein over at Marvel keeping his new game under wraps until show time... Gerald Haley, Buckley Mfg. Co., working like mad filling those orders for the new Buckley Criss Cross bell and Track Odds.

Now to repeat a word of advice to all coinmen everywhere who are planning on attending the C.M.I. convention. It’s mighty important to have your hotel reservation in advance as well as your return rail or plane space. It looks like a complete sell out, and again while in Chicago, don’t hesitate to call our Chicago office or drop in for a visit and if we can be of any help on any of your problems, we will do our very best. Our Chicago office address is 32 W. Randolph St., phone Dearborn 0045.

And now as we leave the old year and enter the New let’s resolve that the year of 1948 will be bigger and better than ever in the Coin Machine industry. A happy New Year to all.
The only subject of conversation everywhere this week was the weather. The historic snow fall of over 25 inches created a condition in the city that practically stopped all business. Naturally, the effect upon the coin business was tremendously harmful, particularly with the New Year's holidays. This is the time when operators get a real strong play on all equipment, and altho the fun seekers made it their business to get to the spots, equipment that needed servicing was forced to stand idle. The December 26 weekend was a bad one for operators as there was no means of transportation and everyone stayed home. The jobbers and distributors were practically at a stand still. The first few days of the week it was impossible to get around in a truck, and in addition the carriers weren't making any deliveries. Then on Wednesday, the Mayor's office issued an order that kept all private and commercial vehicles off the street.

* * *

Nat Cohn, Modern Music Sales Company, who lives in Belle Harbor, Long Island, was stuck on the Long Island Railroad for about ten hours, when he bucked the storm on Friday, and tried to get home. However, Nat is all smiles, stating that he will make an announcement this coming week that will be of the sensational type. He does state that he returned from the recent NAMA convention with several lines of automatic merchandising machines he will distribute in this territory... Al Bloom, Speedway Products Company, will announce all details about his combination television-music machine concurrent with the CMI convention... Tony (Rex) DiRenzio, Manhattan Phonograph Company, distributors for Aireon Manufacturing Corporation, winds up the old year with a big smile, and comments "Watch us go starting with '48".

* * *

Barney (Shugy) Sugarman, Runyon Sales Company, travels to his New York offices, regardless of the handicaps of the snow piled sky high. Shugy drove to the railroad station in Newark, and then trained into the city... Jack Mitnick, head of the local Runyon offices, put on about ten pounds after his boiling out vacation at Hot Springs... Ben Becker, Ben Becker Sales Company, Bally regional sales representative, returns from a visit to the Bally factory, and tells that Bally has a number of great machines coming along... Hymie Rosenberg, H. Rosenberg Company, reports that Bally's "Hy-Roll" is still in great demand, and was aggravated that he couldn't get any deliveries during the storm week... Sidney Mittleman, Abbott Specialties, walking around with a friendly smile again, wishing all his friends a prosperous 1948.

* * *

Steve Quinn, sales manager of Cole Enterprises, Poughkeepsie, N. Y., in the city, awaiting the arrival of a load of converted pin ball-roll down type games from the factory, but the truck gets stuck along the road, and they don't get in for days... Harry Schneider, Seaboard New York Corporation, reports a good sale of Genco's "Bing-A-Roll"... The distributors and jobbers association (Distributors Association of New York City) held a lengthy meeting Tuesday that ran into the early hours of Wednesday, and one of the major points decided upon was the admittance of two new members. Jack Ehrlich, Hart Distributing Company, 781 Coney Island Avenue, Brooklyn, one of the oldest (in point of experience) and best liked coinmen in the city, was the first. Art Herman, Herman Distributing Company, 1505 Coney Island Avenue, Brooklyn, another well known and highly regarded coinman, was the other.

* * *

George Ponser, George Ponser Company, Chicago, manufacturer of the successful "Pro-Score" roll down game, comes into the city for the New Year's holidays... Jack Rubin, Esso Manufacturing Corporation, Hoboken, N. J., having the most difficult time of his life — all caused by the snow storm. Jack is traveling daily in the subways, trains, busses, etc., and it's quite a novelty to him. He definitely don't like it. Jack Semel, the other half of the firm, is forced to travel with the same types of vehicles, but takes it phlegmatically. The firm is now working on their new game, which they will exhibit at the forthcoming coin machine convention.

* * *

Almost everyone in the big city is talking about the Coin Machine Industries' Convention. When New Year's jollification is over, the coinmen will start thinking seriously about all the details — one of which is transportation and hotel accommodations. Practically everyone who intends to visit Chicago for the show has already made reservations for Hotels, but haven't been paying too much attention as to how they'll get there. With traveling problems so acute these days, they had better get set immediately. Frank McAuliffe of the New York Central Railroad has been able to set aside a few cars for the boys, leaving New York from Grand Central Station on Saturday, January 17, at 4:45. It's the Commodore Vanderbilt. Better get in touch with McAuliffe.

