## IN ONE PACKAGE...

No fortune teller of the crystal ball variety is KSTPete. With Sellevision—the eye to the ears of tomorrow—he doesn't have to be. He can confidently predict a greater future in the Twin Cities Market for KSTP advertisers. Since present-day results are the cumulative effect of KSTP's continuous audience promotion efforts in the past, they are proof enough of the soundness of this prediction. Sellevision is no empty "inspiration." It is a tested station betterment policy based on long-range thinking and far-sighted planning. Proved in four years of actual practice, KSTP's station betterment policy still is being carried out with unabated effort today and will continue to go on in improved form tomorrow. That is Sellevision past...present...future, in one package — your best radio buy in the Twin Cities Market today and tomorrow!

DISCOUNTS

Application of Discounts

Programs and announcements may not be combined for any discount purposes. However, except as noted under weekly Frequency Discounts, all broadcasting under each section may be combined in computing discounts applicable to hroadcasting under that section. Interruptions necessitated by broadcasts of special events of importance will not affect discounts. All discounts apply to time charges only.

Discounts will be allowed currently on non-cancellable contracts. On other contracts discounts will be due and payable as earned.

Where more than one time classification is used, for programs first total up the gross one-day rates for the periods to be purchased and then deduct earned discounts, as follows:

(1) Peduct the applicable weekly frequency discount (10% from the gross for 3, 4 or 5 days per week),

(2) Deduct the applicable weekly dollar volume discount if contract is for 13 weeks or longer.

(3) Deduct consecutive weeks discount if applicable.

Weekly Frequency Discounts

Weekly Frequency Discounts

Weekly Frequency Discounts

Weekly Frequency Discounts on mixed station time—When an advertiser contracts for station time under General Broadcasting Time Rates in more than one time classification, the higher priced (on basis of one day gross rate) program periods carn frequency discounts for the lower priced periods but not vice versa.

Example 1: If an advertiser buys three Class "A"

versa. Example 1: If an advertiser buys three Class "A" 15 minute periods on Monday, Wednesday and Friday and three Class "B" 15 minute periods on Tuesday.

Thursday and Saturday, the rate is then the six day rate (20% discount from the gross) for the Class "B" periods and the three day rate (10% from the gross) on the Class "A" periods.

Example 2: An advertiser buys three 80 minute periods in Class "B" on Tuesday, Thursday and Saturday and three 15 minute periods in Class "A" on Monday, Wednesday and Friday. The rate is then the six day rate for the Class "A" periods (20% from the gross) and tho three day rate for the Class "B" periods (10% from the gross).

Weekly Dollar Volume Discount Weekly dollar volume discounts not applicable on schedules of less than 13 consecutive weeks of broadcasting. Advertisers using a schedule of 13 or more consecutive weeks are entitled to dollar volume discounts on all broadcasting at General Broadcasting. Time Rates. General announcements, although they may not be combined with programs of five minutes or more in length to cam any discounts, are subject to the following Dollar Volume Discounts separately. ## CORRECTION!

This is what happens when an ad is created by a copywriter long on words and short on arithmetic. Last month in these pages our ad stated that the combination of Mississippi Valley Network and the North Central Broadcasting System, Inc. offered exclusive and blanket coverage of the farm area which constitutes a market of \$7,039,223. That's where mental myopia insinuated itself into the ad copy. THE ACTUAL FIGURES SHOW THIS RURAL MAR-KET TO BE ONE OF

## OVER 7 BILLION DOLLARS

THREE-FOURTHS of all hogs, grain, cattle and poultry produced each year in the United States is direct from the area served by MVN. Mississippi Valley Network was established to blanket this territory wherein our 79 affiliated stations reach 1,600,000 farm radio families (urban families not counted).

## through 1 network

without paying Metropolitan rates you can now get Blanket Coverage of this RICH AGRICULTURAL MARKET

To merchandise and sell products most effectively to the exclusive rural audience consider one of the special farm features of MVN. Time is being optioned now for Sept. I starting date.

Heart of America rests primarily upon the "know-how" experience of a full-time marketcaster. Bob Riley daily broadcasts direct from studios in the Kansas City Livestock Building. Farm Bureau heads have time and again said this of KMBC's

"Your station is the station to which farmers listen for market reports."

"I wish to call attention to the fact that your farm service program is rendering a real wartime essential to the farm folks of this county. I could list a bost of larger and efficient cattlemen who arrange their farmwork and chores to be able to take advantage of your market reports and timely

factual farm broadcasts daily. "I believe that no other farm program is received with as much enthusiasm by the farmers of this county as KMBC Market Reports and programs."

"Station KMBC has been one of the most aggressive Missouri stations in the development of programs primarily for farm people. It consistently carries news, reports and information of much value in keeping farm families well informed."

For over five years KMBC has been granted by the Kansas City livestock interests the exclusive right to broadcast official market reports direct from America's largest livestock building. Just another reason why KMBC is first with those who produce foodstuffs just as it is first in food advertising among Heart of America radio stations. Inquire of Free & Peters, Inc., for possible availabilities on Bob Riley's marketcasts!

## Meet KWK's Rush Hughes — Heard Twice Daily on Kansas City's WHB

Out here in Missouri, where people Out here in Missouri, where people have to be "shown", folks know a good thing when they see and bear it! That's why Rush Hughes, with his "Song and Dance Parade", has a 4.9 Hooperating, mornings in St. Louis ... and has already earned a Commission of the same of the sa 4.7 in Kansas City with the same type of show, afternoons. And he's getting more popular every week! They *like* him in Missouri ... and out in Kansas, too!

