

This Wednesday at 6 p.m.
 The New Orleans radio station with
 32.2% of the audience
 will become

20 TIMES MORE POWERFUL

May 7, WTIK goes to 5,000 watts—and takes over the 690 spot on the dial. Result? Over 1,000,000 new listeners added. Now WTIK's 24-hour service extends over the entire Gulf area—from Texas to Florida. Now, more than ever, the New Orleans buy is WTIK—the station which even before the change had more audience than the next 3 stations combined. (Current Hooper.) See the Adam Young man, or WTIK General Manager Fred Berthelson.

The change-over story is being brought forcefully to New Orleans' attention by powerful promotion, including posters like this one at high-traffic Canal & Royal Streets.

WTIK

first . . . and getting first . . . and now 20 times more powerful . . . with

5,000 watts