EASTERN FLASHES

FLASHES

January 10, 1948
MINNEAPOLIS

Ben Molstre of Glenwood, Minnesota, Coin operator for many, many years has sold out to Ralph Skinner of Glenwood, Minnesota, and has gone into the Theatre Business; having bought a small theatre at Bird Island, Minnesota . . . Con Kaluza of Browerville, Minnesota, visiting the Twin Cities’ jobbers while Mrs. Kaluza did her Christmas shopping in the downtown area of Minneapolis . . . Art Olson of Hokah, Minnesota, on a late minute visit to Minneapolis picked up a few essential parts for his machines.

Claire Nitteburg, of the Nitteburg Brothers of Castlego, South Dakota, spent the weekend in Minneapolis, visiting a few friends . . . Bill Suprenant, of Red Lake Falls, Minnesota, has expanded his Music and Pin Ball route, having bought out Ed Marcoux of the same town . . . Ed Marcoux has taken a trip to Montana to survey prospects of opening a route in that territory.

Morris Berger, of the North West Sales Company, Duluth, Minnesota, and Leo Barkowitz, of the B & B Novelty Company, Superior, Wisconsin, drove down to Minneapolis together in Leo’s new Yankee Clipper. Mrs. Barkowitz is leaving for Phoenix, Arizona where she will spend the winter with her parents who live there . . . Fred Norberg, of the C & N Sales Company, Mankato, Minnesota, home for the Holidays, but will soon leave again for Indiana on business.

Archie La Beau, back at his desk, having spent considerable time at the Mayo Clinic, Rochester, Minnesota, with Mrs. La Beau who has been there for several weeks. Mrs. La Beau has been ailing and is under observation.

Roy Kuehmichel of Brainerd, Minnesota, stopped off in the Twin Cities for a few days, calling on distributors . . . Gil Smith of Fargo, North Dakota, spent the Christmas Holiday in Minneapolis.

NEW ORLEANS, LA.

Many visiting coinmen in town taking in the Sugar Bowl game between the “Longhorns” of Texas and the “Crimson Tide” of Alabama, with the rooting divided between the two high class teams. Among those seen were: Bahry, Donaldsonville, La.; Guaracio, Morgan City, La.; Cowbre, La Place, La.; Wilkinson, Yazoo City, Miss.; Trontale, Birmingham, Ala.; and Morrie Gottlieb of Dallas, Tex. Dave Gottlieb of D. Gottlieb & Co., Chicago, was visiting with Morrie and we’re wondering if he took in the game.

Larry Copeland back from Montana, stopped off at Reno, Nev. to visit with Pat Buckley at the Hotel Mapes showing ... Bob Thompson, over from Biloxi, Miss, buying a pony for his children . . . Bob Buckley, Console Distributing Co., on the road with Dave Martin of the Console firm, call on Clarence Sanchez in White Castle, Pa. Bob suggests that anyone desiring to play “Pitch”, just see Clarence. Meanwhile, Sam Tridico stays at the office, busy with plans to get the Console Distributing Company new building started, and reports that Roy Monica was in to buy some new 1948 Buckleys. Lupe Buckley states that the firm has two trucks on the road now giving their customers service. One of the operators visiting the firm was Ralph Falsetta.

Montranga, Dixie Coin played host to many visitors who arrived for the Sugar Bowl . . . Pete Martin has added two stories to his already famous Broadwater Beach Hotel at Biloxi, Miss., a show place recommended to all visitors along the Gulf coast . . . Ray Bosworth and Al Boates of New Orleans Novelty Co., planted on the fifty yard line for the football game, and we understand they picked the winning team.

ST. LOUIS

by BERT MERRILL

Every op in St. Louis is setting aside a few shekels for the show. Among those who have announced their membership in the all St. Louis CMI Train planned are Lou Morris, Carl Trippe, Del Veatch, Bill Betz, Barney Frickecks, Walter Gummersheimer, Harry Anderson, Chuck Larcom, Abe Jeffers, Joe Morris, Walter Bowman, Fred Mees, and a long list of assorted vending machine, pinball and music ops.

Star Novelty Company was a scene of much merriment Christmas Day When John Gazzoli brought his new offspring down to meet “the rest of the gang.” Gifts were on hand for everybody as Star celebrated a good year.

A sad note which slowed down the after-Christmas week was the death of Jimmy Carmody, who at his middle thirties was a long established veteran in the phonograph field. Jimmy died from a rare heart attack complication, December 29th. Almost every distributor in the business had been selling Jimmy for a decade or more, and he was one of the youngest major-string ops in the 49th State. A delegation from the Missouri Amusement Machine Association was on hand at the funeral.

Important news for ops who complain of high and fast depreciation on pinball has been furnished by Del Veatch of VP Distributing Company. Del, a veteran operator himself before he became a distributor, has been working with Harry Williams of Williams Mfg. Co. to develop some plan to do away with costly new-machine depreciation. The plan announced calls for Williams to make a controlled production of each new machine, test it, and distribute a certain number of the new models a year. Thus, without too many of them on hand, ops can shift from one place to another with plenty of machine appeal, and the fewer number will show higher trade-in value with a slower rate of depreciation.

Carl Trippe of Ideal got a jolt early in the week, when the burglar alarm at 2833 Locust summoned the police to Ideal’s inner sanctum. Two burglars were found hiding in the building, loading up an Ideal track which they planned to take to Florida. Jolly Carl sent a testimonial letter to the maker of his burglar alarm at once.