WHB exploited his programs with extensive "plug" announcements, and a two-month showing of 24-sheet posters throughout Greater Kansas City. In six months on the air over WHB Rush Hughes has become a "top name" throughout the Kansas City area, producing spectacular results for sponsors such as General Baking (Bond Bread). Let us tell you more about it, and about availabilities on these two WHB shows.

You'll like doing business with WHB, - "thestation-with-agency-point-of-view", where advertisers are clients who must get their money's worth in results If you want to sell the Kansas City market, WHB is your happy medium

Seven days per week per rata to six day rate.
All rates in excess of one hour are in exact proportion to one hour rate.
Three-quarter hour—80% of hour rate; ten minutes, if available—80% of the 1-12 week quarter hour rate loss applicable dollar volume and consecutive weeks discounts; five minutes, if avilable—50% of the 1-12 week quarter hour rate less applicable dollar volume and consecutive weeks discounts.
Time periods not designated—rates on request.
ANNOUNCEMENTS
All announcements under Classes "A," "B," "C,"
"I)," and "E," regardless of their length or cost, may be combined for weekly frequency discounts, providing they are computed on the basis of days, per week usage, and not times per week usage. Starting time of announcements determines rate classification.

DISCOUNTS

Application of Discounts

Programs and announcements may not be combined for any discount purposes. However, except as noted under Weekly Frequency Discounts, all broadcasting under each section may be combined in computing discounts applicable to broadcasting under that section. Interruptions necessitated by broadcasting of special events of importance will not affect discounts. All discounts apply to time charges only. Discounts will be allowed currently on non-cancellable contracts. On other contracts discounts will be due and payable as earned.

Where more than one time classification is used for programs, first total up the gross one-day rates for the periods to he purchased and then deduct earned discounts, as follows:

(1) Deduct the applicable weekly frequency discount (10% from the gross for 3, 4 or 5 days per week; 20% from the gross for 6 or more days per week; 20% from the gross for 6 or more days per week; 20% from the gross for 13 weeks or longer.

(3) Deduct consecutive weeks discount if applicable. Weekly Frequency Discounts

Weekly Frequency discounts on mixed station time under General Broadcasting Time Rates in more than one time classification or in units of unequal cost, the higher priced (on basis of one day gross rate) program periods earn frequency discounts for the lower priced periods but not vice versa.

Example 1: If an advertiser buys three Class "A" 15 minute periods on Monday, Wednesday and Friday and three Class "B" 15 minute periods on Tuesday, Thursday and Saturday, the rate is then the six day rate (20% discount from the gross) for the Class "B" periods and the three day rate (10% from the gross) on the Class "A" on Tuesday, Thursday and Saturday and three 15 minute periods in Class' "B" on Tuesday, Thursday and Saturday and three does not be class "A" on Tuesday, Thursday and Saturday and three does not consecutive weeks of broad

From the day a soldier goes to war, he is dependent on paper. His records are packed in it; his cartridges are wrapped in it; his shoes are lined in it; his letters are written on it.

His barracks are built with paper wallboard, paper roofing, paper insulation. He shoots at paper targets, eats from paper plates, drinks from paper cups. His battles are planned, his orders are issued, on paper.

You may not have to pinch your pennies, but now is the time to pinch paper and see that it does its part in the war. Paper has become so much a part of our lives that we hardly notice the way we waste it—much less the way we use it.

Paper is our soldier's indispensable ally — we have no more right to deprive him of it than we have to take away his gun.

## Meet Our New GENERAL MANAGER!

The Board of Directors of KFAB on April 1st announced the appointment of Harry Burke, formerly of WOW at Omaha, as the new general manager of KFAB with executive offices in Omaha.

Harry Burke, KFAB'S new general manager, brings a wealth of radio experience to KFAB. Starting his radio career at WJAG, Norfolk, Nebraska, Harry has been associated with WOW at Omaha for the past 13 years. He has served as program director, sales manager, and assistant general manager of that organization.

For 17 years Harry has been working and living with the people who make up the Midwestern radio audience. Under his able supervision, KFAB will continue to render the same fine services to the people living in the vast 200 county area served by the BIG FARMER STATION.

DISCOUNTS

All program and announcement rates quoted herein are net time rates after deduction of all applicable discounts subject to published rate card—6-44. Application of Discounts: Programs of nive minutes or more and general announcements may not be combined for any discount purposes. However, except as noted under Weekly Frequency Discounts; all broadcasting under each section may be combined in computing discounts applicable to broadcasting under that section. Interruptions necessitated by broadcasts of special events of importance will not affect discounts. All discounts apply to time charges only. Discounts will be allowed currently on non-cancellable contracts. On other contracts discounts will be due and payable as earned.

Where more than one time classification is used, first total up the gross one-day rates for the periods to

purchased and then deduct earned discounts, as

follows:

(1) Deduct the applicable weekly frequency discount.

(2) Deduct the applicable weekly dollar volume discount from the count of the count

one day gross rates) program periods earn frequency discounts for the lower priced periods but not vice versa.

Example 1: If an advertiser buys three Class "A" 15 minute periods on Monday, Wednesday and Friday and three Class "B". If minute periods on Tuesday, Thursday and Saturday, the rate is then the six day rate (10% discount from the gross) for the Class "A" periods.

Example 2: An advertiser periods. Thursday and Saturday and Saturday and the Class "A" on Example 2: An advertiser buys three 60 minute periods in Class "A" on advertiser buys three facts in the periods. Thursday and Saturday and three 15 minute periods in Class "A" on Monday, Wednesday and Friday, the rate is then the six day rate for the Class "A" periods and the three day rate for the Class "B" periods.

