DUNCAN'S COMMENTS:

Hartford is a fairly good medium to large radio market. True, the population has barely grown but revenues have grown nicely. Also, as with many large markets in urban corridors, the number of viable stations has remained constant.

WTIC has been a great station over the years. However, WRCH is one of the great Soft AC's in the nation. WRCH passed WTIC in revenues in 1996 and never looked back. It has consistently achieved double digit audience shares.
