WBIR Wins Knoxville Vhf Year After Initial Decision

WBIR Knoxville, Tenn., favored for ch. 10 there year ago in initial decision by FCC Hear-
ing Examiner Herbert Sharfman [B&T, Jan. 17, 1955], last week received Commission approval of grant. FCC supported Mr. Sharfman’s find-
ings and denied competing applications of Scripps-Howard Radio Inc. (WNXO Knoxville) and Tennessee Television Inc. Comr. Lee con-
curred in result, Comr. Mack abstained.

The FCC found WBIR was equal or superior to Scripps-Howard in all areas except previous radio-television experience. Scripps-Howard’s single preference point however, lost significance in light of WBIR’s good record of past broadcast-
ing performance, FCC said.

Although Tennessee TV was found superior to WBIR with respect to local ownership, civic participation and diversification of communica-
tions media, Commission held that these ad-
vantages were not as recommendable as WBIR’s superiority in broadcast experience, program plans and integration of ownership with man-
gagement.

Tennessee TV has no radio, tv or newspaper interests. WBIR is 30% owned by Gilmore N. Nunn and 30% by Radio Cincinnati Inc., which is owned by the Taft family (Cincinnati Times Star). Besides interest in WBIR, Mr. Nunn has interest in WCMH-AM-FM Columbus, and WLP-AM-FM Lexington, Ky. Radio Cin-
cinnati is licensee of WKRC-AM-FM-TV Cin-
cinnati and owns WTVN-AM-TV Columbus, Ohio.

Scripps-Howard, in addition to ownership of WNOX, is licensee of WEWS (TV) Cleveland and WCP0-AM-FM-TV Cincinnati, and, through related groups, holds additional in-
terests in other radio and tv stations.

Veterans’ Elmira application contemplates power of 220 kw visual, 115 kw aural, with cost of station estimated at $247,749, first year operation $325,000, and revenue $400,000. Other interests seeking same channel are ch. 24 WTVE (TV) Elmira and Elmira Star-Gazette. WHIZ-TV Asks Extension On Allocations Comments

REQUEST that FCC extend to Feb. 19 dead-
line for reply comments in its allocations pro-
ceeding was filed Friday by WHIZ-TV Youngs-
town, Ohio. Petition declared comments were based on theoretical predictions for future solu-
tions, whereas what is needed is “solid and realistic” study of present pattern of tv.

Comments, petition pointed out, in most part assume basic assumptions of 1926 Sixth Report and Order. First things first, WHIZ-TV said: “Proposals based upon hypothetical additions of new vhf channels, reduced separations, pro-
tected contours and other theoretical futurities must await analysis of what’s wrong with the system right now.” WHIZ-TV said it was willing to make such analysis, but needed more time than Jan. 20 deadline would permit.

WHIZ-TV attorney is Robert F. Jones, former Congressman and FCC Commissioner, and in 1954 Republican counsel on television to Senate Commerce Committee. Original deadline for reply comments in allocations proceeding was Jan. 6, but FCC postponed effective date late last year.