Weekly dollar volume discounts not applicable on schedules of less than 13 consecutive weeks of broadeasting. Advertisers using a schedule of 13 or more consecutive weeks are entitled to dollar volume discounts on all broadcasting at General Broadcasting Time Rates. General announcements, although they may not be combined with programs of five minutes or more in length to carn any discounts are subject to the following Dollar Volume Discounts separately. Rates on request. DISCOUNTS

Two or more program units of 15 minutes or more broadcast on the same day for the same spunear within the same time bracket may be combined to earn one-half hour, or one hour rates, whichever applies. Such programs may be scheduled contiguously at the station's option. Discounts allowed retroactively on the number of broadcasts given in one year.

Day and night programs or day and night announcements may be combined to determine rate earned. Announcements cannot be combined with programs of five minutes or more to determine rate earned.

Interruptions in an advertiser's schedule necessitated by the broadcasting of special events of importance will not affect the advertiser's right to discount. If an advertiser is required by the station to relinquish the time or times specified in his contract and the contract is cancelled for this reason, the rate of discount to which the advertiser would otherwise be entitled will not be prejudiced.

titled will not be prejudiced.
All discounts apply to time charges only.

If a contract runs without interruption heyond 52 consecutive weeks, the advertiser will continue to earn the discount established during the preceding year.

DISCOUNTS

Application of Discounts

Programs and announcements may not be combined for any discount purposes. However, except as noted under Weekly Frequency Discounts, all broadcasting under each section may be combined in computing discounts applicable to broadcasting under that section. Interpretions necessitated by broadcasts of special events of importance will not affect discounts. All discounts apply to time charges only.

Discounts will be allowed currently on non-cancellable contracts. On other contracts discounts will be due and payable as earned.

Where more than one time classification is used, first total up the gross one-day rates for the periods to be purchased and then deduct earned discounts, as follows:

(1) Deduct the applicable weekly frequency discount (10% from the gross for 3, 4 or 5 days per week);

(2) Deduct the applicable weekly frequency discount (100 contract is for 13 weeks or longer.

(2) Deduct the applicable weekly dollar volume discount if contract is for 13 weeks or longer.

Commitments made prior to March 1, 1944, will be
completed at the rates called for by such commitments. Hut advertisers may elect to substitute me
contracts effective at any time after March 1, 1944,

at these rates for the unexpired portion of such commitments. Otherwise, rates in effect immediately preceding March 1, 1944, will apply to extensions of said commitments for any period or periods up to and including February 28, 19-5, for the same series continuously used. Rates effective March 1, 1944, are applicable to all new broadcast series ordered on and after March 1, 1944. The rate of discount or the rebate to which an advertiser would otherwise be entitled will not be prejudiced if he is required by the station to relinquish the time or times specified in his contract and the contract is cancelled. Rates for periods longer than one hour are in exact proportion to the corresponding one hour rate.

# "Twenty-four ...for Underwood<sup>?</sup>

The steadfast chant of the Alabama delegation in behalf of their favorite son at the 1924 Democratic convention is still remembered and

# "Twenty-eight ...for WFAS?

Is another example of loyalty. Out of a total of 14,536 customers interviewed by a public utility, 28.5%—or 4,090 of them—answered "yes" to the question "Have you heard our Company's Radio Programs over Station WFAS recently?"

It's a fact: by any test, WFAS proves West-chester audience; personal interviews, as used by this client; telephone coincidental (a copy of our Crossley is available on request); or simply by contract renewals, for some of our advertisers have been with us for more half a dozen years.

WFAS is necessary to cover the Westchester market!

**Breaking in** The **Junior Time** Buyer

#### SENIOR TIME BUYER:

When selecting a New York station, always line it up with the product to be advertised.

#### JUNIOR TIME BUYER:

Do you mean that different stations appeal to different groups of listeners?

That's it. For instance, some stations can deliver a non-duplicated market of adults with a taste for better products.

Is there such a station in the New York City trading area?

#### SENIOR

Yes, it so happens that WLIB is just such a station, and they have all the figures to prove it. And besides, they can show that housewives are 75% of their total audience.

#### JUNIOR:

And can we get full coverage an a low cost per listener basis fram WI.IB as well?

Yes, you'll find that WLIB's coverage map and Hooperatings prove that.

I'm glad of that, because I listen to WL1B and I love their music.

I always catch WI.IB's "Luncheon Musicate" show from 12:00 to 12:55 p. m. Sunday myself.

record-breaking record jockey!

The radio personality who conducted remote broadcasts with 42 "name" bands in one year-more, as far as we know, than any other similar star-

was STEVE ELLIS!

The radio personality who performed (for a gigantic Marine Corps Ball) the "greatest job of one-man production, announcing, and emceeing in 1943"--

was STEVE ELLIS!

The radio personality who did that top-flight all-night emceeing job on a New York network key station-

he, too, was STEVE ELLIS!

That's why the star WMCA called in to conduct its colorful and varied record show, "The Music Box" (9:30-11:30 am, Mon.-Sat.)-

is STEVE ELLIS!

BONUS FOR ADVERTISERS

# WNEW GIVES YOU MORE LISTENERS

# per set tuned in than the average of all other New York stations!

Before you buy time in New York—look at these four highly important facts!

- 1. WNEW covers 3,500,000 radio homes in America's Number One Market.
- 2. For every 100 of these radio homes tuned to 1130 on the dial, WNEW delivers an average of 180 listeners—ten more than the average of all other New York stations!
- 3. At first glance, that might not seem like an awful lot to crow about—but with a 3.0 rating, it means 10,500 additional listeners for each quarter-bour!
- 4. AND WNEW has an average rating of 3.0 for its entire program schedule, from 9:00 a.m. to 9:00 p.m., seven days a week! Now remember! We didn't pull these figures out of a hat. Pulse, Inc. will back them up.

These BONUS LISTENERS are yours when you use WNEW. Their existence proves:

- (a) WNEW "delivers more for your advertising dollar", and . . .
- (b) WNEW programs inspire real listener interest, listener loyalty, and listener confidence. In short, WNEW programs are the kind that build sales!

# How do you do it?

Question asked continually by users is, "How do you do it?" . . . meaning, "How can Standard Rate & Data Service publish accurate listings of rates and data for over 6,000 publications, radio stations, and transportation advertising operators every month?"

Answer is good organization plus 25 years practice

#### Highlights of key operations are:

1. Monthly press run of forms is sufficient to provide proof sheets for all publications, radio stations, and transportation advertising media listed in the Service.

2. Proof sheets are mailed immediately with proof notices to each medium requesting that listing be examined

carefully and changes marked thereon if any

are necessary.

3. Proof sheets returned marked for changes go to composing room for

revision. Each month approximately one-half of all advertising media alter their listings . . . changes ranging from minor alterations to complete revision.

4. Revised listings are proofread to

insure that medium's instructions have been followed accurately. All proof sheets are filed as evidence of authenticated listing.

Ninety per cent of all proofs are returned each month. Assumption is that ten per cent not returned require no changes.

5. SRDS policy of placing all media

advertising near regular listings often necessitates re-making entire forms to create these "spotlight" positions.

O. Large number of operations involved requires strict adherence to closing dates.

lock-up and printing s c h edules for each section of the Service.

6. Important changes in listings occuring between issues go to composing room immediately on receipt for setting type . . . and to presses and

mailing department for printing and mailing Rate Bulletins as often as the volume of such listing changes warrants.

8. Users of the Service sometimes ask why certain listings do not include full information on rates and data. Answer to this and other questions regarding listings is that Standard Rate & Data Service reports only such data as media authorize . . . follows media instructions as closely as possible . . . assumes no responsibility beyond that of presentation of rate card data they provide each month for regular listing paragraphs.

# WHO IS AMERICA'S FAVORITE RADIO SINGER?

 Bob Hope calls him "Bub". Broadway calls him "The Groaner". Hollywood affectionately dubs him, "The Little Guy" and gives him an Oscar. But radio listeners call Bing Crosby, "Matchlessly The Best," as they demonstrated in the 1945 Syracuse Area Radio Leadership Study.\*

This may get us torn limb from limb by enraged bobby-sockers. But facts are facts and this impartial, authoritative, CPA-certified study shows that it's Bing over The Voice, 16 to 1!

Bing's popularity, year after year throughout America, is not due to ballyhoo or the pipe-dreams of publicity. He gives his audiences what they like: Talent, artistry, and honest performance.

Of course, Bing Crosby's great show is heard over the Syracuse Area's leading station, WSYR. So are the shows of six other stars voted in the first ten by this study which brought responses from one in every twentyeight radio homes in the area.

Seven out of the top ten singers on WSYR. Man, that's leadership!

And naturally WSYR, as a station, leads too. The study shows that at night, for example, WSYR leads the second station better than 2 to 1. The table below tells the full story of station leadership in this rich, Central New York market.

# Southern star salesman wants to sell for sponsor

OMINANT Charlotte is the homebase of Columbia's WBT-but its 50,000 watts flood almost 500,000 radio homes in 107 agricultural and industrial counties.

\*\*\*\*\*

This "South's Best Salesman" sells the prosperous Piedmont: North and South Carolina, Virginia, Kentucky, Tennessec, and Georgia. North Carolina alone is 3rd in crop receipts and 1st in textile production in the nation, but WBT, with one stroke, sells in six states—people with plenty to spend.

This Southern star salesman would like to work for you. He's available through us or Radio Sales.

#### ANNOUNCEMENTS

ALL AUDINCEMENTS
All announcements under Classes "A," "B," "C,"
"D," and "E," regardless of their length or cost, may be combined for weekly frequency discounts providing they are computed on the basis of days per week usage, and not times per week usage.
Starting time of announcements determines rate classification.

#### DISCOUNTS

Application of Discounts
Programs and announcements may not be combined for any discount purposes. However, except as noted under Weekly Frequency Discounts, all broadcasting under each section may be combined in computing discounts applicable to broadcasting under that section. Interputions necessitated by broadcasts of special events of importance will not affect discounte. All discounts apply to time charges only.
Discounts will be allowed currently on non-cancellable contracts. On other contracts discounte will be due and payable as earned.
Where more than one time classification is used, for programs first total up the gross one-day rates for the periods to be purchased and then deduct earned discounts, as follows:

(1) Deduct the applicable weekly frequency discount (10% from the gross for 6. 4 or 5 days per week; 20% from the gross for 6 or more days per weekl).

(2) Deduct the applicable weekly dollar volume discount if contract is for 13 weeks or longer.

(3) Deduct consecutive weeks discount if applicable.

Weekly Frequency Discounts

#### Weekly Frequency Discounts

Weekly Frequency Discounts

Weekly frequency discounts on mixed station time—When an advertiser contracts for station time under General Broadcasting Time Rates in more than one time classification or in units of unequal cost, the higher priced (on basis of one day gross rate) program periods earn frequency discounts for the lower priced periods but not vice versa.

Example 1: If an advertiser buys three Class "A" 15 minute periods on Monday, Wednesday and Friday and three Class "B" 15 minute periods on Tuesday, Thursday and Saturday, the rate is then the air day rate (20% discount from the gross) for the Class "B" periods and the three day rate (10% from the gross) on the Class "A" on the Class "B" on Tuesday, Thursday and Saturday and three 15 minute periods in Class "A" on Monday, Wednesday and Friday. The rate is then the six day rate for the Class "A" periods (20% from the gross), and the three day rate for the Class "B" periods (10% from the gross).

Weekly Dollar Volume Discount
Weekly dollar volume discounts not applicable on
schedules of less than 13 consecutive weeks of broadcasting. Advertisers using a schedule of 13 or more
consecutive weeks are entitled to dollar volume discount on all broadcasting at General Broadcasting
Time Rates or Announcements running concurrently.

# FROM WHEAT, B'GOSH

Red River Valley wheat, noted for its high gluten content, commands premium prices. This alone would be news in a less fertile section. Yet in the rich Fargo area wheat and all other grains account for only about 30% of the farm income, and all the rest comes from widely varied crops! And listen: Us hayseeds are just as diverse in our spending as we are in our farming! That's why this section looks so rosy to WDAY's varied advertisers. . . . Shall we send you a picture?

ADVERTISING MUST PACE PROGRESS

# "Indirect Selling"

## began like this-

"Why advertise something the consumer can't buy?" was asked in 1914 when The American Rolling Mill Co. began this famous campaign. Designed to convince consumers that products made of ARMCO Ingot Iron were of superior quality, the campaign helped to kill the even then dying principle of 'caveat emptor'', and placed on manufacturers the burden of supplying superior goods.

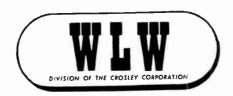

# In the DISTRIBUTION DECADE advertising must again stimulate desires for better goods

TO prevent economic depression, leading authorities agree that after Victory, we must consume, as a Nation, at least 40% more industrial production than in our greatest pre-war year. This means that we must establish higher living standards, and it will be Advertising's obligation to do this.

For production itself will be no problem. Manpower, money, materials and manufacturing facilities will be ample, DISTRIBUTION will be our "soft spot". That, too, presents an Advertising opportunity. Advertising must not only create desires for more and better merchandise, it must find ways to move merchandise quickly, economically, efficiently from factory to store to home.

In agencies everywhere, alert Advertising men are planning today to solve the problems of the Distribution Decade to come. Here at The Nation's Station we too are busy. When the time comes, we will have much of interest to show you about the great 4-State market that is WLW-land.

# The Story of Sayid, the Scent Merchant

In Bagdad-on-the-Cuyahoga, which is also called Cleveland, there lived one Sayid ibn-abu-Aziz. His shop was an odoriferous oasis, for he trafficked in musk and frankincense, in nard and myrrh and attar of roses. Truly, the treasures of his booth could make a she-camel smell like unto the delectable Houris of Paradise.

there came a day when light dawned, in person of Muhammed Ali, a rich merchant. "My sad Sayid." quoth Muhammed, "thou shouldst be in sooth a perfume pasha, yet thou starvest. Praise thy precious wares over that powerful station, WHK! Then thy shop shall be crowded with opulent ladies, or I am veritably a monkey's uncle." And thus it came to pass... and Sayid is in the shekels.... but plenty!

An ingenious fellow, this Sayid: ever inventing new scents to which he gave exotic names, such as "Depravity" and "Aphrodite Uninhibited." Yet, situated in The Street of the Pensive Pup—an alley off the main bazaar—none of the fashionable ladies patronized him. So he starved on crusts and the odor of spikenard until.

Cleveland merchants buy more time over WHK than over any other station.

# We Point

with Pardonable Pride

Considering that we set up shop in Cleveland only 18 months ago . . . we're mighty proud to tell the world that WJW has already become:

- ... A strong second in the afternoon field.
- ... Top station in Cleveland for morning programs.

Commitments made prior to biarch 1, 1944, will be completed at the rates called for by such commitments. But advertisers may sleet to substitute new contracts effective at any time after March 1, 1944, at these rates for the unexpired portion of such commitments. Otherwise, rates in effect immediately preceding March 1, 1944, will apply to extensions of said commitments for any period or periods up to and including February 28, 1945, for the same series continuously used. Rates effective March 1, 1944, are applicable to all new broadcast series ordered on and after March 1, 1944.

The rate of discount or the rebate to which an advertiser would otherwise be entitled will not be prejudiced if he is required by the station to relinquish the time or times specified in his contract and the contract is cancelled.

Rates for periods longer than one hour are in exact proportion to the corresponding one hour rate.

An expansion of the same series, or the substitution of a new series representing an increased weekly expenditure, shall be entitled to the rebates established by the original series. Otherwise each additional series shall establish separate rebate years. Interruptions of a series necessitated by the broadcasting of special events of importance will not affect the advertiser's right to the discount or rebates. Gross billing start deduction of percentage discounts, if any, shall be subject to advertising agency commission of 15%. From the rebate, if any, the station shall deduct the excess agency commission previously allowed.

# Audience Influence!

KGW is the FIRST station to broadcast news from a display window of Meier & Frank, Portland's largest retail store and one of the largest in the nation. In 1935 KGW was the FIRST radio station in Portland to install a teletype machine, bringing direct worldwide news coverage to its Pacific Northwest audience. Presenting news in a crowdcompelling way today, and establishing Portland's first radio news service was and is typical KGW foresight. For news the people of Portland stay tuned to KGW.

General Advertising
Commitments made prior to the effective date of card will be completed at the rates called for by such commitments, but advertisers may elect to substitute new contracts effective at any time after March 15, 1944, at card rates for the unexpired portion of such new contracts. In the absence of such elective date of rate card will apply to extensions of such new contracts. In the absence of such elective date of rate card will apply to extensions of said commitments for any period or periods up to and including March 14, 1945, for the same series continuously used. Eates on the card are applicable to all new broadcast series ordered on and after the effective date of the card.

The rate of discount or the rebate to which an advertiser would otherwise be entitled will not be prejudiced if he is required by the station to relinquish the time or times specified in his contract and the contract is cancelled for this reason.

For combination rates see listing of National Broadcasting Company (Basio Network).

The following rate include charges by owners of music copyrights.

Rates for periods longer than one hour are in exact proportion to the corresponding one hour rate.

## SO YOU'RE THINKING OF

If you want complete coverage of South Carolina, you'll have to use three South Carolina stations.

But if you want the greatest coverage obtainable with one station, it's WIS at Columbia.

The latest (1943) NBC Daytime Circulation Map credits WIS with Primary Circulation in 33 of South Carolina's 46 countiesplus Secondary Circulation in 8 more South Carolina counties, 18 Georgia counties and 3 North Carolina counties. In all, 41 of South Carolina's 46 counties exceed 25% regular listening to WIS, "The State's Most Powerful Voice."

This WIS daytime service area contains more radio homes than any Southern City-74% more than New Orleans, 185% more than Atlanta, 208% more than Birmingham.

The Columbia trading area covers 20 counties, the next largest being Greenville with 7 and Charleston with 6. (B.B.D. & O.)

WIS is 5000 watts, at 560 KC and NBC. There is no station of more than 250 watts within approximately 80 miles.

WIS is South Carolina's FIRST STATION - individually or on any list.

For combination rates see American Broadcasting Company, Inc. (Southeastern Group) and Keystone Network.

Rates apply as follows:

Company, Inc. (Southeastern Group) and Keystone Network.
Rates apply as follows:
The rate to which an advertiser is entitled is determined by the number of broadcasts made, or definitely ordered, within the calendar year, or within one year from the date of initial broadcast. The applicable rate for broadcasts subsequent to the one year period will be determined anew in the same manner. Failure to use the required number of broadcasts to earn the rate paid by the advertiser will incur a charge for the differential between the rate actually earned and the rate paid.
Announcements cannot be considered when determining the rate applicable to programs (5 minutee or longer), or vice versa. The one announcement rate applies to all announcements, but their scheduling is determined by their length or duration as follows:

35 words is the maximum length for chain break position, 100 words live, or 30 second transcribed, announcements may be scheduled adjoining a network program providing the other adjacency is of local origin.

One minute announcements are accepted only for placement in announcement periods or participation programs.

Any announcement in excess of one minute is charged for at the five minute rate.

These **Spartans** Wear Pants . . . .

> Way, way back in August, 480 B.C., a band of tough, hardy

soldiers from Sparta gave Xerxes and his Persians the battle of their lives at a pass around Mt. Oeta known as Thermopylae. The Spartans wore chitons under their armor.

22 centuries later, in January, 1781, a group of tough, hardy South Carolinians from the rich, rolling Piedmont tableland, beat the British at the battle of Cowpens. The Spartan Regiment, as they were called, wore a mixture of mufti and 18th century G.I.

Today, citizens of Spartanburg County are still called Spartans. These Spartans wear pants...with pockets that bulge with the fruitful rewards of affluent agriculture, cotton textiles, plastics, and wood industries. Spartans and their neighbors in the 16 county WSPA Primary Area have an effective buying income of over half a billion dollars\*!

But then, as we've been telling you, the 16 county WSPA Primary Area is "one of the best-balanced sections in the entire country"!

And WSPA swings the balance your way.

For combination rates see American Broadcasting
Company, Inc. (Southwestern Supplementaries), Mutual
Broadcasting System, Keystone Network and Texas
State Network.
The following rates are for national advertising, Rates
include fees charged by and/or Broadcast Music
Incorporated and/or Society of European Stage Authors and Composers. Rates apply to total number of
broadcasts within one year under the same (and/or
renewal) contracts.

For discounts to apply, contract must be completed within one year of starting date. If contract is cancelled before completion, short rate charges will be made at discount applicable for actual number of periods or announcements used. Contracts extended will earn retroactive rates only when service is continuous. Renewal contracts which are not continuous earn discounts on the face of the contract only. Programs and announcements are different types of programs and cannot be added together to earn higher discount rates.

## DISCOUNTS

DISCOUNT'S

Discounts allowed retroactively on number of broadcasts given within one year. Announcements and programs cannot be combined to earn larger discounts. All rates guaranteed for one year from date of first broadcast, with or without interruption.

Two or more program units of 15 minutes or more broadcast on the same day for the same sponsor within the same time bracket may be combined to earn the 1/2 hour, 3/4 hour or one hour rate, whichever applies. All programs so combined to earn a lower rate may be scheduled contiguously at the station's option on 28 days' notice.

# Local **Advertisers** Know

Utah's sheep, cattle and hogs brought \$54,531,000 of new wealth into this state last year, according to preliminary figures. That averages more than \$1,000,000 a week—and livestock is just one of Utah's basic industries, just one of the reasons why business is good here.

To reach Utah's radio homes — and that means 970 homes in every 1,000 —local and national advertisers know they can depend on KDYL, the station that brings results. For example: Salt Lake's

four largest department stores consistently use KDYL.

# What's a ISLA

Geographically, an island is: a body of land entirely surrounded by water. But in Radio, it might be a body of land so completely surrounded by natural obstacles that "outside" stations don't stand a chance.

That description fits the Inter Mountain Markets. The only way to get satisfactory sales results is to reach your prospects from within . . . with local stations.

Completely cover this radio island with ...

# WARTIME CULTIVATION for PEACETIME SALES

COVERAGE of stable markets for present and post war sales is a wise sales promotion investment.

The rich markets of Richmond and Virginia, covered by Station W R N L are stable markets.

The facts below are proof of results.

- 70.8% OF THE NATIONAL ADVER-TISERS ON THIS STATION ARE RE-NEWALS.
- 88% OF THE LOCAL ADVERTISERS ON THIS STATION ARE RENEWALS.

Advertisers don't renew contracts unless the medium they use pays off in results.

# "I AM CLOSING THE LAST SCENE OF MY LIFE

. . . . by fashioning and fostering an establishment for the instruction of those who come after us." Thus spoke Thomas Jefferson, father, founder, and architect of the University of Virginia . . . the famous Rotunda of which is illustrated.

He also endowed this beautiful temple of learning with the flame of "illimitable freedom of the human mind".... and it is interesting to note that for thirteen years after its inception WRVA broadcast regular educational programs from this famous old institution of learning.

# THEN FOR ANOTHER **BIG JOB!**

When the last bomb has fallen on Germany or Japan . . . when the last gun has been fired . . . what a problem of re-tooling and job-changing will face many a "boom" town!

Not for Roanoke! On V-Day Plus 1 our three big industries—railroading, rayon milling, steel production—will be functioning as smoothly for civilian goods as they now are for the war effort.

You should be known by these people of Southwest Virginia whose present prosperity will continue. Only one station, WDBJ, satisfactorily covers all their 118,921 daytime listening homes. A Class B quarter-hour, once, only \$30. Let us—or Free & Peters—tell you more!

# others have to say about us counts most!

"We have just completed a CHIMNEY SWEEP sales analysis of the territory covered by your Station WWVA and we are pleased at the substantial increase in sales that were effected since we went on the air over your station.

"This is very encouraging to us and we hope that next season we will be able to continue over Station WWVA either at the same time or with an improved position."

# **50,000 Watts** in Wisconsin?

There are no 50,000 watt stations in Wisconsin, the 12th largest market in the nation, but you can have "Better than 50,000 Watt Coverage" for less than half of what you would expect to pay for a 50,000 watt station. Rates on the Wisconsin Network are reasonable and service is "tops." Place your business in Wisconsin with the Wisconsin Network and get the bulk of the audience night and day. Let's get together to do that job in Wisconsin. A wire or phone call will bring you immediate availabilities at desirable times. If you want program ideas, we have them, too.

• Here is a market with a wholesome, healthy combination of rural and urban activity.

¶ Here is a stable, substantial market, well balanced industrially between mining (iron ore), shipping (iron and grain outgoing with coal incoming), and rich dairying territory (Minnesota and Wisconsin lead in the nation in butter, cheese and milk production).

¶ Here are 360,000 Radio Homes in a \$433,000,-000 Farm Market, and a \$459,000,000 Retail Market with a population total well over a million and a half.

¶ Here is a group of five dominant home stations, each with a loyal local following continually fostered by personalized programs promoting every town in each territory.

¶ And one advertising order blankets the area. Ask for the complete story with full and accurate data.

A job for seasoned executives—this 7th War Loan! Especially when we've got to make 2 war loans total just about as much as all 3 in 1944! Putting this over demands the combined and continued efforts of the "No. 1" men of American industry.

This means marshaling your plant drive to make every payday—from now 'til June 30th—do its share toward the success of the 7th. Directing the drive is not enough. It's equally important to check to see that your directions are being carried out—intelligently!

# For example, has every employee had:

- an opportunity to see the new Treasury film, "Mr. and Mrs. America"?
- 2 a copy of "How To Get There," the new Finance Division booklet?
- 3 a new bond-holding envelope with explanation of its convenience?
- 4 7th War Loan posters prominently displayed in his or her department?
- 5 information on the department quota—and an urgent personal solicitation to do his or her share?

Remember, meeting—and beating—your highest-yet 7th War Loan quota is a task calling for "No. I" executive ability. Your full cooperation is needed to make a fine showing in the 7th! Do not hesitate to ask your local War Finance Chairman for any desired aid. It will be gladly and promptly given.

The Treasury Department acknowledges with appreciation the publication of this message by

If you haven't a copy of this important booklet, "7th War Loan Compony Quotas," get in touch immediately with your local War Finance Chairmon. STANDARD RATE & DATA SERVICE

🗞 She's sweet as Judy Garland, gifted as Deanna Durbin

A child and a song! Magical combination for the sentimental Québecois. And José Forgues is one of "les nôtres"—"our own"...

No wonder this brilliant ingénue has tugged the French-Canadian heart-strings since her début over CKAC as the 5-year-old star-fifteen years ago!

French radio, like French Canada, is a world of its own. Because CKAC so faithfully interprets Quebec habits and tastes, it has been unusually successful in selling this vast \$600,000,000 market.

Over CKAC your message commands the tremendous family audience of French Quebec. Get the facts. Latest market facts, ratings, etc., gladly supplied.

# from Radio Representatives

"Adequate Buyer Coverage" is, of course, the ABC of good advertising requirements, but the successful advertising of radio time embodies much more.

In addition to reaching the market, the most productive promotion pushes the customer closer to the order at every possible influence-point . . creates, automatically and repeatedly, favorable impressions on large numbers of excellent time-buying prospects . . . brings in orders itself, and makes it easier for representatives to get more business.

Experience has convinced radio representatives that advertising in Standard Rate and Data Service performs this way, and much of the advertising you see in this section is placed on their recom-mendations. These representatives say that selling messages on these pages are the most effective, opportunity-grasping ways to persuade prime time prospects of the bigger values their stations offer . . . and that, next to personal calls, this advertising is the closest thing to orders that stations can use to promote time sales.

# If it's Spot RADIO

# These Stations in these Markets are your Best Dollar Values

# WMEX—Boston

The Hub's only full-time independent station—5000 watts.

# WGKV—Charleston—NBC

Carries all top-flight NBC programs, supplemented by selected Blue and Mutual features. Charleston's most popular station.

# KVOD—Denver—Blue

Blue's popular outlet in Denver—check our Hoopers—second largest coverage—best dollar value on cost, coverage and popularity.

# WLAV—Grand Rapids—Blue

WLAV does a job in Metropolitan Grand Rapids at lowest cost while western rural Michigan is best covered by Chicago stations. Please check Hooper Survey just completed.

# **KPAS—Los Angeles**

Our 10,000 watts directional north and south gives the third largest coverage of all stations in Southern California and our low rates give the lowest cost per 1000 potential radio homes.

# WBML—Macon—Blue

If you have a sales problem, please check WBML's popularity from current Hooper Surveys in comparision to cost.

# WNOE—New Orleans—Mutual

Covers 25% Louisiana's population—50% Louisiana's drug sales! Best dollar value for Metropolitan New Orleans.

# KNOE—Monroe—NBC

Bringing to Northeast Louisiana the splendid programs of NBC.

# KLX—Oakland

First in news, sports and special features with a consistently huge audience in Oakland Bay area.

# **KPAC—Port Arthur—Mutual**

Excellent coverage of important Port Arthur-Beaumont-Orange latest ration-book population figures of 1,157,000!

# KGHF—Pueblo—Blue

The only station in rapidly growing Pueblo, Colorado's second largest market.

# WSAY—Rochester— Mutual

Has best availabilities at low cost for this large three-station market. Now breaking ground for 1,000 watts power.

# WSYB-Rutland-Mutual

Covers Vermont's second largest market both retail and wholesale trading areas and has no competition.

# KROY—Sacramento—Columbia Basic

Sacramento's most popular station as evidenced by the fact that we carry over twice as many hours of network commercials per week as does our competition.

# KLO—Salt Lake City and Ogden—Mutual

Offers best coverage of Utah's two largest markets. Also key station of Intermountain Network.

# KFIO—Spokane—Mutual

Effectively reaches the Spokane market at the lowest cost per listener.

# KMO—Tacoma—Mutual

Most popular of the three Tacoma stations. Check Hooper. Also no Seattle radio campaign complete without the inclusion of KMO.

# KOME—Tulsa—Blue and Mutual

Best dollar value in Tulsa on basis of cost and popularity. Please check our recent Hooper.

# WBRY—Waterbury—Columbia

Very popular in this busy, prosperous, thickly-settled area.

# **KPQ**—Wenatchee—Blue

Fills the wide gap between Seattle and Spokane. Check the returns per 1,000 radio homes of Blue Network advertisers in the northwest as KPQ is usually lowest cost per 1,000 radio homes on the Blue Northwest Group.

# KIT—Yakima—Mutual

Blankets trading area of 153,000 in central Washington. Wire available from Tacoma and Seattle at no cost.

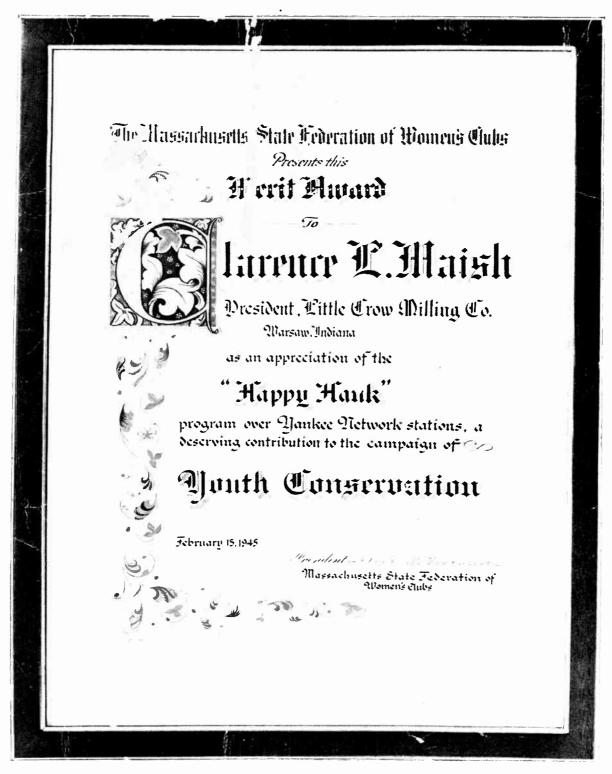

# **UTAH**—Intermountain Network Coverage

Keyed by KLO, Ogden-Salt Lake, Network includes KID, Idaho Falls, Idaho, KVNU, Logan, Utah, KEUB, Price, Utah, KOVO, Provo, Utah, and KVRS, Rock Springs, Wyoming. Six Mutual stations delivering an audience a half again os great as that of Salt Lake City, plus bonus coverage in the city itself. Covers major portion of Utah, Idaho and southwestern Wyoming.
